PROXY STATEMENT

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of The Brazil Fund, Inc., a Maryland corporation (the "Fund"), for use at a Special Meeting of Stockholders to be held at the offices of Deutsche Investment Management Americas Inc. ("DeIM" or the "Investment Manager"), part of Deutsche Asset Management, 345 Park Avenue (at 51st Street), New York, New York 10154, on Tuesday, December 13, 2005 at 10 a.m., Eastern time, and at any adjournments or postponements thereof (collectively, the "Meeting").

This Proxy Statement, the Notice of Special Meeting and the proxy card are first being mailed to stockholders on or about November 7, 2005, or as soon as practicable thereafter. Any stockholder giving a proxy has the power to revoke it prior to the time the proxy is exercised by attending the Meeting and casting his or her votes in person or by mail, by executing a superseding proxy or by submitting a notice of revocation to the Fund (addressed to the Secretary at the principal executive office of the Fund, 345 Park Avenue, New York, New York 10154). All properly executed proxies received in time for the Meeting will be voted as specified in the proxy or, if no specification is made, for the proposal to convert the Fund from a closed-end fund to an open-end fund (the "Open-Ending") and in the discretion of the proxy holders on any other matter that may properly come before the Meeting.

The presence at any stockholders' meeting, in person or by proxy, of stockholders entitled to cast a majority of the votes entitled to be cast at the Meeting shall be necessary and sufficient to constitute a quorum for the transaction of business. For purposes of determining the presence of a quorum for transacting business at the Meeting, abstentions and broker "non-votes" will be treated as shares that are present but which have not been voted. Broker non-votes are proxies received by the Fund from brokers or nominees when the broker or nominee has neither received instructions from the beneficial owner or

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

other persons entitled to vote nor has discretionary power to vote on a particular matter. Accordingly, stockholders are urged to forward their voting instructions promptly.

With respect to the conversion of the Fund to an open-end fund, abstentions and broker-non-votes will have the same effect as a vote not to convert the Fund to an open-end fund because conversion of the Fund to an open-end fund requires the affirmative vote of the holders of three-quarters of the outstanding shares of the common stock of the Fund. See "Proposal: Conversion From a Closed-End Fund to an Open-End Fund -- Required Vote."

Holders of record of the common stock of the Fund at the close of business on October 21, 2005 (the "Record Date") will be entitled to one vote per share on all business of the Meeting and any adjournments or postponements. There were 16,241,288 shares of common stock outstanding on the Record Date.

PROPOSAL: CONVERSION FROM A CLOSED-END FUND TO AN OPEN-END FUND

The Board of Directors believes that the Fund should be converted from a closed-end fund into an open-end fund, often referred to as a "mutual fund." The Open-Ending entails: (i) the amendment of the Fund's subclassification under the Investment Company Act of 1940, as amended (the "1940 Act") from that of a closed-end management investment company to that of an open-end management investment company; and (ii) the amendment and restatement of the Fund's Articles of Incorporation (the "Articles of Incorporation").

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL.

BACKGROUND OF THE PROPOSAL

The Fund was organized in 1987 as a closed-end investment company. The Fund was the first non-Brazilian fund to be authorized to invest in Brazilian securities.

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

At the time of the Fund's organization, Brazilian securities were generally thinly traded, relatively illiquid and subject to much greater volatility than most United States securities. At that time, the Brazilian securities markets were relatively small in comparison to the securities markets of more developed countries. The closed-end format was chosen as appropriate in light of these factors to enable the Fund to achieve its investment objective of seeking long-term capital appreciation from investment in Brazilian securities. The Fund's results during the subsequent 18 years have supported the conclusion that this decision was well founded.

In the Fund's early years, when there were few alternative means for foreigners to invest in the Brazilian markets, shares of the Fund at times traded at a premium over net asset value. However, as restrictions on foreign investment in Brazil have been relaxed and alternative vehicles for investment in Brazilian securities have become available, the Fund's shares, like those of most closed-end funds, have frequently traded at a discount from net asset value. The chart set forth below presents the average, high and low discount or premium of the Fund's shares for each year during the period from 1991 through September 30, 2005:

The Board for many years has sought to address the discount to NAV at which shares of the Fund have traded in ways consistent with the best interests of shareholders and applicable regulatory requirements. The Board has considered a wide variety of strategies to address the discount. Past actions taken by the Board have included a market share buy-back program, purchases of shares pursuant to the Fund's dividend reinvestment plan and efforts to increase publicity about the Fund.

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

In December 2004, the Fund's Investment Manager and the Board agreed to an approximate 0.40% reduction in the Fund's investment advisory fee, which reduced the Fund's operating expenses substantially and should have made the Fund's shares a more attractive investment option to investors seeking exposure to the Brazilian markets.

In December 2004, the Board of Directors also authorized a repurchase program in which the Fund would offer to repurchase up to 50% of its outstanding shares at a price equal to 98% of the NAV per share and conduct six subsequent semi-annual repurchase offers, each for 10% of the then outstanding shares at a price equal to 98% of NAV per share, if the shares traded at an average weekly discount from NAV greater than 5% during a measuring period. Payment for any shares repurchased pursuant to this repurchase program were to be made in-kind through a pro rata distribution of securities from the Fund's portfolio on the day after the date each offer expired. In July 2005, the Fund made an offer to repurchase up to 50% of its shares in exchange for portfolio securities of the Fund. The repurchase offer and repurchase program were terminated, however, when the Fund's Brazilian administrator raised questions as to whether the offer would subject the Fund to Brazilian capital gains taxation.

After termination of the in-kind repurchase offer, the Board met twice to consider structural and transactional alternatives for the Fund to address the discount, including repurchases of shares, merger of the Fund with another entity, or liquidation of the Fund. During its deliberations, the Board considered the likelihood of various options being successfully implemented, the expected time that would be required to implement them, the tax impact of these options on the Fund and its stockholders, and the amounts that might be expected to be realized by stockholders in the various transactions being considered. The Board also considered the expressed expectations of a number of large Fund stockholders that further significant action would be taken to reduce the discount in light of the termination of the in-kind repurchase offer.

At a meeting held on September 20, 2005, the Board of Directors of the Fund approved conversion of the Fund into an open-end fund as the most effective way of eliminating the discount and offering more liquidity to all shareholders with respect to their investment in the Fund.

The Board believes that recent developments have mitigated various concerns that previously led it to oppose open ending: (i) the growth of the Brazilian securities markets have resulted in increased liquidity and decreased volatility of Brazilian securities in recent years; (ii) a number of open-end "country" funds investing in stock markets outside the U.S. have been successfully established and managed; and (iii) direct investment in Brazilian securities is more readily available today to investors outside

Brazil through relaxation of Brazilian restrictions on foreign investment as well as broader information and listing and trading of Brazilian securities on U.S. exchanges, such as through American Depositary Receipts on the New York Stock Exchange.

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

For the reasons discussed above, the Board of Directors approved a proposal to convert the Fund into an open-end fund and recommends conversion to stockholders.

CHANGES IN FUND OPERATIONS AS A RESULT OF CONVERSION TO AN OPEN-END FUND

The Fund is currently registered as a "closed-end" investment company under the 1940 Act. Closed-end investment companies neither redeem their outstanding stock nor engage in the continuous sale of new securities, and thus operate with a relatively fixed capitalization. The stock of closed-end investment companies is normally bought and sold in securities markets; the Fund's shares are currently traded on the New York Stock Exchange. The Fund's shares would be de-listed upon the Open-Ending.

Some of the legal and practical differences between the Fund's present operation as a closed-end investment company and its operation as a mutual fund are as follows:

- RIGHT TO REDEEM. Open-end investment companies, commonly referred to as "mutual funds," issue redeemable securities. The holders of redeemable securities have the right to surrender those securities to the mutual fund and receive an amount equal to the net asset value of the shares (less any redemption fee and applicable sales charges). Many mutual funds also continuously issue new shares of stock to investors based on the net asset value of such shares next computed after receipt of a valid purchase order.

- ACQUISITION AND DISPOSITION OF SHARES; REDEMPTION FEE. Stockholders of closed-end funds pay brokerage commissions in connection with the purchase and sale of fund shares. If the Fund converts into a mutual fund, investors wishing to acquire shares of the Fund would be able to purchase them either through selected financial intermediaries or directly from Scudder Distributors, Inc., the Fund's proposed distributor (the "Distributor"). If the financial intermediary is a broker-dealer, the financial intermediary must have a signed dealer agreement with the Distributor. Such shares would be purchased at their net asset value, subject to any applicable fees or sales loads. Stockholders desiring to realize the value of their shares would be able to do so by presenting their shares for redemption at net asset value less any applicable redemption fee or sales charges.

The Fund will impose a redemption fee of 2% of the total redemption amount (calculated at net asset value) on all fund shares redeemed or exchanged within 30 days of buying them (either by purchase or exchange) and on shares held at the time of Open-Ending that are redeemed within six months after the date of Open-Ending. The redemption fee will be paid directly to the Fund, and is designed to encourage long-term investment and to offset transaction and other costs associated with short-term or excessive trading. For purposes of determining whether the redemption fee applies, shares held the longest time will be treated as being redeemed first and shares held the shortest time will be treated as being redeemed last. (Please refer to "Expenses; Potential Net Redemptions," and "Frequent Trading," below.)

- VOTING RIGHTS. If the conversion to open-end format takes place, stockholders will have less frequent opportunities to vote on particular issues because, under the law of Maryland (the state in which the Fund is incorporated), an open-end fund is not required to hold an annual stockholder meeting in any year in which the election of directors is not required to be acted on under the 1940 Act. Although the Fund's current By-Laws require the Fund to hold annual meetings, upon conversion the Fund's By-Laws will be amended (the "Amended By-Laws") to provide that the Fund will not be required to hold an annual meeting in any year in which the election of directors is not required to be acted upon under the 1940 Act. The Fund does not intend to hold annual meetings in any year in which it is not required to do so. By not holding annual stockholder meetings, the Fund would save the costs of preparing proxy materials and soliciting stockholders' votes on the usual proposals contained in the proxy statement.

Nevertheless, the Fund would be required to hold a meeting of stockholders when stockholder approvals are necessary under the 1940 Act or Maryland law. Under the 1940 Act, the Fund would be required to hold a stockholder meeting if the number of Directors elected by stockholders was less than a majority of the total number of Directors, if a change were sought in the fundamental investment policies of the Fund, in an investment advisory agreement, or in a distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act (if the change involved a material increase in Fund expenses). Under Maryland law and the Fund's Amended By-Laws (and subject to the conditions set forth in Maryland law and the Fund's Amended By-laws), a special meeting of stockholders must be called upon request of the stockholders only when requested in writing by stockholders entitled to cast not less than a majority of all the votes entitled to be cast at such special meeting.

Stockholders will continue to have one vote per share on each matter submitted to a vote of stockholders if the Open-Ending takes place. Under Maryland law and the Fund's Charter, as it will be amended and restated upon the Open-Ending (the "Amended Articles of Incorporation"), the Board will have the authority to increase or decrease the number of shares of any class or series the Fund is authorized to issue and to classify and reclassify unissued shares into existing or additional classes or series of stock in each case without the consent of stockholders. As discussed below, the Board has approved a "Multiple Distribution System" involving the issuance of multiple classes of shares bearing different expenses related to the distribution of shares of each class. The classes will have the same voting rights except that each class will vote separately as a class with respect to any distribution plan or other matters that affect the class differently.

- DETERMINATION OF NET ASSET VALUE. SEC regulations generally require open-end investment companies to value their assets on each business day in order to determine the current net asset value at which shares may be purchased or redeemed. The net asset values of most open-end investment

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

companies are

9

published daily by leading financial publications; the Fund will continue to publish its net asset value on a daily basis at www.thebrazilfund.com.

- EXPENSES; POTENTIAL NET REDEMPTIONS. The Fund's expenses will likely increase as a result of open-ending, either as a result of the cost of additional stockholder services available to stockholders of a mutual fund or otherwise. The Open-Ending is expected to result in immediate, substantial redemptions and, consequently, a marked reduction in the size of the Fund. In addition, the Fund might be required to sell portfolio securities in order to meet net redemptions, thereby resulting in realization of gains that would normally be distributed to all stockholders and would thus be taxable to them. An asset base of decreased size is likely to result in an increased expense ratio. Significant net redemptions could also render the Fund an uneconomical venture by virtue of its diminished size. These results may eventually be mitigated by new sales of shares and the reinvestment of dividends and capital gain distributions in shares of the Fund, but there can be no assurance that new sales of shares will replace Fund assets paid in redemption of shares. In an effort to mitigate these potential additional costs, the Fund will impose a 2% redemption fee for the first six months after the Open-Ending, which may (i) reduce the impact of initial redemptions upon the Fund and (ii) reduce the direct and indirect costs, such as brokerage costs, attributable to liquidation of portfolio investments (and the potential related restructuring of the portfolio), as well as other possible expenses associated with such redemptions.

The following table compares the fees and expenses of the Fund for the fiscal year ended June 30, 2005 to the estimated pro forma fees and expenses of the Fund following the Open-Ending. The post-conversion expenses in Columns 3 and 5 are based on the assumption that the Fund's assets would decrease by 50% following the conversion. This assumption is an estimate. The actual decrease (or increase) may be significantly more or less than 50%.

****Applies to shares owned less than 30 days.

(1) During the previous fiscal year, the Board negotiated a reduction in the management fee. The pre-conversion management fee reflects a blend of the prior management fee schedule and the new fee schedule effective December 1, 2004, which effected a 0.40% reduction in the fee. The post-conversion management fees reflect only the reduced fee schedule. Based on breakpoints in the management fee, a reduction in assets results in a higher percentage management fee.

(2) Pro Forma Other Expenses include the one-time estimated costs of \$500,000 for Open-Ending the Fund.

Example:

The following table illustrates the expenses on a hypothetical \$10,000 investment in the Fund before the Open-Ending and the estimated expenses after the Open-Ending, calculated at the rates shown in the table above, assuming a 5% annual return and an estimated \$500,000 one-time Open-Ending cost. The example also assumes that the Fund's operating expenses remain the same and reflects a 5.75% load on the Class A shares.

- ELIMINATION OF DISCOUNT. The fact that stockholders who wish to realize the net asset value of their Fund shares will be able to do so by presenting their shares for redemption will eliminate any market discount from net asset value. If the Open-Ending is approved by stockholders, the discount may narrow prior to the date of the Open-Ending to the extent purchasers of shares in the open market are willing to accept less of a discount in anticipation of the prospective open-ending.
- DIVIDEND REINVESTMENT. The Fund intends to continue to provide the opportunity for stockholders to receive dividends and capital gains distributions in cash or, at no charge to stockholders, in shares of the Fund. If the Open-Ending occurs, such reinvestments in shares would be made at net asset value. The reinvestment will not affect the federal income tax treatment of the dividends and distributions from the Fund. At the time of the Open-Ending, the current dividend reinvestment plan and privilege will terminate. All stockholders will have their dividends and distributions automatically reinvested unless they request that they receive cash. Stockholders receiving dividends and distributions through retirement plans will have such dividends and distributions reinvested.
- PORTFOLIO MANAGEMENT. Unlike open-end funds, closed-end funds are not subject to pressures to sell portfolio securities at disadvantageous times in order to meet stockholder redemption requests. Most open-end investment companies maintain adequate reserves of cash or cash equivalents in order to meet net redemptions as they arise. Because closed-end investment

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

companies do not have to meet redemption requests, their cash reserves can be substantial or minimal, depending primarily on management's perception of market conditions and on decisions to use fund assets to repurchase shares. The larger reserves of cash or cash equivalents required to operate prudently as an open-end fund when net redemptions are anticipated could reduce the Fund's investment flexibility and the scope of its investment opportunities, and could detract from Fund performance. The Fund may have to sell portfolio securities in order to accommodate the need for larger reserves of cash or cash equivalents, resulting in an increase in transaction costs and portfolio turnover.

- ILLIQUID SECURITIES. An open-end investment company is subject to the SEC requirement that no more than 15% of its net assets may be invested in securities that are not readily marketable.

11

- SENIOR SECURITIES AND BORROWINGS. The 1940 Act prohibits open-end funds from issuing "senior securities" representing indebtedness (that is, bonds, debentures, notes and other similar securities), other than indebtedness to banks where there is an asset coverage of at least 300% for all borrowings. Closed-end investment companies, on the other hand, are permitted to issue senior securities representing indebtedness to any lender if the 300% asset coverage is met. In addition, closed-end investment companies may issue preferred stock, whereas open-end investment companies may not issue preferred stock. This greater ability to issue senior securities may give closed-end investment companies more flexibility than open-end investment companies in "leveraging" their investments. The Fund currently has no indebtedness to banks, and has no authorized class of senior securities or any plan for issuing any such securities.
- STOCKHOLDER SERVICES. If the Open-Ending is approved, various services will be made available to stockholders. These may include the use of the Fund for retirement plans, participation in an automatic investment plan and the privilege to effect redemption and additional purchase transactions by telephone. The cost of these services will normally be borne by the Fund rather than by particular stockholders.

Currently, the Fund has engaged Scudder Investments Service Company ("SISC"), an affiliate of the Investment Manager, as the transfer, dividend-paying and shareholder service agent for the Fund. Pursuant to a sub-transfer agency agreement between SISC and DST Systems, Inc. ("DST"), SISC has delegated certain transfer agent and dividend paying agent functions to DST. Additional, Scudder Service Corporation ("SSC"), a subsidiary of the Manager, is the shareholder service communications agent of the Fund. Upon Open-ending, these services agreements will be amended to include the expanded services described above.

BROKERAGE COMMISSIONS ON PURCHASE AND SALE OF THE FUND'S SHARES.
Stockholders presently pay brokerage commissions in connection with the

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

into or out of a fund in an effort to anticipate or time market movements. Due to the frequent and disruptive nature of this activity, it can adversely impact the ability of the Fund's investment adviser to invest assets, in an orderly, long term manner, which in turn, may adversely impact the performance of the Fund. If the conversion occurs, the Fund will implement policies including: a 2% redemption fee on Fund shares held for less than 30 days (subject to certain exceptions); the reservation of the Fund's right to reject or cancel a purchase or exchange order for any reason when, in the opinion of the Investment Manager, there appears to be a pattern of short-term or excessive trading activity by a shareholder or any other trading activity deemed harmful to long-term shareholders or disruptive to portfolio management; and certain fair valuation practices reasonably designed to protect the Fund from "time zone arbitrage" with respect to its foreign securities holdings and other trading practices that seek to exploit variations in portfolio valuation that arise from the nature of the securities held by the Fund. There is no assurance that these policies and procedures will be effective in limiting short-term and excessive trading in all cases. For example, the Investment Manager may not be able to effectively monitor, detect or limit short-term or excessive trading by underlying shareholders that occurs through omnibus accounts maintained by broker-dealers or other financial intermediaries. Depending on the amount of Fund shares held in such omnibus accounts (which may represent most of the Fund's shares) short-term and/or excessive trading of fund shares could adversely affect long-term shareholders in the Fund. It is important to note that shareholders that invest through omnibus accounts also may be subject to the policies and procedures of their financial intermediaries with respect to short-term and excessive trading in the Fund. The Fund's policies and procedures may be modified or terminated at any time.

13

- QUALIFICATION AS A REGULATED INVESTMENT COMPANY. The Fund intends to continue to qualify for treatment as a regulated investment company under the Internal Revenue Code after the conversion. Such qualification will allow the Fund to continue to be relieved of federal income tax on that part of its investment company taxable income and net capital gain that are distributed to its stockholders.

- TAXES/CAPITAL GAINS. If the Fund were to experience substantial redemptions of its shares following the Open-Ending, it would likely be required to sell portfolio securities. If the Fund's basis in the portfolio securities sold is less than the sale price obtained, net capital gain will be realized. U.S. tax law imposes both an income tax and an excise tax on net capital gain realized by closed-end and open-end funds that do not distribute their net capital gain to shareholders. Fund shareholders are subject to tax on such distributions. As of October 10, 2005, the Fund had \$585,953,665 in unrealized capital gains. As an alternative to actually distributing all the realized net long term gains to shareholders, the Internal Revenue Code permits the Fund to: (1) retain all or part of the net long term capital gains; (2) pay federal income tax on such retained amount; and (3) make a federal income tax election to deem the retained amount (including U.S. tax paid by the Fund) to have been distributed to shareholders and recontributed (net of the tax amount)

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

to the Fund. Such an election would mitigate the negative cash impact the Fund would experience in connection with the additional distribution requirements caused by substantial redemptions following the Open-Ending. Shareholders would be required to include the "deemed" distribution in income, but (i) could credit their share of the taxes paid by the Fund against their own tax liability (and, if their share of the taxes paid by the Fund exceed their own U.S. federal tax liability, claim a refund of the excess amount from the U.S. Treasury), and (ii) would increase their basis in their Fund shares by the net amount deemed distributed (i.e., the gross retained amount, less the taxes paid by the Fund). The Fund does not have any way of accurately predicting the precise level of shareholder redemption activity, if any, and the resulting tax consequences, should the Fund Open-End.

- BRAZILIAN TAX ASPECTS. If the Fund were to experience substantial redemptions of its shares following the Open-Ending, it would likely be required to sell

14

shares of Brazilian publicly-traded companies and fixed rate investments. Sales of shares of Brazilian publicly-traded companies carried out on the Brazilian stock exchange are generally exempt from taxes such as income tax and the Provisional Contribution on Financial Transactions under current law and regulations. Sales of fixed rate investments, which currently constitute none of the Fund's assets, will be subject to various Brazilian taxes. In addition, certain transactions, including sales of some portfolio securities and the repatriation of the proceeds from the sales of funds to enable the Fund to redeem its shares, may be subject to Provisional Contribution on Financial Transactions ("CPMF") at a 0.38% rate.

- OPERATION AS AN OPEN-END FUND IN BRAZIL. The Open-Ending is contingent upon obtaining certain relief from Brazilian regulatory authorities. The Fund is currently registered under Brazil's Annex III Regulations to Resolution No. 1289/87 ("Annex III"), which subject it to certain restrictions. Brazilian Securities Commission ("CVM") Instruction No. 67/87 and Deliberation No. 51/87 provide that the Fund must be capitalized with proceeds resulting from public offerings of shares, that the Fund's shares must be traded on a stock exchange, and that all issuances of new shares by the Fund must be previously approved by the CVM. The Fund will require relief from these regulations in order to complete the Open-Ending.

The Fund is pursuing relief on two fronts, either of which will permit the Open-Ending. To enable the Fund to operate as an open-end fund under Brazilian regulations, the Fund is currently: (i) petitioning the CVM to modify its Annex III rulings regarding capitalization through public offerings, mandatory trading of shares on a stock exchange and the pre-approval of the issuances of new shares; and (ii) seeking approvals from Brazil's National Monetary Council and the Federal Revenue Office to convert the Fund from an Annex III vehicle to a 2,689 Investor, an entity not subject to the Annex III restrictions. Either the amending of the Annex III restrictions or the conversion of the Fund to a 2,689 Investor will allow the Fund to complete the Open-Ending. The Fund's Brazilian counsel believes the modifications of CVM Annex III rulings referred to in item (i) may reasonably be expected to be received within two (2) months of the date of this Proxy Statement, and the approvals from Brazil's

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

National Monetary Council and the Federal Revenue Office may reasonably be expected to be received within eight (8) months of the date of this Proxy Statement, although there can be no assurance that the requisite approvals will be obtained in a timely manner or at all.

- STOCK CERTIFICATES. If the Open-Ending occurs, new share certificates will not be issued. Share certificates now in a shareholder's possession as of the Open-Ending may be sent to the Fund's transfer agent for cancellation and book-entry credit to such shareholder's account. Certain telephone and other procedures will require book-entry holdings. Shareholders with outstanding certificates will bear the risk of loss. If the Open-Ending

15

is approved, stockholders will receive a letter with instructions for delivering their certificates to the transfer agent.

CONVERTING THE FUND TO AN OPEN-END INVESTMENT COMPANY

If the Proposal is approved, the Board will cause the Fund to take such actions as are necessary to effect the conversion of the Fund to open-end status. The conversion of the Fund to an open-end investment company will be accomplished by: (i) amending the Fund's Articles of Incorporation to authorize the issuance of redeemable securities at net asset value (as defined), to provide that the Fund's outstanding common stock will be redeemable, to permit the classification and reclassification of authorized shares of the Fund; and (ii) changing the Fund's subclassification under the 1940 Act from a closed-end investment company to an open-end investment company. The Amended Articles of Incorporation, a copy of which is attached as Exhibit A, will be effective upon the filing thereof in Maryland. However, such filing will not be made until a registration statement under the Securities Act of 1933, as amended (the "1933 Act"), covering the offering of the shares of the Fund, has become effective, which is expected to occur as soon as practicable after receiving Brazilian regulatory approvals. In connection with the Open-Ending and the amendments to the Fund's Articles of Incorporation, the Board of Directors will make necessary conforming changes to the By-Laws of the Fund, a copy of which is attached as Exhibit B.

Although management will use all practicable measures to keep costs at a minimum, there have been and will continue to be substantial costs (many of them non-recurring) in connection with the proposal to change from a closed-end to an open-end investment company, including the preparation of this proxy statement, the seeking of necessary regulatory approvals, the preparation of a registration statement and prospectus (including printing and mailing) as required by the 1933 Act and the payment of necessary filing fees. The Fund currently estimates that these costs, which would be paid by the Fund, will range from \$475,000 to \$525,000 or approximately three cents per share.

Neither the Fund nor its stockholders should realize any gain or loss for federal income tax purposes upon the Open-Ending and the Open-Ending should not affect a

16

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

stockholder's holding period or adjusted tax bases in the stockholder's shares of the Fund. A stockholder who redeems shares of the Fund after the Open-Ending would recognize a gain or loss to the extent that the redemption proceeds are greater or less than the stockholder's adjusted tax basis in the shares redeemed. In addition, if the Fund were to experience substantial redemptions of its shares following the Open-Ending, it would likely be required to sell portfolio securities, which could generate substantial capital net gain to the Fund which would increase the amount that the Fund would be required to distribute to shareholders to avoid the imposition of income and excise taxes on the Fund.

VOTING REQUIREMENT

The Fund's Articles of Incorporation require the affirmative vote of the holders of three-quarters of the outstanding shares of common stock of the Fund for the adoption of the Proposal to convert the Fund from a closed-end investment company to an open-end investment company.

If shareholders do not approve the Open-Ending, the Fund will remain a closed-end investment company listed on the New York Stock Exchange.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ADOPTION OF THE PROPOSAL PROVIDING FOR THE CONVERSION OF THE FUND TO AN OPEN-END INVESTMENT COMPANY.

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

including dividends designated in whole or in part as capital gains distributions, amounts sufficient, in the opinion of the Board of Directors, to enable the corporation or the class or series to qualify as a regulated investment company under the Internal Revenue Code of 1986, as amended, or any successor or comparable statute thereto, and regulations promulgated thereunder, and to reduce or eliminate liability of the Corporation or the class or series for taxes, including federal income and excise taxes, but nothing in the foregoing shall limit the authority of the Board of Directors to make distributions greater than or less than the amount necessary to qualify as a regulated investment company or to reduce or eliminate liability of the Corporation or the class or series for any such taxes.

Any such excess amounts will be distributed to each stockholder of the applicable class or series in proportion to the number of outstanding shares of that class or series held by that stockholder and recorded on the books of the Corporation. Subject to the requirements of applicable law, dissolution of a class or series may be accomplished by

distribution of assets to stockholders of that class or series of the Corporation, by the exchange of shares of that class or series for shares of another class or series of the Corporation, or in any other legal manner.

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

(G) Voting Rights. On each matter submitted to a vote of stockholders, each holder of a share of capital stock of the Corporation shall be entitled to one vote for each full share, and a fractional vote for each fractional share of stock standing in such holder's name on the books of the Corporation, irrespective of the class or series thereof, and all shares of all classes and series shall vote together in a single class, provided that (a) when the Maryland General Corporation Law or the Investment Company Act of 1940 requires that a class or series vote separately with respect to a given matter, the separate voting requirements of the applicable law shall govern with respect to the affected classes or series and other classes or series shall vote as a single class and (b) unless otherwise required by those laws, no class or series shall vote on any matter which does not affect the interest of that class or series.

(H) Quorum. The presence in person or by proxy of the holders of a majority of the shares of stock of the Corporation entitled to vote thereat, without regard to class, shall constitute a quorum at any meeting of the stockholders, except with respect to any matter which, under applicable statutes or regulatory requirements, required approval by a separate vote of one or more classes of stock, in which case the presence in person or by proxy of the holders of one-third of the shares of stock of each class required to vote as a class on the matter shall constitute a quorum. If at any meeting of the stockholders there shall be less than a quorum present, the stockholders present at such meeting may, without further notice, adjourn the same from time to time until a quorum shall be present.

(v) Class A Common Stock.

(A) [] shares of the authorized capital stock of the Corporation are designated as "Class A Common Stock."

(B) The [] shares of capital stock of the Corporation designated as the "Class A" shares shall be redeemable at a price equal to ninety-eight percent (98%) of net asset value per share if such shares have been issued and outstanding on the books of the Corporation for less than thirty (30) days subject to such exception as the Board of Directors may fix by resolution. The foregoing condition of redemption may

(B) The [] shares of capital stock of the Corporation designated as the "Class S" shares shall be redeemable at a price equal to ninety-eight percent (98%) of net asset value per share if such shares have (i) been issued and outstanding on the books of the Corporation for less than thirty (30) days or (ii) been obtained either by purchase or by exchange within six months from [], subject to such exceptions as the Board of Directors may fix by resolution. of Article II hereof (depending on whether the meeting is an annual meeting or special meeting), regardless of any postponement, deferral, or adjournment of that meeting to a later date (provided, however, that if less than 100 days' notice or prior public disclosure of the date of the scheduled meeting is given or made, notice by the stockholder to be timely must be so delivered or received not later than the close of business on the 10th day following the earlier of the day on which such notice of the date of the scheduled meeting was given or the day on which such public disclosure was made). Such stockholder's notice shall set forth (1) as to each person whom the stockholder proposes to nominate for election or re-election as a director (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of the Corporation's stock which are beneficially owned (as defined in Rule 13d-3 under the 1934 Act) by such person on the date of such stockholder's notice, (iv) such person's written consent to being nominated and, if elected, to serving as a director, and (v) any other information relating to such person that is required to be disclosed in solicitations of proxies with respect to nominees for election as directors, or is otherwise required, in such case pursuant to Regulation 14A under the 1934 Act and (2) as to the stockholder giving the

At the request of the Board of Directors, any person nominated by or at the recommendation of the Board of Directors for election as a director shall promptly furnish to the Secretary of the Corporation the information required to be set forth in a stockholder's notice of nomination which pertains to the nominee.

The presiding officer of the meeting shall determine and declare at the meeting whether the nomination was made in accordance with the terms of this Section. If the presiding officer determines that the nomination was made in accordance with the terms of this Section, he shall so declare at the meeting. If the presiding officer determines that a nomination was not made in accordance with the terms of this Section, he shall so declare at the meeting and the defective nomination shall be disregarded.

Ballots bearing the names of all the persons who have been nominated for election as directors at a meeting in accordance with the procedures set forth in this Section shall be provided for use at the meeting.

Notwithstanding the foregoing provisions of this Section, a stockholder shall also comply with all applicable requirements of the 1934 Act and the rules and regulation thereunder with respect to the matters set forth in this Section.

Section 2.12. Organization and Conduct. Every meeting of stockholders shall be conducted by the Chairman of the Board or, in the case of a vacancy in the office or absence of the Chairman of the Board, by one of the following officers present at the meeting: the Vice Chairman of the Board, the President and Chief Executive Officer, the Vice Presidents in their order of rank and seniority, or, in the absence of any such officer, a chairman chosen by the stockholders by the vote of a majority of the votes cast by stockholders present in person or by proxy. The Secretary, or, in the Secretary's absence, an Assistant Secretary, or in the absence of both the Secretary and Assistant Secretaries, a person appointed by the Board of Directors or, in the absence of such appointment, a

In the event that the Secretary presides at a meeting of the stockholders, an Assistant Secretary, or in the absence of assistant secretaries, an individual appointed by the Board of Directors or the Chairman of the meeting, shall record the minutes of the meeting. The order of business and all other matters of procedure at any meeting of stockholders shall be determined by the Chairman of the meeting. The Chairman of the meeting may prescribe such rules, regulations and procedures and take such action as, in the discretion of such Chairman, are appropriate for the proper conduct of the meeting, including, without limitation, (a) restricting admission to the time set for the commencement of the meeting; (b) limiting attendance at the meeting to stockholders of record of the Corporation, their duly authorized proxies and other such individuals as the

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

chairman of the meeting may determine; (c) limiting participation at the meeting on any matter to stockholders of record of the Corporation entitled to vote on such matter, their duly authorized proxies and other such individuals as the chairman of the meeting may determine; (d) limiting the time allotted to questions or comments by participants; (e) determining when the polls should be opened and closed; (f) maintaining order and security at the meeting; (g) removing any stockholder or any other individual who refuses to comply with meeting procedures, rules or guidelines as set forth by the chairman of the meeting; and (h) concluding a meeting or recessing or adjourning the meeting to a later date and time and at a place announced at the meeting. Unless otherwise determined by the Chairman of the meeting, meetings of stockholders shall not be required to be held in accordance with the rules of parliamentary procedure.

BOARD OF DIRECTORS

Section 3.1. Powers. The property, affairs, and business of the Corporation shall be managed by the Board of Directors, which may exercise all the powers of the Corporation except those powers vested solely in the stockholders of the Corporation by statute, by the Articles of Incorporation, or by these By-Laws. [MGCL Section 2-401].

Section 3.2. Power to Issue and Sell Stock. As provided in the Corporation's Charter, the Board of Directors may from time to time authorize by resolution the issuance and sale of any of the Corporation's authorized shares to such persons as the Board of Directors shall deem advisable and such resolution shall fix the consideration or minimum consideration for which such shares are to be issued, or a formula or method pursuant to which such consideration is to be fixed and determined, and shall include a fair description of any consideration other than money and a statement of the actual value of such consideration as then determined by the Board of Directors or a statement that such consideration is or will be not less than a stated sum. [MGCL Sections 2-201, 2-203]

Section 3.3. Power to Declare Dividends.

(a) As provided in the Corporation's Chart, the Board of Directors, from time to time as they may deem advisable to the extent permitted by applicable law, may declare and pay dividends in cash or other property of the Corporation, out of any source available for dividends, to the stockholders according to their respective rights and interests. [MGCL Section 2-309]

39

(b) The Board of Directors shall cause to be accompanied by a written statement any dividend payment wholly or partly from any source other

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

than

(i) the Corporation's accumulated undistributed net income (determined in accordance with good accounting practice and the rules and regulations of the Securities and Exchange Commission then in effect) and not including profits or losses realized upon the sale of securities or other properties; or

(ii) the Corporation's net income so determined for the current or preceding fiscal year. [MGCL Section 2-309; ICA Section 19(a)]

Such statement shall adequately disclose the source or sources of such payment and the basis of calculation, and shall be in such form as the Securities and Exchange Commission may prescribe.

(c) Notwithstanding the above provisions of this Section 3.3, the Board of Directors may at any time declare and distribute pro rata among the stockholders a stock dividend out of the Corporation's authorized but unissued shares of stock to the extent permitted by applicable law, including any shares previously purchased by the Corporation, provided that such dividend shall not be distributed in shares of any class with respect to any shares of a different class. [MGCL Section 2-309(e)]

Section 3.4. Number. The number of Directors may be changed from time to time by resolution of the Board of Directors adopted by a majority of the Directors then in office; provided, however, that the number of Directors shall in no event be fewer than three nor more than eleven and that at least 40% of the entire Board of Directors shall be persons who are not interested persons of the Corporation as defined in the Investment Company Act of 1940. [MGCL Section 2-402, ICA Section 10(a)]

Section 3.5. Election and Term of Directors. Directors shall be elected at the annual meeting of stockholders or a special meeting held for that purpose; provided, however, that if no annual meeting of the stockholders of the Corporation is required to be held in a particular year pursuant to Section 1 of Article II of these By-laws, Directors shall be elected at the next annual meeting held. The term of office of each Director shall be from the time of his election and qualification until his successor shall have been elected and shall have been qualified, or until his death, or until he shall have resigned or have been removed as provided in these By-laws, or as otherwise provided by statute or the Corporation's Charter. [MGCL Section 2-404]

Section 3.6. Vacancies and Newly Created Directorships. If any vacancies shall occur in the Board of Directors by reason of death, resignation, or removal, or if the authorized number of Directors shall be increased, the Directors then in office shall continue to act, and such vacancies may be filled only by the affirmative vote of a majority of directors then in office, even if less than a quorum, and any director elected to fill a vacancy shall hold office for the

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

remainder of the full term of the class of directors in which the vacancy occurred and until a successor is elected and qualifies; provided, however, that immediately after filling such vacancy, at least two-thirds (2/3) of the Directors then holding office shall have been elected to such office by the stockholders of the Corporation. In the event that at any time, other than the time preceding the first annual

40

stockholders' meeting, less than a majority of the Directors of the Corporation holding office at that time were elected by the stockholders, a meeting of the stockholders shall be held promptly and in any event within 60 days for the purpose of electing Directors to fill any existing vacancies in the Board of Directors unless the Securities and Exchange Commission shall by order extend such period. [MGCL Section 2-407; ICA Section 16]

Section 3.7. Removal. At any meeting of stockholders duly called and at which a quorum is present, the stockholders may, by the affirmative vote of the holders of 75% of the votes entitled to be cast for the election of directors, remove any director or directors from office, with or without cause, and may elect a successor or successors to fill any resulting vacancies for the unexpired terms of the removed directors. [MGCL Section 2-406]

Section 3.8. Annual and Regular Meetings. The annual meeting of the Board of Directors for choosing officers and transacting other proper business shall be held immediately after the annual stockholders' meeting at the place of such meeting, or such other time and place as the Board may determine. The Board of Directors from time to time may provide by resolution for the holding of regular meetings and fix their time and place within or outside the State of Maryland. Notice of such annual and regular meetings need not be in writing, provided that written notice of any change in the time or place of such meetings shall be sent promptly, in the manner provided in Section 3.9 of this Article III for notice of special meetings, to each Director not present at the meeting at which such change was made. Members of the Board of Directors or any committee designated thereby may participate in a meeting of such Board or committee by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other at the same time and participation by such means shall constitute presence in person at a meeting. [MGCL Section 2-409]

Section 3.9. Special Meetings. Special meetings of the Board of Directors may be held at any time or place and for any purpose when called by the Chairman of the Board or by a majority of the Directors. [MGCL Section 2-409(b)]

Section 3.10. Waiver of Notice. No notice of any meeting need be given to any

Edgar Filing: BRAZIL FUND INC - Form DEF 14A

Director who is present at the meeting or who waives notice of such meeting in writing (which waiver shall be filed with the records of such meeting), whether before or after the time of the meeting. [MGCL Section 2-409(c)]

Section 3.11. Quorum and Voting. At all meetings of the Board of Directors, the presence of a majority of the number of Directors then in office shall constitute a quorum for the transaction of business. In the absence of a quorum, a majority of the Directors present may adjourn the meeting, from time to time, until a quorum shall be present. The action of a majority of the Directors present at a meeting at which a quorum is present shall be the action of the Board of Directors, unless the concurrence of a greater proportion is required for such action by law, by the Charter or by these By-Laws,

41

provided, however, that no action shall be taken without the affirmative vote of 75% of the Directors, with respect to the following matters:

(a) the dissolution of the Corporation; or

(b) the election of officers and the compensation of directors and officers. [MGCL Section 2-408]

Section 3.12. Action Without a Meeting. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting if a written consent to such action is signed by all members of the Board or of such committee, as the case may be, and such written consent is filed with the minutes of proceedings of the Board or committee. [MGCL Section 2-408(c)]

Section 3.13. Compensation of Directors. Directors shall be entitled to receive such compensation from the Corporation for their services as may from time to time be determined by resolution of the Board of Directors.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and the Shareholders of The Brazil Fund, Inc.:

In our opinion, the accompanying statement of assets and liabilities, including the investment portfolio, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of The Brazil Fund, Inc. (the "Fund") at June 30, 2005, and the results of its operations, the changes in its net assets and the financial highlights for each of the periods indicated therein, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at June 30, 2005, by correspondence with the custodian, provide a reasonable basis for our opinion.
