Dear Shareholders:

MERGER PROPOSED YOUR VOTE IS IMPORTANT

We cordially invite you to attend a special meeting of shareholders of Banner Corporation to be held at 10 S. First Avenue, Walla Walla, Washington, on Tuesday, March 17, 2015. The meeting will begin at 10:00 a.m. local time.

On November 5, 2014, we entered into an Agreement and Plan of Merger, which we refer to as the merger agreement, with SKBHC Holdings LLC and Starbuck Bancshares, Inc. whereby Starbuck Bancshares, Inc. will merge with and into a subsidiary of Banner. Immediately following the merger, Starbuck's wholly owned subsidiary bank, AmericanWest Bank, a Washington state-chartered commercial bank, will merge with and into Banner's wholly owned subsidiary bank, Banner Bank, a Washington state-chartered commercial bank. Pursuant to the merger agreement, we will acquire all the outstanding shares of Starbuck for \$130 million in cash and an aggregate of 13,230,000 shares of Banner common stock and a new class of Banner non-voting common stock to be approved by the Banner shareholders, which we refer to as the stock consideration. The stock consideration to be issued in connection with the merger will represent an ownership in Banner of approximately 38.77% immediately following the effective time of the merger, based on the number of shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner's pending acquisition of Siuslaw Financial Group, Inc. As of November 4, 2014, based on the closing price of Banner common stock of \$43.20, the transaction was valued at approximately \$702 million, and based on the closing price of the Banner common stock as of February 13, 2015, the transaction is valued at approximately \$724 million.

At the special meeting, we will ask you to:

approve an amendment to Banner's articles of incorporation creating a new class of Banner non-voting common stock of 5,000,000 authorized shares;

approve the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock in accordance with the Agreement and Plan of Merger, dated as of November 5, 2014, by and among SKBHC Holdings LLC, Starbuck Bancshares, Inc. and Banner Corporation; and

approve adjournments or postponements of the special meeting, if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting in favor of the foregoing proposals.

This proxy statement provides information about the merger and Starbuck that holders of Banner common stock should know when they vote. We urge you to read this entire proxy statement carefully.

The Banner board of directors unanimously recommends that holders of common stock vote **for** each of the proposals. While each of the proposals is being voted upon separately, each of proposals 1 and 2 relate to the merger and each of proposals 1 and 2 must be approved in order for the merger to be consummated. The amendment to Banner's articles of incorporation will go into effect if approved at the special meeting even if the merger is not consummated.

Your vote is very important, regardless of the number of shares you own. Whether or not you plan to attend the special meeting, please submit a proxy as soon as possible to make sure your shares are represented at the special meeting. Please take the time to submit your proxy by following the instructions presented in this proxy statement.

I strongly support this combination of our companies and join with our board of directors in recommending that you vote in favor of each of the proposals described in this proxy statement.

Mark J. Grescovich

President and Chief Executive Officer

SUMMARY TERM SHEET

This summary term sheet highlights selected information contained in this proxy statement and may not contain all of the information that is important to you. You are urged to read the entire proxy statement, along with the annexes, carefully.

Merger and Merger Agreement On November 5, 2014, we entered into an Agreement and Plan of Merger, which, as may be amended and together with the joinder agreement described below, we refer to as the merger agreement, with SKBHC Holdings LLC, which we refer to as Holdings, and Starbuck Bancshares, Inc., which we refer to as Starbuck, whereby Starbuck will merge with and into a subsidiary of Banner Corporation, with the Banner subsidiary surviving, which we refer to as the merger. As of November 4, 2014, based on the closing price of Banner common stock of \$43.20, the transaction was valued at approximately \$702 million, and based on the closing price of the Banner common stock as of February 13, 2015, the transaction is valued at approximately \$724 million. Subsequent to signing the merger agreement, on December 17, 2014, Elements Merger Sub, LLC, a wholly owned subsidiary of Banner, which we refer to as merger sub, Banner, Holdings and Starbuck entered into a joinder agreement, which we refer to as the joinder agreement, pursuant to which merger sub agreed to be bound by the merger agreement and will be the Banner subsidiary into which Starbuck will merge at the effective time of the merger. Immediately following the merger, Starbuck's wholly owned subsidiary bank, AmericanWest Bank, a Washington state-chartered commercial bank, will merge with and into Banner Corporation's wholly owned subsidiary bank, Banner Bank, a Washington state-chartered commercial bank, with Banner Bank surviving, which we refer to as the bank merger. For a description of the merger, bank merger, joinder agreement and the merger agreement see the sections entitled The Merger and The Agreement and Plan of Merger beginning on pages 59 and 78 respectively.

In connection with Banner's acquisition of all of the outstanding shares of common stock of Starbuck, pursuant to the merger agreement, Banner will:

pay \$130 million in cash; and

issue an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock, which we refer to as the stock consideration, and together with the cash consideration, we refer to as the merger consideration.

At the effective time of the merger, we will deliver the merger consideration to Holdings, who will distribute the merger consideration to the holders of outstanding equity interests of Holdings, who we refer to as the Starbuck holders, in accordance with the terms of the Holdings organizational documents. The stock consideration will represent an ownership in Banner of approximately 38.77% immediately following the effective time of the merger, based on the number of shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner's pending acquisition of Siuslaw.

Investor Letter Agreements Also on November 5, 2014, Banner entered into letter agreements, which we refer to as the investor letter agreements, with investment funds affiliated with each of Oaktree Principal Fund V (Delaware), L.P. and certain of its respective affiliates, which we refer to collectively as Oaktree, Friedman Fleischer & Lowe Capital Partners III, L.P. and certain of its respective affiliates, which we refer to collectively as Friedman Fleischer & Lowe, and GS Capital Partners VI Fund, L.P. and certain of its respective affiliates, which we refer to collectively as GS Capital (each of which we also refer to as a Starbuck investor), who in the aggregate own a majority of the outstanding equity interests of Holdings. Based on certain assumptions, Banner expects that the shares included in the merger consideration issued to each Starbuck investor will represent approximately 7.79% of the number of outstanding shares of Banner common stock and Banner non-voting common stock, based on the number of shares of Banner stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon

Table of Contents

the completion of Banner's pending acquisition of Siuslaw Financial Group, Inc., which we refer to as Siuslaw. For a description of the investor letter agreements see the section entitled "Investor Letter Agreements" beginning on page 91.

Shareholder Vote You, as a holder of Banner common stock, are being asked to consider and vote upon certain proposals in connection with the merger. You are being asked to vote on a total of three proposals, two of which are a condition to the completion of the merger. A **FOR** vote on these proposals will approve (i) an amendment to Banner's articles of incorporation, which we refer to as the amendment to the articles of incorporation, to create a new class of non-voting common stock, par value \$0.01, which we refer to as the Banner non-voting common stock, (ii) the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock in accordance with the merger agreement and (iii) any necessary adjournments and postponements of the special meeting in order to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting in favor of the proposals. For a description of the proposals and the votes necessary for the proposals to be approved see the section entitled "Information about the Special Meeting and Voting" beginning on page 51.

Effect of the Merger on Banner Shareholders Because Starbuck is merging with and into merger sub, a wholly owned subsidiary of Banner, the shares of Banner common stock held by Banner shareholders will not be changed by the merger and Banner shareholders will continue to hold their existing shares following completion of the merger. Upon completion of the merger, current holders of Banner common stock will own approximately 57.36% and the Starbuck holders will own approximately 38.77% of Banner's outstanding common stock and Banner non-voting common stock, based on the number of shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner's pending acquisition of Siuslaw. See the section entitled "The Agreement and Plan of Merger" beginning on page 78.

Reasons for Merger In evaluating the merger, the Banner board of directors consulted with senior management, legal and financial advisers and considered certain factors to reach its decision to approve and adopt the merger agreement. Among other factors considered by the Banner board of directors, the Banner board of directors considered that the merger will establish the combined company as the twelfth largest publicly owned bank headquartered in the Western United States, will provide entry into attractive markets with compelling demographic trends, will combine our complementary lending strategies and lower the combined company's loan / deposit ratio, given AmericanWest Bank's low-cost core deposit base, and will provide Banner Bank with additional net interest margin protection. See the section entitled "The Merger - Reasons for Merger; Recommendation of the Banner Board of Directors" beginning on page 61.

Conditions to Completion of Merger Completion of the merger is subject to the approval of the amendment to the articles of association and the issuance of the stock consideration at the special meeting, as well as other conditions, including the accuracy of certain representations and warranties made by each party to the merger agreement, the receipt of required regulatory approvals and expiration or termination of any applicable waiting periods, certain amendments to the bylaws of Banner Bank, the receipt of an executed copy of certain consents by Holdings, and that the stock consideration shall have been authorized for listing on the Nasdaq Global Select Market, which we refer to as NASDAQ, among others. See the section entitled "The Agreement and Plan of Merger - Conditions to the Merger" beginning on page 88.

Risk Factors In deciding how to vote your shares of common stock on the matters described in this proxy statement, you should carefully consider the risks related to the merger. These risks include, among other things, risks related to the uncertainty that Banner will be able to realize the anticipated benefits and cost savings of the merger and integrate successfully its existing business with the Starbuck business. See the section entitled "Risk Factors" beginning on page 16.

**QUESTIONS AND ANSWERS ABOUT THE MERGER
AND SPECIAL MEETING OF SHAREHOLDERS**

The following questions and answers are intended to address briefly some commonly asked questions regarding the special meeting and the merger. These questions and answers may not address all of the information that may be important to you. Please refer to the more detailed information contained elsewhere in this proxy statement and the annexes to this proxy statement.

Q: What are the merger agreement and the merger?

- A. On November 5, 2014, we entered into the merger agreement with Holdings and Starbuck, pursuant to which Starbuck will merge with and into merger sub, with merger sub as the surviving company in the merger. Immediately following the merger, Starbuck's wholly owned subsidiary bank, AmericanWest Bank, will merge with and into Banner's wholly owned subsidiary bank, Banner Bank.

Q: Why am I receiving this proxy statement?

- A. You are receiving this proxy statement because you have been identified as a holder of Banner common stock. This proxy statement is being used to solicit proxies on behalf of the Banner board of directors for the special meeting. This proxy statement contains important information about the merger and related transactions and the special meeting, and you should read it carefully.

Q: What am I being asked to vote upon?

- A. You are being asked to consider and vote upon the following proposals:

Proposal 1 To approve an amendment to Banner's articles of incorporation creating a new class of Banner non-voting common stock of 5,000,000 authorized shares;

Proposal 2 To approve the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock in accordance with the merger agreement; and

Proposal 3 To approve adjournments or postponements of the special meeting if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting in favor of the foregoing proposals.

Q: What is required to complete the merger?

A. To complete the merger, Banner shareholders must approve proposals 1 and 2. In addition to obtaining approval of these proposals, Banner and Holdings must satisfy or waive all other closing conditions set forth in the merger agreement. For a more complete discussion of the conditions to the closing, see the section entitled "The Agreement and Plan of Merger - Conditions to the Merger" on page 88.

Q: Why do I need to approve the issuance of the Banner common stock?

A. The issuance of the common stock in connection with the merger requires the approval of holders of Banner under NASDAQ Stock Market rules because the number of shares of common stock to be issued in the merger is in excess of 20% of the number of shares of Banner common stock currently outstanding.

Q: What happens to existing shares of Banner common stock in the merger?

A. Because Starbuck is merging into merger sub, a wholly owned subsidiary of Banner, the shares of Banner common stock held by Banner shareholders will not be changed by the merger and Banner shareholders will continue to hold their existing shares following completion of the merger.

Table of Contents

Q: What will the Starbuck shareholders be entitled to receive pursuant to the merger?

A. Holdings, as the sole shareholder of Starbuck, will be entitled to receive \$130 million in cash and an aggregate of 13,230,000 shares of newly issued Banner common stock and newly issued Banner non-voting common stock. The exact number of Banner non-voting common shares will be determined shortly before consummation of the merger, but in no event will we issue more than 3 million shares of Banner non-voting common stock pursuant to the merger. Following the merger, the merger consideration will be distributed to the Starbuck holders in accordance with the terms of the Holdings organizational documents, which we refer to as the distribution.

Q: Upon completion of the merger, will Starbuck holders have the ability to exert influence over Banner?

A. After completion of the merger and the distribution, the Starbuck holders in the aggregate will own approximately 38.77% of Banner common stock and Banner non-voting common stock, based on the number of shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner's pending acquisition of Siuslaw. However, no Starbuck holder will have more than 8.00% of the outstanding voting shares of the combined company. The Starbuck investors will each have the right to appoint one director to the Banner board of directors, subject to maintaining continued ownership of at least 5% of the outstanding shares of Banner common stock and Banner non-voting common stock on an as-converted basis (calculated to exclude the dilutive impact of any primary issuance of shares by Banner).

As a result of the merger, each of the Starbuck investors would have the ability to exert some influence over Banner's management policies and affairs, but none of them would control the outcome of any matter submitted to Banner's shareholders. See Investor Letter Agreements beginning on page 91.

Q: Why does Banner need to amend its articles of incorporation to issue the Banner non-voting common stock?

A. The amendment to the articles of incorporation authorizing the creation of the Banner non-voting common stock is a condition to the closing of the merger and is necessary for Banner to issue the Banner non-voting common stock as part of the consideration for the merger. Certain of the Starbuck holders have requested a portion of the stock consideration in non-voting common stock, to limit their ownership of Banner common stock to no more than 4.9% of the outstanding Banner common stock. The Banner non-voting common stock to be issued to Starbuck holders in the merger in no event shall exceed 3,000,000 shares of Banner non-voting common stock. Banner's articles of incorporation currently does not currently authorize the issuance of Banner non-voting common stock. Authorizing the creation of the Banner non-voting common stock is required to enable Banner to have sufficient shares of Banner non-voting common stock authorized for issuance in the merger.

At present, the Banner board of directors has no plans to issue the additional shares of Banner non-voting common stock authorized by the amendment to the articles of incorporation. However, it is possible that some of these additional shares could be used in the future for various other purposes without further shareholder approval, except as such approval may be required in particular cases by Banner's articles of incorporation or bylaws, applicable law or the rules of any stock exchange or other quotation system on which our securities may then be listed. These purposes may

include raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies and expanding our business or product lines through the acquisition of other businesses or products.

Q: When do you expect the merger to be completed?

- A. We anticipate that the closing of the merger will occur in the second quarter of 2015, assuming the requisite shareholder approvals at the special meeting are received and all regulatory approvals are received, and assuming the other conditions to closing of the merger are satisfied or waived. The merger will become effective as set forth in the articles of merger to be filed with the Secretary of State of the State of

Table of Contents

Washington and the Secretary of State of the State of Minnesota on the closing date of the merger. For more information, see The Agreement and Plan of Merger Expected Timing of the Merger and The Agreement and Plan of Merger Conditions to the Merger on pages 79 and 88 respectively.

Q: Am I entitled to appraisal rights?

- A. Holders of Banner common stock are not entitled to appraisal rights in connection with the merger under the Washington Business Corporation Act of the State of Washington, which we refer to as the WBCA, or Banner's articles of incorporation.

Q: Who may vote at the special meeting?

- A. Holders of record of common stock at the close of business on February 13, 2015, which we refer to as the record date, are entitled to notice of and to vote at the special meeting. As of the record date, 19,572,141 shares of Banner common stock were issued and outstanding. A list of shareholders entitled to vote will be available for examination at the meeting by any shareholder for any purpose germane to the meeting. The list will also be available for the same purpose beginning ten days prior to the meeting and continuing through the meeting at our principal executive office at 10 S. First Avenue, Walla Walla, Washington 99362.

Q: How many votes do Banner shareholders have?

- A. Each holder of record of Banner common stock as of the close of business on the record date will be entitled to one vote, in person or by proxy, for each share of Banner common stock held in his, her or its name on the books of Banner on that date.

As of the record date, directors and executive officers of Banner and their affiliates as a group beneficially owned and were entitled to vote approximately 450,512 shares of Banner common stock, representing approximately 2.30% of the shares of Banner common stock issued and outstanding as of February 13, 2015. To Banner's knowledge, all of the directors and executive officers of Banner who are entitled to vote at the special meeting intend to vote their shares of Banner common stock in favor of each of the proposals, although such persons have not entered into agreements obligating them to do so.

Q: What shareholder approvals are required for Banner?

- A. Proposal 1 requires the affirmative vote of holders of at least a majority of our outstanding common stock as of the record date of the special meeting. As of the record date, there were 19,572,141 shares of Banner common stock outstanding and therefore 9,786,071 votes are required for proposal 1 to be approved by Banner shareholders. Abstentions and broker non-votes will have the same effect as a vote against the proposal. Proposal 2 requires the affirmative vote of a majority of those shares voting on the proposal. Any shareholder represented in person or by proxy at the meeting and entitled to vote on the subject matter may elect to abstain from

voting on this proposal. If so, such abstention will not be counted as a vote cast on the proposal and, therefore, will have no effect on the outcome of the vote on the proposal. Provided there is a quorum of shareholders present in person or by proxy, shareholders not attending the meeting, in person or by proxy, will also have no effect on the outcome of this proposal.

Proposal 3 requires the affirmative vote of a majority of those shares voting on the proposal to authorize the Banner board of directors to adjourn, postpone or continue the special meeting, should such authorization be necessary for an adjournment, postponement or continuation. Any shareholder represented in person or by proxy at the meeting and entitled to vote on the subject matter may elect to abstain from voting on this proposal. If so, such abstention will not be counted as a vote cast on the proposal and, therefore, will have no effect on the outcome of the vote on the proposal. Provided there is a quorum of shareholders present in person or by proxy, shareholders not attending the meeting, in person or by proxy, will also have no effect on the outcome of this proposal.

Table of Contents

Q: Why did I receive more than one proxy card?

- A. You will receive multiple proxy cards if you hold your shares in multiple accounts or in different ways (e.g., custodial accounts, trusts, joint tenancy). If your shares are held by a broker (i.e., in street name), you will receive your proxy card or other voting information from your broker, and you will need to return your proxy card or cards to your broker.

Q: What constitutes a quorum?

- A. In order to conduct business at the special meeting, a quorum must be present. The holders of a majority of the votes entitled to be cast at the special meeting, present in person or represented by proxy, constitute a quorum under Banner's bylaws. Banner will treat shares of Banner's common stock represented by a properly signed and returned proxy, including abstentions and broker non-votes, as present at the Banner special meeting for the purposes of determining the existence of a quorum.

Q: What if a quorum is not present at the meeting?

- A. If a quorum is not present at the scheduled time of the meeting, a majority of the shareholders present or represented by proxy may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given unless the meeting is adjourned for 120 days or more. An adjournment will have no effect on the business that may be conducted at the meeting.

Q: How are votes counted?

- A. For all proposals, you may vote **for**, **against** or **abstain**. If you **abstain**, it has the same effect as a vote **against** proposal 1. Abstentions will have no effect on proposal 2 or proposal 3 but will reduce the number of votes required to approve such proposals. With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Banner board of directors or, if no recommendation is given, in their own discretion.

Q: What are the Board's recommendations on how I should vote my shares?

- A. The Banner board of directors recommends that you vote your shares **FOR** each of the proposals. While each of the proposals is being voted upon separately, each of proposals 1 and 2 relate to the merger and related matters and each of proposals 1 and 2 must be approved in order for the merger to be consummated. The amendment to the articles of incorporation will go into effect if approved at the special meeting even if the merger is not consummated.

Q: When and where is the special meeting?

- A. The special meeting of shareholders will be held on Tuesday, March 17, 2015 at 10:00 a.m. local time at 10 S. First Avenue, Walla Walla, Washington.

Q: What is the difference between a shareholder of record and a street name holder?

- A. These terms describe how shares are held. If your shares are registered directly in your name with Computershare Trust Company, N.A., our transfer agent, you are a shareholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a street name holder.

Q: What do I need to do now and how do I vote?

- A. We encourage you to read this proxy statement carefully, including its annexes, and then vote your proxy for the relevant proposals.

Table of Contents

If you are a shareholder of record, you have several choices. You can vote your proxy:

by mailing the enclosed proxy card using the enclosed envelope;

over the telephone; or

via the Internet.

Please refer to the specific instructions set forth on the enclosed proxy card.

If you hold your shares in street name, your broker/bank/trust/nominee will provide you with materials and instructions for voting your shares. Please follow those instructions carefully.

Q: Can I vote my shares in person at the special meeting?

A. If you are a shareholder of record, you may vote your shares in person at the special meeting. If you hold your shares in street name, you must obtain a legal proxy from your broker, banker, trustee or nominee, giving you the right to vote the shares at the special meeting.

Q: May I change my vote after I have submitted my proxy?

A. Yes. You may revoke your proxy by doing one of the following:

by sending a written notice of revocation to the Secretary of Banner that is received by Banner prior to the special meeting, stating that you revoke your proxy;

by signing a later-dated proxy card and submitting it so that it is received prior to the special meeting in accordance with the instructions included in the proxy card(s); or

by attending the special meeting and voting your shares in person.

Q: Are there risks associated with the merger that shareholders of Banner should be aware of?

A. In deciding how to vote your shares of common stock on the matters described in this proxy statement, you should carefully consider the risks related to the merger. These risks include, among other things, risks related to

the uncertainty that Banner will be able to realize the anticipated benefits and cost savings of the merger and integrate successfully its existing business with Starbuck. For a discussion of these risks and other risks, see Risk Factors beginning on page 16 of this proxy statement.

Q: Who is paying for this proxy solicitation?

- A. Banner pays the costs of soliciting proxies. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of our common stock.

Q: Is this proxy statement the only way that proxies are being solicited?

The Merger and the Agreement and Plan of Merger (pages 59 and 78)

The terms and conditions of the merger are contained in the merger agreement, which is attached to this proxy statement as **Annex B**. We encourage you to read the merger agreement carefully, as it is the legal document that governs the merger.

On November 5, 2014, we entered into the merger agreement with Holdings and Starbuck, whereby Starbuck will merge with and into merger sub, with merger sub surviving. Immediately following the merger, Starbuck's wholly owned subsidiary bank, AmericanWest Bank, a Washington state-chartered commercial bank, will merge with and into Banner Corporation's wholly owned subsidiary bank, Banner Bank, a Washington state-chartered commercial bank, with Banner Bank surviving, in the bank merger.

In connection with Banner's acquisition of all of the outstanding shares of common stock of Starbuck, pursuant to the merger agreement, Banner will:

pay \$130 million in cash; and

issue an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock.

At the effective time of the merger and subject to the closing conditions of the merger being satisfied, we will deliver the merger consideration to Holdings, who will distribute the merger consideration to the Starbuck holders in accordance with the terms of Holdings organizational documents. The stock consideration will represent an ownership in Banner of approximately 38.77% of the shares outstanding of Banner common stock and Banner non-voting common stock, based on the number of shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner's pending acquisition of Siuslaw. As of November 4, 2014, based on the closing price of Banner common stock of \$43.20, the transaction was valued at approximately \$702 million, and based on the closing price of the Banner common stock as of February 13, 2015, the transaction is valued at approximately \$724 million.

Table of Contents

Investor Letter Agreements (page 91)

On November 5, 2014, concurrent with the execution of the merger agreement, Banner entered into the investor letter agreements with the Starbuck investors (Oaktree, Friedman Fleischer & Lowe and GS Capital). Pursuant to the investor letter agreements, Banner has agreed to provide the Starbuck investors with certain registration rights and the right of each Starbuck investor to appoint one independent director to the Banner board of directors and the Banner Bank board of directors, and the Starbuck investors have agreed to certain transfer restrictions on the stock consideration received pursuant to the merger and certain commitments related to the regulatory approvals required for the merger and the bank merger.

Proposals to be Considered and Voted Upon by Holders of Banner Stock at the Special Meeting (page 54)

In order to complete the merger, at the special meeting to be held on March 17, 2015, holders of Banner common stock must vote to approve the amendment to the articles of incorporation to create a new class of Banner non-voting common stock and to approve the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock in accordance with the merger agreement.

Proposal 1: Approval of an Amendment to Banner's Articles of Incorporation to Create a New Class of Banner Non-Voting Common Stock (page 54)

The merger agreement requires that Banner issue no more than 3,000,000 shares of Banner non-voting common stock as part of the merger consideration, which number will be determined shortly before the consummation of the merger. In order to create a class of Banner non-voting common stock, it is necessary to amend our articles of incorporation. The Banner board of directors has unanimously adopted resolutions approving and declaring advisable, and recommending that our shareholders approve, the adoption of the amendment to the articles of incorporation, which will authorize the creation of five million shares of Banner non-voting common stock. Holders of shares of Banner non-voting common stock will have no voting rights, unless otherwise required by the WBCA, but will otherwise have all the rights of holders of Banner common stock. The Banner non-voting common stock will automatically convert to Banner common stock upon transfer of such stock, subject to certain exceptions. Accordingly, if this proposal is not approved by shareholders at the special meeting, a condition to the closing of the merger will not be satisfied and the merger will not be consummated. The amendment to the articles of incorporation will go into effect if approved at the special meeting even if the merger is not consummated.

Proposal 2: Approval of the Issuance of an Aggregate of 13,230,000 shares of Banner Common Stock and Banner Non-Voting Common Stock (page 56)

We are seeking the approval of holders of common stock for the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock in accordance with the merger agreement. These shares, if all Banner non-voting common stock to be issued in the merger were converted into Banner common stock, represent approximately 38.77% of the shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner's pending acquisition of Siuslaw. The issuance of the Banner common stock and Banner non-voting common stock in connection with the merger requires the approval of holders of Banner common stock under NASDAQ Stock Market rules because the aggregate number of shares of Banner common stock and Banner non-voting common stock is in excess of 20% of the number of shares of Banner common stock currently outstanding. Accordingly, if this proposal is not approved by shareholders at the special meeting, a condition to the closing of the merger will not be satisfied and the merger will not be consummated.

Table of Contents

Proposal 3: Approval of Adjournments or Postponements of the Special Meeting (page 56)

Banner is asking holders of common stock to approve adjournments or postponements of the special meeting if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting in favor of the foregoing proposals.

Approval of proposal 3 is not a condition to the completion of the merger.

Recommendation of the Banner Board of Directors (page 61)

The Banner board of directors unanimously recommends a vote **FOR** each of the proposal described above. While each of the proposals is being voted upon separately, each of proposals 1 and 2 must be approved in order for the merger to be consummated.

Reasons for the Merger (page 61)

In reaching its decision to approve the merger agreement, the Banner board of directors consulted with Banner management, our legal and financial advisors, and considered a number of factors, including among others and not necessarily in order of relative importance, the following factors:

its knowledge of Starbuck's business, operations, financial condition, earnings and prospects, taking into account the results of Banner's due diligence review of Starbuck, including Banner's assessments of Starbuck's credit policies, asset quality, adequacy of loan loss reserves, interest rate risk and litigation;

the fact that Starbuck would enable Banner to meaningfully expand its strategic presence in Oregon, Washington and Idaho, as well as expand into Utah and California;

the reports of Banner's management and the financial presentation of Banner's financial advisor concerning the business, operations, financial condition and earnings of Starbuck on an historical and prospective basis and the pro forma financial impact of the merger;

Banner management's belief that the merger will be accretive to Banner's earnings per share under generally accepted accounting principles in the United States, consistently applied, which we refer to as GAAP, in periods subsequent to the period in which Banner will incur certain non-recurring acquisition, conversion and integration costs;

the likelihood of a successful integration of Starbuck's business, operations and workforce with those of Banner; and

the fact that the merger is likely to provide an increase in shareholder value, including the benefits of a stronger strategic position.

The Banner board of directors also considered in its deliberations a number of uncertainties and risks and other potentially negative factors concerning the merger agreement, including those listed in *The Merger Reasons for the Merger; Recommendation of the Banner Board of Directors* beginning on page 61. The Banner board of directors determined that these uncertainties, risks and other potentially negative factors were outweighed by the benefits that the Banner board of directors expects to achieve for its shareholders as a result of the merger.

Opinion of Banner's Financial Advisor (page 63)

At the November 5, 2014 meeting of the Banner board of directors, Sandler O'Neill & Partners, L.P., which we refer to as Sandler O'Neill, delivered to the Banner board of directors its oral opinion, which was subsequently confirmed in writing, that as of November 5, 2014, the merger consideration was fair to Banner

Table of Contents

from a financial point of view. The full text of Sandler O'Neill's opinion is attached as **Annex E** to this proxy statement. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion. Holders of Banner common stock are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.

Sandler O'Neill's opinion speaks only as of the date of the opinion. The opinion was directed to the Banner board of directors and is directed only to the fairness of the merger consideration to Banner from a financial point of view. It does not address the underlying business decision of Banner to engage in the merger or any other aspect of the merger and is not a recommendation to any holder of Banner common stock as to how such holder of Banner common stock should vote at Banner's special meeting with respect to the amendment to the articles of incorporation and the issuance of the stock consideration or any other matter. Sandler O'Neill did not express any opinion as to the fairness of the amount or nature of the compensation to be received in connection with the merger by Banner's or Starbuck's officers, directors, or employees, or any class of such persons, relative to the merger consideration to be received in the merger by any other shareholders of Banner.

For further information, please see the section entitled "The Merger - Opinion of Banner's Financial Advisor" beginning on page 63.

Expected Timing of the Merger (page 79)

We anticipate that the closing of the merger will occur in the second quarter of 2015, assuming the requisite shareholder approvals at the special meeting are received and all regulatory approvals are received and assuming the other conditions to closing of the merger are satisfied or waived. The merger will become effective as set forth in the articles of merger to be filed with the Secretary of State of the State of Washington and the Secretary of State of the State of Minnesota on the closing date of the merger.

Conditions to the Merger (page 88)

Completion of the merger is subject to various conditions, including, among others:

approval by Banner shareholders of the amendment to the articles of incorporation and the issuance of the stock consideration;

the representations and warranties of each party must be true and correct at and as of November 5, 2014 and at and as of the closing date with the same effect as though such representations and warranties had been made on and as of such date (except to the extent such representations and warranties speak as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), subject to the materiality standards provided in the merger agreement;

all of the permits, consents, approvals and authorizations applicable to the merger agreement and the transactions contemplated thereby from the regulatory agencies and governmental entities will have been obtained and remain in full force and effect and all waiting periods will have expired;

the shares of Banner common stock to be issued in the merger (including upon conversion of the shares of Banner non-voting common stock issued in the merger) will have been authorized for listing on NASDAQ, subject to official notice of issuance; and

Each party must have performed in all material respects all of the obligations required to be performed by it under the merger agreement at or prior to the closing date of the merger.

Banner cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Table of Contents

Termination (page 89)

The merger agreement may be terminated at any time before the effective time of the merger, in any of the following circumstances:

by mutual written consent of Banner and Starbuck;

by either Banner or Starbuck, should any of the following occur:

the approval of the issuance of the Banner common stock and Banner non-voting common stock in accordance with the merger agreement and the approval of the amendment to the articles of incorporation are not obtained at the special meeting or any adjournment or postponement of such meeting;

any regulatory agency or governmental authority that must grant an approval of the merger, the bank merger or the transactions contemplated by the merger agreement as described in the section entitled "The Merger Regulatory Approvals" beginning on page 77 have issued a nonappealable order, injunction or decree permanently enjoining or otherwise prohibiting the consummation of the transactions contemplated by the merger agreement;

the merger shall have not been consummated on or before November 5, 2015, which we refer to as the termination date; or

there has been a breach or an aggregate of breaches of any representations and warranties, covenants or agreements to be performed by either Banner and merger sub (in the case of Starbuck) or Holdings and Starbuck (in the case of Banner) in a manner such that the closing conditions described in "Conditions to Each Party's Obligations" and "Conditions to Obligations of Banner" or "Conditions to Obligations of Starbuck" would not be satisfied, provided that such breaches of representations or warranties, covenants and agreements have not been cured by the earlier of the termination date or within 10 business days following receipt by the breaching party of written notice of such breach or breaches; provided that such right to terminate the merger agreement shall not be available to either Banner or Starbuck, as the case may be, if it is in material breach of any of its representations, warranties, covenants or agreements under the merger agreement and that such material breach of any of its representations, warranties, covenants or agreements under the merger agreement shall be the cause of the failure of the closing to occur.

Regulatory Approvals (page 77)

Under applicable law, the merger must be approved by the Federal Reserve Board, and the bank merger must be approved by the Federal Deposit Insurance Corporation, which we refer to as the FDIC, and the Washington State Director of the Department of Financial Institutions, which we refer to as the Washington DFI. The U.S. Department of Justice may also review the impact of the merger and the bank merger on competition. We filed the necessary

applications with the Federal Reserve Board and the FDIC on December 23, 2014. We also filed the necessary application with the Washington DFI on December 29, 2014.

There can be no assurance that the regulatory approvals received will not contain a condition or requirement that results in a failure to satisfy the conditions to closing set forth in the merger agreement. See the section entitled "The Agreement and Plan of Merger - Conditions to the Merger" beginning on page 88.

No Appraisal Rights (page 77)

Under Washington law and Banner's articles of incorporation, Banner shareholders will not have appraisal rights pursuant to the merger and the other transactions contemplated by the merger agreement.

RISK FACTORS

*In addition to general investment risks and the other information contained in or incorporated by reference into this proxy statement, including the matters addressed under the caption **Cautionary Statement Regarding Forward-Looking Statements** on page 14 and the discussion under **Risk Factors** in Banner's Annual Report on Form 10-K for the year ended December 31, 2013, as updated by subsequent **Quarterly Reports on Form 10-Q** and **Current Reports on Form 8-K**, you should carefully consider the following risk factors in deciding how to vote your shares. You should also consider the other documents incorporated by reference into this proxy statement. See **Where You Can Find More Information** beginning on page 129.*

Banner may fail to realize all of the anticipated benefits of the merger.

The success of the merger will depend on, among other things, Banner's ability to realize anticipated cost savings and to combine the businesses of Banner and Starbuck in a manner that does not materially disrupt the existing customer relationships of the companies or result in decreased revenues from their customers. If Banner is not able to successfully achieve these objectives, the anticipated benefits of the merger may not be realized fully, if at all, or may take longer to realize than expected.

It is possible that the integration process could result in the loss of key employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect Banner's ability to maintain relationships with clients, customers, depositors and employees or to achieve the anticipated benefits of the merger. Integration efforts between the two companies will also divert management attention and resources. Any such distraction on the part of management, if significant, could affect Banner's ability to service existing business and develop new business and adversely affect the business and earnings of each of Banner and Starbuck during the transition period and on the combined company following completion of the merger.

The value of Banner common stock after the merger may be affected by factors different from those currently affecting the values of Banner common stock.

The number of shares of Banner common stock and Banner non-voting common stock to be issued in the merger to the Starbuck holders is not adjustable based on the market price of Banner common stock, so the merger consideration at the closing may have a greater or lesser implied value than at the time the merger agreement was signed.

The parties to the merger agreement have determined the number of shares of Banner common stock and Banner non-voting common stock to be issued to the Starbuck holders, and this number is not adjustable based on changes in the market price of Banner common stock. Any changes in the market price of Banner common stock will not affect the number of shares that the Starbuck holders will be entitled to receive pursuant to the merger. Therefore, if the market price of Banner common stock declines from the market price on the date of the merger agreement prior to the consummation of the merger, the Starbuck holders could receive merger consideration with considerably less implied value. Similarly, if the market price of Banner common stock increases from the market price on the date of the merger agreement prior to the consummation of the merger, the Starbuck holders could receive merger consideration with considerably more implied value than their Starbuck shareholdings, and Banner shareholders immediately prior to the merger will not be compensated for the increased market value of Banner common stock. Because the number of shares of Banner common stock and Banner non-voting common stock to be issued in the merger to the Starbuck holders does not adjust as a result of changes in the value of Banner common stock, for any amount that the market value of Banner common stock rises or declines, there is a corresponding rise or decline, respectively, in the value of the total merger consideration issued to the Starbuck holders.

Table of Contents

Holders of Banner common stock will have a reduced ownership and voting interest after the merger and will exercise less influence over management.

Holders of Banner common stock currently possess all voting rights with respect to the election of the Banner board of directors and on other matters affecting Banner. Upon the completion of the merger, the former shareholders of Holdings as a group will receive shares in the merger constituting approximately 38.77% of the outstanding shares of Banner common stock immediately after the merger. As a result, current shareholders of Banner as a group will own approximately 57.36% of the outstanding shares of Banner common stock immediately after the merger. In addition, the Starbuck investors will have certain rights to appoint directors to the Banner board of directors. As a result, current Banner shareholders may have less influence on the management and policies of Banner than they now have on the management and policies of the company.

The unaudited pro forma combined condensed consolidated financial statements, which we refer to as the pro forma financial statements, are presented for illustrative purposes only and may not be an indication of the combined company's financial condition or results of operations following the merger.

The pro forma financial statements contained in this proxy statement are presented for illustrative purposes only and may not be an indication of the combined company's financial condition or results of operations following the merger for several reasons. For example, the pro forma financial statements have been derived from the historical financial statements of Banner and Starbuck, and include the proposed acquisitions of Siuslaw and GSB by Banner and Starbuck respectively, and certain adjustments and assumptions have been made regarding the combined company after giving effect to the merger and the bank merger by which each entity would become a part of the combined company. The information upon which these adjustments and assumptions have been made is preliminary, and such adjustments and assumptions are difficult to make with complete accuracy.

Moreover, the pro forma financial statements do not reflect all costs that are expected to be incurred by the combined company in connection with the merger and the bank merger. For example, the impact of any incremental costs incurred in integrating the companies is not reflected in the pro forma financial statements. As a result, the actual financial condition and results of operations of the combined company following the merger and the bank merger may differ significantly from these pro forma financial statements.

In addition, the assumptions used in preparing the pro forma financial statements may not prove to be accurate, and other factors may affect the combined company's financial condition or results of operations following the merger and the bank merger. Any potential decline in the combined company's financial condition or results of operations may cause significant variations in the stock price of the combined company. See the sections entitled "Selected Unaudited Pro Forma Condensed Combined Financial Information" and "Unaudited Pro Forma Combined Condensed Consolidated Financial Information" beginning on pages 27 and 29 respectively.

If the Starbuck holders, or other holders of Banner common stock, immediately sell Banner common stock or Banner non-voting common stock received in the merger, they could depress Banner's stock price.

If the Starbuck holders who receive Banner common stock or Banner non-voting common stock in the merger, or other holders of Banner common stock, sell significant amounts of Banner common stock following the merger (in the case of the Starbuck investors, after the shares are released from lockups, and in the case of certain Starbuck holders, other transfer restrictions specified in the registration rights agreements as described in the section entitled "Investor Letter Agreements Registration Rights" beginning on page 92), the market price of Banner common stock could decrease. These sales may also make it more difficult for Banner to sell equity securities or equity-related securities in the future at a time and at a price that we otherwise would deem appropriate.

Table of Contents

The market price of Banner common stock after the merger may be affected by factors different from those affecting Banner currently.

The results of operations of the combined company and the market price of Banner common stock after the completion of the merger may be affected by factors different from those currently affecting the independent results of operations of each of Banner and Starbuck. For a discussion of the businesses of Banner and Starbuck and of some important factors to consider in connection with those businesses, please read this proxy statement carefully and see the documents incorporated by reference in this proxy statement and referred to under "Where You Can Find More Information" on page 129.

Regulatory approvals may not be received, may take longer than expected or may impose conditions that are not presently anticipated or that could have an adverse effect on the combined company following the merger.

Before the merger and the bank merger may be completed, Banner must obtain approvals from the Federal Reserve Board, the FDIC and the Washington DFI. The U.S. Department of Justice may also review the impact of the merger and the bank merger on competition. Other approvals, waivers or consents from regulators may also be required. An adverse development in either Banner's or Starbuck's regulatory standing or other factors could result in an inability to obtain approvals or delay their receipt. These regulators may impose conditions on the completion of the merger or the bank merger or require changes to the terms of the merger or the bank merger. Such conditions or changes could have the effect of delaying or preventing completion of the merger or the bank merger or imposing additional costs on or limiting the revenues of the combined company following the merger and the bank merger, any of which might have an adverse effect on the combined company following the merger. See the section entitled "The Merger Regulatory Approvals" beginning on page 77.

The fairness opinion obtained by Banner from its financial advisor will not reflect changes in circumstances subsequent to the date of the fairness opinion.

Sandler O'Neill, Banner's financial advisor in connection with the merger, has delivered to the Banner board of directors its opinion dated as of November 5, 2014, that as of such date, and based upon and subject to the factors and assumptions set forth therein, the merger consideration to be paid to the holders of the outstanding shares of Starbuck common stock pursuant to the merger agreement was fair from a financial point of view to Banner. The opinion does not reflect changes that may occur or may have occurred after the date of the opinion, including changes to the operations and prospects of Banner or Starbuck, changes in general market and economic conditions or regulatory or other factors. Any such changes, or changes in other factors on which the opinion is based, may materially alter or affect the relative values of Banner and Starbuck. The fairness opinion will not be updated as of the date of the mailing of the proxy statement.

Starbuck will be subject to business uncertainties and contractual restrictions while the merger is pending.

Banner and Starbuck have operated and, until the completion of the merger, will continue to operate, independently. Uncertainty about the effect of the merger on employees and customers may have an adverse effect on Starbuck and consequently on Banner. These uncertainties may impair Starbuck's ability to attract, retain or motivate key personnel until the merger is consummated, and could cause customers and others that deal with Starbuck to seek to change existing business relationships with Starbuck. Retention of certain employees may be challenging during the pendency of the merger, as certain employees may experience uncertainty about their future roles with Banner. If key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with Banner, Banner's business following the merger could be harmed. In addition, the merger agreement restricts Starbuck from making certain acquisitions and taking other specified actions until the merger occurs without the

consent of Banner. These restrictions may prevent Starbuck from pursuing attractive business opportunities that may arise prior to the completion of the merger. Please see the section entitled "The Agreement and Plan of Merger - Covenants and Agreements - Conduct of Business of Starbuck Pending the Merger" beginning on page 83 for a description of the restrictive covenants to which Starbuck is subject.

Table of Contents

The merger is subject to closing conditions, including the approval of the amendment to the articles of incorporation and the issuance of the stock consideration by the Banner shareholders at the special meeting or an adjournment or postponement thereof, that, if not satisfied or waived, will result in the merger not being completed, which may result in material adverse consequences to Banner's business and operations.

The merger is subject to closing conditions, including the approval of the amendment to the articles of incorporation and the issuance of the stock consideration by the Banner shareholders at the special meeting or an adjournment or postponement thereof, that, if not satisfied, will prevent the merger from being completed. To Banner's knowledge, all of the directors and executive officers of Banner who are entitled to vote at the special meeting intend to vote their shares of Banner common stock in favor of each of the proposals, although such persons have not entered into agreements obligating them to do so. If the merger is not completed, Banner's business and operations could be adversely affected by the loss of employees and customers, the costs incurred in pursuing the transaction, and potential reputational harm. In addition to the required approvals and consents from regulatory agencies and governmental entities and the approval of Banner shareholders, the merger is subject to other conditions beyond Banner's control that may prevent, delay or otherwise materially adversely affect its completion. Banner cannot predict whether and when these other conditions will be satisfied. See "The Agreement and Plan of Merger - Conditions to the Merger" beginning on page 88.

If the merger is not completed, Banner will have incurred substantial expenses without realizing the expected benefits of the merger.

Banner has incurred and will incur substantial expenses in connection with the due diligence, negotiation and completion of the transactions contemplated by the merger agreement, as well as the costs and expenses of preparing, filing, printing and mailing this proxy statement and all filing fees paid to the SEC in connection with the merger. If the merger is not completed, Banner would have to recognize these expenses without realizing the expected benefits of the merger.

Our expansion into new market areas in California and Utah may present increased risk.

Starbucks's lending operations are concentrated in the states of California, Utah, Oregon and Washington. The merger with Starbucks will result in Banner's initial entry into the states of California and Utah where Banner has little or no operating experience. Although Banner will retain a number of Starbucks's lending and business development officers with experience in these markets, Banner is new to these market areas and has conducted only limited banking business in California and Utah. Our entry into these markets will present us with different competitive conditions, customer preferences and banking products than we have experienced in the Pacific Northwest markets we know. As a result, it is possible that our operations in these states may be less successful than our operations in the Pacific Northwest. In addition, the financial condition and results of operations of the combined company will be subject to general economic conditions and the conditions in the real estate markets prevailing in California and Utah as well as the Pacific Northwest markets we know. If economic conditions in any one of these states worsens or if the real estate market declines, the combined company may suffer decreased net income or losses associated with higher default rates and decreased collateral values on its existing portfolio, and may not be able to originate loans at acceptable risk levels and upon acceptable terms, to maintain Banner's risk profile and asset quality.

We may be subject to additional regulatory scrutiny if and when Banner Bank's total assets exceed \$10.0 billion.

Banner Bank's total assets were \$4.759 billion at September 30, 2014 and AmericanWest Bank had \$4.095 billion in total assets at that date. Following the closing of the merger with AmericanWest Bank, Banner Bank's assets will be approaching \$10 billion. If and when Banner Bank's total assets exceed \$10.0 billion, it will be considered a very large

institution by bank regulators under The Dodd-Frank Wall Street Reform and Consumer Protection Act, which we refer to as the Dodd-Frank Act. As a result, there may be higher expectations from regulators, and there will be formal capital stress testing requirements and direct examination

Table of Contents

by the Consumer Financial Protection Bureau or CFPB. The CFPB has near exclusive supervision authority, including examination authority, over very large institutions and their affiliates to assess compliance with federal consumer financial laws, to obtain information about the institutions' activities and compliance systems and procedures, and to detect and assess risks to consumers and markets.

Under the Dodd-Frank Act, the minimum ratio of net worth to insured deposits of the Deposit Insurance Fund was increased from 1.15% to 1.35% and the FDIC is required, in setting deposit insurance assessments, to offset the effect of the increase on institutions with assets of less than \$10 billion, which results in institutions with assets of \$10 billion or more paying higher assessments. In addition, if Banner Bank has \$10 billion or more in assets, its assessment rate will be determined, in part, by the scorecard method. The scorecard method uses a performance score and a loss severity score, which are combined and converted into an initial base assessment rate. The performance score is based on measures of the bank's ability to withstand asset-related stress and funding-related stress and weighted CAMELS ratings. The loss severity score is a measure of potential losses to the FDIC in the event of the bank's failure. Under a formula, the performance score and loss severity score are combined and converted to a total score that determines the bank's initial base assessment rate. The FDIC has the discretion to alter the total score based on factors not captured by the scorecard. The resulting initial base assessment rate is also subject to adjustments downward based on long term unsecured debt issued by the bank, to adjustment upward based on long term unsecured debt held by the bank that is issued by other FDIC-insured institutions, and to further adjustment upward if the bank's brokered deposits exceed 10% of its domestic deposits.

Further, Banner Bank may be impacted by the Durbin Amendment to the Dodd-Frank Act regarding limits on debit card interchange fees. The Durbin Amendment gave the Federal Reserve Board the authority to establish rules regarding interchange fees charged for electronic debit transactions by a payment card issuer that, together with its affiliates, has assets of \$10 billion or more and to enforce a new statutory requirement that such fees be reasonable and proportional to the actual cost of a transaction to the issuer. The Federal Reserve Board has adopted rules under this provision that limit the swipe fees that a debit card issuer can charge a merchant for a transaction to the sum of 21 cents and five basis points times the value of the transaction, plus up to one cent for fraud prevention costs.

The Dodd-Frank Act also requires publicly traded bank holding companies with assets of \$10 billion or more to establish a risk committee responsible for enterprise-wide risk management practices, comprised of independent directors, including one risk management expert.

As a result of the above, if and when Banner Bank's total assets exceed \$10 billion, deposit insurance assessments are likely to increase, as well as expenses related to regulatory compliance, which may be significant. In addition, compliance with the Durbin Amendment would reduce our non-interest income significantly. We currently believe the impact of the Durbin Amendment on combined debit card revenues for Banner Bank and AmericanWest Bank could be a reduction of approximately \$8.0 million annually.

Table of Contents**SELECTED CONSOLIDATED HISTORICAL FINANCIAL INFORMATION OF STARBUCK**

The following tables set forth selected historical consolidated financial and other data of Holdings, the holding company of Starbuck for the periods and at the dates indicated. Audited financial information for Starbuck alone is not available; however, as noted in the pro forma financial statements beginning on pages 27 and 29 of this document, Starbuck comprises more than 99.9% of the consolidated assets of Holdings as of September 30, 2014 and more than 105.0% of Holdings' net income for the nine months ended September 30, 2014 and the twelve months ended December 31, 2013. The information in the tables is derived in part from the audited financial statements of Holdings for the years ended December 31, 2010 to 2013 and should be read in conjunction with Holdings' annual audited financial statements and unaudited interim financial statements which have been filed with the SEC in Banner's Current Report on Form 8-K filed on December 4, 2014, which is incorporated by reference into this proxy statement. The selected financial data tables below reflect only four years as Holdings was organized in 2009 and it did not begin acquiring any substantial subsidiaries through Starbuck until 2010. In 2010 and subsequent years additional acquisitions continued to add to the size of the consolidated company and contributed to the year-over-year growth trends noted below. See "Where You Can Find More Information" beginning on page 129. The selected financial and other data as of and for the nine months ended September 30, 2014 and 2013 are derived from the unaudited financial statements of Holdings which are also contained in Banner's Current Report on Form 8-K filed on December 4, 2014, and which, in Holdings' opinion, include all adjustments (consisting of normal, recurring adjustments) necessary for a fair statement of Holdings' financial position and results of operations for such periods. The results of operations for the nine months ended September 30, 2014 and 2013 are not necessarily indicative of the results of operations to be expected for any subsequent period or for the entire year.

Table of Contents**COMPARATIVE UNAUDITED PRO FORMA PER SHARE DATA**

The table below sets forth the book value per common share, cash dividends per common share, and basic and diluted earnings per common share data for each of Banner and Starbuck on a historical basis and for Banner on a pro forma combined basis. The pro forma combined information give effect to the merger of Banner with Siuslaw and of Banner with Starbuck, assuming Starbuck had completed the acquisition of GSB as if each merger had been effective on the dates presented in the case of the book value per common share data, and as each merger had been effective as of January 1 of the applicable pro forma period, in the case of the cash dividends paid per common share and earnings per common share data. The pro forma combined amounts are calculated by combining the Banner historical share amounts with pro forma amounts from Siuslaw, assuming an exchange ratio of 0.32231, and pro forma amounts from Starbuck, assuming 13,230,000 shares of Banner are issued to the Starbuck holders, along with a cash payment by Banner of \$130,000,000 to the Starbuck holders. The pro forma combined amounts for Banner reflect certain acquisition accounting adjustments, which are based on estimates that are subject to change depending on fair values as of each merger completion date. These adjustments are described in the notes to unaudited pro forma combined condensed consolidated financial information contained elsewhere in this document under the heading **Unaudited Pro Forma Combined Condensed Consolidated Financial Information** of Banner beginning on page 29. The pro forma data combine the historical results of Siuslaw, GSB and Starbuck into Banner's consolidated statement of income and, while certain adjustments were made for the estimated impact of certain fair value adjustments and other merger-related activity, they are not indicative of what could have occurred had the merger taken place on January 1 of the applicable pro forma period.

The pro forma financial information in the table below is provided for illustrative purposes, does not include any projected cost savings, revenue enhancements or other possible financial benefits of the merger to the combined company and does not attempt to suggest or predict future results. This information also does not necessarily reflect what the historical financial condition or results of operations of the combined company would have been had Banner, Siuslaw, GSB and Starbuck been combined as of the dates and for the periods shown.

- (4) Pro forma adjustments include new Banner common equity issued to former Siuslaw shareholders (1,319,995 shares times \$40.50) and former Starbuck equity holders (13,230,000 shares times \$40.50) and the impact of the pro forma adjustments for the acquisitions as noted in the pro forma financial statements for the periods indicated.

**UNAUDITED PRO FORMA COMBINED CONDENSED
CONSOLIDATED FINANCIAL INFORMATION**

The following is the unaudited pro forma combined condensed consolidated financial information for Banner, Siuslaw, GSB and Starbuck, giving effect to the mergers. The unaudited pro forma combined condensed consolidated balance sheet as of September 30, 2014 gives effect to the merger of Banner with Siuslaw, Starbuck with GSB, and Banner with Starbuck, as if the mergers had occurred on that date. The unaudited pro forma combined condensed consolidated statements of operations for the nine months ended September 30, 2014 and the year ended December 31, 2013 give effect to the merger of Banner with Siuslaw, Starbuck with GSB, and Banner with Starbuck, as if the mergers had occurred on January 1, 2013.

The unaudited pro forma combined condensed consolidated financial statements have been prepared using the acquisition method of accounting for business combinations under GAAP. Banner will be the acquirer for accounting purposes in its acquisitions, and Starbuck will be the acquirer in its acquisition of GSB. Certain reclassifications have been made to the historical financial statements of Siuslaw, GSB and Starbuck to conform to the presentation in Banner's financial statements. These reclassifications had no impact on net income.

A final determination of the fair values of Siuslaw's, GSB's and Starbuck's assets and liabilities, which cannot be made prior to the completion of each merger, will be based on the actual net tangible and intangible assets of Siuslaw, GSB and Starbuck that exist as of the dates of completion of the transactions. Consequently, fair value adjustments and amounts preliminarily attributed to goodwill and identifiable intangibles could change significantly from those adjustments used in the unaudited pro forma combined condensed consolidated financial statements presented herein and could result in a material change in amortization of acquired intangible assets. In addition, the value of the final purchase price of the mergers will be based on the closing price of Banner common stock on the closing dates of the merger of Banner with Siuslaw and Banner with Starbuck. For purposes of the accompanying pro forma financial information, the closing price of Banner common stock on December 1, 2014 was used for purposes of presenting the pro forma combined consolidated balance sheet at September 30, 2014.

In connection with the plan to integrate the operations of Banner, Siuslaw, GSB and Starbuck following the completion of the merger of Banner with Siuslaw and Banner with Starbuck, Banner anticipates that nonrecurring charges, such as costs associated with systems implementation, severance and other costs related to exit or disposal activities, will be incurred. Banner is not able to determine the timing, nature and amount of these charges as of the date of this document. However, these charges will affect the results of operations of Banner, Siuslaw, GSB and Starbuck, as well as those of the combined company following the completion of the mergers, in the periods in which they are recorded. The unaudited pro forma combined condensed consolidated statements of operations do not include the effects of the non-recurring costs associated with any restructuring or integration activities resulting from the mergers, as they are nonrecurring in nature and not factually supportable at this time. Additionally, the unaudited pro forma adjustments do not give effect to any nonrecurring or unusual restructuring charges that may be incurred as a result of the integration of the two companies or any anticipated disposition of assets that may result from such integration. However, the unaudited pro forma combined condensed consolidated balance sheet includes a pro forma adjustment to reduce cash and equity to reflect the payment of certain anticipated merger costs and the write off, as of the date of closing, of certain assets with little to no utility or value.

The actual amounts recorded as of the completion of the mergers may differ materially from the information presented in these unaudited pro forma combined condensed consolidated financial statements as a result of:

changes in the trading price for Banner's common stock;

capital used or generated in Siuslaw's, GSB's and Starbuck's operations before completion of their respective mergers;

changes in the fair values of Siuslaw's, GSB's and Starbuck's assets and liabilities;

Table of Contents

other changes in Siuslaw's, GSB's and Starbuck's net assets that occur prior to the completion of their respective mergers, which could cause material changes in the information presented below; and

the actual financial results of the combined company.

The unaudited pro forma combined condensed consolidated financial statements are provided for informational purposes only. These financial statements reflect the merger of Siuslaw into Banner, the segregation of Starbuck from its parent holding company Holdings, the merger of GSB into Starbuck, and the merger of Starbuck into Banner, with all appropriate adjustments for each combination. The unaudited pro forma combined condensed consolidated financial statements are not necessarily, and should not be assumed to be, an indication of the results that would have been achieved had the transactions been completed as of the dates indicated or that may be achieved in the future. The preparation of the unaudited pro forma combined condensed consolidated financial statements and related adjustments required management to make certain assumptions and estimates. The unaudited pro forma combined condensed consolidated financial information is based on, and should be read together with, the historical consolidated financial statements and related notes of Banner incorporated into this document by reference from its Quarterly Report on Form 10-Q for the quarter ended September 30, 2014 and its Annual Report on Form 10-K for the year ended December 31, 2013, and the historical consolidated financial statements and related notes of Holdings incorporated into this document by reference to Banner's Current Report on Form 8-K filed on December 4, 2014. Audited financial information for Starbuck alone is not available; however, Starbuck comprises more than 99.9% of the consolidated assets and equity of Holdings as of September 30, 2014, and more than 105.0% of Holdings' consolidated net income for the nine months ended September 30, 2014 and the twelve months ended December 31, 2013. See the section entitled "Where You Can Find More Information" beginning on page 129.

Table of Contents**Notes to Unaudited Pro Forma Combined Condensed Consolidated Financial Information****Note 1 Basis of Presentation**

The unaudited pro forma combined condensed consolidated financial information has been prepared under the acquisition method of accounting for business combinations. The unaudited pro forma combined condensed consolidated statements of operations for the year ended December 31, 2013 and nine months ended September 30, 2014, are presented as if the acquisitions occurred on January 1, 2013. The unaudited pro forma combined condensed consolidated statements of financial condition as of September 30, 2014 are presented as if the acquisitions occurred as of that date. This information is not intended to reflect the actual results that would have been achieved had the acquisition actually occurred on those dates. The pro forma adjustments are preliminary, based on estimates, and are subject to change as more information becomes available and after final analyses of the fair values of both tangible and intangible assets acquired and liabilities assumed are completed. Accordingly, the final fair value adjustments may be materially different from those presented in this document.

Under the acquisition method of accounting, the assets and liabilities and any identifiable intangible assets of entities being acquired, Siuslaw Bank, GSB and Starbuck, will be recorded at the respective fair values on the merger date. The fair values on the merger date are to represent management's best estimates based on available information and facts and circumstances in existence on the merger date. The pro forma adjustments reflected in the unaudited pro forma combined condensed consolidated financial information are subject to adjustment and may vary from the actual purchase price allocation that will be recorded at the time the merger is completed. Adjustments may include, but not be limited to, changes in (i) the acquired entity's balance sheets through the effective time of the mergers; (ii) the aggregate value of merger consideration paid if the price of Banner's stock varies from the assumed prices per share; (iii) total merger related expenses if consummation and/or implementation costs vary from currently estimated amounts; and (iv) the underlying values of assets and liabilities if market conditions differ from current assumptions.

Certain historical data of the entities being acquired has been reclassified on a pro forma basis to conform to Banner's classifications.

Note 2 Purchase Price

Siuslaw Acquisition: Each share of Siuslaw common stock will be converted into the right to receive, promptly following completion of the merger, (1) 0.32231 shares of Banner common stock and (2) \$1.41622 in cash. Banner will issue approximately 1,319,995 shares of common stock in the merger, resulting in approximately 20,891,500 shares of common stock outstanding after the merger, and pay aggregate cash consideration in the merger of approximately \$5.8 million, representing an aggregate consideration mix of approximately 90% Banner stock and 10% cash. All preferred stock of Siuslaw will be converted to common stock of Siuslaw immediately prior to the merger and preferred shareholders will receive the same merger consideration as the other Siuslaw common shareholders.

Any changes in the price of Banner common stock would change the purchase price and goodwill. The following table presents the sensitivity of purchase price and resulting goodwill to changes in the price of Banner's common stock using a price of \$40.50 as of December 1, 2014 as the baseline.

Table of Contents

GSB Acquisition: Each share of GSB common stock will be converted into the right to receive, promptly following completion of the merger with Starbuck, \$22.05 in cash.

Starbuck Acquisition: The aggregate consideration to be received by Starbuck holders will consist of a fixed amount of 13.23 million shares of Banner common stock and \$130.0 million in cash. Upon completion of the transaction, such shares will represent an approximately 38.77% pro forma ownership interest in Banner assuming completion of merger with Siuslaw. Based on the closing price of Banner common stock on February 13, 2015, the aggregate value of the transaction is approximately \$724 million.

Note 3 Allocation of Purchase Price

Siuslaw Acquisition: At the merger date, Siuslaw's assets and liabilities are required to be adjusted to their estimated fair values. The purchase price is then allocated to the identifiable assets and liabilities based on the fair values. The excess of the purchase price over the fair value of the net assets acquired is allocated to goodwill.

INFORMATION ABOUT THE SPECIAL MEETING AND VOTING

Banner is furnishing this proxy statement to you in order to provide you with important information regarding the matters to be considered at the special meeting and at any adjournment or postponement of the special meeting. Banner first mailed this proxy statement and the accompanying form of proxy to its shareholders on or about February 17, 2015.

Special Meeting Date, Time and Place

A special meeting of shareholders will be held on Tuesday, March 17, 2015, at 10:00 a.m. local time at 10 S. First Avenue, Walla Walla, Washington.

Agenda

At the special meeting, shareholders of Banner will be asked to consider and vote upon the following proposals:

Proposal 1: To approve an amendment to Banner's articles of incorporation creating a new class of Banner non-voting common stock of 5,000,000 authorized shares;

Proposal 2: To approve the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock in accordance with the merger agreement; and

Proposal 3: To approve adjournments or postponements of the special meeting, if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting in favor of the foregoing proposals.

These proposals are being voted upon separately, and the approval of both proposal 1 and proposal 2 is a condition to completion of the merger. The amendment to the articles of incorporation will go into effect if approved at the special meeting even if the merger is not consummated.

Record Date; Shareholders Entitled to Vote

Only shareholders of record at the close of business on February 13, 2015 are entitled to receive notice of and to vote at the meeting and any adjournment or postponement of the special meeting.

As of the record date, directors and executive officers of Banner and their affiliates as a group beneficially owned and were entitled to vote approximately 450,512 shares of Banner common stock, representing approximately 2.30% of the shares of Banner common stock issued and outstanding as of February 13, 2015. To Banner's knowledge, all of the directors and executive officers of Banner who are entitled to vote at the special meeting intend to vote their shares of Banner common stock in favor of each of the proposals, although such persons have not entered into agreements obligating them to do so.

Voting and Revocation of Proxies

The proxy accompanying this proxy statement is solicited on behalf of the Banner board of directors for use at the special meeting.

General. Assuming a quorum is present, shares represented by a properly signed and dated proxy will be voted at the special meeting in accordance with the instructions indicated on the proxy. Proxies that are properly signed and dated but that do not contain voting instructions will be voted **FOR** each of the proposals.

Abstentions. Banner will count a properly executed proxy marked **abstain** with respect to a particular proposal as present for purposes of determining whether a quorum is present. If you **abstain** from voting with respect to proposal 1 it will have the same effect as if you voted **against** such proposal.

Table of Contents

Broker Non-Votes. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because the brokers do not have discretionary voting authority and have not received instructions from you as to how to vote on those proposals (so-called broker non-votes) are considered shares present for purposes of determining whether a quorum exists. Broker non-votes with respect to each of the proposals are not deemed to be present.

Voting Shares in Person that are Held Through Brokers. If you are a shareholder of record, you may vote your shares in person at the special meeting. If you hold your shares in street name, you must obtain a legal proxy from your broker, banker, trustee or nominee, giving you the right to vote the shares at the special meeting.

Submitting a Proxy by Telephone or Through the Internet. You may vote your shares by telephone or electronically through the Internet, instead of submitting proxies by mail on the enclosed proxy card. Thus, shareholders of record and many shareholders who hold their shares through a broker or bank will have the option to submit their proxies or voting instructions by telephone or electronically through the Internet. Please note that there are separate arrangements for using the telephone and the Internet depending on whether your shares are registered in Banner's stock records in your name or in the name of a broker/bank/trust/nominee. If you hold your shares through a broker/bank/trust/nominee, your broker/bank/trust/nominee will provide you with materials and instructions for voting your shares.

Revocation of Proxies. You may revoke your proxy by doing one of the following:

by sending a written notice of revocation to the Secretary of Banner that is received by Banner prior to the special meeting, stating that you revoke your proxy;

by signing a later-dated proxy card and submitting it so that it is received prior to the special meeting in accordance with the instructions included in the proxy card(s); or

by attending the special meeting and voting your shares in person.

Required Shareholder Vote

In order to conduct business at the special meeting, a quorum must be present. The holders of a majority of the votes entitled to be cast at the special meeting, present in person or represented by proxy, constitute a quorum under Banner's bylaws. Banner will treat shares of Banner common stock represented by a properly signed and returned proxy, including abstentions and broker non-votes, as present at the Banner special meeting for the purposes of determining the existence of a quorum.

With respect to any matter submitted to a vote of Banner shareholders, each holder of Banner common stock will be entitled to one vote, in person or by proxy, for each share of Banner common stock held in his, her or its name on the books of Banner on the record date.

Proposal 1 requires the affirmative vote of holders of at least a majority of our outstanding common stock as of the record date of the special meeting. As of the record date, there were 19,572,141 shares of Banner common stock outstanding and therefore 9,786,071 votes are required for proposal 1 to be approved by Banner shareholders. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

Proposal 2 requires the affirmative vote of a majority of those shares voting on the proposal. Any shareholder represented in person or by proxy at the meeting and entitled to vote on the subject matter may elect to abstain from voting on this proposal. If so, such abstention will not be counted as a vote cast on the proposal and, therefore, will have no effect on the outcome of the vote on the proposal. Provided there is a quorum of shareholders present in person or by proxy, shareholders not attending the meeting, in person or by proxy, will also have no effect on the outcome of this proposal.

Proposal 3 requires the affirmative vote of a majority of those shares voting on the proposal to authorize the Banner board of directors to adjourn, postpone or continue the special meeting, should such authorization be necessary for an adjournment, postponement or continuation. Any shareholder represented in

Table of Contents

person or by proxy at the meeting and entitled to vote on the subject matter may elect to abstain from voting on this proposal. If so, such abstention will not be counted as a vote cast on the proposal and, therefore, will have no effect on the outcome of the vote on the proposal. Provided there is a quorum of shareholders present in person or by proxy, shareholders not attending the meeting, in person or by proxy, will also have no effect on the outcome of this proposal.

All other actions considered at the meeting may be taken upon the affirmative vote of a majority of those shares present in person or represented by proxy and voting thereon at the special meeting.

As of the record date, directors and executive officers of Banner and their affiliates as a group beneficially owned and were entitled to vote approximately 450,512 shares of Banner common stock, representing approximately 2.30% of the shares of Banner common stock issued and outstanding as of February 13, 2015. To Banner's knowledge, all of the directors and executive officers of Banner who are entitled to vote at the special meeting intend to vote their shares of Banner common stock in favor of each of the proposals, although such persons have not entered into agreements obligating them to do so.

Recommendations by the Banner Board of Directors

The Banner board of directors unanimously recommends that Banner shareholders vote **FOR** each of the proposals.

The matters to be considered at the special meeting are of great importance to the shareholders of Banner. Accordingly, you are encouraged to read and carefully consider the information presented in this proxy statement, and to submit your proxy by telephone or mail in the enclosed postage-paid envelope.

Proxy Solicitation

Banner will pay the costs of soliciting proxies. Pursuant to the terms of the merger agreement, the fees and expenses associated with the filing, printing and mailing of this proxy statement will be borne by Banner. Certain directors, officers or employees of Banner may solicit proxies by telephone, facsimile, email or personal contact. They will not be specifically compensated for doing so. The extent to which any proxy soliciting efforts will be necessary depends upon how promptly proxies are received. You should send in your proxy by mail without delay or vote by telephone. Banner also reimburses brokers and other custodians, nominees and fiduciaries for their expenses in sending these materials to you and getting your voting instructions. A more complete description of how to send your proxy is included on the proxy accompanying this proxy statement.

Other Business

Banner is not currently aware of any business other than the named proposals to be acted upon at the special meeting. If, however, any other matters are properly brought before the meeting, or any adjournment or postponement thereof, the persons named in the enclosed form of proxy, and acting under that proxy, will have discretion to vote or act on those matters in accordance with their best judgment.

No Appraisal Rights

Under the WBCA and our articles of incorporation, holders of Banner common stock are not entitled to appraisal rights with respect to the matters to be considered at the special meeting.

Other Information

Representatives of Moss Adams LLP, our principal accounting firm and also the principal accountants of Starbuck, are not expected to be present at the special meeting, will not have an opportunity to make a statement, and are not expected to be available to respond to questions from shareholders.

**PROPOSALS TO BE CONSIDERED AND VOTED UPON BY HOLDERS OF BANNER STOCK AT
THE SPECIAL MEETING**

Proposal One

**Approval of an Amendment to Banner's Articles of Incorporation
to Create a New Class of Banner Non-Voting Common Stock**

The merger agreement requires that Banner issue up to a maximum of 3,000,000 shares of Banner non-voting common stock, par value \$0.01, as part of the merger consideration. In order to issue the Banner non-voting common stock, it is necessary to amend our articles of incorporation. The Banner board of directors has unanimously adopted resolutions approving and declaring advisable, and recommending that our shareholders approve, the adoption of the amendment to the articles of incorporation, which will authorize the creation of five million shares of Banner non-voting common stock. Holders of shares of Banner non-voting common stock will have no voting rights, unless otherwise required by the WBCA, but will otherwise have all the rights of holders of Banner common stock. The Banner non-voting common stock will automatically convert to Banner common stock upon transfer of such stock, subject to certain exceptions.

The amendment to the articles of incorporation is required under the terms of the merger agreement and is necessary to enable Banner to have enough shares of Banner non-voting common stock to issue shares of Banner non-voting common stock in connection with the merger. Accordingly, if this proposal is not approved by shareholders at the special meeting, a condition to the closing of the merger will not be satisfied and the merger will not be consummated. The amendment to the articles of incorporation will go into effect if approved at the special meeting even if the merger is not consummated. If this proposal is approved by shareholders, Banner will have the ability to issue the remaining unissued shares of Banner non-voting common stock in the future.

Summary of the Terms of the Banner Non-Voting Common Stock

*The following is a summary of the material provisions of the amendment to the articles of incorporation of Banner, which is included as **Annex A**, and is incorporated by reference into this proxy statement. This summary describes the material provisions of the Banner non-voting common stock. We encourage you to read the amendment to the articles of incorporation.*

***Rights and Privileges; Ranking; Dividends and Other Matters.** Except as set forth in the amendment to the articles of incorporation with respect to voting, Banner common stock and Banner non-voting common stock shall have the same rights, preferences and privileges, share ratably in all assets of Banner upon its liquidation, dissolution or winding-up, be entitled to receive dividends in the same amount per share and at the same time when, as and if declared by the Banner board of directors, and be equal and identical in all other respects as to all other matters.*

***Voting Rights.** The holders of Banner non-voting common stock will have no voting rights except as required by the WBCA. Without limiting the generality of the preceding sentence, the application of separate voting group rights under sections 23B.10.040(1)(a), (e) or (f), or 23B.11.035 of the Revised Code of Washington (or any related section concerning voting group rights as to mergers or share exchanges), is explicitly denied in the amendment to the articles of incorporation. Notwithstanding the foregoing, and in addition to any other vote required by law, the affirmative vote of the holders of a majority of the outstanding shares of Banner non-voting common stock, voting separately as a class, will be required to amend Banner's articles of incorporation, as amended, to alter or change the designation,*

preferences, limitations or relative rights of all or part of the shares of Banner non-voting common stock. Where shares of Banner non-voting common stock are entitled to vote, each holder of Banner non-voting common stock will have one vote in respect of each share of Banner non-voting common stock held of record solely on the matters as to which such shares are entitled to vote and subject to the rights and limitations specified by the WBCA.

Table of Contents

Stock Splits; Combinations; Reclassifications of Shares. In the event of any stock split, combination or other reclassification of shares of either the Banner common stock or the Banner non-voting common stock, the outstanding shares of the other class will be proportionately split, combined or reclassified in a similar manner; provided, however, that in any such transaction, holders of Banner common stock will receive only shares of Banner common stock in respect of their shares of Banner common stock and holders of Banner non-voting common stock will receive only shares of Banner non-voting common stock in respect of their shares of Banner non-voting common stock.

Transfer Restrictions; Automatic Conversion to Banner Common Stock. No transfer of shares of Banner non-voting common stock by the initial holder thereof (or by any affiliate of the initial holder to which such shares are transferred pursuant to clause (ii) of this sentence) will be permitted, except (i) in certain permitted transfers or (ii) to an affiliate of the initial holder of the Banner non-voting common stock. Any transfer in violation of the foregoing sentence shall be null and void and Banner shall not have any obligation to recognize such transfer. Each share of Banner non-voting common stock will be converted automatically into one share of Banner common stock upon a permitted transfer of such share of Banner non-voting common stock, and shall be registered as one share of Banner common stock on the books and records of Banner. Banner shall cooperate with the timely conversion of Banner non-voting common stock subject to compliance with applicable law and regulations.

Reservation of Banner Common Stock. Banner shall at all times reserve and keep available out of its authorized but unissued shares of Banner common stock, such number of its shares of Banner common stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of Banner non-voting common stock into Banner common stock.

Fundamental Transactions. In the event of any merger, consolidation, reclassification or other transaction in which the shares of Banner common stock are exchanged for or changed into other stock or securities, cash and/or any other property, each share of Banner non-voting common stock will at the same time be similarly exchanged or changed into an amount per whole share equal to the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, that such share of Banner non-voting common stock would be entitled to receive if it was converted into a share of Banner common stock immediately prior to such transaction. In the event of any pro rata subscription offer, rights offer or similar offer to holders of Banner common stock, Banner shall provide the holders of Banner non-voting common stock the right to participate based upon the number of shares of Banner common stock such holders would be entitled to receive if such shares were converted into shares of Banner common stock immediately prior to such offering.

If this proposal is not approved by shareholders at the special meeting, a condition to the closing of the merger will not be satisfied and the merger will not be consummated.

Effects of the Authorization of Banner Non-Voting Common Stock

The additional shares of Banner non-voting common stock authorized by the amendment to the articles of incorporation but not issued in the merger will have the same rights as the shares issued in the merger as described above. Although the authorization of additional shares will not, in itself, have any effect on the rights of any holder of Banner common stock, the future issuance of additional shares of Banner non-voting common stock (other than by way of a stock split or dividend) could, as with any other issuances of common stock, have the effect of diluting earnings per share and book value per share of existing shareholders.

At present, the Banner board of directors has no plans to issue the additional shares of Banner non-voting common stock authorized by the amendment to the articles of incorporation. However, it is possible that some of these additional shares could be used in the future for various other purposes without further shareholder approval, except as

such approval may be required in particular cases by Banner's articles of incorporation or bylaws, applicable law or the rules of any stock exchange or other quotation system on which our securities may

Table of Contents

then be listed. These purposes may include raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies and expanding our business or product lines through the acquisition of other businesses or products.

Proposal Two

**Approval of the Issuance of an Aggregate of 13,230,000 Shares
of Banner Common Stock and Banner Non-Voting Common Stock**

Banner is seeking the approval of holders of Banner common stock for the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock in accordance with the merger agreement.

These shares, if all Banner non-voting common stock to be issued in the merger were converted into Banner common stock, represent approximately 38.77% of the number of shares of Banner common stock outstanding as of February 13, 2015. The issuance of the Banner common stock and Banner non-voting common stock in connection with the merger requires the approval of holders of Banner common stock under NASDAQ Stock Market rules because the number of shares of Banner common stock and Banner non-voting common stock to be issued in the merger is in excess of 20% of the number of shares of Banner common stock currently outstanding. Accordingly, if this proposal is not approved by shareholders at the special meeting, a condition to the closing of the merger will not be satisfied and the merger will not be consummated.

Proposal Three

Approval of Adjournments or Postponements of the Special Meeting

Banner is asking holders of Banner common stock to approve adjournments or postponements of the special meeting if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting in favor of the foregoing proposals. Approval of this proposal is not a condition to the completion of the merger.

THE MERGER

Background of the Merger

The Banner board of directors has periodically participated with senior management in reviews of the business and strategic direction of Banner and has considered ways to enhance the company's performance and prospects in light of competitive and other relevant developments. These reviews have focused on, among other things, the business environment facing financial institutions generally, as well as conditions and ongoing consolidation in the financial services industry. These reviews have also included periodic discussions with respect to potential transactions that would further the company's strategic objectives, and the potential benefits and risks of those transactions, and from time to time have focused on the possibility of a merger with another major regional banking organization in the Western region of the United States.

Over the past several years at industry conferences and in other settings, members of senior management of Banner and Starbuck have had informal discussions about their respective companies and trends in the banking industry. On March 11, 2014, members of senior management of Banner met with representatives of Sandler O'Neill, Banner's financial advisor in the merger, and discussed generally the possibility of a potential combination with Starbuck. Following that meeting, at the request of senior management of Banner, Sandler O'Neill contacted senior management of Starbuck on a very preliminary basis to inquire about Starbuck's interest in considering a merger of the two companies. Following this initial contact, informal discussions continued between senior management of the two companies and representatives of Sandler O'Neill during March and April. In addition, during this period Banner senior management briefed the Banner board of directors and the board's executive committee about the course of discussions, and were authorized to continue to explore a possible transaction with Starbuck.

On April 21, 2014, Mark Grescovich, Banner's President and Chief Executive Officer, and Scott Kisting, Starbuck's Chairman and Chief Executive Officer had a meeting. During the meeting, Messrs. Grescovich and Kisting discussed the companies' respective corporate cultures and a range of possible valuations in the event of a merger.

On April 22, 2014 at its regularly scheduled meeting, Banner senior management briefed the Banner board of directors about the discussions with Starbuck, including the potential financial, operational, governance and other terms and conditions of a combination with Starbuck. At this meeting, the Banner board of directors authorized senior management to further evaluate a possible transaction with Starbuck.

Over the course of late April through June 2014, after entering into a mutual nondisclosure agreement, in order to conduct due diligence of each company for a potential merger, Banner senior management and representatives of Sandler O'Neill had several meetings and conversations with Starbuck senior management and Starbuck's financial advisor, Jefferies LLC, which we refer to as Jefferies. In addition, Banner and Starbuck senior management each provided diligence materials in response to diligence requests of the other party.

At a regularly scheduled meeting on June 24, 2014, the Banner board of directors was briefed on the status of discussions with Starbuck senior management. During and after a presentation by Sander O'Neill with respect to certain financial analyses related to the potential merger, the Banner board of directors discussed various aspects of the proposed combination of Banner and Starbuck. The board of directors instructed Banner senior management, with the assistance of Sandler O'Neill, to continue exploring the merger with its Starbuck counterparts.

On July 15, 2014, Banner senior management reviewed materials prepared by Sandler O'Neill regarding the potential transaction structure with the executive committee, after which the executive committee authorized senior management to proceed with the due diligence process to facilitate a potential business combination.

At a regularly scheduled meeting on July 22, 2014, the Banner board of directors was further briefed on the status of Banner senior management's discussions with Starbuck senior management. The board of directors

Table of Contents

instructed management to continue exploring the potential business combination with its Starbuck counterparts, and authorized management to propose non-binding terms for a potential transaction structure to Starbuck and to request exclusivity for negotiations with Starbuck.

Over the course of July and August, the two companies, with the assistance of their financial advisors, engaged in a series of discussions and negotiations around the merger consideration, transaction structure and certain other terms of a potential combination.

On August 26, 2014, Starbuck and Banner entered into a non-binding letter of intent that outlined certain terms of a proposed merger between Banner and Starbuck, including, among other things, that the consideration to be delivered to Starbuck holders in the merger would be 13,230,000 shares of Banner stock and \$130 million in cash, equal to 137% of Starbuck's tangible book value as of June 30, 2014, that the combined company's headquarters would be located in Walla Walla, Washington and that Banner's Chief Executive Officer would be the Chief Executive Officer of the combined company, that the Banner board of directors would be increased by up to five directors, two of which would be independent directors of Starbuck's current board of directors, and one director would be appointed by each of the Starbuck investors. In addition, as a condition for proceeding with the negotiations, Banner required that Starbuck enter into an exclusivity agreement, which committed the parties to negotiate on an exclusive basis for 45 days during which each party would complete its due diligence review of the other and endeavor to negotiate a definitive merger agreement and related transaction documents.

Also at this time, counsel for the parties, Cleary Gottlieb Steen & Hamilton LLP, which we refer to as Cleary Gottlieb, as counsel to Banner and Wachtell, Lipton, Rosen & Katz, which we refer to as Wachtell Lipton, as counsel to Starbuck, began drafting the transaction documents to reflect the terms and conditions outlined in the non-binding letter of intent. On September 17, 2014, Cleary Gottlieb, on behalf of Banner, distributed an initial draft of the merger agreement to Starbuck and Wachtell Lipton. Mutual due diligence reviews also continued over the course of the next several weeks, as the parties and their counsel continued to negotiate the terms of the definitive merger agreement and other related agreements.

At a meeting of the Banner board of directors on September 22 and 23, 2014, Banner's senior management and advisors updated the Banner board of directors on the status of their due diligence review of Starbuck and the related negotiations and discussions with Starbuck on the terms of the merger agreement and related transaction documents.

On September 24, 2014, at a meeting of the Holdings board of directors, Holdings' senior management and advisors updated the board on the status of their due diligence review of Banner and the status of the negotiations with Banner. In addition, at the invitation of the Holdings board, Mr. Grescovich attended the Holdings board meeting to review and discuss with the Starbuck board among other things, the strategic value to Starbuck holders of a merger of Banner and Starbuck and financial information and other analyses related to Banner and Starbuck.

On October 3, 2014, Banner's senior management and advisors updated the Banner board of directors on the status of the negotiations and discussions with Starbuck. At this meeting, the Banner board of directors authorized senior management to negotiate an extension of the exclusivity period of the negotiations between Banner and Starbuck for another 30-day period.

Following the meeting, on October 7, 2014, Banner and Starbuck executed a revised letter of intent that extended the exclusivity of Banner and Starbuck's negotiations, due to expire on October 10, 2014, for another 30-day period ending on November 10, 2014.

In late October, 2014, Cleary Gottlieb sent drafts of the investor letter agreements to counsel for the Starbucks investors, who thereafter negotiated the terms of such agreements, including terms related to transfer restrictions on shares of Banner common stock received as part of the merger consideration, the right of each such investor to designate a member of the Banner board of directors and the registration rights with respect to such shares.

On November 3, 2014, at a meeting of the Holdings board of directors, at the invitation of the Starbuck board, Mr. Grescovich reviewed with the Starbuck board an overview of a communication strategy for announcing the merger, a potential integration plan for the combined company, and a plan for mitigating risks related to the merger, including, among others, employee and customer retention risks, and operational and system conversion risks.

On November 4, 2014, at a special meeting of the Banner board of directors, Banner's senior management and advisors updated the Banner board of directors on the status of the negotiations and discussions with Starbuck. Also, at that meeting, management reviewed for the Banner board of directors the progress of its negotiations with Starbuck and reported on the status of its due diligence investigation of Starbuck. Sandler O'Neill reviewed with the Banner board of directors the structure and other terms of the proposed transaction and financial information regarding Starbuck, Banner and the transaction, information regarding peer companies and comparable transactions and other relevant analyses.

Also at the November 4 meeting, representatives of Cleary Gottlieb reviewed with the Banner board of directors (i) the legal standards applicable to its decisions and actions with respect to its consideration of the proposed merger, (ii) the legal terms of the proposed merger agreement and related transaction agreements, including the proposed terms of the investor letter agreements with the Starbuck investors granting, among other things, registration rights and board representation, as described in the section entitled "Investor Letter Agreements" beginning on page 91, (iii) the composition of the Banner board and senior management subsequent to the closing of the proposed merger, and (iv) the proposed employment agreements with Peter Conner and James Claffee and consulting agreement with Mr. Kisting that would become effective upon completion of the merger.

On November 5, 2014, the Banner board of directors held another special meeting with its outside financial and legal advisors. At that meeting, representatives of Cleary Gottlieb reviewed with the board changes to the terms of the merger agreement and investor letter agreements that had changed since the November 4 meeting and Sandler O'Neill delivered to the Banner board of directors its oral opinion, which was subsequently confirmed in writing, as described in the section entitled "The Merger Opinion of Banner's Financial Advisor" beginning on page 63, that as of November 5, 2014, the merger consideration was fair to Banner from a financial point of view. After review and discussion among members of the Banner board of directors, including consideration of the factors described under "The Merger Reasons for the Merger; Recommendation of the Banner Board of Directors" beginning on page 61, the Banner board of directors determined that the transactions contemplated by the merger agreement and the related transactions and agreements were advisable and in the best interests of Banner and its shareholders and the directors voted unanimously to approve the merger with Starbuck, to approve and adopt the merger agreement and the related transactions and agreements, including the investor letter agreements, and to recommend that the Banner shareholders approve the amendment to the articles of association and the issuance of the stock consideration in accordance with the merger agreement.

Following completion of the meeting of the Banner board of directors on November 5, 2014, the merger agreement and related agreements were placed in final form and were executed and delivered. The transaction was announced after the market closed on November 5, 2014 in a joint press release issued by Banner and Starbuck.

Reasons for the Merger; Recommendation of the Banner Board of Directors

After careful consideration, at a meeting held on November 5, 2014, the Banner board of directors determined that the merger is in the best interests of Banner and its shareholders and unanimously recommended its shareholders approve the amendment to the articles of incorporation and the issuance of an aggregate of 13,230,000 shares of Banner common stock and Banner non-voting common stock.

Table of Contents

In reaching its decision to recommend, the Banner board of directors consulted with Banner management, our legal and financial advisors, and considered a number of factors, including the following material factors:

its knowledge of Starbuck s business, operations, financial condition, earnings and prospects, taking into account the results of Banner s due diligence review of Starbuck, including Banner s assessments of Starbuck s credit policies, asset quality, adequacy of loan loss reserves, interest rate risk and litigation;

the fact that Starbuck would enable Banner to meaningfully expand its strategic presence in Oregon, Washington and Idaho, as well as expand into Utah and California;

that the merger will establish the combined company as the twelfth largest publicly-owned bank headquartered in the Western United States, will improve provide entry into attractive markets with compelling demographic trends, and will combine complementary lending strategies;

that the merger will lower the combined company s loan / deposit ratio, given AmericanWest Bank s low-cost core deposit base and will provide Banner with additional net interest margin protection;

the reports of Banner s management and the financial presentation of Banner s financial advisor concerning the business, operations, financial condition and earnings of Starbuck on an historical and prospective basis and the pro forma financial impact of the merger;

the fact that the Starbuck holders would own approximately 38.77% of the shares outstanding of Banner common stock and Banner non-voting common stock, based on the number of shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner s pending acquisition of Siuslaw;

the fact that Starbuck s and Banner s management teams share a common business vision and commitment to their respective customers, shareholders, employees and other constituencies;

Banner management s belief that the merger will be accretive to Banner s GAAP earnings per share in periods subsequent to the period in which Banner will incur certain non-recurring acquisition, conversion and integration costs;

the belief that the merger is likely to provide an increase in shareholder value, including the benefits of a stronger strategic position;

the anticipated pro forma impact of the merger on the combined company, including potential synergies, and the expected impact on financial metrics such as earnings and tangible equity per share, as well as on regulatory capital levels;

the likelihood of a successful integration of Starbucks business, operations and workforce with those of Banner;

the regulatory and other approvals required in connection with the transaction and the likelihood such approvals would be received in a timely manner and without adverse conditions;

the financial and other terms of the merger agreement, including the fixed exchange ratio for the stock portion of the merger consideration and the fixed per share amount for the cash portion of the merger consideration and tax treatment, which the Banner board of directors reviewed with its outside financial and legal advisors; and

the presentation of Sandler O'Neill to the Banner board of directors on November 5, 2014 and the written opinion of Sandler O'Neill, dated as of November 5, 2014, delivered to the Banner board of directors to the effect that, as of that date, and subject to and based on the various assumptions, considerations, qualifications and limitations set forth in the opinion, the merger consideration payable to holders of Starbucks stock was fair, from a financial point of view, to Banner.

Table of Contents

The Banner board of directors also considered a number of potential risks and uncertainties associated with the merger in connection with its deliberation of the proposed transaction, including, without limitation, the following:

the potential risk of diverting management attention and resources from the operation of Banner's business towards the completion of the merger;

the potential risks associated with achieving anticipated cost synergies and savings and successfully integrating Starbucks business, operations and workforce with those of Banner;

the merger-related costs;

the fact that the merger will likely mean that Banner Bank's total assets will be approaching \$10 billion, and that if and when Banner Bank's total assets exceed \$10.0 billion, it would be subject to additional regulatory requirements under the Dodd-Frank Act; and

the other risks described in the section entitled "Risk Factors" beginning on page 16.

The foregoing discussion of the factors considered by the Banner board of directors is not intended to be exhaustive, but rather includes the material factors considered by the Banner board of directors. In reaching its decision to approve the merger agreement, the Banner board of directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The Banner board of directors considered all these factors as a whole, including discussions with, and questioning of, Banner management and Banner's financial and legal advisors, and overall considered the factors to be favorable to, and to support, its determination.

The actual benefits from the merger, costs of integration and ability to achieve expected synergies could differ materially from the estimates and expectations discussed above. Accordingly, the potential benefits described above or the potential benefits described in this proxy statement may not be realized.

Opinion of Banner's Financial Advisor

By letter dated April 29, 2014, the Banner board of directors retained Sandler O'Neill to act its financial advisor in connection with a possible business combination transaction with Starbucks. Sandler O'Neill is a nationally recognized investment banking firm whose principal business specialty is financial institutions. In the ordinary course of its investment banking business, Sandler O'Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. The Banner board of directors selected Sandler O'Neill to act as its financial advisor in connection with a possible business combination based on its qualifications, expertise, reputation and experience in mergers and acquisitions involving financial institutions.

At the November 5, 2014 meeting of the Banner board of directors, Sandler O'Neill delivered to the Banner board of directors its oral opinion, which was subsequently confirmed in writing, that as of November 5, 2014, the merger consideration was fair to Banner from a financial point of view. The full text of Sandler O'Neill's opinion is attached as **Annex E** to this proxy statement. The opinion outlines the procedures followed, assumptions made, matters

considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion. Holders of Banner common stock are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.

Sandler O'Neill's opinion speaks only as of the date of the opinion. The opinion was directed to the Banner board of directors and is directed only to the fairness of the merger consideration to Banner from a financial point of view. It does not address the underlying business decision of Banner to engage in the merger or any other aspect of the merger and is not a recommendation to any holder of Banner common stock as to how such holder of Banner common stock should vote at Banner's special meeting with respect to the amendment to the articles

of incorporation and the issuance of the stock consideration or any other matter. Sandler O'Neill did not express any opinion as to the fairness of the amount or nature of the compensation to be received in connection with the merger by Banner's or Starbuck's officers, directors, or employees, or any class of such persons, relative to the merger consideration to be received in the merger by any other shareholders of Banner.

In connection with rendering its opinion on November 5, 2014, Sandler O'Neill reviewed and considered, among other things:

the merger agreement;

certain publicly available financial statements and other historical financial information of Banner that Sandler O'Neill deemed relevant;

to the extent publicly available, the terms and structures of other recent mergers and acquisition transactions in the banking sector;

the current market environment generally and in the banking sector in particular; and

such other information, financial studies, analyses and investigations and financial, economic and market criteria as Sandler O Neill considered relevant.

Sandler O Neill also discussed with certain members of the senior management of Banner the business, financial condition, results of operations and prospects of Banner and held similar discussions with certain members of the senior management of Starbuck regarding the business, financial condition, results of operations and prospects of Starbuck.

In performing its review, Sandler O Neill has relied upon the accuracy and completeness of all of the financial and other information that was available to Sandler O Neill from public sources, that was provided to it by Banner and Starbuck or that was otherwise reviewed by Sandler O Neill and has assumed such accuracy and completeness for purposes of rendering its opinion. Sandler O Neill has further relied on the assurances of the senior management of Banner that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading in any material respect. Sandler O Neill did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Banner or Starbuck. Sandler O Neill did not make an independent evaluation of the adequacy of the allowance for loan losses of Banner or Starbuck or the combined entity after the merger and Sandler O Neill

has not reviewed any individual credit files relating to Banner or Starbuck. Sandler O Neill has assumed, with Banner's consent, that the respective allowances for loan losses for Banner and Starbuck are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

In preparing its analyses, Sandler O Neill used publicly available earnings estimates for Banner and long-term earnings growth rates for Banner provided by senior management of Banner, as discussed with senior management of Banner and internal projections for Starbuck provided by senior management of Starbuck and adjusted by senior management of Banner and long-term earnings growth rates for Starbuck provided by senior management of Banner. Sandler O Neill also received and used in its analyses certain projections of transaction costs, accounting adjustments, expected cost savings and other synergies which were prepared by and/or reviewed with senior management of Banner. With respect to those projections, estimates and judgments, the respective managements of Banner and Starbuck confirmed to Sandler O Neill that those projections, estimates and judgments reflected the best currently available estimates and judgments of the respective managements of the future financial performance of Banner and Starbuck, respectively, and Sandler O Neill assumed that such performance would be achieved. Sandler O Neill expresses no opinion as to such estimates or the assumptions on which they are based. Sandler O Neill assumed that there had been no material change in the respective assets, financial condition, results of operations, business or prospects of Banner or Starbuck since the date of the most recent financial data made available to Sandler O Neill. Sandler O Neill also assumed in all respects material to its analysis that Banner and Starbuck would remain as going concerns for all periods relevant to its analyses. Sandler O Neill expresses no opinion as to any of the legal, accounting and tax matters relating to the merger and any other transactions contemplated in connection therewith. Finally, Sandler O Neill expresses no opinion as to the legal, accounting and tax advice Banner has received from its advisors relating to the merger and the other transactions contemplated by the merger agreement.

In rendering its November 5, 2014 opinion, Sandler O Neill performed a variety of financial analyses. The following is a summary of the material analyses performed by Sandler O Neill, but it is not a complete description of all the analyses underlying Sandler O Neill's opinion. The summary includes information presented in tabular format. **In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses.** The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Sandler O Neill believes that its analyses must be considered as a whole and that selecting portions of the factors and analyses to be considered without considering all factors and analyses, or attempting to ascribe relative weights to some or all such factors and analyses, could create an incomplete view of the evaluation process underlying its opinion. Also, no company included in Sandler O Neill's comparative analyses described below is identical to Banner or Starbuck and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of Banner and Starbuck and the companies to which they are being compared.

Table of Contents*Transaction Multiples*

Sandler O Neill reviewed the financial terms of the proposed transaction. Based upon the closing price for Banner common stock of \$43.20 as of November 4, 2014, the last trading date before the merger was announced, Sandler O Neill calculated an implied aggregate merger consideration of approximately \$701.5 million. Table of Contents*Starbuck Net Present Value Analysis*

Sandler O Neill performed an analysis that estimated the aggregate net present value of holding Starbuck common stock through December 31, 2018. The analysis assumed that Starbuck performed in accordance with earnings estimates for Starbuck for the years ending December 31, 2014 through December 31, 2016 as provided by the senior management of Starbuck and adjusted by the senior management of Banner and an estimated long-term earnings growth rate for the years thereafter as provided by the senior management of Banner, which we refer to as the Starbuck projections.

To approximate the terminal value of Starbuck common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples of 12.0x to 22.0x and multiples of tangible book value ranging from 100% to 225%, as determined by Sandler O Neill in its professional judgment and experience. The terminal values were then discounted to present values using different discount rates ranging from 9.0% to 13.0%, chosen to reflect different assumptions regarding required rates of returns for buyers of Starbuck stock.

As illustrated in the following tables, the analysis indicates an imputed range of aggregate values for Starbuck common stock of \$258.1 million to \$551.6 million when applying multiples of earnings to the applicable amounts indicated in the Starbuck projections and \$359.2 million to \$941.9 million when applying multiples of tangible book value to the applicable amounts indicated in the Starbuck projections. Sandler O Neill compared those ranges to the implied transaction value of approximately \$701.5 million as of November 5, 2014.

Sandler O Neill also considered and discussed with the Banner board of directors how the earnings multiple analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O Neill performed a similar analysis assuming Starbuck's net income varied from 20% above projections to 20% below projections. This analysis resulted in the following range of aggregate values for Starbuck common stock, using the same price to earnings multiples of 12.0x to 22.0x and a discount rate of 10.98%.

Sandler O Neill noted to the Banner board of directors that the net present value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

Net Present Value Analysis with Cost Savings

Sandler O Neill also considered and discussed with the Banner board of directors how the net present value analysis for Starbuck common stock would be affected when adjusting for the expected cost savings from the transaction. The assumptions for the expected cost savings were that \$14.1 million pre-tax would be realized in the second half of 2015 and \$37.5 million would be realized when fully phased-in for 2016, with a 5% growth in expected expense savings after 2016.

To approximate the terminal value of Starbuck common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples of 12.0x to 22.0x and multiples of tangible book value ranging from 100% to 225%, as determined by Sandler O Neill in its professional judgment and experience. The terminal values were then discounted to present values using different discount rates ranging from 9.0% to 13.0%, chosen to reflect different assumptions regarding required rates of returns for buyers of Starbuck stock.

As illustrated in the following tables, the analysis indicates an imputed range of aggregate values for Starbuck common stock of \$437.5 million to \$934.8 million when applying multiples of earnings to the applicable amounts indicated in the Starbuck projections incorporating cost savings and \$406.8 million to \$1,066.7 million when applying multiples of tangible book value to the applicable amounts indicated in the Starbuck projections incorporating cost savings. Sandler O Neill compared those ranges to the implied transaction value of approximately \$701.5 million as of November 5, 2014.

Sandler O Neill also considered and discussed with the Banner board of directors how the earnings multiple analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O Neill performed a similar analysis assuming Starbuck s net income varied from 20% above projections to 20% below the projections incorporating cost savings. This analysis resulted in the following range of aggregate values for Starbuck common stock, using the same price to earnings multiples of 12.0x to 22.0x and a discount rate of 10.98%.

Banner Net Present Value Analysis

Sandler O Neill also performed an analysis that estimated the net present value per share of holding Banner common stock through December 31, 2018. The analysis did not give effect to the merger and assumed that Banner performed in accordance with publicly available earnings estimates for Banner for the quarter ending December 31, 2014 and for the years ending December 31, 2015 and December 31, 2016, and an estimated long-term earnings growth rate for the years thereafter as provided by the senior management of Banner.

To approximate the terminal value of Banner's common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples of 12.0x to 22.0x and multiples of tangible book value ranging from 100% to 225%, as determined by Sandler O Neill in its professional judgment and experience. The terminal values were then discounted to present values using different discount rates ranging from 7.0% to 11.0%, chosen to reflect different assumptions regarding required rates of returns for buyers of Banner stock.

As illustrated in the following tables, the analysis indicates an imputed range of values per share of Banner common stock of \$27.52 to \$55.78 when applying multiples of earnings to the applicable amounts indicated in the Banner projections and \$27.09 to \$66.53 when applying multiples of tangible book value to the applicable amounts indicated in the Banner projections.

Pro Forma Results

Sandler O Neill analyzed certain potential pro forma effects of the merger, using the following assumptions provided by Banner: (i) a transaction closing date of June 30, 2015; (ii) a loan credit mark of negative \$61.8 million; (iii) a loan interest rate mark of negative \$13.7 million, amortized using the sum-of-the-years-digits method over 9.5 years; (iv) a securities mark of negative \$3.7 million, amortized using the straight-line method over 3.3 years; (v) a trust preferred mark of negative \$2.5 million, amortized using the straight-line method over 20 years; (vi) core deposit intangible of \$42.8 million, amortized using accelerated amortization over eight years; (vii) \$14.1 million in pre-tax cost savings in the second half of 2015; (viii) \$37.5 million in pre-tax cost savings in 2016; (ix) transaction expenses of \$50.0 million; (x) a pre-tax opportunity cost of cash of 1.75%; and (xi) a \$275 million reduction in the securities portfolio at closing. The analyses indicated that for the years ending December 31, 2015 and December 31, 2016, the merger (without giving effect to transaction expenses) would be accretive to Banner's projected earnings per share and, as of June 30, 2015, the merger would be dilutive to Banner's tangible book value per share. The actual results achieved by the combined company, however, may vary from projected results and the variations may be material.

Miscellaneous

Sandler O'Neill acted as financial advisor to the Banner board of directors in connection with the merger and received a fee associated with the delivery of its fairness opinion from Banner in the amount of \$500,000. This amount shall be credited towards a fee of 0.70% of the aggregate transaction value, not to be more than \$4.5 million, that Sandler O'Neill will be entitled to receive if the merger is consummated. Banner has also agreed that, if in connection with the termination or abandonment of a proposed business combination during the term of Sandler O'Neill's engagement or within twelve (12) months thereafter, Banner receives any termination, break-up, topping or similar fee or payment or any profit arising from any shares (or option to acquire shares or assets) of a party acquired in connection with the business combination, Banner will pay Sandler O'Neill a termination fee equal to 5.0% of all such fees or profits less the amount of the fairness opinion fee paid, payable in cash promptly upon receipt of any such compensation by Banner, but in no event to exceed the aggregate fees that would have become due and payable under its engagement letter if the business combination had closed.

Banner also has agreed to reimburse Sandler O'Neill's reasonable out-of-pocket expenses incurred in connection with its engagement, not to exceed \$50,000 without the prior consent of the company, and to indemnify Sandler O'Neill and its affiliates and their respective partners, directors, officers, employees, agents and controlling persons against certain expenses and liabilities, including liabilities under the securities laws. Except as described here, Banner has paid Sandler O'Neill no other fees or commissions for other services during the last two years.

Certain Starbuck Unaudited Prospective Financial Information

In connection with its consideration of strategic alternatives and discussions with Banner, on a confidential basis as part of its due diligence process, Starbuck prepared and provided certain prospective financial information to the Banner board of directors and Sandler O'Neill. In addition, Banner management made certain adjustments to the Starbuck projections, which had the effect of modestly reducing net interest income and noninterest income and increasing noninterest expense, and also estimated a long-term growth rate of 5% for years following 2016, which adjustments were provided to Sandler for certain of its financial analyses as discussed in the section entitled "The Merger Opinion of Banner's Financial Advisor" beginning on page 63. The prospective financial information for the years 2014 through 2016, as adjusted by Banner management and provided to the Banner board of directors and Sandler before the execution of the merger agreement, is referred to in this proxy statement as the Starbuck

The Banner Board of Directors Following the Merger

As required by the merger agreement and the investor letter agreements, upon consummation of the merger, Banner will expand the size of the Banner board of directors to 17 from 12. Three of such vacancies will be reserved for one representative of each of the Starbuck investors, as described in the section entitled *Investor Letter Agreements Representation on Banner Board of Directors* beginning on page 93. The remaining two vacancies will be reserved for independent directors who are currently members of the Holdings board of directors, or such other persons as Holdings may identify, the identity of such persons to be mutually agreed by the Holdings board of directors and the Banner board of directors.

At or prior to the effective time of the merger, to the extent consistent with applicable regulatory commitments and conditions, the Banner board of directors will cause the Corporate Governance / Nominating Committee of the Banner board of directors, which we refer to as the corporate governance committee, to consist of not less than three directors, which committee will include members who were independent directors on each of the Banner and Holdings board of directors on November 5, 2014, and that the number of such members from the Banner board of directors will be one greater than the number of such members from the Holdings board of directors. Additionally, at or prior to the effective time of the merger, to the extent consistent with applicable regulatory commitments and conditions, the Banner board of directors will cause the Executive Committee of the Banner board of directors to include two directors appointed by Holdings to the Banner board of directors that are independent directors, such two directors to be designated by a majority of the corporate governance committee formed in accordance with the preceding sentence.

Management of Banner After the Merger

Upon completion of the merger, the executive management team of the combined company will be the current executive management team from Banner. In addition, Peter Conner, the current AmericanWest Bank

Table of Contents

Chief Financial Officer, is expected to join Banner Bank as Chief Financial Officer and James Claffee, the current AmericanWest Bank Chief Operating Officer, is expected to join Banner as Chief Integration Officer. Scott Kisting, AmericanWest Bank's Chairman and Chief Executive Officer, is expected to serve as a consultant to the combined company for six months after closing.

Regulatory Approvals

Under applicable law, the merger must be approved by the Federal Reserve Board, and the bank merger must be approved by the FDIC and the Washington DFI. The U.S. Department of Justice may also review the impact of the merger and the bank merger on competition. We filed the necessary applications with the Federal Reserve Board and the FDIC on December 23, 2014. We also filed the necessary application with the Washington DFI on December 29, 2014.

There can be no assurance of when or whether the regulatory approvals will be received or whether they will contain a condition or requirement that results in a failure to satisfy the conditions to closing set forth in the merger agreement. See the section entitled "The Agreement and Plan of Merger - Conditions to the Merger" beginning on page 88.

Anticipated Accounting Treatment

Banner intends to account for the merger as a purchase of Starbuck in accordance with GAAP. Starbuck will be treated as the acquired entity for such purposes. Accordingly, the aggregate fair value of the consideration paid by Banner in connection with the merger will be allocated to Starbuck's assets based on their fair values as of the completion of the merger. The difference between the fair value of Starbuck's assets and liabilities (including identifiable intangibles) and the aggregate fair value of the consideration paid by Banner will be recorded as goodwill. The results of operations of Starbuck will be included in Banner's consolidated results of operations only for periods subsequent to the completion of the merger.

Material U.S. Federal Income Tax Consequences of the Merger to Banner

The parties intend for the merger to qualify as a reorganization for United States federal income tax purposes. Accordingly, Banner's acquisition by merger of all of the capital stock of Starbuck will not result in the recognition of gain or loss for U.S. federal income tax purposes by Banner or by holders of Banner common stock.

The obligation of Banner to complete the merger is conditioned on, among other things, the receipt by Banner of an opinion from Cleary Gottlieb dated the closing date of the merger, that for U.S. federal income tax purposes the merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. The condition that Banner receive an opinion from Cleary Gottlieb may be waived by Banner. Banner does not currently intend to waive the condition related to the receipt of the opinion. The opinion provided by Cleary Gottlieb will be based upon representation letters provided by Starbuck and Banner and upon customary factual assumptions, and is not binding on either the Internal Revenue Service, which we refer to as the IRS, or the courts. Neither Banner nor Starbuck has sought, and neither of them will seek, any ruling from the IRS regarding any matters relating to the merger, and there can be no assurance that the IRS will not assert, or that a court would not sustain, a position contrary to the one described above.

No Appraisal Rights

Under Washington law and Banner's articles of incorporation, Banner shareholders will not have appraisal rights pursuant to the merger and the other transactions contemplated by the merger agreement.

We urge you to read the entire merger agreement, joinder agreement and the other annexes to this proxy statement carefully and in their entirety. Structure of the Merger

On November 5, 2014, we entered into the merger agreement with Holdings and Starbuck, whereby Starbuck will merge with and into a subsidiary of Banner, with the subsidiary of Banner surviving. Subsequent to signing the merger agreement, on December 17, 2014, merger sub, Banner, Holdings and Starbuck entered into the joinder agreement, pursuant to which merger sub agreed to be bound by the merger agreement and will be the Banner subsidiary into which Starbuck will merge at the effective time of the merger. Immediately following the merger, Starbuck's wholly owned subsidiary bank, AmericanWest Bank will merge with and into Banner's wholly owned subsidiary bank, Banner Bank in the bank merger.

Cancellation of Stock of Starbuck. Each share of Starbuck's common stock issued and outstanding immediately prior to the effective time of the merger and held by the shareholders of Starbuck, other than the cancelled shares described below, and all rights in respect thereof shall, by virtue of the merger and without any action on the part of the shareholder, forthwith cease to exist and be converted into and represent the right to receive a pro rata share of the merger consideration, which is described in the section entitled *The Agreement and Plan of Merger Merger Consideration* beginning on page 79.

Also at the effective time, each share of Starbuck's common stock issued and outstanding immediately prior to the effective time that is owned directly or indirectly by Starbuck, which shares we refer to as the cancelled shares, will no longer be outstanding and will cease to exist. No consideration will be delivered in exchange for any cancelled shares.

Elements Merger Sub Interests and Effect of the Merger; Banner Board of Directors. At and after the effective time of the merger, each share of merger sub s limited liability company interest issued and outstanding immediately prior to the effective time of the merger shall remain an issued and outstanding limited liability company interest of merger sub as the surviving company in the merger and shall not be affected by the merger.

Table of Contents

At the effective time of the merger, the limited liability company agreement of merger sub, as in effect immediately prior to such effective time, will be the limited liability company agreement of the surviving entity of the merger. The officers and directors of merger sub prior to the effective time of the merger will continue to be the officers and directors of the surviving entity of the merger.

At or prior to the effective time of the merger, the Banner board of directors will be modified as described in the section entitled *The Merger The Banner Board of Directors Following the Merger* beginning on page 76.

Bank Merger. On the day of the effective time of the merger, and immediately following the merger, AmericanWest Bank will merge with and into Banner Bank in the bank merger, provided that if the parties agree that operational issues relating to the bank merger would preclude the ability of the parties to consummate the bank merger immediately following the merger, then Banner and Starbuck shall mutually determine whether to proceed with the merger prior to the bank merger. Banner Bank will be the surviving entity in the bank merger, and the separate corporate existence of AmericanWest Bank shall cease. In order to obtain the necessary state and federal regulatory approvals for the bank merger, which is described in the section entitled *The Merger Regulatory Approvals* beginning on page 77, the bank merger shall be implemented pursuant to an agreement and plan of merger, which we refer to as the bank merger agreement, which shall be approved, adopted and executed by each of Banner Bank and AmericanWest Bank. After the bank merger, the directors of Banner Bank will be the directors of the Banner board of directors at such time, and Banner Bank will, prior to the effective time of the merger, amend clauses (iv) and (v) of Article III, Section 4 of its bylaws to provide that the restrictions set forth therein shall only apply to banks (and holding companies thereof) that conduct business that is competitive with that of Banner Bank in the geographic areas in which Banner Bank operates.

Merger Consideration

Merger Consideration. Upon completion of the merger, all of the shares of Starbuck common stock that are issued and outstanding immediately prior to the effective time of the merger (other than cancelled shares) will be converted into the right to receive, in the aggregate, the merger consideration, which will be an amount of cash equal to \$130,000,000 and an aggregate number of shares of Banner common stock and Banner non-voting common stock determined as set forth below, less any amounts Banner is required to deduct with respect to the payment of any applicable federal, state, local or foreign tax. The number of shares of Banner common stock to be included in the merger consideration will be 13,230,000 shares minus the number of shares of Banner non-voting common stock to be included in the merger consideration. The number of shares of Banner non-voting common stock to be included in the merger consideration will be the number of shares (which will not exceed 3 million shares) necessary for Holdings to have available to distribute to certain Starbuck holders so that such holders and their affiliates would collectively own no more than 4.9% of the outstanding Banner common stock following the distribution. Holdings will specify such number of Banner non-voting common shares to be issued not less than three business days prior to the expected closing of the merger. At or immediately following the effective time of the merger, Holdings will distribute the merger consideration to the holders of the outstanding equity interests of Holdings in accordance with the terms of the Holdings limited liability company agreement.

Closing

Unless the parties agree otherwise, the completion of the merger will occur on a date to be specified by Banner and Starbuck that will be no later than 3 business days immediately following the day on which the last of the closing conditions (other than any conditions that by their nature are to be satisfied at the closing) is satisfied or waived. See *The Agreement and Plan of Merger Conditions to the Merger* beginning on page 88.

Expected Timing of the Merger

We anticipate that the closing of the merger will occur in the second quarter of 2015, assuming the requisite shareholder approvals at the special meeting are received and all regulatory approvals are received and assuming

The representations and warranties contained in the merger agreement were made for purposes of the merger agreement and are subject to qualifications and limitations agreed to by the respective parties in connection with negotiating the terms of the merger agreement. In addition, certain representations and warranties were made as of a specific date, may be subject to a contractual standard of materiality different from what might be viewed as material to shareholders, or may have been used for purposes of allocating risk between the respective parties rather than establishing matters as facts. This description of the representations and warranties, and their reproduction in the copy of the merger agreement attached to this proxy statement as **Annex B**, are included solely to provide shareholders with information regarding the terms of the merger agreement. Accordingly, the representations and warranties and other provisions of the merger agreement should not be read alone, but instead should only be read together with the information provided elsewhere in this proxy statement. See **Where You Can Find More Information** beginning on page 129.

Certain of these representations and warranties are qualified by a materiality standard or a material adverse effect standard. For purposes of the merger agreement, a material adverse effect with respect to Starbuck or Banner, as the case may be, means any fact, change, event, occurrence, condition or development which:

- (i) has, or would reasonably be expected to have, a material adverse effect on the business, properties, assets, liabilities, results of operations or financial condition of such party and its subsidiaries taken as a whole (provided that, with respect to this clause (i), material adverse effect shall not be deemed to include the impact of:
 - (A) changes after November 5, 2014 in GAAP,
 - (B) changes after November 5, 2014 in laws of general applicability to companies in the industries in which such party and its subsidiaries operate,
 - (C) changes after November 5, 2014 in global, national or regional political conditions (including the outbreak of war or acts of terrorism) or in economic or market conditions affecting other companies in the industries in which such party and its subsidiaries operate (including changes in interest rates),
 - (D) the announcement of the merger agreement, including the impact thereof on relationships with customers, employees and counterparts,
 - (E) volcanoes, tsunamis, pandemics, earthquakes, floods, storms, hurricanes, tornadoes or other natural disasters,
 - (F) actions or omissions of Banner or Starbuck taken at the written request of the other party, or

(G) a decline in the trading price of a party's common stock or the failure, in and of itself, to meet earnings projections, but not, in either case, including the underlying causes thereof; except, with respect to clauses (A), (B), (C) or (E), to the extent that the effects of such change are disproportionately adverse to the business, properties, assets, liabilities, results of operations or financial condition of such party and its subsidiaries, taken as a whole, as compared to other companies in the industry in which such party and its subsidiaries operate); or

(ii) prevents or materially impairs the ability of such party to timely consummate the transactions contemplated by the merger agreement.

If the merger agreement is validly terminated, there will be no liability under the representations and warranties of the parties, or otherwise under the merger agreement, except as described below under "Effect of Termination" beginning on page 90.

Banner also agrees to purchase tail insurance covering each person currently covered by the Starbuck or its subsidiaries directors and officers liability insurance policies, with respect to matters or circumstances occurring at or prior to the completion of the merger, on coverage terms that are not materially less favorable than the coverage terms of such current insurance policies in effect for Starbuck and its subsidiaries on November 5, 2014.

the receipt by Banner of the opinion of Cleary Gottlieb, dated as of the closing date, that based on the facts, representations and assumptions set forth in such opinion, the merger shall qualify as a reorganization within the meaning of the U.S. tax code.

Conditions to Obligations of Starbuck and Holdings. The obligations of Starbuck and Holdings to effect the merger are conditioned upon the satisfaction or waiver by Holdings and Starbuck of the following conditions:

the representations and warranties of Banner must be true and correct at and as of November 5, 2014 and at and as of the closing date with the same effect as though such representations and warranties had been made on and as of such date (except to the extent such representations and warranties speak as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), subject to the materiality standards provided in the merger agreement;

Banner must have performed in all material respects all of the obligations required to be performed by it under the merger agreement at or prior to the closing date of the merger, and Starbuck shall have received a certificate signed on behalf of Banner by an executive officer of Banner to such effect; and

the receipt by Starbuck of the opinion of Wachtell Lipton, dated as of the closing date, that based on the facts, representations and assumptions set forth in such opinion, the merger shall qualify as a reorganization within the meaning of the U.S. tax code.

Indemnification

The indemnification obligations of Banner under the merger agreement are described in the section entitled *The Agreement and Plan of Merger Covenants and Agreements Indemnification of Directors and Officers* beginning on page 87.

Termination

The merger agreement may be terminated at any time before the effective time of the merger, in any of the following circumstances:

by mutual written consent of Banner and Starbuck;

by either Banner or Starbuck, provided that the right to terminate the merger agreement shall not be available to either Banner or Starbuck, as the case may be, if it is in material breach of any of its representations, warranties, covenants or agreements under the merger agreement and that the material breach of any of its representations, warranties, covenants or agreements under the merger agreement shall be the cause of the failure of the closing to occur, should any of the following occur:

if the approval of the issuance of the Banner common stock and Banner non-voting common stock in accordance with the merger agreement and the approval of the amendment to the articles of

incorporation are not obtained at the special meeting or any adjournment or postponement of such meeting;

if any regulatory agency or governmental authority that must grant an approval of the merger, the bank merger or the transactions contemplated by the merger agreement as described in the section entitled "The Merger Regulatory Approvals" beginning on page 77 have issued a nonappealable order, injunction or decree permanently enjoining or otherwise prohibiting the consummation of the transactions contemplated by the merger agreement;

if the merger shall have not been consummated on or before November 5, 2015, which we refer to as the termination date; or

if there has been a breach or an aggregate of breaches of any representations and warranties, covenants or agreements to be performed by either Banner and merger sub (in the case of

Table of Contents

Starbuck) or Holdings and Starbuck (in the case of Banner) in a manner such that the closing conditions described in Conditions to Each Party's Obligations and Conditions to Obligations of Banner or Conditions to Obligations of Starbuck would not be satisfied, provided that such breaches of representations or warranties, covenants and agreements have not been cured by the earlier of the termination date or within 30 days following receipt by the breaching party of written notice of such breach or breaches.

Effect of Termination

If the merger agreement is terminated in accordance with its terms, the merger agreement shall be terminated without any liability (other than liability for any willful and material breach) on the part of Banner, Holdings or Starbuck, or any of their respective subsidiaries, officers or directors; provided, that the provisions of the merger agreement relating to effects of termination, expenses, governing law, jurisdiction, waiver of jury trial, assignment and third party beneficiaries will survive any termination thereof.

Specific Performance

Each of Banner and Starbuck are entitled to an injunction or injunctions to prevent actual breaches of the merger agreement by the other party and to enforce specifically the terms and provisions of the merger agreement.

Amendments

The merger agreement may not be changed, and any of the terms, covenants, representations, warranties and conditions cannot be waived, except, (i) prior to the effective time to the merger, pursuant to an instrument in writing signed by Banner, Holdings and Starbuck, (ii) following the effective time of the merger, pursuant to an instrument in writing signed by Banner and the parties to the merger agreement, or (iii) in the case of a waiver, by the party waiving compliance.

INVESTOR LETTER AGREEMENTS

*The following is a summary of the material provisions of the investor letter agreements that were entered into by and among Banner and the Starbuck investors (Oaktree, Friedman Fleischer & Lowe and GS Capital) in connection with the execution of the merger agreement. The Starbuck investors in the aggregate own a majority of the outstanding equity interests of Holdings, and the shares to be issued to the Starbuck investors at the effective time of the merger will each represent approximately 7.79% of the shares outstanding of Banner common stock and Banner non-voting common stock, based on the number of shares of Banner common stock outstanding as of February 13, 2015 and after giving effect to the merger and including the Banner common stock to be issued upon the completion of Banner's pending acquisition of Siuslaw. The investor letter agreements are included as **Annex D** to this proxy statement and are incorporated by reference into this proxy statement. We encourage you to read the investor letter agreements carefully.*

Commitment to Comply with Requirements of Regulatory Agencies and Governmental Entities

The Starbuck investors will, if required by the staff of the Federal Reserve Board in connection with obtaining the regulatory approvals as described in the section entitled "The Merger Regulatory Approvals" beginning on page 77, promptly deliver certain passivity and anti-association commitments substantially in a form agreed upon by the parties to the investor letter agreement, and, to use commercially reasonable efforts to provide directly to the Federal Reserve Board or the FDIC such information as is reasonable and customary in connection with obtaining such regulatory approvals. Other than as set forth above, the Starbuck investors will not be required to file any applications, notices or similar filings with any regulatory agency or governmental entity in connection with the transactions contemplated by the merger agreement or bank merger.

Transfer of Equity Securities

Transfer Restrictions. Each Starbuck investor party to the respective investor letter agreements has agreed to the following transfer restrictions:

the Starbuck investor will not transfer any common interests or management units in Holdings between November 5, 2014 and the effective date of the merger, other than transfers to certain affiliates that agree to be bound by the investor letter agreement, which we refer to as a permitted transferee;

the Starbuck investor and its permitted transferees will not transfer any of the stock consideration received in the merger prior to the date that is thirty days after the effective time of the merger, which we refer to as the lockup termination date;

following November 5, 2014 and prior to the lockup termination date, if any permitted transferee ceases to be controlled by the applicable Starbuck investor, then any prior transfer of securities to such permitted transferee will be null and void, and title and ownership of such securities will revert to the Starbuck investor; and

from and after the lockup termination date, the Starbuck investor will not transfer any shares of Banner common stock received as part of the merger consideration to any person or group who, to the knowledge of the Starbuck investor, would beneficially own eight percent or more of the outstanding shares of Banner common stock following such transfer, other than certain transfers permitted under the registration rights agreement, described in the section entitled "Investor Letter Agreements Registration Rights" beginning on page 92, or a transfer to a person not affiliated with the Starbuck investor who is acquiring majority control of Banner in a merger or similar business combination or a tender offer approved by the Banner board of directors.

In addition, each Starbuck investor will not, directly or indirectly, without Banner's prior written consent:

acquire beneficial ownership of any shares of Banner common stock if, after such acquisition, the Starbuck investor would beneficially own a number of shares of Banner common stock and Banner non-voting common stock equal to 10% or more of the number of shares outstanding of Banner common stock;

make or in any way participate in any solicitation of proxies to vote or seek to advise or influence any person with respect to the voting of any voting securities of Banner;

form, join or participate in a group (as such term is defined under section 13(d)(3) of the Exchange Act) with respect to any Banner voting securities, other than with respect to an affiliate of the Starbuck investor; or

publicly disclose any intention, plan or arrangement prohibited by, or inconsistent with the three preceding bullet points;

provided, that such restrictions shall not limit the activities of any Banner director taken in good faith solely in his or her capacity as a director of Banner or the right of the Starbuck investor to vote any voting securities of Banner with respect to any matter, and provided further that the Starbuck investor does not make any public announcement or communication with respect to the manner that the Starbuck investor intends to vote such securities, or publicly requests Banner to amend or waive any of the obligations of this sentence.

The transfer restrictions described in this section will terminate with respect to the Starbuck investor and its permitted transferees on the earlier of the date the Starbuck investor and its permitted transferees beneficially own less than five percent of the outstanding shares of Banner common stock and Banner non-voting common stock (excluding the dilutive effect of any primary issuances of Banner common stock or Banner non-voting common stock) and the date of a material breach by Banner of any of its obligations in the investor letter agreement.

Registration Rights

Shelf Registration Statement. Banner shall file a shelf registration statement under the Securities Act as promptly as practicable on or after the lockup termination date, and in any event within 15 business days after the lockup termination date, covering all of the shares of Banner common stock issuable upon conversion of the Banner non-voting common stock and shares of Banner common stock acquired pursuant to the merger agreement then held by a Starbuck holder party to (i) an investor letter agreement or (ii) to an agreement with Banner as described in the section entitled *The Agreement and Plan of Merger Covenants and Agreements Banner Stock Consideration* beginning on page 87, which we refer to as the registrable securities, on Form S-3 to enable the resale of such registrable securities after the lockup termination date on a delayed or continuous basis.

Upon request by a Starbuck investor, in the case of an unmarketed underwritten offering, or by a majority of the registrable securities in the case of a marketed underwritten offering, Banner will cooperate with the holders of registrable securities to effect an underwritten offering as promptly as practical. However, Banner shall not be obligated to effect more than eight underwritten offerings, of which no more than three may be marketed underwritten offerings, subject to certain timing and offering size limitations.

Demand Registration. At any time after the date, if any, that Banner is not permitted to file or maintain a Form S-3 in connection with the shelf registration, the holders of registrable securities representing at least a majority of the outstanding registrable securities shall have the right to request Banner to effect a registration statement under the Securities Act of registrable securities held by such shareholders to register the resale of such securities in an underwritten offering, subject to certain timing and offering size limitations, and to keep such registration statement current and effective for not less than 90 days.

Incidental Registration. If, at any time after the lockup termination date, Banner proposes to register any of its securities under the Securities Act for sale to the public or to consummate an underwritten offering for the account of

Banner or a holder of Banner common stock other than a holder of registrable securities, any holder of registrable securities shall have the right at each such time to include registrable securities held by it, subject to any underwriters customary cut back.

Table of Contents

Distribution Black-Out Period. Subject to certain exceptions and limitations, if the registration and distribution of registrable securities would require the inclusion of certain financial statements related to certain business combinations, and such financial statements are not available to Banner for reasons beyond Banner's control, or if the Banner board of directors in good faith determines that the registration and distribution of registrable securities would require disclosure of (i) non-public material information, the disclosure of which would reasonably be expected to materially detrimental to Banner, or (ii) a contemplated bona fide material financing, acquisition, corporate reorganization or other similar material transaction or other material event or circumstance affecting Banner, the premature disclosure of which at such time would be materially detrimental to Banner or the holders of Banner common stock, Banner shall be entitled to postpone the filing or effectiveness or suspend the effectiveness of a registration statement and/or the use of any prospectus for a period of time not to exceed 60 days in succession, or 120 days in the aggregate in any one-year period, or three times in any one-year period. Banner shall promptly give the holders of registrable securities written notice of such postponement or suspension (which notice need not specify the nature of the event giving rise to such suspension).

Registration Expenses. Banner will pay all registration expenses incurred by Banner in connection with each registration of securities pursuant to the above registration rights, including fees and disbursements of one counsel for the holders of registrable securities whose shares are included in a registration statement or underwritten offering, except for any underwriting discounts, fees and commissions of underwriters and transfer taxes and any expenses required by applicable law to be paid by a selling shareholder.

Limitations on Subsequent Registration Rights. After November 5, 2014, Banner will not, without the written consent of a majority of the holders of registrable securities, enter into any agreement with any holder of Banner common stock or other equity interests in Banner that is inconsistent with the terms of the registration rights agreed with the Starbuck holders.

Termination. The registration rights described above shall terminate with respect to each Starbuck holder on the first date that such holder no longer holds registrable securities.

Representation on Banner Board of Directors

At any time from and after the effective time of the merger, at the written request of any of the three Starbuck investors, Banner will cause a representative designated by such Starbuck investor to be appointed or elected to the Banner board of directors, which representative is reasonably acceptable to the Banner board of directors, not an officer or employee of Holdings or its subsidiaries as of November 5, 2014, complies with Banner's director qualifications and policies and is eligible to serve on the Banner board of directors pursuant to certain regulatory requirements. Such representative will also, at the Starbuck investor's election, be appointed to the Banner Bank board of directors. From and after election and appointment of such representative, each time the applicable class of directors comes up for re-election the Banner board of directors shall nominate such representative for election and recommend that the shareholders of Banner elect such representative to the Banner board of directors.

Banner's obligations as described in this section will terminate at the earlier of the time the Starbuck investor and its permitted transferees beneficially own less than five percent of the outstanding shares of Banner common stock and Banner non-voting common stock (excluding the dilutive effect of any primary issuances of Banner common stock or Banner non-voting common stock) and the date of a material breach by such Starbuck investor of any of its obligations in the investor letter agreement.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS SKBHC HOLDINGS LLC AND SUBSIDIARIES**

Nature of Business and Summary of Significant Accounting Policies. Holdings is a Delaware limited liability company which was organized in 2009 and is headquartered in Seattle, Washington. Holdings' wholly-owned subsidiary is Starbuck which has its own wholly-owned subsidiaries First National Bank of Starbuck which we refer to as FNBS and AmericanWest Bank from which all significant operating activities are conducted. Unless otherwise indicated, reference to Holdings shall include the consolidated information of Holdings and its wholly-owned subsidiaries Starbuck, FNBS, and AmericanWest Bank, and the unconsolidated information will be referred to as Holdings, Starbuck, FNBS or AmericanWest Bank, respectively. FNBS was sold in April 2014 and is not included in consolidated information after that date.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, or GAAP, requires management to make a number of judgments, estimates and assumptions that affect the reported amount of assets, liabilities, income and expenses in Holdings' financial statements and accompanying disclosures. Holdings' management believes that the judgments, estimates and assumptions used in preparation of the financial statements are appropriate given the factual circumstances as of September 30, 2014. All dollar amounts contained in the financial statements and disclosures are stated in thousands.

Various elements of Holdings' accounting policies, by their nature, are inherently subject to estimation techniques, valuation assumptions and other subjective assessments. Critical accounting policies are those that involve the most complex and subjective decisions and assessments and have the greatest potential impact on results of operation. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of expected cash flows of acquired impaired loans, the allowance for loan losses, the valuation of foreclosed real estate and other foreclosed assets as well as goodwill and other intangibles, the accounting for derivative instruments and post-retirement benefit obligations, and the assessment of the requirement for a valuation allowance against deferred tax assets. Holdings' management has identified the accounting policies related to the following three areas as critical to an understanding of Holdings' financial statements due to judgments, estimates and assumptions inherent in these policies, and the sensitivity of the financial statements to those judgments, estimates and assumptions.

Allowance for Loan Losses

The provision for loan losses charged to operations is an amount sufficient to bring the allowance for loan losses to an estimated balance considered adequate to absorb probable losses inherent in the portfolio at the date of the financial statements. The allowance for loan losses is established as losses are estimated to have occurred through a provision for loan losses charged to results of operations. Loan losses are charged against the allowance when management believes the collection of a loan balance will not occur. Subsequent recoveries, if any, are credited to the allowance. The allowance for loan losses is evaluated on a regular basis by management and the estimate is based upon management's periodic review of the collectability of the loans that considers historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions. The evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

The allowance consists of specific and general components as well as a component for purchased credit impaired loans. The specific component of the allowance relates to loans that are considered impaired for which an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The general component relates to loans that are not considered impaired and

are not purchased credit impaired. The general component is based on historical default and loss experience as well as qualitative factors that management believes can impact the risk in the overall loan portfolio, such as certain macroeconomic factors and management's expectations of future events. The purchased

Table of Contents

credit impaired loan component relates to loans that were determined to have deteriorated credit quality at the time of acquisition. Purchased credit impaired loans are aggregated into pools based on individually evaluated common risk characteristics, and aggregate expected cash flows are estimated for each pool. Default rates, loss severity, recovery lags, estimated extensions, and prepayment speed assumptions are periodically reassessed to update expectations of future cash flows. Any subsequent decrease in expected cash flows over those previously projected that is attributed to credit deterioration is recognized as impairment of the pool balance by recording a provision for loan losses and a related increase to the allowance.

Securities

All securities are classified as either available-for-sale or held-to-maturity. Securities classified as available-for-sale are carried at fair value. Securities classified as held-to-maturity are carried at amortized cost.

Securities are classified as available-for-sale if the instrument may be sold in response to such factors as: (1) changes in market interest rates and related changes in prepayment risk, (2) needs for liquidity, (3) changes in the availability of and the yield on alternative instruments, and (4) changes in funding sources and terms. Gains or losses on the sale of available-for-sale securities are determined using the specific-identification method. Unrealized holding gains or losses, net of tax, are carried as accumulated other comprehensive income or loss within members' equity until realized. Premiums and discounts are recognized in interest income using the effective interest method over the period to maturity or call date, whichever is sooner.

Debt securities are classified as held-to-maturity if Holdings has both the intent and ability to hold those debt securities to maturity regardless of changes in market conditions, liquidity needs, or changes in general economic conditions. These securities are carried at cost adjusted for amortization of premium or accretion of discount computed using the effective interest method. Premiums and discounts related to held-to-maturity securities are also recognized in interest income using the effective interest method over the period to maturity or call date, whichever is sooner.

Income Taxes

Holdings is not a tax paying entity for federal income tax purposes. Holdings' income or losses are reflected in the members' individual, partnership, or corporate income tax returns in accordance with their ownership percentages. Starbuck and its subsidiaries account for income taxes using the asset-liability method, which requires that deferred tax assets and liabilities be determined based on the temporary differences between the financial statement carrying amounts and tax basis of assets and liabilities and tax attributes using enacted tax rates in effect in the years in which the temporary differences are expected to reverse. Starbuck and its subsidiaries allocate the provision for income taxes, current receivable or payable, and deferred tax assets and liabilities between the subsidiaries and Starbuck as if they were stand-alone tax reporting entities. Any estimated accrued interest and/or penalties associated with unrecognized tax assets or liabilities are recognized in tax expense. Deferred tax assets and liabilities are reduced by a valuation allowance, when, in the opinion of management, it is more likely than not that some portion of the deferred tax assets will not be realized.

As of and for the Year Ended December 31, 2013 Compared to the Years Ended December, 31, 2012 and 2011 (all tabular dollar information is presented in thousands)

Summary of Performance

Holdings recognized net income of \$7.0 million in 2013, compared to \$70.1 million in 2012 and \$6.3 million in 2011.

The decrease in net income in 2013 as compared to 2012 is due to a \$63.3 million tax benefit recorded in 2012 resulting from the reversal of the deferred tax valuation allowance. During this same period, net interest income increased \$35.0 million or 32.3% as a result of whole bank acquisitions closed in 2012 and 2013, and non-interest income increased \$12.4 million or 40.4% as a result of income derived from the sale of impaired and

Table of Contents

multi-family loans. Non-interest expense increased \$46.2 million or 35.9% from 2012 to 2013 primarily due to increased personnel, occupancy, and other costs associated with merger and acquisition and branch sales and consolidation activity.

The increase in net income in 2012 as compared to 2011 is due primarily to the reversal of the deferred tax valuation allowance in 2012 as well as an increase in net interest income of \$26.6 million, or 32.4%, which largely resulted from higher interest and fees on loans. In 2012 as compared to 2011, an increase in net fees on mortgage sales of \$4.8 million or 199.1% was offset by merger and acquisition activity which resulted in higher non-interest expense of \$32.7 million in 2012.

As of December 31, 2013, Holdings had total assets of \$3.94 billion. This compares to total assets at the end of 2012 and 2011 of \$2.76 billion and \$2.30 billion, respectively. Holdings had significant growth in outstanding loans from the end of 2012 to December 31, 2013, as well as from the end of 2011 to December 31, 2012. The annual net loan growth, not including loans held-for-sale, for 2013 and 2012 was \$539.8 million or 32.8% and \$314.2 million or 23.6%, respectively. Merger and acquisition activity, branch consolidations and sales, and the purchase of specific loan pools contributed to increases in each of the three years. Security balances increased \$508.4 million or 87.9% from 2012 to 2013 primarily due to acquired balances through merger activity.

Total deposits grew by \$1.08 billion, or 49.1%, in 2013 and by \$294.5 million, or 15.5%, in 2012. Merger and acquisition activity as well as branch consolidations and sales contributed to these increases.

Results of Operations

Net Interest Income and Net Interest Margin. Net interest income was \$143.6 million in 2013, compared to \$108.5 million in 2012 and \$82.0 million in 2011. Holdings' level of net interest income depends on several factors in combination, including growth in earning assets, the mix of earning assets by loan type and by security type, the cost of interest bearing liabilities and the mix of non-interest bearing deposits to total deposits. Average loan balances increased \$478.3 million from December 31, 2011 to 2012 and \$633.8 million from 2012 to 2013, however, in both years the increase in interest income from loan growth was offset by declining loan yields as interest rates decreased and accretion on acquired loans declined. In 2013 the loan yield declined by 66 basis points, and in 2012 it declined by 102 basis points. Average balances of interest bearing liabilities increased \$699.7 million from 2012 to 2013, and \$330.4 million from 2011 to 2012. Interest expense increased for these same periods in the amount of \$1.1 million and \$445,000, respectively. The net interest margin decreased from 5.09% in 2012 to 4.65% in 2013 primarily due to reduced yields on loans. The decrease in net interest margin from 5.29% in 2011 to 5.09% in 2012 was a result of declining rates on both loans and securities.

Table of Contents

The Volume and Rate Variances table below sets forth the dollar difference in interest earned and paid for each major category of interest earning assets and interest bearing liabilities for the noted periods, and the amount of such change attributable to changes in average balances (volume) or changes in average interest rates (rate). Volume variances are equal to the increase or decrease in average balance multiplied by prior period rates, and rate variances are equal to the increase or decrease in rate times prior period average balances. Variances attributable to both rate and volume changes are calculated by multiplying the change in rate by the change in average balance, and are allocated to the rate variance.

(1) Includes loans held for sale and non-accrual loans in average loans. Interest income includes loan fee income. Interest income increased by \$36.2 million and by \$27.0 million in 2013 and 2012, respectively, principally as a result of increases in average earning assets. Declining yields on loans for each period partially offset growth in average balances. The decline in loan yields resulted from a decline in the rate of impaired loan accretion on acquired loans, combined with the declining average rates on new and renewed loans. Yields on investment securities declined as well from 2011 to 2012 as a result of the build out and diversification of the securities portfolio.

Provision for Loan Losses. The provision for loan losses was \$4.2 million in 2013, \$3.8 million in 2012 and \$366,000 in 2011. The growth in Holdings allowance for loan losses in 2013 and 2012 was primarily due to loan growth. The allowance for loan losses as a percent of outstanding loans increased from 0.36% at December 31, 2011 to 0.42% at the end of 2012 and to 0.57% at the end of 2013. These successive increases were the result of the incremental inclusion of purchased performing loans in the allowance for loan loss calculation. Holdings loan loss provisions have been sufficient to maintain an allowance for loan losses at a level that, in management's judgment, is sufficient to absorb probable losses related to specifically identified impaired loans, as well as the probable incurred losses on the remaining loan portfolio.

In 2013, non-interest income increased by \$12.4 million, or 40.4%, as loan sales income grew by \$8.8 million, of which \$3.2 million related to sales of multi-family loans and \$4.9 million related to sales of purchased impaired loans. Fees and service charges on deposits and net gains on sales of foreclosed assets and rental income each grew by \$3.7 million. Partially offsetting these increases was a decrease in net (losses) gain on sales of securities by \$6.3 million as a result of repositioning the securities portfolio for better performance in 2013. In 2012, non-interest income increased by \$10.2 million or 49.6%, primarily due to a \$4.8 million increase in fees on mortgage loans sales, a \$1.4 million increase in gain on sales of securities and a \$1.7 million increase in other income.

Non-interest expense grew by \$46.2 million or 35.9% in 2013 compared to 2012. The largest component of non-interest expense is salaries and employee benefits, which increased by \$20.9 million or 31.2% in 2013. In 2012, non-interest expense grew by \$32.7 million or 34.1%. Salaries and employee benefits increased by \$21.8 million, or 48.4%, in 2012. The primary reason for this increase was due to the mergers and acquisition activities conducted by Holdings and resulting growth in locations and staffing.

Provision for Income Taxes. Income tax expense was \$579,000 for the year ending December 31, 2013, an increase of \$63.9 million over the tax provision for 2012 due to the reversal of a deferred tax valuation allowance in 2012. In 2012, an income tax benefit of \$63.3 million was recognized, which was an increase over the benefit of \$56,000 recognized in 2011. For 2013, 2012, and 2011, the effective tax rate was 7.7%, -934.0%, and -0.9%, respectively.

Financial Condition

Summary. Assets grew by \$1.18 billion, or 42.7%, for the year ending December 31, 2013, to \$3.94 billion as of December 31, 2013. Assets totaled \$2.76 billion as of December 31, 2012, reflecting growth of \$464.4 million, or 20.2%, from the end of 2011. The increase in assets over the last two years is primarily due to loan and securities growth. Loan growth, net of allowance for loan losses, was \$539.8 million, or 32.8%, and \$314.2 million, or 23.6%, respectively in 2013 and 2012. Securities growth for 2013 was \$508.4 million, or 87.9%, and \$175.7 million, or 43.6%, from 2011 to 2012. The increase in both portfolios was primarily due to multiple acquisitions which occurred from 2011 to 2013. In 2012, interest-bearing cash at other banks, including balances held at the Federal Reserve Bank, Federal Home Loan Bank of Seattle, and other correspondent banks, decreased substantially by \$187.7 million, decreasing further to \$45.6 million by December 31, 2013. The decrease primarily relates to cash paid for acquisitions as well as cash used for purchases of investment securities and loan fundings. Total liabilities grew by \$1.09 billion, or 47.0%, in 2013 and by \$388.7 million, or 20.1%, in 2012. In 2013, deposits grew by \$1.08 billion, or 49.1%, of which \$195.6 million was non-interest bearing demand accounts. In 2012, deposits grew by \$294.5 million, or 15.5%, of which \$219.6 million was non-interest bearing demand accounts. Borrowings and advances from the Federal Home Loan Bank decreased from \$88.2 million at the end of 2012 to \$73.1 million at December 31, 2013. In 2012, borrowings grew by \$87.1 million from the year ended December 31, 2011. Holdings' members' equity grew by \$90.1 million in 2013 principally as a result of capital contributed by investors to facilitate multiple acquisitions. Member's equity increased by \$75.6 million in 2012 due to capital calls related to acquisition activity as well as the release of a deferred tax asset allowance.

Loan Portfolio. Holdings' loan portfolio, net of allowance for loan losses and deferred fees, increased \$539.8 million or 32.8% from 2012 to 2013. Similarly, the portfolio increased \$314.2 million, or 23.6%, from 2011 to 2012.

As a result of acquisition activity, Holdings has purchased credit impaired loans and purchased performing loans which are accounted for under ASC 310-30 *Loans and Debt Securities Acquired with Deteriorated Credit Quality* and ASC 310-20 *Nonrefundable Fees and Other Costs*, respectively. The balances of these loans are included in the tables, below. Discussions regarding the accounting treatment and balances by type are included in Banner's Current Report on Form 8-K filed on December 4, 2014 and are incorporated here by reference.

Off-Balance Sheet Arrangements. In the normal course of business, Holdings makes commitments to extend credit to its customers as long as there are no violations of any conditions established in contractual arrangements. These commitments are obligations that represent a potential credit risk to Holdings, and a \$1.1 million reserve for unfunded commitments is reflected as a liability in Holdings' balance sheet at December 31, 2013. Total unused commitments to extend credit were \$414.7 million at December 31, 2013, as compared to \$285.3 million at December 31, 2012. Unused commitments represented 18.9% and 17.3% of gross loans outstanding at December 31, 2013 and 2012, respectively. Holdings also had \$11.2 million in standby letters of credit and commercial letters of credit at December 31, 2013 and \$4.5 million in standby letters and commercial letters of credit at December 31, 2012.

Non-performing Assets. Non-performing assets are comprised of loans on non-accrual status, loans 90 days or more past due and still accruing interest, and other real estate owned, which we refer to as OREO. A loan is placed on non-accrual status if there is concern that principal and interest may not be fully collected or if the loan has been past due for a period of 90 days or more, unless the obligation is both well secured and in process of legal collection. When loans are placed on non-accrual status, all interest previously accrued but not collected is reversed against current period interest income. Income on non-accrual loans is subsequently recognized only to the extent that cash is received and the loan's principal balance is deemed collectible. Loans are returned to accrual status when they are brought current with respect to principal and interest payments and future payments are reasonably assured. Loans in which the borrower is encountering financial difficulties and Holdings has modified the terms of the original loan are evaluated for impairment and classified as troubled debt restructured loans, which we refer to as TDRs.

The following table presents information concerning Holdings' non-performing and restructured loans and other non-performing assets as of the dates indicated:

Allowance for Loan Losses. The allowance for loan losses is maintained at a level management believes is adequate to provide for probable loan losses as of the date of the statement of financial condition. The allowance for loan losses is based upon an ongoing review of the originated and acquired non-impaired loan portfolio, which includes consideration of actual loss experience, changes in the size and character of the portfolio, identification of individual problem loan situations which may affect a borrower's ability to repay, and evaluation of the prevailing and anticipated economic conditions. The evaluation is inherently subjective, as it requires estimates that are susceptible to significant revision as more information becomes available. The allowance for loan losses is increased by charges to income and decreased by charge-offs, net of recoveries. While management uses available information to recognize losses on loans, changes in economic conditions may necessitate review of the estimate in future periods.

Loans acquired as part of a bank acquisition are recorded at fair value on the acquisition date. The fair value includes a credit mark representing an estimate of expected credit losses at the date of acquisition. As a result no allowance for loan losses is recorded at the acquisition date. For purchased performing loans, an allowance is built over time as the fair value discounts are fully amortized or as credit quality changes. Losses recognized on purchased performing loans are offset by any remaining fair value discount and any remaining loss is recognized through the allowance for loan losses. The credit mark related to purchased credit impaired loans is re-evaluated periodically for adequacy. Increases in the required credit mark result in a charge to the provision for loan losses and an increase in the allowance for loan losses. Losses recognized on purchased credit impaired loans are taken against the credit mark included in the fair value discount rather than being charged against the allowance for loan losses. Acquired loan fair value discounts are included in total loans balances and are not reflected in the allowance for loan losses. The balances of acquired loans are included in the average total loans outstanding in the table below.

Holdings' allowance for loan losses was \$12.5 million, \$6.9 million and \$4.8 million as of December 31, 2013, 2012 and 2011, respectively. The allowance for loan losses as a percent of outstanding loans increased from 0.36% at December 31, 2011 to 0.42% at the end of 2012 and to 0.57% at the end of 2013. A loan is considered impaired when, based on current information and events, it is probable that Holdings will be unable to collect all amounts due (principal and interest) according to the original contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and probability of collecting scheduled principal and interest payments. Measurement of impairment is based on the present value of expected future cash flows of the impaired loan, which are discounted at the loan's effective interest rate. For collateral-dependent loans, Holdings uses the fair value of the collateral for the impaired loan to measure impairment. The impairment is either recognized as a specific component provided for in the allowance for loan losses or through charging-off the impaired portion of the loan. Impaired loans, including performing TDRs, totaled \$12.0 million as of December 31, 2013, compared to \$7.4 million at the end of 2012. Impaired loans increased by \$4.5 million, or 155.6%, from the end of 2011 to the end of 2012. The increase in impaired loans from the end of 2011 to the end of 2012 was primarily the result of purchased performing loan downgrades. The growth in the allowance in 2013 was primarily the result of the growth in total outstanding loans, which approximated \$545.0 million, impairment recognition of \$1.5 million related to purchased credit impaired loans, and the incremental inclusion of purchased performing loans in the allowance for loan loss calculation. The allowance for loan losses is maintained at a level that management believes is adequate to provide for loan losses based on currently available information.

The allocation presented should not be viewed as an indication that charges to the allowance will be incurred in these amounts or proportions, or that the portion of the allowance allocated to each loan category represents the total amounts available for charge-offs that may occur within these categories.

Investment Portfolio. Holdings uses two classifications for its investment portfolio: available-for-sale (AFS) and held-to-maturity (HTM). Securities that Holdings has the intent and ability to hold to maturity are classified as held-to-maturity securities and reported at amortized cost. Securities not classified as held-to-maturity securities are classified as securities available-for-sale and reported at fair value. At December 31, 2013, 2012, and 2011 Holdings held-to-maturity investments totaled \$36.4 million, \$0, and \$0, respectively. Available-for sale securities had a total fair value of \$1.05 billion, \$578.6 million, and \$403.0 million at the end of 2013, 2012, and 2011, respectively. Holdings' investments provide a substantial source of liquidity as they can be pledged to support borrowed funds or can be liquidated to generate cash proceeds. The investment portfolio is also a significant resource to Holdings in managing interest rate risk, as the maturity and interest rate characteristics of this asset class can be readily changed to match changes in the loan and deposit portfolios.

Deposits. Holdings primary source of funds is customer deposits. Holdings strategy is focused on growing low cost core deposits and reducing reliance on higher cost certificates of deposit. This strategy improves our cost of funds and increases the opportunity for deposit fee revenues, while stabilizing our funding base.

The following table provides a comparative distribution of Holdings deposits by outstanding balance as well as by percentage of total deposits at the dates indicated:

Liquidity and Market Risk Management

Liquidity. Liquidity is the ability to raise cash when needed at a reasonable cost with minimal loss of principal. Liquidity risk is the risk that Holdings financial condition or overall safety may be adversely affected by either a real or a perceived inability to meet its obligations. Increased liquidity risk may occur from funding mismatches, from market constraints on the ability to convert assets into cash or access sources of funds, or from contingent liquidity events. It is the objective of Holdings to maintain a low liquidity risk profile. Holdings maintains significant on-balance sheet and off-balance-sheet liquidity sources, including a relatively large marketable securities portfolio and borrowing capacity through various secured and unsecured sources. At December 31, 2013 and 2012, Holdings had borrowing capacity from the Federal Home Loan Banks, which we refer to as FHLB, of \$669.8 million and \$420.8 million, respectively, subject to the availability of collateral. In addition to the FHLB secured borrowing capacity, Holdings has the ability to borrow from the Federal Reserve Bank of San Francisco. At December 31, 2013 and 2012, the available borrowings from this source were \$144.8 million and \$102.8 million, respectively, although

no balance was outstanding in either 2013 or 2012. As of December 31, 2013, Holdings primary liquidity ratio was 23.7% and its overall liquidity ratio was 35.7%.

Interest Rate Risk Management. Market risk can arise from changes in interest rates, exchange rates, commodity prices, or equity prices. Interest rate risk arises from the maturity and re-pricing characteristics of earning assets and interest bearing liabilities. Holdings manages its interest rate risk through established policies and procedures; it is the goal of Holdings to manage interest rate risk in order to ensure stable net interest income. Holdings attempts to take a limited, measured and controlled exposure to interest rate risk.

Holdings measures its interest rate sensitivity through the use of a simulation model. The model incorporates the contractual cash flows and re-pricing characteristics from each financial instrument, as well as

Table of Contents

certain management assumptions. The model captures the estimated impact of interest rate risk, including repricing risk, option risk, yield curve risk and basis risk.

Net interest income simulation is a model of the net interest income from assets and liabilities using various interest rate scenarios and balance sheet structures. This measures the impact of changing rates on earnings and captures the short-term risk from rate changes. The simulation, which is performed quarterly, uses a two-year horizon with rates changed over the first year and resulting changes in income measured for each year.

The following reflects Holdings' estimated net interest income sensitivity as of December, 31, 2013:

	Immediate Change in Rate					
	-200 b.p.	-100 b.p.	+100 b.p.	+200 b.p.	+300 b.p.	+400 b.p.

Percentage (%) change	N/A	N/A	3.9%	7.0%	10.3%	13.0%

Market value of equity, which we refer to as MVE, is a valuation analysis used for discerning levels of risk present in the statement of financial condition that might not be taken into account in the net interest income simulation. This analysis, run quarterly, measures the impact of changing rates on capital, and captures the long-term risk from rate changes. It is calculated as the net of the discounted present value of asset cash flows minus the discounted present value of liability cash flows.

The following reflects Holdings' estimated changes in MVE as of December 31, 2013:

	Immediate Change in Rate					
	-200 b.p.	-100 b.p.	+100 b.p.	+200 b.p.	+300 b.p.	+400 b.p.

Capital Resources. As of December 31, 2013 Holdings had total members' equity of \$534.1 million, compared to \$444.0 million at the end of 2012.

Holdings uses a variety of measures to evaluate capital adequacy. Management reviews various capital measurements on a quarterly basis and takes appropriate action to ensure that such measurements are within established internal and external guidelines. The external guidelines, which are issued by the FDIC, establish a risk-adjusted ratio relating capital to different categories of assets and off balance sheet exposures. There are two categories of capital under the FDIC guidelines: Tier 1 and Tier 2 Capital. Tier 1 Capital includes members' equity less goodwill, disallowed deferred tax assets, and certain other deductions, notably the unrealized net gains or losses (after tax adjustments) on securities available-for-sale, which are carried at fair market value.

Holdings' current capital position exceeds all current guidelines established by the FDIC. At December 31, 2013, Holdings had a Tier 1 risk based capital ratio of 12.36%, a total capital to risk-weighted assets ratio of 12.87%, and a leverage ratio of 8.69%. At December 31, 2012, Holdings had a Tier 1 risk based capital ratio of 14.57%, a total capital to risk-weighted assets ratio of 14.97%, and a leverage ratio of 11.08%.

Third Quarter 2014 compared to Third Quarter 2013. Holdings recognized net income of \$5.6 million for the quarter ended September 30, 2014, compared to a loss of \$2.9 million for the quarter ended September 30, 2013. The loss in the third quarter of 2013 was a result of higher non-interest expense related to an organizational

restructuring as part of a strategic realignment of Holdings' commercial and community banking lines of business. Among actions implemented were the sale and consolidation of 18 branches, contract terminations on redundant or acquired contracts, and final merger expenses on acquisitions closed that year. Offsetting the higher non-interest expense in the third quarter of 2013 was an income tax benefit of \$1.9 million.

First Three Quarters of 2014 as compared to First Three Quarters of 2013. Net income for the first nine months of 2014 was \$17.0 million as compared to a net loss of \$1.6 million for the period ended September 30, 2013. The increase in net income of \$18.5 million from 2013 to 2014 is primarily due to non-interest expense recognized in 2013 related to the organizational restructuring and the acquisition of PremierWest Bank. Compared to September 30, 2013, non-interest expense for the nine months ended September 30, 2014 decreased \$22.2 million or 16.4%. Also contributing to the higher net income for the first nine months of 2014 was lower loan loss provision of \$997,000, as compared to a provision of \$4.1 million for the same period in 2013, a decrease of \$3.2 million or 76.0%. The lower provision in 2014 was due to the reversal of \$0.7 million of purchased credit impaired loan impairment in 2014 compared to the recognition of \$1.5 million of purchased credit impaired loan impairment in 2013 as well as the lower increase in outstanding loans of \$321.1 million in 2014 compared to \$545 million in 2013. Offsetting these positive variances in 2014 was higher income tax expense of \$12.6 million as compared to an income tax benefit of \$294,000 for the same period in 2013.

Summary of Performance Financial Condition

September 30, 2014 relative to December 31, 2013. Total assets were \$4.09 billion as of September 30, 2014, an increase of \$151.6 million, or 3.8%, as compared to \$3.94 billion at December 31, 2013. Net loans, excluding held-for-sale, increased \$319.1 million in the first nine months of 2014, offset by decreases in loans held for sale of \$59.6 million, cash and cash equivalents of \$44.9 million, and decreased investment securities balances of \$28.3 million.

Total deposits were \$3.23 billion as of September 30, 2014, a decrease of \$45.3 million, or 1.4%, from \$3.27 billion at December 31, 2013 due to the run off of high cost promotional deposits acquired with the PacTrust branch purchase. As a result of flat deposit growth and increased operating leverage, borrowings balances increased to \$251.5 million for the nine months ended September 30, 2014. This was an increase of \$178.4 million, or 244.0%, over the December 31, 2013 balance of \$73.1 million.

As compared to December 31, 2013, total members' equity increased by \$27.2 million, or 5.1%, as a result of net income earned in the first nine months of 2014.

Results of Operations

Net Interest Income and Net Interest Margin. Net interest income decreased from \$38.6 million for the third quarter of 2013 to \$35.1 million for the third quarter of 2014. Net interest income increased from \$106.5 million in the first nine months of 2013 to \$110.1 million in the first nine months of 2014. The 9.1% or \$3.5 million decrease in the third quarter of 2014, compared to the prior year was the result of lower yield on the loan portfolio. This was due primarily to a reduction in the rate of pre-payments and related interest income from impaired loans carried at a discount which were acquired from previous whole bank acquisitions. This resulted in a lower net interest margin of 3.89%, which was 85 basis points below the same quarter in 2013. For the first nine months of 2014, average loan balances increased by \$249.3 million as compared to the first nine months of 2013. However, lower loan yields resulted in a decrease of \$16.0 million in interest income earned. For the same nine month period, the yield on total interest earning assets dropped 62 basis points from 5.04% for the nine months ending September 30, 2013, to 4.42% for the nine months ending September 30, 2014. As a result, net interest margin decreased from 4.81% in 2013 to 4.23% in 2014.

The Volume and Rate Variances table below sets forth the dollar difference in interest earned and paid for each major category of interest-earning assets and interest-bearing liabilities for the noted periods, and the amount of such change attributable to changes in average balances (volume) or changes in average interest rates. Volume variances are equal to the increase or decrease in average balance multiplied by prior period rates, and rate variances are equal to the increase or decrease in rate times prior period average balances. Variances attributable to both rate and volume changes are calculated by multiplying the change in rate by the change in average balance, and are allocated to the rate variance.

Interest income decreased \$3.1 million in the third quarter of 2014 but increased \$4.5 million in the first nine months of 2014, as compared to the same periods in 2013. Interest expense increased \$441,000 for the third quarter of 2014 and \$978,000 in the first nine months of 2014, as compared to the same periods in 2013. Decreasing yields on the loan portfolio primarily due to a decline in acquired impaired loan accretion affected the margins for both the third quarter and nine month comparisons.

Provision for Loan Losses. There was a benefit for loan losses of \$77,000 for the three months ended September 30, 2014 as compared to a provision of \$1.1 million for the same period of 2013. For the nine months ended September 30, 2014, the provision for loan losses was \$997,000 compared to \$4.1 million in 2013. The benefit for loan losses included net loan recoveries of \$1.3 million in the third quarter of 2014 and the provision for loan losses included net recoveries of \$1.6 million for the entire nine month period ending September 30, 2014. This compares to the prior year which had net loan recoveries of \$682,000 and a loan loss provision of \$1.1 million in the third quarter of 2013 and net loan recoveries of \$644,000 and a loan loss provision of \$4.1 million for the first nine months of 2013. The provision for the period ending September 30, 2013 was due to growth in outstanding loans during that period of approximately \$534.0 million and impairment of \$1.5 million recognized during that period for purchased credit impaired loans.

Non-interest income decreased by \$306,000 or 2.8% in the third quarter of 2014, compared to the same quarter in 2013. For the nine months ending September 30, 2014, non-interest income grew by \$2.5 million or 8.0% in comparison to the prior year period.

Net losses on the sales of securities of \$3.3 million were recognized in the three months ended September 30, 2013 as a result of steps taken to reposition the investment portfolio while a small gain of \$9,000 was recognized in the most recent three months. Offsetting this was a decrease in loan sale income from \$6.0 million for the three months ended September 30, 2013 to \$2.8 million during the same quarter of 2014. For the three months ended September 30, 2013, income from the sale of multi-family loans was \$2.3 million, and income from the sale of purchased impaired loans was \$3.6 million.

For the nine months ended September 30, 2014, non-interest income was \$33.9 million as compared to \$31.4 million for the same period in 2013. Net fees on the sale of mortgage loans for the first nine months of 2014 decreased by \$2.9 million as compared to the same timeframe in 2013 due to an initiative to portfolio a higher proportion of monthly production in 2014. Net losses on the sale of securities of \$2.7 million were recognized in 2013 as a result of repositioning the investment portfolio compared to net gains of \$455,000 for the nine months ended September 30, 2014.

For the three months ended September 30, 2014, non-interest expense was \$36.2 million as compared to \$53.2 million for the same period in 2013, a decrease of 32.0%. For the first nine months of 2014 as compared to the same period in 2013, non-interest expense decreased \$22.2 million or 16.4%.

Occupancy expense for the three months ended September 30, 2014 decreased \$8.1 million from the balance of \$11.7 million recorded in the same quarter of 2013. Lease termination costs associated with branch sales and consolidations accounted for the majority of the higher balances in 2013. Also resulting from the organizational restructuring personnel costs decreased by \$2.9 million from 2013 as compared to 2014.

For the nine months ended September 30, 2014, non-interest expense was \$113.4 million as compared to \$135.6 million for the same period in 2013. This was a decrease of \$22.2 million or 16.4%. The largest decreases were personnel costs of \$7.1 million, or 10.5%, and occupancy expenses of \$9.3 million, or 48.9%, as explained above.

Provision for Income Taxes. Income tax expense was \$3.9 million in the third quarter of 2014, which represented a \$5.8 million, or 304%, increase over the same period in 2013. This increase was due to a loss taken in the third quarter of 2013. Income tax expense was \$12.6 million in the first nine months of 2014, an increase of \$12.9 million over the prior period due to losses recorded in the third quarter of 2013. Holdings' effective tax rate decreased from 55% for the third quarter of 2013 and 53% for the first nine months of 2013 to 41% for the third quarter of 2014 and 43% for the first nine months of 2014. The decrease in rate is primarily due to the loss recognized in the third quarter and nine months ended 2013.

Loan Portfolio. Outstanding loan balances grew by \$321.1 million, or 14.6%, from December 31, 2013 to September 30, 2014 and by \$331.9 million, or 15.2%, from September 30, 2013 to September 30, 2014. The largest percentage of the loan portfolio is represented by commercial real estate loans as this category reflects 55.6% of the outstanding loans as of September 30, 2014. A substantial percentage of the commercial real estate loans are considered owner-occupied loans. The second largest category of loans is residential real estate loans that comprise about 22.8% of total loans.

As a result of acquisition activity, Holdings has purchased credit impaired loans and purchased performing loans which are accounted for under ASC 310-30 *Loans and Debt Securities Acquired with Deteriorated Credit Quality* and ASC 310-20 *Nonrefundable Fees and Other Costs*, respectively. The balances of these loans are included in the tables, below. Discussions regarding the accounting treatment and balances by type are included in Banner's Current Report on Form 8-K filed on December 4, 2014 and are incorporated here by reference.

Off-Balance Sheet Arrangements. In the normal course of business, Holdings makes commitments to extend credit to its customers as long as there are no violations of any conditions established in contractual arrangements. These commitments are obligations that represent a potential credit risk to Holdings, and a \$1.8 million reserve for unfunded commitments is reflected as a liability in Holdings' balance sheet at September 30, 2014. Total unused commitments to extend credit were \$485.5 million at September 30, 2014 compared to \$414.7 million at December 31, 2013. Unused commitments represented 19.3% and 18.9% of gross loans outstanding at September 30, 2014 and December 31, 2013, respectively. Holdings also had \$12.5 million and \$11.2 million in standby letters of credit and commercial letters of credit at September 30, 2014 and December 31, 2013, respectively.

Non-performing Assets. Non-performing assets are comprised of loans on non-accrual status, loans 90 days or more past due and still accruing interest, and other real estate owned, which we refer to as OREO. A loan is placed in non-accrual status if there is concern that principal and interest may not be fully collected or if the loan has been past due for a period of 90 days or more, unless the obligation is both well secured and in process of legal collection. When loans are placed on non-accrual status, all interest previously accrued but not collected is reversed against current period interest income. Income on non-accrual loans is subsequently recognized only to the extent that cash is received and the loan's principal balance is deemed collectible. Loans are returned to accrual status when they are brought current with respect to principal and interest payments and future payments are reasonably assured. Loans in which the borrower is encountering financial difficulties and Holdings has modified the terms of the original loan are evaluated for impairment and classified as troubled debt restructured loans.

Allowance for Loan Losses. Holdings establishes an allowance for loan losses through a provision for loan losses, for both specific losses on impaired loans and the inherent risk of probable loss for non-impaired loans based on loan grades, loan characteristics, and economic trends. The allowance consists of specific, general, and qualitative components. The allowance for loan losses is evaluated on a regular basis by management and the estimate is based upon management's periodic review of the collectability of the loans that considers historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions. The specific component relates to loans that are considered impaired for which an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The evaluation is

inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

Loans acquired as part of a bank acquisition are recorded at fair value on the acquisition date. The fair value includes a credit mark representing an estimate of expected credit losses at the date of acquisition. As a result no allowance for loan losses is recorded at the acquisition date. For purchased performing loans, an allowance is built over time as the fair value discounts are fully amortized or as credit quality changes. Losses recognized on purchased performing loans are offset by any remaining fair value discount and any remaining loss is recognized through the allowance for loan losses. The credit mark related to purchased credit impaired loans is re-evaluated periodically for adequacy. Increases in the required credit mark result in a charge to the provision for loan losses and an increase in the allowance for loan losses. Losses recognized on purchased credit impaired loans are taken against the credit mark included in the fair value discount rather than being charged against the allowance for loan losses. Acquired loan fair value discounts are included in total loans balances and are not reflected in the allowance for loan losses. The balances of acquired loans are included in the average total loans outstanding in the table below.

Table of Contents

Holdings allowance for loan loss was \$15.2 million as of September 30, 2014, compared to \$12.5 million as of December 31, 2013. The \$2.7 million increase in the allowance from December 31, 2013 to September 30, 2014 was the result of the growth in total loans evaluated for allowance of approximately \$482 million. A loan is considered impaired when, based on current information and events, it is probable that Holdings will be unable to collect all amounts due (principal and interest) according to the original contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and probability of collecting scheduled principal and interest payments. Measurement of impairment is based on the present value of expected future cash flows of the impaired loan, which are discounted at the loan's effective interest rate. For collateral-dependent loans, Holdings uses the fair value of the collateral for the impaired loan to measure impairment. The impairment is either recognized as a specific component provided for in the allowance for loan losses or through charging-off the impaired portion of the loan. Impaired loans, including performing TDRs, totaled \$11.7 million at September 30, 2014, compared to \$12 million as of December 31, 2013. The allowance for loan loss is maintained at a level that management believes is adequate to provide for loan losses based on currently available information.

Investment Portfolio. Holdings uses two classifications for its investment portfolio: available-for-sale, which we refer to as AFS, and held-to-maturity, which we refer to as HTM. Securities that Holdings has the intent and ability to hold to maturity are classified as held-to-maturity securities and reported at amortized cost. Securities not classified as held-to-maturity securities are classified as securities available-for-sale and reported at fair value. At September 30, 2014, Holdings held-to-maturity investments totaled \$86.1 million, which compares to \$36.4 million, at December 31, 2013 and none at September 30, 2013. Available-for sale securities had a total fair value of \$972.7 million as of September 30, 2014. Available-for sale securities have declined over the last nine months as the portfolio has been repositioned to match strategic plans. Available-for sale securities decreased by \$78.0 million, or 7%, for the nine month periods ended September 30, 2014, but increased as compared to twelve months ago by \$116.3 million, or 14%. Holdings investments provide a substantial source of liquidity as they can be pledged to support borrowed funds or can be liquidated to generate cash proceeds. The investment portfolio is also a significant resource to Holdings in managing interest rate risk, as the maturity and interest rate characteristics of this asset class can be readily changed to match changes in the loan and deposit portfolios.

Liquidity and Market Risk Management

Liquidity. Holdings primary source of funding is deposits from its core banking relationships. Holdings manages its liquidity in a manner that enables it to meet expected and unexpected liquidity needs under both normal and adverse conditions. Holdings maintains significant on-balance sheet and off-balance liquidity sources, including a relatively large marketable securities portfolio and borrowing capacity through various secured and unsecured sources. The board reviews Holdings liquidity position and key liquidity measurements on a monthly basis. As of September 30, 2014, Holdings primary liquidity ratio was 15.4% and its overall liquidity ratio was 30.5%.

Interest Rate Risk Management. Market risk can arise from changes in interest rates, exchange rates, commodity prices, or equity prices. Interest rate risk arises from the maturity and re-pricing characteristics of its earning assets and interest bearing liabilities. Holdings manages its interest rate risk through established policies and procedures; it is the goal of Holdings to manage interest rate risk in order to ensure stable net interest income. Holdings attempts to take a limited, measured and controlled exposure to interest rate risk.

Holdings measures its interest rate sensitivity through the use of a simulation model. The model incorporates the contractual cash flows and re-pricing characteristics from each financial instrument, as well as certain management assumptions. The model captures the estimated impact of interest rate risk, including repricing risk, option risk, yield curve risk and basis risk.

Net interest income simulation is a model of the net interest income from assets and liabilities using various interest rate scenarios and balance sheet structures. This measures the impact of changing rates on earnings and captures the short-term risk from rate changes. The simulation, which is performed quarterly, uses a 2-year horizon with rates changed over the first year and resulting changes in income measured for each year.

The following reflects Holdings estimated net interest income sensitivity as of September 30, 2014:

	Immediate Change in Rate					
	-200 b.p.	-100 b.p.	+100 b.p.	+200 b.p.	+300 b.p.	+400 b.p.

Market value of equity (MVE) is a valuation analysis used for discerning levels of risk present in the statement of financial condition that might not be taken into account in the net interest income simulation. This analysis, run quarterly, measures the impact of changing rates on capital, and captures the long-term risk from rate changes. It is calculated as the net of the discounted present value of asset cash flows minus the discounted present value of liability cash flows.

The following reflects Holdings' estimated changes in MVE as of September 30, 2014:

	Immediate Change in Rate					
	-200 b.p.	-100 b.p.	+100 b.p.	+200 b.p.	+300 b.p.	+400 b.p.
Change in MVE	N/A	N/A	\$ 19,116	\$ 10,501	\$ (21,542)	\$ (38,015)
Percentage (%) change	N/A	N/A	2.70%	1.48%	-3.04%	-5.37%

Capital Resources. As of September 30, 2014, Holdings had total members' equity of \$561.3 million, compared to \$529.5 million at September 30, 2013.

Holdings uses a variety of measures to evaluate capital adequacy. Management reviews various capital measurements on a quarterly basis and takes appropriate action to ensure that such measurements are within established internal and external guidelines. The external guidelines, which are issued by the FDIC, establish a risk-adjusted ratio relating capital to different categories of assets and off balance sheet exposures. There are two categories of capital under the FDIC guidelines: Tier 1 and Tier 2 Capital. Tier 1 Capital includes members' equity less goodwill, disallowed deferred tax assets, and certain other deductions, notably the unrealized net gains or losses (after tax adjustments) on securities available-for-sale, which are carried at fair market value. Tier 2 Capital includes the allowance for loan losses, subject to certain limitations. Our current capital position exceeds all current guidelines established by the FDIC. By the current regulatory definitions, we were well capitalized, the highest rating of the five capital categories defined under FDIC regulations, at September 30, 2014. At September 30, 2014, we had a Tier 1 risk based capital ratio of 13.44%, a total capital to risk-weighted assets ratio of 14.05%, and a leverage ratio of 9.73%.

Quantitative And Qualitative Disclosures About Market Risk

Market Risk and Asset/Liability Management. Holdings' financial condition and operations are influenced by general economic conditions, and as such are subject to market risk. Market risk can arise from changes in interest rates, exchange rates, commodity prices, or equity prices.

Interest rate risk is the risk that changes in interest rates will adversely affect Holdings' earnings and economic value. This risk arises from the maturity and re-pricing characteristics of earning assets and interest bearing liabilities. It is measured by changes in earnings and economic value resulting from interest rate changes. Holdings manages its interest rate risk through established policies and procedures in order to ensure stable net interest income. Holdings takes a limited, measured and controlled exposure to interest rate risk.

In the normal course of providing competitive and profitable products, Holdings becomes exposed to interest rate risk due to: asset and liability maturity and repricing mismatches, loan interest rate ceilings and floors, loan customer prepayment options, deposit withdrawal options, and the varying sensitivity of pricing indices to changes in market interest rates. Holdings develops strategies to mitigate any undue adverse impact on earnings and capital arising from changes in interest rates and other market variables.

The Asset/Liability Management Committee of Holdings, composed of members of senior management, strives to ensure that there is an effective process to identify, measure, monitor, and manage market risk. The Asset/Liability Management Committee provides the broad and strategic guidance of market risk management by defining the risk/return direction for Holdings; by reviewing and recommending changes to the Holdings Asset/Liability Management Policy for the Holdings board approval; by managing market risk; and by approving specific risk management programs including those related to interest rate hedging, investment securities, wholesale funding, and pricing of loans and deposits.

Sensitivity Analysis. Holdings measures its interest rate sensitivity through the use of a simulation model. The model incorporates the contractual cash flows and re-pricing characteristics from each financial instrument, as well as certain management assumptions.

Net interest income simulation is a model of the net interest income from assets and liabilities using various interest rate scenarios and balance sheet structures. This measures the impact of changing rates on earnings and captures the short-term risk from rate changes. The simulation, which is performed quarterly, uses a 2-year horizon with rates changed over the first year and resulting changes in income measured for each year. The model captures the estimated impacts of interest rate risk, including repricing risk, option risk, yield curve risk and basis risk.

Repricing risk is the potential change in net interest income as rate sensitive assets and liabilities reprice. Option risk is the risk to net interest income from customers exercising options to prepay loans when rates fall and to make early withdrawals of time deposits as rates increase. Yield curve risk is the risk to net interest income as the yield curve changes shape and rates change in non-parallel fashion. Basis risk is the risk to net interest income as underlying key index rates change at different speeds.

Repricing risk and option risk are measured by shocking or ramping rates in a parallel fashion over a 12-month period and measuring the change in net interest income. Yield curve risk is measured by ramping rates in non-parallel fashion over a 12-month period. In the non-parallel scenarios, rates may be ramped up or down by 150 - 200 basis points at the short end or the long end of the curve. Basis risk is measured by running one non-parallel rate scenario with changes in the relationship between underlying key rates.

Economic Value of Equity, which we refer to as EVE, is a valuation analysis used for discerning levels of risk present in the balance sheet that might not be taken into account in the net interest income simulation. This analysis, run quarterly, measures the impact of changing rates on capital, and captures the long-term risk from rate changes. It is calculated as the net of the discounted present value of asset cash flows minus the discounted present value of liability cash flows.

Holdings may enter into interest rate swap, floor and cap contracts or sell existing contracts in order to protect against the interest rate risk associated with particular pre-identified assets or liabilities. Currently Holdings has no bank-level hedge positions. Holdings may offer interest rate hedges to customers, but only in conjunction with existing or anticipated financing.

A third measure of interest rate risk is gap analysis. This matches the repricing characteristics of assets and liabilities and measures the repricing gap between them for a given period of time. When, for a period of time, the amount of interest-sensitive assets exceeds the amount of interest-sensitive liabilities, the gap is said to be positive. When interest-sensitive liabilities exceed the interest-sensitive assets, the gap is negative. As interest rates rise, a positive gap is expected to increase interest income. Gap analysis is less commonly used to measure interest rate risk, as net interest income simulation and EVE both are more effective at capturing all components of interest rate risk.

Table of Contents

The following table presents Holdings' interest sensitivity gap between interest-earning assets and interest-bearing liabilities at September 30, 2014 (all tabular dollar information is presented in thousands). The table sets forth the amounts of interest-earning assets and interest-bearing liabilities which are anticipated by Holdings, based upon certain assumptions, to reprice or mature in each of the future periods shown. Holdings' management is aware of the sources of interest rate risk and in its opinion actively monitors and manages it to the extent possible. Holdings' management considers that their current level of interest rate risk is reasonable.

FORM OF ARTICLES OF AMENDMENT

OF

BANNER CORPORATION

Banner Corporation, a corporation organized and existing under the laws of the State of Washington (the *corporation*), in accordance with the provisions of Chapters 23B.10 and 23B.06 of the Revised Code of Washington (*RCW*), does hereby certify and submit for filing these Articles of Amendment to its Articles of Incorporation:

FIRST: The name of the corporation is Banner Corporation.

SECOND: The Articles of Amendment revised Article IV of the corporation s Amended and Restated Articles of Incorporation to read as follows:

ARTICLE IV Capital Stock. The total number of shares of all classes of capital stock which the corporation has authority to issue is 55,500,000, of which 50,000,000 shall be common stock of par value of \$0.01 per share (Common Stock), 5,000,000 shall be nonvoting common stock of par value of \$0.01 per share (Nonvoting Common Stock) and 500,000 shall be serial preferred stock of par value \$0.01 per share. The shares may be issued from time to time as authorized by the board of directors without further approval of the shareholders, except to the extent that such approval is required by governing law, rule or regulation. The consideration for the issuance of the shares shall be paid in full before their issuance and shall not be less than the stated par value per share. Upon payment of such consideration such shares shall be deemed to be fully paid and nonassessable. Upon authorization by its board of directors, the corporation may issue its own shares in exchange for or in conversion of its outstanding shares or distribute its own shares, pro rata to its shareholders or the shareholders of one or more classes or series, to effectuate stock dividends or splits, and any such transaction shall not require consideration.

Except as expressly provided by applicable law, these Articles of Incorporation or by any resolution of the board of directors designating and establishing the terms of any series of preferred stock, no holders of any class or series of capital stock shall have any right to vote as a separate class or series or to vote more than one vote per share. The shareholders of the corporation shall not be entitled to cumulative voting in any election of directors.

A description of the different classes and series (if any) of the corporation s capital stock and a statement of the designations, and the relative rights, preferences and limitations of the shares of each class and series (if any) of capital stock are as follows:

A. Common Stock. On matters on which holders of common stock are entitled to vote, each holder of shares of Common Stock shall be entitled to one vote for each share held by such holder.

Whenever there shall have been paid, or declared and set aside for payment, to the holders of the outstanding shares of any class of stock having preference over the common stock as to the payment of dividends, the full amount of dividends and of sinking fund, retirement fund or other retirement payments, if any, to which such holders are respectively entitled in preference to the common stock, then dividends may be paid on the common stock and on any class or series of stock entitled to participate therewith as to dividends, out of any assets legally available for the payment of dividends, but only when and as declared by the board of directors.

In the event of any liquidation, dissolution or winding up of the corporation, the holders of the Common Stock (and the holders of any class or series of stock entitled to participate with the common stock in the distribution of assets) shall be entitled to receive, in cash or in kind, the assets of the corporation available for distribution remaining after: (i) payment or provision for payment of the

A-1

corporation's debts and liabilities; (ii) distributions or provision for distributions in settlement of its liquidation account; and (iii) distributions or provision for distributions to holders of any class or series of stock having preference over the common stock in the liquidation, dissolution or winding up of the corporation. Each share of Common Stock shall have the same relative rights as and be identical in all respects with all the other shares of Common Stock.

B. Nonvoting Common Stock.

Except as set forth in this subsection B with respect to voting, the Common Stock and the Nonvoting Common Stock shall have the same rights, preferences and privileges, share ratably in all assets of the corporation upon its liquidation, dissolution or winding-up, be entitled to receive dividends (other than certain stock dividends, which shall be governed by clause (b) below) in the same amount per share and at the same time when, as and if declared by the corporation's board of directors, and be equal and identical in all other respects as to all other matters.

(a) The holders of Nonvoting Common Stock shall have no voting rights except as required by the WBCA. Without limiting the generality of the preceding sentence, and notwithstanding Article VI of these Articles of Incorporation, the application of separate voting group rights under RCW 23B.10.040(1)(a), (e) or (f), or 23B.11.035 (or any related section concerning voting group rights as to mergers or share exchanges), is hereby explicitly denied. Notwithstanding the foregoing, and in addition to any other vote required by law, the affirmative vote of the holders of a majority of the outstanding shares of Nonvoting Common Stock, voting separately as a class, shall be required to amend the corporation's Articles of Incorporation, as amended, to alter or change the designation, preferences, limitations or relative rights of all or part of the shares of Nonvoting Common Stock. Where shares of Nonvoting Common Stock are entitled to vote, each holder of Nonvoting Common Stock shall have one vote in respect of each share of Nonvoting Common Stock held of record solely on the matters as to which such shares are entitled to vote and subject to the rights and limitations specified by the WBCA.

(b) In the event of any stock dividend having the effect of a stock split, stock split, combination or other reclassification of shares of either the Common Stock or the Nonvoting Common Stock, the outstanding shares of the other class shall be proportionately split, combined or reclassified in a similar manner; provided, however, that in any such transaction, holders of Common Stock shall receive only shares of Common Stock in respect of their shares of Common Stock and holders of Nonvoting Common Stock shall receive only shares of Nonvoting Common Stock in respect of their shares of Nonvoting Common Stock.

(c) No Transfer of shares of Nonvoting Common Stock by the initial holder thereof (or by any Affiliate of the initial holder to which such shares are transferred pursuant to clause (ii) of this sentence) shall be permitted, except (i) in a Permitted Transfer or (ii) to an Affiliate of the initial holder of the Nonvoting Common Stock. Any Transfer in violation of the foregoing sentence shall be null and void and the corporation shall not have any obligation to recognize such Transfer. Each share of Nonvoting Common Stock shall be converted automatically into one share of Common Stock upon a Permitted Transfer of such share of Nonvoting Common Stock, and shall be registered as one share of Common Stock on the books and records of the corporation. The issuance of certificates, if any, for shares of Common Stock upon conversion of Nonvoting Common Stock shall be made without charge to the holders of such shares for any issuance tax in respect thereof or other cost incurred by the corporation in connection with such conversion and the related issuance. The corporation shall cooperate with the timely conversion of Nonvoting Common Stock subject to compliance with applicable law and regulations. For these purposes:

(i) Affiliate means, with respect to any person, any person directly or indirectly, controlling, controlled by or under common control with, such other person.

(ii) A Permitted Transfer means a Transfer, after taking into account that the Nonvoting Common Stock to be Transferred shall be automatically converted into Common Stock upon

such Transfer, (1) that is part of a widely distributed public offering of Common Stock; (2) that is part of a private placement of Common Stock in which no party acquires the right to purchase in excess of 2% of the Common Stock then outstanding; (3) to an underwriter for the purpose of conducting a widely distributed public offering; (4) in reliance on Rule 144 under the Securities Act of 1933, as amended, in which no one party acquires in excess of 2% of the Common Stock then outstanding; (5) to the corporation (or a subsidiary thereof) or (6) to a person that would control more than 50% of the voting securities of the corporation, as that term is defined by the Board of Governors of the Federal Reserve System or its successor, without giving effect to such transfer.

(iii) Transfer means any sale, transfer, assignment, pledge, encumbrance, hypothecation or other similar disposition.

(d) The corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock for the corporation, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of Nonvoting Common Stock into Common Stock.

(e) In the event of any merger, consolidation, reclassification or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, each share of Nonvoting Common Stock will at the same time be similarly exchanged or changed into an amount per whole share equal to the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, that such share of Nonvoting Common Stock would be entitled to receive if it was converted into a share of Common Stock immediately prior to such transaction. In the event of any offer to repurchase shares, pro rata subscription offer, rights offer or similar offer to holders of Common Stock, the corporation shall provide the holders of the Nonvoting Common Stock the right to participate based upon the number of shares of Common Stock such holders would be entitled to receive if such shares were converted into shares of Common Stock immediately prior to such offering. Shares of Nonvoting Common Stock that are repurchased or otherwise acquired by the corporation or that are converted shall constitute authorized but unissued shares of Nonvoting Common Stock.

C. Serial Preferred Stock. The board of directors of the corporation is authorized by resolution or resolutions from time to time adopted to provide for the issuance of preferred stock in series and to fix and state the voting powers, designations, preferences and relative, participating, optional or other special rights of the shares of each such series and the qualifications, limitations and restrictions thereof. The authority of the board of directors with respect to each series of preferred stock shall include, but not be limited to, the determination or fixing of the following:

(a) The distinctive serial designation and the number of shares constituting such series;

(b) The dividend rate or the amount of dividends to be paid on the shares of such series, whether dividends shall be cumulative and, if so, from which date or dates, the payment date or dates for dividends, and the participating or other special rights, if any, with respect to dividends;

(c) The voting powers, full or limited, if any, of shares of such series;

(d) Whether the shares of such series shall be redeemable and, if so, the price(s) at which, and the terms and conditions on which, such shares may be redeemed;

(e) The amount(s) payable upon the shares of such series in the event of voluntary or involuntary liquidation, dissolution or winding up of the corporation;

(f) Whether the shares or such series shall be entitled to the benefit of a sinking or retirement fund to be applied to the purchase or redemption of such shares, and if so entitled, the amount of such

fund and the manner of its application, including the price(s) at which such shares may be redeemed or purchased through the application of such fund;

(g) Whether the shares of such series shall be convertible into, or exchangeable for, shares of any other class or classes or of any other series of the same or any other class or classes of stock of the corporation, and, if so convertible or exchangeable, the conversion price(s), or the rate or rates of exchange, and the adjustments thereof, if any, at which such conversion or exchange may be made, and any other terms and conditions of such conversion or exchange;

(h) The price or other consideration for which the shares of such series shall be issued; and

(i) Whether the shares of such series which are redeemed or converted shall have the status of authorized but unissued shares of serial preferred stock and whether such shares may be reissued as shares of the same or any other series of serial preferred stock.

Each share of each series of preferred stock shall have the same relative rights as and be identical in all respects with all other shares of the same series.

(a) Each Silicon Loan originated by Silicon and its Subsidiaries and, to the Knowledge of Silicon, each other Silicon Loan has been solicited and originated and, during the period of time such Silicon Loan was originated, held or serviced by Silicon or its Subsidiaries, was administered and serviced, and the relevant loan files were maintained, in all material respects in accordance with the relevant Loan documents, the underwriting standards of the originating bank and, in the case of such Silicon Loans held for resale to investors, the underwriting standards, if any, of the applicable investors and with all applicable requirements of Law, applicable GSE Requirements, Governmental Insurer Requirements and Investor/Insurer Requirements.

(b) Except as set forth in Section 3.23(a)(i) of the Silicon Disclosure Schedule, Silicon is not bound by an agreement pursuant to which Loans or pools of Loans or participations in Loans have been sold that contains any obligation of Silicon or any of its Subsidiaries to repurchase such Loans or interests therein solely on account of a payment default by the obligor on any such Loan. Section 3.23(b) of the Silicon Disclosure Schedule sets forth a true and correct report as regarding the current status of Silicon's and its Subsidiaries' reserves in respect of potential repurchase requests to repurchase any Loan or interests therein, in each case by any GSE, Governmental Insurer, private mortgage insurer or investor.

(c) Each of Silicon and its Subsidiaries, as applicable, is approved by and is in good standing with: (i) as a supervised mortgagee, HUD, to originate and service Title I FHA mortgage Loans; (ii) the VA, to originate and service VA Loans; (iii) as a seller/servicer, Fannie Mae and Freddie Mac, and (iv) Ginnie Mae, to issue mortgage backed securities.

(d) None of Silicon or any of its Subsidiaries is now nor has been since December 20, 2010 subject to any material fine, suspension, settlement or other agreement or other administrative agreement or sanction by, or any reduction in any Loan purchase commitment from, any GSE or Governmental Insurer relating to the origination, sale or servicing of mortgage or consumer Loans. Silicon has not received any written notice, nor does it have any reason to believe, that any GSE proposes to limit or terminate the underwriting authority of Silicon and its Subsidiaries or to increase the guarantee fees payable by Silicon or its Subsidiaries to any GSE or Governmental Insurer.

(e) Since December 20, 2010, except as would not reasonably be expected to be, individually or in the aggregate, material to Silicon or its Subsidiaries, taken as a whole, each of Silicon and its Subsidiaries has been in compliance with all applicable federal, state and local Laws, rules and regulations and related regulatory guidance, including the Truth-In-Lending Act and Regulation Z, the Equal Credit Opportunity Act and Regulation B, the Real Estate Settlement Procedures Act and Regulation X, the Fair Credit Reporting Act, the Fair Debt Collection Practices Act and all GSE Requirements, Governmental Insurer Requirements and Investor/Insurer Requirements.

(f) Except as would not be material to Silicon and its Subsidiaries, each Loan included in a pool of Loans originated, securitized or, to the Knowledge of Silicon, acquired by Silicon or any of its Subsidiaries (a Pool) meets all eligibility requirements (including all applicable requirements for obtaining mortgage insurance certificates and Loan guaranty certificates) for inclusion in such Pool. All such Pools have been finally certified or, if required, recertified in accordance with all applicable Laws, rules and regulations, except where the time for certification or recertification

has not yet expired. No Pools have been improperly certified, and, except as

would not be material to Silicon and its Subsidiaries, no Loan has been bought out of a Pool without all required approvals of the applicable investors.

(h) The Advances, net of reserves, are valid and subsisting amounts owing to Silicon and its applicable Subsidiary and are carried on the books of Silicon or the applicable Subsidiary at values determined in accordance with GAAP, and are not subject to any material setoffs or claims arising from acts or omissions of Silicon or any of its Subsidiaries. No GSE, Governmental Insurer, private mortgage insurer or investor has claimed any defense, offset or counterclaim to repayment of any Advance that is pending.

(i) Each of the allowances for losses on Silicon Loans, financing leases and other real estate included on the balance sheet included as part of the Silicon Financial Statements (and any subsequent balance sheet required to be delivered hereunder) is, and with respect to the consolidated balance sheets delivered as of the dates subsequent to the execution of this Agreement will be as of the dates thereof, adequate in accordance with applicable regulatory guidelines and GAAP in all material respects, and, to the Knowledge of Silicon, there are no facts or circumstances that are likely to require in accordance with applicable regulatory guidelines or GAAP a future material increase in any such provisions for losses or a material decrease in any of the allowances therefor.

Any Continuing Employee whose employment is terminated within the one-year period following the Effective Time under circumstances that would entitle such Continuing Employee to severance benefits under the severance plan of Silicon and its Subsidiaries, shall be entitled to severance benefits under such severance plan. Nothing contained in this Section 6.4(a) shall be deemed to grant any Continuing Employee any right to continued employment after the Closing Date.

(b) With respect to any employee benefit plans of Boron or its Subsidiaries providing benefits to any Continuing Employee after the Effective Time (a New Benefit Plan), Boron shall: (i) waive all pre-existing conditions, exclusions and waiting periods with respect to participation and coverage requirements applicable to such employees and their eligible dependents under any New Benefit Plans that provide health care benefits in which such employees first become eligible to participate after the Effective Time, except to the extent such pre-existing conditions, exclusions or waiting periods would apply under the analogous Silicon Benefit Plan; (ii) to the extent allowed by the provider of any New Benefit Plan that provides health care benefits, provide each such employee and their eligible dependents with credit for any co-payments and deductibles paid prior to the Effective Time under a Silicon Benefit Plan that provided health care benefits (to the same extent that such credit was given under the analogous Silicon Benefit Plan prior to

deductible or out-of-pocket requirements under any such New Benefit Plans in the plan year in which such employees first become eligible to participate after the Effective Time; and (iii) recognize all service of such Continuing Employees with Silicon and its Subsidiaries as well as actual service by such Continuing Employees with any predecessors to Silicon and its Subsidiaries, including any entities the stock or assets of were acquired by Silicon and its Subsidiaries, for purposes of eligibility to participate and vesting in any New Benefit Plan in which such employees first become eligible to participate after the Effective Time to the same extent that such service was taken into account under the analogous Silicon Benefit Plan prior to the Effective Time and for benefit accrual purposes under any severance and vacation plans of Boron or its Subsidiaries in which such Continuing Employee participates; provided that the foregoing service recognition shall not apply (A) to the extent it would result in duplication of benefits for the same period of services, or (B) for purposes of any defined benefit retirement plan or benefit plan that provides retiree welfare benefits.

(c) If requested by Boron in writing delivered to Silicon not less than twenty (20) Business Days before the Closing Date, the Board of Directors of Silicon (or the appropriate committee thereof) shall adopt resolutions and take such corporate action as is necessary to terminate Silicon's 401(k) plans (collectively, the Silicon 401(k) Plan), effective as of immediately prior to the Closing Date and contingent upon the occurrence of the Closing. Following the Effective Time and as soon as practicable following receipt of a favorable determination letter from the IRS on the termination of the Silicon 401(k) Plan, the assets thereof shall be distributed to the participants, and Boron shall take all actions necessary, to the extent permitted by applicable Law, to permit the Continuing Employees who are then actively employed to make rollover contributions of eligible rollover distributions (within the meaning of Section 401(a)(31) of the Code but not inclusive of loans), in the form of cash, in an amount equal to the full account balance (including loans) distributed to such Continuing Employee from the Silicon 401(k) Plan to Boron's applicable 401(k) plan (the Boron 401(k) Plan). Prior to the Effective Time, Boron shall take all actions necessary to provide that, if the Silicon 401(k) Plan is terminated as described in this Section 6.4(c), the Continuing Employees shall be eligible as soon as practicable (but in any event, no later than sixty (60) days) following the termination of the Silicon 401(k) Plan and distribution of account balances thereunder to commence participation in the Boron 401(k) Plan.

(d) Nothing in this Agreement shall confer upon any employee, officer, director or consultant of Boron or Silicon or any of their Subsidiaries or affiliates any right to continue in the employ or service of Silicon, Boron or any Subsidiary or affiliate thereof, or shall interfere with or restrict in any way the rights of Silicon, Boron or any Subsidiary or affiliate thereof to discharge or terminate the services of any employee, officer, director or consultant of Boron or Silicon or any of their Subsidiaries or affiliates at any time for any reason whatsoever, with or without cause. Nothing in this Agreement shall be deemed to (i) establish, amend, or modify any Silicon Benefit Plan, New Benefit Plan or any other benefit or employment plan, program, agreement or arrangement, or (ii) alter or limit the ability of Boron or any of its Subsidiaries or affiliates to amend, modify or terminate any particular Silicon Benefit Plan, New Benefit Plan or any other benefit or employment plan, program, agreement or arrangement after the Effective Time. Without limiting the generality of the final sentence of Section 9.11, nothing in this Agreement, express or implied, is intended to or shall confer upon any person, including any current or former employee, officer, director or consultant of Boron or Silicon or any of their Subsidiaries or affiliates, any right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

organizational documents in effect on the date of this Agreement or agreements in existence as of the date hereof and set forth on Section 6.4(a) of the Silicon Disclosure Schedule providing for indemnification between Silicon or any of its Subsidiaries and any Indemnified Party, subject to limitations imposed by applicable Law (including the advancing of expenses as incurred to the fullest extent permitted under applicable Law; provided, the Person to whom such expenses are advanced provides an undertaking to the Surviving Company to repay such advances if it is ultimately determined that such Person is not entitled to indemnification).

(b) For six (6) years after the Effective Time, Boron shall cause the Surviving Company to maintain in effect, at its own expense, directors and officers liability and fiduciary liability insurance covering those Persons who are currently covered by Holdings directors and officers liability and fiduciary liability insurance policies (true, correct and complete copies of which have been heretofore delivered to Boron) either through continuation of the current policy or substitution by Boron of another policy therefor on terms, including with respect to coverage and insurance limits (with no retention), with an insurer or insurers that have at the time such coverage is written the same or higher A.M. Best rating as Boron's current primary insurer for such type of insurance, not materially less favorable than the terms of such current insurance coverage with respect to claims arising from or related to facts or events which occurred at or prior to the Effective Time (including the transactions contemplated by this Agreement); provided that in complying with its obligations pursuant to the terms of this Section 6.5(b), Boron shall not be required to expend annually in the aggregate an amount in excess of 200% of the annual premium currently paid by Holdings (which current amount is set forth on Section 6.5(b) of the Silicon Disclosure Schedule) (the Premium Cap) and if Boron cannot obtain such insurance coverage without paying in excess of the Premium Cap, Boron shall purchase such insurance with the maximum aggregate coverage available for the Premium Cap. In lieu of the foregoing insurance coverage and in satisfaction of its obligations under this Section 6.5(b), prior to the Closing, Holdings may purchase a six (6) year prepaid tail policy that provides the coverage in this Section 6.5(b); provided, further that if the premium for such tail coverage exceeds the Premium Cap, then Holdings may obtain tail coverage with the maximum aggregate coverage available for such Premium Cap (and if Holdings does not act to so purchase such tail policy prior to the Closing, Boron may purchase or may direct Holdings to purchase the same).

(c) In the event that, after the Effective Time, Boron or the Surviving Company or any of their respective successors or assigns (i) consolidates with or merges into any other person and is not the continuing or surviving corporation or entity of such consolidation or merger or (ii) transfers or conveys all or a substantial portion of its properties and other assets to any person, then, and in each case, Boron or the Surviving Company, as applicable, shall cause proper provision to be made so that such successors and assigns shall expressly assume the obligations set forth in this Section 6.5.

(d) The provisions of this Section 6.5 are intended for the benefit of, and will be enforceable by, each Indemnified Party, his or her heirs and his or her representatives and are in addition to, are not in substitution for, any other rights to indemnification or contribution that any such person may have from Boron, the Surviving Company, or any of their Subsidiaries or any other person by contract or otherwise except as expressly provided herein. The obligations of Boron under this Section 6.5 shall not be terminated or modified in such a manner as to adversely affect the rights of any Indemnified Party to whom this Section 6.5 applies unless (x) such termination or modification is required by applicable Law or (y) the affected Indemnified Party has consented in writing to such termination or modification.

6.6 Additional Agreements. In case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement (including any merger between a Subsidiary of Boron, on the one hand, and a Subsidiary of Silicon, on the other) or to vest the Surviving Company with full title to all properties, assets, rights, approvals, immunities and franchises of any of the parties to the Merger, the proper officers and directors of each party to this Agreement and their respective Subsidiaries shall take all such necessary action as may be reasonably requested by Boron. The terminating party shall give written notice of such termination to the other party in accordance with Section 9.4, specifying the provision or provisions

hereof pursuant to which such termination is effected and confirm that the Board of Directors of such terminating party has authorized such termination.

The undersigned, collectively a Major Silicon Member (the Subject Seller), will receive at the Effective Time cash and shares of Boron Common Stock as part of the Merger Consideration (such shares, the Merger Consideration Shares). 1. Commitment to Comply with Requirements of Regulatory Agencies and Governmental Entities. The Subject Seller shall, and shall cause its Subsidiaries and other Affiliates (collectively with the Subject Seller, the Subject Seller Group) to (a) if required by the staff of the Federal Reserve Board in connection with obtaining the Requisite Regulatory Approvals, promptly deliver to the Federal Reserve Board executed passivity and anti-association commitments substantially in the form attached hereto as Annex A (or in such other form as may be reasonably required by the Federal Reserve Board that is no less favorable in any material respect to the Subject Seller Group than the commitments attached hereto as Annex A) and (b) if required by the staff of the Federal Reserve Board or FDIC, use its commercially reasonable efforts to promptly provide directly to the Federal Reserve Board or FDIC, as applicable, such information about the Subject Seller Group as is reasonable and customary in connection with obtaining the Requisite Regulatory Approvals. Following the Lockup Termination Date, each Shareholder shall have the right to use any Shelf Registration Statement then effective to Transfer all or a portion of its Registrable Securities (i) in an unrestricted number of brokered transactions and (ii) Underwritten Offerings in accordance with Section 2.01(d).

(d) Underwritten Offerings pursuant to Shelf Registration Statement. Upon the receipt by Boron of a written request from (i) any Major Silicon Member that desires to sell Registrable Securities in an Underwritten Offering that is not a Marketed Underwritten Offering or (ii) a majority of the Registrable Securities then held by the Major Silicon Members with respect to a Marketed Underwritten Offering, in each case pursuant to a Shelf Registration Statement, Boron will give written notice of such request to all other Shareholders, which notice shall be given in any event within three (3) Business Days of the date on which Boron received the initial request. Any other Shareholders that desire to sell Registrable Securities in such Underwritten Offering shall give written notice to Boron within ten (10) Business Days after the date Boron gave such other Shareholders notice of the such initial request specifying the number of Registrable Securities proposed by such Shareholder to be included in such Underwritten Offering. A Shareholder may change the number of Registrable Securities proposed to be offered in any such Underwritten Offering at any time prior to commencement of such offering so long as such change would not materially adversely affect the timing or success of such Underwritten Offering; provided, however, that Boron shall be entitled to reasonably delay an Underwritten Offering to the extent resulting from such change. Boron will cooperate with such Shareholders and any Underwriter in effecting an Underwritten Offering pursuant to the Shelf Registration Statement as promptly as reasonably practicable with respect to all such Registrable Securities, subject to the limitations and conditions with respect to Underwritten Offerings (the Underwritten Offering Limitations):

(i) Boron shall not be required to effect more than eight (8) Underwritten Offerings in the aggregate, of which no more than three (3) may be Marketed Underwritten Offerings.

(ii) Boron shall not be required to effect (A) any Marketed Underwritten Offering within one hundred and eighty (180) days after another Marketed Underwritten Offering, and (B) any Underwritten Offering within ninety (90) days after another Underwritten Offering.

(iii) Boron shall not be required to effect any Underwritten Offering unless the aggregate gross proceeds expected to be received from the sale of Registrable Securities in such offering is at least \$50 million.

(iv) With respect to a Marketed Underwritten Offering only, the relevant Major Silicon Members, on the one hand, and, Boron, on the other hand, shall each be entitled to select one nationally recognized investment banking firm to serve as a lead Underwriter, with each of the two such lead Underwriters to be treated substantially the same in all respects (including underwriting discounts, fees and commissions) in respect of such Marketed Underwritten Offering, and the relevant Major Silicon Members shall have the right to select any additional Underwriters in connection with the Marketed Underwritten Offering; provided that any such additional Underwriter must be reasonably acceptable to Boron.

(v) With respect to an Underwritten Offering that is not a Marketed Underwritten Offering, the relevant Major Silicon Members shall be entitled to select the nationally recognized investment banking firm to serve as a lead Underwriter and, if applicable, any additional Underwriters.

(e) Effect on Demand Registration Obligations. The provisions of Section 2.02 shall not apply at any time Boron is eligible to file and maintain the effectiveness of a Shelf Registration Statement and so maintains the effectiveness of such Shelf Registration Statement.

Section 2.02. Demand Registration.

(a) Demand by Shareholders. If at any time after the Lockup Termination Date and prior to Boron effecting eight (8) Underwritten Offerings pursuant to Section 2.01(d), Boron is no longer eligible to use a Shelf Registration Statement, within ninety (90) days after the written request of Shareholders holding a majority of the Registrable Securities then held by the Shareholders to register the resale of a specified amount of the Registrable Securities under the Securities Act pursuant to an Underwritten Offering (a Demand Notice), Boron will (i) give written notice of such request to all other Shareholders (which notice shall be given in any event within three (3) Business Days of the date on which Boron received the applicable Demand Notice) and will use its reasonable best efforts to register, in accordance with the provisions of this Agreement, all Registrable Securities that have been requested to be registered in the Demand Notice or by any other Shareholders by written notice to Boron given within ten (10) Business Days after the date Boron gave such other Shareholders notice of the Demand Notice (collectively, the Demand Shareholders) and (ii) will file a Registration Statement, on an appropriate form which Boron is then eligible to use, to register the resale of such Registrable Securities in an Underwritten Offering (each such registration, a Demand Registration). Each Demand Notice will specify the number of Registrable Securities proposed to be offered for sale. The Demand Shareholders may change the number of Registrable Securities proposed to be offered pursuant to any Demand Registration at any time prior to commencement of the offering so long as such change would not materially adversely affect the timing or success of the offering. Subject to Section 2.05 and with the written consent of Shareholders holding a majority of the Registrable Securities included in the Demand Registration (such consent not to be unreasonably withheld), Boron may include in any registration effected pursuant this Section 2.02 any securities for its own account or for the account of holders of Boron Common Stock (other than the Shareholders).

(b) Effective Registration. Boron will use its reasonable best efforts to (i) cause any Registration Statement filed in connection with a Demand Registration to be declared effective (unless it becomes effective automatically upon filing) as promptly as practicable after the filing thereof with the SEC and (ii) keep such Registration Statement current and effective for a period of not less than ninety (90) days or such longer period as, based upon the opinion of counsel for the underwriters, a prospectus is required by law to be delivered in connection with the sale of Registrable Securities by an underwriter or dealer. Boron further agrees to supplement or make amendments to each such Registration Statement as may be necessary to keep such Registration Statement effective for the period referred to in clause (ii) above, including (A) to respond to the comments of the SEC, if any, (B) as may be required by the registration form utilized by Boron for such Registration Statement or by the instructions to such registration form, (C) as may be required by the Securities Act or (D) as may be reasonably requested in writing by the Demand

Shareholders or any Underwriter and reasonably acceptable to Boron.

(c) Limitations. Boron's obligations in this Section 2.02 shall be subject to the Underwritten Offering Limitations.

Section 2.03. Piggyback Registration. If at any time after the Lockup Termination Date and in addition to the Shareholders' rights in Section 2.01 and Section 2.02, Boron proposes to file a registration statement under the Securities Act or consummate an Underwritten Offering with respect to an offering of Equity Interests for (a) Boron's own account (other than a Registration Statement on Form S-4 or S-8 (or any substitute form that may be adopted by the SEC)) or (b) the account of any holder of Boron Common Stock (other than a Shareholder), then Boron shall give written notice of such proposed filing or Underwritten Offering to the Shareholders as soon as practicable (but in no event less than ten (10) Business Days before the anticipated filing date). Upon a written request given by any Shareholders to Boron within five (5) Business Days after delivery of any such notice by Boron, to include Registrable Securities in such registration or Underwritten Offering, as applicable (which request shall specify the number of Registrable Securities proposed to be included in such registration or Underwritten Offering, as applicable), Boron shall, subject to the following proviso, include all such requested Registrable Securities in such registration or Underwritten Offering, as applicable, on the same terms and conditions as applicable to Boron's or such holder's shares of Boron Common Stock (a Piggyback Registration); provided, however, that if at any time after giving written notice of such proposed filing or Underwritten Offering, as applicable, and prior to the effective date of the Registration Statement filed in connection with such registration, or the consummation of such Underwritten Offering, as applicable, Boron shall determine for any reason not to proceed with the proposed registration or disposition, as applicable, of the Equity Interests, then Boron may, at its election, give written notice of such determination to such Shareholders and, thereupon, will be relieved of its obligation to register any Registrable Securities in connection with such registration, or dispose of any Registrable Securities in connection with such Underwritten Offering, as applicable. Such Shareholders shall, subject to Section 2.06(b), enter into a customary underwriting agreement with the Underwriter or Underwriters selected by Boron with respect to any Registrable Securities sold by such Shareholders pursuant to this Section 2.03. No registration of Registrable Securities effected pursuant to a request under this Section 2.03 shall relieve Boron of its obligations under Section 2.01 or Section 2.02.

Section 2.04. Withdrawal of Request for Underwritten Offering or Demand Registration. A requesting Major Silicon Member or, as applicable, requesting Shareholders holding a majority of the Registrable Securities then held by the Shareholders will be permitted to rescind a request for an Underwritten Offering pursuant to a Shelf Registration Statement or a request for a Demand Registration without having to reimburse Boron for any expenses; provided that should a requesting Major Silicon Member or, as applicable, requesting Shareholders holding a majority of the Registrable Securities that previously made such request rescind such request in writing (for the avoidance of doubt, a delay in the timing of an Underwritten Offering or a reduction in the number of Registrable Securities proposed to be offered shall not be deemed a rescission), each such rescinding Major Silicon Member or Shareholder shall promptly reimburse Boron for the reasonable out of pocket expenses incurred by Boron in connection with such request on a pro rata basis in accordance with the number of Registrable Securities that each such Major Silicon Member or Shareholder originally intended to be offered, and following such reimbursement and such request will not count as a request for an Underwritten Offering or Demand Registration for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Major Silicon Members or Shareholders pursuant to Section 2.01 or Section 2.02.

Section 2.05. Reduction of Size of Underwritten Offering. Notwithstanding anything to the contrary contained herein, if the lead Underwriter(s) of an Underwritten Offering advises Boron in writing that, in its reasonable opinion the number of shares of Boron Common Stock (including any Registrable Securities) that Boron, Shareholders and any other Persons intend to include in any Registration Statement or dispose of pursuant to any Underwritten Offering exceeds the number that can be sold without materially and adversely affecting the price at which the securities can be sold, then the number of shares of Boron Common Stock to be included in the Registration Statement, or disposed of pursuant to such Underwritten Offering, as applicable, for the account of Boron, Shareholders and any other Persons

will be reduced to the extent necessary to reduce the total number of securities to be included in any such Registration Statement or disposed of pursuant to such Underwritten

Offering, as applicable, to the number recommended by such lead Underwriter(s); provided, however, that such reduction shall be made in accordance with the following priorities:

(a) priority in the case of an Underwritten Offering pursuant to Section 2.01 or a Demand Registration pursuant to Section 2.02 will be (i) first, all Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering or the Demand Registration, as applicable, for the account of the participating Major Silicon Members pursuant to Section 2.01 or Section 2.02, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Major Silicon Members, (ii) second, all Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering or the Demand Registration, as applicable, for the account of the other participating Shareholders pursuant to Section 2.01 or Section 2.02, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, (iii) third, any Boron Common Stock proposed to be offered by Boron for its own account and (iv) fourth, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of shares of Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter;

(b) priority in the case of a registration statement or Underwritten Offering initiated by Boron for its own account which gives rise to a Piggyback Registration pursuant to Section 2.03 will be (i) first, Boron Common Stock proposed to be offered by Boron for its own account, (ii) second, the Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering, as applicable, for the account of the Shareholders pursuant to their registration rights under Section 2.03, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, and (iii) third, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of shares of Boron Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter; and

(c) priority in the case of a registration statement or Underwritten Offering initiated by Boron for the account of holders of Boron Common Stock other than the Shareholders pursuant to registration rights afforded to such holders pursuant to a contractual right with Boron which gives rise to a Piggyback Registration pursuant to Section 2.03 will be (i) first, pro rata among the holders of shares of Boron Common Stock requesting the offering pursuant to such contractual right, (ii) second, Registrable Securities requested to be included in the Registration Statement, or disposed of, pursuant to the Underwritten Offering, as applicable, for the account of the Shareholders pursuant to their registration rights under Section 2.03, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, (iii) third, Boron Common Stock or other Equity Interests offered by Boron for its own account and (iv) fourth, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of Boron Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter.

Section 2.06. Registration Procedures. (a) In connection with the registration of the sale of Registrable Securities pursuant hereto, Boron will as promptly as reasonably practicable:

(i) but no less than five (5) Business Days prior to the initial filing of a Registration Statement, furnish to the relevant Shareholders, prior to the filing of a Registration Statement, copies of such Registration Statement as it is proposed to be filed, and thereafter such copies of such Registration Statement, each amendment and supplement thereto (in each case including all exhibits thereto, including each preliminary Prospectus), copies of any and all transmittal letters or other correspondence with the SEC relating to such Registration Statement, any agreement with Underwriters related

to such offering and such other documents in such quantities as such Shareholders may reasonably request from time to time in order to facilitate the disposition of such Registrable Securities (including in connection with any Underwritten Offering), and give such Shareholders and their Representatives a reasonable opportunity to review and comment on the

same prior to filing any such documents, it being understood that Boron shall not file any such Registration Statement containing any statements with respect to the Shareholders or the Plan of Distribution to which the Shareholders shall reasonably object in writing;

(ii) cause Boron's Representatives to supply all information reasonably requested by the relevant Shareholders, any Underwriter or their respective Representatives in connection with the Registration Statement or Underwritten Offering that is customarily provided by issuers and their Representatives in connection with a registration statement or Underwritten Offering;

(iii) use its reasonable best efforts to register or qualify such Registrable Securities under such other securities or blue sky laws of such jurisdictions as the relevant Shareholders reasonably request; provided, however, that Boron shall in no event be required to (w) qualify generally to do business in any jurisdiction where it is not then so qualified, (x) subject itself to taxation in any jurisdiction where it is not otherwise then so subject, (y) take any action that would subject it to service of process in suits other than those arising out of the offer and sale of the securities covered by the Registration Statement or (z) consent to general service of process in any jurisdiction where it is not then so subject;

(iv) notify the relevant Shareholders at any time when a Prospectus relating to Registrable Securities is required to be delivered under the Securities Act, of the happening of any event as a result of which Boron becomes aware that the Prospectus included in a Registration Statement or the Registration Statement or amendment or supplement relating to such Registrable Securities contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and Boron will promptly prepare and file with the SEC a supplement or amendment to such Prospectus and Registration Statement so that, as thereafter delivered to the purchasers of the Registrable Securities, such Prospectus and Registration Statement will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(v) advise the Underwriter(s), if any, and the relevant Shareholders promptly and, if requested by such Persons, confirm such advice in writing, of the issuance by the SEC of any stop order suspending the effectiveness of the Registration Statement under the Securities Act or of the suspension by any state securities commission of the qualification of the Registrable Securities for offering or sale in any jurisdiction, or the initiation of any proceeding for any of the preceding purposes. If at any time the SEC shall issue any stop order suspending the effectiveness of the Registration Statement, or any state securities commission or other regulatory authority shall issue an order suspending the qualification or exemption from qualification of the Registrable Securities under state securities or blue sky laws, Boron shall use its reasonable best efforts to obtain the withdrawal or lifting of such order as promptly as practicable and shall promptly notify the Shareholders in writing of any such withdrawal or lifting of such order;

(vi) use its reasonable best efforts to cause such Registrable Securities to be registered with or approved by such other Governmental Entities as may be necessary by virtue of the business and operations of Boron to enable the relevant Shareholders to consummate the disposition of such Registrable Securities; provided, however, that Boron shall in no event be required to (w) qualify generally to do business in any jurisdiction where it is not then so qualified, (x) subject itself to taxation in any jurisdiction where it is not otherwise then so subject, (y) take any action that would subject it to service of process in suits other than those arising out of the offer and sale of the securities covered by the Registration Statement or (z) consent to general service of process in any jurisdiction where it is not then so subject;

(vii) enter into customary agreements (including underwriting agreements) and use reasonable best efforts to take such other actions as are reasonably requested by the relevant Shareholders in order to expedite or facilitate the disposition of such Registrable Securities, including, subject to the provisions of Section 2.01(d) with respect to Underwritten

Offerings, preparing for and participating in a road show and other customary selling efforts as the Underwriters, if any, or such Shareholders reasonably request in order to expedite or facilitate such disposition;

(viii) if requested by the relevant Shareholders or the Underwriter(s), if any, promptly include in any Registration Statement or Prospectus, pursuant to a supplement or post-effective amendment if necessary, such information as such Shareholders and such Underwriter(s), if any, may reasonably request to have included therein, including information relating to the Plan of Distribution of the Registrable Securities, information with respect to the number of Registrable Securities being sold to such Underwriter(s), the purchase price being paid therefor and any other terms of the offering of the Registrable Securities to be sold in such offering, and make all required filings of such Prospectus supplement or post-effective amendment as promptly as practicable after Boron is notified of the matters to be included in such Prospectus supplement or post-effective amendment;

(ix) except to the extent prohibited by applicable Law and subject to entry into a customary confidentiality agreement or arrangement, make available, after reasonable advance notice, for inspection by the relevant Shareholders, any Underwriter participating in any disposition of such Registrable Securities and any Representative for such Shareholders and/or such Underwriter (collectively, the Inspectors), during business hours at the offices where such information is normally kept, any financial and other records and corporate documents of Boron (collectively, the Records) as will be reasonably necessary to enable them to conduct reasonable and customary due diligence with respect to Boron and the related Registration Statement and Prospectus and request the Representatives of Boron and its Subsidiaries to supply all information reasonably requested by any such Inspector; provided, however, that Records and information obtained hereunder will be used by such Inspectors only for purposes of conducting such due diligence;

(x) use its reasonable best efforts to obtain and deliver to each Underwriter and each such Shareholder a comfort letter from the independent registered public accounting firm for Boron (and additional comfort letters from the independent registered public accounting firm for any company acquired by Boron whose financial statements are included or incorporated by reference in the Registration Statement) in customary form and covering such matters as are customarily covered by comfort letters as such Underwriter and such Shareholders may reasonably request; provided, however, that if Boron fails to obtain such comfort letter and the relevant offering is abandoned, then such Underwritten Offering or Demand Registration will not count as an Underwritten Offering or Demand Registration, as applicable, for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Shareholders pursuant to Section 2.01 or Section 2.02;

(xi) use its reasonable best efforts to obtain and deliver to each Underwriter and each such Shareholder a 10b-5 statement and legal opinion from Boron's external counsel in customary form and covering such matters as are customarily covered by 10b-5 statements and legal opinions delivered to Underwriters in Underwritten Offerings as such Underwriter and/or such Shareholders may reasonably request; provided, however, that if Boron fails to obtain such statement or opinion and the relevant offering is abandoned, then such Underwritten Offering or Demand Registration will not count as an Underwritten Offering or Demand Registration, as applicable, for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Shareholders pursuant to Section 2.01 or Section 2.02;

(xii) otherwise use its reasonable best efforts to comply with all applicable rules and regulations of the SEC and make generally available to its security holders, within the required time period, an earnings statement covering a period of twelve (12) months, beginning with the first fiscal quarter after the effective date of the Registration Statement relating to such Registrable Securities (as the term "effective date" is defined in Rule 158(c) under the Securities Act), which earnings statement will satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder or any successor provisions thereto;

(xiii) provide and cause to be maintained a transfer agent and registrar for all Registrable Securities covered by such Registration Statement not later than the effective date of such Registration Statement;

(xiv) cooperate with such Shareholders and the lead Underwriter or Underwriters, if any, to facilitate the timely preparation and delivery of certificates representing the Registrable Securities to be sold under the Registration Statement in a form eligible for deposit with The Depository Trust Company not bearing

any restrictive legends and not subject to any stop transfer order with any transfer agent, and cause such Registrable Securities to be issued in such denominations and registered in such names as the lead Underwriter or Underwriters, if any, may request in writing or, if not an Underwritten Offering, in accordance with the instructions of such Shareholders, in each case in connection with the closing of any sale of Registrable Securities;

(xv) not later than the effective date of the applicable Registration Statement, provide a CUSIP number for all Registrable Securities;

(xvi) furnish to each such Shareholder and each Underwriter, if any, without charge, as many conformed copies as such Shareholder or Underwriter may reasonably request of the applicable Registration Statement and any amendment or post-effective amendment thereto, including financial statements and schedules, all documents incorporated therein by reference and all exhibits (including those incorporated by reference);

(xvii) make representations and warranties to such Shareholders and the Underwriters or agents, if any, in form, substance and scope as are customarily made by issuers in secondary offerings;

(xviii) use reasonable best efforts to cooperate with each such Shareholder and each Underwriter, if any, participating in the disposition of such Registrable Securities and their respective counsel in connection with any filings required to be made with FINRA;

(xix) use its reasonable best efforts to cause such Registrable Securities to be listed or quoted on NASDAQ or, if Boron Common Stock is not then listed on NASDAQ, then on such other securities exchange or national quotation system on which the Boron Common Stock is then listed or quoted; and

(xx) take all such other commercially reasonable actions as are necessary or advisable in order to expedite or facilitate the disposition of such Registrable Securities in accordance with the terms hereof.

(b) In connection with the Registration Statement relating to such Registrable Securities covering an Underwritten Offering, Boron and the relevant Shareholders agree to enter into a written agreement with the Underwriters selected in the manner herein provided in such form and containing such provisions as are customary in the securities business for such an arrangement. In the event an Underwritten Offering is not consummated because any condition to the obligations under any related written agreement with such Underwriters is not met or waived, and such failure to be met or waived is not attributable to the fault of the Shareholders, such Underwritten Offering will not count for purposes of determining when future Underwritten Offerings may be requested by Shareholders pursuant to Section 2.01 or Section 2.02.

Section 2.07. Conditions to Offerings. (a) The obligations of Boron to take the actions contemplated by Section 2.01, Section 2.02, Section 2.03 and Section 2.06 with respect to an offering of Registrable Securities will be subject to the following conditions:

(i) Boron may require the relevant Shareholders to furnish to Boron such information regarding such Shareholders, the Registrable Securities or the distribution of such Registrable Securities as Boron may from time to time reasonably request in writing, in each case to the extent required by the Securities Act and the rules and regulations promulgated thereunder, or under state securities or blue sky laws; and

(ii) in any Underwritten Offering, the relevant Shareholders together with Boron and any other holders of Boron's securities proposing to include securities in any Underwritten Offering, will enter into a customary underwriting agreement in accordance with Section 2.06(b) with the Underwriter or Underwriters selected for such underwriting, as

well as such other documents customary in similar offerings.

(b) The Shareholders agrees that, upon receipt of any notice from Boron of the happening of any event of the kind described in Section 2.06(a)(iv) or 2.06(a)(v) or a condition described in Section 2.08(a), the Shareholders will forthwith discontinue disposition of such Registrable Securities pursuant to the Registration Statement covering the sale of such Registrable Securities until the Shareholder's receipt of the copies of the

supplemented or amended Prospectus contemplated by Section 2.06(a)(iv) or notice from Boron of the termination of the stop order or Suspension Period. In the event Boron gives any such notice, the applicable time period mentioned in Section 2.02(b) during which a Registration Statement is to remain effective will be extended by the number of days during the period from and including the date of the giving of such notice pursuant to this Section 2.07(b) to and including the date when the Shareholders will have received the copies of the supplemented or amended prospectus contemplated by Section 2.06(a)(iv) or notice from Boron of the termination of the stop order or Suspension Period.

(c) Each Shareholder agrees that to the extent timely notified in writing by the Underwriters managing any Underwritten Offering by Boron of shares of Boron Common Stock or any securities convertible into or exchangeable or exercisable for shares of Boron Common Stock, each such Shareholder that is participating in such Underwritten Offering shall agree (the Underwriter s Lockup) not to Transfer any Shares without the prior written consent of Boron or such Underwriters during the period beginning seven (7) days before and ending one hundred twenty (120) days (or, in either case, such lesser period as may be permitted for all Shareholders by Boron or such managing Underwriter or Underwriters) after the pricing date of such Underwritten Offering, subject to any exceptions permitted by such managing Underwriter or Underwriters; provided that any Underwriter s Lockup shall contain customary exceptions providing that such Shareholder and its Affiliates, other than such Shareholder, may engage in brokerage, investment advisory, financial advisory, anti-raid advisory, merger advisory, financing, asset management, trading, market making, arbitrage, principal investing and other similar activities conducted in the ordinary course of their Affiliates business, other than with respect to the Shares owned by such Shareholder. The Underwriter s Lockup shall provide that if all or a portion of the Shares of any Shareholder is released from an Underwriter s Lockup or all or a portion of the Shares of any other party who entered into a substantially similar agreement with the Underwriters in connection with such Underwritten Offering is released from such agreement, then the same percentage of the shares of each Shareholder shall be released from the Underwriter s Lockup.

Section 2.08. Suspension Period.

(a) Notwithstanding anything to the contrary contained in this Agreement, if the filing, initial effectiveness or continued use of (i) any Shelf Registration Statement for resales of Registrable Securities pursuant to Section 2.01 or Section 2.03 or (ii) any Registration Statement for resales of Registrable Securities pursuant to Section 2.02 or Section 2.03 at any time would, (A) in the good faith judgment of the Board of Directors of Boron, (i) require the disclosure of material non-public information by Boron, the premature disclosure of which at such time would be materially detrimental to Boron, or (ii) require the disclosure in any such Shelf Registration Statement or Registration Statement of a contemplated bona fide material financing, acquisition, corporate reorganization or other similar material transaction or other material event or circumstance affecting Boron, the premature disclosure of which at such time would be materially detrimental to Boron or the holders of Boron Common Stock; or (B) require the inclusion, at that time, in such Shelf Registration Statement or Registration Statement, as applicable, of financial statements of a business to be acquired, or pro forma financial statements reflecting the acquisition of such business, where the business combination has occurred, or is probable, and such financial statements are not then available to Boron for reasons beyond Boron s control; provided, in the case of this clause (B), that Boron shall use its reasonable best efforts to obtain such financial statements as promptly as practicable, Boron shall be entitled, from time to time, by delivering a certificate signed by the chief executive officer or the chief financial officer of Boron to the Shareholders certifying to the determination of the board of directors of Boron described above, to require the Shareholders to suspend the use of the Prospectus included in any Shelf Registration Statement or to postpone the filing or suspend the use of any Registration Statement for a reasonable period of time not to exceed sixty (60) days in succession (or a longer period of time with the prior written consent of a majority of the Shareholders, which consent shall not be unreasonably withheld), one hundred and twenty (120) days in the aggregate in any one-year period or three (3) times in any one-year period (a Suspension Period); provided that Boron shall not register any securities for sale for its own account or that of any other shareholder during any Suspension Period. In the event of any such

suspension pursuant to this Section 2.08(a), Boron shall furnish to the Shareholders a written notice setting forth

the estimated length of the anticipated delay. Boron will use reasonable best efforts to limit the length of any Suspension Period and shall notify the Shareholders promptly upon the termination of the Suspension Period. Notice of the commencement of a Suspension Period shall simply specify such commencement and shall not contain any facts or circumstances relating to such commencement or any material non-public information. Boron shall respond promptly to reasonable inquiry by a Shareholder as to such facts and circumstances. Upon notice by Boron to the Shareholders of any determination to commence a Suspension Period, the Shareholders shall keep the fact of any such Suspension Period strictly confidential, and during any Suspension Period, promptly halt any offer, sale, trading or transfer of any Boron Common Stock pursuant to such Prospectus for the duration of the Suspension Period until (x) the Suspension Period has expired or, if earlier (y) Boron has provided notice that the Suspension Period has been terminated.

(b) After the expiration of any Suspension Period and without any further request from a Shareholder, Boron shall as promptly as reasonably practicable prepare a Registration Statement or post-effective amendment or supplement to the applicable shelf Registration Statement or Prospectus, or any document incorporated therein by reference, or file any other required document so that, as thereafter delivered to purchasers of the Registrable Securities included therein, if necessary so that the Prospectus will not include a material misstatement or omission or be not effective and useable for resale of Registrable Securities.

Section 2.09. Registration Expenses. Section 2.10. Rules 144 and 144A and Regulation S. Boron covenants that it will use reasonable best efforts to file the reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the SEC thereunder and it will use reasonable best efforts to take any such further action promptly as reasonably requested, all to the extent required from time to time to enable the Shareholders to sell Registrable Securities without registration under the Securities Act pursuant to (i) Rules 144, 144A or Regulation S under the Securities Act, as such provisions may be amended from time to time, or (ii) any similar rule or regulation hereafter adopted by the SEC. Upon the reasonable request of a Shareholder, Boron will deliver to such Shareholder a written statement as to whether it has complied with such requirements and, if not, the specifics thereof.

Section 2.11. Indemnification; Contribution. (a) In connection with any registration of Registrable Securities or Underwritten Offering pursuant to Section 2.01, Section 2.02 or Section 2.03, Boron will indemnify, defend and hold harmless each Shareholder, its Affiliates, directors, officers, shareholders and employees and each Person who controls such Shareholders within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act (collectively, the Indemnified Persons) from and against any and all Losses caused by any untrue or alleged untrue statement of material fact contained or incorporated by reference in any part of any Registration Statement or any Prospectus, including any amendment or supplement thereto, used in connection with the Registrable

Securities, or any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, in the light of the circumstances under which they were made) not misleading; provided, however, that Boron will not be

required to indemnify any Indemnified Person for any such Loss arising out of or with respect to sales pursuant to the Registration Statement or Prospectus based upon information in the Registration Statement or Prospectus that was represented by Silicon or Silicon Holdings as true and correct in the Merger Agreement, and with respect to which Boron would not have been reasonably expected to discover the failure of such information to be true and correct prior to the date of such sales.

(b) In connection with any Registration Statement or Prospectus, the Shareholders who sell Registrable Securities pursuant to such Registration Statement or Prospectus will severally but not jointly indemnify, defend and hold harmless Boron, its directors, its officers, its employees and each Person, if any, who controls Boron (within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act) to the same extent as the foregoing indemnity from Boron to the Shareholders, but only with respect to information arising out of or based upon information furnished in writing by such Shareholder or on such Shareholder's behalf (in each case, in its capacity as a Shareholder), in either case expressly for use in any Registration Statement or any Prospectus, including any amendment or supplement thereto.

(c) In case any claim, action or proceeding (including any governmental investigation) is instituted involving any Person in respect of which indemnity may be sought pursuant to Section 2.11(a) or Section 2.11(b), such Person (the Indemnified Party) will promptly notify the Person against whom such indemnity may be sought (the Indemnifying Party) in writing and the Indemnifying Party shall be entitled to participate therein and, to the extent it shall wish, to assume the defense thereof with counsel reasonably satisfactory to the Indemnified Party and will pay the fees and disbursements of such counsel related to such proceeding; provided, however, that the failure or delay to give such notice shall not relieve the Indemnifying Party of its obligations pursuant to this Agreement except to the extent that it shall be determined by a court of competent jurisdiction that such Indemnifying Party has been prejudiced by such failure or delay. In any such claim, action or proceeding, the Indemnified Party shall have the right, but not the obligation, to participate in any such defense and to retain its own counsel, but the fees and expenses of such counsel will be at the expense of such Indemnified Party unless (i) the Indemnifying Party and the Indemnified Party have mutually agreed to the retention of such counsel, (ii) the Indemnifying Party fails to assume the defense of the claim, action or proceeding within fifteen (15) Business Days following receipt of notice from the Indemnified Party or (iii) the Indemnified Party and the Indemnifying Party are both actual or potential defendants in, or targets of, any such action and the Indemnified Party has been advised by counsel that representation of both parties by the same counsel would be inappropriate due to actual or potential conflicting interests between them. It is understood that the Indemnifying Party will not, in connection with any claim, action or proceeding or related claims, actions or proceedings in the same jurisdiction, be liable for the reasonable fees and expenses of more than one (1) separate firm of attorneys (in addition to any local counsel) at any time for all such Indemnified Parties and that all such reasonable fees and expenses will be reimbursed as they are incurred. In the case of the retention of any such separate firm for the Indemnified Parties, such firm will be designated in writing by the Indemnified Parties. The Indemnifying Party will not be liable for any settlement of any claim, action or proceeding effected without its written consent (which consent shall not be unreasonably withheld, conditioned or delayed), but if such claim, action or proceeding is settled with such consent or if there has been a final judgment for the plaintiff, the Indemnifying Party agrees to indemnify the Indemnified Party from and against any Loss by reason of such settlement or judgment. No Indemnifying Party will, without the prior written consent of the Indemnified Party, settle, compromise or offer to settle or compromise any pending or threatened proceeding in respect of which any Indemnified Party is seeking indemnity hereunder, unless such settlement includes (i) an unconditional release of such Indemnified Party from all liability in connection with such proceeding, (ii) no finding or admission of any violation of Law or any violation of the rights of any Person by the Indemnified Party or any of its Affiliates can be made as the result of such action and (iii) the sole relief (if any) provided is monetary damages that are reimbursed in full by the Indemnifying Party.

(d) If the indemnification provided for in this Section 2.11 from the Indemnifying Party is unavailable to an Indemnified Party hereunder or is insufficient in respect of any Losses referred to in this Section 2.11, then the Indemnifying Party, in lieu of indemnifying such Indemnified Party, will contribute to the amount paid or

payable by such Indemnified Party as a result of such Losses (i) in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party and Indemnified Party in connection with the actions that resulted in such Losses, as well as any other relevant equitable considerations, or (ii) if the allocation provided by clause (i) is not permitted by applicable Law, in such proportion as is appropriate to reflect not only the relative fault referred to in clause (i) but also the relative benefit of Boron, on the one hand, and such Shareholder, on the other, in connection with the statements or omissions that resulted in such Losses, as well as any other relevant equitable considerations. The relative fault of such Indemnifying Party and Indemnified Party will be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, has been taken by, or relates to information supplied by, such Indemnifying Party or Indemnified Party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such action, statement or omission. The amount paid or payable by a party as a result of the Losses referred to above will be deemed to include, subject to the limitations set forth in Section 2.11(c), any reasonable legal or other out of pocket fees or expenses reasonably incurred by such party in connection with any investigation or proceeding.

(e) The parties agree that it would not be just and equitable if contribution pursuant to Section 2.11(d) were determined by pro rata allocation or by any other method of allocation that does not take into account the equitable considerations referred to in Section 2.11(d). No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) will be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. In no event shall any Shareholder be obligated to provide indemnification or contribution in excess of the net aggregate proceeds received from the sale of Registrable Securities pursuant to the applicable Registration Statement or Prospectus.

Section 2.12. Termination. The provisions in this Article II shall terminate with respect to each individual Shareholder on the first date when such Shareholder no longer holds any Registrable Securities.

Section 2.13. Participating Shareholder. By written notice delivered to Boron, any Shareholder (an Opting-Out Shareholder) may elect to waive its right to participate in Underwritten Offerings and to be a Piggyback Shareholder and participate in a Piggyback Registration (Section 2.13 Opt-Out), until such time as the written notice is rescinded in writing. During such time as a Section 2.13 Opt-Out is in effect: (a) the Opting-Out Shareholder shall not receive notices of any proposed Underwritten Offering or Piggyback Registration, (b) shall not be entitled to participate in any such Underwritten Offering pursuant to Section 2.01(d) or Section 2.02(a), or Piggyback Registration pursuant to Section 2.03, and (c) shall not be subject to Section 2.07(c).

Section 2.14. No Waiver. Notwithstanding anything to the contrary contained herein, nothing in this Annex B shall be deemed a waiver by Boron of any restrictions on the Transfer of any Registrable Securities.

Section 2.15. Limitations on Subsequent Registration Rights. From and after the date of this Agreement, Boron shall not, without the prior written consent of Shareholders holding a majority of the Registrable Securities then held by the Shareholders, enter into any agreement with any holder or prospective holder of any Equity Interests that is inconsistent with the terms of this Agreement, including an agreement that would provide to such holder the right to include Equity Interests in any registration on other than (a) a pro rata basis with respect to the Registrable Securities or (b) on a subordinate basis after all applicable Shareholders have had the opportunity to include in the registration and offering all shares of Registrable Securities that they wish to so include. Boron is not a party to any agreement or arrangement providing registration rights to any other Person as of the date hereof.

Section 2.16. Recapitalizations, Exchanges Affecting the Registrable Securities. The provisions of this Agreement shall apply, to the full extent set forth herein, with respect to the Registrable Securities, to any and all

shares of stock of Boron or any successor or assign of Boron (whether by merger, consolidation, sale of assets or otherwise) which may be issued in respect of, in exchange for, or in substitution of the Registrable Securities, by reason of a stock dividend, stock split, stock issuance, reverse stock split, combination, recapitalization, reclassification, merger, consolidation or otherwise. Upon the occurrence of any of such events, amounts hereunder shall be appropriately adjusted.

Certain capitalized terms used in this investor letter agreement shall have the meanings ascribed to such terms in Section 7.

The undersigned, collectively a Major Silicon Member (the Subject Seller), will receive at the Effective Time cash and shares of Boron Common Stock as part of the Merger Consideration (such shares, the Merger Consideration Shares). In order to induce Boron to enter into the Merger Agreement and for other good and valuable consideration, the Subject Seller and Boron have entered into this investor letter agreement (this Agreement). Boron has provided to the Subject Seller true and complete copies of the investor letter agreements to be entered contemporaneously herewith by the other Major Silicon Members and Boron.

1. Commitment to Comply with Requirements of Regulatory Agencies and Governmental Entities. The Subject Seller shall, and shall cause its Subsidiaries and other Affiliates (collectively with the Subject Seller, the Subject Seller Group) to (a) if required by the staff of the Federal Reserve Board in connection with obtaining the Requisite Regulatory Approvals, promptly deliver to the Federal Reserve Board executed passivity and anti-association commitments substantially in the form attached hereto as Annex A (or in such other form as may be reasonably required by the Federal Reserve Board that is no less favorable in any material respect to the Subject Seller Group than the commitments attached hereto as Annex A) and (b) if required by the staff of the Federal Reserve Board or FDIC, use its commercially reasonable efforts to promptly provide directly to the Federal Reserve Board or FDIC, as applicable, such information about the Subject Seller Group as is reasonable and customary in connection with obtaining the Requisite Regulatory Approvals. The Subject Seller shall not be required to provide any information specified in the foregoing clause (b) directly to Silicon, Boron or any other Silicon Shareholder. Notwithstanding anything herein to the contrary, except as set forth in the first sentence of this Section 1, the Subject Seller and its Affiliates (other than, to avoid doubt, Holdings and its Subsidiaries) shall not be required to file any applications, notices, petitions or filings with, or seek any permits, consents or approvals, or authorizations from, any Regulatory Agency or Governmental Entity in connection with the transactions contemplated by the Merger Agreement or the Bank Merger.

2. Transfer Restrictions.

(a) The Subject Seller agrees to the following terms and conditions regarding the Subject Seller's ownership of the Merger Consideration Shares:

- (i) The Subject Seller shall not Transfer any Holdings Common Interests or Holdings Management Units (in each case other than through the exercise or conversion of any such securities pursuant to their terms or the terms of the Merger Agreement) between the date hereof and the Closing, other than Transfers to a Controlled Affiliate of such Person that agrees to be bound by the provisions of this Agreement as if it were the Subject Seller hereunder (a Permitted Transferee).

D2-1

- (ii) Neither the Subject Seller nor any of its Permitted Transferees shall Transfer any of the Merger Consideration Shares, other than to a Permitted Transferee, prior to the date that is thirty (30) days after the Closing Date (the Lockup Termination Date).
- (iii) In the event that following the date hereof and prior to the Lockup Termination Date any Permitted Transferee ceases to be a Controlled Affiliate of the applicable Transferring Seller, then any prior Transfer to such Person pursuant to such exception in (i) or (ii) above shall become null and void and ownership and title to any such securities so Transferred shall revert to such applicable Transferring Seller. The Subject Seller shall promptly, and in any event no later than five (5) Business Days, notify Boron in writing following any Transfer to a Permitted Transferee.
- (iv) From and after the Lockup Termination Date, the Subject Seller shall not Transfer any shares of Boron Common Stock received as part of the Merger Consideration to any Person or Group who, to the Subject Seller's Knowledge, after giving effect to such Transfer, would beneficially own eight percent (8%) or more of the outstanding shares of Boron Common Stock; provided that the restriction shall not apply to Transfers effected through an Underwritten Offering (as defined in Annex B hereto) pursuant to an exercise of the registration rights provided for in Annex B hereto, to any Person or Persons pursuant to Rule 144 (as defined in Annex B hereto) or to a Transfer to any Person or Persons not Affiliated with the Subject Seller who are acquiring majority control of Boron in a (i) merger or similar business combination transaction or (ii) a tender offer approved or recommended by the Board of Directors of Boron.

(b) The Subject Seller shall not, and shall cause each other member of the Subject Seller Group not to, directly or indirectly, without Boron's prior written consent:

- (i) acquire beneficial ownership of any shares of Boron Common Stock if, after such acquisition, the Subject Seller Group in the aggregate would beneficially own a number of shares of Boron Common Stock and Boron Non-Voting Common Stock equal to ten percent (10%) or more of the number of outstanding shares of Boron Common Stock (as reported in the most recent Boron Report publicly filed under the Exchange Act);
- (ii) make, or in any way participate, directly or indirectly, in any solicitation of proxies to vote (as such terms are used in the rules of the SEC), or seek to advise or influence any Person with respect to the voting of any voting securities of Boron;

(iv) publicly disclose any intention, plan or arrangement prohibited by, or inconsistent with, the foregoing; provided that this Section 2(b) shall in no way limit (x) the activities of any director of Boron taken in good faith solely in his or her capacity as a director of Boron or (y) the right or ability of the Subject Seller to vote any voting securities of Boron (including the Merger Consideration Shares) with respect to any matter; provided, further, that the

Subject Seller does not make any public announcement or public communication with respect to the manner in which the Subject Seller intends to vote such voting securities with respect to any matter. The Subject Seller further agrees, that it shall not, and shall cause each other member of the Subject Seller Group not to, without the written consent of Boron, publicly request Boron to amend or waive any provision of this Section 2(b) (including this sentence) or do so in a manner that would require Boron to publicly disclose such request.

(c) The foregoing restrictions on Transfer may be waived by Boron in writing with respect to any specific Transfer. The provisions in this Section 2 shall terminate and be of no further force and effect with respect to the Subject Seller (and its Permitted Transferees) on the earlier of (i) the first date when the Subject Seller (and any such Permitted Transferees) beneficially own less than five percent (5%) of the outstanding shares of Boron Common Stock and Boron Non-Voting Common Stock (as reported in the most recent Boron Report publicly

(d) Any Transfer or attempted Transfer of Merger Consideration Shares in violation of this Section 2 shall, to the fullest extent permitted by applicable Law, be null and void *ab initio*, and Boron shall not, and shall instruct its transfer agent and other third parties not to, record or recognize any such purported transaction on the share register of Boron.

(e) Any certificates for Merger Consideration Shares issued to the Subject Seller or any Permitted Transferee pursuant to the Merger Agreement shall bear a legend or legends (and appropriate comparable notations or other arrangements will be made with respect to any uncertificated shares) in addition to the legend contemplated by Section 2.2(b) of the Merger Agreement referencing restrictions on transfer of such Merger Consideration Shares under this Agreement which legend shall state in substance:

The securities evidenced by this certificate are subject to restrictions on transfer set forth in an Investor Letter Agreement, dated November 5, 2014, among Boron and certain other parties thereto (a copy of which is on file with the Secretary of Boron).

(f) Notwithstanding the foregoing, upon the request of a holder of certificate(s) for Merger Consideration Shares, Boron agrees that it shall cause, and take all actions necessary to ensure, the prompt removal of the legend contemplated by Section 2.2(b) of the Merger Agreement and, if applicable, the legend contemplated in Section 2(e) (together with the elimination or termination of any notations or arrangements described therein) from such holder's Merger Consideration Shares (including executing and delivering an opinion of counsel and instruction letter satisfactory to the transfer agent of Boron Common Stock) and cause the deposit of such holder's Merger Consideration Shares in book-entry form with the appropriate unrestricted CUSIP number to the account specified by such holder, provided, that the restrictions described in such legends (or notations or arrangements) are no longer applicable (including where the Subject Seller and its Permitted Transferees no longer own or will own such Merger Consideration Shares).

3. Registration Rights. The Subject Seller shall have the registration and other rights on the terms set forth in Annex B hereto (the Registration Rights Annex) and Boron and the Subject Seller hereby agree to such terms.

4. Board Representation

(a) At any time from and after the Effective Time, at the written request of the Subject Seller, Boron shall cause one (1) representative designated by the Subject Seller to be elected or appointed to the Board of Directors of Boron, which representative shall (i) be reasonably acceptable to the Board of Directors of Boron, (ii) not be a person who is an officer or employee of Holdings or any of its Subsidiaries as of the date hereof, (iii) satisfy all director qualifications reasonably required by Boron and shall agree to comply with all policies of Boron (including as to ethics, confidentiality and trading) in each case in effect from time to time that apply to all nominees for the Board of Directors of Boron and (iv) be eligible to serve on the Board of Directors of Boron under the Depository Institution Management Interlocks Act, 12 U.S.C. 3201 et seq., and the federal banking agencies' implementing regulations thereunder, including the Federal Reserve Board's Regulation L, 12 C.F.R. Boron shall notify each Board Representative of all regular and special meetings of the Board of Directors of Boron and shall notify each Board Representative of all regular and special meetings of any committee of the Board of Directors of Boron of which such Board Representative is a member. (e) This Agreement shall be governed and construed in accordance with the Laws of the State of Washington, without regard to any applicable conflicts of Law.

(f) Each party agrees that it will bring any Proceeding in respect of any claim arising out of or related to this Agreement or the transactions contemplated hereby exclusively in the Washington Courts, and, solely in connection with claims arising under this Agreement or the transactions that are the subject of this Agreement, (i) irrevocably submits to the exclusive jurisdiction of the Washington Courts, (ii) waives any objection to laying venue in any such Proceeding in the Washington Courts, (iii) waives any objection that the Washington Courts are an inconvenient forum or do not have jurisdiction over any party and (iv) agrees that service of process upon such party in any such Proceeding will be effective if notice is given in accordance with the terms of Section 9.4 of the Merger Agreement to the addresses (A) in the case of the Subject Seller, set forth in Annex D hereto, and (B) in the case of Boron, set forth in Section 9.4 of the Merger Agreement. Each party acknowledges and agrees that any controversy which may arise under this Agreement is likely to involve complicated and difficult issues, and therefore each such party hereby irrevocably and unconditionally waives, to the extent permitted by applicable Law at the time of institution of the applicable litigation, any right such party may have to a trial by jury in respect of any litigation directly or indirectly arising out of or relating to this Agreement or the transactions contemplated by this Agreement.

D2-16

useable for the resale of Registrable Securities under the Securities Act from and after the Lockup Termination Date in accordance with the methods of distribution elected by the Shareholders. Such Automatic Shelf Registration Statement shall contain any intended methods of distribution of the Shares specified in writing by any Shareholder and contemplated hereby.

(ii) if on the Lockup Termination Date, Boron is not a well-known seasoned issuer but is eligible to file a 415 Shelf Registration Statement, Boron will file, as promptly as practicable on or after the Lockup Termination Date (but in any event within fifteen (15) Business Days thereafter), a 415 Shelf Registration Statement useable for the resale of Registrable Securities under the Securities Act from and after the Lockup Termination Date, in accordance with the methods of distribution elected by such Shareholders and shall use its reasonable best efforts to cause such 415 Shelf Registration Statement to become effective under the Securities Act not later than the Lockup Termination Date. Such 415 Shelf Registration Statement shall contain any intended methods of distribution of the Shares specified in writing by any Shareholder and contemplated hereby.

(b) Continued Effectiveness. Until the earlier of (i) such time as all Registrable Securities cease to be Registrable Securities or (ii) Boron is no longer eligible to maintain a Shelf Registration Statement, Boron will keep current and effective any Shelf Registration Statement filed pursuant to Section 2.01(a), and file such supplements or amendments to such Shelf Registration Statement as may be necessary or appropriate in order to keep such Shelf Registration Statement continuously effective and useable for the resale of Registrable Securities under the Securities Act. In the event that Boron is no longer eligible to maintain a Shelf Registration Statement, Boron shall provide written notice to the Shareholders of such ineligibility within two (2) Business Days of the date on which Boron becomes aware of such ineligibility. Boron shall use reasonable best efforts to cause the Registrable Securities to, on or prior to the Lockup Termination Date, be qualified for trading on any securities exchange on which the Boron Common Stock is listed or quoted.

(c) Use of Shelf Registration Statement. Following the Lockup Termination Date, each Shareholder shall have the right to use any Shelf Registration Statement then effective to Transfer all or a portion of its Registrable Securities (i) in an unrestricted number of brokered transactions and (ii) Underwritten Offerings in accordance with Section 2.01(d).

(d) Underwritten Offerings pursuant to Shelf Registration Statement. Upon the receipt by Boron of a written request from (i) any Major Silicon Member that desires to sell Registrable Securities in an Underwritten Offering that is not a Marketed Underwritten Offering or (ii) a majority of the Registrable Securities then held by the Major Silicon Members with respect to a Marketed Underwritten Offering, in each case pursuant to a Shelf Registration Statement, Boron will give written notice of such request to all other Shareholders, which notice shall be given in any event within three (3) Business Days of the date on which Boron received the initial request. Any other Shareholders that desire to sell Registrable Securities in such Underwritten Offering shall give written notice to Boron within ten (10) Business Days after the date Boron gave such other Shareholders notice of the such initial request specifying the number of Registrable Securities proposed by such Shareholder to be included in such Underwritten Offering. Boron will cooperate with such Shareholders and any Underwriter in effecting an Underwritten Offering pursuant to the Shelf Registration Statement as promptly as reasonably practicable with respect to all such Registrable Securities, subject to the limitations and conditions with respect to Underwritten Offerings (the Underwritten Offering Limitations):

D2-17

Table of Contents

(iii) Boron shall not be required to effect any Underwritten Offering unless the aggregate gross proceeds expected to be received from the sale of Registrable Securities in such offering is at least \$50 million.

(iv) With respect to a Marketed Underwritten Offering only, the relevant Major Silicon Members, on the one hand, and, Boron, on the other hand, shall each be entitled to select one nationally recognized investment banking firm to serve as a lead Underwriter, with each of the two such lead Underwriters to be treated substantially the same in all respects (including underwriting discounts, fees and commissions) in respect of such Marketed Underwritten Offering, and the relevant Major Silicon Members shall have the right to select any additional Underwriters in connection with the Marketed Underwritten Offering; provided that any such additional Underwriter must be reasonably acceptable to Boron.

(v) With respect to an Underwritten Offering that is not a Marketed Underwritten Offering, the relevant Major Silicon Members shall be entitled to select the nationally recognized investment banking firm to serve as a lead Underwriter and, if applicable, any additional Underwriters.

(e) Effect on Demand Registration Obligations. The provisions of Section 2.02 shall not apply at any time Boron is eligible to file and maintain the effectiveness of a Shelf Registration Statement and so maintains the effectiveness of such Shelf Registration Statement.

Section 2.02. Demand Registration.

(a) Demand by Shareholders. If at any time after the Lockup Termination Date and prior to Boron effecting eight (8) Underwritten Offerings pursuant to Section 2.01(d), Boron is no longer eligible to use a Shelf Registration Statement, within ninety (90) days after the written request of Shareholders holding a majority of the Registrable Securities then held by the Shareholders to register the resale of a specified amount of the Registrable Securities under the Securities Act pursuant to an Underwritten Offering (a Demand Notice), Boron will (i) give written notice of such request to all other Shareholders (which notice shall be given in any event within three (3) Business Days of the date on which Boron received the applicable Demand Notice) and will use its reasonable best efforts to register, in accordance with the provisions of this Agreement, all Registrable Securities that have been requested to be registered in the Demand Notice or by any other Shareholders by written notice to Boron given within ten (10) Business Days after the date Boron gave such other Shareholders notice of the Demand Notice (collectively, the Demand Shareholders) and (ii) will file a Registration Statement, on an appropriate form which Boron is then eligible to use, to register the resale of such Registrable Securities in an Underwritten Offering (each such registration, a Demand Registration). Each Demand Notice will specify the number of Registrable Securities proposed to be offered for sale. The Demand Shareholders may change the number of Registrable Securities proposed to be offered pursuant to any Demand Registration at any time prior to commencement of the offering so long as such change would not materially adversely affect the timing or success of the offering. Subject to Section 2.05 and with the written consent of Shareholders holding a majority of the Registrable Securities included in the Demand Registration (such consent not to be unreasonably withheld), Boron may include in any registration effected pursuant this Section 2.02 any securities for its own account or for the account of holders of Boron Common Stock (other than the Shareholders).

(b) Effective Registration. Boron will use its reasonable best efforts to (i) cause any Registration Statement filed in connection with a Demand Registration to be declared effective (unless it becomes effective automatically upon filing) as promptly as practicable after the filing thereof with the SEC and (ii) keep such Registration Statement

current and effective for a period of not less than ninety (90) days or such longer period as, based upon the opinion of counsel for the underwriters, a prospectus is required by law to be delivered in connection with the sale of Registrable Securities by an underwriter or dealer. Boron further agrees to

D2-18

Table of Contents

supplement or make amendments to each such Registration Statement as may be necessary to keep such Registration Statement effective for the period referred to in clause (ii) above, including (A) to respond to the comments of the SEC, if any, (B) as may be required by the registration form utilized by Boron for such Registration Statement or by the instructions to such registration form, (C) as may be required by the Securities Act or (D) as may be reasonably requested in writing by the Demand Shareholders or any Underwriter and reasonably acceptable to Boron.

(c) Limitations. Boron's obligations in this Section 2.02 shall be subject to the Underwritten Offering Limitations.

Section 2.03. Piggyback Registration. If at any time after the Lockup Termination Date and in addition to the Shareholders' rights in Section 2.01 and Section 2.02, Boron proposes to file a registration statement under the Securities Act or consummate an Underwritten Offering with respect to an offering of Equity Interests for (a) Boron's own account (other than a Registration Statement on Form S-4 or S-8 (or any substitute form that may be adopted by the SEC)) or (b) the account of any holder of Boron Common Stock (other than a Shareholder), then Boron shall give written notice of such proposed filing or Underwritten Offering to the Shareholders as soon as practicable (but in no event less than ten (10) Business Days before the anticipated filing date). Upon a written request given by any Shareholders to Boron within five (5) Business Days after delivery of any such notice by Boron, to include Registrable Securities in such registration or Underwritten Offering, as applicable (which request shall specify the number of Registrable Securities proposed to be included in such registration or Underwritten Offering, as applicable), Boron shall, subject to the following proviso, include all such requested Registrable Securities in such registration or Underwritten Offering, as applicable, on the same terms and conditions as applicable to Boron's or such holder's shares of Boron Common Stock (a Piggyback Registration); provided, however, that if at any time after giving written notice of such proposed filing or Underwritten Offering, as applicable, and prior to the effective date of the Registration Statement filed in connection with such registration, or the consummation of such Underwritten Offering, as applicable, Boron shall determine for any reason not to proceed with the proposed registration or disposition, as applicable, of the Equity Interests, then Boron may, at its election, give written notice of such determination to such Shareholders and, thereupon, will be relieved of its obligation to register any Registrable Securities in connection with such registration, or dispose of any Registrable Securities in connection with such Underwritten Offering, as applicable. Such Shareholders shall, subject to Section 2.06(b), enter into a customary underwriting agreement with the Underwriter or Underwriters selected by Boron with respect to any Registrable Securities sold by such Shareholders pursuant to this Section 2.03. No registration of Registrable Securities effected pursuant to a request under this Section 2.03 shall relieve Boron of its obligations under Section 2.01 or Section 2.02.

Section 2.04. Withdrawal of Request for Underwritten Offering or Demand Registration. A requesting Major Silicon Member or, as applicable, requesting Shareholders holding a majority of the Registrable Securities then held by the Shareholders will be permitted to rescind a request for an Underwritten Offering pursuant to a Shelf Registration Statement or a request for a Demand Registration without having to reimburse Boron for any expenses; provided that should a requesting Major Silicon Member or, as applicable, requesting Shareholders holding a majority of the Registrable Securities that previously made such request rescind such request in writing (for the avoidance of doubt, a delay in the timing of an Underwritten Offering or a reduction in the number of Registrable Securities proposed to be offered shall not be deemed a rescission), each such rescinding Major Silicon Member or Shareholder shall promptly reimburse Boron for the reasonable out of pocket expenses incurred by Boron in connection with such request on a pro rata basis in accordance with the number of Registrable Securities that each such Major Silicon Member or Shareholder originally intended to be offered, and following such reimbursement and such request will not count as a request for an Underwritten Offering or Demand Registration for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Major Silicon Members or Shareholders pursuant to Section 2.01 or Section 2.02.

Section 2.05. Reduction of Size of Underwritten Offering. Notwithstanding anything to the contrary contained herein, if the lead Underwriter(s) of an Underwritten Offering advises Boron in writing that, in its

D2-19

Table of Contents

reasonable opinion the number of shares of Boron Common Stock (including any Registrable Securities) that Boron, Shareholders and any other Persons intend to include in any Registration Statement or dispose of pursuant to any Underwritten Offering exceeds the number that can be sold without materially and adversely affecting the price at which the securities can be sold, then the number of shares of Boron Common Stock to be included in the Registration Statement, or disposed of pursuant to such Underwritten Offering, as applicable, for the account of Boron, Shareholders and any other Persons will be reduced to the extent necessary to reduce the total number of securities to be included in any such Registration Statement or disposed of pursuant to such Underwritten Offering, as applicable, to the number recommended by such lead Underwriter(s); provided, however, that such reduction shall be made in accordance with the following priorities:

(a) priority in the case of an Underwritten Offering pursuant to Section 2.01 or a Demand Registration pursuant to Section 2.02 will be (i) first, all Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering or the Demand Registration, as applicable, for the account of the participating Major Silicon Members pursuant to Section 2.01 or Section 2.02, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Major Silicon Members, (ii) second, all Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering or the Demand Registration, as applicable, for the account of the other participating Shareholders pursuant to Section 2.01 or Section 2.02, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, (iii) third, any Boron Common Stock proposed to be offered by Boron for its own account and (iv) fourth, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of shares of Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter;

(b) priority in the case of a registration statement or Underwritten Offering initiated by Boron for its own account which gives rise to a Piggyback Registration pursuant to Section 2.03 will be (i) first, Boron Common Stock proposed to be offered by Boron for its own account, (ii) second, the Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering, as applicable, for the account of the Shareholders pursuant to their registration rights under Section 2.03, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, and (iii) third, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of shares of Boron Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter; and

(c) priority in the case of a registration statement or Underwritten Offering initiated by Boron for the account of holders of Boron Common Stock other than the Shareholders pursuant to registration rights afforded to such holders pursuant to a contractual right with Boron which gives rise to a Piggyback Registration pursuant to Section 2.03 will be (i) first, pro rata among the holders of shares of Boron Common Stock requesting the offering pursuant to such contractual right, (ii) second, Registrable Securities requested to be included in the Registration Statement, or disposed of, pursuant to the Underwritten Offering, as applicable, for the account of the Shareholders pursuant to their registration rights under Section 2.03, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, (iii) third, Boron Common Stock or other Equity Interests offered by Boron for its own account and (iv) fourth, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of Boron Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter.

Section 2.06. Registration Procedures. (a) In connection with the registration of the sale of Registrable Securities pursuant hereto, Boron will as promptly as reasonably practicable:

(i) but no less than five (5) Business Days prior to the initial filing of a Registration Statement, furnish to the relevant Shareholders, prior to the filing of a Registration Statement, copies of such Registration

Statement as it is proposed to be filed, and thereafter such copies of such Registration Statement, each amendment and supplement thereto (in each case including all exhibits thereto, including each preliminary Prospectus), copies of any and all transmittal letters or other correspondence with the SEC relating to such Registration Statement, any agreement with Underwriters related to such offering and such other documents in such quantities as such Shareholders may reasonably request from time to time in order to facilitate the disposition of such Registrable Securities (including in connection with any Underwritten Offering), and give such Shareholders and their Representatives a reasonable opportunity to review and comment on the same prior to filing any such documents, it being understood that Boron shall not file any such Registration Statement containing any statements with respect to the Shareholders or the Plan of Distribution to which the Shareholders shall reasonably object in writing;

(ii) cause Boron's Representatives to supply all information reasonably requested by the relevant Shareholders, any Underwriter or their respective Representatives in connection with the Registration Statement or Underwritten Offering that is customarily provided by issuers and their Representatives in connection with a registration statement or Underwritten Offering;

(iii) use its reasonable best efforts to register or qualify such Registrable Securities under such other securities or blue sky laws of such jurisdictions as the relevant Shareholders reasonably request; provided, however, that Boron shall in no event be required to (w) qualify generally to do business in any jurisdiction where it is not then so qualified, (x) subject itself to taxation in any jurisdiction where it is not otherwise then so subject, (y) take any action that would subject it to service of process in suits other than those arising out of the offer and sale of the securities covered by the Registration Statement or (z) consent to general service of process in any jurisdiction where it is not then so subject;

(iv) notify the relevant Shareholders at any time when a Prospectus relating to Registrable Securities is required to be delivered under the Securities Act, of the happening of any event as a result of which Boron becomes aware that the Prospectus included in a Registration Statement or the Registration Statement or amendment or supplement relating to such Registrable Securities contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and Boron will promptly prepare and file with the SEC a supplement or amendment to such Prospectus and Registration Statement so that, as thereafter delivered to the purchasers of the Registrable Securities, such Prospectus and Registration Statement will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(v) advise the Underwriter(s), if any, and the relevant Shareholders promptly and, if requested by such Persons, confirm such advice in writing, of the issuance by the SEC of any stop order suspending the effectiveness of the Registration Statement under the Securities Act or of the suspension by any state securities commission of the qualification of the Registrable Securities for offering or sale in any jurisdiction, or the initiation of any proceeding for any of the preceding purposes. If at any time the SEC shall issue any stop order suspending the effectiveness of the Registration Statement, or any state securities commission or other regulatory authority shall issue an order suspending the qualification or exemption from qualification of the Registrable Securities under state securities or blue sky laws, Boron shall use its reasonable best efforts to obtain the withdrawal or lifting of such order as promptly as practicable and shall promptly notify the Shareholders in writing of any such withdrawal or lifting of such order;

(vi) use its reasonable best efforts to cause such Registrable Securities to be registered with or approved by such other Governmental Entities as may be necessary by virtue of the business and operations of Boron to enable the relevant Shareholders to consummate the disposition of such Registrable Securities; provided, however, that Boron shall in no event be required to (w) qualify generally to do business in any jurisdiction where it is not then so qualified, (x) subject itself to taxation in any jurisdiction where it is not otherwise then so subject, (y) take any action that would

subject it to service of process in suits other than

those arising out of the offer and sale of the securities covered by the Registration Statement or (z) consent to general service of process in any jurisdiction where it is not then so subject;

(vii) enter into customary agreements (including underwriting agreements) and use reasonable best efforts to take such other actions as are reasonably requested by the relevant Shareholders in order to expedite or facilitate the disposition of such Registrable Securities, including, subject to the provisions of Section 2.01(d) with respect to Underwritten Offerings, preparing for and participating in a road show and other customary selling efforts as the Underwriters, if any, or such Shareholders reasonably request in order to expedite or facilitate such disposition;

(viii) if requested by the relevant Shareholders or the Underwriter(s), if any, promptly include in any Registration Statement or Prospectus, pursuant to a supplement or post-effective amendment if necessary, such information as such Shareholders and such Underwriter(s), if any, may reasonably request to have included therein, including information relating to the Plan of Distribution of the Registrable Securities, information with respect to the number of Registrable Securities being sold to such Underwriter(s), the purchase price being paid therefor and any other terms of the offering of the Registrable Securities to be sold in such offering, and make all required filings of such Prospectus supplement or post-effective amendment as promptly as practicable after Boron is notified of the matters to be included in such Prospectus supplement or post-effective amendment;

(ix) except to the extent prohibited by applicable Law and subject to entry into a customary confidentiality agreement or arrangement, make available, after reasonable advance notice, for inspection by the relevant Shareholders, any Underwriter participating in any disposition of such Registrable Securities and any Representative for such Shareholders and/or such Underwriter (collectively, the Inspectors), during business hours at the offices where such information is normally kept, any financial and other records and corporate documents of Boron (collectively, the Records) as will be reasonably necessary to enable them to conduct reasonable and customary due diligence with respect to Boron and the related Registration Statement and Prospectus and request the Representatives of Boron and its Subsidiaries to supply all information reasonably requested by any such Inspector; provided, however, that Records and information obtained hereunder will be used by such Inspectors only for purposes of conducting such due diligence;

(x) use its reasonable best efforts to obtain and deliver to each Underwriter and each such Shareholder a comfort letter from the independent registered public accounting firm for Boron (and additional comfort letters from the independent registered public accounting firm for any company acquired by Boron whose financial statements are included or incorporated by reference in the Registration Statement) in customary form and covering such matters as are customarily covered by comfort letters as such Underwriter and such Shareholders may reasonably request; provided, however, that if Boron fails to obtain such comfort letter and the relevant offering is abandoned, then such Underwritten Offering or Demand Registration will not count as an Underwritten Offering or Demand Registration, as applicable, for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Shareholders pursuant to Section 2.01 or Section 2.02;

(xi) use its reasonable best efforts to obtain and deliver to each Underwriter and each such Shareholder a 10b-5 statement and legal opinion from Boron's external counsel in customary form and covering such matters as are customarily covered by 10b-5 statements and legal opinions delivered to Underwriters in Underwritten Offerings as such Underwriter and/or such Shareholders may reasonably request; provided, however, that if Boron fails to obtain such statement or opinion and the relevant offering is abandoned, then such Underwritten Offering or Demand Registration will not count as an Underwritten Offering or Demand Registration, as applicable, for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Shareholders pursuant to Section 2.01 or Section 2.02;

(xii) otherwise use its reasonable best efforts to comply with all applicable rules and regulations of the SEC and make generally available to its security holders, within the required time period, an earnings statement covering a period of twelve (12) months, beginning with the first fiscal quarter after the effective

date of the Registration Statement relating to such Registrable Securities (as the term "effective date" is defined in Rule 158(c) under the Securities Act), which earnings statement will satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder or any successor provisions thereto;

(xiii) provide and cause to be maintained a transfer agent and registrar for all Registrable Securities covered by such Registration Statement not later than the effective date of such Registration Statement;

(xiv) cooperate with such Shareholders and the lead Underwriter or Underwriters, if any, to facilitate the timely preparation and delivery of certificates representing the Registrable Securities to be sold under the Registration Statement in a form eligible for deposit with The Depository Trust Company not bearing any restrictive legends and not subject to any stop transfer order with any transfer agent, and cause such Registrable Securities to be issued in such denominations and registered in such names as the lead Underwriter or Underwriters, if any, may request in writing or, if not an Underwritten Offering, in accordance with the instructions of such Shareholders, in each case in connection with the closing of any sale of Registrable Securities;

(xv) not later than the effective date of the applicable Registration Statement, provide a CUSIP number for all Registrable Securities;

(xvi) furnish to each such Shareholder and each Underwriter, if any, without charge, as many conformed copies as such Shareholder or Underwriter may reasonably request of the applicable Registration Statement and any amendment or post-effective amendment thereto, including financial statements and schedules, all documents incorporated therein by reference and all exhibits (including those incorporated by reference);

(xvii) make representations and warranties to such Shareholders and the Underwriters or agents, if any, in form, substance and scope as are customarily made by issuers in secondary offerings;

(xviii) use reasonable best efforts to cooperate with each such Shareholder and each Underwriter, if any, participating in the disposition of such Registrable Securities and their respective counsel in connection with any filings required to be made with FINRA;

(xix) use its reasonable best efforts to cause such Registrable Securities to be listed or quoted on NASDAQ or, if Boron Common Stock is not then listed on NASDAQ, then on such other securities exchange or national quotation system on which the Boron Common Stock is then listed or quoted; and

(xx) take all such other commercially reasonable actions as are necessary or advisable in order to expedite or facilitate the disposition of such Registrable Securities in accordance with the terms hereof.

(b) In connection with the Registration Statement relating to such Registrable Securities covering an Underwritten Offering, Boron and the relevant Shareholders agree to enter into a written agreement with the Underwriters selected in the manner herein provided in such form and containing such provisions as are customary in the securities business for such an arrangement. In the event an Underwritten Offering is not consummated because any condition to the obligations under any related written agreement with such Underwriters is not met or waived, and such failure to be met or waived is not attributable to the fault of the Shareholders, such Underwritten Offering will not count for purposes of determining when future Underwritten Offerings may be requested by Shareholders pursuant to Section 2.01 or Section 2.02.

Section 2.07. Conditions to Offerings. (a) The obligations of Boron to take the actions contemplated by Section 2.01, Section 2.02, Section 2.03 and Section 2.06 with respect to an offering of Registrable Securities will be subject to the

following conditions:

(i) Boron may require the relevant Shareholders to furnish to Boron such information regarding such Shareholders, the Registrable Securities or the distribution of such Registrable Securities as Boron may from time to time reasonably request in writing, in each case to the extent required by the Securities Act and the rules and regulations promulgated thereunder, or under state securities or "blue sky" laws; and

(ii) in any Underwritten Offering, the relevant Shareholders together with Boron and any other holders of Boron's securities proposing to include securities in any Underwritten Offering, will enter into a customary underwriting agreement in accordance with Section 2.06(b) with the Underwriter or Underwriters selected for such underwriting, as well as such other documents customary in similar offerings.

(b) The Shareholders agrees that, upon receipt of any notice from Boron of the happening of any event of the kind described in Section 2.06(a)(iv) or 2.06(a)(v) or a condition described in Section 2.08(a), the Shareholders will forthwith discontinue disposition of such Registrable Securities pursuant to the Registration Statement covering the sale of such Registrable Securities until the Shareholders' receipt of the copies of the supplemented or amended Prospectus contemplated by Section 2.06(a)(iv) or notice from Boron of the termination of the stop order or Suspension Period. In the event Boron gives any such notice, the applicable time period mentioned in Section 2.02(b) during which a Registration Statement is to remain effective will be extended by the number of days during the period from and including the date of the giving of such notice pursuant to this Section 2.07(b) to and including the date when the Shareholders will have received the copies of the supplemented or amended prospectus contemplated by Section 2.06(a)(iv) or notice from Boron of the termination of the stop order or Suspension Period.

(c) Each Shareholder agrees that to the extent timely notified in writing by the Underwriters managing any Underwritten Offering by Boron of shares of Boron Common Stock or any securities convertible into or exchangeable or exercisable for shares of Boron Common Stock, each such Shareholder that is participating in such Underwritten Offering shall agree (the Underwriter's Lockup) not to Transfer any Shares without the prior written consent of Boron or such Underwriters during the period beginning seven (7) days before and ending one hundred twenty (120) days (or, in either case, such lesser period as may be permitted for all Shareholders by Boron or such managing Underwriter or Underwriters) after the pricing date of such Underwritten Offering, subject to any exceptions permitted by such managing Underwriter or Underwriters; provided that any Underwriter's Lockup shall contain customary exceptions providing that such Shareholder and its Affiliates, other than such Shareholder, may engage in brokerage, investment advisory, financial advisory, anti-raid advisory, merger advisory, financing, asset management, trading, market making, arbitrage, principal investing and other similar activities conducted in the ordinary course of their Affiliates' business, other than with respect to the Shares owned by such Shareholder. The Underwriter's Lockup shall provide that if all or a portion of the Shares of any Shareholder is released from an Underwriter's Lockup or all or a portion of the Shares of any other party who entered into a substantially similar agreement with the Underwriters in connection with such Underwritten Offering is released from such agreement, then the same percentage of the shares of each Shareholder shall be released from the Underwriter's Lockup.

Section 2.08. Suspension Period.

(a) Notwithstanding anything to the contrary contained in this Agreement, if the filing, initial effectiveness or continued use of (i) any Shelf Registration Statement for resales of Registrable Securities pursuant to Section 2.01 or Section 2.03 or (ii) any Registration Statement for resales of Registrable Securities pursuant to Section 2.02 or Section 2.03 at any time would, (A) in the good faith judgment of the Board of Directors of Boron, (i) require the disclosure of material non-public information by Boron, the premature disclosure of which at such time would be materially detrimental to Boron, or (ii) require the disclosure in any such Shelf Registration Statement or Registration Statement of a contemplated bona fide material financing, acquisition, corporate reorganization or other similar material transaction or other material event or circumstance affecting Boron, the premature disclosure of which at such time would be materially detrimental to Boron or the holders of Boron Common Stock; or (B) require the inclusion, at that time, in such Shelf Registration Statement or Registration Statement, as applicable, of financial statements of a business to be acquired, or pro forma financial statements reflecting the acquisition of such business, where the business combination has occurred, or is probable, and such financial statements are not then available to Boron for reasons beyond Boron's control; provided, in the case of this clause (B), that Boron shall use its reasonable

best efforts to obtain such financial statements as promptly as practicable, Boron shall be entitled, from time to time, by delivering a certificate

signed by the chief executive officer or the chief financial officer of Boron to the Shareholders certifying to the determination of the board of directors of Boron described above, to require the Shareholders to suspend the use of the Prospectus included in any Shelf Registration Statement or to postpone the filing or suspend the use of any Registration Statement for a reasonable period of time not to exceed sixty (60) days in succession (or a longer period of time with the prior written consent of a majority of the Shareholders, which consent shall not be unreasonably withheld), one hundred and twenty (120) days in the aggregate in any one-year period or three (3) times in any one-year period (a Suspension Period); provided that Boron shall not register any securities for sale for its own account or that of any other shareholder during any Suspension Period. In the event of any such suspension pursuant to this Section 2.08(a), Boron shall furnish to the Shareholders a written notice setting forth the estimated length of the anticipated delay. Boron will use reasonable best efforts to limit the length of any Suspension Period and shall notify the Shareholders promptly upon the termination of the Suspension Period. Notice of the commencement of a Suspension Period shall simply specify such commencement and shall not contain any facts or circumstances relating to such commencement or any material non-public information. Boron shall respond promptly to reasonable inquiry by a Shareholder as to such facts and circumstances. Upon notice by Boron to the Shareholders of any determination to commence a Suspension Period, the Shareholders shall keep the fact of any such Suspension Period strictly confidential, and during any Suspension Period, promptly halt any offer, sale, trading or transfer of any Boron Common Stock pursuant to such Prospectus for the duration of the Suspension Period until (x) the Suspension Period has expired or, if earlier (y) Boron has provided notice that the Suspension Period has been terminated.

(b) After the expiration of any Suspension Period and without any further request from a Shareholder, Boron shall as promptly as reasonably practicable prepare a Registration Statement or post-effective amendment or supplement to the applicable shelf Registration Statement or Prospectus, or any document incorporated therein by reference, or file any other required document so that, as thereafter delivered to purchasers of the Registrable Securities included therein, if necessary so that the Prospectus will not include a material misstatement or omission or be not effective and useable for resale of Registrable Securities.

Section 2.09. Registration Expenses. Subject to Section 2.04, all fees and expenses incurred by Boron in effecting any registration pursuant to this Article II, including all fees and expenses incurred in complying with securities or blue sky laws, printing expenses, any registration or filing fees payable under any federal or state securities or blue sky laws, the fees and expenses incurred in connection with any listing or quoting of the securities to be registered on any national securities exchange or automated quotation system, fees of FINRA, fees and disbursements of counsel for Boron, fees and disbursements of one counsel for the holders of Registrable Securities whose shares are included in a Registration Statement or Underwritten Offering, which counsel shall be selected by the holders of a majority of the Registrable Securities being sold pursuant to such Registration Statement or Underwritten Offering, and fees and expenses of Boron's independent registered certified public accounting firm, will be borne by Boron; provided, however, that the Shareholders will bear and pay any underwriting discounts, fees and commissions of any Underwriters and transfer taxes and any expenses required by applicable Law to be paid by a selling shareholder, in each case with respect to Registrable Securities offered for the Shareholders' account pursuant to any Registration Statement.

Section 2.10. Rules 144 and 144A and Regulation S. Boron covenants that it will use reasonable best efforts to file the reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the SEC thereunder and it will use reasonable best efforts to take any such further action promptly as reasonably requested, all to the extent required from time to time to enable the Shareholders to sell Registrable Securities without registration under the Securities Act pursuant to (i) Rules 144, 144A or Regulation S under the Securities Act, as such provisions may be amended from time to time, or (ii) any similar rule or regulation hereafter adopted by the SEC. Upon the reasonable request of a Shareholder, Boron will deliver to such Shareholder a written statement as to whether it has complied with such requirements and, if not, the specifics thereof.

Section 2.11. **Indemnification; Contribution.** (a) In connection with any registration of Registrable Securities or Underwritten Offering pursuant to Section 2.01, Section 2.02 or Section 2.03, Boron will indemnify, defend and hold harmless each Shareholder, its Affiliates, directors, officers, shareholders and employees and each Person who controls such Shareholders within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act (collectively, the Indemnified Persons) from and against any and all Losses caused by any untrue or alleged untrue statement of material fact contained or incorporated by reference in any part of any Registration Statement or any Prospectus, including any amendment or supplement thereto, used in connection with the Registrable Securities, or any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, in the light of the circumstances under which they were made) not misleading; provided, however, that Boron will not be required to indemnify any Indemnified Person for any such Loss arising out of or with respect to sales pursuant to the Registration Statement or Prospectus based upon information in the Registration Statement or Prospectus that was represented by Silicon or Silicon Holdings as true and correct in the Merger Agreement, and with respect to which Boron would not have been reasonably expected to discover the failure of such information to be true and correct prior to the date of such sales.

(b) In connection with any Registration Statement or Prospectus, the Shareholders who sell Registrable Securities pursuant to such Registration Statement or Prospectus will severally but not jointly indemnify, defend and hold harmless Boron, its directors, its officers, its employees and each Person, if any, who controls Boron (within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act) to the same extent as the foregoing indemnity from Boron to the Shareholders, but only with respect to information arising out of or based upon information furnished in writing by such Shareholder or on such Shareholder's behalf (in each case, in its capacity as a Shareholder), in either case expressly for use in any Registration Statement or any Prospectus, including any amendment or supplement thereto.

(c) In case any claim, action or proceeding (including any governmental investigation) is instituted involving any Person in respect of which indemnity may be sought pursuant to Section 2.11(a) or Section 2.11(b), such Person (the Indemnified Party) will promptly notify the Person against whom such indemnity may be sought (the Indemnifying Party) in writing and the Indemnifying Party shall be entitled to participate therein and, to the extent it shall wish, to assume the defense thereof with counsel reasonably satisfactory to the Indemnified Party and will pay the fees and disbursements of such counsel related to such proceeding; provided, however, that the failure or delay to give such notice shall not relieve the Indemnifying Party of its obligations pursuant to this Agreement except to the extent that it shall be determined by a court of competent jurisdiction that such Indemnifying Party has been prejudiced by such failure or delay. In any such claim, action or proceeding, the Indemnified Party shall have the right, but not the obligation, to participate in any such defense and to retain its own counsel, but the fees and expenses of such counsel will be at the expense of such Indemnified Party unless (i) the Indemnifying Party and the Indemnified Party have mutually agreed to the retention of such counsel, (ii) the Indemnifying Party fails to assume the defense of the claim, action or proceeding within fifteen (15) Business Days following receipt of notice from the Indemnified Party or (iii) the Indemnified Party and the Indemnifying Party are both actual or potential defendants in, or targets of, any such action and the Indemnified Party has been advised by counsel that representation of both parties by the same counsel would be inappropriate due to actual or potential conflicting interests between them. It is understood that the Indemnifying Party will not, in connection with any claim, action or proceeding or related claims, actions or proceedings in the same jurisdiction, be liable for the reasonable fees and expenses of more than one (1) separate firm of attorneys (in addition to any local counsel) at any time for all such Indemnified Parties and that all such reasonable fees and expenses will be reimbursed as they are incurred. In the case of the retention of any such separate firm for the Indemnified Parties, such firm will be designated in writing by the Indemnified Parties. The Indemnifying Party will not be liable for any settlement of any claim, action or proceeding effected without its written consent (which consent shall not be unreasonably withheld, conditioned or delayed), but if such claim, action or proceeding is settled with such consent or if there has been a final judgment for the plaintiff, the Indemnifying Party agrees to indemnify the

Indemnified Party from and against any Loss by reason of such settlement or judgment. No Indemnifying Party will, without the prior written consent of the Indemnified Party,

D2-26

Table of Contents

settle, compromise or offer to settle or compromise any pending or threatened proceeding in respect of which any Indemnified Party is seeking indemnity hereunder, unless such settlement includes (i) an unconditional release of such Indemnified Party from all liability in connection with such proceeding, (ii) no finding or admission of any violation of Law or any violation of the rights of any Person by the Indemnified Party or any of its Affiliates can be made as the result of such action and (iii) the sole relief (if any) provided is monetary damages that are reimbursed in full by the Indemnifying Party.

(d) If the indemnification provided for in this Section 2.11 from the Indemnifying Party is unavailable to an Indemnified Party hereunder or is insufficient in respect of any Losses referred to in this Section 2.11, then the Indemnifying Party, in lieu of indemnifying such Indemnified Party, will contribute to the amount paid or payable by such Indemnified Party as a result of such Losses (i) in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party and Indemnified Party in connection with the actions that resulted in such Losses, as well as any other relevant equitable considerations, or (ii) if the allocation provided by clause (i) is not permitted by applicable Law, in such proportion as is appropriate to reflect not only the relative fault referred to in clause (i) but also the relative benefit of Boron, on the one hand, and such Shareholder, on the other, in connection with the statements or omissions that resulted in such Losses, as well as any other relevant equitable considerations. The relative fault of such Indemnifying Party and Indemnified Party will be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, has been taken by, or relates to information supplied by, such Indemnifying Party or Indemnified Party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such action, statement or omission. The amount paid or payable by a party as a result of the Losses referred to above will be deemed to include, subject to the limitations set forth in Section 2.11(c), any reasonable legal or other out of pocket fees or expenses reasonably incurred by such party in connection with any investigation or proceeding.

(e) The parties agree that it would not be just and equitable if contribution pursuant to Section 2.11(d) were determined by pro rata allocation or by any other method of allocation that does not take into account the equitable considerations referred to in Section 2.11(d). No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) will be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. In no event shall any Shareholder be obligated to provide indemnification or contribution in excess of the net aggregate proceeds received from the sale of Registrable Securities pursuant to the applicable Registration Statement or Prospectus.

Section 2.12. **Termination**. The provisions in this Article II shall terminate with respect to each individual Shareholder on the first date when such Shareholder no longer holds any Registrable Securities.

Section 2.13. **Participating Shareholder**. By written notice delivered to Boron, any Shareholder (an **Opting-Out Shareholder**) may elect to waive its right to participate in Underwritten Offerings and to be a Piggyback Shareholder and participate in a Piggyback Registration (**Section 2.13 Opt-Out**), until such time as the written notice is rescinded in writing. During such time as a Section 2.13 Opt-Out is in effect: (a) the Opting-Out Shareholder shall not receive notices of any proposed Underwritten Offering or Piggyback Registration, (b) shall not be entitled to participate in any such Underwritten Offering pursuant to Section 2.01(d) or Section 2.02(a), or Piggyback Registration pursuant to Section 2.03, and (c) shall not be subject to Section 2.07(c).

Section 2.14. **No Waiver**. Notwithstanding anything to the contrary contained herein, nothing in this Annex B shall be deemed a waiver by Boron of any restrictions on the Transfer of any Registrable Securities.

Section 2.15. Limitations on Subsequent Registration Rights. From and after the date of this Agreement, Boron shall not, without the prior written consent of Shareholders holding a majority of the Registrable Securities then held by the Shareholders, enter into any agreement with any holder or prospective holder of any Equity Interests that is inconsistent with the terms of this Agreement, including an agreement that would provide to such holder the right to include Equity Interests in any registration on other than (a) a pro rata basis with

respect to the Registrable Securities or (b) on a subordinate basis after all applicable Shareholders have had the opportunity to include in the registration and offering all shares of Registrable Securities that they wish to so include. Boron is not a party to any agreement or arrangement providing registration rights to any other Person as of the date hereof.

Section 2.16. Recapitalizations, Exchanges Affecting the Registrable Securities. The provisions of this Agreement shall apply, to the full extent set forth herein, with respect to the Registrable Securities, to any and all shares of stock of Boron or any successor or assign of Boron (whether by merger, consolidation, sale of assets or otherwise) which may be issued in respect of, in exchange for, or in substitution of the Registrable Securities, by reason of a stock dividend, stock split, stock issuance, reverse stock split, combination, recapitalization, reclassification, merger, consolidation or otherwise. Upon the occurrence of any of such events, amounts hereunder shall be appropriately adjusted.

Ladies and Gentlemen:

Reference is made to the Agreement and Plan of Merger, dated as of the date hereof, by and among SKBHC Holdings LLC, a Delaware limited liability company (Holdings), Starbuck Bancshares, Inc., a Minnesota corporation (Silicon), and Banner Corporation, a Washington corporation (Boron) (such agreement, the Merger Agreement). Certain capitalized terms used in this investor letter agreement shall have the meanings ascribed to such terms in Section 7.

The undersigned, collectively a Major Silicon Member (the Subject Sellers), will receive at the Effective Time cash and shares of Boron Common Stock and Boron Non-Voting Common Stock as part of the Merger Consideration (such shares, the Merger Consideration Shares). In order to induce Boron to enter into the Merger Agreement and for other good and valuable consideration, the Subject Sellers and Boron have entered into this investor letter agreement (this Agreement). Boron has provided to the Subject Sellers true and complete copies of the investor letter agreements to be entered contemporaneously herewith by the other Major Silicon Members and Boron.

1. Commitment to Comply with Requirements of Regulatory Agencies and Governmental Entities. The Subject Sellers shall (a) if required by the staff of the Federal Reserve Board in connection with obtaining the Requisite Regulatory Approvals, promptly deliver to the Federal Reserve Board executed passivity and anti-association commitments substantially in the form attached hereto as Annex A (or in such other form as may be reasonably required by the Federal Reserve Board that is no less favorable in any material respect to the Subject Sellers than the commitments attached hereto as Annex A) and (b) if required by the staff of the Federal Reserve Board or FDIC, use its commercially reasonable efforts to promptly provide directly to the Federal Reserve Board or FDIC, as applicable, such information about the Subject Sellers as is reasonable and customary in connection with obtaining the Requisite Regulatory Approvals. The Subject Sellers shall not be required to provide any information specified in the foregoing clause (b) directly to Silicon, Boron or any other Silicon Shareholder. Notwithstanding anything herein to the contrary, except as set forth in the first sentence of this Section 1, the Subject Sellers and their Affiliates (other than, to avoid doubt, Holdings and its Subsidiaries) shall not be required to file any applications, notices, petitions or filings with, or seek any permits, consents or approvals, or authorizations from, any Regulatory Agency or Governmental Entity in connection with the transactions contemplated by the Merger Agreement or the Bank Merger. The failure of any Affiliate (including any Affiliate not listed on Annex D) of the Subject Sellers to execute and deliver passivity and anti-association commitments in the form required to be delivered by the Subject Sellers pursuant to this Section 1 by any Controlled Affiliate of the Subject Sellers not a party hereto shall be deemed a breach of this Section 1 by the Subject Sellers.

2. Transfer Restrictions.

(a) Each Subject Seller agrees to the following terms and conditions regarding such Subject Seller's ownership of the Merger Consideration Shares:

- (i) Such Subject Seller shall not Transfer any Holdings Common Interests or Holdings Management Units (in each case other than through the exercise or conversion of any such securities pursuant

D3-1

to their terms or the terms of the Merger Agreement) between the date hereof and the Closing, other than Transfers to a Controlled Affiliate of such Person that agrees to be bound by the provisions of this Agreement as if it were a Subject Seller hereunder (a Permitted Transferee).

- (ii) Neither such Subject Seller nor any of its Permitted Transferees shall Transfer any of the Merger Consideration Shares, other than to a Permitted Transferee, prior to the date that is thirty (30) days after the Closing Date (the Lockup Termination Date).
- (iii) In the event that following the date hereof and prior to the Lockup Termination Date any Permitted Transferee ceases to be a Controlled Affiliate of the applicable Transferring Seller, then any prior Transfer to such Person pursuant to such exception in (i) or (ii) above shall become null and void and ownership and title to any such securities so Transferred shall revert to such applicable Transferring Seller. Such Subject Seller shall promptly, and in any event no later than five (5) Business Days, notify Boron in writing following any Transfer to a Permitted Transferee.
- (iv) From and after the Lockup Termination Date, such Subject Seller shall not Transfer any shares of Boron Common Stock received as part of the Merger Consideration to any Person or Group who, to such Subject Seller's Knowledge, after giving effect to such Transfer, would beneficially own eight percent (8%) or more of the outstanding shares of Boron Common Stock; provided that the restriction shall not apply to Transfers effected through an Underwritten Offering (as defined in Annex B hereto) pursuant to an exercise of the registration rights provided for in Annex B hereto, to any Person or Persons pursuant to Rule 144 (as defined in Annex B hereto) or to a Transfer to any Person or Persons not Affiliated with such Subject Seller who are acquiring majority control of Boron in a (i) merger or similar business combination transaction or (ii) a tender offer approved or recommended by the Board of Directors of Boron.

(b) Each Subject Seller shall not, directly or indirectly, without Boron's prior written consent:

- (i) acquire beneficial ownership of any shares of Boron Common Stock if, after such acquisition, the Subject Sellers in the aggregate would beneficially own a number of shares of Boron Common Stock and Boron Non-Voting Common Stock equal to ten percent (10%) or more of the number of outstanding shares of Boron Common Stock (as reported in the most recent Boron Report publicly filed under the Exchange Act);
- (ii) make, or in any way participate, directly or indirectly, in any solicitation of proxies to vote (as such terms are used in the rules of the SEC), or seek to advise or influence any Person with respect to the voting of any voting securities of Boron;

(ii) if on the Lockup Termination Date, Boron is not a well-known seasoned issuer but is eligible to file a 415 Shelf Registration Statement, Boron will file, as promptly as practicable on or after the Lockup Termination Date (but in any event within fifteen (15) Business Days thereafter), a 415 Shelf Registration Statement useable for the resale of Registrable Securities under the Securities Act from and after the Lockup Termination Date, in accordance with the methods of distribution elected by such Shareholders and shall use its reasonable best efforts to cause such 415 Shelf Registration Statement to become effective under the Securities Act not later than the Lockup Termination Date. Such 415 Shelf Registration Statement shall contain any intended methods of distribution of the Shares specified in writing by any Shareholder and contemplated hereby.

(b) Continued Effectiveness. Until the earlier of (i) such time as all Registrable Securities cease to be Registrable Securities or (ii) Boron is no longer eligible to maintain a Shelf Registration Statement, Boron will keep current and effective any Shelf Registration Statement filed pursuant to Section 2.01(a), and file such supplements or amendments to such Shelf Registration Statement as may be necessary or appropriate in order to keep such Shelf Registration Statement continuously effective and useable for the resale of Registrable Securities under the Securities Act. In the event that Boron is no longer eligible to maintain a Shelf Registration Statement, Boron shall provide written notice to the Shareholders of such ineligibility within two (2) Business Days of the date on which Boron becomes aware of such ineligibility. Boron shall use reasonable best efforts to cause the Registrable Securities to, on or prior to the Lockup Termination Date, be qualified for trading on any securities exchange on which the Boron Common Stock is listed or quoted.

(c) Use of Shelf Registration Statement. Following the Lockup Termination Date, each Shareholder shall have the right to use any Shelf Registration Statement then effective to Transfer all or a portion of its Registrable Securities (i) in an unrestricted number of brokered transactions and (ii) Underwritten Offerings in accordance with Section 2.01(d).

(d) Underwritten Offerings pursuant to Shelf Registration Statement. Upon the receipt by Boron of a written request from (i) any Major Silicon Member that desires to sell Registrable Securities in an Underwritten Offering that is not a Marketed Underwritten Offering or (ii) a majority of the Registrable Securities then held by the Major Silicon Members with respect to a Marketed Underwritten Offering, in each case pursuant to a Shelf Registration Statement, Boron will give written notice of such request to all other Shareholders, which notice shall be given in any event within three (3) Business Days of the date on which Boron received the initial request. Any other Shareholders that desire to sell Registrable Securities in such Underwritten Offering shall give written notice to Boron within ten (10) Business Days after the date Boron gave such other Shareholders notice of the such initial request specifying the number of Registrable Securities proposed by such Shareholder to be included in such Underwritten Offering. A Shareholder may change the number of Registrable Securities proposed to be offered in any such Underwritten Offering at any time prior to commencement of such offering so long as such change would not materially adversely affect the timing or success of such Underwritten Offering; provided, however, that Boron shall be entitled to reasonably delay an Underwritten Offering to the extent resulting from such change. Boron will cooperate with such Shareholders and any Underwriter in effecting an Underwritten Offering pursuant to the Shelf Registration Statement as promptly as reasonably practicable with respect to all such Registrable Securities, subject to the limitations and conditions with respect to Underwritten Offerings (the Underwritten Offering Limitations):

(i) Boron shall not be required to effect more than eight (8) Underwritten Offerings in the aggregate, of which no more than three (3) may be Marketed Underwritten Offerings.

(ii) Boron shall not be required to effect (A) any Marketed Underwritten Offering within one hundred and eighty (180) days after another Marketed Underwritten Offering, and (B) any Underwritten Offering within ninety (90) days after another Underwritten Offering.

(iii) Boron shall not be required to effect any Underwritten Offering unless the aggregate gross proceeds expected to be received from the sale of Registrable Securities in such offering is at least \$50 million.

(iv) With respect to a Marketed Underwritten Offering only, the relevant Major Silicon Members, on the one hand, and, Boron, on the other hand, shall each be entitled to select one nationally recognized investment banking firm to serve as a lead Underwriter, with each of the two such lead Underwriters to be treated substantially the same in all respects (including underwriting discounts, fees and commissions) in respect of such Marketed Underwritten Offering, and the relevant Major Silicon Members shall have the right to select any additional Underwriters in connection with the Marketed Underwritten Offering; provided that any such additional Underwriter must be reasonably acceptable to Boron.

(v) With respect to an Underwritten Offering that is not a Marketed Underwritten Offering, the relevant Major Silicon Members shall be entitled to select the nationally recognized investment banking firm to serve as a lead Underwriter and, if applicable, any additional Underwriters.

(e) Effect on Demand Registration Obligations. The provisions of Section 2.02 shall not apply at any time Boron is eligible to file and maintain the effectiveness of a Shelf Registration Statement and so maintains the effectiveness of such Shelf Registration Statement.

Section 2.02. Demand Registration.

(a) Demand by Shareholders. If at any time after the Lockup Termination Date and prior to Boron effecting eight (8) Underwritten Offerings pursuant to Section 2.01(d), Boron is no longer eligible to use a Shelf Registration Statement, within ninety (90) days after the written request of Shareholders holding a majority of the Registrable Securities then held by the Shareholders to register the resale of a specified amount of the Registrable Securities under the Securities Act pursuant to an Underwritten Offering (a Demand Notice), Boron will (i) give written notice of such request to all other Shareholders (which notice shall be given in any event within three (3) Business Days of the date on which Boron received the applicable Demand Notice) and will use its reasonable best efforts to register, in accordance with the provisions of this Agreement, all Registrable Securities that have been requested to be registered in the Demand Notice or by any other Shareholders by written notice to Boron given within ten (10) Business Days after the date Boron gave such other Shareholders notice of the Demand Notice (collectively, the Demand Shareholders) and (ii) will file a Registration Statement, on an appropriate form which Boron is then eligible to use, to register the resale of such Registrable Securities in an Underwritten Offering (each such registration, a Demand Registration). Each Demand Notice will specify the number of Registrable Securities proposed to be offered for sale. The Demand Shareholders may change the number of Registrable Securities proposed to be offered pursuant to any Demand Registration at any time prior to commencement of the offering so long as such change would not materially adversely affect the timing or success of the offering. Subject to Section 2.05 and with the written consent of Shareholders holding a majority of the Registrable Securities included in the Demand Registration (such consent not to be unreasonably withheld), Boron may include in any registration effected pursuant this Section 2.02 any securities for its own account or for the account of holders of Boron Common Stock (other than the Shareholders).

(b) Effective Registration. Boron will use its reasonable best efforts to (i) cause any Registration Statement filed in connection with a Demand Registration to be declared effective (unless it becomes effective automatically upon filing) as promptly as practicable after the filing thereof with the SEC and (ii) keep such Registration Statement current and effective for a period of not less than ninety (90) days or such longer period as, based upon the opinion of counsel for the underwriters, a prospectus is required by law to be delivered in connection with the sale of Registrable Securities by an underwriter or dealer. Boron further agrees to supplement or make amendments to each such Registration Statement as may be necessary to keep such Registration Statement effective for the period referred to in clause (ii) above, including (A) to respond to the comments of the SEC, if any, (B) as may be required by the registration form utilized by Boron for such Registration Statement or by the instructions to such registration form, (C) as may be required by the Securities Act or (D) as may be reasonably requested in writing by the Demand

Shareholders or any Underwriter and reasonably acceptable to Boron.

(c) Limitations. Boron's obligations in this Section 2.02 shall be subject to the Underwritten Offering Limitations.

Section 2.03. Piggyback Registration. If at any time after the Lockup Termination Date and in addition to the Shareholders' rights in Section 2.01 and Section 2.02, Boron proposes to file a registration statement under the Securities Act or consummate an Underwritten Offering with respect to an offering of Equity Interests for (a) Boron's own account (other than a Registration Statement on Form S-4 or S-8 (or any substitute form that may be adopted by the SEC)) or (b) the account of any holder of Boron Common Stock (other than a Shareholder), then Boron shall give written notice of such proposed filing or Underwritten Offering to the Shareholders as soon as practicable (but in no event less than ten (10) Business Days before the anticipated filing date). Upon a written request given by any Shareholders to Boron within five (5) Business Days after delivery of any such notice by Boron, to include Registrable Securities in such registration or Underwritten Offering, as applicable (which request shall specify the number of Registrable Securities proposed to be included in such registration or Underwritten Offering, as applicable), Boron shall, subject to the following proviso, include all such requested Registrable Securities in such registration or Underwritten Offering, as applicable, on the same terms and conditions as applicable to Boron's or such holder's shares of Boron Common Stock (a Piggyback Registration); provided, however, that if at any time after giving written notice of such proposed filing or Underwritten Offering, as applicable, and prior to the effective date of the Registration Statement filed in connection with such registration, or the consummation of such Underwritten Offering, as applicable, Boron shall determine for any reason not to proceed with the proposed registration or disposition, as applicable, of the Equity Interests, then Boron may, at its election, give written notice of such determination to such Shareholders and, thereupon, will be relieved of its obligation to register any Registrable Securities in connection with such registration, or dispose of any Registrable Securities in connection with such Underwritten Offering, as applicable. Such Shareholders shall, subject to Section 2.06(b), enter into a customary underwriting agreement with the Underwriter or Underwriters selected by Boron with respect to any Registrable Securities sold by such Shareholders pursuant to this Section 2.03. No registration of Registrable Securities effected pursuant to a request under this Section 2.03 shall relieve Boron of its obligations under Section 2.01 or Section 2.02.

Section 2.04. Withdrawal of Request for Underwritten Offering or Demand Registration. A requesting Major Silicon Member or, as applicable, requesting Shareholders holding a majority of the Registrable Securities then held by the Shareholders will be permitted to rescind a request for an Underwritten Offering pursuant to a Shelf Registration Statement or a request for a Demand Registration without having to reimburse Boron for any expenses; provided that should a requesting Major Silicon Member or, as applicable, requesting Shareholders holding a majority of the Registrable Securities that previously made such request rescind such request in writing (for the avoidance of doubt, a delay in the timing of an Underwritten Offering or a reduction in the number of Registrable Securities proposed to be offered shall not be deemed a rescission), each such rescinding Major Silicon Member or Shareholder shall promptly reimburse Boron for the reasonable out of pocket expenses incurred by Boron in connection with such request on a pro rata basis in accordance with the number of Registrable Securities that each such Major Silicon Member or Shareholder originally intended to be offered, and following such reimbursement and such request will not count as a request for an Underwritten Offering or Demand Registration for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Major Silicon Members or Shareholders pursuant to Section 2.01 or Section 2.02.

Section 2.05. Reduction of Size of Underwritten Offering. Notwithstanding anything to the contrary contained herein, if the lead Underwriter(s) of an Underwritten Offering advises Boron in writing that, in its reasonable opinion the number of shares of Boron Common Stock (including any Registrable Securities) that Boron, Shareholders and any other Persons intend to include in any Registration Statement or dispose of pursuant to any Underwritten Offering exceeds the number that can be sold without materially and adversely affecting the price at which the securities can be sold, then the number of shares of Boron Common Stock to be included in the Registration Statement, or disposed of pursuant to such Underwritten Offering, as applicable, for the account of Boron, Shareholders and any other Persons

will be reduced to the extent necessary to reduce the total number of securities to be included in any such Registration Statement or disposed of pursuant to such Underwritten

Offering, as applicable, to the number recommended by such lead Underwriter(s); provided, however, that such reduction shall be made in accordance with the following priorities:

(a) priority in the case of an Underwritten Offering pursuant to Section 2.01 or a Demand Registration pursuant to Section 2.02 will be (i) first, all Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering or the Demand Registration, as applicable, for the account of the participating Major Silicon Members pursuant to Section 2.01 or Section 2.02, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Major Silicon Members, (ii) second, all Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering or the Demand Registration, as applicable, for the account of the other participating Shareholders pursuant to Section 2.01 or Section 2.02, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, (iii) third, any Boron Common Stock proposed to be offered by Boron for its own account and (iv) fourth, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of shares of Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter;

(b) priority in the case of a registration statement or Underwritten Offering initiated by Boron for its own account which gives rise to a Piggyback Registration pursuant to Section 2.03 will be (i) first, Boron Common Stock proposed to be offered by Boron for its own account, (ii) second, the Registrable Securities requested to be included in the Registration Statement, or disposed of pursuant to the Underwritten Offering, as applicable, for the account of the Shareholders pursuant to their registration rights under Section 2.03, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, and (iii) third, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of shares of Boron Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter; and

(c) priority in the case of a registration statement or Underwritten Offering initiated by Boron for the account of holders of Boron Common Stock other than the Shareholders pursuant to registration rights afforded to such holders pursuant to a contractual right with Boron which gives rise to a Piggyback Registration pursuant to Section 2.03 will be (i) first, pro rata among the holders of shares of Boron Common Stock requesting the offering pursuant to such contractual right, (ii) second, Registrable Securities requested to be included in the Registration Statement, or disposed of, pursuant to the Underwritten Offering, as applicable, for the account of the Shareholders pursuant to their registration rights under Section 2.03, pro rata on the basis of the aggregate number of Registrable Securities sought to be registered or disposed of by such Shareholders, (iii) third, Boron Common Stock or other Equity Interests offered by Boron for its own account and (iv) fourth, pro rata among any other holders of shares of Boron Common Stock requested to be registered, or disposed of, as applicable, so that the total number of Boron Common Stock to be included in any such offering for the account of all such Persons will not exceed the number recommended by such lead Underwriter.

Section 2.06. Registration Procedures. (a) In connection with the registration of the sale of Registrable Securities pursuant hereto, Boron will as promptly as reasonably practicable:

(i) but no less than five (5) Business Days prior to the initial filing of a Registration Statement, furnish to the relevant Shareholders, prior to the filing of a Registration Statement, copies of such Registration Statement as it is proposed to be filed, and thereafter such copies of such Registration Statement, each amendment and supplement thereto (in each case including all exhibits thereto, including each preliminary Prospectus), copies of any and all transmittal letters or other correspondence with the SEC relating to such Registration Statement, any agreement with Underwriters related

to such offering and such other documents in such quantities as such Shareholders may reasonably request from time to time in order to facilitate the disposition of such Registrable Securities (including in connection with any Underwritten Offering), and give such Shareholders and their Representatives a reasonable opportunity to review and comment on the

(iii) use its reasonable best efforts to register or qualify such Registrable Securities under such other securities or blue sky laws of such jurisdictions as the relevant Shareholders reasonably request; provided, however, that Boron shall in no event be required to (w) qualify generally to do business in any jurisdiction where it is not then so qualified, (x) subject itself to taxation in any jurisdiction where it is not otherwise then so subject, (y) take any action that would subject it to service of process in suits other than those arising out of the offer and sale of the securities covered by the Registration Statement or (z) consent to general service of process in any jurisdiction where it is not then so subject;

(iv) notify the relevant Shareholders at any time when a Prospectus relating to Registrable Securities is required to be delivered under the Securities Act, of the happening of any event as a result of which Boron becomes aware that the Prospectus included in a Registration Statement or the Registration Statement or amendment or supplement relating to such Registrable Securities contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and Boron will promptly prepare and file with the SEC a supplement or amendment to such Prospectus and Registration Statement so that, as thereafter delivered to the purchasers of the Registrable Securities, such Prospectus and Registration Statement will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(v) advise the Underwriter(s), if any, and the relevant Shareholders promptly and, if requested by such Persons, confirm such advice in writing, of the issuance by the SEC of any stop order suspending the effectiveness of the Registration Statement under the Securities Act or of the suspension by any state securities commission of the qualification of the Registrable Securities for offering or sale in any jurisdiction, or the initiation of any proceeding for any of the preceding purposes. If at any time the SEC shall issue any stop order suspending the effectiveness of the Registration Statement, or any state securities commission or other regulatory authority shall issue an order suspending the qualification or exemption from qualification of the Registrable Securities under state securities or blue sky laws, Boron shall use its reasonable best efforts to obtain the withdrawal or lifting of such order as promptly as practicable and shall promptly notify the Shareholders in writing of any such withdrawal or lifting of such order;

(vi) use its reasonable best efforts to cause such Registrable Securities to be registered with or approved by such other Governmental Entities as may be necessary by virtue of the business and operations of Boron to enable the relevant Shareholders to consummate the disposition of such Registrable Securities; provided, however, that Boron shall in no event be required to (w) qualify generally to do business in any jurisdiction where it is not then so qualified, (x) subject itself to taxation in any jurisdiction where it is not otherwise then so subject, (y) take any action that would subject it to service of process in suits other than those arising out of the offer and sale of the securities covered by the Registration Statement or (z) consent to general service of process in any jurisdiction where it is not then so subject;

(vii) enter into customary agreements (including underwriting agreements) and use reasonable best efforts to take such other actions as are reasonably requested by the relevant Shareholders in order to expedite or facilitate the disposition of such Registrable Securities, including, subject to the provisions of Section 2.01(d) with respect to Underwritten

(x) use its reasonable best efforts to obtain and deliver to each Underwriter and each such Shareholder a comfort letter from the independent registered public accounting firm for Boron (and additional comfort letters from the independent registered public accounting firm for any company acquired by Boron whose financial statements are included or incorporated by reference in the Registration Statement) in customary form and covering such matters as are customarily covered by comfort letters as such Underwriter and such Shareholders may reasonably request; provided, however, that if Boron fails to obtain such comfort letter and the relevant offering is abandoned, then such Underwritten Offering or Demand Registration will not count as an Underwritten Offering or Demand Registration, as applicable, for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Shareholders pursuant to Section 2.01 or Section 2.02;

(xi) use its reasonable best efforts to obtain and deliver to each Underwriter and each such Shareholder a 10b-5 statement and legal opinion from Boron's external counsel in customary form and covering such matters as are customarily covered by 10b-5 statements and legal opinions delivered to Underwriters in Underwritten Offerings as such Underwriter and/or such Shareholders may reasonably request; provided, however, that if Boron fails to obtain such statement or opinion and the relevant offering is abandoned, then such Underwritten Offering or Demand Registration will not count as an Underwritten Offering or Demand Registration, as applicable, for purposes of determining when future Underwritten Offerings or Demand Registrations may be requested by Shareholders pursuant to Section 2.01 or Section 2.02;

(xii) otherwise use its reasonable best efforts to comply with all applicable rules and regulations of the SEC and make generally available to its security holders, within the required time period, an earnings statement covering a period of twelve (12) months, beginning with the first fiscal quarter after the effective date of the Registration Statement relating to such Registrable Securities (as the term effective date is defined in Rule 158(c) under the Securities Act), which earnings statement will satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder or any successor provisions thereto;

(xvii) make representations and warranties to such Shareholders and the Underwriters or agents, if any, in form, substance and scope as are customarily made by issuers in secondary offerings;

In the event an Underwritten Offering is not consummated because any condition to the obligations under any related written agreement with such Underwriters is not met or waived, and such failure to be met or waived is not attributable to the fault of the Shareholders, such Underwritten Offering will not count for purposes of determining when future Underwritten Offerings may be requested by Shareholders pursuant to Section 2.01 or Section 2.02.

Section 2.07. Conditions to Offerings. (a) The obligations of Boron to take the actions contemplated by Section 2.01, Section 2.02, Section 2.03 and Section 2.06 with respect to an offering of Registrable Securities will be subject to the following conditions:

(i) Boron may require the relevant Shareholders to furnish to Boron such information regarding such Shareholders, the Registrable Securities or the distribution of such Registrable Securities as Boron may from time to time reasonably request in writing, in each case to the extent required by the Securities Act and the rules and regulations promulgated thereunder, or under state securities or blue sky laws; and

(ii) in any Underwritten Offering, the relevant Shareholders together with Boron and any other holders of Boron's securities proposing to include securities in any Underwritten Offering, will enter into a customary underwriting agreement in accordance with Section 2.06(b) with the Underwriter or Underwriters selected for such underwriting, as

well as such other documents customary in similar offerings.

(b) The Shareholders agrees that, upon receipt of any notice from Boron of the happening of any event of the kind described in Section 2.06(a)(iv) or 2.06(a)(v) or a condition described in Section 2.08(a), the Shareholders will forthwith discontinue disposition of such Registrable Securities pursuant to the Registration Statement covering the sale of such Registrable Securities until the Shareholder's receipt of the copies of the

(c) Each Shareholder agrees that to the extent timely notified in writing by the Underwriters managing any Underwritten Offering by Boron of shares of Boron Common Stock or any securities convertible into or exchangeable or exercisable for shares of Boron Common Stock, each such Shareholder that is participating in such Underwritten Offering shall agree (the Underwriter s Lockup) not to Transfer any Shares without the prior written consent of Boron or such Underwriters during the period beginning seven (7) days before and ending one hundred twenty (120) days (or, in either case, such lesser period as may be permitted for all Shareholders by Boron or such managing Underwriter or Underwriters) after the pricing date of such Underwritten Offering, subject to any exceptions permitted by such managing Underwriter or Underwriters; provided that any Underwriter s Lockup shall contain customary exceptions providing that such Shareholder and its Affiliates, other than such Shareholder, may engage in brokerage, investment advisory, financial advisory, anti-raid advisory, merger advisory, financing, asset management, trading, market making, arbitrage, principal investing and other similar activities conducted in the ordinary course of their Affiliates business, other than with respect to the Shares owned by such Shareholder. Section 2.08. Suspension Period.

(a) Notwithstanding anything to the contrary contained in this Agreement, if the filing, initial effectiveness or continued use of (i) any Shelf Registration Statement for resales of Registrable Securities pursuant to Section 2.01 or Section 2.03 or (ii) any Registration Statement for resales of Registrable Securities pursuant to Section 2.02 or Section 2.03 at any time would, (A) in the good faith judgment of the Board of Directors of Boron, (i) require the disclosure of material non-public information by Boron, the premature disclosure of which at such time would be materially detrimental to Boron, or (ii) require the disclosure in any such Shelf Registration Statement or Registration Statement of a contemplated bona fide material financing, acquisition, corporate reorganization or other similar material transaction or other material event or circumstance affecting Boron, the premature disclosure of which at such time would be materially detrimental to Boron or the holders of Boron Common Stock; or (B) require the inclusion, at that time, in such Shelf Registration Statement or Registration Statement, as applicable, of financial statements of a business to be acquired, or pro forma financial statements reflecting the acquisition of such business, where the business combination has occurred, or is probable, and such financial statements are not then available to Boron for reasons beyond Boron s control; provided, in the case of this clause (B), that Boron shall use its reasonable best efforts to obtain such financial statements as promptly as practicable, Boron shall be entitled, from time to time, by delivering a certificate signed by the chief executive officer or the chief financial officer of Boron to the Shareholders certifying to the determination of the board of directors of Boron described above, to require the Shareholders to suspend the use of the Prospectus included in any Shelf Registration Statement or to postpone the filing or suspend the use of any Registration Statement for a reasonable period of time not to exceed sixty (60) days in succession (or a longer period of time with the prior written consent of a majority of the Shareholders, which consent shall not be unreasonably withheld), one hundred and twenty (120) days in the aggregate in any one-year period or three (3) times in any one-year period (a Suspension Period); provided that Boron shall not register any securities for sale for its own account or that of any other shareholder during any Suspension Period. In the event of any such

suspension pursuant to this Section 2.08(a), Boron shall furnish to the Shareholders a written notice setting forth the estimated length of the anticipated delay. Boron will use reasonable best efforts to limit the length of any Suspension Period and shall notify the Shareholders promptly upon the

D3-25

termination of the Suspension Period. Notice of the commencement of a Suspension Period shall simply specify such commencement and shall not contain any facts or circumstances relating to such commencement or any material non-public information. Boron shall respond promptly to reasonable inquiry by a Shareholder as to such facts and circumstances. Upon notice by Boron to the Shareholders of any determination to commence a Suspension Period, the Shareholders shall keep the fact of any such Suspension Period strictly confidential, and during any Suspension Period, promptly halt any offer, sale, trading or transfer of any Boron Common Stock pursuant to such Prospectus for the duration of the Suspension Period until (x) the Suspension Period has expired or, if earlier (y) Boron has provided notice that the Suspension Period has been terminated.

(b) After the expiration of any Suspension Period and without any further request from a Shareholder, Boron shall as promptly as reasonably practicable prepare a Registration Statement or post-effective amendment or supplement to the applicable shelf Registration Statement or Prospectus, or any document incorporated therein by reference, or file any other required document so that, as thereafter delivered to purchasers of the Registrable Securities included therein, if necessary so that the Prospectus will not include a material misstatement or omission or be not effective and useable for resale of Registrable Securities.

Section 2.09. Registration Expenses. Subject to Section 2.04, all fees and expenses incurred by Boron in effecting any registration pursuant to this Article II, including all fees and expenses incurred in complying with securities or blue sky laws, printing expenses, any registration or filing fees payable under any federal or state securities or blue sky laws, the fees and expenses incurred in connection with any listing or quoting of the securities to be registered on any national securities exchange or automated quotation system, fees of FINRA, fees and disbursements of counsel for Boron, fees and disbursements of one counsel for the holders of Registrable Securities whose shares are included in a Registration Statement or Underwritten Offering, which counsel shall be selected by the holders of a majority of the Registrable Securities being sold pursuant to such Registration Statement or Underwritten Offering, and fees and expenses of Boron's independent registered certified public accounting firm, will be borne by Boron; provided, however, that the Shareholders will bear and pay any underwriting discounts, fees and commissions of any Underwriters and transfer taxes and any expenses required by applicable Law to be paid by a selling shareholder, in each case with respect to Registrable Securities offered for the Shareholders' account pursuant to any Registration Statement.

Section 2.10. Rules 144 and 144A and Regulation S. Boron covenants that it will use reasonable best efforts to file the reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the SEC thereunder and it will use reasonable best efforts to take any such further action promptly as reasonably requested, all to the extent required from time to time to enable the Shareholders to sell Registrable Securities without registration under the Securities Act pursuant to (i) Rules 144, 144A or Regulation S under the Securities Act, as such provisions may be amended from time to time, or (ii) any similar rule or regulation hereafter adopted by the SEC. Upon the reasonable request of a Shareholder, Boron will deliver to such Shareholder a written statement as to whether it has complied with such requirements and, if not, the specifics thereof.

Section 2.11. Indemnification; Contribution. (a) In connection with any registration of Registrable Securities or Underwritten Offering pursuant to Section 2.01, Section 2.02 or Section 2.03, Boron will indemnify, defend and hold harmless each Shareholder, its Affiliates, directors, officers, shareholders and employees and each Person who controls such Shareholders within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act (collectively, the Indemnified Persons) from and against any and all Losses caused by any untrue or alleged untrue statement of material fact contained or incorporated by reference in any part of any Registration Statement or any Prospectus, including any amendment or supplement thereto, used in connection with the Registrable Securities, or any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, in the light of the circumstances under which

they were made) not misleading; provided, however, that Boron will not be required to indemnify any Indemnified Person for any such Loss arising out of or with respect to sales pursuant to the Registration Statement or Prospectus based upon information in the Registration Statement or Prospectus that was represented by Silicon or Silicon Holdings as true and correct in the Merger Agreement, and with

D3-26

respect to which Boron would not have been reasonably expected to discover the failure of such information to be true and correct prior to the date of such sales.

(b) In connection with any Registration Statement or Prospectus, the Shareholders who sell Registrable Securities pursuant to such Registration Statement or Prospectus will severally but not jointly indemnify, defend and hold harmless Boron, its directors, its officers, its employees and each Person, if any, who controls Boron (within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act) to the same extent as the foregoing indemnity from Boron to the Shareholders, but only with respect to information arising out of or based upon information furnished in writing by such Shareholder or on such Shareholder's behalf (in each case, in its capacity as a Shareholder), in either case expressly for use in any Registration Statement or any Prospectus, including any amendment or supplement thereto.

(c) In case any claim, action or proceeding (including any governmental investigation) is instituted involving any Person in respect of which indemnity may be sought pursuant to Section 2.11(a) or Section 2.11(b), such Person (the Indemnified Party) will promptly notify the Person against whom such indemnity may be sought (the Indemnifying Party) in writing and the Indemnifying Party shall be entitled to participate therein and, to the extent it shall wish, to assume the defense thereof with counsel reasonably satisfactory to the Indemnified Party and will pay the fees and disbursements of such counsel related to such proceeding; provided, however, that the failure or delay to give such notice shall not relieve the Indemnifying Party of its obligations pursuant to this Agreement except to the extent that it shall be determined by a court of competent jurisdiction that such Indemnifying Party has been prejudiced by such failure or delay. In any such claim, action or proceeding, the Indemnified Party shall have the right, but not the obligation, to participate in any such defense and to retain its own counsel, but the fees and expenses of such counsel will be at the expense of such Indemnified Party unless (i) the Indemnifying Party and the Indemnified Party have mutually agreed to the retention of such counsel, (ii) the Indemnifying Party fails to assume the defense of the claim, action or proceeding within fifteen (15) Business Days following receipt of notice from the Indemnified Party or (iii) the Indemnified Party and the Indemnifying Party are both actual or potential defendants in, or targets of, any such action and the Indemnified Party has been advised by counsel that representation of both parties by the same counsel would be inappropriate due to actual or potential conflicting interests between them. It is understood that the Indemnifying Party will not, in connection with any claim, action or proceeding or related claims, actions or proceedings in the same jurisdiction, be liable for the reasonable fees and expenses of more than one (1) separate firm of attorneys (in addition to any local counsel) at any time for all such Indemnified Parties and that all such reasonable fees and expenses will be reimbursed as they are incurred. In the case of the retention of any such separate firm for the Indemnified Parties, such firm will be designated in writing by the Indemnified Parties. The Indemnifying Party will not be liable for any settlement of any claim, action or proceeding effected without its written consent (which consent shall not be unreasonably withheld, conditioned or delayed), but if such claim, action or proceeding is settled with such consent or if there has been a final judgment for the plaintiff, the Indemnifying Party agrees to indemnify the Indemnified Party from and against any Loss by reason of such settlement or judgment. No Indemnifying Party will, without the prior written consent of the Indemnified Party, settle, compromise or offer to settle or compromise any pending or threatened proceeding in respect of which any Indemnified Party is seeking indemnity hereunder, unless such settlement includes (i) an unconditional release of such Indemnified Party from all liability in connection with such proceeding, (ii) no finding or admission of any violation of Law or any violation of the rights of any Person by the Indemnified Party or any of its Affiliates can be made as the result of such action and (iii) the sole relief (if any) provided is monetary damages that are reimbursed in full by the Indemnifying Party.

(d) If the indemnification provided for in this Section 2.11 from the Indemnifying Party is unavailable to an Indemnified Party hereunder or is insufficient in respect of any Losses referred to in this Section 2.11, then the Indemnifying Party, in lieu of indemnifying such Indemnified Party, will contribute to the amount paid or payable by such Indemnified Party as a result of such Losses (i) in such proportion as is appropriate to reflect the relative fault of

the Indemnifying Party and Indemnified Party in connection with the actions that resulted in such Losses, as well as any other relevant equitable considerations, or (ii) if the allocation provided by clause (i) is not permitted by applicable Law, in such proportion as is appropriate to reflect not only the relative fault referred to in clause (i) but also the relative benefit of Boron, on the one hand, and such Shareholder, on the other, in

D3-27

connection with the statements or omissions that resulted in such Losses, as well as any other relevant equitable considerations. The relative fault of such Indemnifying Party and Indemnified Party will be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, has been taken by, or relates to information supplied by, such Indemnifying Party or Indemnified Party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such action, statement or omission. The amount paid or payable by a party as a result of the Losses referred to above will be deemed to include, subject to the limitations set forth in Section 2.11(c), any reasonable legal or other out of pocket fees or expenses reasonably incurred by such party in connection with any investigation or proceeding.

(e) The parties agree that it would not be just and equitable if contribution pursuant to Section 2.11(d) were determined by pro rata allocation or by any other method of allocation that does not take into account the equitable considerations referred to in Section 2.11(d). No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) will be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. In no event shall any Shareholder be obligated to provide indemnification or contribution in excess of the net aggregate proceeds received from the sale of Registrable Securities pursuant to the applicable Registration Statement or Prospectus.

Section 2.12. **Termination**. The provisions in this Article II shall terminate with respect to each individual Shareholder on the first date when such Shareholder no longer holds any Registrable Securities.

Section 2.13. **Participating Shareholder**. By written notice delivered to Boron, any Shareholder (an **Opting-Out Shareholder**) may elect to waive its right to participate in Underwritten Offerings and to be a Piggyback Shareholder and participate in a Piggyback Registration (**Section 2.13 Opt-Out**), until such time as the written notice is rescinded in writing. During such time as a Section 2.13 Opt-Out is in effect: (a) the Opting-Out Shareholder shall not receive notices of any proposed Underwritten Offering or Piggyback Registration, (b) shall not be entitled to participate in any such Underwritten Offering pursuant to Section 2.01(d) or Section 2.02(a), or Piggyback Registration pursuant to Section 2.03, and (c) shall not be subject to Section 2.07(c).

Section 2.14. **No Waiver**. Notwithstanding anything to the contrary contained herein, nothing in this Annex B shall be deemed a waiver by Boron of any restrictions on the Transfer of any Registrable Securities.

Section 2.15. **Limitations on Subsequent Registration Rights**. From and after the date of this Agreement, Boron shall not, without the prior written consent of Shareholders holding a majority of the Registrable Securities then held by the Shareholders, enter into any agreement with any holder or prospective holder of any Equity Interests that is inconsistent with the terms of this Agreement, including an agreement that would provide to such holder the right to include Equity Interests in any registration on other than (a) a pro rata basis with respect to the Registrable Securities or (b) on a subordinate basis after all applicable Shareholders have had the opportunity to include in the registration and offering all shares of Registrable Securities that they wish to so include. Boron is not a party to any agreement or arrangement providing registration rights to any other Person as of the date hereof.

Section 2.16. **Recapitalizations, Exchanges Affecting the Registrable Securities**. The provisions of this Agreement shall apply, to the full extent set forth herein, with respect to the Registrable Securities, to any and all shares of stock of Boron or any successor or assign of Boron (whether by merger, consolidation, sale of assets or otherwise) which may be issued in respect of, in exchange for, or in substitution of the Registrable Securities, by reason of a stock dividend, stock split, stock issuance, reverse stock split, combination, recapitalization, reclassification, merger, consolidation or otherwise. Upon the occurrence of any of such events, amounts hereunder shall be appropriately adjusted.

We have further relied on the assurances of the senior management of Banner that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading in any

material respect. We did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Banner or Starbuck. We did not make an independent evaluation of the adequacy of the allowance for loan losses of Banner or Starbuck or the combined entity after the Merger and we have not reviewed any individual credit files relating to Banner or Starbuck. We have assumed, with your consent, that the respective allowances for loan losses for Banner and Starbuck are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

In preparing its analyses, Sandler O'Neill used publicly available earnings estimates for Banner and long-term earnings growth rates for Banner provided by senior management of Banner, as discussed with senior management of Banner and internal projections for Starbuck provided by senior management of Starbuck and adjusted by senior management of Banner and long-term earnings growth rates for Starbuck provided by senior management of Banner. Sandler O'Neill also received and used in its analyses certain projections of transaction costs, accounting adjustments, expected cost savings and other synergies which were prepared by and/or reviewed with senior management of Banner. With respect to those projections, estimates and judgments, the respective management of Banner and Starbuck confirmed to us that those projections, estimates and judgments reflected the best currently available estimates and judgments of the respective managements of the future financial performance of Banner and Starbuck, respectively, and we assumed that such performance would be achieved. We express no opinion as to such estimates or the assumptions on which they are based. We have assumed that there has been no material change in the respective assets, financial condition, results of operations, business or prospects of Banner or Starbuck since the date of the most recent financial data made available to us, as of the date hereof. We have also assumed in all respects material to our analysis that Banner and Starbuck would remain as going concerns for all periods relevant to our analyses. We express no opinion as to any of the legal, accounting and tax matters relating to the Merger and any other transactions contemplated in connection therewith. Finally, we express no opinion as to the legal, accounting and tax advice Banner has received from its advisors relating to the Merger and the other transactions contemplated by the Agreement.

We have also assumed, with your consent, that (i) each of the parties to the Agreement will comply in all material respects with all material terms of the Agreement and all related agreements, that all of the representations and warranties contained in such agreements are true and correct in all material respects, that each of the parties to such agreements will perform in all material respects all of the covenants required to be performed by such party under the agreements and that the conditions precedent in such agreements are not waived, (ii) in the course of obtaining the necessary regulatory or third party approvals, consents and releases with respect to the Merger, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on Banner, Starbuck or the Merger, (iii) the Merger and any related transaction will be consummated in accordance with the terms of the Agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other requirements and (iv) the Merger will qualify as a tax-free reorganization for federal income tax purposes.

Our opinion is necessarily based on financial, economic, regulatory, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect this opinion. We have not undertaken to update, revise, reaffirm or withdraw this letter or otherwise comment upon events occurring after the date hereof. We express no opinion as to the trading value of Banner common stock after the date of this opinion or what the value of Banner common stock will be once it is actually received by the holders of Starbuck common stock.

We have acted as financial advisor to the Board of Directors of Banner in connection with the Merger and a significant portion of our fees are contingent upon the closing of the Merger. We also will receive a fee for providing this opinion. Banner has also agreed to indemnify us against certain liabilities arising out of our engagement. In the ordinary course of our business as a broker-dealer, we may purchase securities from and sell securities to Banner and

Starbuck and their affiliates. We may also actively trade the securities of Banner or its affiliates for our own account and for the accounts of our customers. This letter is directed to the Board of Directors of Banner in connection with its consideration of the Merger and does not constitute a recommendation to any shareholder of Banner as to how such shareholder should vote at any meeting of shareholders called to consider and vote upon the Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Merger Consideration to Banner and does not address the underlying business decision of Banner to engage in the Merger, the relative merits of the Merger as compared to any other alternative business strategies that might exist for Banner or the effect of any other transaction in which Banner might engage. This opinion shall not be reproduced or used for any other purposes, without Sandler O'Neill's prior written consent, which consent will not be unreasonably withheld. This opinion has been approved by Sandler O'Neill's fairness opinion committee. We do not express any opinion as to the fairness of the amount or nature of the compensation to be received in the Merger by any Banner or Starbuck officer, director, or employees, or class of such persons, relative to the compensation to be received in the Merger by any other shareholders.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair to Banner from a financial point of view.

Very truly yours,

/s/ Sandler O'Neill & Partners, L.P.
