### EXPLANATORY NOTE:

As previously disclosed in a Form 8-K filed on March 22, 2005, following a detailed review of its lease-related accounting policies, Books-A-Million, Inc. (the "Company") determined to restate its prior financial statements (the "Restatement") to correct errors in those financial statements relating to the computation of depreciation, rent holiday, straight-line rent expense and the related deferred liability.

Historically, the Company depreciated leasehold improvements over a period of ten years, regardless of the term of the lease for the store. The Company has corrected its depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease. When calculating the straight-line rent expense per store, the Company previously used the store opening date as the starting date for the rent expense calculation. The Company has corrected this calculation to start straight-line rent expense on the date when the Company takes possession and has the right to control use of the leased premises. Also, the Company has corrected its method of classification of landlord allowances. For certain new stores, the Company receives funding from landlords for the construction of leasehold improvements. Historically, landlord allowances were classified as a reduction of leasehold improvements on the Company's balance sheet and as a reduction in capital expenditures in the Company's statement of cash flows. However, the Company has restated the balance sheet by increasing other long-term liabilities and increasing leasehold improvements (asset). In addition, in the statement of cash flows, the Company has classified landlord allowances as an operating activity and not as a reduction in capital expenditures.

As a result, the accompanying consolidated financial statements have been restated from the amounts previously reported to incorporate the effects of these corrections. See Note 13 to the condensed consolidated financial statements.

This amendment No. 1 on Form 10-Q/A to the Company's quarterly report on Form 10-Q for the fiscal quarter ended October 30, 2004, initially filed with the Securities and Exchange Commission ("SEC") on December 14, 2004 ("Original Filing"), is being filed to reflect restatements of the Company's consolidated balance sheets at October 30, 2004 and the Company's consolidated statements of operations, and consolidated cash flows for the thirteen weeks ended October 30, 2004 and November 1, 2003 and the thirty nine weeks ended October 30, 2004 and November 1, 2003 and the notes related thereto. For a more detailed description of these restatements, see Note 13, "Restatement of Financial Statements" to the accompanying condensed consolidated financial statements.

For the convenience of the reader, this Form 10-Q/A includes the Original Filing in its entirety. However, this Form 10-Q/A only amends and restates Items 1, 2, and 4 of Part I of the Original Filing and no other material information in the Original Filing is amended hereby. The foregoing items have not been updated to reflect other events occurring after the Original Filing or to modify or update those disclosures affected by subsequent events. In addition, pursuant to the rules of the SEC, Item 6 of Part II of the Original Filing has been amended to contain currently-dated certifications from our Chief Executive Officer and Chief Financial Officer, as required by Sections 302 and 906 of the

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

Sarbanes-Oxley Act of 2002. The certifications of our Executive Chairman of the Board, Chief Executive Officer and Chief Financial Officer are attached to this Form 10-Q/A as Exhibits 31.1, 31.2, 31.3, 32.1, 32.2 and 32.3, respectively.

Except for the foregoing amended information, this Form 10-Q/A continues to describe conditions as of the date of the Original Filing, and does not update disclosures contained herein to reflect events that occurred at a later date.

Concurrently with the filing of this Form 10-Q/A, we are filing an amendment on Form 10-K/A to our Annual Report on Form 10-K for the fiscal year ended January 31, 2004 ("2004 10-K") to provide restatements of the financial statements or financial data as of and for the periods included in the 2004 10-K and amended quarterly reports on Form 10-Q/A for the quarters ended May 1, 2004 and July 31, 2004. We have not amended and do not intend to amend our previously filed Annual Reports on Form 10-K other than the 2004 10-K or our Quarterly Reports on Form 10-Q for the periods affected by the Restatement that ended prior to January 30, 2004. For this reason, the consolidated financial statements, auditors' reports and related financial information for all affected periods contained in any prior reports should no longer be relied upon.

BOOKS-A-MILLION, INC. AND SUBSIDIARIES  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

1. BASIS OF PRESENTATION

The unaudited condensed consolidated financial statements of Books-A-Million, Inc. and its subsidiaries (the "Company") for the thirteen and thirty-nine week periods ended October 30, 2004 and November 1, 2003 have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") for interim financial information and are presented in accordance with the requirements of Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the fiscal year ended January 31, 2004 included in our Fiscal 2004 Annual Report on Form 10-K/A. In the opinion of management, the financial statements included herein contain all adjustments considered necessary for a fair presentation of our financial position as of October 30, 2004, and the results of our operations and cash flows for the thirteen and thirty-nine week periods ended October 30, 2004 and November 1, 2003. The Company's fiscal year 2005 begins February 1, 2004 and ends January 29, 2005, and the Company's fiscal year 2004 begins February 3, 2003 and ends January 31, 2004.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates and assumptions.

We have also experienced, and expect to continue to experience, significant variability in sales and net income from quarter to quarter. Therefore, the results of the interim periods presented herein are not necessarily indicative of the results to be expected for any other interim period or the full year.

### Stock-Based Compensation

At October 30, 2004 and January 31, 2004, we had one stock option plan. We account for the plan under the recognition and measurement principles of Accounting Pronouncements Bulletin (APB) Opinion No. 25, "Accounting for Stock Issued to Employees," and related Interpretations. No stock-based employee compensation cost for this stock option plan is reflected in net income, as all options granted under the plan had an exercise price equal to the market value of the underlying common stock on the date of grant. For the thirty-nine weeks ended October 30, 2004, the Company has recorded \$103,000 of compensation expense related to restricted stock issued under the executive compensation plan and \$1,023,000 for the entire compensation expense related to the stock-based employee compensation plan. The following table illustrates the effect on net income (loss) and net income (loss) per common share if the Company had applied the fair value recognition provisions of Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation -- Transition and Disclosure -- an Amendment of FASB Statement No. 123," to stock-based employee compensation (in thousands except per share amounts):

The fair value of the options granted under our stock option plan was estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions for the thirty-nine week periods ended October 30, 2004 and November 1, 2003: no dividend yield; expected stock price volatility rate of 1.06 and 1.01 respectively; risk-free interest rates of 3.87% to 4.90% and 3.63% to 5.10%, respectively; and expected lives of six or ten years.

#### 2. NET INCOME PER SHARE

Basic net income per share ("EPS") is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock are exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the Company. Diluted EPS has been computed based on the weighted average number of shares outstanding including the effect of outstanding stock options and restricted stock, if dilutive, in each respective thirteen and thirty-nine week period. A reconciliation of the weighted average shares for basic and diluted EPS is as follows:

	For the Thirteen Weeks Ended	
	(in thousands)	
	October 30, 2004	November 1, 2003
	-----	-----
Weighted average shares outstanding:		
Basic	16,578	16,278
Dilutive effect of stock options and restricted stock outstanding	-	-
	-----	-----
Diluted	16,578	16,278
	-----	-----

	For the Thirty-Nine Weeks Ended	
	(in thousands)	
	October 30, 2004	November 1, 2003
	-----	-----
Weighted average shares outstanding:		
Basic	16,507	16,249
Dilutive effect of stock options and restricted stock outstanding	720	-
	-----	-----
Diluted	17,227	16,249
	-----	-----

Options outstanding to purchase 796,000 and 2,129,000 shares of common stock as of October 30, 2004 and November 1, 2003, respectively, were not included in the tables above as they were anti-dilutive under the treasury stock method. Options are excluded from the diluted earning per share calculation in periods with a net loss because options would be anti-dilutive by definition.

#### 3. RELATED PARTY TRANSACTIONS

Charles C. Anderson, a major stockholder of the company, Terry C.

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

Anderson, a director of the Company during the quarter, and Clyde B. Anderson, a director and officer of the Company, each have controlling ownership interests in other entities with which we conduct business. Significant transactions between us and these various other entities ("related parties") are summarized in the following paragraphs.

We purchase a substantial portion of our magazines as well as certain of our seasonal music and newspapers from Anderson Media Corporation ("Anderson Media"), an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, purchases of these items from Anderson Media totaled \$24,645,000 and \$26,061,000, respectively. We purchase certain of our collectibles and books from Anderson Press, Inc. ("Anderson Press"), an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, such purchases from Anderson Press totaled \$580,000 and \$660,000, respectively. We purchase certain of our greeting cards and gift products from C.R. Gibson, Inc., an affiliate through common ownership. The purchases of these products during the thirty-nine weeks ended October 30, 2004 and November 1, 2003 were \$278,000 and \$207,000, respectively. We purchase certain magazine subscriptions from Magazines.com, an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, purchases of these items were \$53,000 and \$59,000, respectively. We purchase content for publication from Publication Marketing Corporation, an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, purchases of these items were \$51,000 and \$54,000, respectively. We utilize import sourcing and consolidation services from Anco Far East Importers, LTD ("Anco Far East"), an affiliate through common ownership. The total paid to Anco Far East was \$905,000 and \$723,000 during the thirty-nine weeks ended October 30, 2004 and November 1, 2003, respectively.

8

### BOOKS-A-MILLION, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

These amounts paid to Anco Far East primarily included the actual cost of the product, as well as duty, freight and fees for sourcing and consolidation services. All costs other than the sourcing and consolidation service fees were passed through from other vendors. Anco Far East fees, net of the passed-through costs, were \$63,000 and \$51,000, respectively.

We sold books to (received returns from) Anderson Media in the amounts of (\$78,000) and \$501,000 during the thirty-nine weeks ended October 30, 2004 and November 1, 2003, respectively. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we provided \$253,000 and \$204,000, respectively, of internet services to Magazines.com. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we provided \$62,000 and \$54,000, respectively, of internet services to American Promotional Events, an affiliate through common ownership.

We lease our principal executive offices from a trust, which was established for the benefit of the grandchildren of Mr. Charles C. Anderson, a former member of the Board of Directors. The lease extends to January 31, 2006. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we paid rent of \$103,000 in each period to the trust under this lease. Anderson & Anderson LLC ("A&A"), which is an affiliate through common ownership, also leases three buildings to us. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we paid A&A a total of \$331,000 and \$339,000, respectively, in connection with such leases. Total minimum future rental payments under all of these leases are \$172,000 at October 30, 2004. We sublease

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

certain property to Hibbett Sporting Goods, Inc. ("Hibbett"), a sporting goods retailer in the southeastern United States. Our Executive Chairman, Clyde B. Anderson, is a member of Hibbett's board of directors. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we received \$143,000 and \$141,000, respectively, in rent payments from Hibbett.

The Company shares ownership of a plane, which the Company uses in the operations of its business, with an affiliated company. The Company rents the plane to affiliated companies at rates that cover all the variable cost and a portion of the fixed cost. The total amounts received from affiliated companies for use of the plane during the thirty-nine weeks ended October 30, 2004 and November 1, 2003, was \$144,000 and \$428,000, respectively.

#### 4. DERIVATIVE AND HEDGING ACTIVITIES

We are subject to interest rate fluctuations involving our credit facilities and debt related to an Industrial Development Revenue Bond (the "Bond"). However, we use fixed interest rate hedges to manage this exposure. We entered into two separate \$10 million swaps on July 24, 2002. Both expire in August 2005 and effectively fix the interest rate on an aggregate of \$20 million of variable credit facility debt at 5.00% per year. In addition, we entered into a \$7.5 million interest rate swap in May 1996 that expires in June 2006 and effectively fixes the interest rate on the Bond at 8.48% per year. The counter parties to the interest rate swaps are two primary banks in our credit facility. We believe the credit and liquidity risks of the counter parties failing to meet their obligation are remote as we settle our interest position with the banks on a quarterly basis.

Our hedges are generally designated as cash flow hedges because they are interest rate swaps that convert variable payments to fixed payments. Cash flow hedges protect against the variability in future cash outflows of current or forecasted debt and related interest expense. The changes in the fair value of these hedges are reported on the balance sheet with a corresponding adjustment to accumulated other comprehensive income or in earnings, depending on the type of hedging relationship. Over time, amounts held in accumulated other comprehensive income will be reclassified to earnings if the hedge transaction becomes ineffective.

Our interest rate swaps described above are reported as a liability classified in other long-term liabilities in the accompanying condensed consolidated balance sheets at their fair value of \$821,000 and \$1.5 million as of October 30, 2004 and January 31, 2004, respectively. For the thirteen weeks ended October 30, 2004 and November 1, 2003, adjustment gains (losses) of \$72,000 (net of tax provision of \$42,000) and (\$53,000) (net of tax benefit of \$33,000), respectively, and in the thirty-nine weeks ended October 30, 2004 and November 1, 2003, adjustment gains of \$298,000 (net of tax provision of \$175,000) and \$234,000 (net of tax provision of \$144,000), respectively, were recorded in accumulated other comprehensive income and are detailed in Note 5. During the fourth quarter of fiscal 2004, one interest rate swap no longer qualified for hedge accounting under SFAS No. 133; as a result, we de-designated the hedge. A pre-tax gain of \$213,000 was recorded in operating, selling and administrative expenses during the first thirty-nine weeks of fiscal 2005 related to the de-designated hedge.

### 5. COMPREHENSIVE INCOME

Comprehensive income is net income or loss, plus certain other items that are recorded directly to stockholders' equity. The only such items currently applicable to us are the unrealized gains (losses) on the hedges explained in Note 4, as follows:

	Thirteen Weeks Ended		Thirty-Nine Weeks Ended

### 6. COMMITMENTS AND CONTINGENCIES

We are a party to various legal proceedings incidental to our business. In the opinion of management, after consultation with legal counsel, the ultimate liability, if any, with respect to those proceedings is not presently expected to materially affect our financial position, results of operations or cash flows.

From time to time, we enter into certain types of agreements that require us to indemnify parties against third party claims under certain circumstances. Generally these agreements relate to: (a) agreements with vendors and suppliers under which we may provide customary indemnification to our vendors and suppliers in respect of actions they take at our request or otherwise on our behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for us to indemnify the vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on behalf of us, (c) real estate leases, under which we may agree to indemnify the lessors from claims arising from our use of the property, and (d) agreements with our directors, officers and employees, under which we may agree to indemnify such persons for liabilities arising out of their relationship with us. We have Directors and Officers Liability Insurance, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by us with respect to our directors and officers up to specified limits and subject to certain deductibles. The nature and terms of these types of indemnities vary. The events or circumstances that would require us to perform under these indemnities are transaction and circumstance specific. Generally, our maximum liability under such indemnities is not explicitly stated, and therefore the overall maximum amount of our obligations cannot

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

be reasonably estimated. Historically, we have not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on our balance sheet at October 30, 2004 and January 31, 2004 as such liabilities are considered de minimis.

### 8. BUSINESS SEGMENTS

We have two reportable segments: retail trade and electronic commerce trade. The retail trade segment is a strategic business segment that is engaged in the retail trade of mostly book merchandise and includes our distribution center operations, which predominately supplies merchandise to our retail stores. The electronic commerce trade segment is a strategic business segment that transacts business over the internet and is managed separately due to divergent technology and marketing requirements.

The accounting policies of the segments are substantially the same as those described in our Fiscal 2004 Annual Report on Form 10-K/A. We evaluate performance of the segments based on profit and loss from operations before interest and income taxes. Certain intersegment cost allocations have been made based upon consolidated and segment revenues.

9. RECENT ACCOUNTING PRONOUNCEMENTS

In December 2002, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment of FASB No. 123" ("SFAS 148"). SFAS 148 amends SFAS 123, "Accounting for Stock-Based Compensation" ("SFAS 123"), to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS 148 amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The disclosure provisions of this statement are effective for financial statements for fiscal years ending after December 15, 2002 and are included herein. We have not adopted the fair value method of recording stock options under SFAS No. 123. The FASB has now determined that stock-based compensation should be recognized as a cost in the financial statements and that such cost be measured according to the fair value of the stock options. The FASB has not as yet determined the methodology for calculating fair value and plans to issue an accounting standard. We will continue to monitor communications on this subject from the FASB in order to determine the impact on our financial position, results of operations or cash flows.

FASB Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"), was issued in January 2003. This interpretation requires consolidation of variable interest entities ("VIE"), also formerly referred to as "special purpose entities," if certain conditions are met. The interpretation applies immediately to VIE's created after January 31, 2003 and to interests obtained in VIE's after January 31, 2003. Beginning after June 15, 2003, the interpretation also applies to VIE's created or interests obtained in VIE's before January 31, 2003. In December 2003, the FASB issued FASB Interpretation No. 46R, "Consolidation of Variable Interest Entities--An Interpretation of ARB 51" (revised December 2003) ("FIN 46R"), which includes significant amendments

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

to previously issued FIN No. 46. Among other provisions, FIN 46R includes revised transition dates for public entities. We adopted the provisions of FIN 46R effective in the first quarter of fiscal 2005. The adoption of this interpretation did not have an effect on our financial position, results of operations or cash flows.

### 10. DISCONTINUED OPERATIONS

Discontinued operations represent the closure in fiscal 2005 of two retail stores in Alabama and Florida and in fiscal 2004 of four retail stores in markets located in Georgia (two stores), Louisiana and North Carolina where we do not expect another of our existing stores to absorb the closed store's customers and cash flows. The Florida retail store closed in fiscal 2005 was substantially destroyed by a hurricane in September 2004 and not reopened. Expenses relating to store closings when the store is not classified as a discontinued operation are reported in Other Administrative Expenses. If the store is closed and another store is in the same market and the cash flows are expected to be materially recovered, the store is not considered a discontinued operation. Information regarding discontinued operations is as follows (in thousands):

	Thirteen Weeks Ended		Thirty-Nine
	October 30, 2004	November 1, 2003	October 30, 2004

### 11. DEBT AND LINES OF CREDIT

We have an unsecured revolving credit facility that allows borrowings up to \$100 million. Our current credit facility was extended two years to July 2007 by our bank group during the second quarter of fiscal 2005. No principal repayments are due until the facility expires in July 2007.

### 12. STOCKHOLDERS' EQUITY

In March 2004, the Board of Directors authorized a common stock repurchase program for up to 1.6 million shares, or 10% of the outstanding stock. During the thirty-nine weeks ended October 30, 2004, 558,739 shares were repurchased under this program.

During the thirty-nine weeks ended October 30, 2004, we have paid dividends of \$2,520,000. During the thirteen weeks ended October 30, 2004,

Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

the Board of Directors approved a dividend of \$0.03 per share to stockholders of record at the close of business November 30, 2004, payable on December 14, 2004. The Company expects to pay quarterly cash dividends in the future subject to Board approval.

13. RESTATEMENT OF FINANCIAL STATEMENTS

Subsequent to the issuance of the Company's interim condensed consolidated financial statements for the period ended October 30, 2004, and following a review of its lease-related accounting policies, the Company's management determined that it was appropriate to adjust its prior financial statements to correct certain errors contained in those financial statements relating to the computation of depreciation, rent holidays, straight-line rent expense and the related deferred rent liability.

Historically, the Company depreciated leasehold improvements over a period of ten years, regardless of the term of the lease for the store. When calculating the straight-line rent expense per store, the Company previously used the store opening date as the starting date for the rent expense calculation. For certain new stores, the Company receives funding from landlords for the construction of leasehold improvements. Historically, these landlord allowances were classified as a reduction of property and equipment on the Company's balance sheet and as a reduction in capital expenditures in the Company's statements of cash flows.

The Company has corrected its depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease. The Company has corrected the calculation to start straight-line rent expense on the date when the Company takes possession and has the right to control use of the leased premises. Also, the Company has corrected its method of classification of landlord allowances. The Company will now classify landlord allowances as a deferred rent credit on the balance sheet and as an operating activity in the statement of cash flows. Funds received from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense. As a result, the accompanying condensed consolidated financial statements have been restated from the amounts previously reported to incorporate the effects of these policies.

The following is a summary of the impact of the Restatement on the consolidated balance sheets at January 31, 2004 and October 30, 2004, and the consolidated statements of operations and the consolidated statements of cash flows for the thirteen week periods ended October 30, 2004 and November 1, 2003 and the thirty nine week periods ended October 30, 2004 and November 1, 2003.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL  
CONDITION AND RESULTS OF OPERATIONS

The following Management's Discussion & Analysis gives effect to the restatement discussed in Note 13 to the Condensed Consolidated Financial Statements.

SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

This document contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that involve a number of risks and uncertainties. A number of factors could cause our actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These factors include, but are not limited to, the competitive environment in the book retail industry in general and in our specific market areas; inflation; economic conditions in general and in our specific market areas; the number of store openings and closings; the profitability of certain product lines, capital expenditures and future liquidity; liability and other claims asserted against us; uncertainties related to the Internet and our Internet initiatives; and other factors referenced herein. In addition, such forward-looking statements are necessarily dependent upon the assumptions, estimates and dates that may be incorrect or imprecise and involve known and unknown risks, uncertainties and other factors. Accordingly, any forward-looking statements included herein do not purport to be predictions of future events or circumstances and may not be realized. Given these uncertainties, shareholders and prospective investors are cautioned not to place undue reliance on such forward-looking statements. We disclaim any obligation to update any such factors or to publicly announce the results of any revisions to any of the forward-looking statements contained herein to reflect future events or developments.

GENERAL

We were founded in 1917 and currently operate 203 retail bookstores, including 165 superstores, concentrated in the southeastern United States.

Our growth strategy is focused on opening superstores in new and existing market areas, particularly in the Southeast. In addition to opening new

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

stores, our management intends to continue its practice of reviewing the profitability trends and prospects of existing stores and closing or relocating under-performing stores or converting stores to different formats.

Comparable store sales are determined each fiscal quarter during the year based on all stores that have been open at least 12 full months as of the first day of the fiscal quarter. Any stores closed during a fiscal quarter are excluded from comparable store sales as of the first day of the quarter in which they close.

### RESTATEMENT OF FINANCIAL STATEMENTS

Following a review of its lease-related accounting policies, the Company's management determined that it was appropriate to adjust its prior financial statements to correct certain errors contained in those financial statements relating to the computation of depreciation, rent holidays, straight-line rent expense and the related deferred rent liability.

Historically, the Company depreciated leasehold improvements over a period of ten years, regardless of the term of the lease for the store. When calculating the straight-line rent expense per store, the Company previously used the store opening date as the starting date for the rent expense calculation. For certain new stores, the Company receives funding from landlords for the construction of leasehold improvements. Historically, these landlord allowances were classified as a reduction of property and equipment on the Company's balance sheet and as a reduction in capital expenditures in the Company's statements of cash flows.

The Company has corrected its depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease. The Company has corrected the calculation to start straight-line rent expense on the date when the Company takes possession and has the right to control use of the leased premises. Also, the Company has corrected its method of classification of landlord allowances. The Company will now classify landlord allowances as a deferred rent credit on the balance sheet and as an operating activity in the statement of cash flows. Funds received from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense. As a result, the accompanying condensed consolidated financial statements have been restated from the amounts previously reported to incorporate the effects of these policies.

Net sales increased \$1.9 million, or 1.8%, to \$104.3 million in the thirteen weeks ended October 30, 2004, from \$102.4 million in the thirteen weeks ended November 1, 2003. Net sales increased \$12.8 million, or 4.1%, to \$326.1 million in the thirty-nine weeks ended October 30, 2004, from \$313.3 million in the thirty-nine weeks ended November 1, 2003. Comparable store sales in the thirteen weeks ended October 30, 2004 increased 0.6% when compared with the same thirteen week period for the prior year due to higher sales in the book, gifts and cafe departments. Comparable store sales increased 2.4% for the thirty-nine weeks ended October 30, 2004 due to higher sales in the book and cafe departments. The book sales increase was primarily driven by the improving economy, as well as strong sales in categories such as Humor, Inspirational, Adventure Games, Teen and Social Science. The cafe department sales increase was led by our new cold beverage product line of frappes as well as increased store traffic. During the thirteen weeks ended October 30, 2004, we opened two superstores and closed one superstore due to substantial hurricane damage. The Company experienced a loss of sales resulting from temporary closings of approximately thirty-five stores for periods ranging from two to seven days, as well as significant property damage to three stores, due to the cumulative effect of Hurricanes Charley, Frances and Ivan. The Company is insured for property damage and business interruption, but is liable for the deductible amounts under the insurance coverage.

Net sales for the retail trade segment increased \$1.5 million, or 1.5%, to \$102.2 million in the thirteen weeks ended October 30, 2004 from \$100.7 million in the same period last year. Net sales for the retail trade segment increased \$11.4 million, or 3.7%, to \$320.1 million in the thirty-nine weeks ended October 30, 2004 primarily due to higher comparable store sales. Net sales for the electronic commerce segment were down slightly versus last year at \$6.6 million for the thirteen weeks ended October 30, 2004 compared to \$6.8 million in the same period last year. For the thirty-nine weeks ended October 30, 2004, net sales for the electronic commerce segment increased \$1.0 million, or 5.3%, to \$19.3 million from \$18.3 million in the same period last year, related primarily to higher business to business order volume and increased search engine marketing which increased traffic on our website.

Gross profit increased \$1.0 million, or 3.5%, to \$27.9 million in the thirteen weeks ended October 30, 2004 when compared with \$26.9 million in the same thirteen week period for the prior year. For the thirty-nine weeks ended October 30, 2004, gross profit increased \$5.4 million, or 6.4%, to \$89.1 million

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

from \$83.7 million in the same period last year. Gross profit as a percentage of net sales for the thirteen weeks ended October 30, 2004 was 26.7% versus 26.3% in the same period last year. The increase in gross profit as a percent of net sales for the thirteen week period was primarily due to less promotional discounting and improved margins due to increased sales of proprietary products versus last year. Gross profit as a percentage of sales for the thirty-nine weeks ended October 30, 2004 was 27.3% versus 26.7% in the same period last year. The increase in gross profit as a percent of

17

### MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

net sales for the thirty-nine week period was due to lower promotional discounting as well as lower occupancy and warehouse distribution costs as a percentage of sales due to higher sales.

Operating, selling and administrative expenses were \$24.8 million in the thirteen week period ended October 30, 2004 compared to \$22.7 million in the same period last year. For the thirty-nine weeks ended October 30, 2004, operating, selling and administrative expenses were \$72.6 million compared to \$67.8 million in the same period last year. Operating, selling and administrative expenses as a percentage of net sales for the thirteen weeks ended October 30, 2004 increased to 23.8% from 22.2% in the same period last year. Operating, selling and administrative expenses as a percentage of net sales for the thirty-nine weeks ended October 30, 2004 increased to 22.2% from 21.6% in the same period last year. The increase as a percentage of sales for the thirteen and thirty-nine week periods was partially due to casualty losses from damages incurred from four hurricanes, increased costs related to Sarbanes-Oxley compliance and costs incurred for new store openings and relocations. Also, store selling costs were higher as a percentage of sales during the thirteen weeks ended October 30, 2004 due to relatively flat comparable sales.

Depreciation and amortization was \$4.4 million in the thirteen week period ended October 30, 2004 compared to \$4.4 million in the same period last year. In the thirty-nine week period ended October 30, 2004 depreciation and amortization decreased 1.3% to \$13.3 million from \$13.5 million in the same period last year.

Consolidated operating loss was \$1.3 million for the thirteen weeks ended October 30, 2004, compared to \$0.2 million in the same period last year. For the thirty-nine weeks ended October 30, 2004, consolidated operating income was \$3.2 million compared to \$2.4 million in the same period last year. Operating loss for the retail trade segment increased \$1.1 million for the thirteen weeks ended October 30, 2004, and operating income increased \$0.4 million for the thirty-nine weeks ended October 30, 2004. The increase in operating loss for the thirteen week period was due to relatively flat comparable store sales and lost sales for 35 stores closed temporarily during the quarter due to hurricane activity. Three of the stores were unable to reopen during the thirteen weeks ended October 30, 2004 due to the degree of damage sustained. The increase in operating income for the thirty-nine week period was due to strong profit growth driven by stronger comparable store sales. The operating profit for the electronic commerce segment increased \$0.3 million for the thirty-nine week period ended October 30, 2004 compared to the same period last year. The increase in profit was due to higher sales in the business to business category and improved sales due to increased search engine marketing which increased traffic on our website.

Interest expense was \$503,000 in the thirteen weeks ended October 30, 2004 versus \$747,000 in the same period last year and \$1.5 million in the thirty-nine

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

weeks ended October 30, 2004 versus \$2.5 million in the same period last year. The decrease was primarily due to lower average debt balances compared with the prior year due to higher earnings, improved inventory management and better accounts payable leveraging.

Discontinued operations represent the closure in fiscal 2005 of two retail stores in Alabama and Florida and in fiscal 2004 of four retail stores in markets located in Georgia (two stores), Louisiana and North Carolina where we do not expect another of our existing stores to absorb the closed store's customers and cash flows. The Florida retail store closed in fiscal 2005 was substantially destroyed by a hurricane in September 2004 and not reopened. Information regarding discontinued operations is as follows (in thousands):

### MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### OUTLOOK

For the thirty-nine weeks ended October 30, 2004, we have opened three stores, closed two stores, relocated three stores and remodeled 24 stores. For the remainder of fiscal 2005, we expect to open five stores, complete remodels on approximately eight to ten stores, and close one to three stores. Our capital expenditures totaled \$7.0 million in the thirty-nine week period ended October 30, 2004. Management estimates that capital expenditures for the remainder of fiscal 2005 will be approximately \$6.0 million and that such amounts will be used primarily for new stores and relocations, renovation and improvements to existing stores, upgrades and expansion of warehouse distribution facilities, and investments in management information systems. Management believes that existing cash balances and net cash from operating activities, together with borrowings under our credit facilities, will be adequate to finance our planned capital expenditures and to meet our working capital requirements for the remainder of fiscal 2005.

#### LIQUIDITY AND CAPITAL RESOURCES

##### Cash Flows

Operating activities provided (used) cash of \$4.4 million and (\$5.7) million in the thirty-nine week periods ended October 30, 2004 and November 1, 2003, respectively, and included the following effects:

- Cash used for inventories in the thirty-nine week periods ended

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

October 30, 2004 and November 1, 2003 was \$16.9 million and \$19.2 million, respectively. The smaller usage in the current period was primarily due to higher sales and improved inventory management versus last year.

- Cash provided (used) for accounts payable in the thirty-nine week periods ended October 30, 2004 and November 1, 2003 was \$12.9 million and (\$1.7) million, respectively. This change was due to improved leveraging of accounts payable with vendors in the first thirty-nine weeks of fiscal 2005.
- Depreciation and amortization expenses were \$13.4 million and \$13.7 million in the thirty-nine week periods ended October 30, 2004 and November 1, 2003, respectively.

Cash flows used in investing activities reflected a \$7.0 million and \$8.0 million net use of cash for the thirty-nine week periods ended October 30, 2004 and November 1, 2003, respectively. Cash was used primarily to fund capital expenditures for new store openings, store relocations, renovation and improvements to existing stores and investments in management information systems.

Financing activities provided cash of \$1.9 million and \$13.6 million in the thirty-nine week periods ended October 30, 2004 and November 1, 2003, respectively, principally from net borrowings under the revolving credit facility. The reduced borrowings under the credit facility during fiscal 2005 were due to the improved cash flows from operating activities.

Our primary sources of liquidity are cash flows from operations, including credit terms from vendors, and borrowings under our credit facility. We have an unsecured revolving credit facility that allows borrowings up to \$100 million. Our current credit facility was extended two years to July 2007 by our bank group during the second quarter of fiscal 2005. No principal repayments are due until the facility expires in July 2007. The credit facility has certain financial and non-financial covenants, the most restrictive of which is the maintenance of a minimum fixed charge coverage ratio. As of October 30, 2004 and January 31, 2004, \$20.4 million and \$13.1 million, respectively, were outstanding under this credit facility. The maximum and average outstanding balances during the thirteen weeks ended October 30, 2004 were \$30.2 million and \$21.4 million, respectively, compared to \$65.3 million and \$59.2 million, respectively for the same period in the prior year. The maximum and average outstanding balances during the thirty-nine weeks ended October 30, 2004 were \$34.4 million and \$24.0 million, respectively, compared to \$77.6 million and \$64.1 million, respectively for the same period in the prior year. The decrease in the maximum and average outstanding balances from the prior year was due to higher earnings, improved inventory management and better accounts payable leveraging. The outstanding borrowings as of October 30, 2004 had interest rates ranging from 1.86% per year to 3.61% per year. Additionally, as of October 30, 2004 and January 31, 2004, we have outstanding borrowings under an industrial revenue bond totaling \$7.5 million, which is secured by certain property.

### MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

During the thirty-nine weeks ended October 30, 2004, we have paid dividends of \$2,520,000. During the thirteen weeks ended October 30, 2004, the Board of Directors approved a dividend of \$0.03 per share to stockholders of record at the close of business November 30, 2004, payable on December 14, 2004. The Company expects to pay quarterly cash dividends in the future subject to

### Indemnification

From time to time, we enter into certain types of agreements that require us to indemnify parties against third party claims under certain circumstances. Generally these agreements relate to: (a) agreements with vendors and suppliers under which we may provide customary indemnification to our vendors and suppliers in respect of actions they take at our request or otherwise on our behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for us to indemnify the vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on behalf of us, (c) real estate leases, under which we may agree to indemnify the lessors from claims arising from our use of the property, and (d) agreements with our directors, officers and employees, under which we may agree to indemnify such persons for liabilities arising out of their relationship with us. We have Directors and Officers Liability Insurance, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by us with respect to our directors and officers up to specified limits and subject to certain deductibles.

The nature and terms of these types of indemnities vary. The events or circumstances that would require us to perform under these indemnities are transaction and circumstance specific. Generally, our maximum liability under such indemnities is not explicitly stated, and therefore the overall maximum amount of our obligations cannot be reasonably estimated. Historically, we have not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on our balance sheet at October 30, 2004 and January 31, 2004 as such liabilities are considered de minimis.

### RELATED PARTY ACTIVITIES

Charles C. Anderson and Terry C. Anderson, both directors of the Company during the quarter, and Clyde B. Anderson, a director and officer of the Company

have controlling ownership interests in other entities with which we conduct business. Significant transactions between us and these various other entities ("related parties") are summarized in the following paragraphs.

We purchase a substantial portion of our magazines as well as certain of our seasonal music and newspapers from Anderson Media Corporation ("Anderson Media"), an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, purchases of these items from Anderson Media totaled \$24,645,000 and \$26,061,000, respectively. We purchase certain of our collectibles and books from Anderson Press, Inc. ("Anderson Press"), an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, such purchases from Anderson Press totaled \$580,000 and \$660,000, respectively. We purchase certain of our greeting cards and gift products from C.R. Gibson, Inc., an affiliate through common ownership. The purchases of these products during the thirty-nine weeks ended October

### MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

30, 2004 and November 1, 2003 were \$278,000 and \$207,000, respectively. We purchase certain magazine subscriptions from Magazines.com, an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, purchases of these items were \$53,000 and \$59,000, respectively. We purchase content for publication from Publication Marketing Corporation, an affiliate through common ownership. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, purchases of these items were \$51,000 and \$54,000, respectively. We utilize import sourcing and consolidation services from Anco Far East Importers, LTD ("Anco Far East"), an affiliate through common ownership. The total paid to Anco Far East was \$905,000 and \$723,000 during the thirty-nine weeks ended October 30, 2004 and November 1, 2003, respectively. These amounts paid to Anco Far East primarily included the actual cost of the product, as well as duty, freight and fees for sourcing and consolidation services. All costs other than the sourcing and consolidation service fees were passed through from other vendors. Anco Far East fees, net of the passed-through costs, were \$63,000 and \$51,000, respectively.

We sold books to (received returns from) Anderson Media in the amounts of (\$78,000) and \$501,000 during the thirty-nine weeks ended October 30, 2004 and November 1, 2003, respectively. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we provided \$253,000 and \$204,000, respectively, of internet services to Magazines.com. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we provided \$62,000 and \$54,000, respectively, of internet services to American Promotional Events, an affiliate through common ownership.

We lease our principal executive offices from a trust, which was established for the benefit of the grandchildren of Mr. Charles C. Anderson, a member of the Board of Directors. The lease extends to January 31, 2006. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we paid rent of \$103,000 in each period to the trust under this lease. Anderson & Anderson LLC ("A&A"), which is an affiliate through common ownership, also leases three buildings to us. During the thirty-nine weeks ended October 30, 2004 and November 1, 2003, we paid A&A a total of \$331,000 and \$339,000, respectively, in connection with such leases. Total minimum future rental payments under all of these leases are \$172,000 at October 30, 2004. We sublease certain property to Hibbett Sporting Goods, Inc. ("Hibbett"), a sporting goods retailer in the southeastern United States. Our Executive Chairman, Clyde B. Anderson, is a member of Hibbett's board of directors. During the thirty-nine weeks ended

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

October 30, 2004 and November 1, 2003, we received \$143,000 and \$141,000, respectively, in rent payments from Hibbett.

The Company shares ownership of a plane, which the Company uses in the operations of its business, with an affiliated company. The Company rents the plane to affiliated companies at rates that cover all the variable cost and a portion of the fixed cost. The total amounts received from affiliated companies for use of the plane during the thirty-nine weeks ended October 30, 2004 and November 1, 2003, was \$144,000 and \$428,000, respectively.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to interest rate fluctuations involving our credit facilities and debt related to our industrial revenue bond. The average amount of debt outstanding under our credit facilities was \$57.5 million during fiscal 2004. However, we utilize both fixed and variable debt to manage this exposure. We entered into two separate \$10 million swaps on July 24, 2002. Both expire August 2005 and effectively fix the interest rate on an aggregate of \$20 million of variable rate debt at 5.00% per year. Also, on May 14, 1996, we entered into an interest rate swap agreement, with a ten-year term, which carries a notional principal amount of \$7.5 million. The swap effectively fixes the interest rate on our industrial revenue bond at 8.48% per year. The swap agreement expires on June 7, 2006. The counter parties to the interest rate swaps are parties to our revolving credit facilities. We believe the credit and liquidity risk of the counter parties failing to meet their obligations is remote as we settle our interest position with the banks on a quarterly basis.

To illustrate the sensitivity of the results of operations to changes in interest rates on its debt, we estimate that a 66% increase in LIBOR rates would increase interest expense by approximately \$4,000 for the thirteen weeks ended October 30, 2004. Likewise, a 66% decrease in LIBOR rates would decrease interest expense by \$4,000 for the thirteen weeks ended October 30, 2004. This hypothetical change in LIBOR rates was calculated based on the fluctuation in LIBOR in 2002, which was the maximum LIBOR fluctuation in the last ten years. The estimates do not consider the effect of the potential termination of the interest rate swaps associated with the debt will have on interest expense.

### ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by SEC Rule 13a-15(b), the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and the Company's Chief Financial Officer, of the effectiveness of the design and operation of the

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

Company's disclosure controls and procedures as of the end of the fiscal quarter covered by this amended report. In performing this evaluation, in light of the pronouncement of February 7, 2005 by the Office of the Chief Accountant of the SEC in a letter to the AICPA, management focused on our lease accounting policies. Specifically, as further discussed in Note 13 to the accompanying condensed consolidated financial statements, we determined that: (i) our practice of depreciating leasehold improvements over a period of ten years was incorrect, which we corrected by changing the depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease; (ii) our practice of using the store opening date as the starting date for the rent expense calculation was incorrect, which we corrected by changing the calculation of leasehold expense so that straight-line rent expense begins on the date we take possession and have the right to control use of the leased premises; and (iii) our practice of classifying landlord allowances as a reduction of property and equipment on our balance sheet and as a reduction in capital expenditures in our statements of cash flows was incorrect, which we corrected by changing our method of classification so that landlord allowances are classified as a deferred rent credit on our balance sheet and as an operating activity in our statement of cash flows. Funds received from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense.

Further, after consulting with the Audit Committee and our independent certified public accountants we determined to restate our financial statements for each of the three years in the period ended January 31, 2004 and for the first three quarters of fiscal 2005 and to file a Form 10-K/A amending our Annual Report on Form 10-K for our fiscal year ended January 31, 2004 with restated consolidated financial statements and Forms 10-Q/A amending our interim condensed consolidated financial statements for the first three quarters of fiscal 2005. The restatement is further discussed in "Explanatory Note" in the forepart of this Form 10-Q/A and in Note 13, "Restatement of Financial Statements," to the accompanying condensed consolidated financial statements. We do not consider the impact of correcting the previously issued financial statements to be material with respect to any individual reporting period.

Based on the foregoing, the Company's Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Quarterly Report, the Company's disclosure controls and procedures were effective at the reasonable assurance level. In concluding that our disclosure controls and procedures were effective as of October 30, 2004, our management considered, among other things, the circumstances that resulted in the restatement of our previously issued financial statements. We also considered the materiality of the restatement adjustments on our consolidated balance sheet and statement of operations (as more fully set forth in Note 11, "Restatement of Financial Statements," to the accompanying condensed consolidated financial statements) and that these non-cash adjustments have no effect on historical or future cash flows or the timing of payments under our operating leases.

There was no change in the Company's internal controls over financial reporting during the Company's fiscal quarter covered by this amended report that has materially affected, or is reasonably likely to materially affect, the Company's internal controls over financial reporting. However, as a result of the review of our lease accounting policies described above, during the first quarter of fiscal 2006 we made changes in internal controls over financial

reporting to implement additional review processes over our leasing arrangements to ensure the collection and communication of information necessary for the proper accounting for each lease in accordance with generally accepted

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q/A

accounting principles. The Company implemented the following accounting changes: (i) we changed depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease, (ii) we changed the calculation to start straight-line rent expense on the date when the Company takes possession and has the right to control use of the leased premises, and (iii) we changed our method of classification of landlord allowances. As explained above, the Company will now classify landlord allowances as a deferred rent credit on the balance sheet and as an operating activity in the statement of cash flows. Funds received from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense. Management believes that these control changes have fully remediated the issues described above.
