Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) The Board of Directors (the Board) of Western Digital Corporation (the Company) previously adopted an amendment and restatement of the Western Digital Corporation Amended and Restated 2004 Performance Incentive Plan (the Restated Plan), subject to approval by the Company's stockholders. Among other things, the Restated Plan reflects amendments to (i) increase the number of shares of the Company's common stock available for award grants under the Restated Plan by 14,500,000 shares; (ii) extend the Company's authority to grant awards under the Restated Plan intended to qualify as performance-based compensation within the meaning of Section 162(m) of the U.S. Internal Revenue Code through the Company's 2014 annual meeting of stockholders and (iii) to approve the performance criteria listed in Section 5.2.2 of the Restated Plan for use in connection with such performance-based awards. According to the results from the Company's annual meeting of stockholders held on November 11, 2009, the Company's stockholders have approved the Restated Plan.

The following summary of the Restated Plan is qualified in its entirety by reference to the text of the Restated Plan, which is attached hereto as Exhibit 10.1 and incorporated herein by this reference.

The Board or one or more committees appointed by the Board administers the Restated Plan. The Board has delegated general administrative authority for the Restated Plan to the Compensation Committee of the Board. The administrator of the Restated Plan has broad authority under the plan to, among other things, select participants and determine the type(s) of award(s) that they are to receive, and determine the number of shares that are to be subject to awards and the terms and conditions of awards, including the price (if any) to be paid for the shares or the award.

Persons eligible to receive awards under the Restated Plan include officers or employees of the Company or any of its subsidiaries, directors of the Company, and certain consultants and advisors to the Company or any of its subsidiaries.

The maximum number of shares of the Company's common stock that may be issued or transferred pursuant to awards under the Restated Plan equals the sum of: (1) 37,178,318 shares, plus (2) the number of any shares subject to stock options granted and outstanding as of November 13, 2009 under the Company's Employee Stock Option Plan, Stock Option Plan for Non-Employee Directors or Broad-Based Stock Incentive Plan which expire, or for any reason are cancelled or terminated, after that date without being exercised.

Shares issued in respect of any full-value award granted under the Restated Plan will be counted against the share limit described in the preceding paragraph as 1.35 shares for every one share actually issued in connection with the award. For example, if a stock bonus of 100 shares of the Company's common stock were granted under the Restated Plan, 135 shares would be charged against the share limit with respect to that stock bonus award. For this purpose, a full-value award generally means any award granted under the plan other than a stock option or stock appreciation right.

To the extent that an award is settled in cash or a form other than shares, the shares that would have been delivered had there been no such cash or other settlement will not be counted against the shares available for issuance under the Restated Plan. Shares that are exchanged by a participant or withheld by the Company as full or partial payment in connection with any award under the Restated Plan, as well as any shares exchanged by a participant or withheld by the Company or one of its subsidiaries to satisfy the tax withholding obligations related to any award, will not be available for subsequent awards under the Restated Plan. In the event that shares are delivered in respect of a dividend equivalent right, only the actual number of shares delivered with respect to the award will be counted against the share limits of the Restated Plan. To the extent that shares are delivered pursuant to the exercise of a stock option or stock appreciation right, the number of underlying shares as to which the exercise related shall be counted

against the share limits of the Restated Plan, as opposed to only counting the shares actually issued. Shares that are subject to or underlie awards which expire or for any reason are cancelled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under the Restated Plan will again be available for subsequent awards under the Restated Plan.

The types of awards that may be granted under the Restated Plan include stock options, stock appreciation rights, restricted stock, stock bonuses and other forms of awards granted or denominated in the Company's common stock or units of the Company's common stock, as well as cash bonus awards.

As is customary in incentive plans of this nature, each share limit and the number and kind of shares available under the Restated Plan and any outstanding awards, as well as the exercise or purchase price of awards, and the performance targets under certain types of performance-based awards, are subject to adjustment in the event of certain reorganizations, mergers, combinations, recapitalizations, stock splits, stock dividends, or other similar events that change the number or kind of shares outstanding, and extraordinary dividends or distributions of property to the stockholders.
