PROXY STATEMENT

General

This proxy statement and the accompanying proxy are furnished to stockholders of Watson Pharmaceuticals, Inc. (*Watson*, the *Company*, *we*, *us* and *our*) in connection with the solicitation of proxies by our Board of Directors at the 2011 Annual Meeting of Stockholders (the *Meeting*) to be held at the Sheraton Parsippany Hotel located at 199 Smith Road, Parsippany, New Jersey at 9:00 a.m. local time on May 13, 2011 for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Directions to the Meeting can be viewed at www.starwoodhotels.com.

In connection with the Meeting, we have prepared a Notice of Annual Meeting of Stockholders, a proxy statement, and our 2010 Annual Report to Stockholders, which provides detailed information relating to our activities and operating performance. This year we are pleased to be taking advantage of Securities and Exchange Commission (*SEC*) rules that allow companies to furnish their proxy materials over the Internet. On April , 2011, we mailed to our stockholders a Notice Regarding the Availability of Proxy Materials (the *Notice*) containing instructions on how to access our proxy materials online. Brokers and other nominees who hold shares on behalf of beneficial owners will be sending their own similar Notice. We believe electronic delivery will expedite the receipt of materials, while lowering costs and reducing the environmental impact of our Meeting by reducing printing and mailing of full sets of materials.

If you receive a Notice by mail, you will not receive a printed copy of the materials, unless you specifically request one. However, the Notice contains instructions on how to receive a paper copy of the materials by mail, by telephone or electronically. If you have received paper copies of these materials, a proxy card will also be enclosed.

Whether or not you plan to attend the Meeting, we encourage you to vote your shares. You may vote:

via Internet;

by telephone;

by mail; or

in person at the Meeting.

If you plan to attend the Meeting in person, you must provide proof of share ownership, such as an account statement, and a form of personal identification in order to be admitted to the Meeting.

Stockholders of record at the close of business on March 18, 2011 (the *record date*) are entitled to notice of and to vote at the Meeting. On such date, there were outstanding shares of our common stock, par value \$0.0033 per share. In deciding all questions, each holder of common stock shall be entitled to one vote, in person or by proxy, for each share held on the record date.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on May 13, 2011.

This proxy statement and our 2010 Annual Report to Stockholders and the means to vote by Internet are available on our website at www.watson.com/proxy2011 and at www.proxyvote.com. Our website also contains

VOTING RIGHTS AND SOLICITATION OF PROXIES

Voting by Internet, Telephone, Mailed Proxy or in Person

The method of voting by proxy differs for shares held as a record holder and shares held in street name. If you hold your shares of common stock as a record holder and you are viewing this proxy statement on the Internet, you may vote by submitting a proxy over the Internet by following the instructions on the website referred to in the Notice previously mailed to you. If you hold your shares of common stock as a record holder and you are reviewing a paper copy of this proxy statement, you may vote by completing, dating and signing the proxy card that was included with the proxy statement and promptly returning it in the preaddressed, postage-paid envelope provided to you, or otherwise mailing it to us. You may also vote by attending the Meeting and voting in person.

If you hold your shares of common stock in street name, which means your shares are held of record by a broker, bank or nominee, you will receive a Notice from your broker, bank or other nominee that includes instructions on how to vote your shares. Your broker, bank or nominee may allow you to deliver your voting instructions over the Internet and may also permit you to submit your voting instructions by telephone. In addition, you may request paper copies of the proxy statement and proxy card from your broker, bank or nominee by following the instructions on the Notice provided by your broker, bank or nominee. If you hold your shares in street name, you will need to obtain a legal proxy from your bank, broker or nominee in order for you to vote in person at the Meeting.

Your vote is very important. Accordingly, please submit your proxy whether or not you plan to attend the Meeting in person. You should vote your proxy even if you plan to attend the Meeting. If you properly give your proxy and submit it to us in time to vote, one of the individuals named as your proxy will vote your shares as you have directed.

The Internet and telephone voting facilities will close at 11:59 p.m. Eastern Time on May 12, 2011. Stockholders who vote through the Internet or telephone should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers, and that these costs must be borne by the stockholder.

Revocation of Proxy

A stockholder of record may revoke his or her proxy in one of four ways at any time before the proxy is voted at the Meeting.

1. The stockholder may send a notice in writing, with a date later than the date of the proxy, to our Secretary revoking the proxy.
2. The stockholder may attend the Meeting and vote in person. Attendance at the Meeting will not, by itself, revoke a proxy.
3. The stockholder may execute a proxy, relating to the same shares, with a later date and deliver it to our Secretary before the voting at the Meeting.
4. The stockholder may submit another proxy by telephone or the Internet (your latest telephone or Internet voting instructions will be followed).

Any such notices and new proxies that are sent by mail should be sent to Watson Pharmaceuticals, Inc., Corporate Secretary, Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054.

Persons who hold their shares through a bank, brokerage firm or other nominee, may revoke their proxy by following the requirements of their bank or broker, or may vote in person at the Meeting by obtaining a legal proxy from their bank or broker.

Solicitation of Proxies

All expenses incurred in the solicitation of proxies will be borne by us. In addition to the use of the mail, proxies may be solicited on our behalf by our directors, officers and employees, who will receive no additional

Table of Contents

consideration for such services. Upon request, Brokers, custodians, nominees and other stockholders of record may forward copies of the Notice, and if requested, the proxy statement and other soliciting materials to persons for whom they hold shares of our common stock and to request authority for the exercise of proxies. We will reimburse brokers, custodians and nominees for their reasonable expenses.

Quorum and Voting

At the close of business on March 18, 2011, shares of our common stock were outstanding and entitled to vote. Votes cast by proxy (including through the Internet or by telephone) or in person at the Meeting will be tabulated by the election inspector appointed for the Meeting who will determine whether or not a quorum is present. The presence, in person or by proxy, of the holders of a majority of our common stock outstanding and entitled to vote at a meeting of stockholders is necessary in order to constitute a quorum for the conduct of business at the Meeting.

Brokers or other nominees who hold shares of common stock in street name for a beneficial owner of those shares typically have the authority to vote in their discretion on routine proposals when they have not received instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretion with respect to the approval of matters that the New York Stock Exchange (the NYSE) determines to be non-routine, without specific instructions from the beneficial owner. If a proxy is received but marked abstention or if a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter and has not been instructed on how to vote (i.e. broker non-votes), those shares will be considered as present and entitled to vote for purposes of determining the presence of a quorum. Under NYSE rules, the ratification of accountants is generally considered to be a routine proposal, and therefore, your broker can vote on Proposal No. 6 without instructions from you. However, with respect to the other proposals, all of which deal with non-routine matters, your broker will not be able to vote your shares without specific instructions from you.

A properly submitted proxy (including through the Internet or by telephone) that is received before the polls are closed at the Meeting and that is not revoked will be voted in the manner directed by the stockholder submitting the proxy. If no direction is made, such proxy will be voted:

FOR the election of Michael J. Fedida, Albert F. Hummel, Catherine M. Klema and Anthony Selwyn Tabatznik as our directors;

FOR the approval of an amendment and restatement of the Company's articles of incorporation to provide for the declassification of the Board of Directors and to delete certain provisions from the articles of incorporation;

FOR the approval of the Fourth Amendment and Restatement of the 2001 Incentive Award Plan;

FOR a non-binding recommendation to approve our Named Executive Officer compensation;

FOR a non-binding recommendation to hold an annual advisory vote on our Named Executive Officer compensation; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

As of the date of this proxy statement, the Board of Directors knows of no other business that will be presented for consideration at the Meeting. However, if other proper matters are presented at the Meeting, it is the intention of the proxy holders named in the enclosed form of proxy to take such actions as shall be in accordance with their best judgment.

The enclosed proxy gives each of Paul M. Bisaro and David A. Buchen discretionary authority to vote your shares in accordance with his best judgment with respect to all additional matters that might come before the Meeting.

Householding

In an effort to reduce printing costs and postage fees, we have adopted a practice approved by the SEC called householding. Under this practice, stockholders who have the same address and last name will receive only one copy of the Notice and, upon request, our proxy materials, unless one or more of these stockholders notifies us that he or she wishes to receive individual copies. If you share an address with another stockholder and prefer to receive separate copies of the Notice or our proxy materials, please mail your request to Watson Pharmaceuticals, Inc., Investor Relations, Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Under our bylaws, the Board of Directors must consist of between seven and fifteen directors, with the exact number determined by the Board of Directors. The Board of Directors has set the current number of authorized directors at eleven. There are no vacant positions on the Board of Directors.

Our articles of incorporation provide that the Board of Directors will be divided into three classes. One class is elected each year for a three-year term, expiring at our annual meeting of stockholders. If the amendment and restatement of our articles of incorporation is approved, directors elected after this year's Meeting will be elected annually for one-year terms expiring at the next succeeding annual meeting. Accordingly, when the terms of our Class II, Class III and Class I directors expire in 2012, 2013 and 2014, respectively, they will stand for election annually, rather than every three years.

At the Meeting, four directors, who will comprise the Class I directors, are to be elected to serve until the 2014 Annual Meeting or until their successors are duly elected and qualified.

Based upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated Michael J. Fedida, Albert F. Hummel, Catherine M. Klema and Anthony Selwyn Tabatznik for reelection as Class I directors.

Our Class II directors, Jack Michelson, Ronald R. Taylor and Andrew L. Turner, are scheduled to serve as directors until the 2012 Annual Meeting.

Our Class III directors, Paul M. Bisaro, Christopher W. Bodine, Michel J. Feldman and Fred G. Weiss are scheduled to serve as directors until the 2013 Annual Meeting.

Mr. Fedida was a Director of Bradley Pharmaceuticals, Inc., a specialty pharmaceutical company, from April 2004 to February 21, 2008. The Board concluded that Mr. Fedida should serve as a director because of his decades of experience as a practicing pharmacist and manager of a number of pharmacy businesses, which help him to bring the perspective of pharmacists and customers to the deliberations of the Board.

Albert F. Hummel

Director since 1986

Albert F. Hummel, age 66, has been our director since March 1986, except for a period from July 1991 to October 1991. The Board concluded that Mr. Tabatznik should serve on the Board because of his lengthy experience as the founder of numerous successful generic pharmaceutical businesses, including the Arrow Group, as well as his global perspective on our industry.

The Board of Directors knows of no reason why any of the foregoing nominees will be unavailable to serve, but in the event of any such unavailability, the proxies received will be voted for such substitute nominees as the Board of Directors may recommend.

Required Vote for Election of Directors

Persons nominated to serve on our Board of Directors in an uncontested election must receive a greater number of votes cast **FOR** than votes cast **AGAINST** in order to be elected, or re-elected, to the Board of Directors. Accordingly, abstentions will not affect the outcome of the election of directors. Proxies cannot be voted for a greater number of persons or different persons than the nominees named.

Please note that if your broker holds your common stock in street name, your broker will not vote your shares on the election of directors, and broker non-votes will result, unless you provide your voting instructions over the internet, by telephone or mail as directed in the Notice sent to you by your broker. Broker non-votes will not affect the outcome of the election of directors.

CORPORATE GOVERNANCE

Corporate Governance Guidelines and Code of Conduct

Our Board of Directors has adopted Corporate Governance Guidelines. These guidelines address the make-up and functioning of the Board of Directors and its committees, which include determining director independence, criteria for Board membership, and authority to retain independent advisors.

Our Board of Directors has also adopted a Code of Conduct, which applies to all of our Board members and all of our officers and employees. The code sets forth and summarizes certain of our policies related to legal compliance and honest and ethical business practices. The code is intended to comply with the standards set forth in Section 303A.10 of the NYSE's Listed Company Manual and SEC rules and regulations. Any amendments to, or waivers from, provisions of the Code of Conduct that apply to our directors or executive officers, including our Chief Executive Officer and Chief Financial Officer and persons performing similar functions, will be promptly posted on our website at <http://www.watson.com>.

You can find links to our Corporate Governance Guidelines and our Code of Conduct under the Investors section of our website at <http://www.watson.com>. Copies of these materials are available to stockholders without charge upon request sent to Investor Relations at Watson Pharmaceuticals, Inc., Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054.

Director Independence

On an annual basis our Board of Directors reviews the independence of all directors and affirmatively makes a determination as to the independence of each director. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with Watson. To assist in making this determination, the Board has adopted independence guidelines, which are designed to conform to, or be more exacting than, the independence requirements set forth in the listing standards of the NYSE. You may find these guidelines on our website at www.watson.com. In addition to applying these guidelines, the Board considers any and all additional relevant facts and circumstances in making an independence determination.

Our Board has determined that at least a majority of its directors has no direct or indirect material relationship with us (other than as our director) and such directors are independent within the meaning of the independence standards promulgated by the SEC and the NYSE. Specifically, on March 3, 2011, the Board determined, based on our Director Independence Standards and the NYSE standards for independence, that Christopher W. Bodine, Michael Fedida, Michel Feldman, Albert Hummel, Catherine Klema, Jack Michelson, Ronald Taylor, Andrew Turner and Fred Weiss, or nine out of our eleven directors, have no relationship with us that would interfere with the exercise of independent judgment and are independent directors. Mr. Bisaro was determined to be not independent, because he is our President and Chief Executive Officer. Mr. Tabatznik was determined to be not independent because of the fact that, among other things, he served as an employee of the Arrow Group prior to our acquisition of the Arrow Group in 2009 and he is a party to a consulting agreement with us. Mr. Tabatznik is no longer an employee of the Arrow Group.

The relationships and transactions reviewed by the Board included the following:

(i) Mr. Bodine's service as an employee of CVS Caremark Corporation, a customer of the Company, through January of 2009, including as Special Advisor to the Chief Executive Officer of CVS Caremark Corporation from July 29, 2008 and, prior to that, as Executive Vice President of CVS Caremark Corporation and President Caremark Pharmacy

Services;

(ii) Mr. Fedida's ownership of pharmacies that from time to time purchase pharmaceuticals from Anda, Inc., one of our subsidiaries that is a wholesaler distributor;

(iii) Ms. Klema's directorship with Pharmaceutical Product Development, Inc., a contract research organization that has provided services for us in the past;

Table of Contents

(iv) Mr. Taylor's former directorship of 3e Company, a privately-held compliance information services company that has provided services for us in the past; and

(v) Mr. Hummel's service as a director and President of Pentech Pharmaceuticals, Inc., a development stage pharmaceutical company engaged in the development and commercialization of pharmaceutical products in the areas of urology and the central nervous system.

The Board has determined that these transactions were made in the ordinary course, were below the thresholds set forth in our director independence standards and did not affect the independence of the directors involved.

BOARD OF DIRECTORS AND COMMITTEES

Executive Sessions

We schedule regular executive sessions in which non-management directors meet without management participation. The Chairman of the Board, Mr. Turner, presides at these meetings. We also schedule regular executive sessions in which only independent directors meet.

Communications with the Board of Directors

Any interested party, including any stockholder, wishing to contact the Board of Directors, the presiding director of the non-management director meetings, or any other individual director may do so in writing by sending a letter to:

Chairman, Nominating and Corporate Governance Committee
c/o Corporate Secretary
Watson Pharmaceuticals, Inc.
Morris Corporate Center III
400 Interpace Parkway,
Parsippany, NJ 07054

Our Corporate Secretary reviews all such written correspondence and regularly forwards to the Board of Directors a summary of all correspondence and copies of correspondence that, in the opinion of the Corporate Secretary, deal with the functions of the Board of Directors or its committees, or that the Corporate Secretary otherwise determines requires Board attention.

Leadership Structure

The Board of Directors has determined that having an independent director serve as Chairman of the Board is in the best interest of stockholders at this time. We separate the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board provides guidance to the CEO and sets the agenda for Board meetings and presides over meetings of the full Board. We also believe that this structure ensures a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of the Board. We also believe that this leadership structure is preferred by a significant number of our stockholders.

Director Nomination Process

The Nominating and Corporate Governance Committee considers director candidates from diverse sources, including suggestions from stockholders. From time to time, the Nominating and Corporate Governance Committee may engage a third party for a fee to assist in identifying potential director candidates. The Nominating and Corporate Governance Committee looks for candidates who represent a diverse mix of backgrounds and experiences that will enhance the quality of the board's deliberations and decisions. The backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Specifically, this committee seeks candidates who (a) bring not only direct experience, but also a variety of experience and background, both professionally and personally, (b) will represent the balanced, best

interests of the stockholders as a whole rather than special interest groups or constituencies, (c) have a reputation for integrity and (d) satisfy the independence requirements of the NYSE, our Director Independence Standards and applicable law. The Nominating and Corporate Governance Committee's goal is to have a diverse, balanced and engaged board whose members possess the skills and background necessary to maximize stockholder value in a manner consistent with all legal requirements and the highest ethical standards. Our Corporate Governance Guidelines specify that the value of diversity on the Board

Table of Contents

should be considered by the Nominating and Corporate Governance Committee in the director identification and nomination process. This committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Nominating and Corporate Governance Committee's Charter and our Corporate Governance Guidelines, which are published on our website at <http://www.watson.com> under the Investors section, set forth in further detail the criteria that guide this committee in assessing potential candidates for the Board of Directors.

In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee considers the director's contributions to the Board and the committees on which such person serves, participation in and attendance at meetings, and any changes in employment status, health, community activity or other factors that may affect the director's continuing contributions to the Board. The Nominating and Corporate Governance Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

The Nominating and Corporate Governance Committee initially evaluates a candidate for nomination to the Board based on information supplied by the party recommending the candidate and any additional public information that may be available. If the initial evaluation is favorable, the Nominating and Corporate Governance Committee gathers additional information on the candidate's qualifications, availability, probable level of interest and any potential conflicts of interest. If the subsequent evaluation is also favorable, the Nominating and Corporate Governance Committee contacts the candidate directly to better determine each party's level of interest in pursuing the candidacy and checks the candidate's references. If, after discussions and meetings, the candidate and the Nominating and Corporate Governance Committee establish a mutual interest in pursuing the candidacy, the committee will make a final recommendation to the Board to nominate the candidate for election by the stockholders (or to select the candidate to fill a vacancy, as applicable). The Nominating and Corporate Governance Committee employs the same process for evaluating all candidates, including those properly submitted by stockholders and will consider stockholder recommendations of candidates on the same basis as it considers all other candidates.

Stockholders wishing to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee may do so by sending the candidate's name, biographical information and qualifications, together with a consent in writing signed by the recommended nominee that he or she is willing to be considered as a nominee and, if nominated and elected, he or she will serve as a director, to the Chair of the Nominating and Corporate Governance Committee in care of the Corporate Secretary, Watson Pharmaceuticals, Inc., Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054. The submission of a recommendation by a stockholder in compliance with these procedures does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in our proxy statement. However, the Nominating and Corporate Governance Committee will consider any such candidate in accordance with the procedures and guidelines as described above and as set forth in the Charter of our Nominating and Corporate Governance Committee and in our Corporate Governance Guidelines.

Board Meetings

During the fiscal year ended December 31, 2010, the Board of Directors held eight meetings and executed one unanimous written consent in lieu of a meeting. Each director attended at least 75 percent of the combined total of (i) all Board of Directors and (ii) all meetings of committees of which the director was a member. We do not have a policy with regard to board members' attendance at annual meetings. All members of the Board attended our 2010 Annual Meeting of Stockholders. Mr. Weiss attended by telephone.

Committees

The Board of Directors has created four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Regulatory Compliance Committee. The Board of Directors has adopted a charter for each of the four committees. The charters for each committee and other materials related to corporate governance are available under the Investors section of our website at

The Audit Committee

We have an Audit Committee currently composed of Michel J. Feldman, Albert F. Hummel, Ronald R. Taylor and Fred G. Weiss. Catherine M. Klema served on this Committee until May 2010, when she was succeeded by Mr. Hummel. All other members of the Audit Committee served as such throughout fiscal year 2010.

Mr. Weiss serves as the Chairman of the Audit Committee. All of the members of the Audit Committee have been determined by the Board of Directors to be independent and meet the audit committee independence requirements of the NYSE listing standards and SEC Rule 10A-3. The Board of Directors has determined that all of the current members of the Audit Committee qualify as audit committee financial experts within the meaning of the SEC rules, and are financially literate as required under the NYSE listing standards. The functions of the Audit Committee and its activities during fiscal 2010 are described below under the heading Report of the Audit Committee. The Audit Committee is directly responsible for the engagement, compensation and oversight of the work of PricewaterhouseCoopers LLP (including resolution of disagreements, if any, between management and PricewaterhouseCoopers LLP regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. During the fiscal year ended December 31, 2010, the Audit Committee met five times and executed one unanimous written consent in lieu of a meeting.

The Board of Directors and Audit Committee will take appropriate action, including reviewing and reassessing the adequacy of the Audit Committee charter annually and periodically, as appropriate, and as conditions dictate.

The Compensation Committee

We have a Compensation Committee currently composed of Christopher W. Bodine, Michael J. Fedida, Catherine M. Klema and Ronald R. Taylor. Ms. Klema and Mr. Taylor were members of the Compensation Committee throughout fiscal year 2010. Mr. Weiss served on this Committee until May 2010, when he was succeeded by Messrs. Bodine and Fedida.

Mr. Taylor serves as the Chairman of the Compensation Committee. All of the members of the Compensation Committee have been determined by the Board of Directors to be independent and meet the independence requirements of the NYSE listing standards. Our Board has determined that all current Compensation Committee members qualify as non-employee directors within the meaning of Section 16 of the Exchange Act and as outside directors within the meaning of Section 162(m) of the Internal Revenue Code (*IRC*). The primary purpose of the Compensation Committee is to review, approve and evaluate director compensation and senior executive compensation plans, policies and programs for us. The Compensation Committee engaged F.W. Cook, an independent compensation consulting firm, to advise the Compensation Committee during the 2010 fiscal year. F.W. Cook reported directly to the Compensation Committee and the Compensation Committee retains the right to terminate or replace the consultant at any time. F.W. Cook conducted an annual review of our total compensation program for our executive officers and advised the Compensation Committee on such compensation matters as requested by the Compensation Committee. F.W. Cook did not provide other services to the Company in 2010. Additional information on the Compensation Committee's processes and procedures for consideration of executive compensation, including the role of our chief executive officer, are addressed in the Compensation Discussion and Analysis beginning on page 15. The Compensation Committee met five times and executed two unanimous written consents in lieu of meetings during the fiscal year ended December 31, 2010.

The Nominating and Corporate Governance Committee

We have a Nominating and Corporate Governance Committee currently composed of Christopher W. Bodine, Catherine M. Klema, Jack Michelson and Fred G. Weiss. Ms. Klema and Mr. Weiss served as members of the Nominating and Corporate Governance Committee throughout fiscal year 2010. Mr. Taylor served on this Committee until May 2010, when he was succeeded by Messrs. Bodine and Michelson. Ms. Klema serves as

the Chairperson of the Nominating and Corporate Governance Committee. All of the members of the Nominating and Corporate Governance Committee have been determined by the Board of Directors to be independent and meet the independence requirements of the NYSE listing standards. The key functions of the Nominating and Corporate Governance Committee are to identify and present qualified candidates to the Board of Directors for election or re-election as directors of the Board and Board of Directors committees, ensure that the size and composition of the Board of Directors, its committees, and our Charter and Bylaws are structured in a way that best serves our practices and objectives, develop and recommend to the Board of Directors a set of corporate governance guidelines and principles and periodically review and recommend changes to such guidelines and principles as deemed appropriate, and oversee the evaluation of the Board of Directors and senior management. The Nominating and Corporate Governance Committee met two times during the fiscal year ended December 31, 2010.

The Regulatory Compliance Committee

We have a Regulatory Compliance Committee currently composed of Michael J. Fedida, Michel J. Feldman, Albert F. Hummel and Jack Michelson. Each was a member of the Regulatory Compliance Committee throughout fiscal year 2010.

Mr. Michelson serves as the Chairman of the Regulatory Compliance Committee. The primary purpose of the Regulatory Compliance Committee is to assist the Board of Directors with the Board's oversight responsibilities regarding our compliance with applicable regulatory requirements related to product safety and quality and environmental, health and safety matters. The Regulatory Compliance Committee met two times and executed one unanimous written consent in lieu of a meeting during the fiscal year ended December 31, 2010.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of our Board of Directors is responsible for establishing, implementing and continually monitoring our adherence to our compensation philosophy for our executive officers, including Paul M. Bisaro, our chief executive officer. The Compensation Committee seeks to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive.

Throughout this proxy statement, references to our Named Executive Officers refer to Paul M. Bisaro, our President and Chief Executive Officer, R. Todd Joyce, our Executive Vice President and Chief Financial Officer, G. Frederick Wilkinson, our Executive Vice President, Global Brands, Robert A. Stewart, our Executive Vice President, Global Operations, and David A. Buchen, our Executive Vice President, General Counsel and Secretary.

Executive Summary

2010 was a year of continued success, with the Company achieving a number of key business objectives and net revenue and non-GAAP earnings per share growth, respectively, of 27.7 percent and 12.5 percent during the year. Our record of effectively executing our plans and realizing our financial and business objectives continues from 2009, during which we achieved, respectively, net revenue and non-GAAP earnings per share growth of 10.2 percent and 23.1 percent; and 2008, during which we achieved, respectively, net revenue and non-GAAP earnings per share growth of 1.6 percent and 6.9 percent. These successes have occurred as we have fundamentally expanded and reshaped our Company on a global basis, including through the acquisition of the Arrow Group in December 2009.

We believe that the structure and implementation of our compensation programs for senior executives, including our Named Executive Officers, has helped to contribute to our achieving strong performance. In designing and implementing compensation programs for our Named Executive Officers, our primary objectives are to:

Tie their total compensation to their achievement of key financial and business goals;

Ensure that cash bonuses and equity awards reflect Company performance and incentivize our Named Executive Officers to focus their efforts on the creation of stockholder value; and

Attract and retain the most talented and dedicated executives possible in a competitive labor market.

The Compensation Committee regularly and systematically evaluates individual, departmental, segment and corporate performance to determine the proper structure and mix of executive compensation to support key financial and strategic business objectives while setting executive compensation at levels the Compensation Committee believes are competitive relative to our peer companies. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

During 2010 we continued to allocate a significant percentage of our total compensation to annual cash incentives and long-term equity incentives. Some of the highlights of our 2010 compensation program include, among other things:

Maintained unchanged from 2009 the 2010 base salary for our Chief Executive Officer, and generally increased the base salaries of our other Named Executive Officers by 2%, with the exception of Mr. Joyce, who received an increase of 5.89% in connection with his promotion to our Senior Vice President and Chief Financial Officer in 2009 and Mr. Stewart, who received an increase of 11.11% in connection with his promotion to our Executive Vice President, Global Operations in 2010;

Set performance targets based on the higher operating performance expectations for 2010, for our annual and long-term incentive plans (with the exception of segment performance for our Global Brands business segment due to the expiration of our distribution rights for the Ferrlecit® product on December 31, 2009, as described below); and

Provided for a special bonus opportunity for our Chief Executive Officer based on the successful integration of the Arrow business into our existing operations.

We discuss each of these actions below.

Objectives of Named Executive Officer Compensation Program.

The Compensation Committee's primary objectives with respect to Named Executive Officer compensation are to:

Tie a significant portion of our Named Executive Officers' total compensation to the achievement of measurable individual and corporate performance goals;

Align our Named Executive Officers' cash and equity incentives with company performance and provide equity incentives that focus our executives' efforts on the creation of stockholder value; and

Attract and retain the most talented and dedicated executives possible in a competitive labor market.

To these ends the Compensation Committee believes that the most effective executive compensation program is one that (i) links a significant portion of an executive's total compensation to the achievement of specific individual and corporate performance goals, including annual and long-term strategic goals and (ii) provides such compensation in a mix of both cash and equity-based compensation such that our executives continue to have the creation of short- and long-term stockholder value as key objectives. The Compensation Committee evaluates individual, departmental, segment and corporate performance to determine the proper mix of executive total compensation with the goal of setting executive total compensation at levels the Compensation Committee believes are competitive relative to the total compensation paid to similarly situated executives of our peer companies.

As a result of our compensation objectives outlined above, we allocate a significant percentage of our total compensation to annual cash incentives and long-term equity incentives. We have no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee continually reviews many factors, as discussed more fully below, to determine the appropriate level and mix of incentive compensation.

To implement the objectives above, our fiscal 2010 compensation for our Named Executive Officers consisted primarily of the following components (in addition to the retirement, health and welfare plans and programs in which all of our full-time U.S. employees participate and limited perquisites):

Base Salary

Provides Named Executive Officers with a degree of financial certainty and stability; and

Determined with reference to factors including level of responsibility, individual and Company performance, and peer company benchmarks.

Annual Cash Incentive Awards

Intended to directly link a significant amount of annual cash compensation that is at-risk and subject to achievement of measurable annual individual, departmental, business and strategic objectives and corporate and segment financial goals; and

Adjusted EBITDA is a primary company-wide measure as it facilitates analysis by management and investors in evaluating the Company's performance and trends and in comparing our financial performance with that of other companies.

Table of Contents

Long-Term Equity Incentives

Historically, composed of (i) Time Awards (size of grant based on individual performance and time of service, and not tied to specific financial targets); and (ii) Performance Awards (value of grant based on the Company's performance during the fiscal year as measured against Adjusted EBITDA targets);

Grants in the form of restricted stock, intended to align interests of management with our stockholders, and focus management's attention on long-term growth and value creation; and

Represent an essential tool for attracting and retaining talented professionals and managers.

Compensation Best Practices.

The Compensation Committee designs our compensation program to motivate our Named Executive Officers to achieve short-and long-term financial and strategic goals, in addition to increasing stockholder value, without encouraging excessive risk-taking. The Compensation Committee, with the assistance of our senior management and external advisors including F.W. Cook, the Compensation Committee's compensation consultant, regularly evaluates and modifies our compensation programs in an effort to incorporate best practices.

In 2010, we retained a number of key practices and plan design elements we believe represent compensation best practices, including:

Pay linked to performance;

Mix of short- and long-term compensation; and

Not granting excise tax gross-ups in new change-in-control agreements, or renewing such provisions in existing agreements as they expire.

In 2011, we have continued to adapt and modify our compensation programs for our Named Executive Officers and others in order to support our business objectives and increase shareholder value while managing risk. New aspects of our compensation programs for our Named Executive Officers in 2011 include:

Transition from fixed share number guidelines to fixed dollar value guidelines for granting equity awards;

Increased emphasis on performance-based vesting of equity awards, and on the long-term value created for our stockholders, by linking value of equity awards to annual Company financial performance (Adjusted EBITDA) and multi-year Total Shareholder Return relative to our peer company group; and

We adopted stock ownership guidelines for our executive officers and directors that require them to hold shares valued as a multiple of their salary.

We discuss each of these changes below.

Determination of Compensation

Role of Executive Officers in Compensation Decisions

On an annual basis, in concert with our chief executive officer, our Named Executive Officers engage in a process whereby they each set individual, departmental and company-wide goals for the year to come. Following the completion of our fiscal year, our Named Executive Officers are formally required to assess whether these goals were achieved and to set values to express the extent to which the Named Executive Officer believes his or her goals were met. Our chief executive officer reviews and discusses these self-assessments with each of our Named Executive Officers and, with the assistance of our human resources department, makes recommendations to the Compensation Committee concerning compensation of the Named Executive Officers. While the Compensation Committee considers these recommendations in determining base salaries, adjustments to base salaries, cash incentive awards and equity-based awards for our Named Executive Officers, it may modify any such

Table of Contents

recommendations in its discretion. Our Human Resources department also works closely with the Compensation Committee and management to ensure that the Compensation Committee is provided with appropriate information upon which to base its decisions and communicate those decisions to management for implementation.

Independent Compensation Advisor

The Compensation Committee engaged Frederic W. Cook & Co., Inc. (*F.W. Cook*), an independent global executive compensation consulting firm, to advise the committee on matters related to chief executive officer and other executive compensation with respect to 2010. In this capacity, F.W. Cook conducted a benchmark review of our compensation program for our Named Executive Officers and provided the Compensation Committee with relevant market data and structuring alternatives to consider when making compensation decisions.

Working with F.W. Cook, the Compensation Committee compared the elements of our total compensation program against programs provided for similarly situated executives at peer companies, as discussed more fully below. The Compensation Committee generally assesses the competitiveness of our total target and actual direct compensation (salary, bonus and equity) for our Named Executive Officers and other senior executives by comparing these amounts with the total direct compensation paid to similarly situated executives of our peer companies.

In February 2010, F.W. Cook conducted a competitive pay assessment of the compensation of our Named Executive Officers. The assessments were performed using benchmarks from compensation data reported in the then-most recent proxy statements of the following thirteen (13) peer group companies:

Allergan, Inc.
 Biogen Idec Inc. (*Biogen*)
 Cephalon, Inc. (*Cephalon*)
 Endo Pharmaceuticals Inc. (*Endo*)
 Forest Laboratories, Inc.
 Genzyme Corporation (*Genzyme*)
 Hospira, Inc.
 King Pharmaceutical, Inc.
 Medicis Pharmaceutical Corp. (*Medicis*)
 Mylan Laboratories Inc.
 Perrigo Company
 Valeant Pharmaceuticals International, Inc.
 Warner Chilcott PLC (*Warner*)

Since the assessment of compensation performed by Towers Perrin, our former independent compensation advisor, in January 2009, we added Biogen, Cephalon, Endo and Genzyme to our peer group based on our selection criteria of public companies competing primarily in the pharmaceutical sector that had between 50% and 200% of our revenue or our market capitalization at the time of the study. Also since the 2009 compensation assessment, we deleted Barr Pharmaceuticals, Inc. and Biovail Corporation from our peer group because compensation data for these companies is no longer available as a result of their acquisition by Teva Pharmaceutical Industries Ltd. and Valeant Pharmaceuticals International, Inc., respectively. We also deleted K-V Pharmaceutical Company and Par Pharmaceutical Companies, Inc. because they did not meet either the revenue or market capitalization criteria. Except for Medicis, the peer companies met either the revenue or market capitalization criteria. Medicis fell below these criteria but our Compensation Committee retained Medicis in our peer group in order to get additional data points for comparison and because F.W. Cook and the Compensation Committee considered Medicis to be very similar to us in terms of business model and scope of operations. The Compensation Committee does not rely exclusively on peer company comparisons and considers an individual's experience and market factors on a case-by-case basis.

Table of Contents

In assessing competitiveness, F.W. Cook generally considered if a Named Executive Officer's target compensation was within, above or below the range of competitive market practices. That competitive range was defined as: each of (a) base salary, (b), target total cash compensation and (c) target total direct compensation being within plus or minus 15% of the 50th percentile of the peer group. Mr. Stewart was not employed in his current position as the Company's Executive Vice President, Global Operations at the time that F.W. Cook performed its compensation analysis in February 2010. As a result, the compensation consultant's analysis did not include Mr. Stewart. F.W. Cook's February 2010 study indicated that target compensation for our Named Executive Officers compared to the competitive range as shown in the following table:

Named Executive Officer and Title	Base Salary	Target Total Cash Compensation(1) Target	Target Total Direct Compensation(2) Target
Paul M. Bisaro <i>President and Chief Executive Officer</i>	Within	Within	Below
R. Todd Joyce <i>Executive Vice President and Chief Financial Officer</i> <i>Former Vice President, Corporate Controller and Treasurer</i>	Below	Below	Below

Robert A. Stewart <i>Executive Vice President, Global Operations</i>	(3)	(3)	(3)

- (1) Target Total Cash Compensation equals base salary plus target annual cash incentive compensation.
- (2) Target Total Direct Compensation equals target Total Cash Compensation plus the expected value of long-term incentive grants, including the expected value of stock options estimated in accordance with Financial Accounting Standards Board Accounting Standards Codification 718 Compensation Stock Compensation as-reported values, restricted stock, and long-term performance plan awards.
- (3) Mr. Stewart was not employed in his current position as the Company's Executive Vice President, Global Operations at the time that F.W. Cook performed its compensation analysis in February 2010. As a result, the compensation consultant's analysis did not include Mr. Stewart.

2010 Executive Compensation Components***Base Salary***

Base salary provides our Named Executive Officers with a degree of financial certainty and stability. In setting base salaries and determining merit increases for our Named Executive Officers the Compensation Committee takes into account a variety of factors, including:

level of responsibility;

individual and team performance;

internal review of the Named Executive Officer's compensation, individually and relative to our other officers and executives with similar responsibilities in our peer group;

general levels of salaries and salary changes at peer group companies; and

our corporate financial results.

With regard to individual and team performance, the Compensation Committee relies to a large extent on our chief executive officer's evaluation of each other Named Executive Officer's individual performance. Salary levels

Table of Contents

are typically reviewed annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to the salaries of our Named Executive Officers are based on the Compensation Committee's and the chief executive officer's assessment of the individual's performance and market conditions.

After taking into consideration (a) the factors listed above, (b) the F.W. Cook competitive pay assessment from February 2010, (c) the recommendations from our chief executive officer in the case of the other Named Executive Officers, in 2010, the Compensation Committee did not change Mr. Bisaro's base salary and increased Mr. Wilkinson's base salary by 2%, Mr. Joyce's base salary by 5.89% and Mr. Buchen's base salary by 2%. Mr. Joyce's increase reflected the increased responsibilities he assumed from his recent promotion to become our Chief Financial Officer. Mr. Stewart's base salary was increased by the Compensation Committee from \$450,000 to \$500,000 effective July 28, 2010 in conjunction with his promotion from our Senior Vice President, Global Operations to our Executive Vice President, Global Operations. In establishing his base salary, the Compensation Committee considered Mr. Stewart's then current compensation prior to his promotion, the information contained in the February 2010 F.W. Cook report regarding competitive market practices for compensation of other executives with similar responsibilities in our peer group, and the nature of the roles and responsibilities Mr. Stewart would be expected to assume.

Annual Cash Incentive Awards

The purpose of our annual cash incentive program is to provide cash compensation on an annual basis that is at-risk and contingent on the achievement of measurable annual individual, departmental, business and strategic objectives and corporate and segment financial goals. These cash incentives are intended to link a substantial portion of executive compensation to our performance and provide executive officers with a competitive level of compensation if they achieve their objectives.

Each year, the Compensation Committee adopts guidelines pursuant to which it calculates the annual cash incentive awards available to our Named Executive Officers, subject to the Compensation Committee's oversight and modification. The Compensation Committee believes that our annual incentive program provides our Named Executive Officers with a team incentive to both enhance our financial performance and perform at the highest level. The terms of these programs are not contained in a formal written plan.

Annual Cash Incentive Awards for our Chief Executive Officer

The Compensation Committee met in February 2010 to discuss the annual cash incentive program for Mr. Bisaro for fiscal year 2010. At this meeting, the Compensation Committee reviewed the then-most recent F.W. Cook competitive pay assessment for its chief executive officer from February 2010, which reflects the fact that the average bonus payment for chief executive officers of companies in our peer group in that assessment was approximately 120% of their base salary. Mr. Bisaro's target bonus has historically been set at approximately 100% of his salary and the Compensation Committee determined that this continued to be an appropriate amount on the basis of the F.W. Cook competitive pay assessment, the Compensation Committee's ability to adjust Mr. Bisaro's target bonus to reflect his performance, and the opportunities provided to Mr. Bisaro from time to time to earn a special bonus in certain instances.

The Compensation Committee also considered our historical and projected revenues and Adjusted EBITDA relative to the appropriate cash incentives for Mr. Bisaro to achieve those projections. For the purpose of measuring Corporate Financial Performance, Adjusted EBITDA meant our earnings before interest, taxes, depreciation and amortization, adjusted for share-based compensation, acquisition or licensing related charges, restructuring charges, litigation gains or losses, charges associated with our global supply chain initiative, non-cash charges, gains or losses on debt repurchase, gains or losses on sales of operating assets or securities and such other special items as determined at the

discretion of our Board of Directors. The Adjusted EBITDA targets for Mr. Bisaro are pre-established by the Compensation Committee at the commencement of the year and are the same targets as established for the Corporate Financial Performance measure under our annual cash bonus program for our other executive officers. A reconciliation of Adjusted EBITDA to net income for the year ended December 31, 2010 can be found on our Current Report on Form 8-K furnished to the SEC on February 15, 2011.

Table of Contents

Based on the factors above, the Compensation Committee adopted an annual cash incentive program pursuant to which Mr. Bisaro was eligible to receive a target cash bonus of \$1 million, of which \$700,000 was based upon our financial performance in 2010 as measured by Adjusted EBITDA against pre-established targets, and \$300,000 was at the discretion of the Compensation Committee, taking into account Mr. Bisaro's success in 2010 in:

Setting and implementing strategies to develop and grow our Global Generic, Global Brands and Distribution business segments;

Implementing our cost improvement initiatives, including the integration of our offshore operations;

Improving our quality systems and procedures;

Identifying and retaining key executives, recruiting key executives and developing succession plans for our senior leaders;

Achieving success in new business strategies both globally and in biologics; and

Effectively communicating with stockholders and prospective stockholders concerning our business.

The \$300,000 objective-based portion of Mr. Bisaro's target cash bonus was subject to further adjustment by the Compensation Committee of between 0% and 150% based on its assessment of Mr. Bisaro's individual performance. The Compensation Committee does not assign a specific weight to any given goal and also considers other relevant factors in its sole discretion in making awards under the program.

In March 2011, the Compensation Committee evaluated Mr. Bisaro's performance under the measures above. Based on our actual Adjusted EBITDA for 2010 of \$838.2 million, compared to target Adjusted EBITDA of \$788.3 million, and the Compensation Committee's evaluation of Mr. Bisaro's achievement of the goals above, the Compensation Committee awarded a cash incentive bonus totaling \$1.1 million to Mr. Bisaro for performance in 2010 of which \$775,000 was based on the Company's financial performance as measured by Adjusted EBITDA, and \$325,000 was based on his individual performance.

The Compensation Committee revised the annual cash incentive program for Mr. Bisaro for fiscal year 2011. Specifically, under the 2011 program, Mr. Bisaro will be eligible to receive a target cash bonus of \$1.2 million based upon our financial performance in 2011 as measured by Adjusted EBITDA. Mr. Bisaro's actual bonus with respect to 2011 will be further subject to adjustment by the Compensation Committee to be between 0% and 150% of the \$1.2 million target amount based on the Compensation Committee's assessment of Mr. Bisaro's success in implementing the following strategic goals for 2011:

Establishing, refining and implementing strategies to develop and grow our Global Generic, Global Brands and Distribution business segments;

Developing and implementing strategies to support investment in the development of biologic products;

Implementing strategic and tactical measures and maintaining the high level of corporate focus necessary to enable us to achieve our 2011 business objectives;

Continuing to enhance and expand efforts to effectively communicate with stockholders and prospective stockholders concerning our business;

Identifying and retaining key executives, recruiting key executives and developing succession plans for our senior leaders; and

In addition to executing strategies to support organic growth, continuing efforts to expand our global business through appropriate business development activities.

The Compensation Committee will determine whether and to what extent a bonus will be paid to Mr. Bisaro for fiscal year 2011 after the end of 2011.

Recoupment of Incentive Compensation

Pursuant to Mr. Bisaro's employment agreement with the Company, in the event of a significant restatement of the Company's financial statements (other than due to a change in generally accepted accounting rules or their interpretation by the Company's auditors, or as a result of events the Board determines were beyond Mr. Bisaro's control and responsibility) occurring at any time up to three years following the termination of Mr. Bisaro's employment with the Company, the Board will review all compensation that was made to the Executive on the basis of having met or exceeded specific performance targets for performance periods beginning after January 1, 2007 which occur during the restatement period. To the extent permitted by applicable law, the board will seek to recoup from Mr. Bisaro the amount by which his incentive compensation for the relevant period exceeded the lower payment he would have received based on the restated financial results on a net after-tax basis, plus a reasonable rate of interest; provided, however, that the Board shall not seek to recoup incentive compensation paid more than three (3) years before the date such restatement is disclosed. The foregoing would apply to amounts received by Mr. Bisaro in the form of both his annual cash incentive award and his performance-based equity awards.

Annual Cash Incentive Awards for our other Named Executive Officers

The Compensation Committee met in February 2010 to discuss the annual cash incentive program for each of our Named Executive Officers, other than our chief executive officer, for fiscal year 2010. At this meeting, the Compensation Committee reviewed the then-most recent F.W. Cook competitive pay assessment for our Named Executive Officers (other than the chief executive officer) from February 2010. Based on this review, the Compensation Committee established 2010 annual cash bonus targets for each of our Named Executive Officers, other than our chief executive officer, expressed as a percentage of such Named Executive Officer's base salary. The resulting target bonus percentages were: 50% for Mr. Joyce; 60% for Mr. Wilkinson; 50% for Mr. Stewart; and 50% for Mr. Buchen, which are the same percentages in place for the 2009 bonus program. Mr. Stewart's target bonus percentage increased from 50% to 60% effective July 28, 2010 in connection with his promotion to Executive Vice President, Global Operations. We determined the target annual cash incentive award for Mr. Stewart in his new position by reference to factors including (i) the F.W. Cook competitive pay assessment, (ii) his compensation history and the need to offer market competitive compensation packages to recruit and retain him and (iii) the nature of the roles and responsibilities he would be expected to assume.

The bonus actually paid to these Named Executive Officers depended primarily on our financial performance in 2010 as measured by pre-established Adjusted EBITDA targets, which we refer to as Corporate Financial Performance. Because their responsibilities relate to the Company as a whole rather than a particular business segment, the actual bonus for each of our Named Executive Officers other than Mr. Wilkinson is based on Corporate Financial Performance, without reference to the performance of a specific business segment. Accordingly, the initial adjustment to the target bonus for each of our Named Executive Officers other than Mr. Wilkinson is made on the basis of a multiple reflecting only Corporate Financial Performance. In the case of Mr. Wilkinson, however, 50% of his bonus opportunity is based on our overall Corporate Financial Performance and 50% is based on the contribution of the Global Brands business segment which he leads, which we refer to as Segment Contribution. Accordingly, his target bonus amount is first adjusted by a blended multiple reflecting, on a 50-50 basis, actual corporate financial performance and the financial performance of the Global Brands segment.

The final bonus payable to each Named Executive Officer is then subject to further adjustment, based on a multiplier of 0% to 150% of the target bonus opportunity to reflect the evaluation of the individual performance of the Named Executive Officer during 2010 as determined by our chief executive officer based on the executive's achievements during 2010, which we refer to as Individual Performance. Our chief executive officer's evaluation of each Named Executive Officer's Individual Performance is based on a combination of subjective and objective performance measures relating to overall corporate and segment performance. No specific weight is assigned to any of these

measures.

Corporate Financial Performance. The Compensation Committee measures Corporate Financial Performance through Adjusted EBITDA, which it believes is the best indicator of such performance because it facilitates analysis by management and investors in evaluating the Company's financial performance and comparing it against companies in its peer group. The Compensation Committee used a performance grid that established various

Table of Contents

Adjusted EBITDA milestones necessary for full or partial funding of the annual incentive award for Corporate Financial Performance. Based on the Company's 2010 actual Adjusted EBITDA of \$838.2 million and target Adjusted EBITDA of \$788.3 million, annual incentive awards for Corporate Financial Performance were funded at 110.6% of target bonus opportunity.

Between threshold and maximum funding were intermediate levels of funding that were generally proportionate to corresponding Adjusted EBITDA milestones.

Segment Contribution. The contribution to our overall corporate financial performance by our Global Generics, Global Brands and Distribution business segments is given significant weight in determining the overall cash incentive award available to members of these business segments, including Mr. Wilkinson. This weighting recognizes that each business segment has its own measures of performance and achievement that may differ from overall corporate measures or from the measures used by our other segments. The Compensation Committee believes that using these relative measures of performance is key to specifically rewarding the performance of our executives in these segments. For the purpose of measuring Segment Contribution, Adjusted Contribution meant a business segment's contribution to our operating profit as reported in our filings with the SEC adjusted for any reconciling item of the relevant segment that was excluded in determining Adjusted EBITDA. The calculation of the Adjusted Contribution of our Distribution business segment is subject to an additional adjustment to reflect its sale of the Company's products. In determining the portion of a Named Executive Officer's annual incentive award attributable to Adjusted Contribution, the Compensation Committee uses a performance grid that establishes threshold, target and maximum contribution levels for each of our business segments, which has the same payout ratios in the grid above under Corporate Financial Performance. The Target Adjusted Contribution level in 2010 was set above actual Adjusted Contribution in fiscal 2009 for the Generic business segment. For our Branded business segment, the Target Adjusted Contribution level in 2010 was set below the actual Adjusted Contribution in fiscal 2009 for the Global Brands business segment. This decrease in the Target Contribution level assigned for the Global Brands business segment was based primarily on the anticipated decline in revenues from the loss of the Ferrlecit® product as a result of the expiration of our distribution rights for Ferrlecit® on December 31, 2009. Based on the Global Brands business segment's actual Adjusted Contribution in 2010 of \$103.9 million and target 2010 Adjusted Contribution of \$113.7 million, the portion of Mr. Wilkinson's annual incentive award based on the financial performance of the Global Brands business segment was funded at 79.7% of target bonus opportunity.

Individual Performance. The Compensation Committee also recognizes that Individual Performance is a key element to consider in determining the overall cash incentive award available to an executive. To this end, our chief executive officer reviews the performance of each of our executive officers on the basis of specific objective and subjective factors and, with the assistance of our human resources department, makes recommendations to the Compensation Committee concerning compensation of the Named Executive Officers, including with respect to adjustments to their target cash bonus payments. In 2010, such adjustment to reflect Individual Performance could have been a multiplier ranging from 0% to 150% of a Named Executive Officer's target bonus in determining the annual cash incentive award due to each of our Named Executive Officers. While the Compensation Committee considers these recommendations in determining annual cash incentive awards, it may modify any such recommendations at its discretion.

In March 2011, the Compensation Committee awarded cash bonuses in accordance with the objective results and factors discussed above to Mr. Joyce of \$273,765, Mr. Wilkinson of \$398,057, Mr. Stewart of \$414,750, and Mr. Buchen of \$330,195.

Our 2011 cash incentive award program is substantially similar to our 2010 program, but features financial targets and thresholds for Adjusted EBITDA and segment contribution based on our 2011 operating plan as approved by our Board of Directors. Meeting and exceeding these targets will require consistent and superior performance by us, each of our business segments and our Named Executive Officers.

Special Bonuses

The Compensation Committee awarded Mr. Bisaro a special bonus of \$400,000 for his efforts in expanding our international operations including the integration of the Arrow Group.

Long-Term Equity Incentives

Our Named Executive Officers generally receive equity based grants when they join us, upon promotions and generally thereafter as part of the Compensation Committee's determination of the executive officers' annual total compensation on annual dates scheduled in advance. Annual equity grants are determined in the first quarter of each calendar year. All equity awards are approved before or on the date of grant. In determining the size of equity-based grants, the Compensation Committee considers the number of shares available under the Amended Restated 2001 Incentive Award Plan of Watson Pharmaceuticals, Inc. (the *Incentive Award Plan*), the potential dilutive impact of such grants on our stockholders, the individual's position with us, the appropriate allocation of such grants based on individual and corporate performance, and the level of grants awarded by our peers.

The Compensation Committee believes that equity-based awards provide a valuable tool for aligning the interests of management with our stockholders and focusing management's attention on our long-term growth. In addition, the Compensation Committee believes that equity-based awards are essential to attract and retain the talented professionals and managers needed for our continued success. In order to better align the interests of our Board and management with those of our stockholders in a fair and reasonable manner, as well as to implement what we believe is a corporate governance best practice, we have also adopted stock ownership guidelines for our senior executives and directors, which are effective commencing in 2011. Our ownership guidelines require our (i) directors to hold stock in the Company in an amount at least equal in value to four times their annual base director's fee, (ii) chief executive officer to hold stock in the Company in an amount at least equal in value to four times his base salary; (iii) executive vice presidents (including Messrs. Wilkinson, Joyce, Buchen and Stewart) to hold stock in the Company in an amount at least equal in value to twice their base salary and (iv) senior vice presidents to hold stock in the Company in an amount at least equal in value to their base salary. Under our guidelines, vested and unvested restricted stock, as well as shares of stock actually owned by a director or an executive, are included in the calculation.

After further considering the cost and dilutive impact of our long term equity awards, the marginal retention value we were achieving through our stock options and market trends relating to long-term incentive compensation, the Compensation Committee revised our approach to long-term equity compensation in 2007. This revised approach, which remained in effect through 2010, had two key components. First, the Compensation Committee shifted our annual long-term equity awards away from a mix of options and restricted stock to restricted stock awards only. Second, the Compensation Committee split our restricted stock awards into two classes: (1) *Time Awards* that are based on individual and corporate performance factors and (2) *Performance Awards* pursuant to which each Named Executive Officer has the right to receive a number of shares of restricted stock granted after year end based on our performance against the same Adjusted EBITDA targets upon which our annual cash incentive compensation program is based. Any restricted stock issued pursuant to a Performance Award vests on the same basis as the Time Awards. The Compensation Committee may, in the future, adjust this mix of award types or approve different award types as part of our overall long-term equity incentive program. Commencing in 2011, we have further developed our approach to equity compensation by, among other things, (i) granting awards based on fixed dollar value rather than fixed share guidelines and (ii) linking the number of shares actually earned even more strongly to financial performance and the creation of long-term shareholder value. For more information, see the discussion under *Changes in the Company's Long-Term Equity Incentive Program* on page 26.

Restricted Stock

Time Awards. As part of our total compensation program the Compensation Committee generally grants shares of restricted stock to our Named Executive Officers on an annual basis (the *Time Awards*). Each Named Executive Officer is entitled to a grant of Time Award shares within a range that varies in accordance with the Named Executive Officer's position of responsibility with us. The Compensation Committee determines the specific number of Time Awards to be granted to each Named Executive Officer based on our performance and the Compensation Committee's

evaluation of each officer's individual performance, taking into consideration the recommendation of our chief executive officer. In recognition of their performance in fiscal 2009, the Compensation Committee awarded Time Awards of restricted stock in February 2010 in the following amounts: Mr. Bisaro received 36,850 restricted shares, Mr. Joyce received 5,000 restricted shares, Mr. Wilkinson received 9,000 restricted shares, Mr. Stewart received 5,000 restricted shares (in addition to the 5,000 restricted shares he received

Table of Contents

in connection with his joining the Company in November, 2009) and Mr. Buchen received 7,500 restricted shares. The amounts of these grants represent Time Award dollar values based mainly on peer company group compensation data prepared by F.W. Cook.

Performance Awards. The Company provides performance-based annual equity incentive awards to our chief executive officer under a compensation program administered by the Compensation Committee and for our executive officers under the 2010 Senior Executive Equity Compensation Program. Under these programs, our senior executive officers, including our Named Executive Officers, are eligible to receive an award of shares of restricted stock based on the Company's performance during the fiscal year as measured by Adjusted EBITDA. The target number of restricted shares to be awarded to a Named Executive Officer's under a Performance Award is equal to his or her actual Time Share award granted in the fiscal year for which performance is being measured. The actual number of restricted shares issued by the Compensation Committee can range from 0% to 150% of the target under the Performance Award for each of our Named Executive Officers based upon our financial performance for the fiscal year using the same Adjusted EBITDA calculation used by the Compensation Committee in determining our annual cash incentive payouts to such Named Executive Officer. In March 2011, the Compensation Committee determined our financial performance in 2010 as measured by Adjusted EBITDA resulted in a payout of 110.6% of the target issuance.

Our shares of restricted stock (including Time Awards and shares issued pursuant to Performance Awards) generally have restrictions on resale that lapse on the second and fourth anniversaries of the grant date. On each of those dates 50% of the total award's restrictions on resale lapse, contingent on the continued employment with us by the Named Executive Officer during the restriction period. In the future, the Compensation Committee may adjust the restrictions on resale to which our restricted stock is subject. The Compensation Committee will determine whether and to what extent Performance Awards will be awarded for fiscal year 2011 after the end of 2011.

New Hire and Promotion-related Awards

No equity awards were granted to any of our Named Executive Officers in 2010 in connection with hiring or promotion.

Stock Options

Prior to 2008, we awarded stock options with an exercise price equal to the last closing price of our common stock on the NYSE on the day of the award grant, in accordance with the terms of our Incentive Award Plan. These options generally have a term of 10 years and generally are subject to a four-year ratable vesting schedule. Vesting rights cease upon termination of employment (except in the case of a qualifying termination in connection with a change-in-control, in which case vesting rights accelerate upon termination of employment) and exercise rights generally cease ninety (90) days after the date of termination, except in the case of death (subject to a one year limitation), disability or retirement (see Continued Vesting of Equity Awards below). Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

We did not grant any options to any Named Executive Officers in 2009 or 2010.

We believe the term and vesting schedule of our stock options, and the vesting schedule for our restricted stock awards, provide additional incentive to management to remain with the Company and to focus on long-term growth and corporate financial performance.

Continued Vesting of Equity Awards

The Compensation Committee believes it is important to recognize tenured service to us, to encourage retention and to facilitate retirement planning through the continued vesting of some or all unvested equity for those employees that have met pre-established age and service requirements. This continued vesting is intended to reward such employees for their long service to the Company and to provide an incentive for executives nearing retirement to continue to make decisions that are in the long-term interest of stockholders. In May 2010, the Company adopted a policy to permit the continued vesting of restricted stock and other equity awards to all employees whose

Table of Contents

employment terminates with the Company (other than termination for cause), provided that such employee is (i) at least sixty years of age at the time of termination from the Company and (ii) has at least ten years of consecutive service to the Company as a full-time employee at the time of termination.

Changes in the Company's 2011 Long-Term Equity Incentive Program

Commencing in 2011, the Compensation Committee, with the advice and assistance of F.W. Cook and senior management, adopted changes in the design of our long-term equity incentive program designed to, among other things, transition from a system of granting equity awards according to fixed share number guidelines to a system of granting awards according to fixed dollar value guidelines for the equity awarded. We shifted to fixed dollar awards to create better alignment between the intended target value of awards and the value actually delivered on the grant date. Our new equity incentive program also places a strong emphasis on earning awards based on pre-established performance criteria for our senior executives by linking the number of shares that they can earn to not only our Adjusted EBITDA performance, but also to our relative stock price performance over a three year period. Use of these measures balances operational and market performance and ensures that performance against each measure has a significant effect on earned compensation. This mix focuses the executive on the Company's strategic business goal of cash generation as well as the Company's performance compared to a broad index of companies.

Prior to 2011, the equity awards granted to our senior management, including our Named Executive Officers, were comprised of 50% Time Awards and 50% Performance Awards. Beginning in 2011, our senior management will receive equity awards of an aggregate target dollar value based on dollar value guidelines reflecting peer company group compensation data prepared by F.W. Cook, subject to adjustment for individual performance. In the case of each of our Named Executive Officers, the aggregate dollar value of their equity award will be allocated in equal amounts among three types of grants: (i) time-vested individual performance-based restricted stock, (ii) one-year Company performance-based restricted stock and (iii) three-year Company performance-based restricted stock. We discuss each of these types of grants below.

Time Awards. Time-vested individual performance-based restricted stock awards granted in 2011 are similar to the Time Awards described above. The actual number of shares granted will be determined on the basis of the Company's closing stock price on the day the grants are determined by the Compensation Committee. Once granted, the awards will vest based solely on continued service with the Company, with 50% vesting on each of the second and fourth anniversaries of the grant date.

Adjusted EBITDA Performance Award. The one-year Company performance restricted stock grant (the "Adjusted EBITDA Performance Award") is similar to the Performance Awards granted in 2010. The Adjusted EBITDA Performance Award are earned based on Adjusted EBITDA performance against target during 2011. The number of shares that can be earned may range from 0% to 150% of the target, depending on performance (with linear interpolation between performance levels) as follows:

Performance below a base threshold of Adjusted EBITDA would result in no shares being earned;

Performance at the base threshold of Adjusted EBITDA would result in 50% of the target shares being earned;

Performance at target Adjusted EBITDA would result in 100% of the target shares being earned; and

Performance at the upper threshold of Adjusted EBITDA would result in a maximum of 150% of the target shares being earned.

Once earned, Adjusted EBITDA Performance Awards will continue to be subject to time based vesting of 50% on each of the second and fourth anniversaries of the beginning of the 1-year performance period (which equates to one and three years following the conclusion of the 1-year performance period, respectively).

TSR Performance Award. The performance metric for the three-year Company performance restricted stock awards (*TSR Performance Awards*) will be the Company's relative Total Shareholder Return (*TSR*) for the 3-year performance period from January 2011 through December 2013 against the Company's peer company group as identified in the Company's annual proxy statement in the year in which the award is granted. The Company's *TSR* refers to the Company's share price performance (and dividends, if any) ranked relative to the performance

Table of Contents

of its peer company group during the relevant period. Earned TSR Performance Awards would vest at the end of the 3-year performance period and would be settled as soon as administratively feasible thereafter. The number of shares that may be earned may range from 0% to 150% of the target, depending on performance (with linear interpolation between performance levels) as follows:

Performance below a base threshold of TSR in the 25th percentile of the peer company group would result in no shares being earned;

Performance at the base threshold of TSR in the 25th percentile of the peer company group would result in 25% of the target shares being earned;

Performance at target TSR in the 50th percentile of the peer company group would result in 100% of the target shares being earned; and

Performance at the upper threshold of TSR in the 75th percentile of the peer company group would result in a maximum of 150% of the target shares being earned.

In the event that the Company has a negative TSR at the end of the three-year performance period, then the maximum number of shares that could be earned, regardless of the Company's TSR relative to its peer company group, would be 100% of target.

To ensure tax deductibility of the awards under IRC Section 162(m), the performance goals for each year's award are required to be established within the first 90 days of the performance period. The Compensation Committee's decision with regard to performance metrics affects only the current year awards, and may be changed for future awards.

Perquisites and Other Personal Benefits

We provide our Named Executive Officers with perquisites and other personal benefits that we and the Compensation Committee believe have a business purpose, are reasonable and consistent with our overall compensation program and better enable us to attract and retain superior employees for key positions. The Compensation Committee believes these benefits and perquisites provide a more tangible incentive with a greater perceived value than an equivalent amount of cash compensation. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to our Named Executive Officers.

The Named Executive Officers are provided with a monthly car allowance, mandatory annual physical exams, financial planning assistance and participation in the plans and programs described below under the heading "Other Benefits - Generally Available Benefits." Upon relocation, Named Executive Officers may receive, at the discretion of the Compensation Committee, relocation benefits pursuant to applicable Company policies. In 2010, Messrs. Joyce and Stewart received such relocation benefits. Mr. Joyce's relocation was in connection with his promotion to the Company's Senior Vice President and Chief Financial Officer. Mr. Stewart's relocation was in connection with his being hired by the Company in 2009. In each instance, the Company believes that providing such relocation benefits (i) is consistent with market practices and (ii) supports its goal of fostering cohesion and communication among its senior executives. The car allowance is intended to cover expenses related to the lease, purchase, insurance and maintenance of a vehicle. It is provided in recognition of the need to have executive officers visit customers, business partners and other stakeholders in order to fulfill their job responsibilities. The mandatory annual physical exams are required to monitor the physical health of our executives and to discover potential health issues that could interfere with their duties at the company. The financial planning assistance covers expenses resulting from financial, estate and tax planning. We believe that it is in its best interest for the executives to have professional assistance in managing their total compensation so that they can focus their full attention on growing and managing the business.

Table of Contents

Other Benefits

Generally Available Benefits

We provide the following benefits to our Named Executive Officers generally on the same basis as the benefits provided to all employees:

Health, dental and vision insurance;

Life insurance;

Short- and long-term disability;

Educational assistance; and

401(k) plan.

Executive Compensation Deferral Program

Our Named Executive Officers, in addition to certain other U.S.-based eligible management level employees, are entitled to participate in our Executive Deferred Compensation Plan. We believe that, because the Company does not offer a defined benefit pension plan, such a deferred compensation arrangement should be included as a component of a market competitive compensation program to assist participants in planning and saving for their retirement. Pursuant to our Executive Deferred Compensation Plan, eligible employees may defer from 1% to 80% of their salary and from 1% to 80% of their annual cash incentive award, if any.

We match 50% of the first 2% an employee defers in accordance with this Plan. Vesting of the matched amount is based on an employee's years of service with us. If an employee has been with us for less than one year, none of the matched amount is vested. Vesting thereafter occurs 33% per year, such that employees who have been with us for more than 3 years are 100% vested in the matched amount.

All contributions to our Executive Deferred Compensation Plan have a guaranteed fixed interest rate of return. This guaranteed rate is adjusted annually based on the Prime interest rate published in the Wall Street Journal on the first business day of November 2009 for the 2010 plan year. In 2010 the guaranteed interest rate was 3.25%.

Severance Benefits

Termination of each of our Named Executive Officer's employment can occur at any time with or without cause, or by reason of death or disability. Additionally, each Named Executive Officer may voluntarily resign at any time with or without good reason. Pursuant to each of our Named Executive Officer's respective employment agreement or other terms of employment, in the event of termination of employment without cause, or if the Named Executive Officer resigns for good reason, we will provide the Named Executive Officer with severance compensation and benefits, including a lump sum severance payment (based on a multiple of the executive officer's salary and, in the case of Messrs. Bisaro, Joyce and Buchen, their bonus), continued group health insurance benefits for two years and (other than with respect to Mr. Bisaro) outplacement services for certain periods subsequent to the executive officer's termination. The severance benefits are designed to retain our executive officers by providing them with security in the event of a termination of employment without cause or resignation for good reason.

In addition to the severance benefits discussed above, if we experience a change-in-control, and if a Named Executive Officer is terminated without cause or resigns for good reason within ninety (90) days prior to or up to twenty-four (24) months following such change-in-control, our employment agreements with our Named Executive Officers provide for the immediate vesting of any unvested options and restricted stock held by such Named Executive Officer. The benefits are only payable upon a double trigger there must be a change-in-control and a termination or resignation for good reason. We believe this approach to be in our best interests in that it (1) provides a retention incentive to our Named Executive Officers who may be faced with the potential of job loss following a change-in-control and (2) affords any successor entity the opportunity to retain any or all Named Executive Officers following such a change-in-control.

Table of Contents

In the event of a termination as a result of a change-in-control of the Company, each of Messrs. Bisaro, Joyce and Buchen is also entitled to receive a gross-up payment to compensate for any excise tax imposed on the Named Executive Officer under the Internal Revenue Code (the "IRC"). Each of these executives' employment agreements were entered into prior to 2010, and none were amended in 2010.

Tax Considerations

Policy on Deductibility of Executive Compensation

Section 162(m) of the IRC provides a \$1,000,000 deduction limit on compensation paid to the reporting executives of publicly held corporations, unless the compensation qualifies as performance based compensation based on certain performance, disclosure, stockholder approval and other requirements being met. The options granted under the Incentive Award Plan generally comply with these performance-based compensation requirements. We have not historically designed our long-term equity incentives and our annual cash incentive award programs to comply with the performance-based compensation requirements.

We periodically review the potential consequences of Section 162(m) and may structure the performance-based portion of our executive compensation to comply with certain exemptions of Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions of Section 162(m) when we believe that such payments are appropriate and in the best interests of our stockholders.

Nonqualified Deferred Compensation

Section 409A of the IRC requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities and penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including the Named Executive Officers, so that they are either exempt from, or satisfy the requirements of, Section 409A. With respect to our compensation and benefit plans that are subject to Section 409A, in accordance Section 409A and regulatory guidance issued by the Internal Revenue Service ("IRS"), we are currently operating such plans in compliance with Section 409A based upon our good faith, reasonable interpretation of the statute and the IRS's regulatory guidance.

Change-in-Control Tax Gross-Ups

Sections 280G and 4999 of the IRC impose certain adverse tax consequences on compensation treated as excess parachute payments. An executive is treated as having received excess parachute payments if he receives compensatory payments or benefits that are contingent on a change-in-control, and the aggregate amount of such payments and benefits equal or exceeds three times the executive's base amount. The portion of the payments and benefits in excess of one times base amount are treated as excess parachute payments and are subject to a 20% excise tax, in addition to any applicable federal income and employment taxes. Also, our compensation deduction in respect of the executive's excess parachute payments is disallowed. If we were to be subject to a change-in-control, certain amounts received by our executives (for example, amounts attributable to the accelerated vesting of stock options) could be excess parachute payments under Sections 280G and 4999 of the IRC. As discussed below under "Potential Payments Upon Termination or Change-in-Control," we provide certain of our executive officers with tax gross up payments in the event of a change-in-control, but did not enter into any such agreements in 2010.

Risk Oversight; Assessment of Compensation Risk

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate risk owner within the organization to enable it to understand our risk identification, risk management and risk mitigation strategies. When a committee receives the report, the Chairman of the relevant committee reports on the discussion to the full Board

during the next Board meeting. This enables the Board and its committees to coordinate their oversight of risk and identify risk interrelationships. Pursuant to its charter, the Audit Committee is responsible for discussing with management the Company's major areas of financial risk exposure, and reviewing the Company's risk assessment and risk management policies.

The Compensation Committee, with the assistance of senior management and our independent compensation consultant, reviewed the elements of employee compensation to determine whether any portion of employee compensation encouraged excessive risk taking. Among other things, it considered the following:

The Company has a balanced mix of annual and longer-term incentive opportunities so that executives' motivations for short-term performance are balanced by longer-term considerations.

Significant weighting towards long-term incentive compensation composed of restricted stock helps to discourage short-term risk taking.

Goals are appropriately set to be sufficiently challenging but also reasonably achievable with good performance.

Reasonable incentive award maximums set by the Compensation Committee are in place.

The design of the Company's incentive award program avoids steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds.

To reduce the tendency of formulae and other objective financial performance measures to encourage short-term or excessive risk-taking, compensation decisions are not based solely on the Company's financial performance, but also on subjective considerations, which account for non-financial performance and judgment.

As a pharmaceutical products business, the Company does not face the same level of risks typically associated with compensation for employees at companies in industries such as financial services, insurance and trading.

The Company has adopted stock ownership guidelines for its senior executives effective commencing in 2011.

Based on the above, we have determined that risks arising from these policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

(1) Salary includes annual salary and cash paid in lieu of vacation. Amounts include cash compensation earned but deferred, as applicable, under the Company's deferred compensation plans. Participants in these plans may defer receipt of portions of salary and/or annual non-equity incentive plan compensation earned for the year into Watson's Executive Deferred Compensation Plan. Watson's Executive Deferred Compensation Plan is discussed in further detail above under the heading "Executive Compensation Deferral Program" on page 27 and below under the heading "Nonqualified Deferred Compensation" on page 29.

(2) Mr. Bisaro was awarded special bonuses in the amount of (i) \$250,000 in February 2010 for the completion of the acquisition of the Arrow Group and (ii) \$400,000 in March 2011 for the expansion of our international

operations including the integration of the Arrow Group. Mr. Joyce was awarded a special bonus in February 2010 in the amount of \$25,000 in recognition of his role as interim Chief Financial Officer during 2009. Mr. Stewart received a signing bonus upon appointment as Senior Vice President, Global Operations in November 2009, \$50,000 of which was payable in 2009 and \$100,000 of which was payable in March 2010.

- (3) Stock awards for 2010 represent the aggregate grant date fair value of 2010 Performance Awards and restricted stock grants issued pursuant to 2010 Time Awards. The grant date fair value of restricted stock grants issued pursuant to 2010 Time Awards are based on the fair market value of our common stock of \$39.61 on the issuance date of February 24, 2010. The Company recognizes the expense associated with the fair value of restricted stock grants over the period restrictions are eliminated for those awards. No compensation expense is recognized for the Performance Awards until shares of restricted stock are issued in settlement of such Performance Awards. The grant date fair value of the 2010 Performance Awards is based on the expected target payout for those awards on the date those awards were granted. The fair market value of our common stock on the grant date of February 24, 2010 was \$39.61. However, no compensation expense is recognized for the Performance Awards until shares of restricted stock are issued in settlement of such Performance Awards. The maximum possible value of the 2010 Performance Awards on the date they were granted was as follows: \$2,189,443 for Mr. Bisaro, \$297,075 for Mr. Joyce, \$534,735 for Mr. Wilkinson, \$297,075 for Mr. Stewart and \$445,613 for Mr. Buchen. See table of Outstanding Equity Awards at Fiscal Year-End for the number of shares actually paid out under 2010 Performance Awards. For additional discussion on the assumptions used in determining fair value and the accounting for restricted stock awards, see *Share-Based Compensation* in Note 2 and Note 3 to the audited consolidated financial statements in the Company's Annual Report on Form 10-K for

the year ended December 31, 2010. There were no option awards granted in the three year period ended December 31, 2010.

- (4) Non-equity incentive plan compensation represents payment under our annual cash incentives awards program for the fiscal year stated but paid in March of the following year. For additional discussion on our annual cash incentive award programs, see *Annual Cash Incentive Awards* above under the heading Compensation Discussion and Analysis on page 20 and below under the heading Grants of Plan-Based Awards on page 34.
- (5) Amounts reflect interest on deferred compensation balances that is considered to be earned at above-market interest rates. Interest on deferred compensation is deemed to be above-market if it exceeds 120% of the applicable federal long-term rate. All contributions to our Executive Deferred Compensation Plan have a guaranteed fixed interest rate of return. This guaranteed rate is adjusted annually based on the Prime interest rate published in the Wall Street Journal on the first business day of December 2007 for the 2008 plan year, November 2008 for the 2009 plan year and November 2009 for the 2010 plan year. In 2010 and 2009, the guaranteed interest rate did not exceed 120% of the applicable federal long-term rate and accordingly, no above-market interest has been reflected in the above table for the 2010 and 2009 calendar years. The Executive Deferred Compensation Plan is discussed in further detail above under the heading Executive Compensation Deferral Program on page 27 and below under the heading Nonqualified Deferred Compensation on page 38.
- (6) Total other compensation for 2010 includes relocation payments made to Mr. Joyce and Mr. Stewart in 2010, a car allowance, registrant contributions under our 401(k) plan and deferred compensation plan, group life insurance coverage and other perquisites as follows:

(1) **Annual Cash Incentive Awards:** The Company provides performance-based annual cash incentive awards to our chief executive officer under a compensation program administered by the Compensation Committee and for our executive officers under the 2010 Senior Executive Compensation Program. These columns indicate the possible payouts targeted for 2010 performance under the applicable annual cash incentive award program for each Named Executive Officer listed above. Actual cash incentive awards paid in 2011 for 2010 performance are

set forth in column (f) in the Summary Compensation Table on page 32. Target payouts are based on the targeted percentage of base salary earned during the year. Maximum payouts represent 150% of target payouts, or 100% of target payouts in the case of our chief executive officer. Threshold payouts are based on the minimum level of performance for which payouts are authorized under the program and is equal to 50% of the portion of the Named Executive Officer's annual incentive award attributable to (i) Corporate Financial Performance as measured by Adjusted EBITDA and (ii) in the case of Mr Wilkinson, Segment Contribution as measured by Adjusted Contribution. Payout amounts does not take into account any discretionary authority of the Compensation Committee to increase or decrease a Named Executive Officer's (other than our chief executive officer's) award by +/-25%. For additional discussion of our annual cash incentive award programs, see *Annual Cash Incentive Awards* under the heading Compensation Discussion and Analysis on page 20.

- (2) **2010 Time Awards:** The restricted stock issued on February 24, 2010 pursuant to 2010 Time Awards were authorized in connection with the annual long term equity incentive grant under the Incentive Award Plan. Restrictions lapse equally on the restricted stock grants on the second and fourth anniversaries of the grant date, subject to continued employment. The fair value of Time Award restricted stock grants is based on the fair market value of our common stock of \$39.61 on the issuance date of February 24, 2010.
- (3) **2010 Performance Awards:** The Company provides performance-based annual equity incentive awards to our chief executive officer under a compensation program administered by the Compensation Committee and for our executive officers under the 2010 Senior Executive Equity Compensation Program. Under these programs, our senior executive officers, including our Named Executive Officers, are eligible to receive an award of shares of restricted stock based on the Company's performance during the fiscal year as measured by Adjusted EBITDA. The target issuance of restricted shares to a Named Executive Officer's under a Performance Award is equal to his or her actual Time Share award granted in the fiscal year for which performance is being measured. Maximum issuance represents 150% of target payouts. Threshold issuance represents the minimum level of performance for which issuances are authorized under the program and is equal to 50% of the target issuances. The grant date fair value of the 2010 Performance Awards is based on the expected target payout for those

awards on the date those awards were granted. The fair market value of our common stock on the grant date of February 24, 2010 was \$39.61. However, no compensation expense is recognized for the Performance Awards until shares of restricted stock are issued in settlement of such Performance Awards. The maximum possible value of the 2010 Performance Awards on the date they were granted was as follows: \$2,189,443 for Mr. Bisaro, \$297,075 for Mr. Joyce, \$534,735 for Mr. Wilkinson, \$297,075 for Mr. Stewart and \$445,613 for Mr. Buchen.

The Deferred Plan requires participants to make an annual distribution election with respect to the money to be deferred in the next calendar year. If a participant so elects, deferrals made in one year may be distributed as soon as the next year following the deferral election. Participants may elect to receive a distribution as a lump-sum cash payment or in installment payments paid over 2 to 15 years, as the participant elects. Bonus deferrals are credited to a participant's account the year following the year in which the bonus is earned. As a result, bonus deferrals may

not be distributed until the year following the year in which the bonus is paid to a participant and credited to his or her account. Per regulatory requirements, participants may not accelerate distributions from the Deferred Plan.

- (5) Aggregate balance reflects vested and unvested balances within the Deferred Plan as of December 31, 2010. All amounts are fully vested for each Named Executive Officer except for Mr. Wilkinson and Mr. Stewart, whose vested balance as of December 31, 2010 amounts to \$14,466 and \$11,272, respectively. POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Executive Severance and Change-in-Control Agreements

Each of our Named Executive Officers is party to an employment agreement or arrangement pursuant to which he is entitled to certain payments and benefits in the event of (i) an involuntary termination without cause, (ii) the resignation of the executive for good reason or (iii) a qualifying termination in connection with a change-in-control. With certain exceptions footnoted in the table that follows, these agreements generally provide that under these circumstances our Named Executive Officers are entitled to receive:

- (1) lump sum cash payments ranging from between 24 and 36 months of the executive's then base salary;
- (2) with certain exceptions, a multiple of the executive's annual bonus, which, depending on the executive and the type of termination, as noted in the table below, may be determined on the basis of such executive's target bonus or the greater of target bonus or such executive's prior year actual bonus. Messrs. Joyce and Buchen (as well as Mr. Bisaro, but only in the case of a termination without cause or for good reason) are also entitled to a prorated bonus for the year in which the termination occurs;
- (3) continued group health benefits (medical, dental and vision) for the executive and the executive's dependents for a period of between 18 and 36 months; and
- (4) for the Named Executive Officers other than Mr. Bisaro, outplacement services for one year with a nationally recognized service selected by us.

Unless we determine that any severance payments should be delayed in consideration of Section 409A of the Internal Revenue Code of 1986, cash payments are to be paid within 30 days of termination.

Change-in-Control

In the event of a qualifying termination in connection with a change-in-control, a Named Executive Officer is entitled to accelerated vesting with respect to all of his stock equity awards. Such executive is entitled to exercise any vested options for a period of 90 days following termination; provided that the terms of certain option awards permit executives with at least five years of service to the Company as of the date of any such termination to exercise such options for up to one year following termination.

Change-in-Control Gross-Up Payment

Pursuant to their respective employment agreements or arrangements, each of our Named Executive Officers, other than Messrs. Wilkinson and Stewart, is also entitled to receive a tax gross-up payment to compensate him for any excise taxes payable with respect to the payments and benefits made under his employment agreement in the event of a qualifying termination in connection with a change-in-control.

Forfeiture of Severance Benefits

If any of Messrs. Bisaro, Joyce or Buchen breaches a non-solicitation provision of his employment agreement applicable, then any severance payments or other benefits being provided to such Named Executive Officer will immediately cease.

Estimated Termination Payments

In accordance with the requirements of the rules of the SEC, the table below indicates the amount of compensation payable by us to each Named Executive Officer upon (i) an involuntary termination without cause; (ii) the resignation of the executive for good reason; or (iii) a qualifying termination in connection with a change-in-control. The amounts assume that such termination was effective as of December 31, 2010 and thus includes amounts earned through such date and are only estimates of the amounts that would actually be paid to such executives upon their termination. The definitions of change-in-control, cause and good reason and descriptions of the payments and benefits appear after the table.

Table of Contents

The table does not include certain amounts that the Named Executive Officer is entitled to receive under certain plans or arrangements that do not discriminate in scope, terms or operation, in favor of our Named Executive Officers and that are generally available to all salaried employees, such as payment of accrued vacation. The table also does not include the accrued and vested accounts of the executive under our Deferred Plan. These amounts are generally distributed to our executives upon a termination of employment, regardless of the reason, in accordance with his or her election under the applicable plan. The accrued and vested amounts under the Deferred Plan are set forth in the table under Nonqualified Deferred Compensation on page 38.

**PROPOSAL NO. 2 APPROVAL OF AMENDMENT AND RESTATEMENT OF
THE COMPANY S ARTICLES OF INCORPORATION.**

Our articles of incorporation provide that the Board of Directors will be divided into three classes. One class is elected each year for a three-year term, expiring at our annual meeting of stockholders. There are currently four Class I directors, three Class II directors and four Class III directors.

In light of recent developments in corporate governance, the Board of Directors carefully reviewed the advantages and disadvantages of having a classified board of directors. As a result of this review, the Board of Directors has determined that a classified board of directors is no longer in the best interests of the Company and its stockholders. The Board of Directors believes that all directors should be equally accountable at all times for the Company s performance and subject each year to the opinions of our stockholders regarding their performance as a director. On January 18, 2011, the Board of Directors unanimously approved, subject to stockholder approval at the Meeting, the amendment and restatement of our articles of incorporation for the purpose of eliminating the current three-tiered classification of the Board of Directors.

If the amendment and restatement of our articles of incorporation is approved, the current classification system will be phased out over three years:

- (i) the directors elected at the Meeting will serve for a three-year term and stand for election at our 2014 Annual Meeting, for a one-year term;
- (ii) the directors previously elected at our 2010 Annual Meeting will serve out their current three-year term and will stand for election at our 2013 Annual Meeting, for a one-year term;
- (iii) the directors previously elected at our 2009 Annual Meeting will serve out their current three-year term and will stand for election at our 2012 Annual Meeting, for a one-year term; and
- (iv) all other directors who may be appointed after the Meeting would be appointed for an initial term ending at the next Annual Meeting.

If the amendment and restatement of our articles of incorporation is not approved, the Board of Directors will remain classified.

In addition to providing for the declassification of the Board of Directors, the amendment and restatement of our articles of incorporation also provides for the deletion of certain provisions of our articles of incorporation, including provisions related to the non-assessability of fully paid capital stock, the name and address of the incorporator and the perpetual existence of the Company. We believe these deleted provisions are no longer necessary in our articles of incorporation.

The text of the proposed amendment and restatement of our articles of incorporation is attached to this Proxy Statement as **Appendix A**.

Required Vote for Approval of the Amendment and Restatement of Articles of Incorporation

The affirmative vote of the holders of a majority of the outstanding shares of common stock entitled to vote is required to approve the foregoing amendment and restatement of our articles of incorporation.

The Board of Directors believes that the proposed amendment and restatement of our articles of incorporation is in the best interests of the Company and its stockholders and, therefore, unanimously recommends a vote FOR this proposal.

**PROPOSAL NO. 3 APPROVAL OF THE FOURTH AMENDMENT AND RESTATEMENT
OF THE 2001 INCENTIVE AWARD PLAN.**

We are asking our stockholders to approve the Fourth Amendment and Restatement of the 2001 Incentive Award Plan of Watson Pharmaceuticals, Inc. (the *Restated Plan*). On March 2, 2011, our Compensation Committee and our Board or Directors unanimously approved the Restated Plan, subject to Stockholder approval at the Meeting. The material amendments reflected in the Restated Plan:

Provide that the aggregate number of shares authorized for issuance under the Incentive Award Plan after December 31, 2010 shall not exceed 8,241,885 shares;

Revise the share counting methodology for purposes of determining the number of shares available for issuance pursuant to awards under the Incentive Award Plan;

Expand the performance criteria that may be used in connection with certain performance-based awards under the Incentive Award Plan;

Extend the term of the Incentive Award Plan until 2021; and

Clarify various administrative provisions contained in the Incentive Award Plan.

Background

In 2007, our stockholders approved the adoption of the Second Amendment and Restatement of the 2001 Incentive Award Plan, which authorized us to issue up to 19,728,333 shares of our common stock pursuant to awards under the Incentive Award Plan. As of December 31, 2010, there were 5,241,885 shares remaining available for grant or issuance under the Incentive Award Plan.

Upon stockholder approval of the Amendment, the aggregate number of shares that will remain available for issuance under the Incentive Award Plan after December 31, 2010 will be equal to 8,241,885.

If our stockholders approve the proposed increase in authorized shares, such approval will be considered approval of the Incentive Award Plan, as amended, for purposes of Section 162(m) and Section 422 of the Internal Revenue Code of 1986, as amended (the *Code*). If the proposed increase is not approved by the stockholders, the Incentive Award Plan (as in effect immediately prior to the adoption of the increase) will remain in full force and effect.

By seeking stockholder approval of the Restated Plan, the Company is seeking approval of the material terms of performance criteria under the Restated Plan for purposes of Section 162(m) of the Internal Revenue Code. Stockholder approval of such terms would preserve the Company's ability to deduct compensation associated with future performance-based awards made under the Restated Plan under Section 162(m). Section 162(m) limits the deductions a publicly-held company can claim for compensation in excess of \$1 million paid in a given year to its chief executive officer and its three other most highly-compensated executive officers (other than its chief financial officer) (these officers are generally referred to as the *Covered Employees*). *Performance-based* compensation that meets certain requirements is not counted against the \$1 million deductibility cap. Stock options and stock appreciation rights qualify as performance-based compensation if they are granted at an exercise price equal to the fair market value of our common stock on the date of grant. Other awards that the Company may grant under the Restated Plan may qualify as performance-based compensation if the payment, retention or vesting of the award is subject to

the achievement during a performance period of performance goals selected by the Compensation Committee. The Compensation Committee retains the discretion to set the level of performance for a given performance measure under a performance-based award. For such awards to qualify as performance-based compensation, the shareholders must approve the material terms of the performance criteria every five years.

For a discussion of the performance criteria for which approval is being sought, please see the discussion under Performance-Based Awards below.

If the Restated Plan is not approved, its provisions will not become effective. In that case, the Third Amendment and Restatement of the 2001 Incentive Award Plan as in existence prior to its amendment and restatement in March 2011 will continue in effect.

Table of Contents

The Restated Plan is not subject to the provisions of ERISA, and is not a qualified plan under Section 401(a) of the Code.

The principal features of the Restated Plan are summarized below, but the summary is qualified in its entirety by reference to the Restated Plan and the various award agreements used thereunder. The proposed Restated Plan is attached as **Appendix B** to this proxy statement.

Summary of the Restated Plan

Purpose:

The Restated Plan allows the Company to offer to participants a variety of equity-based incentives, including options, stock appreciation rights, restricted stock, restricted stock units, stock payments, deferred stock, and dividend equivalents. These awards may or may not require the attainment of performance objectives. The purposes of these awards are to: (1) provide an additional incentive for directors, employees and consultants to further the growth, development and financial success of the Company by personally benefiting through the ownership of Company stock and/or rights which recognize such growth, development and financial success; and (2) enable the Company to obtain and retain the services of directors, employees and consultants considered essential to the long-range success of the Company by offering them an opportunity to own stock in the Company and/or rights which will reflect the growth, development and financial success of the Company.

Plan Administration:

The Restated Plan is currently administered by the Compensation Committee, except with respect to awards granted to Independent Directors, which are administered by the Board of Directors. All members of the Compensation Committee are non-employee directors, each of whom is intended to qualify as (i) an independent director under the Company's Director Independence Standards, (ii) a non-employee director as defined by Rule 16b-3 of the Exchange Act, (iii) an outside director for purposes of Section 162(m) of the Code, and (iv) an independent director under the NYSE rules. The Compensation Committee has the power to interpret the Restated Plan and to adopt such rules for the administration, interpretation and application of the Restated Plan as are consistent with the Restated Plan. The Compensation Committee may also delegate certain of its duties under the Restated Plan to one or more members of the Compensation Committee or officers of the Company, except that no delegation is permitted for (a) participants that are subject to the reporting rules under Section 16(a) of the Exchange Act, (b) participants who may be subject to the limit on deductible compensation imposed by Section 162(m) of the Code or (c) officers that are delegated such authority by the Compensation Committee. All references to the Administrator mean the Compensation Committee or the party to whom it delegates authority. The Board of Directors may at any time exercise the rights and duties of the Compensation Committee or the party to whom it has delegated authority, except with respect to matters under Rule 16b-3 or Section 162(m) of the Code that are required to be determined by the Compensation Committee. Action by the Compensation Committee will be taken by a majority vote or written consent of all of its members.

Authorized Shares:

The Restated Plan authorizes the issuance of up to 8,241,885 shares of our common stock pursuant to awards under the Restated Plan after December 31, 2010. The number of shares of our common stock available for issuance under the Restated Plan

will be reduced by one share for each share of our common stock subject to awards granted under the Restated Plan after December 31, 2010.

Table of Contents

Any shares of common stock that are potentially deliverable under any award that expires or is canceled, forfeited, settled in cash or otherwise terminated without a delivery of such shares (including on payment in shares on exercise of a stock appreciation right) after December 31, 2010 will, to the extent of the expiration, cancellation, forfeiture, cash settlement or termination, again be available for awards under the Restated Plan and any shares of common stock that have been issued in connection with any award (e.g., restricted stock) that is canceled, forfeited, or settled in cash such that those shares are returned to the Company, such shares, to the extent of the cancellation, forfeiture or cash settlement, will again be available for awards. In addition, any shares of common stock withheld or surrendered in payment of the exercise price or taxes relating to any award under the Restated Plan will again be available for awards under the Restated Plan. Shares of our common stock subject to awards that are adjusted and become exercisable with respect to shares of stock of another corporation will again be available for awards under the Restated Plan, and any shares of our common stock subject to any award granted in substitution for an award of a company or business acquired by the Company shall not be counted against the number of shares reserved under the Restated Plan, but will be available for awards under the Plan by virtue of the Company's assumption of the plan or arrangement of the acquired company or business.

In the event of a dividend, recapitalization, reclassification, stock split, merger, consolidation, split-up, spin-off, combination, consolidation, reorganization, dissolution or other similar corporate transaction that affects our common stock, the Administrator will equitably adjust any or all of the following in order to prevent the dilution or enlargement of benefits or potential benefits intended to be made available under the Restated Plan:

- (i) the number and kind of shares of our common stock that may be granted under
- (ii) the limitation on the maximum number and kind of shares that may be subject to one or more awards granted to any one individual during any fiscal year of the Company,
- (iii) the number and kind of shares subject to outstanding awards, and
- (iv) the grant or exercise price with respect to any such award.

The shares of our common stock covered by the Restated Plan may be treasury shares, authorized but unissued shares, or shares purchased in the open market. For purposes of the Restated Plan, the fair market value of a share of our common stock as of any given date is the closing sales price for a share of our common stock on the stock exchange or national market system on which our common stock is listed on such date or, if there is no closing sales price for our common stock on the date in question, the closing sales price for a share of our common stock on the last preceding date for which such quotation exists, as reported in *The Wall Street Journal*. The closing sales price for a share of our common stock on the New York Stock Exchange on March 4, 2011 was \$56.79, as reported in *The Wall Street Journal*.

Award Limit:

Subject to adjustment, the maximum number of shares of our common stock that may be subject to awards granted to any individual in any fiscal year of the Company may not exceed 500,000 shares and or options. All stock options and stock appreciation rights are granted with an exercise price equal to the fair market value at grant. With respect to other awards, such as restricted stock and RSUs, the

Table of Contents

maximum value an individual can receive is the fair market value of the shares assuming there is no purchase price.

Eligibility:

Participants in the Restated Plan are employees, consultants, or directors of the Company or its subsidiaries, as selected by the Administrator.

Awards

Stock Options:

A stock option may be granted either alone or in addition to other awards granted under the Restated Plan and may be an incentive stock option or a non-qualified stock option. The Administrator determines (i) which employees, consultants, and directors are to be granted options; (ii) the number of shares covered thereby; (iii) whether the options are intended to qualify as incentive stock options or non-qualified stock options (except that only employees of the Company or any subsidiary corporation may be granted incentive stock options); and (iv) terms and conditions of such options, consistent with the Restated Plan.

In the case of incentive stock options, (i) the per share exercise price will not be less than 100% of the fair market value of shares of our common stock on the grant date, and (ii) for the persons owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of capital stock of the Company or any subsidiary corporation (a *10% Person*), the per share exercise price will be not less than 110% of the fair market value of a share of our common stock on the grant date.

In the case of non-qualified stock options, the per share price will not be less than 100% of the fair market value of a share of our common stock on the date the option is granted.

Each option, and its exercise price, term (not to exceed a maximum of ten years), vesting and other material terms will be evidenced by a written award agreement. Payment of the stock option exercise price will be made in cash. However, the Administrator, in its discretion, may allow payment through the delivery of shares of our common stock already held by the award recipient, shares then issuable upon exercise of the stock option, the cash proceeds from a broker assisted market sale of the shares, or other consideration approved by the Administrator, or any combination thereof, having a fair market value on the exercise date equal to the total option exercise price.

In the event the term of a stock option would expire at a time when trading in shares of the common stock by the award recipient is prohibited by law or the Company's insider trading policy, the term of such Option will be automatically extended, subject to a maximum of ten (10) years from the date the stock option was granted and any requirements of Section 422 of the Code, to the 30th day following the expiration of any applicable trading prohibition.

Restricted Stock:

Restricted stock may be sold to participants at various prices or granted in connection with the performance of services. Restricted stock is subject to forfeiture or repurchase by the Company if the vesting conditions are not met and is subject to

transferability restrictions. Vesting conditions may be based on duration of employment and performance criteria (or other specified criteria). The Administrator, in its discretion, will determine (i) which employees, directors or consultants are to be granted restricted stock awards, (ii) the purchase price, which will be no less than the par value of our common stock to be purchased, unless permitted by applicable state law, and (iii) the vesting conditions and restrictions on the shares of our common stock awarded. Except as otherwise determined by

Table of Contents

the Administrator at the time of grant or thereafter, upon termination of employment or service for any reason during the restriction period, all shares of restricted stock will be surrendered by the participant and reacquired by the Company.

***Dividend Equivalents,
Deferred Stock, Stock
Payments and Restricted
Stock Units:***

Participants awarded dividend equivalents will be entitled to receive payments, as determined by the Administrator, equivalent to all or some portion of the dividends payable with respect to a specified number of shares of our common stock, to be credited as of the dividend payment dates. Dividend equivalents are converted to cash or additional shares of our common stock by such formula and at such time and subject to such limitations determined by the Administrator.

Dividend equivalents may be calculated with reference to the number of shares covered by a related award (other than an independent dividend equivalent award, option or stock appreciation right) held by the participant. Dividend equivalents will not be granted on options or stock appreciation rights. In addition, dividend equivalents with respect to an award with performance-based vesting that are based on dividends paid prior to the vesting of such award shall only be paid out to the Participant to the extent that the performance-based vesting conditions are subsequently satisfied and the award vests.

Deferred stock and stock payments will be issued as shares of our common stock at the discretion of the Administrator and pursuant to such vesting, distribution and other terms as the Administrator deems appropriate, including vesting based on specific performance criteria, number of shares, term, and exercise or purchase price.

Restricted stock units will be granted at the discretion of the Administrator and will be subject to such terms as the Administrator deems appropriate, including (i) the number of shares of our common stock subject to the award, (ii) vesting schedule, (iii) purchase price, (iv) performance goals, (v) distribution dates, and (vi) the maximum term of the award. Restricted stock units are subject to forfeiture if the conditions or restrictions are not met. Payments will be made as shares of our common stock.

Unless otherwise determined by the Administrator, dividend equivalents, deferred stock, stock payments and restricted stock units will be exercisable or distributable only while the participant is an employee, consultant or independent director of the Company, as applicable.

Stock Appreciation Rights:

Stock appreciation rights may be granted either alone or in tandem with stock options granted, or previously granted, under the Restated Plan. In the case of a stock appreciation right related to a stock option, the stock appreciation right or applicable portion thereof will terminate and no longer be exercisable upon the termination or exercise of the related stock option. A stock option related to a stock appreciation right will no longer be exercisable to the extent that the related stock appreciation right has been exercised. An independent stock appreciation right is unrelated to any option and has terms, including the number of shares of our common stock covered and vesting terms, that are set by the Administrator. The Administrator may impose such conditions or restrictions on the exercise of any stock appreciation right as it will deem appropriate, provided that no stock appreciation right will have a term that is

longer than ten years or an exercise price below the fair market value of the stock on the date of grant. In the event the term of a stock appreciation right would expire at a time when trading in shares of the common stock by the award recipient is prohibited by law or the Company's insider trading policy, the term of such stock appreciation right will be automatically extended, subject to a maximum of ten (10) years from the date the stock

Table of Contents

appreciation right was granted, to the 30th day following the expiration of any applicable trading prohibition.

Payment for stock appreciation rights will be made based on the fair market value of the shares of our common stock on the date of exercise, less the exercise price, and may be paid in cash, our common stock or a combination of both, as determined by the Administrator. The Administrator may reserve the right, under the terms of a stock option award, to substitute a stock appreciation right for such stock option at any time prior to or upon exercise of the option, with the stock appreciation right being exercisable for the same number of shares of our common stock and at the same per share exercise price.

Performance Criteria:

The Restated Plan has been designed to permit the Committee to grant equity awards that will qualify as performance-based compensation within the meaning of Section 162(m). The Committee may grant performance-based compensation awards to Covered Employees whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m), to preserve the deductibility of these awards for federal income tax purposes (see additional discussion of deductibility requirements under Federal Income Tax Consequences below). Performance-based compensation awards vest or become exercisable upon the attainment of specific performance targets that are pre-established by the Committee and are related to one or more of the performance criteria (described below) set forth in the Restated Plan. Participants are only entitled to receive payment for a performance-based compensation award for any given performance period to the extent that such pre-established performance goals for the period are satisfied.

The pre-established performance goals must be based on one or more of the following performance criteria:

net earnings (either before or after interest, taxes, depreciation and amortization);

gross or net sales or revenue;

net income (either before or after taxes);

adjusted net income

operating income, earnings or profit;

cash flow (including, but not limited to, operating cash flow and free cash flow);

return on assets;

return on capital;

return on stockholders' equity;

total stockholder return;

return on sales;

gross or net profit or operating margin;

costs (including, but not limited to, cost reductions or savings);

expenses;

working capital;

earnings per share;

Table of Contents

adjusted earnings per share;

price per share of common stock;

regulatory body approval or commercialization of a product operating efficiency;

implementation or completion of critical projects;

market share; or

economic value.

The foregoing criteria may relate to the Company, one or more of its divisions, business units, platforms or an individual, or any combination of the foregoing, and may be applied on an absolute basis or as compared to any incremental increases or as compared to results of one or more peer group companies or market performance indicators or indices, or any combination thereof, all as the Committee shall determine.

The Committee may provide that one or more objectively determinable adjustments will be made to one or more of the performance goals established for any performance period. Such adjustments may include one or more of the following:

items related to a change in accounting principle;

items relating to financing activities;

expenses for restructuring or productivity initiatives;

other non-operating items;

items related to acquisitions;

items attributable to the business operations of any entity acquired by the Company during the performance period;

items related to the disposal of a business or segment of a business;

items related to discontinued operations that do not qualify as a segment of a business under applicable accounting standards;

items attributable to any stock dividend, stock split, combination or exchange of shares occurring during the performance period;

any other items of significant income or expense which are determined to be appropriate adjustments;

items relating to unusual or extraordinary corporate transactions, events or developments;

items related to amortization of acquired intangible assets;

items that are outside the scope of the Company's core, on-going business activities;

items related to acquired in-process research and development;

items relating to changes in tax laws;

items relating to major licensing or partnership arrangements;

items relating to asset impairment charges;

Table of Contents

items relating to gains or losses for litigation, arbitration and contractual settlements;
or

items relating to any other unusual or nonrecurring events or changes in applicable laws, accounting principles or business conditions.

In determining the actual size of an individual performance-based award for a performance period, the Committee may reduce or eliminate (but not increase) the award. Generally, a participant will have to be employed on the date the performance-based award is paid to be eligible for a performance-based award for any period.

Change in Control:

Upon the occurrence of Change-in-Control (as defined in the Restated Plan), each outstanding award will remain outstanding, or will be assumed or substituted for an equivalent award by the successor corporation, or a parent or subsidiary of the successor corporation. If the successor corporation refuses to assume or substitute the awards, each holder of an award will be entitled to immediately exercise the award for all shares of our common stock under the award, including unvested shares, and the holder will vest in, and have the right to receive a distribution, with respect to all of the shares subject to the award. If an award becomes exercisable in lieu of assumption or substitution, the Administrator will notify the holder that the award will become fully exercisable for a period of not less than 15 days prior to the Change-in-Control transaction, and the award will terminate upon the expiration of such period. An award will be considered assumed, or an equivalent award will be considered substituted for such award, if, following the Change-in-Control transaction, the award or substituted award provides the holder the right to purchase or receive for each share of our common stock subject to the award prior to the Change-in-Control transaction, the consideration (whether in stock, cash or other securities or property) received or to be received for each share of our common stock in the Change-in-Control transaction (and, if the holders of shares of our common stock are offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of our common stock).

Term of the Amended and Restated Plan:

No award will be granted pursuant to the Restated Plan after , 2021.

Plan Amendments:

The Board of Directors of the Company may amend, modify, suspend or terminate the Restated Plan at any time, except the Board of Directors of the Company must obtain approval of the stockholders of the Company within 12 months before or after such action to: (a) increase the aggregate number of shares of our common stock that may be issued under the Restated Plan (or the aggregate number of shares of our common stock that may be issued pursuant to restricted stock awards, restricted stock unit awards, dividend equivalent awards, deferred stock awards and stock payment awards), (b) expand the classes of persons to whom awards may be granted under the Restated Plan, (c) reduce the exercise price per share of any outstanding stock option or stock appreciation right granted under the Restated Plan or (d) cancel any stock option or stock appreciation right in exchange for cash or another award.

Transferability:

Participants cannot assign or transfer any award, except (i) by will or the laws of descent and distribution; or (ii) subject to the consent of the Administrator, pursuant to a qualified domestic relations order (*e.g.*, a divorce decree). However, the Administrator may permit a participant to transfer a non-qualified stock option to certain permitted transferees (which include certain family members, trusts or family-owned companies). Any transferred non-qualified stock option will not be

Table of Contents

assignable or transferable by the permitted trustee and will be subject to the same terms and conditions.

Certain Federal Income Tax Consequences

The following is a general summary under current law of the material federal income tax consequences to an employee, director or consultant granted an award under the Restated Plan. This summary deals with the general federal income tax principles that apply and is provided for general information only. Alternative minimum tax and other kinds of taxes, such as state, local and foreign income taxes and federal employment taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality.

Stock Options:

Incentive Stock Options. No taxable income should be recognized by the optionee at the time of the grant of an incentive stock option, and no taxable income should be recognized for regular federal income tax purposes at the time the option is exercised; however, the excess of the fair market value of the our common stock received over the option price is an item of adjustment for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For federal income tax purposes, dispositions are divided into two categories: qualifying and disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two years after the date the option for the shares involved in such sale or disposition is granted and more than one year after the date the shares are transferred upon exercise. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition generally will result.

Upon a qualifying disposition, the optionee should recognize long-term capital gain in an amount equal to the excess of the amount realized upon the sale or other disposition of the purchased shares over the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of the fair market value of those shares on the exercise date over the exercise price paid for the shares should be taxable as ordinary income to the optionee. Any additional gain or loss recognized upon the disposition will be recognized as a capital gain or loss by the optionee.

If the amount realized upon the sale or disposition of such shares of our common stock is less than the fair market value of such shares on the date the shares were transferred to the participant upon exercise of the option, the ordinary income recognized for regular tax purposes will be limited to the amount realized upon the sale or disposition of such shares, less the exercise price paid.

We should not be entitled to any federal income tax deduction if the optionee makes a qualifying disposition of the shares. If the optionee makes a disqualifying disposition of the purchased shares, then generally we (or our subsidiary corporation) should be entitled to a federal income tax deduction, for the taxable year in which such disposition occurs, equal to the ordinary income recognized by the optionee.

Non-Qualified Stock Options. No taxable income should be recognized by the optionee at the time of the grant of a non-qualified stock option. Upon exercising a non-qualified stock option, a participant generally recognizes ordinary income equal

to the difference between the fair market value of the shares on the date of exercise and the exercise price. The Company generally will be entitled to a deduction for the same amount.

Restricted Stock:

A participant receiving a restricted stock award generally recognizes ordinary income on the date the restricted shares first become freely transferable, or no

Table of Contents

longer remain subject to substantial risk of forfeiture, in an amount equal to the excess of the fair market value of such shares on that date over the amount (if any) paid by the participant. A participant may be able to make an election under Section 83(b) of the Code to be taxed upon the date of transfer of the restricted stock. The Company generally will be entitled to a corresponding tax deduction at the time ordinary income is recognized by the participant.

Dividend Equivalents, Deferred Stock, Stock Payments, and Restricted Stock Units:

A participant who is awarded dividend equivalent awards, deferred stock awards, stock payment awards or restricted stock unit awards generally will not recognize taxable income, and the Company generally will not receive a tax deduction, until the participant receives the shares of our common stock, or cash, distributed pursuant to the award. When a participant receives payment for these awards in shares of our common stock or cash, the fair market value of the shares or the amount of the cash received generally will be ordinary income to the participant and the Company generally will receive a tax deduction.

Stock Appreciation Rights:

A participant should not be taxed at the time a stock appreciation right is granted nor should the Company receive a tax deduction. Upon exercise of a stock appreciation right, the participant should recognize ordinary income equal to the cash or the fair market value of the stock received on the exercise date. The Company generally will be entitled to a corresponding tax deduction at the time ordinary income is recognized by the participant.

Section 162(m) Limit:

As discussed above, under Code Section 162(m), in general, federal income tax deductions of publicly-traded companies may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and nonqualified benefits) for certain executive officers exceeds \$1 million in any one taxable year. However, under Code Section 162(m), the deduction limit does not apply to certain performance-based compensation established by an independent committee of the board of directors which conforms to certain restrictive conditions stated under the Code and related regulations. The Restated Plan has been structured with the intent that awards granted under the Restated Plan may meet the requirements for performance-based compensation under Code Section 162(m), including compensation derived from the exercise of stock options and stock appreciation rights (to the extent granted at a fair market value exercise price) and other awards that are granted, vest or become exercisable or distributable upon the achievement of pre-established, objectively determinable performance targets based on performance criteria. Such awards generally should be deductible as performance-based compensation and should not be subject to the \$1 million limitation on deductibility.

Section 409A:

Certain awards under the Restated Plan, depending in part on particular award terms and conditions, may be considered non qualified deferred compensation subject to the requirements of Internal Revenue Code Section 409A. If the terms of such Awards do not meet the requirements of Section 409A, then the violation may result in the participant recognizing ordinary income on the amounts deferred under the plan, to the extent vested, prior to when the compensation is actually or constructively received and may result in an additional 20% tax obligation, plus penalties and interest for such participant.

Awards granted under the Restated Plan are intended to comply with Section 409A to the extent applicable.

The foregoing summary with respect to federal income taxation is not intended to be complete and does not take into account federal employment tax or state, local or foreign tax implications.

Table of Contents**New Plan Benefits Under the Restated Plan**

Because the grant of awards under the Restated Plan is subject to the discretion of the Administrator, the number of awards that may be granted to employees and directors under the Restated Plan for the upcoming year cannot be determined at this time. Future option exercise prices under the Restated Plan are also not determinable because they will be based upon the fair market value of shares of our common stock on the grant date. However, for the sake of illustration, the following sets forth the grants that such individuals received under the predecessor plan to the Fourth Amendment and Restatement of the 2001 Incentive Award Plan in March, 2011 (excluding the settlement in March 2011 of any 2010 Performance Awards):

Name and Position	Number of Restricted Shares(1)(2)	Target Number of Performance Shares(3)

(1) Share numbers granted to executives reflect target dollar values converted into shares at our closing stock price of \$55.65 on March 2, 2011, the date of the award.

(2) Equity awards for our directors will be granted on the date of our annual meeting of stockholders.

(3) Target numbers of Performance shares for our Named Executive Officers equal two-thirds of the total number of restricted shares granted. Target Performance shares for other employees range from 0 to two-thirds of the total number of restricted shares granted, depending on their level.

Required Vote for Approval of the Amendment

In order to approve the proposed Restated Plan: (i) greater than 50% in interest of all securities entitled to vote on the proposal must cast a vote on the proposal, and (ii) a majority of such votes cast must vote for the Amendment. Votes for and against and abstentions count as votes cast, while broker non-votes do not count as votes cast. All outstanding shares, including broker non-votes, count as shares entitled to vote. Thus, the total sum of votes for, plus votes against, plus abstentions, which is referred to as the *NYSE Votes Cast*, must be greater than 50% of the total outstanding shares of our common stock. Once satisfied, the number of votes for the proposal must be greater than 50% of NYSE Votes Cast. Thus, abstentions have the same affect as a vote against the proposal. Brokers do not have discretionary authority to vote shares on this proposal without direction from the beneficial owner. Thus, broker non-votes will likely result on this proposal and broker non-votes could impair our ability to satisfy the requirement that votes cast represent over 50% of our outstanding shares of our common stock.

The Board of Directors unanimously recommends a vote FOR approval of the proposed Fourth Amended and Restated 2001 Incentive Award Plan of Watson Pharmaceuticals, Inc.

**PROPOSAL NO. 4 ADVISORY VOTE ON THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS
(SAY-ON-PAY VOTE)**

Background

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the *Dodd-Frank Act*) enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our Named Executive Officers (which consist of our Chief Executive Officer, Chief Financial Officer and our next three highest paid executives), as such compensation is described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this Proxy Statement, beginning on page 15. Our executive compensation programs are designed to enable us to attract, motivate and retain executive talent, who are critical to our success. These programs link compensation to the achievement of pre-established corporate financial performance objectives and other key objectives within each executive's area of responsibility and provide long-term incentive compensation that focuses our executives' efforts on building stockholder value by aligning their interests with those of our stockholders. The following is a summary of some of the key points of our executive compensation program. We urge our stockholders to review the Compensation Discussion and Analysis section of this Proxy Statement and executive-related compensation tables for more information.

Performance-Based Compensation. Our executive compensation program includes (i) cash awards that are linked to measurable annual individual, departmental, business and strategic objectives and corporate (adjusted EBITDA) and segment (segment contribution to operating profit) financial goals; and (ii) equity awards that are based on Company performance during the fiscal year.

Long-Term Compensation. Grants of restricted stock are intended to align the interests of executives with our stockholders and focus executives' attention on long-term growth. In addition, even after annual performance awards are earned, they continue to be subject to time based vesting to promote executive retention and long-term stockholder value.

Independent Compensation Consultation. The Compensation Committee has engaged the used of an independent global executive compensation consulting firm, Frederic W. Cook & Co., Inc., to advise the committee on matters related to executive compensation.

Risk Assessment. Our Compensation Committee, with the assistance of senior management and our independent consultation consultant, reviewed the various elements of executive compensation and determined that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company or encourage executives to assume excessive risks.

Recommendation

Our board believes that the information provided above and within the Compensation Discussion and Analysis section of this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is

working to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation.

The following resolution will be submitted for a stockholder vote at the Meeting:

RESOLVED, that the stockholders of Watson Pharmaceuticals, Inc. approve, on an advisory basis, the compensation of Watson Pharmaceuticals, Inc.'s Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth in this Proxy Statement.

Table of Contents

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our board. However, the Compensation Committee will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for Named Executive Officers.

Our Board of Directors recommends that stockholders vote FOR adoption of the resolution approving the compensation of the Company's Named Executive Officers, as described in the Compensation Discussion and Analysis section and the related tabular and narrative disclosure set forth in this proxy statement.

Table of Contents

**PROPOSAL NO. 5 ADVISORY VOTE ON THE FREQUENCY OF AN
ADVISORY STOCKHOLDER VOTE ON THE COMPENSATION OF
OUR NAMED EXECUTIVE OFFICERS (FREQUENCY VOTE)**

Background

The Dodd-Frank Act also enables our stockholders to indicate how frequently they believe we should seek an advisory vote on the compensation of our Named Executive Officers. We are seeking an advisory, non-binding determination from our stockholders as to the frequency with which stockholders would have an opportunity to provide an advisory approval of our executive compensation program. We are providing stockholders the option of selecting a frequency of one, two or three years, or abstaining.

While we will continue to monitor developments in this area, the Board currently plans to seek an advisory vote on executive compensation every year. We believe that this frequency is appropriate because it will enable our stockholders to vote, on an advisory basis, on the most recent executive compensation information that is presented in our proxy statement, leading to a more meaningful and coherent communication between Watson Pharmaceuticals, Inc. and our stockholders on the compensation of our Named Executive Officers.

The Board's determination was further based on the premise that this recommendation could be modified in future years if it becomes apparent that an annual frequency vote is not meaningful, is burdensome or is more frequent than recommended by best corporate governance practices.

We will consider stockholders to have expressed a non-binding preference for the frequency that receives the highest number of favorable votes. Due to the non-binding nature of this preference, the Board may decide that it is in the best interests of our stockholders and the Company to hold a non-binding, advisory vote on the compensation of our Named Executive Officers more or less frequently than the option preferred by our stockholders.

Recommendation

Our Board of Directors recommends that stockholders vote *FOR* 1 Year as the frequency for which stockholders shall have an advisory vote on the compensation of the Company's Named Executive Officers as described in the Compensation Discussion and Analysis section and the related tabular and narrative disclosure set forth in the proxy statement.

**PROPOSAL NO. 6 RATIFICATION OF APPOINTMENT OF
PRICEWATERHOUSECOOPERS LLP**

The firm of PricewaterhouseCoopers LLP has audited our consolidated financial statements since our inception and the Board of Directors recommends that the stockholders ratify the appointment of PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ending December 31, 2011. Representatives of that firm are expected to be present at the Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from stockholders.

We have been informed by PricewaterhouseCoopers LLP that neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in us or our affiliates.

Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to the stockholders entitled to vote at the Meeting for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

Required Vote

In order to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011, the affirmative vote of a majority of the stock voting in person or by proxy on this proposal is required. Abstentions, which do not represent voting power, will have no effect on this proposal. The ratification of PricewaterhouseCoopers LLP is a matter on which a broker or other nominee has discretionary voting authority, and thus, broker non-votes will not result from this proposal.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2011.

Table of Contents**AUDIT FEES**

The aggregate fees billed by PricewaterhouseCoopers LLP, our independent registered public accounting firm, in fiscal years 2010 and 2009 were as follows:

All Other Fees	3,000	3,000
Total Fees	\$ 4,600,000	\$ 4,662,000

Audit Fees

Audit Fees include professional services rendered in connection with the annual audits of our financial statements and internal control over financial reporting, the review of the financial statements included in our Form 10-Qs covering quarterly periods during the related year and for Sarbanes-Oxley advisory time. Additionally, Audit Fees include other services that only an independent registered public accounting firm can reasonably provide, such as services associated with SEC registration statements or other documents filed with the SEC.

Audit-Related Fees

Audit-Related Fees include accounting consultations and review procedures related to accounting, financial reporting or disclosure matters not classified as Audit Fees.

Tax Fees

Tax Fees include tax compliance for our foreign subsidiaries, tax advice in connection with certain acquisitions and other tax advice and tax planning services. Tax Fees in 2010 include \$1,100,000 for tax advice provided in connection with the integration of recent international acquisitions and \$250,000 for services provided in connection with an IRS audit, transfer pricing and other tax compliance. Tax Fees in 2009 include \$650,000 for services in connection with the Arrow Acquisition and \$143,200 for services provided in connection with the IRS audit.

All Other Fees

All Other Fees in 2010 and 2009 include subscription fees for an accounting and auditing research reference tool.

The Audit Committee believes that the provision of all non-audit services rendered is compatible with maintaining PricewaterhouseCoopers LLP's independence.

The Audit Committee approved all audit and non-audit services provided by PricewaterhouseCoopers LLP in 2010. The Audit Committee has adopted a policy to pre-approve all audit and certain permissible non-audit services provided by PricewaterhouseCoopers LLP. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to type of services to be provided by PricewaterhouseCoopers LLP and the estimated fees related to these services. During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of PricewaterhouseCoopers LLP. PricewaterhouseCoopers LLP and management are required to periodically report to the full Audit Committee regarding the extent of services provided by PricewaterhouseCoopers LLP, in accordance with the pre-approval policy and the fees for the services performed. During the year, circumstances may arise when it may become necessary to engage PricewaterhouseCoopers LLP for additional services not contemplated in the pre-approval. In those instances, the Audit Committee requires specific pre-approval by the Audit Committee or its delegate, the Audit Committee chair, before engaging PricewaterhouseCoopers LLP for such services.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or under the Exchange Act, except to the extent we specifically incorporate this Report by reference therein.

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight of:

the integrity of Watson's financial statements;

Watson's compliance with legal and regulatory requirements;

the outside auditor's qualifications and independence; and

the performance of Watson's internal audit function and of its independent registered public accounting firm.

Additionally, the Audit Committee serves as an independent and objective party that:

monitors Watson's financial reporting process and internal control systems;

retains, oversees and monitors the qualifications, independence and performance of Watson's independent registered public accounting firm; and

provides an open avenue of communication among the independent registered public accounting firm, financial and senior management, the internal auditing department and the Board of Directors.

The Audit Committee Charter describes in greater detail the full responsibilities of the Audit Committee, and is available under the Investors section of our website at <http://www.watson.com>. The Audit Committee reviews the Audit Committee Charter annually prior to Watson's Annual Stockholders' Meeting and at such other times as deemed appropriate by the Audit Committee.

The Audit Committee schedules its meetings and implements procedures designed to ensure that during the course of each fiscal year it devotes appropriate attention to each of the matters assigned to it under the Audit Committee Charter. To this end, the Audit Committee met each quarter, and five times in total, during 2010. In addition to the foregoing, the Audit Committee makes itself available to Watson and its internal and external auditors during the course of the year to discuss any issues believed by such parties to warrant the attention of the Audit Committee.

In carrying out its responsibilities, the Audit Committee acts in an oversight capacity. Management has the primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of consolidated financial statements in accordance with generally accepted accounting principles. Watson's independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. In performing its oversight responsibilities in connection with Watson's 2010 audit, the Audit Committee has:

reviewed and discussed Watson's audited consolidated financial statements for fiscal 2010 with management and Watson's independent registered public accounting firm, PricewaterhouseCoopers LLP;

discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, as adopted by the Public Company Accounting Oversight Board (*PCAOB*) in Rule 3200T; and

received the written disclosures and the letter from PricewaterhouseCoopers LLP required by PCAOB Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, and has discussed with PricewaterhouseCoopers LLP its independence from Watson and its management.

Table of Contents

Based on the review and discussions above, the Audit Committee has recommended that the Board of Directors include the audited consolidated financial statements in Watson's Annual Report on Form 10-K for the year ended December 31, 2010.

**SECTION 16(a) BENEFICIAL OWNERSHIP
REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended (the *Exchange Act*), requires our directors and officers, and persons who own more than 10% of a registered class of our equity securities to file with the SEC reports of ownership and changes in ownership of our common stock and our other equity securities. Officers, directors and greater-than-10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such reports furnished to us or written representations that no other reports were required, we believe that during the 2010 fiscal year all filing requirements applicable to our officers, directors and greater-than-10% beneficial owners were complied with and all filings were timely filed.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Pursuant to our written Related Person Transaction Policies and Procedures, our legal department is primarily responsible for the implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. In determining whether a proposed transaction is a related person transaction, our legal department assesses:

- (i) the related person's relationship to us;
- (ii) the related person's interest in the transaction;
- (iii) the material facts of the proposed transaction, including the proposed aggregate value of such transaction or, in the case of indebtedness, the amount of principal that would be involved;
- (iv) the benefits to us of the proposed transaction;
- (v) if applicable, the availability of other sources of comparable products or services; and
- (vi) whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

If our legal department determines that the proposed transaction is a related person transaction, the proposed transaction is submitted to our Nominating and Corporation Governance Committee for consideration. The Nominating and Corporation Governance Committee may only approve or ratify those transactions that are in, or are not inconsistent with, our best interests and the best interests of our stockholders, as the Nominating and Corporation Governance Committee determines in good faith.

As required under SEC rules, we disclose in our proxy statement any related person transactions determined to be directly or indirectly material to us or a related person. No reportable transactions occurred in 2010, except as described below.

On December 2, 2009, we acquired Arrow No. 7 Ltd. as part of our acquisition of the Arrow Group. Arrow No. 7 had an existing lease for a four story office building in London with Jacques Ltd. The lease is for our premises at 7 Cavendish Square in London, provides for an annual rental payment of £291,915 and has a term which expires in 2016 (with an option to extend for an additional ten years). Mr. Tabatznik, who is one of our directors, may be deemed to have an indirect, non-controlling discretionary beneficial interest in Jacques Ltd.

In addition, our Bylaws provide that rather than including a proposal in our proxy statement as discussed above, a stockholder may commence his or her own proxy solicitation for the 2012 Annual Meeting of Stockholders or may seek to nominate a candidate for election as a director. Additionally, a stockholder may propose business for consideration at such meeting by delivering written notice to our Secretary at our principal executive offices not less than seventy (70) days nor more than ninety (90) days prior to the first anniversary of the preceding year's annual meeting. INDEMNIFICATION

Section 6.1 To the extent not prohibited by law, the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of the Corporation, by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with the action, suit or proceeding if he acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, has no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea nolo contendere or its equivalent, does not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, and that, with respect to any criminal action or proceeding, he had reasonable cause to believe that his conduct was unlawful.

Section 6.2 To the extent not prohibited by law, the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses, including amounts paid in settlement and attorneys' fees actually and reasonably incurred by him in connection with the defense or settlement of the action or suit if he acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation. Indemnification may not be made for any claim issue or matter as to which such a person has been adjudged by a court of competent jurisdiction, after exhaustion of all appeals therefrom to be liable to the Corporation or for amounts paid in settlement to the Corporation, unless and only to the extent that the court in which the action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper, all subject to the restrictions set forth in Section 78.751 of the Nevada General Corporation Law.

Section 6.3 To the extent that a director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Sections 6.1 and 6.2 of Article VI, or in defense of any claim, issue or matter therein, he must be indemnified by the Corporation against expenses, including attorneys' fees, actually and reasonably incurred by him in connection with the defense.

Section 6.4 Any indemnification under Sections 6.1 and 6.2 or Article VI, unless ordered by a court or advanced pursuant to Section 6.5 of Article VI, may be made by the Corporation only as authorized in the specific case upon determination that indemnification of the director, officer, employee or agent is proper in the circumstances by (a) the stockholders of the Corporation; (b) the Board of Directors by majority vote of a quorum consisting of directors who were not parties to the act, suit or proceeding; (c) independent legal counsel in a written

Table of Contents

opinion if a majority vote of a quorum consisting of directors who were not parties to the act, suit or proceeding so orders; or (d) independent legal counsel in a written opinion if a quorum consisting of directors who were not parties to the act, suit or proceeding cannot be obtained.

Section 6.5 The Corporation shall, from time to time, reimburse or advance to any director or officer or other person entitled to indemnification hereunder the funds necessary for payment of expenses, including attorneys' fees and disbursements, incurred in connection with any proceeding, in advance of the final disposition of such proceeding; provided, however, that, if required by the Nevada General Corporation Law, such expenses incurred by or on behalf of any director or officer may be paid in advance of the final disposition of the action, suit or proceeding only upon receipt of an undertaking by or on behalf of the director or officer to repay the amount if it is ultimately determined by a court of competent jurisdiction that he is not entitled to be indemnified by the Corporation. The provisions of this Section 6.5 do not affect any rights to advancement of expenses to which corporate personnel other than directors or officers may be entitled under any contract or otherwise by law.

TERMS OF OPTIONS

5.1. *Option Price.* The price per share of the shares subject to each Option granted to Employees, Independent Directors and Consultants shall be set by the Administrator; *provided, however*, that:

- (a) In the case of Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code, such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted;
- (b) In the case of Incentive Stock Options such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted (or the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code);
- (c) In the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code), such price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date the Option is granted (or the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code); and
- (d) In the case of Non-Qualified Stock Options, such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted.

5.2. *Option Term.* The term of an Option granted to an Employee, Independent Director or Consultant shall be set by the Administrator in its discretion; *provided, however*, that the term shall not be more than ten (10) years from the date the Option is granted, or five (5) years from the date the Option is granted if the Option is an Incentive Stock Option granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary Corporation or parent corporation thereof (as defined in Section 424(e) of the Code). Except as limited by requirements of Section 422 of the Code and regulations and rulings thereunder applicable to Incentive Stock Options, the Administrator may extend the term of any outstanding Option in connection with any Termination of Employment, Termination of Directorship or Termination of Consultancy of the Holder up to a maximum of ten (10) years from the date the Option is granted, or amend any other term or condition of such Option relating to such a Termination of Employment, Termination of Directorship or Termination of Consultancy. Notwithstanding any of the foregoing, in the event the term of an Option would expire at a time when trading in shares of the Common Stock by Holder is prohibited by law or the Company's insider trading policy, the term of such Option shall automatically be extended, subject to a maximum of ten (10) years from the date the Option is granted and any requirements of Section 422 of the Code, to the 30th day following the expiration of any applicable trading prohibition.

5.3. *Option Vesting.*

- (a) The period during which the right to exercise, in whole or in part, an Option granted to an Employee, Independent Director or a Consultant vests in the Holder shall be set by the Administrator and the Administrator may determine that an Option may not be exercised in whole or in part for a specified period after it is granted. At any time after grant of an Option, the Administrator may, in its sole and absolute discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option granted to an Employee, Independent Director or Consultant vests.

(b) No portion of an Option granted to an Employee, Independent Director or Consultant which is unexercisable at Termination of Employment, Termination of Directorship or Termination of Consultancy, as applicable, shall thereafter become exercisable, except as may be otherwise provided by the Administrator either in the Award Agreement or by action of the Administrator following the grant of the Option.

(c) To the extent that the aggregate fair market value of stock with respect to which incentive stock options (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by a Holder during any calendar year under the Plan, and all other plans of the

Company and any Subsidiary or parent corporation thereof, within the meaning of Section 424 of the Code, exceeds \$100,000, the Options shall be treated as Non-Qualified Stock Options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options and other incentive stock options into account in the order in which they were granted. For purposes of this Section 5.3(c), the fair market value of stock shall be determined as of the time the Option or other incentive stock options with respect to such stock is granted.

5.4. *Substitute Awards.* Notwithstanding the foregoing provisions of this Article V to the contrary, in the case of an Option that is a Substitute Award, the price per share of the shares subject to such Option may be less than the Fair Market Value per share on the date of grant, *provided*, that the excess of: (a) the aggregate Fair Market Value (as of the date such Substitute Award is granted) of the shares subject to the Substitute Award, over (b) the aggregate exercise price thereof, does not exceed the excess of: (c) the aggregate fair market value (as of the time immediately preceding the transaction giving rise to the Substitute Award, such fair market value to be determined by the Committee) of the shares of the predecessor entity that were subject to the grant assumed or substituted for by the Company, over (d) the aggregate exercise price of such shares.

5.5. *Substitution of Stock Appreciation Rights.* The Administrator may provide in the Award Agreement evidencing the grant of an Option that the Administrator, in its sole discretion, shall have the right to substitute a Stock Appreciation Right for such Option at any time prior to or upon exercise of such Option, subject to the provisions of Section 9.2; *provided*, that such Stock Appreciation Right shall be exercisable with respect to the same number of shares of Common Stock for which such substituted Option would have been exercisable and at the Option exercise price per share.

ARTICLE VI.

EXERCISE OF OPTIONS

6.1. *Partial Exercise.* An exercisable Option may be exercised in whole or in part. However, an Option shall not be exercisable with respect to fractional shares and the Administrator may require that, by the terms of the Option, a partial exercise be with respect to a minimum number of shares.

6.2. *Manner of Exercise.* All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company, or such other person or entity designated by the Board, or his, her or its office, as applicable:

(a) A written (or electronic) notice complying with the applicable rules established by the Administrator stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Holder or other person then entitled to exercise the Option or such portion of the Option;

(b) Such representations and documents as the Administrator, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations. The Administrator may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;

(c) In the event that the Option shall be exercised pursuant to Section 12.1 by any person or persons other than the Holder, appropriate proof of the right of such person or persons to exercise the Option; and

(d) Full cash payment to the Secretary of the Company for the shares with respect to which the Option, or portion thereof, is exercised. However, the Administrator may, in its discretion, (i) allow payment, in whole or in part, through

the delivery of shares of Common Stock owned by the Holder, duly endorsed for transfer to the Company with a Fair Market Value on the date of delivery equal to the aggregate exercise price of the Option or exercised portion thereof; (ii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the Option having a Fair Market Value on the date of Option exercise equal to the aggregate exercise price of the Option or exercised portion thereof; (iii) allow payment, in whole or in part, through the delivery of property of any kind which constitutes good and valuable consideration; (iv) allow payment, in whole or in part, through the delivery of a notice that the Holder has placed a market sell

order with a broker with respect to shares of Common Stock then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price, *provided*, that payment of such proceeds is then made to the Company upon settlement of such sale; or (v) allow payment through any combination of the consideration provided in the foregoing paragraphs (i), (ii), (iii) and (iv); *provided, however*, that the payment in the manner prescribed in the preceding paragraphs shall not be permitted to the extent that the Administrator determines that payment in such manner shall result in an extension or maintenance of credit, an arrangement for the extension of credit, or a renewal or an extension of credit in the form of a personal loan to or for any Director or executive officer of the Company that is prohibited by Section 13(k) of the Exchange Act or other applicable law.

6.3. *Conditions to Issuance of Stock Certificates.* The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any Option or portion thereof prior to fulfillment of all of the following conditions:

- (a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;
- (b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Administrator shall, in its absolute discretion, deem necessary or advisable;
- (c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Administrator shall, in its absolute discretion, determine to be necessary or advisable;
- (d) The lapse of such reasonable period of time following the exercise of the Option as the Administrator may establish from time to time for reasons of administrative convenience; and
- (e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax, which in the discretion of the Administrator may be in the form of consideration used by the Holder to pay for such shares under Section 6.2(d).

6.4. *Rights as Stockholders.* Holders shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such Holders.

6.5. *Ownership and Transfer Restrictions.* The Administrator, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such restriction shall be set forth in the respective Award Agreement and may be referred to on the certificates evidencing such shares. The Holder shall give the Company prompt notice of any disposition of shares of Common Stock acquired by exercise of an Incentive Stock Option within (a) two years from the date of granting (including the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code) such Option to such Holder, or (b) one year after the transfer of such shares to such Holder.

6.6. *Additional Limitations on Exercise of Options.* Holders may be required to comply with any timing or other restrictions with respect to the settlement or exercise of an Option, including a window-period limitation, as may be imposed in the discretion of the Administrator.

ARTICLE VII.

7.1. *Eligibility.* Subject to the Award Limit, Restricted Stock may be awarded to any Employee whom the Administrator determines is a key Employee, or any Independent Director or any Consultant, whom the Administrator determines should receive such an Award.

7.2. Award of Restricted Stock.

(a) The Administrator may from time to time, in its absolute discretion:

(i) Determine which Employees are key Employees, and select from among the key Employees, Independent Directors or Consultants (including Employees, Independent Directors or Consultants who have previously received other Awards under the Plan) such of them as in its opinion should be awarded Restricted Stock; and

(ii) Determine the purchase price, if any, and other terms and conditions applicable to such Restricted Stock, consistent with the Plan.

(b) The Administrator shall establish the purchase price, if any, and form of payment for Restricted Stock; *provided, however*, that such purchase price shall be no less than the par value of the Common Stock to be purchased, unless otherwise permitted by applicable state law. In all cases, legal consideration shall be required for each issuance of Restricted Stock.

(c) Upon the selection of an Employee, Independent Director or Consultant to be awarded Restricted Stock, the Administrator shall instruct the Secretary of the Company to issue such Restricted Stock and may impose such conditions on the issuance of such Restricted Stock as it deems appropriate.

7.3. Rights as Stockholders. Subject to Section 7.4, upon delivery of the shares of Restricted Stock to the escrow holder pursuant to Section 7.7, the Holder shall have, unless otherwise provided by the Administrator, all the rights of a stockholder with respect to said shares, subject to the restrictions in his or her Award Agreement, including the right to receive all dividends and other distributions paid or made with respect to the shares; *provided, however*, that, in the discretion of the Administrator, any dividends or distributions with respect to the Common Stock shall be subject to the restrictions set forth in Section 7.4. In addition, with respect to a share of Restricted Stock with performance-based vesting, dividends which are paid prior to vesting shall only be paid out to the Holder to the extent that the performance-based vesting conditions are subsequently satisfied and the share of Restricted Stock vests.

7.4. Restriction. All shares of Restricted Stock issued under the Plan (including any shares received by Holders thereof with respect to shares of Restricted Stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual Award Agreement, be subject to such restrictions as the Administrator shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment, directorship or consultancy with the Company, or any Subsidiary, or any parent thereof, Company performance and individual performance, or any one or more of the Performance Criteria or other specific performance criteria determined appropriate by the Administrator. By action taken after the Restricted Stock is issued, the Administrator may, on such terms and conditions as it may determine to be appropriate, and except with respect to shares of Restricted Stock granted to Section 162(m) Participants, remove any or all of the restrictions imposed by the terms of the Award Agreement. Restricted Stock may not be sold or encumbered until all restrictions are terminated or expire. If no consideration was paid by the Holder upon issuance, a Holder's rights in unvested Restricted Stock shall lapse, and such Restricted Stock shall be surrendered to the Company without consideration, upon Termination of Employment, Termination of Directorship, or Termination of Consultancy, as applicable; *provided, however*, that the Administrator in its sole and absolute discretion may provide that such rights shall not lapse in the event of a Termination of Employment, Termination of Directorship or Termination of Consultancy, as applicable, following a change of ownership or control (within the meaning of Treasury Regulation Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company or because of the Holder's death or disability; and, *provided, further*, except with respect to shares of Restricted Stock granted to Section 162(m) Participants that is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code, the Administrator in its sole and absolute discretion may provide that no such lapse

or surrender shall occur in the event of a Termination of Employment, Termination of Directorship, or Termination of Consultancy, as applicable, without cause or following any Change in Control or because of the Holder's retirement, or otherwise.

7.5. Repurchase of Restricted Stock. The Administrator shall provide in the terms of each individual Award Agreement that the Company shall have the right to repurchase from the Holder the Restricted Stock then subject to

restrictions under the Award Agreement immediately upon a Termination of Employment, Termination of Directorship, or Termination of Consultancy, as applicable, at a cash price per share equal to the price paid by the Holder for such Restricted Stock; *provided, however*, that the Administrator in its sole and absolute discretion may provide that no such right of repurchase shall exist in the event of a Termination of Employment, Termination of Directorship or Termination of Consultancy, as applicable, following a change of ownership or control (within the meaning of Treasury Regulation Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company or because of the Holder's death or disability; and, *provided, further*, that, except with respect to shares of Restricted Stock granted to Section 162(m) Participants that is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code, the Administrator in its sole and absolute discretion may provide that no such right of repurchase shall exist in the event of a Termination of Employment, Termination of Directorship, or Termination of Consultancy, as applicable, without cause or following any Change in Control or because of the Holder's retirement, or otherwise.

7.6. *Escrow.* The Secretary of the Company or such other escrow holder as the Administrator may appoint shall retain physical custody of each certificate representing Restricted Stock until all of the restrictions imposed under the Award Agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

7.7. *Legend.* In order to enforce the restrictions imposed upon shares of Restricted Stock hereunder, the Administrator shall cause a legend or legends to be placed on certificates representing all shares of Restricted Stock that are still subject to restrictions under Award Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

7.8. *Section 83(b) Election.* If a Holder makes an election under Section 83(b) of the Code, or any successor section thereto, to be taxed with respect to the Restricted Stock as of the date of transfer of the Restricted Stock rather than as of the date or dates upon which the Holder would otherwise be taxable under Section 83(a) of the Code, the Holder shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service.

ARTICLE VIII.

DIVIDEND EQUIVALENTS, DEFERRED STOCK, STOCK PAYMENTS,
RESTRICTED STOCK UNITS

8.1. *Eligibility.* Subject to the Award Limit, one or more Dividend Equivalent awards, Deferred Stock awards, Stock Payment awards, and/or Restricted Stock Unit awards may be granted to any Employee whom the Administrator determines is a key Employee, or any Independent Director or any Consultant, whom the Administrator determines should receive such an Award.

8.2. *Dividend Equivalents.*

(a) Any key Employee, Independent Director or Consultant selected by the Administrator may be granted Dividend Equivalents based on the dividends declared on the Common Stock, to be credited as of dividend payment dates, during the period between the date an Award is granted, and the date such Award vests, is exercised, is distributed, terminates or expires, as determined by the Administrator. Such Dividend Equivalents shall be converted to cash or additional shares of Common Stock by such formula and at such time and subject to such limitations as may be determined by the Administrator. In addition, Dividend Equivalents with respect to an Award with performance-based vesting that are based on dividends paid prior to the vesting of such Award shall only be paid out to the Holder to the extent that the performance-based vesting conditions are subsequently satisfied and the Award vests.

(b) Notwithstanding the foregoing, no Dividend Equivalents shall be payable with respect to Options or Stock Appreciation Rights.

8.3. *Stock Payments.* Any key Employee, Independent Director or Consultant selected by the Administrator may receive Stock Payments in the manner determined from time to time by the Administrator. The number of shares shall be determined by the Administrator and may be based upon the Performance Criteria or other specific

performance criteria determined appropriate by the Administrator, determined on the date such Stock Payment is made or on any date thereafter.

8.4. *Deferred Stock.* Any key Employee, Independent Director or Consultant selected by the Administrator may be granted an award of Deferred Stock in the manner determined from time to time by the Administrator. The number of shares of Deferred Stock shall be determined by the Administrator and may be based upon the Performance Criteria or other specific performance criteria determined to be appropriate by the Administrator, in each case on a specified date or dates or over any period or periods determined by the Administrator. Common Stock underlying a Deferred Stock award shall not be issued until the Deferred Stock award shall have vested, pursuant to a vesting schedule or performance criteria set by the Administrator. The Administrator shall specify the distribution dates applicable to each Deferred Stock award which shall be no earlier than the vesting dates or events of the award and may be determined at the election of the Employee, Independent Director or Consultant. Unless otherwise provided by the Administrator, a Holder of Deferred Stock shall have no rights as a Company stockholder with respect to such Deferred Stock until such time as the Award has vested and the Common Stock underlying the Award has been issued.

8.5. *Restricted Stock Units.* Any key Employee, Independent Director or Consultant selected by the Administrator may be granted an award of Restricted Stock Units in the manner determined from time to time by the Administrator. The Administrator is authorized to make awards of Restricted Stock Units in such amounts and subject to such terms and conditions as determined by the Administrator. The Administrator shall specify the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate, and may specify that such Restricted Stock Units become fully vested and nonforfeitable pursuant to the satisfaction of one or more Performance Criteria or other specific performance goals as the Administrator determines to be appropriate at the time of the grant of the Restricted Stock Units or thereafter, in each case on a specified date or dates or over any period or periods determined by the Administrator. The Administrator shall specify the distribution dates applicable to each award of Restricted Stock Units which shall be no earlier than the vesting dates or events of the award and may be determined at the election of the Employee, Independent Director or Consultant; provided that, except as otherwise determined by the Administrator, set forth in any applicable Award Agreement, and subject to compliance with Section 409A of the Code, in no event shall the maturity date relating to each Restricted Stock Unit occur following the later of (a) the 15th day of the third month following the end of calendar year in which the Restricted Stock Unit vests; or (b) the 15th day of the third month following the end of the Company's fiscal year in which the Restricted Stock Unit vests. On the distribution dates, the Company shall transfer to the Holder one unrestricted, fully transferable share of Common Stock for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited, or in the sole discretion of the Administrator, an amount in cash equal to the Fair Market Value of such shares on the maturity date or a combination of cash and Common Stock as determined by the Administrator. The Administrator shall specify the purchase price, if any, to be paid by the Employee, Independent Director or Consultant to the Company for such shares of Common Stock to be distributed pursuant to the Restricted Stock Unit award.

8.6. *Term.* The term of a Dividend Equivalent award, Deferred Stock award, Stock Payment award and/or Restricted Stock Unit award shall be set by the Administrator in its discretion.

8.7. *Exercise or Purchase Price.* The Administrator may establish the exercise or purchase price of shares of Deferred Stock, shares distributed as a Stock Payment award or shares distributed pursuant to a Restricted Stock Unit award; *provided, however*, that such price shall not be less than the par value of a share of Common Stock, unless otherwise permitted by applicable state law.

8.8. *Exercise upon Termination of Employment, Termination of Consultancy or Termination of Directorship.* A Dividend Equivalent award, Deferred Stock award, Stock Payment award and/or Restricted Stock Unit award is distributable only while the Holder is an Employee, Consultant or Independent Director, as applicable; *provided*,

however, that the Administrator in its sole and absolute discretion may provide that the Dividend Equivalent award, Deferred Stock award, Stock Payment award and/or Restricted Stock Unit award may be distributed subsequent to a Termination of Employment, Termination of Directorship or Termination of Consultancy following a change of control or ownership (within the meaning of Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company.

8.9. *Form of Payment.* Payment of the amount determined under Section 8.2 above shall be in cash, in Common Stock or a combination of both, as determined by the Administrator. To the extent any payment under this Article VIII is effected in Common Stock, it shall be made subject to satisfaction of all provisions of Section 6.3.

ARTICLE IX.

STOCK APPRECIATION RIGHTS

9.1. *Grant of Stock Appreciation Rights.* A Stock Appreciation Right may be granted to any key Employee, Independent Director or Consultant selected by the Administrator. A Stock Appreciation Right may be granted: (a) in connection and simultaneously with the grant of an Option, (b) with respect to a previously granted Option, or (c) independent of an Option. A Stock Appreciation Right shall be subject to such terms and conditions not inconsistent with the Plan as the Administrator shall impose and shall be evidenced by an Award Agreement.

9.2. *Coupled Stock Appreciation Rights.*

(a) A Coupled Stock Appreciation Right (CSAR) shall be related to a particular Option and shall be exercisable only when and to the extent the related Option is exercisable.

(b) A CSAR may be granted to the Holder for no more than the number of shares subject to the simultaneously or previously granted Option to which it is coupled.

(c) A CSAR shall entitle the Holder (or other person entitled to exercise the Option pursuant to the Plan) to surrender to the Company unexercised a portion of the Option to which the CSAR relates (to the extent then exercisable pursuant to its terms) and to receive from the Company in exchange therefor an amount determined by multiplying the difference obtained by subtracting the Option exercise price from the Fair Market Value of a share of Common Stock on the date of exercise of the CSAR by the number of shares of Common Stock with respect to which the CSAR shall have been exercised, subject to any limitations the Administrator may impose.

9.3. *Independent Stock Appreciation Rights.*

(a) An Independent Stock Appreciation Right (ISAR) shall be unrelated to any Option and shall have a term set by the Administrator provided, however, that the term shall not be more than ten (10) years from the date the ISAR is granted. An ISAR shall be exercisable in such installments as the Administrator may determine. An ISAR shall cover such number of shares of Common Stock as the Administrator may determine. The exercise price per share of Common Stock subject to each ISAR shall be set by the Administrator; provided, that such exercise price per share shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the ISAR is granted. An ISAR is exercisable only while the Holder is an Employee, Independent Director or Consultant; provided, that the Administrator may determine that the ISAR may be exercised subsequent to Termination of Employment, Termination of Directorship or Termination of Consultancy without cause, or following a Change in Control of the Company, or because of the Holder's retirement, death or disability, or otherwise. Notwithstanding any of the foregoing, in the event the term of an ISAR would expire at a time when trading in shares of the Common Stock by Holder is prohibited by law or the Company's insider trading policy, the term of such ISAR shall automatically be extended, subject to a maximum of ten (10) years from the date the ISAR is granted, to the 30th day following the expiration of any applicable trading prohibition.

(b) An ISAR shall entitle the Holder (or other person entitled to exercise the ISAR pursuant to the Plan) to exercise all or a specified portion of the ISAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of

the ISAR from the Fair Market Value of a share of Common Stock on the date of exercise of the ISAR by the number of shares of Common Stock with respect to which the ISAR shall have been exercised, subject to any limitations the Administrator may impose.

9.4. Payment and Limitations on Exercise.

(a) Payment of the amounts determined under Section 9.2(c) and 9.3(b) above shall be in cash, in Common Stock (based on its Fair Market Value as of the date the Stock Appreciation Right is exercised) or a

B-15

combination of both, as determined by the Administrator. To the extent such payment is effected in Common Stock it shall be made subject to satisfaction of all provisions of Section 6.3 above pertaining to Options.

(b) Holders of Stock Appreciation Rights may be required to comply with any timing or other restrictions with respect to the settlement or exercise of a Stock Appreciation Right, including a window-period limitation, as may be imposed in the discretion of the Administrator.

ARTICLE X.

COMPLIANCE WITH SECTION 409A OF THE CODE

10.1. *Awards subject to Code Section 409A.* Any Award that constitutes, or provides for, a deferral of compensation subject to Section 409A of the Code (a *Section 409A Award*) shall satisfy the requirements of Section 409A of the Code and this Article X, to the extent applicable. The Award Agreement with respect to a Section 409A Award shall incorporate the terms and conditions required by Section 409A of the Code and this Article X.

10.2. *Distributions under a Section 409A Award.*

(a) Subject to subsection (b), any shares of Common Stock, cash or other property or amounts to be paid or distributed upon the grant, issuance, vesting, exercise or payment of a Section 409A Award shall be distributed in accordance with the requirements of Section 409A(a)(2) of the Code, and shall not be distributed earlier than:

(i) the Holder's separation from service, as determined by the Secretary of the Treasury,

(ii) the date the Holder becomes disabled,

(iii) the Holder's death,

(iv) a specified time (or pursuant to a fixed schedule) specified under the Award Agreement at the date of the deferral of such compensation,

(v) to the extent provided by the Secretary of the Treasury, a change in the ownership or effective control of the Company or a Subsidiary, or in the ownership of a substantial portion of the assets of the Company or a Subsidiary, or

(vi) the occurrence of an unforeseeable emergency with respect to the Holder.

(b) In the case of a Holder who is a specified employee, the requirement of paragraph (a)(i) shall be met only if the distributions with respect to the Section 409A Award may not be made before the date which is six months after the Holder's separation from service (or, if earlier, the date of the Holder's death). For purposes of this subsection (b), a Holder shall be a specified employee if such Holder is a key employee (as defined in Section 416(i) of the Code without regard to paragraph (5) thereof) of a corporation any stock of which is publicly traded on an established securities market or otherwise, as determined under Section 409A(a)(2)(B)(i) of the Code and the Treasury Regulations thereunder.

(c) The requirement of paragraph (a)(vi) shall be met only if, as determined under Treasury Regulations under Section 409A(a)(2)(B)(ii) of the Code, the amounts distributed with respect to the unforeseeable emergency do not exceed the amounts necessary to satisfy such unforeseeable emergency plus amounts necessary to pay taxes reasonably anticipated as a result of the distribution, after taking into account the extent to which such unforeseeable emergency is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation

of the Holder's assets (to the extent the liquidation of such assets would not itself cause severe financial hardship).

(d) For purposes of this Section, the terms specified therein shall have the respective meanings ascribed thereto under Section 409A of the Code and the Treasury Regulations thereunder.

B-16

10.3. *Prohibition on Acceleration of Benefits.* The time or schedule of any distribution or payment of any shares of Common Stock, cash or other property or amounts under a Section 409A Award shall not be accelerated, except as otherwise permitted under Section 409A(a)(3) of the Code and the Treasury Regulations thereunder.

10.4. *Elections under Section 409A Awards.*

(a) Any deferral election provided under or with respect to an Award to any Employee, Independent Director or Consultant, or to the Holder of a Section 409A Award, shall satisfy the requirements of Section 409A(a)(4)(B) of the Code, to the extent applicable, and, except as otherwise permitted under paragraph (i) or (ii), any such deferral election with respect to compensation for services performed during a taxable year shall be made not later than the close of the preceding taxable year, or at such other time as provided in Treasury Regulations.

(i) In the case of the first year in which an Employee, Independent Director or Consultant, or the Holder, becomes eligible to participate in the Plan, any such deferral election may be made with respect to services to be performed subsequent to the election with thirty (30) days after the date the Employee, Independent Director or Consultant, or the Holder, becomes eligible to participate in the Plan, as provided under Section 409A(a)(4)(B)(ii) of the Code.

(ii) In the case of any performance-based compensation based on services performed by an Employee, Independent Director or Consultant, or the Holder, over a period of at least twelve (12) months, any such deferral election may be made no later than six months before the end of the period, as provided under Section 409A(a)(4)(B)(iii) of the Code.

(b) In the event that a Section 409A Award permits, under a subsequent election by the Holder of such Section 409A Award, a delay in a distribution or payment of any shares of Common Stock, cash or other property or amounts under such Section 409A Award, or a change in the form of distribution or payment, such subsequent election shall satisfy the requirements of Section 409A(a)(4)(C) of the Code, and:

(i) such subsequent election may not take effect until at least twelve (12) months after the date on which the election is made,

(ii) in the case such subsequent election relates to a distribution or payment not described in Section 10.2(a)(ii), (iii) or (vi), the first payment with respect to such election may be deferred for a period of not less than five years from the date such distribution or payment otherwise would have been made, and

(iii) in the case such subsequent election relates to a distribution or payment described in Section 10.2(a)(iv), such election may not be made less than twelve (12) months prior to the date of the first scheduled distribution or payment under Section 10.2(a)(iv).

10.5. *Compliance in Form and Operation.* A Section 409A Award, and any election under or with respect to such Section 409A Award, shall comply in form and operation with the requirements of Section 409A of the Code and the Treasury Regulations thereunder.

ARTICLE XI.

ADMINISTRATION

11.1. *Compensation Committee.* The Compensation Committee (or another committee or a subcommittee of the Board assuming the functions of the Committee under the Plan) shall consist solely of two or more Independent Directors appointed by and holding office at the pleasure of the Board, each of whom is both a non-employee director as defined by Rule 16b-3, an outside director for purposes of Section 162(m) of the Code and an independent director

under the rules of any securities exchange or automated quotation system on which the Shares are listed, quoted or traded. Appointment of Committee members shall be effective upon acceptance of appointment. Committee members may resign at any time by delivering written notice to the Board. Vacancies in the Committee may be filled by the Board.

11.2. *Duties and Powers of Committee.* It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with its provisions. The Committee shall have the power to interpret the Plan and the Award Agreements, and to adopt such rules for the administration, interpretation and application of the Plan as are consistent therewith, to interpret, amend or revoke any such rules and to amend any Award Agreement provided that the rights or obligations of the Holder of the Award that is the subject of any such Award Agreement are not affected adversely. Any such grant or award under the Plan need not be the same with respect to each Holder. Any such interpretations and rules with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under the Plan except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee. Notwithstanding the foregoing, the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to Awards granted to Independent Directors.

11.3. *Majority Rule; Unanimous Written Consent.* The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

11.4. *Compensation; Professional Assistance; Good Faith Actions.* Members of the Committee shall receive such compensation, if any, for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of the Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers or other persons. The Committee, the Company and the Company's officers and Directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Holders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or Awards, and all members of the Committee and the Board shall be fully protected by the Company in respect of any such action, determination or interpretation.

11.5. *Delegation of Authority to Grant Awards.* The Committee may, but need not, delegate from time to time some or all of its authority to grant Awards under the Plan to a committee consisting of one or more members of the Committee or of one or more officers of the Company, to the extent permitted by applicable state law and rules of any securities exchange or automated quotation system on which the Shares are listed; *provided, however*, that the Committee may not delegate its authority to grant Awards to individuals: (a) who are subject on the date of the grant to the reporting rules under Section 16(a) of the Exchange Act, (b) who are Section 162(m) Participants, or (c) who are officers of the Company who are delegated authority by the Committee hereunder. Any delegation hereunder shall be subject to the restrictions and limits that the Committee specifies at the time of such delegation of authority and may be rescinded at any time by the Committee. At all times, any committee appointed under this Section 11.5 shall serve in such capacity at the pleasure of the Committee.

ARTICLE XII.

MISCELLANEOUS PROVISIONS

12.1. *Transferability of Awards.*

(a) Except as otherwise provided in Section 12.1(b):

(i) No Award under the Plan may be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution or, subject to the consent of the Administrator, pursuant to a DRO, unless and until such Award has been exercised, or the shares underlying such Award have been issued, and all restrictions applicable to such shares have lapsed;

(ii) No Option, Restricted Stock award, Deferred Stock award, Stock Appreciation Right, Dividend Equivalent award, Stock Payment award, or Restricted Stock Unit award, or any interest or right therein, shall be liable for the debts, contracts or engagements of the Holder or his successors in interest or shall be

subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence; and

(iii) During the lifetime of the Holder, only the Holder may exercise an Option or other Award (or any portion thereof) granted to him under the Plan, unless it has been disposed of pursuant to a DRO; after the death of the Holder, any exercisable portion of an Option or other Award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Award Agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Holder's will or under the then applicable laws of descent and distribution.

(b) Notwithstanding Section 12.1(a), the Administrator, in its sole discretion, may determine to permit a Holder to transfer a Non-Qualified Stock Option to any one or more Permitted Transferees (as defined below), subject to the following terms and conditions: (i) a Non-Qualified Stock Option transferred to a Permitted Transferee shall not be assignable or transferable by the Permitted Transferee other than by will or the laws of descent and distribution; (ii) any Non-Qualified Stock Option which is transferred to a Permitted Transferee shall continue to be subject to all the terms and conditions of the Non-Qualified Stock Option as applicable to the original Holder (other than the ability to further transfer the Non-Qualified Stock Option); and (iii) the Holder and the Permitted Transferee shall execute any and all documents requested by the Administrator, including, without limitation documents to (A) confirm the status of the transferee as a Permitted Transferee, (B) satisfy any requirements for an exemption for the transfer under applicable federal and state securities laws and (C) evidence the transfer. For purposes of this Section 12.1(b),

Permitted Transferee shall mean, with respect to a Holder, any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the Holder's household (other than a tenant or employee), a trust in which these persons (or the Holder) control the management of assets, and any other entity in which these persons (or the Holder) own more than fifty percent of the voting interests, or any other transferee specifically approved by the Administrator after taking into account any state or federal tax or securities laws applicable to transferable Non-Qualified Stock Options.

12.2. Amendment, Suspension or Termination of the Plan. Except as otherwise provided in this Section 12.2, the Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board. However, without approval of the Company's stockholders given within twelve (12) months before or after the action by the Board, no action of the Board may, except as provided in Section 12.3, (i) increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under the Plan, or the maximum number of shares which may be granted or issued as Restricted Stock awards, Restricted Stock Unit awards, Dividend Equivalent awards, Deferred Stock awards, or Stock Payment awards, (ii) expand the classes of persons to whom Awards may be granted under the Plan, or (iii) reduce the exercise price per share of any outstanding Option or Stock Appreciation Right granted under the Plan, or (iv) cancel any Option or Stock Appreciation Right in exchange for cash or another Award. No amendment, suspension or termination of the Plan shall, without the consent of the Holder, alter or impair any rights or obligations under any Award theretofore granted or awarded, unless the Award itself otherwise expressly so provides. No Awards may be granted or awarded during any period of suspension or after termination of the Plan, and in no event may any Award be granted under the Plan after the first to occur of the following events:

(a) The expiration of ten (10) years from the date this fourth amendment and restatement of the Plan is adopted by the Board; or

(b) The expiration of ten (10) years from the date this fourth amendment and restatement of the Plan is approved by the Company's stockholders under Section 12.4.

12.3. Changes in Common Stock or Assets of the Company, Acquisition or Liquidation of the Company and Other Corporate Events.

(a) Subject to Section 12.3(e), in the event that the Administrator determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities or other property), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company, or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event affects the Common Stock, then the Administrator shall equitably adjust any or all of the following in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Award:

(i) The number and kind of shares of Common Stock (or other securities or property) with respect to which Awards may be granted or awarded (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued under the Plan, and the maximum number and kind of shares which may be granted or issued as Restricted Stock awards, Restricted Stock Unit awards, Dividend Equivalent awards, Deferred Stock awards or Stock Payment awards, adjustments of the Award Limit, and adjustments of the manner in which shares subject to Full Value Awards will be counted);

(ii) The number and kind of shares of Common Stock (or other securities or property) subject to outstanding Awards; and

(iii) The grant or exercise price with respect to any Award.

(b) Subject to Sections 12.3(c) and 12.3(e), in the event of any transaction or event described in Section 12.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations or accounting principles, the Administrator, in its sole and absolute discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Award or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Holder's request, is hereby authorized to take any one or more of the following actions whenever the Administrator determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Award under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) To provide for either the purchase of any such Award for an amount of cash equal to the amount that could have been attained upon the exercise of such Award or realization of the Holder's rights had such Award been currently exercisable or payable or fully vested or the replacement of such Award with other rights or property selected by the Administrator in its sole discretion;

(ii) To provide that the Award cannot vest, be exercised or become payable after such event;

(iii) To provide that such Award shall be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in Section 5.3 or the provisions of such Award;

(iv) To provide that such Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; and

(v) To make adjustments in the number and type of shares of Common Stock (or other securities or property) subject to outstanding Awards, and/or in the terms and conditions of (including the grant, exercise or purchase price), and the criteria included in, outstanding options, rights and awards and options, rights and awards which may be granted in the future.

B-20

(vi) To provide that, for a specified period of time prior to such event, the restrictions imposed under an Award Agreement upon some or all shares of Restricted Stock, Restricted Stock Units or Deferred Stock may be terminated, and, in the case of Restricted Stock, some or all shares of such Restricted Stock may cease to be subject to repurchase under Section 7.5 or forfeiture under Section 7.4 after such event.

(c) Notwithstanding any other provision of the Plan, in the event of a Change in Control, each outstanding Award shall remain outstanding, or shall be assumed or an equivalent award substituted by the successor corporation, or a parent or subsidiary of the successor corporation. In the event that the successor corporation, or a parent or subsidiary of the successor corporation, with respect to the Change in Control transaction refuses to assume or substitute for the Award, the Holder shall have the right to exercise the Award as to all of the shares subject thereto, including shares as to which such Award otherwise would not be exercisable, and the Holder shall have the right to vest in, and received a distribution of, such Award, with respect to all of the shares subject thereto. If an Award becomes exercisable in lieu of assumption or substitution by the successor corporation, or a parent or subsidiary corporation, with respect to a Change in Control transaction, the Administrator shall notify the Holder that the Award shall be fully exercisable for a period of not less than fifteen (15) days from the date of such notice prior to the Change in Control transaction, and the Award shall terminate upon the expiration of such period. For purposes of this Section 12.3(c), the Award shall be assumed, or an equivalent award shall be substituted for such Award, if, following the Change in Control transaction, the Award or substituted award confers on the Holder the right to purchase or receive, for each share subject to the Award immediately prior to the Change in Control transaction, the consideration (whether in stock, cash, or other securities or property, or a combination thereof) received or to be received for each share of Common Stock in the Change in Control transaction on the effective date of the Change in Control transaction (and if holders of shares of Common Stock were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); *provided, however*, that, if such consideration received in the Change in Control transaction was not solely common stock of the successor corporation or its parent, the Administrator may, with the consent of the successor corporation or its parent, provide for the consideration to be received upon the exercise, vesting or distribution of the assumed Award or substituted award, for each share subject to the Award, to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by the holders of Common Stock in the Change in Control transaction.

(d) Subject to Sections 12.3(e), 3.2 and 3.3, the Administrator may, in its discretion, include such further provisions and limitations in any Award or Award Agreement as it may deem equitable and in the best interests of the Company.

(e) With respect to Awards which are granted to Section 162(m) Participants and are intended to qualify as performance-based compensation under Section 162(m)(4)(C), no adjustment or action described in this Section 12.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause such Award to fail to so qualify under Section 162(m)(4)(C), or any successor provisions thereto, unless the Administrator determines that the Award should not so qualify. No adjustment or action described in this Section 12.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to violate Section 422(b)(1) of the Code. Furthermore, no such adjustment or action shall be authorized to the extent such adjustment or action would result in short-swing profits liability under Section 16 or violate the exemptive conditions of Rule 16b-3 unless the Administrator determines that the Award is not to comply with such exemptive conditions. The number of shares of Common Stock subject to any Award shall always be rounded to the next whole number.

(f) The existence of the Plan, the Award Agreement and the Awards granted hereunder shall not affect or restrict in any way the right or power of the Company or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights

thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

(h) No action shall be taken under this Section 12.3 which shall cause an Award to fail to comply with Section 409A of the Code or the Treasury Regulations thereunder, to the extent applicable to such Award.

12.4. *Approval of Plan by Stockholders.* The Plan will be submitted for the approval of the Company's stockholders within twelve (12) months after the date of the Board's initial adoption of the Plan. Awards may be granted or awarded prior to such stockholder approval, *provided*, that such Awards shall not be exercisable nor shall such Awards vest prior to the time when the Plan is approved by the stockholders, and *provided further*, that if such approval has not been obtained at the end of said twelve-month period, all Awards previously granted or awarded under the Plan shall thereupon be canceled and become null and void. In addition, if the Board determines that Awards other than Options or Stock Appreciation Rights which may be granted to Section 162(m) Participants should continue to be eligible to qualify as performance-based compensation under Section 162(m)(4)(C) of the Code, the Performance Criteria must be disclosed to and approved by the Company's stockholders no later than the first stockholder meeting that occurs in the fifth year following the year in which the Company's stockholders previously approved the Plan, as amended and restated to include the Performance Criteria.

12.5. *Tax Withholding.* The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Holder of any sums required by federal, state or local tax law to be withheld with respect to the grant, issuance, vesting, exercise or payment of any Award. The Administrator may in its discretion and in satisfaction of the foregoing requirement allow such Holder to elect to have the Company withhold shares of Common Stock otherwise issuable under such Award (or allow the return of shares of Common Stock) having a Fair Market Value equal to the sums required to be withheld. Notwithstanding any other provision of the Plan, the number of shares of Common Stock which may be withheld with respect to the issuance, vesting, exercise or payment of any Award (or which may be repurchased from the Holder of such Award within six months after such shares of Common Stock were acquired by the Holder from the Company) in order to satisfy the Holder's federal and state income and payroll tax liabilities with respect to the issuance, vesting, exercise or payment of the Award shall be limited to the number of shares which have a Fair Market Value on the date of withholding or repurchase equal to the aggregate amount of such liabilities based on the minimum statutory withholding rates for federal and state tax income and payroll tax purposes that are applicable to such supplemental taxable income.

12.6. *Prohibition on Repricing.* Subject to Section 12.3, the Administrator shall not, without the approval of the stockholders of the Company, (i) authorize the amendment of any outstanding Option or Stock Appreciation Right to reduce its price per share, or (ii) cancel any Option or Stock Appreciation Right in exchange for cash or another Award. Subject to Section 14.2, the Administrator shall have the authority, without the approval of the stockholders of the Company, to amend any outstanding Award to increase the price per share or to cancel and replace an Award with the grant of an Award having a price per share that is greater than or equal to the price per share of the original Award.

12.7. *Forfeiture Provisions.* Pursuant to its general authority to determine the terms and conditions applicable to Awards and the Award Agreements under the Plan, the Administrator shall have the right to provide, in the terms of Awards made under the Plan, or to require a Holder to agree by separate written instrument, that: (a)(i) any proceeds, gains or other economic benefit actually or constructively received by the Holder upon any receipt or exercise of the Award, or upon the receipt or resale of any Common Stock underlying the Award, must be paid to the Company, and (ii) the Award shall terminate and any unexercised portion of the Award (whether or not vested) shall be forfeited, if (b)(i) a Termination of Employment, Termination of Directorship or Termination of Consultancy occurs prior to a specified date, or within a specified time period following receipt or exercise of the Award, or (ii) the Holder at any time, or during a specified time period, engages in any activity in competition with the Company, or which is inimical, contrary or harmful to the interests of the Company, as further defined by the Administrator or (iii) the Holder incurs a Termination of Employment, Termination of Directorship or Termination of Consultancy for cause (as such term is defined in the sole and absolute discretion of the Committee, or as set forth in a written agreement relating to such Award between the Company and the Holder).

12.8. *Effect of Plan upon Options and Compensation Plans.* The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in the Plan shall be construed to limit the right of the Company: (a) to establish any other forms of incentives or compensation for Employees, Directors or Consultants of the Company or any Subsidiary, or (b) to grant or assume options or other

rights or awards otherwise than under the Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, limited liability company, firm or association.

12.9. *Compliance with Laws.* The Plan, the granting and vesting of Awards under the Plan and the issuance and delivery of shares of Common Stock and the payment of money under the Plan or under Awards granted or awarded hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under the Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

12.10. *Titles.* Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of the Plan.

12.11. *Governing Law.* The Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of California without regard to conflicts of laws thereof.
