The Andersons, Inc. Retirement Savings Investment Plan

Maumee, Ohio

We have audited the statement of net assets available for benefits of The Andersons, Inc. Retirement Savings Investment Plan as of December 31, 2009 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Andersons, Inc. Retirement Savings Investment Plan as of December 31, 2009, and the changes in net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report of Independent Registered Public Accounting Firm

To the Pension Committee

The Andersons, Inc. Retirement
Savings Investment Plan

We have audited the accompanying financial statement of net assets available for plan benefits of The Andersons, Inc. Retirement Savings Investment Plan as of December 31, 2008. The financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting.

Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the net assets of The Andersons, Inc. Retirement Savings Investment Plan as of December 31, 2008 in conformity with accounting principles generally accepted in the United States of America.

The Andersons, Inc. Retirement Savings Investment Plan

**Notes to Financial Statements
December 31, 2009 and 2008**

Note 1 Summary of Significant Accounting Policies

The accounting records of The Andersons, Inc. Retirement Savings Investment Plan (the Plan) are maintained on the accrual basis by The Andersons, Inc. (the Plan Sponsor). Plan assets are maintained by Fidelity Management Trust Company (the Trustee) and monitored by the pension committee established by the Plan Sponsor.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefits are recorded when paid.

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the Plan s investments in mutual funds are based on net asset values on the last business day of the plan year. The fair value of the Plan s investments in The Andersons, Inc. common stock is based on NASDAQ closing market prices on the last business day of each plan year. Participant loans are stated at their outstanding balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis.

Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan s gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

Participant contributions and Employer matching contributions are recognized when the participant contributions are withheld from the employee s earnings. Employer supplemental contributions are recognized when declared.

The Plan Administrator has evaluated subsequent events through the date and time the financial statements were issued.

Note 2 Description of the Plan

The Plan is a defined contribution plan that covers substantially all employees of The Andersons, Inc. and its wholly owned subsidiary, The Andersons Mower Center, Inc. (the Company). The Plan provides for retirement, disability, and death benefits for participants who meet certain eligibility requirements, including attaining age 21. Full-time employees are eligible to begin deferring money into the Plan as soon as practicable following their date of hire. Part-time employees are eligible to begin deferring money into the Plan upon meeting the 1,000 hours and 12 months service requirement. Employer-matching contributions are made once the employee enters the Plan.

Employee contributions may be made by salary reduction up to 75 percent of annual compensation (in 1.0 percent increments) subject to the maximum annual contribution allowed by law. The Plan provides for a required minimum employer contribution of 3 percent of a participant's compensation plus 50 percent of each participant's deferral contributions in excess of 3 percent, but not in excess of 5 percent of the participant's compensation deferred, subject to limitations in the Internal Revenue Code.

The Plan may accept rollover contributions from certain IRAs or from other qualified defined benefit or contribution plans of The Andersons, Inc. or participants' former employers.

The Plan Sponsor may make supplemental contributions to the Plan at its sole discretion. Supplemental contributions were \$108,133 for the year ended December 31, 2009.

Forfeited balances of terminated accounts are used to reduce future employer contributions. The balance of forfeited nonvested accounts was not material in 2009 or 2008. In 2009 employer contributions were reduced by \$20,078 from forfeited nonvested accounts.

Each participant directs Fidelity Management Trust Company to invest any or all of his or her account among various investment options, including an option to invest in the common stock of The Andersons, Inc. Participants may transfer account balances among the different funds on a daily basis.

Each participant's account is credited with their contributions, the Employer matching contributions and the Employer supplemental contributions and an allocation of investment earnings. Allocations are based on the participant's selected allocation percentages. Investment income is allocated to participant accounts by investment fund balance on a daily basis. This allocation is based upon the ratio of each participant's weighted average fund balance to the total of all participants' fund balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. No assets of any participant account may be used for the benefit of any other account or participant.

Note 2 Description of the Plan (Continued)

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan and the trust at any time. In the event of termination of the Plan, participants become fully vested in their individual accounts.

A participant is entitled to a benefit representing his or her salary reduction contributions, the vested amount of employer contributions, and allocated income thereon (including realized and unrealized gains and losses). Upon termination of employment due to retirement, permanent disability, or death, a participant or his or her beneficiary is entitled to receive distribution of the vested account balance in a lump sum or in monthly installments.

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in Company contributions 20 percent after one year of service and an additional 20 percent after each year of service until they become fully vested after five years of service.

Withdrawals of employer and employee salary reduction contributions and related income thereon during the participant's employment are prohibited unless the participant has attained age 59½ or the participant can show immediate and extreme financial hardship as determined by the pension committee.

Additional information about the plan agreement and limitations on contributions is available from the human resources department of the Plan Sponsor or from designated individuals at the Company.

Participants may borrow up to 50 percent of their vested account balances. The minimum loan amount is \$1,000 and the maximum is \$50,000. Each participant may only have one loan outstanding and each loan bears interest at a fixed rate equal to the prime rate at the end of the quarter previous to initiation of the loan plus 1 percent.

The Plan Sponsor pays substantially all costs of administering the Plan, including trustee fees. The Plan pays investment fees.

Note 3 Fair Value Measurements

Generally accepted accounting principles provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Disclosures concerning assets measured at fair value are presented below. The Plan has no liabilities measured at fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of the changes in the fair value of the Plan's Level 3 investment assets for the year ended December 31, 2009:

Balance at December 31, 2008	\$ 2,881,946

Table of Contents**The Andersons, Inc. Retirement Savings Investment Plan****Notes to Financial Statements
December 31, 2009 and 2008**

The Financial Accounting Standards Board issued an Amendment, Fair Value Measurements and Disclosures Improving Disclosures about Fair Value Measurements (ASU 2010-06), which requires new disclosures and reasons for transfers of financial assets and liabilities between levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that that reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

With respect to matters other than Level 3 measurements, the amendment was effective and not yet adopted for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. The Plan is currently evaluating the impact of the guidance related to Level 3 measurements on financial statement disclosures.

The Plan's investments at December 31, 2009 and 2008 are held by the Trustee. The Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value during the year ended December 31, 2009 as follows:

	2009
Net appreciation in fair value:	
Mutual funds	\$ 21,274,148
The Andersons, Inc common stock	2,846,081
Total	 \$ 24,120,229

Note 5 Transactions with Parties-in-interest

Fees paid by the Plan Sponsor to parties-in-interest for legal, accounting, and other services rendered to the Plan are based on customary and reasonable rates for such services. In addition, certain investments held by the Plan are invested in securities managed by Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Trustee, as well as shares of the Company's common stock. Fees paid by the Plan for administrative services provided by Fidelity Investments Institutional Operations Company, Inc. amounted to \$20,262 for the year ended December 31, 2009.

Note 6 Income Tax Status

The Internal Revenue Service ruled on March 31, 2003, applicable for the amendments executed February 19, 2002, that the Plan for The Andersons, Inc. and The Andersons Mower Center, a participating employer, qualifies under Section 401(a) of the Internal Revenue Code (the Code) and that the trust, therefore, is exempt from taxation. The Plan is required to operate in conformity with the Internal Revenue Code and ERISA to maintain its tax-exempt status. The Plan's administrator is not aware of any course of action or events that have occurred that might adversely affect the Plan's qualified status. The Plan has been amended since the determination letter was issued. Management believes that the amendments do not change the Plan's status for meeting the requirements of Section 401(a) of the Internal Revenue Code and that the trust is still exempt from taxation.

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.
