The Registrant is filing under Item 7.01 of this Current Report on Form 8-K the information included as Exhibit 99.1 through Exhibit 99.4 to this report. The information in Exhibits 99.1 through 99.3 relates to Mirant North America, LLC, an entity to be formed pursuant to the Second Amended Joint Chapter 11 Plan of Reorganization of Mirant Corporation (Mirant) and its Affiliated Debtors (and referred to therein as New MAG Holdco). This information has not been previously reported to the public. Exhibit 99.4 is a press release issued on December 2, 2005 by Mirant Corporation announcing that Judge Lynn of the U.S. Bankruptcy Court for the Northern District of Texas, Ft. Worth Division, determined that Mirant's Chapter 11 Plan of Reorganization satisfies all the requirements for confirmation and that an order would be entered formally confirming the Plan on December 8, 2005.

The terms of the senior secured credit facility for Mirant North America, LLC have also been altered by reducing the size of the senior secured revolving credit facility by \$200 million and increasing the size of the senior secured term loan by \$200 million, which will be used as cash collateral to support the future issuance of letters of credit.

As of September 30, 2005, Mirant North America, LLC would have hedged for the balance of 2005, approximately 95% of its expected coal-fired generation and approximately 100% of the expected coal requirements for its Mid-Atlantic generation facilities. In addition, as of the same date and for the same period, Mirant North America, LLC would have hedged approximately 95% of its expected oil-fired generation and approximately 81% of its expected oil requirements for its New England oil-fired generation facilities. As of September 30, 2005, Mirant North America, LLC would have hedged for 2006 approximately 56% of its expected coal-fired generation and approximately 79% of the expected coal requirements for its Mid- Atlantic generation facilities, as well as approximately 43% of its expected oil-fired generation and approximately 42% of its expected oil requirements for our New England oil-fired generation facilities. Expected generation is a projection of Mirant North America, LLC's future generation output based on market conditions. Mirant North America, LLC's actual hedge position at any given point in time depends on a variety of market related factors, as well as its liquidity available for additional price risk management activities.

This Item 7.01 and Exhibits 99.1 through 99.3 contain forward-looking statements regarding our current intentions, beliefs or expectations concerning, among other things, our results of operations, financial condition and liquidity. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity may differ materially from those made in or suggested by the forward-looking statements contained in the exhibits hereto.

The pro forma financial data contained in the exhibits does not purport to present what our actual financial position or results would have been if the events described in such exhibit had occurred as of the dates indicated and are not necessarily indicative of our future financial position or results.

This information is furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise subject to the liabilities of that Section, unless the Registrant specifically incorporates it by reference in a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934. By filing this Current Report on Form 8-K and furnishing this information, the Registrant makes no admission as to the materiality of any information in this report that is required to be disclosed solely by reason of Regulation FD.
