Shares for which authority to vote for the election of a nominee is withheld (so-called abstentions) will be counted as present for the purpose of determining whether a quorum is present but not be treated as shares voted for any nominee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH NOMINEE FOR DIRECTOR SET FORTH ABOVE.

PROPOSAL 2. RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit the books, records and accounts of the Company for the fiscal year ending December 31, 2006. The affirmative vote of the majority of the shares present at the Meeting in person or represented by Proxy, and entitled to vote on the matter is required to approve the proposal. Abstentions will be counted as present for the purpose of determining whether a quorum is present and will be treated as shares present and entitled to vote but will not be treated as an affirmative vote in favor of the proposal and therefore will have the effect of a vote against the proposal. Ratification by stockholders is not required. If the proposal is not approved by the stockholders, the Board does not plan to change the appointment for fiscal 2006, but will consider the stockholder vote in selecting an independent registered public accounting firm for fiscal 2007.

DIRECTORS MEETINGS AND COMPENSATION

Directors Meetings

The Board held five meetings during the year ended December 31, 2005. The Board has determined that each Director other than Mr. Berthiaume, the Company's Chairman, President and Chief Executive Officer, has no material relationship with the Company and otherwise qualifies as independent under applicable listing standards of the New York Stock Exchange. As of the date hereof Mr. Berthiaume has certified that he is not aware of any violation by the Company of the New York Stock Exchange's Corporate Governance Listing Standards.

The Nominating and Corporate Governance Committee currently consists of Dr. Michael J. Berendt (Chairman), Dr. Laurie H. Glimcher, and Mr. Thomas P. Salice. The responsibilities of the Nominating and Corporate Governance Committee include the recruitment and recommendation of candidates for the Board. The Nominating and Corporate Governance Committee may, as it deems appropriate, give consideration to any candidates suggested by the stockholders of the Company. The Nominating and Corporate Governance Committee also develops and recommends to the Board the Corporate Governance Guidelines for the Company. The charter of the Nominating and Corporate Governance Committee, which sets forth all of the committee's functions, is available at the Company's website at <http://www.waters.com> under the caption About Waters > Corporate Information > Corporate Governance.

The Audit Committee, which currently consists of Mr. Thomas P. Salice (Chairman), Mr. Edward Conard and Mr. William J. Miller, oversees the activities of the Company's independent registered public accounting firm. The Audit Committee recommends the engagement of the independent registered public accounting firm, and performs certain other functions pursuant to its charter, a copy of which is attached to this Proxy Statement as Exhibit A.

The Compensation and Management Development Committee, which currently consists of Mr. William J. Miller (Chairman), Mr. Joshua Bekenstein and Mr. Thomas P. Salice approves the compensation of executives of the Company, makes recommendations to the Board with respect to standards for setting compensation levels and administers the Company's incentive plans, consistent with its charter, which is available at the Company's website at <http://www.waters.com> under the caption About Waters > Corporate Information > Corporate Governance.

During fiscal year 2005, each of the Company's Directors attended in excess of 75% of the aggregate of the meetings of the Board and the meetings of committees of the Board of which such Director was a member. During fiscal year 2005, the Compensation and Management Development Committee met three times, the Audit Committee met eight times and the Nominating and Corporate Governance Committee met two times. The Company does not have a formal policy, but encourages Director attendance at annual stockholder meetings. All Directors attended the 2005 annual meeting.

Compensation of Directors

Directors who are full-time employees of the Company receive no additional compensation for serving on the Board or its committees. For services performed during the year 2005, outside Directors each received a retainer of \$30,000 for the year, \$1,000 for each Board meeting attended, \$1,000 for each Nominating and Corporate Governance and Compensation and Management Development Committee meeting attended, \$2,500 for each Audit Committee meeting attended, an annual grant of 4,000 non-qualified stock options and 1,000 shares of restricted stock. In addition, a committee chairman received an annual retainer of \$4,000. There are no increases in compensation for outside Directors for 2006. All Directors are also reimbursed for expenses incurred in connection with their attendance at meetings.

CORPORATE GOVERNANCE

During 2005, the Nominating and Corporate Governance Committee of the Board again implemented a comprehensive evaluation of the Board and each of its Committees. The evaluation, in the form of a questionnaire, was circulated to all members of the Board and Committees in September 2005. The Company's General Counsel received all of the questionnaires, compiled the results and circulated them to the Board and each Committee for discussion and analysis in December, 2005. It is the intention of the Nominating and Corporate Governance Committee to engage in this process annually.

Table of Contents

Increasingly, shareholders of public companies are focusing on the amount of equity ownership by directors and officers of the companies in which they invest. In order to more closely align the interests of the Company's shareholders with those of management, during 2004 the Nominating and Corporate Governance Committee considered and recommended to the Board minimum stock ownership guidelines for members of the Board and the Company's executive officers. These guidelines, which were approved by the Board in February, 2004, provide for the accumulation by the Chief Executive Officer of common stock of the Company equal to five (5) times his base salary over a three year period, which requirement would also apply to any successor to the Chief Executive Officer. Additionally, members of the Company's Executive Committee, Messrs. Caputo, Ornell and Beaudouin and Ms. Rae, are each required to accumulate common stock of the Company equal to two (2) times their base salary over a five year period. Pursuant to the guidelines, members of the Board are required to accumulate a minimum of 5,000 shares of common stock of the Company over a five (5) year period. For purposes of accumulation of minimum stock ownership, grants of restricted stock by the Company to such executives or to members of the Board shall apply towards satisfaction of the guidelines.

Also, in 2004, the Nominating and Corporate Governance Committee voted to recommend that the Board adopt a lead director to preside over executive sessions of the Board and to provide a focal point for and to facilitate communication among outside Directors, Company management and Company shareholders. In May, 2004, the Board accepted the recommendation of the Nominating and Corporate Governance Committee and elected Thomas P. Salice as the Company's lead director. Mr. Salice will serve in such capacity for a two year term at which point another of the members of the Board will be elected to serve as lead director.

During 2005, the Nominating and Corporate Governance Committee continued to review the Company's corporate governance practices, Board committee charters and overall governance structure in light of the Sarbanes-Oxley Act of 2002 and rules and regulations adopted by the Securities and Exchange Commission (SEC) and the New York Stock Exchange. Previously, in September 2003, the Board approved a number of new or revised corporate governance documents in order to ensure the Company's continued compliance with applicable law, rules and regulations. In particular, the Board adopted a revised Audit Committee charter, which is attached hereto as Exhibit A, and revised charters for its Compensation and Management Development Committee and its Nominating and Corporate Governance Committee. The Board also adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics for employees, executive officers and Directors and a whistleblower policy regarding the treatment of complaints on accounting, internal accounting controls and auditing matters. All of these documents are available on the Company's website at <http://www.waters.com> under the caption About Waters >Corporate Information > Corporate Governance and a copy of any of them may be obtained, without charge, upon written request to the Company, c/o Secretary, 34 Maple Street, Milford, MA 01757.

The Nominating and Corporate Governance Committee is currently comprised of three members: Dr. Michael J. Berendt, Chairman; Thomas P. Salice; and Dr. Laurie H. Glimcher. Each of the members of the Nominating and Corporate Governance Committee is independent, as such term is defined in the listing standards of the New York Stock Exchange.

With respect to potential candidates to serve on the Board, the Nominating and Corporate Governance Committee considers suggestions from a variety of sources, including stockholders. Any nominations of candidates, together with appropriate biographical information, should be submitted to the Company, c/o Secretary, 34 Maple Street, Milford, MA 01757.

The Nominating and Corporate Governance Committee believes that candidates for service as a Director of the Company should meet certain minimum qualifications. In selecting Directors, the Board seeks individuals who are highly accomplished in their respective fields, with superior educational and professional credentials. Candidates should satisfy the independence requirements of the SEC and the New York Stock Exchange and should have

demonstrated experience in organizational leadership and management. Candidates for Director should also be of the highest moral and ethical character and integrity, consistent with the standards established by the Company.

The Company has a process for identifying and selecting candidates for Board membership. Initially, the Chairman/CEO, the Nominating and Corporate Governance Committee or other Board members identifies a need to either expand the Board with a new member possessing certain specific characteristics or to fill a vacancy on the Board. A search is then undertaken by the committee, working with recommendations and input from Board

Table of Contents

members, members of senior management, professional contacts, external advisors, nominations by stockholders and/or the retention of a professional search firm if necessary. An initial slate of candidates is identified that will satisfy the criteria for Board membership and is presented to the committee for review. Upon review by the Committee, a series of interviews of one or more candidates is conducted by the Chairman/CEO and at least one member of the committee. During this process, the full Board is informally apprised of the status of the search and its input is solicited.

Upon identification of a final candidate, the entire Nominating and Corporate Governance Committee will meet to consider the credentials of the candidate and thereafter, if approved, submits the candidate for approval by the full Board.

During 2005, the Nominating and Corporate Governance Committee undertook a search to identify new candidates for Board membership. The Committee retained the firm SpencerStuart to assist in the process of identifying potential candidates who would meet the criteria for Board membership at set forth above. The Committee received and reviewed the profiles of many candidates during the process and, based on the quality of the individuals identified, determined to expand its search and seek to nominate two members to the Board rather than the one originally contemplated. At a Special Meeting of the Nominating and Corporate Governance Committee held on January 6, 2006, the Committee unanimously voted to recommend that each of Christopher A. Kuebler and JoAnn A. Reed be nominated to serve as members of the Company's Board of Directors. This recommendation was approved by the Company's full Board of Directors at a regular meeting of the Board held on February 28, 2006 and each of Mr. Kuebler's and Ms. Reed's names have been placed in nomination and appear in this Proxy Statement as candidates for election as directors of the Company by the Company's stockholders at the Meeting on May 11, 2006.

With respect to communications with the Board on general matters, stockholders may contact the Board or any of its individual Directors by writing to Waters Corporation, c/o Secretary, 34 Maple Street, Milford, Massachusetts 01757. Any such communication should include the name and return address of the stockholder, the specific Director or Directors to whom the contact is addressed and the nature or subject matter of the contact.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Company has a qualified Audit Committee of the Board. During 2005, the Audit Committee, in conjunction with management and the independent registered public accounting firm, focused on the following items:

1. Compliance with Section 404 of the Sarbanes-Oxley Act of 2002 and the adequacy of Company internal controls,
2. The appropriateness of Company financial reporting and accounting processes,
3. The independence and performance of the Company's independent registered public accounting firm,
4. Company compliance with laws and regulations, and
5. Review of the Company's independent registered public accounting firm's quality control procedures.

During 2005, the Company continued its comprehensive efforts with respect to on-going compliance with the internal controls requirements of Section 404 of the Sarbanes-Oxley Act of 2002. The initial phases of the project commenced during 2003 and required the allocation of unprecedented resources, both human and financial, to scope, implement and review the Section 404 compliance plan. This resulted in a report by the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, to the Audit Committee in March, 2005. The report's results were a

finding of no material weaknesses in the Company's internal controls over financial reporting as of December 31, 2004. In 2005, in addition to PricewaterhouseCoopers LLP, the Company retained Ernst & Young LLP, to assist in elements of continuing compliance with the Act. The project itself was managed primarily by the Company's Director of Internal Audit in conjunction with the Company's Chief Financial Officer and its Corporate Controller. During 2005, the Audit Committee received regular and detailed briefings from Company management as well as from the Company's independent registered public accounting firm,

Table of Contents

PricewaterhouseCoopers LLP, on the progress of the Company's efforts to comply with Section 404. On February 28, 2006 PricewaterhouseCoopers LLP reported to the Audit Committee that it had identified no material weaknesses in the Company's internal controls over financial reporting as of December 31, 2005.

The Board has adopted a written charter setting out more specifically the functions that the Audit Committee is to perform. A copy of the charter is attached to this Proxy as Exhibit A. The Audit Committee held eight meetings during the fiscal year ended December 31, 2005. The Audit Committee reviewed on a quarterly basis, with members of the Company's management team, the Company's quarterly financial results prior to the release of earnings and the filing of the Company's quarterly financial statements with the SEC., The Board has determined that each of the three current members of the Audit Committee Mr. Salice (Chairman), Mr. Conard and Mr. Miller is an audit committee financial expert as defined under applicable rules and regulations of the SEC and is independent as defined under the listing standards of the New York Stock Exchange and applicable rules and regulations of the SEC. Company management has primary responsibility for the financial statements and reporting processes. The Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, audits the annual financial statements and is responsible for expressing an opinion on their conformity with generally accepted accounting principles.

The Audit Committee has adopted the following guidelines regarding the engagement of PricewaterhouseCoopers LLP to perform non-audit services for the Company:

Company management will submit to the Audit Committee for approval the list and budgeted fees of non-audit services that it recommends the Committee engage its independent registered public accounting firm to provide for the fiscal year. Company management and the Company's independent registered public accounting firm will each confirm to the Audit Committee that each non-audit service on the list is permissible under all applicable legal requirements. Waters Corporation Retirement Plans

Substantially all full-time United States employees of Waters participate in the Waters Corporation Retirement Plan (the Retirement Plan), a defined benefit pension plan intended to qualify under Section 401(a) of the Internal Revenue Code (the Code). The Retirement Plan is a cash balance plan whereby each participant's benefit is determined based on annual pay credits and interest credits made to each participant's notional account. In general, a participant becomes vested under the Retirement Plan upon completion of five years of service. The normal retirement age under the plan is age 65.

Pay credits range from 4.0% to 9.5% of compensation, depending on the participant's amount of compensation and length of service with the Company. Compensation refers to pension eligible earnings of the participant (limited to \$210,000 for 2005), which includes base pay, overtime, certain incentive bonuses, commissions and pre-tax deferrals, but excludes special items such as stock awards, moving expense reimbursements and employer contributions to retirement plans. Interest credits are based on the one year constant maturity Treasury Bill rate on the first business day in November of the preceding plan year plus 0.5%, subject to a 5.0% minimum and a 10.0% maximum rate.

Table of Contents

The Company also maintains a non-qualified, supplemental plan which provides benefits that would be paid by the Retirement Plan except for limitations on pensionable pay and benefit amounts currently imposed by the Code.

The aggregate estimated annual benefit payable from the Retirement Plan and the Company's non-qualified, supplemental retirement plan combined to Mr. Beaudouin, Mr. Berthiaume, Mr. Caputo, Mr. Mazar, Mr. Ornell and Ms. Rae upon normal retirement is \$49,000, \$254,000, \$152,000, \$59,000, \$117,000, and \$47,000, respectively. As of December 31, 2005, Mr. Beaudouin, Mr. Berthiaume, Mr. Caputo, Mr. Mazar, Mr. Ornell and Ms. Rae had approximately 2, 25, 28, 14, 15 and 9 years of credited service, respectively, under the Retirement Plan.

The aggregate estimated annual normal retirement benefits are based on actual 2005 eligible compensation, including bonus paid in 2005. Future eligible compensation is assumed to equal the January 2006 rate of pay and future interest credits are assumed to be 5.0%.

Compensation and Management Development Committee Interlocks and Insider Participation

The Compensation and Management Development Committee currently consists of Mr. Joshua Bekenstein, Mr. William J. Miller (Chairman), and Mr. Thomas P. Salice. Prior to the Company's initial public offering in 1995, Mr. Salice also served as an officer of the Company.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT

The Compensation and Management Development Committee of the Board is responsible for administering the compensation of senior executives of the Company and is comprised of three non-employee Directors, William J. Miller, Chairman, Joshua Bekenstein and Thomas P. Salice, each of whom the Board has determined is independent under applicable listing standards of the New York Stock Exchange. As a consequence of Mr. Philip Caldwell's retirement as a member of the Board, in January, 2005 the Nominating and Corporate Governance Committee voted to recommend to the full Board changes to the composition of the committee, which recommendations were accepted by the Board at its February, 2005 meeting. Therefore, effective as of May 4, 2005, the date of the Meeting, the Compensation and Management Development Committee is comprised of the following members: William J. Miller, Chairman, Joshua Bekenstein and Thomas P. Salice. From January 1, 2005 to May 4, 2005 the Compensation and Management Development Committee of the Board was comprised of Mr. Thomas P. Salice, Chairman, Mr. William J. Miller and Mr. Edward Conard.

Overview and Objectives

The Compensation and Management Development Committee's compensation philosophy and the objectives of the Company's executive compensation plans is to focus senior management on achieving financial and operating objectives which provide long-term stockholder value. The Company's executive compensation plans are designed to align the interest of senior management with those of the Company's stockholders. Therefore, the

Table of Contents

Company's executive compensation plans allocate a significant portion of cash compensation to variable performance-based compensation. It is also the intent of these plans to attract, motivate and retain senior executives. The Compensation and Management Development Committee utilizes the services of an outside executive compensation consultant to assist it in determining the Company's executive compensation structure.

Elements of Executive Compensation

There are three key elements of executive compensation: base salary, senior management incentive bonus (annual incentive), and long-term performance-based awards. Each element addresses specific objectives of the plan and together they meet the overall objectives of the executive compensation plan. In reviewing these elements for senior executives, The Compensation and Management Development Committee utilizes a consistent methodology and process each year and reviews competitive market data from three sources including survey data from a nationally recognized consulting firm, data from a group of thirteen peer companies (peer companies), and data from a group of high technology companies with similar revenue size and market capitalization characteristics as Waters Corporation (high technology companies).

Base Salary

The base salaries for senior executives are reviewed annually by the Compensation and Management Development Committee. Individual salaries are based upon a combination of factors including past individual performance and experience, competitive salary levels and an individual's potential for making significant contributions to future Company performance. Base salaries for senior executives are important to attracting and retaining senior executives and are set at or below median levels relative to the market for comparable positions. Base salary increases for senior executives for fiscal year 2005 were determined by the Compensation and Management Development Committee based on achievement of 2004 Company financial goals, consideration of the competitive market base salary data for comparable positions, and individual performance and responsibility.

Annual Incentive

The Management Incentive Plan is the annual incentive plan for officers and other senior executives of the Company. The purpose of the Management Incentive Plan is to provide added motivation and incentive to senior executives to achieve annual operating results based on operating budgets established at the beginning of the fiscal year. This element of compensation is important in meeting the objective of allocating a significant portion of compensation to variable performance-based compensation.

The Compensation and Management Development Committee evaluates the audited results of the Company's performance against previously established performance targets in order to determine the individual bonuses under the Management Incentive Plan. This plan is designed to provide total cash compensation that is competitive to slightly less than competitive relative to the market for target performance, below competitive market compensation for poor performance against targets, and substantially above competitive market compensation in times of excellent performance versus targets. In 2005, pursuant to the Management Incentive Plan, the Compensation and Management Development Committee established criteria and targets for the payment of incentive compensation to executive officers based upon achievement of earnings growth.

Long Term Performance-Based Awards

Long-term equity based compensation awards are an important component of senior executive compensation and the 2003 Equity Incentive Plan has been designed to motivate senior executives and other key employees to contribute to the long-term growth of stockholder value and to align executive's compensation with the growth in Waters stock

price. The importance of ownership in Waters stock by the executive officers is further emphasized through the ownership guidelines discussed in the Corporate Governance section of this Proxy Statement.

In preparation for the adoption of FAS 123(R), the Committee reviewed and evaluated in detail various long-term incentive instruments with the independent compensation consultant. Based on this analysis, the Committee determined that for 2005, non-qualified stock options were the long-term performance-based compensation instrument that was most effective in meeting Waters objectives. Therefore, during fiscal year 2005 non-qualified

Table of Contents

stock options were granted to the Company's senior executives and other key individuals under the 2003 Equity Incentive Plan. Consistent with prior practice, these non-qualified stock options were granted at fair market value on the date approved by the Committee, will vest at 20% per year for five years, and have a ten year term. The five year vesting schedule supports both the long-term focus of this element of compensation and Waters objective to retain senior executives.

In determining the long-term performance incentive grant, The Compensation and Management Development Committee reviews the competitive practices of the peer companies and the high technology companies. The Compensation and Management Development Committee evaluates and authorizes all awards under the Plan for all recommendations from the Company's Chief Executive Officer.

Other Compensation

The Company does not offer any perquisites for the exclusive benefit of executive officers. Senior executives are eligible to participate in other compensation plans that are generally offered to other employees, such as the Company's savings and investment plan, retirement plan, the employee stock purchase plan, health and insurance plans. They are also eligible to participate in supplemental employee retirement plans that are available to employees who meet certain minimum earnings eligibility criteria.

President and Chief Executive Officer Compensation

Mr. Berthiaume's 2005 annual base salary was based on the Compensation and Management Development Committee's evaluation of the Company's overall performance in 2004, the salaries and compensation practices of a group of peer companies, data on companies of comparable size from a nationally recognized salary survey and a group of high technology companies. After considering these factors, the Compensation and Management Development Committee recommended an increase to Mr. Berthiaume's annual base salary for fiscal year 2005. Mr. Berthiaume declined the base salary increase for 2005. The Compensation and Management Development Committee used the same process to review Mr. Berthiaume's salary at the end of fiscal year 2005 and recommended a base salary increase for 2006. Mr. Berthiaume also declined the recommended base salary increase for 2006.

Under the Management Incentive Plan, the Compensation and Management Development Committee awarded Mr. Berthiaume a bonus of \$336,586 for fiscal year 2005. The criteria and targets for payout under the Management Incentive Plan were pre-established at the beginning of the fiscal year and were based on the achievement of the Company's earnings goals.

The Compensation and Management Development Committee reviews the equity grant practices of a peer group of companies, as well as a group of high technology companies in determining Mr. Berthiaume's stock option grant. During fiscal year 2005, the Compensation and Management Development Committee recommended a stock option grant for Mr. Berthiaume. However Mr. Berthiaume declined the stock option grant.

Limit on Deductible Compensation

The Compensation and Management Development Committee has considered the application of Section 162(m) of the Internal Revenue Code of 1986 to the Company's compensation practices. Section 162(m) generally limits the tax deduction available to public companies for annual compensation paid to senior executives in excess of \$1 million unless the compensation qualifies as performance based compensation. The Compensation and Management Development Committee believe that payments under the Management Incentive Plan and the stock incentive plans of the Company qualify as performance based compensation. From time to time, the Compensation and Management Development Committee will reexamine the Company's compensation practices and the effect of Section 162(m) and

reserves the right to award future compensation which would not comply with the Section 162(m) requirements for non-deductibility if the Compensation and Management Development Committee concluded that this was in the Company's best interests to do so.

The agreement further provides that the benefits will be supplemented by an additional payment to gross up such officer for any excise tax under the parachute payment tax provisions of the Internal Revenue Code.

**AUDIT COMMITTEE CHARTER
OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

Purpose

The purpose of the Audit Committee (the Committee) is to assist the Board of Directors (the Board) of Waters Corporation (the Company) in ensuring that management is maintaining internal controls adequate to provide reasonable assurance that assets are safe-guarded, transactions are properly executed and recorded, generally accepted accounting principles are consistently applied, and that there is compliance with corporate policies for conducting business. The Committee shall assist the Board in overseeing the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function and independent registered public accounting firm. In doing so, it is the goal of the Committee to maintain free and open communication among the Committee, independent registered public accounting firm, Director of Internal Audit and management of the Company.

The function of the Committee is oversight. The Committee relies on the expertise and knowledge of the Company's management, the internal auditor, and the independent registered public accounting firm in carrying out its oversight responsibilities. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and the maintenance of appropriate accounting and financial reporting principles and policies and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out proper annual audits and quarterly reviews of the Company's financial statements and reports directly to the Committee. The Committee reports regularly to the Board.

The Committee shall perform such functions, exercise such powers, and consult with such persons as may be required to fulfill the responsibilities of the Committee or additional responsibilities, which may be delegated to it from time to time by the Board. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company. The Committee shall have the authority, without seeking Board approval, to engage outside advisors or consultants, including legal, accounting, or other advisors as it deems necessary to carry out its duties, and shall be entitled to rely on advice, information, opinions, reports, or statements, including financial statements and other financial data, provided or prepared by officers or employees of the Company or such outside advisors or consultants. The Committee shall receive appropriate funding, as it determines, from the Company for payment of compensation to such outside advisors or consultants.

The Company shall make this Charter available on its website at www.waters.com. The Company shall disclose such availability in its Annual Report on Form 10-K and also shall disclose therein that it shall provide a printed copy of this Charter without charge to any Company stockholder who requests it. The Company also shall publish this Charter periodically in the Company's annual Proxy Statement, to the extent required by the rules and regulations of the Securities and Exchange Commission (the SEC).

Composition

The Committee shall consist of no fewer than three members of the Board independent of management and the Company and free from any relationship that may interfere with the members' exercise of independent judgment from

management and the Company, as prescribed by the applicable laws, regulations, and rules of the SEC and New York Stock Exchange (the NYSE). All members of the Committee shall be able to read and understand fundamental financial statements. The Chairman and each of the members of the Committee shall be appointed by the Board, upon the recommendation of the Nominating and Corporate Governance Committee of the Board, and shall serve an annual term. Any Committee member may be replaced by the Board at any time.

A-1

Table of Contents

At least one member of the Committee shall be an audit committee financial expert as such term is defined in Rule 407 under the Securities Exchange Act of 1934, as amended from time to time (the Exchange Act).

No Committee member may serve simultaneously on the audit committees of more than three public companies (including the Company) unless the Board first has determined that such simultaneous service would not impair the ability of such member to serve on the Committee and the Company discloses such determination in its annual Proxy Statement.

Audit Committee Authority, Responsibilities and Processes

The Committee shall meet as often as it shall determine, but not less frequently than is necessary to discharge the Committee's responsibilities as required by applicable laws and the regulations and rules of the SEC and NYSE, together as a committee and in separate sessions with representatives of management, the internal auditor, and the independent registered public accounting firm. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent registered public accounting firm to attend a meeting of the Committee or to meet with any members of, or any advisor or consultant to, the Committee.

Independent Audit

1. The Committee shall have a clear understanding with management and the independent registered public accounting firm that the independent registered public accounting firm is ultimately accountable to the Committee, as representative of the Company's stockholders, and as such the independent registered public accounting firm must report directly to the Committee. The Committee shall have the sole authority to appoint (subject, if applicable, to ratification by the stockholders of the Company), retain, compensate, evaluate, terminate, and replace the independent registered public accounting firm. The Committee may receive input from the management of the Company on these matters but shall not delegate these responsibilities. The Committee shall be responsible for the oversight of the independent registered public accounting firm, including the resolution of any disagreements between management and the independent registered public accounting firm regarding financial reporting or other matters.
2. The Committee shall review and discuss the proposed scope and plans for the annual audit and significant variations that arise in the course of the examination. Also, the Committee shall discuss with management and the independent registered public accounting firm the adequacy and effectiveness of the accounting and financial controls (including any audit steps taken in light of any material control deficiencies), including the Company's system to monitor and manage business risk, and legal and ethical compliance programs.
3. The Committee shall review the independent registered public accounting firm's internal control observations and responses by the Company's management.
4. The Committee shall approve all fees and terms related to the annual independent audit and subsequent variations thereof, as well as all permissible non-audit engagements of the independent registered public accounting firm. The Committee shall pre-approve all audit and permissible non-audit services to be performed for the Company by the independent registered public accounting firm, giving effect to the de minimis exception for non-audit services set forth in Section 10A(a)(i)(1)(B) of the Exchange Act. The Committee may delegate this authority to the Chairman of the Committee or another subcommittee. On an annual basis, the Committee shall consider whether the provision of non-audit services by the independent registered public accounting firm, on an overall basis, is compatible with maintaining the independent registered public accounting firm's independence from management.

5. The Committee shall, at least annually, obtain and review a report by the independent registered public accounting firm describing (A) the independent registered public accounting firm's internal quality-control procedures, (B) any material issues raised by the most recent internal quality-control review, or peer review, of the independent registered public accounting firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent registered public accounting firm, and any steps taken to deal with any such issues, and (C) (to assess the independent registered public accounting firm's

independence) all relationships between the independent registered public accounting firm and the Company. The Committee shall discuss with the independent registered public accounting firm its independence from management and the Company and shall review at least annually the matters included in the written disclosures provided by the independent registered public accounting firm as required by the applicable regulatory body.

6. The Committee shall review and evaluate the lead partner of the independent registered public accounting firm and shall ensure the occurrence of any legally required rotation of lead and concurring partners and any other partners required to be rotated. The Committee may also consider whether, to assure continuing auditor independence, it would be advisable to regularly rotate the independent registered public accounting firm itself. The Committee shall present its conclusions with respect to the independent registered public accounting firm to the full Board.
7. The Committee shall recommend to the Board a policy concerning the Company's hiring of employees or former employees of the independent registered public accounting firm in accordance with the applicable rules of the SEC to ensure that the independent registered public accounting firm is independent. Specifically, prior to the hiring of any member of the audit engagement team assigned to the Company in any financial reporting oversight role of the Company the Committee shall ensure that one year has passed since completion of the next audit performed by such team subsequent to the audit in which such member participated.
8. The Committee shall review the performance and qualifications of the independent registered public accounting firm, and in so doing, take into account the opinions of management and the internal auditor. The Committee shall report to the Board its conclusions with respect to the independent registered public accounting firm.

Financial Reporting

1. The Committee shall review major issues regarding accounting principles and financial statement presentations, including any significant change in the Company's selection or application of accounting principles. The Committee also shall review and discuss with the independent registered public accounting firm and management the adequacy and effectiveness of the accounting policies and practices and significant judgments that may affect the financial statements of the Company, and the selection made from among alternative accounting treatments.
2. The Committee shall consider changes in accounting standards that may significantly affect financial reporting practices.
3. The Committee shall review and discuss, with financial management and the independent registered public accounting firm, the Company's annual and quarterly financial results and the annual financial statements and quarterly financial statements, including the Company's disclosures under the Management's Discussion and Analysis of Financial Condition and Results of Operations section of its periodic reports, prior to the release of earnings and/or the filing or distribution of the Company's annual and quarterly financial statements and discuss any significant changes to the Company's accounting principles and any items required to be communicated by the independent registered public accounting firm. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent registered public accounting firm under generally accepted auditing standards. Based on the foregoing and on review of other information made available to the Committee, the Committee shall recommend to the Board whether the audited financial statements should be included in the Company's

Annual Report on Form 10-K. The Chairman of the Committee (or an alternate if necessary) may represent the entire Committee for purposes of the quarterly review of the Company's earnings release.

4. The Committee shall meet separately with the independent registered public accounting firm to discuss the results of its audit work and the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit, including any problems or difficulties encountered in the course

A-3

of the audit work and management's response thereto, any restrictions on the scope of activities or access to requested information, and the nature and resolution of any significant disagreements with management. The Committee shall also obtain from the independent registered public accounting firm assurance that Section 10A(b) of the Exchange Act (regarding the independent registered public accounting firm's responsibilities upon detection or otherwise becoming aware of information indicating that an illegal act (whether or not perceived to have a material effect on the financial statements of the Company) has or may have occurred) has not been implicated.

5. The Committee shall discuss with management the type and presentation of information to be included in the Company's earnings press releases, including the use therein of pro forma or adjusted non-GAAP information, as well as any financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be done generally (i.e., discussion of the types of information to be disclosed and the type of presentation to be made). The Committee need not discuss in advance each earnings release or each instance in which the Company may provide earnings guidance.
6. The Committee shall review any analyses prepared by management and/or the independent registered public accounting firm setting forth significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including analyses of the effects of alternative generally accepted accounting principles methods on the financial statements. The Committee also shall review the effect of regulatory and accounting initiatives and off-balance sheet structures on the Company's financial statements.
7. The Committee shall review with management guidelines and policies with respect to the Company's approach to risk assessment and risk management, and shall discuss the Company's major financial risk exposures and steps taken by management to monitor and control such exposures.
8. The Committee shall review each report of the independent registered public accounting firm delivered to the Committee pursuant to Section 10A(k) under the Exchange Act, concerning: (a) all critical accounting policies and practices to be used; (b) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments (including their effect on the Company's financial statements), and the treatment preferred by the independent registered public accounting firm; and (c) other material written communications between the independent registered public accounting firm and management, such as any management letter or schedule of unadjusted differences.
9. The Committee shall review the disclosures made by officers of the Company in the certifications required to be filed (a) as part of the Company's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q regarding any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's internal controls and (b) pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, regarding the absence of misleading statements in the Company's periodic reports and the fair presentation in such reports of the Company's financial statements and results of operations.
10. The Committee shall discuss with management and the independent registered public accounting firm any correspondence or other communication from or with any governmental agency or regulatory authority that raises any material issue concerning the Company's financial statements, accounting policies, or related matters.

Controls

1. The Committee shall review major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies. The Committee shall assess the adequacy and effectiveness of the system of internal controls, including the security of tangible and intangible corporate assets and the security of computer systems and facilities.
2. The Company shall have an internal audit function. The Committee shall oversee the appointment, removal, and replacement of the Company's internal auditor (or, if such function is performed by more

than one person or firm, the person or firm charged with heading such function). The Committee shall review the responsibilities, budget, and staffing of the Company's internal audit function and the scope of the internal audit plan and function.

At regularly scheduled meetings, and at any other times when they believe it necessary, the independent registered public accounting firm and senior financial management shall meet with the Committee privately and confidentially to notify or advise it concerning any circumstances which they believe require the special attention of the Committee.

Other Committee Activities

1. The Committee may, at its discretion, request management, the independent registered public accounting firm, or other persons with specific competence, including outside counsel and other outside advisors, to undertake special projects or investigations which it deems necessary to fulfill its responsibilities, especially when potential conflicts of interest with management may be apparent.
2. The Committee shall be informed by senior financial management of the rationale for securing audits or second opinions from accounting firms other than the Company's independent registered public accounting firm.
3. The Committee shall annually assess and review the adequacy of this Charter and shall annually review the Committee's own performance.
4. The Committee shall provide its report required to be included in the Company's annual Proxy Statement.
5. The Committee shall establish, or determine that there have been established, procedures for the receipt, retention, and treatment of complaints from Company employees regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters and shall monitor ongoing compliance with these procedures.
6. The Committee shall obtain reports from management, the internal auditor, and the independent registered public accounting firm that the Company is in conformity with applicable legal requirements and the Company's Code of Business Conduct and Ethics.
7. The Committee shall review such other reports, adopt such other policies, and implement such other procedures as shall be necessary to comply with the rules and regulations that may, from time to time, be established by the NYSE or the SEC.
8. The members of the Committee shall not receive any compensation from the Company other than director fees. Such director fees may be greater than those paid to the other directors of the Company.
9. The Committee shall review with the Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent registered public accounting firm, or the performance of the internal audit function.
