**McDERMOTT INTERNATIONAL, INC.
(PARENT COMPANY ONLY)
NOTES TO CONDENSED FINANCIAL INFORMATION
DECEMBER 31, 2004**

NOTE 1 BASIS OF PRESENTATION

The accompanying financial statements have been prepared to present the unconsolidated financial position, results of operations and cash flows of McDermott International, Inc. (Parent Company Only). Investments in subsidiaries and other investees are stated under the equity basis of accounting which is at cost plus equity in undistributed earnings from date of acquisition. These Parent Company Only financial statements should be read in conjunction with McDermott International, Inc.'s consolidated financial statements filed in the Annual Report on Form 10-K.

NOTE 2 CONTINGENCIES

At the time of The Babcock & Wilcox Company (B&W) bankruptcy filing, McDermott International, Inc. was a maker or guarantor of outstanding letters of credit aggregating approximately \$146,500,000 (\$0 at December 31, 2004) which were issued in connection with the business operations of B&W and its subsidiaries. Although new letters of credit have been issued under B&W's Debtor in Possession (DIP) Credit Facility to backstop or replace these preexisting letters of credit, McDermott International, Inc. has agreed to indemnify and reimburse B&W and its filing subsidiaries for any customer draw on any letter of credit issued under the DIP Credit Facility to backstop or replace any such preexisting letter of credit for which B&W has exposure and for the associated letter of credit fees paid under the facility. As of December 31, 2004, approximately \$17.3 million in letters of credit have been issued under the DIP Credit Facility to replace or backstop these preexisting letters of credit.

McDermott International, Inc. has agreed to indemnify our two surety companies for obligations of various of its subsidiaries, including B&W and several of its subsidiaries, under surety bonds issued to meet bid bond and performance bond requirements imposed by their customers. As of December 31, 2004, the aggregate outstanding amount of surety bonds that were guaranteed by McDermott International, Inc. and issued in connection with the business operations of its subsidiaries was approximately \$48.0 million, of which \$43.8 million related to the business operations of B&W and its subsidiaries.

As of December 31, 2004, McDermott International, Inc. had outstanding performance guarantees for four projects of one of its subsidiaries. McDermott International, Inc. has never had to satisfy a performance guaranty for this subsidiary or any of its other subsidiaries. All of these guarantees (with a total cap of \$132 million) relate to projects which have been completed and are in the warranty periods, the latest of which would expire in January 2006. The subsidiary has incurred minimal warranty costs in prior years and any substantial warranty costs in the future could possibly be covered in whole or in part by insurance. However, if the subsidiary incurs substantial warranty liabilities and is unable to respond, and such liabilities are not covered by insurance, McDermott International, Inc. would ultimately have to satisfy those claims.

As of December 31, 2004, McDermott International, Inc. had outstanding performance guarantees for four contracts for a subsidiary of The Babcock & Wilcox Company (B&W). These guarantees, the last of which will expire on December 31, 2007, were all executed in 2001 and have a cap of \$75 million. These projects have all been completed and McDermott International, Inc. has never had to satisfy a performance guaranty for this subsidiary of B&W. Under the terms of an agreement between McDermott International, Inc. and B&W, B&W must reimburse

McDermott International, Inc. for any costs it may incur under any of these performance guarantees. As of December 31, 2004, B&W has sufficient liquidity to cover its obligations under this agreement. However, if this B&W subsidiary incurs and is unable to satisfy substantial warranty liabilities on these projects prior to expiration of the guaranty periods and B&W is not able to satisfy its contractual obligation to McDermott International, Inc. and such liabilities are not covered by insurance, McDermott International, Inc. would be liable.

Table of Contents

NOTE 3 DIVIDENDS RECEIVED

McDermott International, Inc. received dividends from its consolidated subsidiaries of \$5,700,000, \$98,880,000 and \$100,000,000 for the years ended December 31, 2004, 2003 and 2002, respectively.

NOTE 4 LIQUIDITY

As a result of the B&W bankruptcy filing in February 2000, our access to the cash flows of B&W and its subsidiaries has been restricted. Further, McDermott, Inc. (MI) is restricted, as a result of covenants in its debt instruments, in its ability to transfer funds to MII and MII 's other subsidiaries, including J. Ray McDermott, S.A. (JRM), through cash dividends or through unsecured loans or investments. Given these issues, we have assessed our ability to continue as a viable business and have concluded that we can fund our operating activities and capital requirements. The following items are noted:

B&W Chapter 11 Filing. Our ability to obtain a successful and timely resolution to the B&W Chapter 11 proceedings has impacted our access to, and sources of, capital. We believe the completion of the overall settlement outlined in Note 20 to the McDermott International, Inc. 's consolidated financial statements will alleviate the impact of this uncertainty.

JRM 's Letters of Credit. At December 31, 2004, JRM had \$69.0 million in outstanding letters of credit secured by collateral accounts funded with cash equal to 105% of the amount outstanding. In addition, JRM had \$24.1 million in letters of credit outstanding under a \$25 million letter of credit facility entered on August 25, 2004. This facility provided for an immediate credit advance of \$25 million, which was placed in a cash collateral account to secure the letters of credit issued under the facility. The obligation to repay the \$25 million advance under the facility is secured with liens placed on certain JRM assets, including its domestic accounts receivable and the DB26 vessel. The term of the facility is 36 months with an optional redemption by JRM after 18 months, with no financial covenants. The non-financial covenants and certain other terms and conditions of the \$25 million letter of credit facility are similar to those set forth in the indenture relating to the JRM Secured Notes.
