Report of Independent Registered Public Accounting Firm

The Benefits Committee
Jacuzzi Brands, Inc.

We have audited the accompanying statements of net assets available for benefits of the Jacuzzi Brands, Inc. Retirement Savings & Investment Plan (formerly know as USI Retirement Savings & Investment Plan) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

1. Description of the Plan

The Jacuzzi Brands, Inc. Retirement Savings & Investment Plan (the Plan) is a defined contribution plan sponsored by Jacuzzi Brands, Inc., formerly known as U.S. Industries, Inc., (the Company), established in order to encourage and assist employees of various Company wholly-owned subsidiaries in saving and investing payroll withholdings for purposes of receiving retirement benefits.

The following information is included as a general description of the Plan. For more detailed information, the Plan document is available at the Company's corporate office and at the personnel offices of the participating subsidiaries.

Participation in the Plan is available to all employees of the participating subsidiaries (other than those covered by a collective bargaining agreement, unless such agreement provides for participation) who are at least 21 years of age and who have worked at least 1,000 hours during a consecutive 12-month period.

Participants in the Plan are entitled to authorize a payroll deduction of 1% to 17% of wages in 1% increments for contribution into the Plan. The maximum pre-tax participant contribution allowed in 2003 and 2002 was \$12,000 and \$11,000, respectively. The Company matches 50% of the first 6% of pre-tax wages contributed by each participant. These matching contributions are invested directly in the Jacuzzi Brands, Inc. company stock fund (see Note 5).

Participant contributions and earnings on those contributions are always 100% vested. A participant becomes 100% vested in Company contributions and earnings three years from the date of hire of the participant or upon retirement, disability or death. Forfeiture of employer nonvested contributions reduce future employer contributions and/or payments for administrative expenses.

Participants are permitted to make hardship withdrawals if certain criteria are met. Generally, only one withdrawal is allowed in any 12-month period.

Participants are entitled to borrow against their account balance with a maximum repayment term of five years. The minimum amount a participant can borrow is \$1,000. Total loans to a participant cannot exceed the lesser of \$50,000 or 50% of the participant's vested account balance. The amount of any loan is withdrawn in a ratio that is proportionate to the participant's balance in each investment fund on the date of the borrowing. Loans bear interest at the Prime lending rate as of the end of the month prior to the date of the loan as published in *The Wall Street Journal*, plus 1%. As loans are repaid, both the principal and interest are deposited into the participants' accounts based on their current investment fund elections.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

All investments of the Plan are held by MFS Heritage Trust, which fulfills the custodial responsibilities for the investments. MFS Reliance Trust fulfills all trustee responsibilities. The recordkeeping functions are performed by MFS Retirement Services (MFS).

In 2003, the Plan was amended to comply with changes in the laws, collectively known as GUST . In addition, the Plan was amended as follows:

To change the name of the Plan to Jacuzzi Brands, Inc. Retirement Savings & Investment Plan from USI Retirement Savings & Investment Plan .

To provide that employees as of January 1, 2003 of Jacuzzi, Inc., Jacuzzi Brothers division of Jacuzzi, Inc. or Jacuzzi Whirlpool Bath, Inc. division of Jacuzzi, Inc. shall automatically be an Eligible Employee for all purposes of the Plan. Additionally, the Plan was amended to establish Catch-Up Contributions for those eligible employees who attained age 50 before the close of the Plan year.

The Plan provides for investment opportunities in various mutual funds, along with an option to invest in model portfolios sponsored by MFS that allocates total contributions among certain of those funds based on varying levels of risk (conservative, moderate, or aggressive). In addition, participants are eligible to direct their contributions to the Fixed Fund Institutional Series, the Jacuzzi Brands, Inc. Common Stock Fund, and to a self-directed investment option.

The self-directed investment option allows participants access to a wide variety of securities listed on the New York Stock Exchange, American Stock Exchange, The Nasdaq Stock Market, and most over-the-counter markets. It also provides participants with access to a select number of mutual funds.

For all mutual funds, refer to the specific fund s prospectus and annual report for a full description of each Fund s investment holdings and significant concentrations of credit risk. The mutual fund prospectus and annual reports can be obtained by contacting the Jacuzzi Brands, Inc. Retirement Savings and Investment Plan Participant Service Center.

At December 31, 2002, the Plan s net assets were \$10,564 higher than net assets in the Form 5500. This amount related to the contributions receivable at that date.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures of employee contributions were used to offset expenses incurred by the Plan. During 2003 and 2002, such forfeitures were \$38,176 and \$47,728, respectively.

The Plan Sponsor has not expressed any intent to terminate the Plan, but is free to do so at any time. In the event of termination, affected participants automatically become fully vested to the extent of the balances in their individual accounts.

All trustee and recordkeeping expenses related to the administration of the Plan are paid by the Plan itself and are funded, to the extent available, from the application of forfeitures.

2. Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value which equals the quoted market price on the last business day of the Plan year. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The fair value of participation units in the common and collective trusts were based on the quoted redemption values for the underlying assets on the last business day of the year. The participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan sponsor has indicated that it will maintain the Plan's operations in compliance with the Code.
