PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CLARCOR Inc. (the "Company") for use at the Annual Meeting of Shareholders to be held at the offices of Total Filtration Services, Inc., 2911 Research Drive, Rochester Hills, Michigan 48309, on Monday, March 22, 2004 at 9:00 A.M., Eastern Standard Time, for the purposes set forth in the Notice of Annual Meeting. Total Filtration Services, Inc. is a wholly-owned subsidiary of the Company. This Proxy Statement and the accompanying proxy are being mailed to shareholders on February 18, 2004.

A shareholder who gives a proxy may revoke it at any time before it is voted by giving written notice of the termination thereof to the Secretary of the Company, by filing with him another proxy or by attending the Annual Meeting and voting his or her shares in person. All valid proxies delivered pursuant to this solicitation, if received in time and not revoked, will be voted. If no specifications are given by the shareholder executing the proxy card, valid proxies will be voted to elect the three persons nominated for election to the Board of Directors listed on the proxy card enclosed herewith, to approve the adoption of the Company's Employee Stock Purchase Plan, and, in the discretion of the appointed proxies, upon such other matters as may properly come before the meeting.

As of February 5, 2004, the Company had outstanding 25,372,273 shares of Common Stock, constituting the only class of voting securities of the Company outstanding, and each outstanding share is entitled to one vote on all matters to be voted upon. Only holders of CLARCOR Common Stock of record at the close of business on February 5, 2004 are entitled to notice of and to vote at the meeting. A majority of the shares of Common Stock issued and outstanding and entitled to vote at the meeting, present in person or represented by proxy, will constitute a quorum for purposes of the Annual Meeting.

ELECTION OF DIRECTORS

NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

At the Annual Meeting three directors are to be elected. Proxies will be voted for the election of Messrs. Robert J. Burgstahler, Paul Donovan and Norman E. Johnson unless the shareholder signing such proxy withholds authority to vote for one or more of these nominees in the manner described on the proxy. If a quorum is present at the meeting, the three candidates for director receiving the greatest number of votes will be elected. Accordingly, withheld votes and broker non-votes will not affect the outcome of the election of directors.

Messrs. Burgstahler and Johnson are directors of the Company previously

elected by its shareholders whose terms in office expire this year. Mr. Donovan was elected by the Board of Directors on March 24, 2003 to replace Mr. Lawrence E. Gloyd who retired from the Board on that date. If elected, Messrs. Burgstahler, Donovan and Johnson will hold office for a three-year period ending in 2007 or until their respective successors are duly elected and qualified.

In the event that any of the nominees should for some reason, presently unknown, fail to stand for election, the persons named in the enclosed form of proxy intend to vote for substitute nominees.

THE BOARD OF DIRECTORS

The Board of Directors consists of nine directors divided into three classes, each class consisting of three directors. One class of directors is elected at each Annual Meeting of Shareholders. The Board has determined that eight of the directors are independent as such term is defined in the listing standards adopted by the New York Stock Exchange ("NYSE") on which the Company's Common Stock is listed and that such directors have no material relationship with the Company. Mr. Norman E.

Johnson, the Chairman of the Board, President and Chief Executive Officer of the Company, is the only director who is not independent as defined in such standards.

Edgar Filing: CLARCOR INC - Form DEF 14A

The Board of Directors held five meetings during fiscal 2003. All of the Company's directors attended at least 75% of the aggregate number of meetings of the Board of Directors and Committees of the Board of which they are members.

In fiscal 2003, directors who were not employees of the Company received an annual retainer of \$32,500 and fees of \$1,000 for each meeting of the Board of Directors and each separate Committee meeting attended and reimbursement for travel expenses related to attendance at Board and Committee meetings. Non-employee directors who are Chairmen of Committees received an additional annual fee of \$3,250 in fiscal 2003.

Pursuant to the Company's Deferred Compensation Plan for Directors, a non-employee director may elect to defer receipt of the director's fees to which he or she is entitled and to be paid the amounts so deferred, plus interest thereon at the prime rate announced quarterly by Bank One Corporation, or its successor, either when the participant ceases being a director of the Company or upon his or her retirement from his principal occupation or at the time the participant reaches a specified age. None of the directors deferred any portion of the fees payable during fiscal 2003.

The Board has adopted a Directors' Stock Compensation Plan. Under this Plan, as amended, in lieu of the annual retainer otherwise payable, on the date a person first becomes a non-employee director, and annually thereafter on the date of each annual meeting of shareholders, such person receives a grant of shares of the Company's Common Stock with an aggregate fair market value equal to and in lieu of the amount of the annual retainer for non-employee directors.

Under the Company's Incentive Plan, each non-employee director is automatically granted, on the date of each annual meeting of shareholders and on the date on which such non-employee director is first elected or begins to serve as a non-employee director, options to purchase 3,750 shares of Common Stock at an option exercise price equal to the fair market value of a share of Common Stock on the date of grant. Such options are fully exercisable on the date of grant and expire ten years after the date of grant. Shares acquired upon exercise of an option may not be sold or transferred during the six month period following the date of grant of such option. As of January 1, 2004, Mr. Adam has fully exercisable options for 37,500 shares, Mr. Donovan has 3,750, Mr. Packard has 21,575, Mr. Jenkins has 18,750, Mr. Lochner has 17,850, Mr. Burgstahler has 12,267, Ms. Stevens has 7,500 and Mr. Wandell has 11,250.

COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal 2003, the standing committees of the Board of Directors were the Director Affairs/ Corporate Governance Committee, the Audit Committee and the Compensation Committee.

Directors Affairs/Corporate Governance Committee. The Directors Affairs/Corporate Governance Committee consists of three directors. The present members of the Committee are Messrs. J. Marc Adam, Chairman, and Philip R. Lochner, Jr. and Ms. Roseann Stevens. Each of these directors is independent as such term is defined in the listing standards of the NYSE.

The Board has adopted a Charter for the Committee. A current copy of that Charter is available on the Company's website: www.clarcor.com. The Charter provides, among other things, that the Committee will make recommendations to the full Board regarding changes to the size and composition of the Board or any committee thereof; identify individuals that the Committee believes are qualified to become Board members and recommend that the Board select such nominee or nominees to stand for election; and identify individuals for appointment to the Board to fill vacancies on the Board.

Edgar Filing: CLARCOR INC - Form DEF 14A

The Charter of the Committee requires the Committee to review and evaluate any stockholder nominees for director. The Company's By-laws (available on the Company's website) provide that

3

notice of any proposed nomination by a shareholder for election of a person to the Board shall be delivered to or mailed and received at the principal executive offices of the Company no less than 60 days nor more than 90 days prior to the date of the Annual Meeting of Shareholders at which the election is to be held. Section 2.12 of the By-Laws specifies the information to be included by a shareholder in such a notice.

The Committee has no specific policy with regard to the minimum qualifications of director candidates. In the recent past, candidates recommended for election to the Board have generally had significant experience and expertise in the manufacture and distribution of disposable and replaceable industrial or automotive products, in international sales and distribution and/or in the preparation and analysis of financial statements and in accounting matters generally. The Company believes that persons with these qualifications are the most qualified to assist the Company in the development of its business and in compliance with its financial reporting responsibilities.

Messrs. Burgstahler, Donovan and Johnson are the current nominees recommended by the Committee for election to the Board. Messrs. Burgstahler and Johnson are standing for reelection by the shareholders. Mr. Donovan was appointed in March 2003 by the Board to fill a vacancy on the Board and is standing for election by the shareholders for the first time. Mr. Donovan, formerly the Chief Financial Officer of Wisconsin Energy Corporation, was initially recommended to the Committee by Mr. Robert Jenkins, an independent director of the Company who had a previous business relationship with Mr. Donovan.

In the past the Committee has reviewed potential candidates for election to the Board recommended primarily by Board members or third party search firms. The process has included a review of the candidate's previous business experience and, in some cases, interviews with the candidate. No different process would be applied with respect to nominees recommended by holders of the Company's common stock.

The Directors Affairs/Corporate Governance Committee met once during fiscal 2003.

Audit Committee. The Audit Committee was established by the Board in accordance with applicable provisions of the Securities Exchange Act of 1934, as amended. The Audit Committee consists of three directors. The present members of the Committee are Messrs. Robert J. Burgstahler, Paul Donovan and Keith E. Wandell. Each of these directors is independent and financially literate as such terms are defined in the listing standards of the NYSE. Further, Mr. Burgstahler and Mr. Donovan have previously served as the chief financial officers of large, publicly held corporations. Consequently, the Board has determined that Mr. Burgstahler and Mr. Donovan are each an "audit committee financial expert" as such term is defined in applicable rules of the Securities and Exchange Commission.

The Board has adopted a Charter for the Audit Committee. A current copy of that Charter is attached to this Proxy Statement as Exhibit A and is available on the Company's website: www.clarcor.com.

The purposes of the Committee include assisting Board oversight of the integrity of the Company's financial statements, its compliance with legal and

Edgar Filing: CLARCOR INC - Form DEF 14A

regulatory requirements, the selection of an independent auditor, determination of the independence auditor's qualifications and independence and the performance of the Company's internal audit function and independent auditors. The Committee also discusses the Company's annual audited financial statements, quarterly financial statements and the earnings press release with management and the independent auditors.

The Audit Committee met 10 times during fiscal 2003.

Compensation Committee. The Compensation Committee consists of three directors. The present members of the Committee are Messrs. James L. Packard, Chairman, J. Marc Adam and Robert H. Jenkins. Each of these directors is independent as such term is defined in the listing standards of the NYSE.

4

The Board has adopted a written Charter for the Committee. A current copy of that Charter is available on the Company's website: www.clarcor.com.

The purposes of the Committee include discharging the Board's responsibilities relating to compensation of the Company's executive officers and review and recommendations to the Board with respect to compensation plans, policies and programs. The Committee annually reviews and approves corporate goals and objectives relevant to the compensation of the Company's Chief Executive Officer and, together with the other independent directors, determines and approves the compensation level of the Chief Executive Officer. The Committee also makes recommendations to the full Board with respect to the compensation of the Company's other executive officers and approves grants and awards of restricted stock and stock options under the Company's Incentive Plans.

The Committee met three times during fiscal 2003.

EXECUTIVE SESSIONS OF THE BOARD; COMMUNICATIONS WITH THE BOARD

The Company's Corporate Governance Guidelines (available on the Company's website: www.clarcor.com) provide that at each meeting of the Board of Directors the independent directors shall meet separately from the management of the Company. Mr. Norman E. Johnson, a director and the Chairman, President and Chief Executive Officer of the Company, does not attend these executive sessions. Under the Guidelines, these sessions are chaired on a rotating basis by the chairperson of one of the standing committees of the Board (currently the Audit Committee, the Compensation Committee and the Directors Affairs/Corporate Governance Committee).

The Board has adopted a process for holders of the Company's common stock and other interested parties to send written communications to the Board. Such communications should be sent to the Corporate Secretary at CLARCOR Inc., 2323 Sixth Street, P.O. Box 7007, Rockford, Illinois 61125. The Corporate Secretary will forward all such communications to the Chairman of the Directors Affairs/Corporate Governance Committee of the Board. That Committee will determine whether any such communication will be distributed to the full Board or, if requested by the sender, only to the non-management directors.

The Board has adopted a policy which recommends that all directors personally attend each annual and special meeting of the shareholders of the Company. At the last Annual Meeting of Shareholders held on March 24, 2003, eight of the directors then in office were in attendance.

- (2) Closing price of Common Stock as reported on the New York Stock Exchange Composite Transactions at date of grant.
- (3) Options are valued using Cox-Ross-Rubinstein Binomial Model, which is a variation of the Black-Scholes Option Pricing Model using the following assumptions:
- (i) an expected option term of seven years to exercise (based on estimated prior experience);
 - (ii) interest rates ranging from 1.38% to 3.87% depending on the date of grant and based on the quoted yield of Treasury Strips;
 - (iii) dividends of \$.4825 per share of Common Stock; and
 - (iv) stock price volatility of 24.5% based upon the monthly stock closing prices for the preceding 7 years.
- (4) These grants resulted from the exercise of an option and from the payment of the related exercise price by the optionee using shares of previously owned Company Common Stock. Under these circumstances, the 1994 Incentive Plan permits the grant of options ("replacement options") for the number of shares used in payment of the exercise price. The exercise price for each replacement option is equal to the market value of the Company's Common Stock on the date of such exercise and replacement options expire on the same date as the original option which was exercised. The replacement option grants do not contain the replacement feature.

The following table sets forth certain information regarding option exercises during the fiscal year and the unexercised options held by such individuals at November 29, 2003.

RETIREMENT PLANS

Most current employees of the Company and certain of its subsidiaries, including the individuals named in the Summary Compensation Table, are eligible to receive benefits under the CLARCOR Inc. Pension Plan (the "Pension Trust"). The amount of the Company's contribution to the Pension Trust in respect to a specified person cannot be individually calculated. During fiscal 2003 the Company made a \$3,000,000 contribution to the Pension Trust.

The Pension Trust provides benefits calculated under a Social Security step-rate formula based on career compensation. Benefits are payable for life with a guarantee of 120 monthly payments. The formula accrues an annual benefit each plan year equal to the sum of (a) plan year compensation up to age 65 covered compensation (\$42,000 in fiscal 2004) in effect each December multiplied by .012 plus (b) any excess of such plan year compensation over age 65 covered compensation (subject to Internal Revenue limitations applicable to all qualified retirement plans) multiplied by .0175. The aggregate of all annual accruals plus the benefit accrued at November 30, 1989 under prior plans is the amount of annual pension.

Estimated annual retirement benefits payable under the Pension Trust at normal retirement (age 65) for Messrs. Johnson, Ferrise, Klein, Boyd and Lindsay are \$68,173, \$5,185, \$21,532, \$7,726, and

9

\$89,622, respectively. Such annual retirement benefits are not subject to any reduction for Social Security amounts.

Effective January 1, 2004, the Board adopted a program pursuant to which the pension benefits payable under the Pension Trust to most employees of the Company were frozen. As to these employees, no further benefits will accrue under the Pension Trust. As a substitute benefit the Company implemented a new 401(k) plan (the "New 401(k) Plan") which is available to substantially all United States employees of the Company and its subsidiaries. Under the New 401(k) Plan the Company will match all contributions by a participant up to 3% of his or her compensation and 50% of the next 2% of such compensation contributed.

The Company offered employees who were both at least 40 years old and have 10 years of service the option of continuing to participate in the Pension Trust or adopting the New 401(k) Plan. Those employees electing to continue participation in the Pension Trust also are eligible to continue to participate in the Company's previously established 401(k) Plan (the "Old 401(k) Plan"). Under the Old 401(k) Plan, the Company will match 50% of contributions by a participant up to 3% of his or her compensation. Messrs. Johnson and Lindsay elected to continue to participate in the Pension Trust and they will therefore continue to accrue benefits under that program. Messrs. Ferrise, Klein and Boyd were not eligible to continue to participate in the Pension Trust. The amounts currently payable to Messrs. Ferrise, Klein and Boyd pursuant to the Pension Trust will not increase or decrease in the future.

Edgar Filing: CLARCOR INC - Form DEF 14A

Effective December 1, 1994, the Company established two new retirement plans for officers and senior executives of the Company: the 1994 Supplemental Pension Plan and the 1994 Executive Retirement Plan. The 1994 Supplemental Pension Plan is intended to preserve benefits lost by reason of the maximum limitations on compensation and benefits imposed on tax qualified retirement plans by the Internal Revenue Code of 1986. The 1994 Executive Retirement Plan provides a monthly benefit to a participant equal to (a) 65% of his average monthly compensation with respect to the three consecutive fiscal years for which he received the highest compensation, reduced by (b) his monthly normal retirement benefit provided by the Pension Trust. A minimum of 15 years of service after attainment of the age of 40 is required to earn a full benefit of 65% of compensation at retirement. Messrs. Johnson, and Klein are participants in both of the 1994 plans. Messrs. Ferrise and Lindsay are participants in the 1994 Supplemental Pension Plan. Mr. Boyd is not a participant in either plan. Estimated total annual retirement benefits pursuant to both the 1994 Supplemental Pension Plan and the 1994 Executive Retirement Plan payable at normal retirement (age 65) for Messrs. Johnson, Ferrise, Klein and Lindsay are \$664,541, \$9,088, \$285,268 and \$35,782, respectively. Such annual retirement benefits are not subject to reduction for Social Security amounts.

EMPLOYMENT AGREEMENTS

The Company has entered into employment agreements with Messrs. Johnson, Ferrise, Klein, Boyd and Lindsay and certain other executive officers of the Company. Mr. Johnson's employment agreement provides for such compensation, incentive plan compensation, benefits and perquisites, pensions, employment termination, and "change of control" provisions as are described in this Proxy Statement. Mr. Johnson's agreement, as amended, expires on the date of the 2006 Annual Meeting. His agreement is extended automatically each year unless terminated by the Board. The agreements with Messrs. Klein, Ferrise, Boyd and Lindsay and certain other executive officers include the provisions described in the next two paragraphs.

The "Change of Control" provisions of Mr. Johnson's agreement and other agreements, as amended, with Messrs. Klein, Ferrise, Boyd and Lindsay and certain other executive officers become effective upon the occurrence of any of the following: (i) the acquisition by any person, entity or group (other than from the Company) of 15% or more of the outstanding securities of the Company which are entitled to vote generally in the election of directors; (ii) individuals who, at the date of the employment agreement, constitute the Board of Directors of the Company (the "Incumbent Board")

10

cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director after the date of the employment agreements whose election or nomination was approved by a vote of at least a majority of the directors then comprising the Incumbent Board will be considered as though such person was a member of the Incumbent Board; (iii) consummation of a reorganization, merger or consolidation, in each case in respect of which the persons who were shareholders of the Company immediately prior to such transaction do not immediately thereafter own more than 60% of the securities entitled to vote generally in the election of directors of the entity resulting from such transaction or (iv) approval by the shareholders of the Company of a liquidation or dissolution of the Company or the sale of all or substantially all of its assets.

The agreements provide that the Company agrees to employ these officers, and the officers agree to remain in the employ of the Company, from the date of a change of control to the earlier to occur of the third anniversary of such

Edgar Filing: CLARCOR INC - Form DEF 14A

change of control or the officer's normal retirement date at a rate of compensation at least equal to the highest monthly base salary which the officer was paid during the 36 calendar months immediately prior to the change of control. In addition, during that period the Company agrees to provide employee benefits which are the greater of the benefits provided by the Company to executives with comparable duties or the benefits to which the officer was entitled during the 90-day period immediately prior to the date of the change of control. In the event that employment is terminated after a change of control, the terminated officer is entitled to (i) a lump-sum cash payment equal to three times the sum of the officer's base salary and annual bonus, (ii) continued health and welfare benefits and perquisites for the three year period following termination; and (iii) a lump sum payment equal to the pension benefits the terminated officer would have earned during the three year period after the termination. If any of such agreements subjects the officer to excise tax under Section 4999 of the Internal Revenue Code, the Company will pay such officer an additional amount calculated so that after payment of all taxes, interest and penalties, the officer retains an amount of such additional payment equal to such excise tax. The agreements define "termination" to mean termination of employment by the Company for reasons other than death, disability, cause or retirement. "Termination" also includes resignation by the officer after (a) a material adverse reduction in the nature or scope of his authorities, duties or responsibilities, following a change of control, as determined in good faith by the officer; (b) a reduction in compensation or benefits after a change of control or (c) a good faith determination by the officer that, as a result of the change of control, he is unable to exercise the authority, power, function and duties contemplated by the agreement.

REPORT OF THE COMPENSATION COMMITTEE

One of the duties of the Compensation Committee ("Committee") is to assure that the Chief Executive Officer and the other executive officers of the Company ("Executive Officers") are compensated equitably, competitively and in a manner that is consistent with the long-term best interests of the Company and its shareholders. The Committee, which is composed entirely of independent non-employee directors, is responsible for determining the annual salary, cash incentives, benefits and intermediate-term and long-term incentive plan awards for the Company's Executive Officers.

COMPENSATION PHILOSOPHY

There are certain stated principles which the Committee follows in structuring the compensation packages for the Chief Executive Officer and the other Executive Officers of the Company. These are:

Pay for Performance

A high percentage of total compensation is linked directly to the performance of the Company and the executive's individual performance in attaining the Company's objectives and

11

supporting the Company's mission statement. The Committee believes that this structure aligns the executives' interests with the interests of the shareholders.

Competitiveness

Total compensation packages are designed to be comparable with those of executives occupying comparable positions in comparable companies. The packages are also designed to allow an opportunity to earn at a level above

Edgar Filing: CLARCOR INC - Form DEF 14A

median industry practices and market competitors when Company performance exceeds the results of comparable companies. The opportunity to earn at higher levels provides a significant challenge to the Executive Officers.

Executive Ownership

A major component of executive compensation is equity-based, and as a result, the Executive Officer's interests are more directly linked with shareholders' interests. The Committee believes that equity-based compensation properly balances the rewards for long-term versus short-term results.

The Committee has established ownership guidelines for Executive Officers and non-employee directors to align their interests and objectives with the Company's shareholders. These guidelines require that Executive Officers, after a five-year period, own shares with a value ranging from a minimum of two times annual salary for officers at the level of corporate vice president to a minimum of four times annual salary for the Company's Chairman and Chief Executive Officer. In addition, the guidelines require that non-employee directors, after a five-year period, own shares with a value equal to a minimum of five times the annual retainer.

Management Development

The compensation packages are also designed to attract and retain quality executives with the leadership skills and other key competencies required to meet the Company's objectives and to enhance shareholder value.

COMPONENTS OF EXECUTIVE PAY

The components of total pay for all executives are annual salary, cash incentives, benefits and intermediate-term and long-term incentive awards. The Committee reviews annually each component of compensation and total compensation for the Executive Officers. The review includes a market comparison of compensation and changes in compensation for equivalent positions in related industrial groups and comparably-sized companies. Competitive information and data relating to executive compensation packages is provided by independent compensation consultants at the request of the Committee.

Annual Salary

Annual salary and annual adjustments are based on the executive's performance, experience, and reference to competitive rates for comparable positions in related industry groups and comparably-sized companies.

Cash Incentives

Annual cash incentives are determined based upon the attainment of financial targets by the Company and the individual performance of the executive. If certain minimum target results are not achieved, no annual incentive will be paid. If target levels, which the Committee considers to be reasonably difficult to attain, are achieved, annual incentive levels generally range from 30% to 70% of base salary, and maximum awards may exceed 100% of base salary if performance materially exceeds the target objectives.

The financial target that must be attained is economic value added, or as referred to by the Company, CLARCOR Value Added ("CVA"). In basic terms, CVA is consolidated annual after-tax operating earnings less the annual

Edgar Filing: CLARCOR INC - Form DEF 14A

cost of capital. Thus the size of the cash incentives varies directly with the amount by which such after-tax earnings exceed the cost of capital. As a result, the CVA program is designed to reward managers who increase shareholder value by most effectively deploying the capital contributed by the shareholders and lenders. If the Company fails to achieve the target levels of CVA, the cash incentive awards are reduced. The Committee sets the target levels.

Benefits

Employee benefits offered to the general employee population of the Company are provided to Executive Officers as part of the total compensation program. In addition, certain Executive Officers are provided supplemental retirement benefits, life insurance policies and certain other benefits.

Intermediate-Term Incentive

The Company's intermediate term incentive program involves grants of Restricted Stock Units ("Units"). Units provide for the issuance of Common Stock to the grantee over a four year period. 25% of the total number of Units vests on each anniversary of the grant so long as the grantee remains in the employment of the Company or one of its subsidiaries. Until Units vest and shares of Common Stock are issued in conversion of the Units, the grantee does not have any rights as a shareholder of the Company, but prior to vesting the grantee will receive a cash payment equal to the dividends paid on the Common Stock. The Units permit a grantee to defer the issuance of Common Stock pursuant to the Units for a period of years or until the termination of the grantee's employment by the Company. The Committee believes that intermediate-term incentive programs based on appreciation in the price of the Company's Common Stock are in the best interests of the Company and its shareholders.

Long-Term Incentive Plan

The Company's long-term incentive plan awards non-qualified stock options to its executives and key employees. Options granted under the Company's shareholder approved 1994 Incentive Plan or the 2004 Incentive Plan have a 10-year life and all options granted during fiscal 2003 were at the market value of the Common Stock on the date of grant. The option grants provide the executives an opportunity to acquire an equity interest in the Company and to share in the long-term appreciation of the stock.

Market surveys of long-term incentives are reviewed to establish competitive practices. Management makes recommendations to the Committee on the size of a grant, if any, for each executive based on the individual's ability to affect financial performance, the executive's past performance, and expectations of the executive's future contributions. The CEO's grant is similarly determined by the Committee and all other stock option grants are reviewed and approved by the Committee.

Stock options granted in fiscal 2003 are not exercisable for one year after the grant. Thereafter they become exercisable at the rate of 25% per year and they are fully exercisable after the 4th year and through the 10th year of the option.

SECTION 162(m) COMPLIANCE

The Committee has considered the possible impact of Section 162(m) of the Internal Revenue Code of 1986, which generally limits to \$1 million (with several exceptions) the tax deduction available for compensation paid to a person who is an executive listed in the Summary Compensation Table and who is

Edgar Filing: CLARCOR INC - Form DEF 14A

employed by the Company at the end of its fiscal year. The Committee intends to preserve to

13

the Company the maximum opportunity for obtaining deductibility for all amounts paid to its officers by administering the Company's plans and programs in a way that will meet the regulations in effect at the time compensation decisions are made.

CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Johnson's annual salary was increased during fiscal 2003 to be competitive with the median base salary paid to chief executive officers of comparably-sized corporations identified by the Committee. For fiscal 2003, Mr. Johnson was awarded an annual cash incentive equal to 200% of his base salary in accordance with the annual cash incentive plan as a result of the CVA levels attained in fiscal 2003 which significantly exceeded established target levels.

Mr. Johnson also received grants of 6,875 Restricted Stock Units and was granted non-qualified stock options for 60,000 shares of the Company's Common Stock at an exercise price of \$32.30 per share, the closing price as reported on the New York Stock Exchange on the date of grant. In addition, during fiscal 2003 he deferred the receipt of 5,483 shares of Common Stock issuable pursuant to Restricted Stock Units.

The Committee believes that the key executive team of the Company will receive appropriate rewards under this program of corporate incentives, but only if they achieve the performance goals established for them and the Company and if they succeed in building increased value for the Company's shareholders.

REPORT OF THE AUDIT COMMITTEE

The Company's Board of Directors' Audit Committee is comprised of three directors who are independent as such term is defined in the listing standards of the New York Stock Exchange. The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management of the Company has the primary responsibility for the financial statements and the reporting processes of the Company, including the system of internal controls, the presentation of the financial statements and the integrity of the financial statements. Management has represented to the Audit Committee that the Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Company's auditors, PricewaterhouseCoopers LLP, are engaged to audit the Company's financial statements and to express an opinion on the conformity of such audited financial statements to GAAP. Members of the Audit Committee rely on the information provided to them and on the representations made by management and the information, representations, opinions and communications of the Company's auditors.

In this context, the Audit Committee has reviewed and discussed the Company's audited financial statements with management and the Company's auditors. The Audit Committee has discussed with the Company's auditors the

Edgar Filing: CLARCOR INC - Form DEF 14A

matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, Au sec.380). In addition, the Audit Committee has received from the Company's auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the auditors their independence from the Company and its management. While the activities of the Audit Committee are designed to provide an additional level of review, such activities cannot provide absolute assurance that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with GAAP or that the Company's auditors are in fact independent.

In reliance on the reviews and discussions referred to above and subject to the limitations set forth above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended November 29, 2003, for filing with the Securities and Exchange Commission.

During 2003 the primary component of fees in this category related to consultation on general internal control matters and compliance with the Sarbanes-Oxley Act of 2002. In 2002, these services related to attest services that were not required by statute or regulation.

(2) Tax fees in both 2003 and 2002 primarily related to advice and assistance with respect to domestic and foreign tax compliance matters.

The charter of the Audit Committee (attached to this Proxy Statement as Exhibit A) provides that the Audit Committee is responsible for the appointment, compensation and oversight of the work of the independent auditors and must approve in advance any non-audit services to be performed by the independent auditors. The Audit Committee has not established any pre-approval procedures, but instead reviews each proposed engagement to determine whether the provision of services is compatible with maintaining the independence of the independent auditors. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. All of the fees shown

APPROVAL OF EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors is proposing for shareholder approval the CLARCOR Inc. Employee Stock Purchase Plan (the "Stock Purchase Plan"). The Stock Purchase Plan is designed to encourage greater stock ownership among employees, by providing an easy, cost-effective way to purchase the Company's common stock. The proposed Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" under section 423 of the Internal Revenue Code ("Code").

The Board of Directors adopted the Stock Purchase Plan on September 22, 2003. The Stock Purchase Plan is effective January 1, 2004, subject to shareholder approval at the Annual Meeting. The Stock Purchase Plan will replace the Monthly Investment Plan previously adopted and most recently

17

Edgar Filing: CLARCOR INC - Form DEF 14A

amended under the CLARCOR Inc. 2004 Incentive Plan. The Monthly Investment Plan terminated effective December 31, 2003.

A shareholder may mark the accompanying form of proxy to (i) vote for the Stock Purchase Plan, (ii) vote against the Stock Purchase Plan or (iii) abstain from voting with respect to the Stock Purchase Plan. If a quorum is present at the Annual Meeting, approval of the Stock Purchase Plan requires the affirmative vote of a majority of the shares of Common Stock of the Company present in person or represented by proxy at the meeting and entitled to vote with respect to the Stock Purchase Plan. Proxies marked to abstain from voting with respect to the Stock Purchase Plan will have the legal effect of proxies voted against the Stock Purchase Plan. Proxies submitted by brokers for shares beneficially owned by other persons may indicate that all or a portion of the shares represented by such proxies are not being voted with respect to the Stock Purchase Plan. This is because the rules of the New York Stock Exchange do not permit a broker to vote shares held in street name with respect to the Stock Purchase Plan in the absence of instructions from the beneficial owner of the shares. The shares represented by broker proxies which are not voted with respect to the Stock Purchase Plan will not be considered entitled to vote with respect to the Stock Purchase Plan and accordingly will not affect the determination of whether the Stock Purchase Plan is approved although such shares will be considered entitled to vote for other purposes and will be counted in determining the presence of a quorum.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE
CLARCOR INC. EMPLOYEE STOCK PURCHASE PLAN.

The description of the Stock Purchase Plan set forth below is a summary, does not purport to be complete and is qualified in its entirety by reference to the provisions of the Stock Purchase Plan. A copy of the Stock Purchase Plan is attached to this Proxy Statement as Exhibit B.

ADMINISTRATION. The Stock Purchase Plan will be administered by the Compensation Committee ("Committee") of the Board of Directors. Among other powers, the Committee will have discretionary authority to adopt, construe and enforce rules regarding the Stock Purchase Plan.

SHARES AVAILABLE. A total of 500,000 shares of the Company's Common Stock would be available for purchases under the Stock Purchase Plan. If the Company's outstanding shares of Common Stock are affected by any recapitalization, reclassification, stock split, reverse stock split, combination of shares, exchange of shares, or stock dividend or if some other increase or decrease in the Company's Common Stock occurs without the Company receiving consideration, the Committee will make a proportionate adjustment in shares under the Stock Purchase Plan.

ELIGIBILITY. Employees (including officers and directors who are employees) of the Company and certain designated subsidiaries will be eligible to participate in the Stock Purchase Plan after three months of service, except for employees scheduled to work less than 20 hours per week or who are scheduled to work less than five months per year. As required by applicable tax laws, no employee who owns 5% or more of the Company's Common Stock is eligible to participate. As of January 1, 2004, approximately 4,000 employees would be eligible to participate in the Stock Purchase Plan.

OFFERING PERIOD. During an offering period, which generally runs for six months, from January 1 to June 30 and from July 1 to December 31 each year, the Stock Purchase Plan would permit eligible employees to elect payroll deductions that would be applied to purchase the Company's Common Stock. An employee has no rights as a shareholder with respect to the shares the employee is eligible to purchase until the shares are so purchased and issued by the Company. The

Edgar Filing: CLARCOR INC - Form DEF 14A

Committee has the power under the Stock Purchase Plan to change the duration of the offering periods at any time prospectively as of the first day of the offering period, including the beginning date, which would affect the price of shares as indicated below. Purchases would be made on the last trading day of the offering period. No employee will be permitted to purchase shares during any calendar year with a fair market value

18

(determined at the beginning of an offering period) greater than \$25,000. The first offering period would run from January 1, 2004 to June 30, 2004.

PRICE OF SHARES. Common Stock purchased by employees under the Stock Purchase Plan would be priced at a discount of 15% below the fair market value on the first day of the offering period (generally, January 1 and July 1) or the date when the shares are purchased, whichever is lower. Fair market value is defined as the closing sale price of the Company's Common Stock on the New York Stock Exchange on the trading date coinciding with or immediately preceding the relevant date. The Board of Directors may shorten the offering period and increase the purchase price at any time to mitigate adverse accounting consequences.

REVOCAION OF ELECTION. Participating employees who revoke their elections under the Stock Purchase Plan during an offering period or who terminate employment during an offering period would receive a refund of payroll deductions under the Stock Purchase Plan that have not been applied to purchase the Company's Common Stock at the time of such revocation or termination. Participating employees may only change their elections under the Stock Purchase Plan thirty days prior to, and effective on, the first day of the next offering period.

DIVIDENDS. Dividends on stock held in the Stock Purchase Plan will be reinvested in shares of the Company's Common Stock at fair market value.

PLAN EXPENSES. The Company will pay all expenses incident to operation of the Stock Purchase Plan, including costs of record keeping, accounting fees, legal fees, commissions and issue or transfer taxes on purchases of Common Stock under the Stock Purchase Plan, on dividend reinvestments and on delivery of shares to a participant. However, the Company will not pay expenses associated with the participant's sale of shares acquired under the Stock Purchase Plan.

ADJUSTMENTS. The Committee may make an appropriate adjustment in the nature and kind of shares reserved for purchase under the Stock Purchase Plan and the calculation of the purchase price in the event of a recapitalization, reclassification, stock split or similar change, increase or decrease in the Company's Common Stock in order to preserve (to the extent practicable) the proportionate interest of each participant in the Stock Purchase Plan.

PLAN AMENDMENT OR TERMINATION. The Stock Purchase Plan automatically terminates if the Company's Common Stock is no longer listed on any nationally recognized stock exchange or national market quotation system. The Stock Purchase Plan will also terminate automatically upon a change of control of the Company. A "change of control" includes certain acquisitions of 15% or more of the Common Stock, a change in the majority of the Board of Directors, or the consummation of a reorganization, merger or consolidation (unless the Company's shareholders own 60% or more of the stock of the surviving company) or shareholder approval of a liquidation, dissolution or sale of all or substantially all of the Company's assets. The Board of Directors may also amend or terminate the Stock Purchase Plan at any time, except that no amendment may adversely affect options previously granted, except as described above. If the Stock Purchase Plan terminates, then outstanding payroll deductions that have

Edgar Filing: CLARCOR INC - Form DEF 14A

not been applied to the purchase of stock will be refunded to participants. Any increase in the maximum number of shares available under the Stock Purchase Plan is subject to shareholder approval. The Board of Directors is permitted to alter the Stock Purchase Plan at any time to mitigate adverse accounting consequences.

FEDERAL INCOME TAX CONSEQUENCES. The operation of the Stock Purchase Plan under section 423 of the Code provides various tax consequences to the employee and to the Company, depending on the timing of certain transactions. The following discussion outlines in general terms the federal income tax consequences of participating in the Stock Purchase Plan.

TAXATION OF EMPLOYEE CONTRIBUTIONS. The amounts withheld from an employee's pay under the Stock Purchase Plan will be taxable income to him or her and must be included in his or her gross income for federal income tax purposes in the year in which such amounts otherwise would have been

19

received. An employee's direct payments to the Stock Purchase Plan, if any, do not result in any tax deductions for his or her personal income tax return.

TAXATION UPON RECEIPT AND EXERCISE OF OPTIONS. An employee does not recognize any income for federal income tax purposes either at the time he or she is granted the opportunity to elect payroll deductions that will be applied toward the purchase of the Company's Common Stock, or at the time he or she acquires shares of Common Stock pursuant to the Stock Purchase Plan.

TAXATION UPON DISPOSITION OF SHARES BEFORE END OF HOLDING PERIODS. Under the federal income tax laws, favorable tax treatment of a disposition of shares acquired under the Stock Purchase Plan depends, in part, upon the length of time the employee holds the shares before disposing of them.

An employee generally will have a taxable gain or loss when any shares of Common Stock purchased through the Plan are sold. If an employee sells the stock within two years after the commencement of the offering period or within one year after the actual purchase of the shares (each, a "disqualifying disposition"), then the difference between the purchase price and the fair market value of the shares on the purchase date will be taxed as ordinary income. Any difference between the fair market value of the shares on the purchase date and the sale price will be capital gain or loss for income tax purposes. The Company will be entitled to a tax deduction from its income in an amount equal to the ordinary income reported by the employee arising from a disqualifying disposition. If an employee sells the stock after the holding period described above (i.e., not a disqualifying disposition), then the employee will recognize ordinary income in the amount of the lesser of: (i) difference between the fair market value of the shares when sold and the actual purchase price for the shares, or (ii) the difference between the fair market value of the shares on the first day of such offering period and the purchase price of the shares. The balance of the employee's gain, if any, will be taxed as a capital gain. If shares are sold, their fair market value at the time of sale generally will be the sale price.

UPON TRANSFER OF SHARES AT DEATH. If an employee dies while owning his or her shares, he or she will be taxed in the year of death as though he or she disposed of such shares after holding them for the holding periods described above (i.e., not as a disqualifying disposition), except that no capital gain or capital loss will be realized as a result of the employee's death.

TAXATION OF DIVIDENDS. Pursuant to the recent Jobs and Growth Tax Reconciliation Act of 2003, dividends received by an employee with respect to shares acquired under the Stock Purchase Plan generally will be treated as

Edgar Filing: CLARCOR INC - Form DEF 14A

long-term capital gain, although reinvested in Company Common Stock.

TAX DEDUCTION FOR COMPANY UPON SALE OF SHARES WITHIN HOLDING PERIODS. The Company does not receive any income tax deduction as a result of purchasing shares pursuant to the Stock Purchase Plan, except upon a sale of shares by an employee within the holding periods. In such an event, the Company would be entitled to a deduction equal to the amount included as ordinary income to the employee with respect to his or her sale of shares.

Edgar Filing: CLARCOR INC - Form DEF 14A

(a) OFFERING PERIODS. Any Eligible Employee on a given Offering Date shall be eligible to participate in the Plan.

(b) LIMITATIONS. Any provisions of the Plan to the contrary notwithstanding, no Eligible Employee shall be granted an Option under the Plan:

(i) to the extent that, immediately after the grant, such Eligible Employee (or any other person whose stock would be attributed to such Eligible Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company or hold outstanding options to purchase such stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary;

(iii) as otherwise may be provided in accordance with Section 423 of the Code.

4. OFFERING PERIODS. The Plan shall be implemented by consecutive Offering Periods with a new Offering Period commencing on the first Trading Day on or after January 1 and July 1 each year, or on such other date as the Committee shall determine, and continuing thereafter until terminated in accordance with Section 20 hereof. The Committee shall have the power to change the duration of Offering Periods (including the commencement dates thereof), from time to time, with respect to future offerings without shareholder approval if such change is announced prior to the first Trading Day of the first Offering Period to be affected thereafter; provided, no Offering Period shall be for a period of more than twenty-seven (27) months.

5. PARTICIPATION.

(a) An Eligible Employee shall be entitled to participate in an Offering only if such individual files a subscription agreement with the Company authorizing payroll deductions in a form and at such

B-2

time as shall be approved by the Committee, which shall not be less than 30 days prior to the Offering Date for such Offering Period.

(b) Any Eligible Employee that fails to file a timely initial subscription agreement for an Offering shall not participate in such Offering but may elect to participate in a succeeding Offering.

(c) Once an Eligible Employee commences participation in the Plan, his participation shall continue in all future Offerings unless or until the Participant revokes his election, otherwise withdraws from the Plan or ceases to be an Eligible Employee.

6. PAYROLL DEDUCTIONS.

(a) At the time an Eligible Employee files a subscription agreement, he shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not exceeding 15% of the Compensation which he receives on each pay day during the Offering Period; provided, that should a pay day occur

Edgar Filing: CLARCOR INC - Form DEF 14A

on an Exercise Date, a Participant shall have the payroll deductions made on such day applied to his account under the next succeeding Offering Period. A Participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(b) Payroll deductions for a Participant shall commence on the first payday following the Offering Date and shall end on the last payday in the Offering Period to which such election is applicable, unless sooner terminated by the Participant as provided in Section 10 hereof.

(c) All payroll deductions made for a Participant shall be credited to his account under the Plan and shall be withheld in whole percentages only. A Participant may not make any additional payments into such account.

(d) A Participant may discontinue his participation in the Plan as provided in Section 10 hereof, but may not increase or decrease (other than to \$0.00) his rate of payroll deduction during an Offering Period. A Participant may increase or decrease the rate of his payroll deductions by filing a subscription agreement in accordance with Section 5, which shall be effective for the next succeeding Offering Period.

(e) Anything to the contrary herein notwithstanding, in order to satisfy the limitations under Section 3(b), the Committee shall have the authority to decrease or suspend a Participant's payroll deductions, not apply all or any portion of a Participant's stock purchase account toward the purchase of shares of Common Stock, and repurchase shares of Common Stock previously purchased by a Participant at the Purchase Price paid by the Participant. Payroll deductions shall recommence at the rate provided in such Participant's subscription agreement at the beginning of the first Offering Period which is scheduled to end in the following calendar year, unless terminated by the Participant as provided in Section 10 hereof.

(f) At the time the Option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the Participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the Option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the Participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Participant.

7. GRANT OF OPTION. Subject to the limitations set forth at Section 3(b), on the Offering Date of each Offering Period, each Eligible Employee participating in such Offering shall be granted an Option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to the whole number of shares of the Company's Common Stock determined by dividing such Eligible Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price. The Eligible Employee may

B-3

accept the grant of such Option by filing a completed subscription agreement with the Company in accordance with Section 5(a). Exercise of the Option shall occur as provided in Section 8 hereof, unless the Participant has withdrawn from the Offering pursuant to Section 10 hereof. The Option shall expire on the last day of the Offering Period to the extent not exercised.

8. EXERCISE OF OPTION.

Edgar Filing: CLARCOR INC - Form DEF 14A

(a) Unless a Participant withdraws from an Offering as provided in Section 10 hereof, his Option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of whole shares subject to the Option shall be purchased for such Participant at the applicable Purchase Price with the accumulated payroll deductions in his account. No fractional shares shall be purchased; any payroll deductions accumulated in a Participant's account which are not sufficient to purchase a full share shall be retained in the Participant's account for the subsequent Offering Period, subject to earlier withdrawal by the Participant as provided in Section 10 hereof. Any other funds not applied to purchase shares after the Exercise Date shall be returned to the Participant. During a Participant's lifetime, a Participant's Option to purchase shares hereunder is exercisable only by him.

(b) If the Committee determines that, on a given Exercise Date, the number of shares with respect to which Options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Offering Date of the applicable Offering Period, or (ii) the number of shares available for sale under the Plan on such Exercise Date, then the Committee shall make a pro rata allocation of the shares available for purchase on such Offering Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all Participants exercising Options to purchase Common Stock on such Exercise Date, and thereupon terminate any or all Offerings then in effect pursuant to Section 20 hereof. The Committee may make pro rata allocation of the shares available on the Offering Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares for issuance under the Plan by the Company's shareholders subsequent to such Offering Date.

9. DELIVERY; DIVIDENDS REINVESTED.

(a) As soon as reasonably practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery of shares purchased upon exercise of the Participant's Option in a form and to a custodian determined and selected by the Committee.

(b) Cash dividends on any shares held by a Participant shall be automatically reinvested in additional shares of Common Stock; such amounts will not be available in the form of cash to Participants. All cash dividends paid on Common Stock credited to Participants' shares will be paid over by the Company to the custodian of the shares at the dividend payment date. The custodian will aggregate all purchases of Common Stock in connection with the Plan for a given dividend payment date. Purchases of Common Stock for purposes of dividend reinvestment will be made as promptly as practicable (but not more than 30 days) after a dividend payment date. The custodian shall make such purchases, as directed by the Committee, either (i) in transactions on any securities exchange upon which Common Stock is traded, otherwise in the over-the-counter market, or in negotiated transactions, or (ii) directly from the Company at 100 percent of the Fair Market Value of a share of Common Stock on the dividend payment date.

10. WITHDRAWAL. During an Offering Period, a Participant may terminate his subscription at any time, and withdraw all but not less than all of the payroll deductions credited to his account and not yet used to exercise his Option under the Plan, by giving written notice to the Company in the form approved by the Committee. All of the Participant's payroll deductions credited to his account shall be paid to such Participant promptly after receipt of notice of withdrawal and such Participant's Option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a Participant withdraws from an Offering, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the

Participant files a new subscription agreement and the Committee, in its sole discretion, consents to his participation in such Offering.

11. TERMINATION OF EMPLOYMENT. Termination of a Participant's employment for any reason or a Participant's ceasing to be an Eligible Employee of the Company or of a Designated Subsidiary, shall cause his participation in the Plan to terminate immediately. In such event, payroll deductions shall cease, payroll deductions previously withheld and credited to the Participant's account during the Offering Period but not yet used to purchase Common Stock under the Plan shall be refunded to him (or to his beneficiary designated under Section 15 in the event of his death) without interest.

12. INTEREST. No interest shall accrue on the payroll deductions of a Participant in the Plan.

13. STOCK.

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of shares of the Company's Common Stock that shall be available for purchase under the Plan shall be 500,000 shares of the Common Stock.

(b) Until the shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a Participant shall have no right to vote or to receive dividends or any other right of a stockholder with respect to such shares.

(c) Shares to be delivered to a Participant under the Plan shall be registered in the name of the Participant.

14. ADMINISTRATION. The Plan shall be administered by the Committee which shall have the discretionary authority and power to adopt, construe, and enforce rules and regulations not inconsistent with the provisions of the Plan and Section 423 of the Code. Any action of the Committee with respect to the Plan shall be final, conclusive and binding on all Participants and any person claiming any rights under the Plan from or through any Participant. The Committee may delegate to officers or managers of the Company the authority, subject to such terms as the Committee shall determine, to perform such functions as the Committee may determine, to the extent permitted under applicable law. No member of the Committee, or any officer or employee of the Company acting on behalf of the Committee, shall be personally liable for any action, determination or interpretation taken or made in good faith with respect to the Plan, and shall, to the maximum extent permitted by the articles of incorporation and by-laws of the Company and applicable law, be fully indemnified and protected by the Company with respect to any such action, determination or interpretation. Transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successor under the Exchange Act.

15. DESIGNATION OF BENEFICIARY.

(a) A Participant may file a written designation of a beneficiary who is to receive any shares and cash from the Participant's account under the Plan in the event of such Participant's death during an Offering Period or subsequent to an Exercise Date on which the Option is exercised but prior to delivery to such Participant of such shares.

(b) Such designation of beneficiary may be changed by the Participant at any time by written notice to the Committee. In the event of the death of a

Edgar Filing: CLARCOR INC - Form DEF 14A

Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall deliver such shares and cash to the legal representative of the Participant's estate (or other validly authorized individual or person in the event of a "small estate" in which no legal representative is appointed).

(c) All beneficiary designations shall be in such form and manner as the Committee may designate from time to time.

16. TRANSFERABILITY. Neither payroll deductions credited to a Participant's account nor any rights with regard to the exercise of an Option or to receive shares under the Plan may be assigned,

B-5

transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the Participant. Any such attempt at assignment, transfer, pledge or other disposition shall be void, except that the Committee, in its sole discretion, may treat such act as an election to terminate the Participant's subscription in accordance with Section 10 hereof.

17. USE OF FUNDS. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions. Until shares are issued, a Participant shall only have the rights of an unsecured creditor with respect to payroll deductions on his account pursuant to his subscription agreement.

18. ACCOUNTS AND REPORTS. Individual accounts shall be maintained for each Participant in the Plan. Statements of account shall be given to participating Eligible Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION, DISSOLUTION, LIQUIDATION, MERGER OR CHANGE OF CONTROL.

(a) CHANGES IN CAPITALIZATION. Subject to any required action by the shareholders of the Company, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan, the maximum number of shares each Participant may purchase each Purchase Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each Option under the Plan which has not yet been exercised, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other change in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Committee, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

(b) In the event of a Change of Control, the Offering Period then in progress shall immediately terminate, each outstanding Option shall be automatically exercised immediately prior to such Change of Control, and upon such Change of Control the Plan shall otherwise shall terminate in accordance with Section 20. When practicable, the Committee shall notify each Participant

Edgar Filing: CLARCOR INC - Form DEF 14A

in writing, at least ten (10) business days prior to such Change of Control of the imminent Change of Control and the effect thereof on the Participant.

(c) A "CHANGE OF CONTROL" shall mean the occurrence of any of the following events:

(i) The acquisition (other than from the Company) by any person, entity, or "group," within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act, of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 15% or more of either the then outstanding shares of Common Stock or the combined voting power of the Company's then outstanding voting securities entitled to vote generally in the election of directors; provided, however, no Change in Control shall be deemed to have occurred for any acquisition by any corporation with respect to which, following such acquisition, more than 60% of such corporation and the combined voting power of the then outstanding voting securities of such corporation entitled to vote generally in the election of directors is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the then outstanding shares of Common Stock or the combined voting power of

B-6

the Company's then outstanding voting securities immediately prior to such acquisition in substantially the same proportions as their ownership, immediately prior to such acquisition, of the Company's then outstanding Common Stock and then outstanding voting securities, as the case may be; or

(ii) Individuals who, as of the date hereof, constitute the Board (as of the date hereof the "INCUMBENT BOARD") cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the Directors of the Company) shall be, for purposes of this Agreement, considered as though such person were a member of the Incumbent Board; or

(iii) Consummation of a reorganization, merger or consolidation, in each case, with respect to which persons who were the stockholders of the Company immediately prior to such reorganization, merger or consolidation do not, immediately thereafter, own more than 60% of the combined voting power entitled to vote generally in the election of directors of the reorganized, merged or consolidated company's then outstanding voting securities, or shareholder approval of a liquidation or dissolution of the Company or of the sale of all or substantially all of the assets of the Company.

20. AMENDMENT OR TERMINATION.

(a) The Board or Committee may at any time and for any reason terminate or amend the Plan, subject to any requirement of shareholder approval of a Plan amendment pursuant to Section 423 of the Code (and the regulations thereunder) or any rule or regulation of the Securities and Exchange Commission or any exchange on which shares of the Company are traded. Except as otherwise provided in the Plan, no such termination shall affect Options previously granted; provided, an Offering Period may be terminated by the Committee on any Exercise Date if the Committee determines that the termination of the Offering Period or

Edgar Filing: CLARCOR INC - Form DEF 14A

the Plan is in the best interests of the Company and its shareholders. Except as provided in Section 19 and this Section 20 hereof, no amendment shall modify any Option theretofore granted that adversely affects the rights of the Participant granted such Option. Anything to the contrary herein notwithstanding, any amendment to increase the maximum number of shares of Common Stock available for purchase under the Plan as set forth in Section 13(a) shall be effective only upon shareholder approval.

(b) Without shareholder consent and without regard to whether any Participant rights may be considered to have been "adversely affected," the Committee shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as the Committee determines in its sole discretion advisable which are consistent with the Plan.

(c) The Plan shall immediately terminate, and all amounts on account shall be refunded to the Participants, without interest:

(i) if the Company shall not obtain such shareholder approval as may be required pursuant to Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule);

B-7

(ii) following the automatic exercise of Options upon a Change of Control as provided under Section 19; or

(iii) if the Common Stock of the Company shall cease for any reason to be listed on any nationally recognized stock exchange or national market quotation system.

(d) In the event the Committee determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) increasing the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

(ii) shortening any Offering Period so that Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Board action; and

(iii) allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan Participants.

21. NOTICES. All notices or other communications by a Participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form and manner specified by the Company at the

Edgar Filing: CLARCOR INC - Form DEF 14A

location, or by the person, designated by the Company for the receipt thereof.

22. NO RIGHT TO CONTINUED EMPLOYMENT. Neither the Plan nor any action taken hereunder shall be construed as giving any employee, director or other person the right to be retained in the employ or service of the Company, nor shall it interfere in any way with the right of the Company to terminate any employee's employment.

23. GOVERNING LAW. The Plan shall be governed by the laws of the State of Illinois (determined without regard to the choice of law provisions thereof). Each Participant shall, by participating in the Plan, consent to the jurisdiction and venue of the federal and state courts located in Chicago, Illinois.

24. CONDITIONS UPON ISSUANCE OF SHARES.

(a) Shares shall not be issued with respect to an Option unless the exercise of such Option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the Sarbanes-Oxley Act of 2002, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed.

(b) As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

(c) Certificates representing shares issued under the Plan shall be subject to such stop-transfer orders and other restrictions as may be applicable under such laws, regulations and other obligations of the Company, including any requirement that a legend or legends be placed thereon. Notwithstanding the foregoing, the Committee may adopt additional terms and conditions to the extent required to comply with local laws and regulations.

25. TERM OF PLAN. The Plan shall become effective upon the date of its adoption by the Board of Directors (and the first Offering Period shall commence January 1, 2004), subject to approval of the shareholders of the Company within twelve months thereafter. It shall continue in effect until terminated under Section 20 hereof.
