Dear Sir/ Madam,

This has reference to your fax message dated July 11, 2005 regarding newspaper reports on our divestment in Pathnet India Private Limited.

Please refer our letter dated August 31, 2004 addressed to Mr. Yogesh Bhambardekar wherein we have mentioned that Dr. Reddy s has expressed its intention to Gribbles Pathology (VIC) Pty. Ltd. to exit the joint venture as it does not fit with Company s strategic efforts.

The Company has now divested its 49% stake in Pathnet India Private Limited to Gribbles. We would like to mention here that sale of our stake in Pathnet India Private Limited will not have any material impact on Company s operations and performance.

We do not have comments on the future plans of Pathnet India Private Limited as mentioned in the newspaper reports.

With regards,

/s/ V. Viswanath

Dr. Reddy s launches a novel immune booster for children product launched in collaboration with Symbiotics of New Zealand

Hyderabad, India, July 14, 2005: Dr. Reddy s, in a strategic collaboration with Symbiotics of New Zealand, has launched New Life Colostrum. The product is available in a novel chewable form for the first time in India. Colostrum is a nutrient rich natural substance produced by all female mammals during the first 72 hours after giving birth and consists of immune factors, growth factors, proteins, vitamins and minerals thus helps in the development of immunity.

New Life Colostrum™ is the World No. 1 colostrum brand and is derived from bovine colostrum. It is developed through unique manufacturing techniques, which ensures the availability of adequate quantities of immunoglobulins, immune factors, growth factors, proteins & minerals.

Colostrum is widely studied to offer clinical advantages in the prevention and treatment of several Gastrointestinal infections of both bacterial and viral origin. New Life Colostrum™ prevents infections among children and is an useful supplement for children suffering from recurrent infections.

Dr. Reddy s has a strong presence in the pediatric segment with a diverse portfolio of products. New Life Colostrum™ launch follows other recent first-of-their-kind product launches in India by Dr. Reddy s for the pediatric segment. These include Rebalanz™, an oral rehydration solution for use by children suffering from non-cholera diarrhea, Redotil™ (Sachet), a novel anti-diarrheal agent used while treating acute watery diarrhea in children and Econorm™, a widely preferred yeast based preparation to prevent and control Antibiotics associated diarrhoea.

Notes To The Editor

1. New Life Colostrum™ is made from bovine colostrums and has the following advantages:
 - i) Bovine colostrums is richer than human colostrums in context of immunoglobulins and the growth factors.
 - ii) Cows produce large amount of colostrum (22-24 litres), which is more than enough to supply the human needs without depriving the newborn calves.
 - iii) Bovine colostrum contains 20-21 times more immune factors as compared to the human colostrum.
2. New Life Colostrum™ is certified by the Ministry of Agriculture and Forestry New Zealand to be free from BSE, Foot & mouth disease, BST, Pesticides & antibiotics.
3. New Life Colostrum™ has been certified by internationally recognized quality assurance standards, including ISO 9001 & ISO 14001.

Dr. Reddy s organizes an International Symposium on Gastro Intestinal Cancer

Hyderabad, India, July 15, 2005: In line with its commitment to create an interface between the International Oncology Opinion Leaders and their Indian counterparts, Dr. Reddy s is once again organising the Meet the Stars symposia for the second consecutive year. This series of symposia on Gastro Intestinal (GI) Cancer is being held in three cities (Chennai, Mumbai and Delhi) between July 15-17, 2005.

GI cancer is one of the most prevalent forms of cancer and is the second highest cause of mortality worldwide. Over 1,30,000 cases of GI Cancer are reported in India alone every year. Mr Satish Reddy, Managing Director and COO said, GI Cancer remains an undermet medical need, constantly abuzz with research and new protocols and hence these symposia assume special relevance.

This year, the Meet the Stars symposia will have Dr. Eric Van Cutsem, MD, PhD, from Belgium, a leading authority in the field of GI cancers and Chairman of World Congress on GI Cancers, as the keynote speaker, and Dr. Stanley Brienza, General Manager and Medical Director, Debio Clinic, Charenton, Le Pont, France as the co-speaker. Over 400 leading oncologists from across the country are expected to attend this meet. These symposia will also include special sessions for case studies and discussions by leading Indian oncologists.

**Dr. Reddy s records Q1 FY06 revenue growth of 9% to Rs. 5,587 million
Net income increases to Rs. 347 million from Rs. 173 million in Q1 FY05**

Hyderabad, India, July 26, 2005: Dr. Reddy s Laboratories Ltd. (NYSE: RDY) today announced its unaudited financial results for the first quarter ended June 30, 2005.

Key Highlights

- o Revenue growth of 9% to Rs 5.6 billion. Excluding DRF 4158 income in Q1 FY05, revenue growth in Q1 FY06 at 15%.
- o Net profit increases to Rs 347 million from Rs 173 million in Q1 FY05. This translates to a diluted EPS of Rs 4.53 as against Rs 2.27 in Q1 FY05.

Key Revenue Highlights

- o Growth in key products of omeprazole and amlodipine maleate drives Europe generics finished dosage revenue growth of 98%. Revenues in this segment increase to Rs 571 million from Rs 289 million in Q1 FY05.
- o Growth in all key markets drive 47% growth in international branded finished dosage segment. Revenues in Russia increase by 47% to Rs 754 million driven by an exceptional higher demand from wholesalers.
- o Revenues in India branded finished dosage segment increase by 19% to Rs 1,417 million. This growth was driven by higher demand from trade channels following lower off take in Q4 FY05 due to uncertainty over the implementation of value added tax system.
- o New product launches and volume growth in existing products drives APIs revenue growth in other international markets (excluding North America and Europe) by 51%.
- o Decline in revenues from fluoxetine and tizanidine due to intense competition from existing as well as new players in the market results in decrease of North America generics finished dosage revenues to Rs 307 million from Rs 521 million in Q1 FY05.
- o Revenues in the emerging Custom Pharmaceutical Services segment increase to Rs 67 million from Rs 10 million in Q1 FY05.

Key Profit Highlights

- o Gross margin % at 52% of total revenues as compared to 51% in Q1 FY05. Excluding income from DRF 4158, gross margin % increases by 330 basis points. This improvement was driven by higher contribution of branded finished dosage revenues to total revenues and better price realisation in Europe generics finished dosage segment.
- o During the quarter, the Company recognized an income of Rs 74 million under the R&D partnership deal with ICICI Venture as announced in March 2005.

- Selling, general and administrative expenses (SG&A) expenses increase by 19% to Rs 1,956 million on account of increase in marketing expenses primarily in branded finished dosage segment and manpower cost due to increase in manpower base.

Segment Analysis

Active Pharmaceutical Ingredients (APIs)

- o Revenues at Rs 1,910 million as against Rs 1,941 million in Q1 FY05.
- o Revenues outside India increase by 3% to Rs 1.3 billion. Contributes 70% to overall segment revenues as against 67% in Q1 FY05.
- o Revenues from international markets (excluding North America and Europe) increase by 51% to Rs 641 million. Contributes 34% to overall segment revenues as against 22% in Q1 FY05.
- o Europe revenues increase by 3% to Rs 362 million. New product sales help offset the decline in sales of Ramipril. Ramipril contributed Rs 146 million in revenues compared to Rs 263 million in Q1 FY05.
- o Revenues in India at Rs 571 million as against Rs 641 million in Q1 FY05. This decline was primarily on account of decline in sales of certain key products.
- o Revenues in North America at Rs 336 million as against Rs 520 million in Q1 FY05. This decline was on account of decline in sales of key products.
- o The Company filed 12 US DMFs during the quarter taking the total cumulative filings to 77.

Generics

- o Revenues in this segment at Rs 878 million as against Rs 812 million in Q1 FY05.
- o Europe contributed 65% to the total revenues and North America contributed the balance 35%.
- o Revenues in Europe increase by 98% to Rs 571 million as against Rs 289 million in Q1 FY05. This growth was driven by higher revenues from omeprazole and amlodipine maleate. Combined revenues from these products increase to Rs 421 million as against Rs 131 million in Q1 FY05. Higher price realisation due to supply shortages in the market led to higher sales of these products.
- o Revenues in North America at Rs 307 million as against Rs 521 million in Q1 FY05. This decline is on account of lower sales from fluoxetine and tizanidine. Combined revenues from fluoxetine and tizanidine declined to Rs 85 million from Rs 294 million in Q1 FY05. This was largely due to intense competition from existing as well as new players in the market. Revenues from new product launches in North America after Q1 FY05 contributed to Rs 31 million.
- o During the quarter, the Company filed 2 ANDAs. This takes the total ANDAs pending at the USFDA to 47.

Branded Formulations International

- o Revenues at Rs 1.2 billion, an increase of 47% over Q1 FY05. This increase was primarily driven by growth in all key markets.
- o Revenues in Russia increase by 47% to Rs 754 million as against Rs 511 million in Q1 FY05. This growth was driven by an exceptional higher demand from wholesalers.
- o Revenues in other CIS markets increase by 36% to Rs 206 million as against Rs 152 million in Q1 FY05. This growth was primarily driven by Ukraine and Belarus.
- o Revenues in Central Eastern Europe increase by 89% to Rs 55 million as against Rs 29 million in Q1 FY05. This growth was mainly on account of better performance of Romania and Albania.

- o Revenues in other international markets increase by 47% to Rs 147 million as against Rs 100 million in Q1 FY05. The growth was primarily driven by increase in sales from South Africa and Vietnam.

Branded Formulations India

- o Revenues at Rs 1.4 billion, an increase of 19% over Q1 FY05.
- o This growth was led by higher demand from trade channels following lower off take in Q4 FY05 due to uncertainty over the implementation of new value added tax system.
- o During the quarter, the Company launched seven new products contributing Rs 11 million in revenues.

Other Businesses

- o Revenues from custom pharmaceutical services segment increase to Rs 67 million from Rs 10 million in Q1 FY05. This growth was driven by contribution of new products during the quarter.
- o Revenues in the critical care & biotechnology segment increase by 20% to Rs 153 million. This increase was on account of growth in the critical care division by Rs 15 million and biotechnology division by Rs 11 million.

Table of Contents

Income Statement Highlights

- o Gross profit margins on total revenues at 52% as against 51% in Q1 FY05. Excluding income from DRF 4158 in Q1 FY05, gross margin % increased by 330 basis points. This improvement was driven by higher contribution of branded finished dosages sales to total revenues and better price realization in Europe generics finished dosages segment.
- o Investments in R&D decrease by 2% to Rs 515 million from Rs 525 million in Q1 FY05. As a % to total revenue, R&D spend was at 9% as against 10% in Q1 FY05. This includes reduction of Rs 74 million under the partnership deal with ICICI Venture. During the quarter, of the total reported R&D spend, the company invested Rs 281 million in drug discovery and specialty compared to Rs 296 million in Q1 FY05. Higher investments towards product development in specialty offset by lower clinical trials in drug discovery.
- o Selling, General & Administration (SG&A) expenses increase by 19% to Rs 1,956 million. As a % to revenues, SG&A expenses are at 35% as against 32% in Q1 FY05. This increase was primarily on account of increase in marketing expenses primarily in branded finished dosage segment and manpower cost due to increase in manpower base.
- o Other income (net) increase to Rs 148 million from Rs 62 million in Q1 FY05. This includes net interest income of Rs 153 million.
- o Depreciation for the quarter was at Rs 274 million as against Rs 207 million for Q1 FY05.
- o Net income at Rs 347 million (6% of total revenues) as against Rs 173 million (3% of total revenues) in Q1 FY05. This translates to a diluted EPS of Rs 4.53 as against Rs 2.27 in Q1 FY05.
- o During the quarter, the Company incurred capital expenditure of Rs 295 million.
