PROXY STATEMENT

DIAMOND OFFSHORE DRILLING, INC.

FOR 2003 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 20, 2003

This Proxy Statement is being furnished to stockholders of Diamond Offshore Drilling, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company from such stockholders for the 2003 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on May 20, 2003 and any adjournments and postponements thereof. Shares of the Company's common stock, par value \$.01 per share ("Common Stock"), represented by a properly executed proxy in the accompanying form will be voted at the Annual Meeting. The proxy may be revoked at any time before its exercise by sending written notice of revocation to William C. Long, Corporate Secretary, Diamond Offshore Drilling, Inc., 15415 Katy Freeway, Houston, Texas 77094, or by signing and delivering a proxy which is dated later, or, if the stockholder attends the Annual Meeting in person, by giving notice of revocation to the Inspector(s) of Election (as hereinafter defined) at the Annual Meeting.

The Company has fixed the close of business on March 24, 2003 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. On that date there were outstanding and entitled to vote 130,336,455 shares of Common Stock, which is the Company's only class of voting securities outstanding. The presence at the Annual Meeting in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote is required to constitute a

Edgar Filing: DIAMOND OFFSHORE DRILLING INC - Form DEF 14A

quorum for the transaction of business. Abstentions and broker non-votes will be counted in determining whether a quorum is present. Each stockholder is entitled to one vote for each share of Common Stock held of record. A plurality of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. Accordingly, the seven nominees for election as directors at the Annual Meeting who receive the greatest number of votes cast for election by the holders of record of Common Stock on the Record Date shall be the duly elected directors upon completion of the vote tabulation at the Annual Meeting. The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required for approval of all other items being submitted to the stockholders for their consideration. Abstentions will be considered present for purposes of calculating the vote, but will not be considered to have been voted in favor of the matter voted upon, and broker non-votes will not be considered present for purposes of calculating the vote.

Votes will be tabulated by ADP Investor Communication Services, and the results will be certified by one or more inspectors of election who are required to resolve impartially any interpretive questions as to the conduct of the vote (the "Inspector(s) of Election"). In tabulating votes, a record will be made of the number of shares voted for each nominee and for or against each other matter voted upon, the number of shares with respect to which authority to vote for that nominee or such other matter has been withheld, and the number of shares held of record by broker-dealers and present at the Annual Meeting but not voting.

This Proxy Statement is expected to be first mailed or delivered to stockholders of the Company entitled to notice of the Annual Meeting on or about April 3, 2003.

The date of this Proxy Statement is March 28, 2003.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The table below sets forth certain information with respect to each person or entity known by the Company to be the beneficial owner of 5% or more of the outstanding shares of Common Stock (based upon Schedule 13D and Schedule 13G filings by such persons with the Securities and Exchange Commission (the "Commission")). The percentages are calculated based on the amount of outstanding securities as of March 24, 2003, excluding securities held by or for the account of the Company.

TITLE OF CLASS	NAME AND ADDRESS OF BENEFICIAL OWNER	AMOUNT AND NATURE OF BENEFICIAL OWNERSHIP	PERCENT OF CLASS
Common Stock.....	Loews Corporation 667 Madison Avenue New York, NY 10021-8087	70,100,000 (1)	53.8%

over the shares.

- (2) Merrill Lynch & Co., Inc. (on behalf of Merrill Lynch Investment Managers) has shared investment power and shared voting power over the shares.

Because Loews holds more than a majority of the outstanding shares of Common Stock of the Company, Loews has the power to approve matters submitted for consideration at the Annual Meeting without regard to the votes of the other stockholders. The Company understands that Loews intends to vote FOR the election of management's nominees for the Board of Directors and FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors. There are no agreements between the Company and Loews with respect to the election of directors or officers of the Company or with respect to the other matters which may come before the Annual Meeting.

2

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that the Company's executive officers and directors, and persons who beneficially own more than ten percent of the Company's Common Stock, file initial reports of ownership and reports of changes in ownership of the Company's equity securities with the Commission and the New York Stock Exchange. Executive officers, directors and greater than ten percent beneficial owners are required by Commission regulations to furnish the Company with copies of all Section 16(a) reports they file. Based solely on a review of such reports furnished to the Company and written representations that no report on Form 5 was required for 2002, the Company believes that no director, executive officer or beneficial owner of more than ten percent of the Common Stock failed to file a Section 16(a) report on a timely basis during 2002.

statements. Directors who are affiliates of the Company or officers or employees of the Company or its subsidiaries or of Loews or any other affiliated companies are not qualified for Audit Committee membership. During 2002, the Audit Committee met six times.

The Company's Board of Directors has adopted a written charter under which the Audit Committee operates and has determined that all members of the Committee are "independent" in accordance with the currently applicable rules of the New York Stock Exchange. They do not provide any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has applied appropriate accounting and financial reporting principles or internal controls and procedures, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the Company's financial statements are presented in accordance with generally accepted accounting principles, or that the Company's auditors are in fact "independent."

Based on the review and discussions referred to above, the Audit Committee has recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002 filed with the Commission.

In some cases, the total of the foregoing itemized amounts does not equal the corresponding aggregate amount set forth in the "All Other Compensation" column due to rounding.

The Company maintains a defined contribution plan (the "Retirement Plan") designed to qualify under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"), pursuant to which the Company contributes 3.75% of the participant's defined compensation and the Company matches 25% of the first 6% of each participant's compensation contributed. Participants are fully vested immediately upon enrollment in the plan. Up to 25% of the amount of such contributions to the Retirement Plan may be used by the participants to purchase shares of Common Stock of the Company.

In addition, under the Company's Deferred Compensation and Supplemental Executive Retirement Plan, the Company contributes to participants any portion of the 3.75% of the base salary contribution and the matching contribution to the Retirement Plan that cannot be contributed because of the limitations within the Code and because of elective deferrals that the participant makes under the

Edgar Filing: DIAMOND OFFSHORE DRILLING INC - Form DEF 14A

plan. Additionally, the plan provides that participants may defer up to 10% of base compensation and/or up to 100% of any performance bonus. Participants in this plan are a select group of management or highly compensated employees of the Company and are fully vested in all amounts paid into the plan.

STOCK OPTION PLAN

Under the terms of the Company's 2000 Stock Option Plan, certain of the Company's employees, consultants and non-employee directors may be granted options to purchase Common Stock at no less than 100% of the fair market value of the Common Stock on the date the option is granted. The Stock Option Plan is administered by the Board of Directors. Such plan authorizes the issuance of options to acquire up to 750,000 shares of the Company's Common Stock, none of which had been exercised as of December 31, 2002. Unless otherwise specified by the Board of Directors at the time of the grant, stock options have a maximum term of ten years, subject to earlier termination under certain conditions, and vest in four equal, annual installments over four years.

BOARD OF DIRECTORS REPORT ON EXECUTIVE COMPENSATION

GENERAL

Recommendations regarding compensation of the Company's executive officers are prepared by the President and submitted to the Executive Committee of the Board of Directors for approval, except that the President does not participate in the preparation of recommendations, or the review, modification or approval thereof, with respect to his own compensation.

The Company's compensation program is designed to enable the Company to attract, motivate and retain high-quality senior management by providing a competitive total compensation opportunity based on performance. Toward this end, the Company provides for competitive base salaries, annual variable performance incentives payable in cash, and stock options for the achievement of financial performance goals.

SALARIES

Every salaried employee of the Company is assigned a salary grade at the commencement of employment pursuant to a system that considers objective criteria, such as the employee's level of financial responsibility and supervisory duties, and the education and skills required to perform the employee's functions; however, the assignment of an employee to a particular salary grade necessarily involves subjective judgments. Within each grade,

Edgar Filing: DIAMOND OFFSHORE DRILLING INC - Form DEF 14A

salaries are determined within a range based solely on subjective factors such as the employee's contribution to the Company and individual performance. No fixed, relative weights are assigned to these subjective factors. On occasion, an officer's compensation will be fixed at a level above the maximum level for his or her salary grade in response to a subjective determination that the officer's compensation, if set at the maximum level for his or her grade, would be below the level merited by his or her contributions to the Company.

ANNUAL CASH BONUS INCENTIVES

Annual cash bonus incentives may be awarded under the Diamond Offshore Management Bonus Program, which is intended to provide a means whereby certain selected officers and key employees of the Company may develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and encourage the participants to remain with and devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its stockholders. The Executive Committee of the Company's Board of Directors is authorized to establish an annual bonus pool based on such committee's evaluation of the Company during the year relative to peer companies, the performance of the Company's share price and extraordinary events during the year. The Executive Committee did establish a bonus pool (the "Bonus Pool") for fiscal year 2002.

The Executive Committee established the bonus payout from the Bonus Pool based upon corporate, group or individual performance, or a combination thereof, or such other subjective criteria as the Executive Committee considered appropriate. These bonuses for 2002 are payable in annual installments (25%, 15%, 15%, 15%, 15% and 15%) over the six calendar year period following 2002 for participants of salary grade 12 and above, and are payable in annual installments (50%, 25% and 25%) over the three calendar year period following 2002 for participants of salary grade 11 and below, and, with certain exceptions, are forfeited if not paid prior to termination of employment.

The Competitor Group Index used in the total stockholder return comparison (see "Common Stock Performance Graph" below) is not used to determine any cash bonus incentives for executives of the Company or for purposes of the Diamond Offshore Management Bonus Program.

STOCK OPTION PLAN

Stock options under the Company's 2000 Stock Option Plan may be granted to optionees selected from time to time by the Board of Directors. The purposes of the Stock Option Plan are to allow the Company and its subsidiaries to attract and retain qualified employees, consultants and non-employee directors, to motivate

11

these individuals to achieve the Company's long-term goals and to reward them upon achievement of those goals. During 2002, options to acquire 201,100 shares of the Company's Common Stock were granted under the Stock Option Plan. All of these options were outstanding as of December 31, 2002.

The Board of Directors has broad authority to administer and interpret the Stock Option Plan, including the authority to determine who will receive a grant and to determine the specific provisions of that grant. The Board of Directors also has the authority to accelerate the exercisability of an outstanding option and extend the option term of an outstanding option.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Edgar Filing: DIAMOND OFFSHORE DRILLING INC - Form DEF 14A

Decisions regarding compensation (salary and bonus) of the Company's Chief Executive Officer were made by members of the Board of Directors who were independent of management and not affiliated with the Company, its officers or employees of the Company or its subsidiaries or of Loews or any other affiliated companies. James S. Tisch did not participate in the preparation of recommendations, or the review, modification or approval thereof, with respect to his compensation. Such decision for 2002 was determined subjectively, and not necessarily tied to corporate performance, with consideration given to Mr. Tisch's level of responsibility and importance to the Company relative to other Company executives, his contributions to the successful implementation of significant strategic initiatives that are expected to benefit the Company in future years, including the Company's capital upgrade program and on-going rationalization of its rig fleet (purchases and sales). No fixed, relative weights were assigned to these subjective factors.

The information contained in the foregoing report shall not be deemed to be "soliciting material" or to be "filed" with the Commission, nor shall such information be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Prior to the initial public offering of the Common Stock in October 1995 (the "Initial Public Offering"), the Company was a wholly owned subsidiary of Loews, and in connection with the Initial Public Offering, the Company and Loews entered into agreements pursuant to which certain management, administrative and other services are provided by Loews to the Company and certain other obligations were assumed by the parties. These agreements were not the result of arm's length negotiations between the parties.

Services Agreement. The Company and Loews entered into a services agreement effective upon consummation of the Initial Public Offering (the "Services Agreement") pursuant to which Loews agreed to continue to perform certain administrative and technical services on behalf of the Company. Such services include personnel, telecommunications, purchasing, internal auditing, accounting, data processing and cash management services, in addition to advice and assistance with respect to preparation of tax returns and obtaining insurance. Under the Services Agreement, the Company reimburses Loews for (i) allocated personnel costs (such as salaries, employee benefits and payroll taxes) of the Loews personnel actually providing such services and (ii) all out-of-pocket expenses related to the provision of such services. The Services Agreement may be terminated at the Company's option upon 30 days' notice to Loews and at the option of Loews upon six months' notice to the Company. In addition, the Company has agreed to indemnify and hold harmless Loews for all claims and damages arising from the provision of services by Loews under the

12

Services Agreement, unless due to the gross negligence or willful misconduct of Loews. Under the Services Agreement, the Company paid Loews approximately

Edgar Filing: DIAMOND OFFSHORE DRILLING INC - Form DEF 14A

\$331,114 for services performed by Loews in 2002.

Registration Rights Agreement. Under a Registration Rights Agreement dated as of October 16, 1995 (the "Registration Rights Agreement"), as amended, between the Company and Loews, the Company, subject to certain limitations, will file, upon the request of Loews, one or more registration statements under the Securities Act of 1933, as amended, subject to a maximum of three such requests, in order to permit Loews to offer and sell any Common Stock that Loews may hold. Loews will bear the costs of any such registered offering, including any underwriting commissions relating to shares it sells in any such offering, any related transfer taxes and the costs of complying with non-U.S. securities laws, and any fees and expenses of separate counsel and accountants retained by Loews. The Company has the right to require Loews to delay any exercise by Loews of its rights to require registration and other actions for a period of up to 90 days if, in the judgment of the Company, any offering by the Company then being conducted or about to be conducted would be adversely affected. Subject to certain conditions, the Company has also granted Loews the right to include its Common Stock in any registration statements covering offerings of Common Stock by the Company, and the Company will pay all costs of such offerings other than underwriting commissions and transfer taxes attributable to the shares sold on behalf of Loews. The Company will indemnify Loews, and Loews will indemnify the Company, against certain liabilities in respect of any registration statement or offering covered by the Registration Rights Agreement, as amended.

On September 16, 1997, Loews and the Company entered into an agreement amending the Registration Rights Agreement (the "Registration Rights Agreement Amendment") in contemplation of the offering by Loews of its 3.125% Exchangeable Notes due 2007 (the "Loews Notes"), which are exchangeable for Common Stock. Pursuant to the Registration Rights Agreement Amendment, Loews exercised the first of its three demand registration rights for the shares of Common Stock underlying the Loews Notes and, in connection with such demand, the Company agreed to file and to use its best efforts to cause to be effective no later than September 30, 1998 a registration statement for a continuous offering of such shares for delivery upon the exchange of Loews Notes, and to maintain the effectiveness of such registration statement through September 15, 2007, or such earlier time as no Loews Notes are outstanding. Such registration statement was filed by the Company and was declared effective by the Commission on September 29, 1998. Pursuant to the Registration Rights Agreement Amendment, at any time and from time to time after such registration statement has been filed and declared effective, the Company has the right to require Loews to suspend the use of any resale prospectus or prospectus supplement included therein for a reasonable period of time, not to exceed 90 days in any one instance or an aggregate of 120 days in any 12-month period, if the Company is conducting or about to conduct an underwritten public offering of its securities for its own account, or would be required to disclose information regarding the Company not otherwise then required by law to be publicly disclosed where such disclosure would reasonably be expected to adversely affect any material business transaction or negotiation in which the Company is then engaged. However, no such suspension period may be in effect during the 14-day period preceding any redemption date with respect to, or the final maturity date of, the Loews Notes. Before giving notice to holders of Loews Notes of any optional redemption of Loews Notes, Loews agreed in the Registration Rights Agreement Amendment to give prior notice to the Company to enable the Company to determine whether it should suspend the use of the current resale prospectus or prospectus supplement covering the shares of Common Stock issuable upon the exchange of Loews Notes. Loews and the Company agreed that Loews will not give notice to holders of Loews Notes of the exercise of Loews's optional right to redeem any Loews Notes during the time that any suspension period with respect to any such prospectus or prospectus supplement is in effect.

Other. During 2002 the Company made payments of \$893,474 to Ernst & Young LLP for tax and other consulting services. The wife of Lawrence R. Dickerson, a

Edgar Filing: DIAMOND OFFSHORE DRILLING INC - Form DEF 14A

Director and the President and Chief Operating Officer of the Company, is an audit partner at this firm.

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

Upon the recommendation of the Audit Committee of the Board of Directors, none of whose members is an officer of the Company, the Board of Directors has appointed Deloitte & Touche LLP, independent certified public accountants, as the principal independent auditors of the Company and its subsidiaries for fiscal year 2003, subject to ratification by stockholders at the Annual Meeting. Deloitte & Touche LLP has served as the Company's auditors since 1989 and has no investment in the Company or its subsidiaries. If the appointment of Deloitte & Touche LLP is not approved, the Board of Directors will reconsider such

Edgar Filing: DIAMOND OFFSHORE DRILLING INC - Form DEF 14A

appointment. If that firm shall decline to act or their employment is otherwise discontinued, the Board of Directors will appoint other independent auditors.

Audit Fees. The aggregate fees, including expenses reimbursed, billed by Deloitte & Touche LLP, the member firms of Deloitte & Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte") for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended 2002 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were \$239,400.

Financial Information Systems Design and Implementation Fees. There were no services rendered to the Company or its subsidiaries by the Company's principal auditors for information technology services relating to financial information systems design and implementation for 2002.

All Other Fees. The aggregate fees, including expenses reimbursed, billed by Deloitte for services rendered to the Company, other than the services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees", for the fiscal year ended 2002 were \$73,100. These other services included other audit and tax related services.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence.

It is expected that representatives of Deloitte & Touche LLP will be present at the Annual Meeting with an opportunity to make a statement should they desire to do so and will be available to respond to appropriate questions from stockholders.

SOLICITATION EXPENSES

The Company will bear the cost of preparing, printing and mailing this Proxy Statement and the accompanying proxy card and of this solicitation of proxies on behalf of the Company's Board of Directors. The Company will reimburse banks, nominees, brokers and other custodians for the reasonable costs of sending the proxy materials to the beneficial owners of the Common Stock.
