PROXY STATEMENT

GENERAL INFORMATION

The enclosed proxy card is solicited on behalf of the Board of Directors of Fidelity Southern Corporation (Fidelity or Company) in connection with the Special Meeting of Shareholders (Special Meeting) to be held at One Securities Centre, 3490 Piedmont Road NE, Suite 1550, Atlanta, Georgia 30305, on [DAY], February ____, 2009, at 3:00 p.m., and at any adjournment thereof. This proxy statement and the enclosed proxy card are being mailed to our shareholders on or about January 7, 2009.

Your vote is very important. For this reason, the Board of Directors is requesting that you permit your common stock to be represented at the Special Meeting by the individuals named on the enclosed proxy card. If no specification is made, the proxies will be voted for approval of the Reservation of the Warrant Shares and for the Adjournment Proposal, and upon such other matters as may properly come before the Special Meeting or any adjournment thereof, according to the best judgment of the Proxy Committee elected by the Board of Directors and composed of Edward G. Bowen, M.D. and H. Palmer Proctor, Jr.

The presence of a majority of the votes entitled to be cast at the Special Meeting, represented in person or by proxy, will constitute a quorum. A majority of the votes cast at the Special Meeting is required to approve the Reservation of the Warrant Shares, the Adjournment Proposal, and any other proposals, unless the vote of a greater number is required by law.

Who Can Vote

Each shareholder of record at the close of business on January 7, 2009, is entitled to notice of and to vote at the Special Meeting or any adjournment thereof. Each share of Fidelity common stock entitles the shareholder to one vote on any matter coming before a meeting of Fidelity shareholders. On January 7, 2009, the record date for the Special Meeting, there were ___shares of Fidelity common stock outstanding and eligible to vote. The enclosed proxy card shows the number of shares that you are entitled to vote. If you own any shares in Fidelity's Direct Stock Purchase and Dividend Reinvestment Plan or the Employee Stock Purchase Plan, the enclosed proxy card includes the number of shares you had in that plan on the record date for the Special Meeting, as well as the number of shares registered in your name.

How Do I Cast My Vote

If you are the record owner of your shares (either in certificates, book-entry, or in the Direct Stock Purchase and Dividend Reinvestment Plan or the Employee Stock Purchase Plan), you have the following voting options:

By mail by completing, signing, dating, and returning the enclosed proxy card; or

By attending the Special Meeting and voting your shares in person.

Even if you plan to attend the Special Meeting, we encourage you to vote your shares by proxy.

Table of Contents

If you provide specific voting instructions, your shares will be voted as instructed. If you hold shares in your name and sign and return a proxy card without giving specific voting instructions, your shares will be voted for the proposals at the Special Meeting. If you hold your shares in your name and do not return a valid proxy or vote in person at the Special Meeting, your shares will not be voted.

If you hold your shares in a brokerage account or through another nominee, your broker or nominee (the record holder) is forwarding these proxy materials to you along with voting instructions. The record holder is required to vote your shares in accordance with your instructions. If you do not give the record holder instructions, the record holder may have the authority to vote your shares in its discretion if permitted by the exchange or other organization of which the record holder is a member. Although most brokers and nominees offer telephone voting, availability and specific procedures will depend on their voting arrangements. Please follow their directions carefully.

Every vote is important! Please vote your shares promptly.

What Am I Voting On

There are two proposals that will be presented for your consideration at the Special Meeting:

Proposal One. To approve the reservation of 2,266,458 shares of Fidelity common stock for issuance upon the exercise of that certain Warrant dated December 19, 2008, issued in connection with Fidelity's participation on the U.S. Treasury Capital Purchase Program, which number of shares may be modified pursuant to the terms of the Warrant.

Proposal Two. To grant management of Fidelity Southern Corporation authority to adjourn the Special Meeting to another time and date in order to allow the Board of Directors to solicit additional proxies or attendance at the Special Meeting.

Other business may be addressed at the Special Meeting if it properly comes before the Special Meeting. However, we are not aware of any such other business.

Can I Change My Vote

If you are a record owner, you may revoke your proxy and change your vote at any time before voting begins on any proposal. You may do this by either giving our Corporate Secretary written notice of your revocation, submitting a new signed proxy card with a later date, or by attending the Special Meeting and electing to vote in person. However, your attendance at the Special Meeting will not automatically revoke your proxy; you must specifically revoke your proxy. If your shares are held in nominee or street name, you should contact your broker or other nominee regarding the revocation of proxies.

What Quorum is Needed to Hold the Special Meeting

In order to conduct the Special Meeting, a majority of Fidelity shares entitled to vote must be present in person or by proxy. This is called a quorum. If you return a valid proxy or elect to vote in person at the Special Meeting, you will be considered part of the quorum.

Abstentions, withheld votes, and broker non-votes will be included in the calculation of the number of shares represented in person or by proxy at the Special Meeting in determining whether the quorum requirement is satisfied. Abstentions, withheld votes, and broker non-votes will not, however, be counted for purposes of determining whether any proposal has received sufficient votes for approval.

What Vote is Needed

For each proposal to be presented at the meeting, the affirmative vote of the majority of the votes cast at the Special Meeting is needed for approval of such proposal.

Table of Contents

What is our Voting Recommendation

Our Board of Directors recommends that you vote **FOR** the reservation of the Warrant Shares and the Adjournment Proposal.

Proxy cards that are timely signed, dated, and returned but do not contain instructions on how you want to vote will be voted in accordance with our Board of Directors' recommendation.

Proxy Solicitation

Fidelity will bear the expenses of soliciting proxies, including the cost of preparing and mailing this proxy statement. Fidelity will furnish solicitation materials to banks, brokerage houses, and other custodians, nominees, and fiduciaries for forwarding to beneficial owners of shares of the common stock and normal handling charges may be paid for such forwarding service. In addition, directors, officers, and other employees of Fidelity who will not be additionally compensated therefor may solicit proxies in person or by telephone, email, or other means.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table reflects the number of shares of common stock beneficially owned as of December 31, 2008, by (1) each person known to be the beneficial owner of more than five percent of the common stock of Fidelity, (2) each director, (3) each named executive officer (as defined in Item 402(a)(3) of Regulation S-K under the Securities Exchange Act of 1934), and (4) all directors and named executive officers as a group.

Unless otherwise indicated, each of the named individuals and each member of the group has sole or shared voting power or investment power with respect to the shares shown. Unless otherwise indicated, the address of each person or entity named in the table is c/o Fidelity Southern Corporation, 3490 Piedmont Road NE, Suite 1550, Atlanta, Georgia 30305.

The number of shares beneficially owned by each shareholder is determined under rules promulgated by the SEC. The information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and any shares as to which the individual has the right to acquire beneficial ownership within 60 days of December 31, 2008, through the exercise of any stock option, warrant, or other right. The inclusion in the following table of those shares, however, does not constitute an admission that the named shareholder is a direct or indirect beneficial owner of those shares.

PROPOSAL ONE: RESERVATION OF THE WARRANT SHARES

Background TARP Capital Purchase Program

On October 14, 2008, the U.S. Department of the Treasury (the Treasury) announced the Troubled Asset Relief Program (TARP) Capital Purchase Program (the Program). The Program was instituted by the Treasury pursuant to the Emergency Economic Stabilization Act of 2008 (EESA), which provides up to \$700 billion to the Treasury to, among other things, take equity positions in financial institutions. The Program is intended to encourage U.S. financial institutions to build capital and thereby increase the flow of financing to businesses and consumers.

On December 19, 2008, as part of the Program, Fidelity entered into a Letter Agreement (Letter Agreement) and a Securities Purchase Agreement Standard Terms attached thereto (Securities Purchase Agreement) with the Treasury, pursuant to which Fidelity agreed to issue and sell, and the Treasury agreed to purchase (1) 48,200 shares (the

Preferred Shares) of Fidelity s Fixed Rate Cumulative Perpetual Preferred Stock, Series A, having a liquidation preference of \$1,000 per share, and (2) a ten-year warrant (the Warrant) to purchase up to 2,266,458 shares of the Company s common stock, no par value (Common Stock), at an exercise price of \$3.19 per share, for an aggregate purchase price of \$48.2 million in cash.

Table of Contents

While our capital and liquidity position were strong prior to receiving the \$48.2 million investment from the Treasury, our Board of Directors determined that it was in the best interest of Fidelity and our shareholders to participate in the Program to further strengthen our capital and liquidity position, given the current and future uncertainty of the local and national economy. We believe that the Program provided us an opportunity to access additional capital with very favorable pricing and terms. The additional capital will enable us to continue to be well-positioned to support our existing operations as well as our anticipated future growth. Our plan is to use the proceeds to increase our lending capacity by making prudent loans to creditworthy individuals and businesses in our markets, improve our ability to work with troubled borrowers, and support our broader strategic growth and community service initiatives.

The Preferred shares will qualify as Tier 1 capital for regulatory purposes and rank senior to the Common Stock. The Preferred Shares pay a cumulative dividend rate of 5% per annum for the first five years they are outstanding and thereafter at a rate of 9% per annum. The Preferred Shares are non-voting but have voting rights on matters that could adversely affect the Preferred Shares. After three years, the Preferred Shares are callable at 100% of the issue price plus any accrued and unpaid dividends. Prior to the end of three years, the Preferred Shares may be redeemed with the proceeds from a qualifying equity offering of any Tier 1 perpetual preferred or common stock. The Treasury's consent is required for any increase in common dividends per share or certain repurchases of common stock until December 19, 2011, unless prior to such third anniversary either the Preferred Stock issued to the Treasury is redeemed in whole or the Treasury has transferred all of the Preferred Stock to third parties.

The Warrant issued to the Treasury in connection with Fidelity's participation in the Program has an exercise price of \$3.19 per share, which was equal to the market price of our Common Stock at the time of preliminary approval of our participation in the Program, calculated on a 20-trading day trailing average. The amount of earnings per share dilution resulting from the issuance of the Warrant will depend upon the value of our Common Stock during the period that the Warrant is outstanding. The Warrant requires that, subject to receipt of necessary shareholder approvals, Fidelity will at all times reserve and keep available, out of its authorized but unissued Common Stock, solely for the purpose of providing for the exercise of the Warrant, the aggregate number of shares of Common Stock then issuable upon exercise of the Warrant at any time. Additionally, the Warrant requires that Fidelity list and maintain the listing of the Warrant Shares on the NASDAQ Global Select Market, which is the exchange on which Fidelity's Common Stock is listed.

Additionally, in connection with Fidelity's participation with the Program, Fidelity adopted the Treasury's standards for executive compensation and corporate governance set forth in Section 111 of EESA for the period during which the Treasury holds equity issued under the Program. To ensure compliance with these standards, within the time frame prescribed by the Program, Fidelity has entered into agreements with its senior executive officers who would be subject to the standards. The executive officers have agreed to, among other things, (1) clawback provisions relating to the repayment by the executive officers of incentive compensation based on materially inaccurate financial statements or performance metrics and (2) limitations on certain post-termination parachute payments.

The Letter Agreement, including the Securities Purchase Agreement, the Warrant, and the form of agreement with our senior executive officers were filed as exhibits to our Form 8-K, filed on December 19, 2008, with the Securities and Exchange Commission.

See [Appendix A](#) for the Summary of Senior Preferred Terms and Summary of Warrant Terms as published by the Treasury.

Approval of the Reservation of the Warrant Shares

Our shares of Common Stock are listed on the NASDAQ Global Select Market. The Warrant requires that Fidelity list and maintain the listing of the Warrant Shares that are issuable upon the exercise of the Warrant on this exchange. Under NASDAQ's listing requirements, our shareholders must approve the issuance of the Warrant Shares prior to listing because the number of Warrant Shares exceeds 20% of our outstanding shares of Common Stock prior to the issuance of the Warrant Shares, and the exercise price of the Warrant is less than the greater of the book value or market value of our Common Stock. Accordingly, we are seeking shareholder approval of the reservation of 2,266,458 shares of Common Stock for issuance upon the exercise of the Warrant, which number of shares may be revised pursuant to the terms of the Warrant.

Table of Contents

Failure to Receive Shareholder Approval

Under the terms of the Warrant, if at any time (i) following the date on which the shares of Common Stock of Fidelity are no longer listed or admitted to trading on a national securities exchange (other than in connection with any Business Combination, as defined in the Warrant) or (ii) following the 18-month anniversary of the date the Warrant was issued and until the receipt of the shareholder approval allowing the full exercise of the Warrant, the Treasury may cause Fidelity to exchange all or a portion of the Warrant for an economic interest (to be determined by the Treasury after consultation with Fidelity) of Fidelity classified as permanent equity under U.S. GAAP having a value equal to the fair market value of the portion of the Warrant so exchanged.

Use of Proceeds

Since it is uncertain when or if the Treasury or its successors in interest to the Warrant will exercise the Warrant, we are unable to determine what our use of proceeds from such exercise will or would be.

Pro Forma Financial Information

The unaudited pro forma condensed consolidated financial data set forth below has been derived by the application of pro forma adjustments to Fidelity's historical financial statements for the year ended December 31, 2007 and as of and for the nine months ended September 30, 2008. The unaudited pro forma consolidated financial data gives effect to the events discussed below as if they had occurred on January 1, 2007, and January 1, 2008 in the case of the statement of income data and September 30, 2008 in the case of the balance sheet and regulatory capital ratio data. The key assumptions in the following pro forma statements include the following:

The issuance of Preferred Shares under the Program for \$48.2 million,

The issuance of the Warrant to purchase 2,266,458 shares of Fidelity common stock under the Program, and

The investment of the proceeds in earning assets.

The pro forma financial data may change materially based on the timing and utilization of the proceeds as well as certain other factors including any subsequent changes in Fidelity's common stock price.

The information should be read in conjunction with Fidelity's audited financial statements and the related notes filed as part of our Annual Report on Form 10-K for the year ended December 31, 2007, and our unaudited consolidated financial statements and the related notes filed as part of our Quarterly Report on Form 10-Q for the quarter ended September 30, 2008.

The following unaudited pro forma consolidated financial data is not necessarily indicative of our financial position, results of operations or regulatory capital position that actually would have been attained had proceeds from the Program been received, or the issuance of the Warrant been made, at the dates indicated, and is not necessarily indicative of our financial position, results of operations or regulatory capital position that will be achieved in the future. In addition, as noted above, until the receipt of the shareholder approval allowing the full exercise of the Warrant, the Treasury may cause Fidelity to exchange all or a portion of the Warrant for an equivalent economic interest in Fidelity.

We have included the following unaudited pro forma consolidated financial data solely for the purpose of providing shareholders with information that may be useful for purposes of considering and evaluating the Reservation of the Warrant Shares proposal. Our future results are subject to prevailing

economic and industry specific conditions and financial, business and other known and unknown risks and uncertainties, certain of which are beyond our control. These factors include, without limitation, those described in this Proxy Statement and those described under Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2007, in Item 1A of our Quarterly Report on Form 10-Q for the quarter ended September 30, 2008 and in our other reports filed with the SEC.

The fair value of the senior preferred stock was estimated using a market rate of 12.4%. The fair value of the common stock warrants was estimated to be \$1.25 per share and was determined using the Black-Scholes model with the following assumptions: dividend yield, 1.25%; risk-free interest rate, 1.185%; expected life, 10 years; and volatility, 37.44%.

Government at a rate of 4.56%.

An incremental tax rate of 38% was assumed.

Subsequent redeployment of the funds is anticipated but the timing of such redeployment is uncertain.

- (2) The pro forma average diluted shares outstanding includes the estimated effect of the exercise of the warrants and are accounted for under the treasury stock method, using the nine month average stock price of \$4.32.
- (3) The issuance costs expected to be incurred were immaterial; therefore, no effect was given in the pro forma.
- (4) Consists of dividends of \$1,834,000 on preferred stock at a 5% annual rate.
- (5) Includes accretion of

discount on preferred stock over a 5 year amortization period. The discount is determined based on the value that is allocated to the warrants upon issuance. The discount is accreted back to par value on an effective yield method over a 5-year term, which is the expected life of the preferred stock upon issuance. The estimated accretion is based on a number of assumptions that are subject to change. These assumptions include the discount (market rate at issuance) rate on the senior preferred stock of 12.4%, and assumptions underlying the value of the common stock warrants. The proceeds are allocated based on the relative fair value of the warrants as compared to the fair value of the senior preferred

stock.

(1) The funds received from the senior preferred stock issue are assumed to be initially invested in mortgage backed investment securities guaranteed by an agency of the

U.S.

Government at a rate of 5.17%.

An incremental tax rate of 38% was assumed.

Subsequent redeployment of the funds is anticipated but the timing of such redeployment is uncertain.

(2) The pro forma average diluted shares outstanding include the estimated effect of the exercise of the warrants and are accounted for under the treasury stock method, using the twelve month average stock price of \$15.91.

(3) The issuance costs expected to be incurred were immaterial; therefore, no effect was given in the pro forma.

(4) Consists of dividends of \$2,443,000 on preferred stock at a 5% annual rate.

(5)

Includes accretion of discount on preferred stock over a 5 year amortization period. The discount is determined based on the value that is allocated to the warrants upon issuance. The discount is accreted back to par value on an effective yield method over a 5-year term, which is the expected life of the preferred stock upon issuance. The estimated accretion is based on a number of assumptions that are subject to change. These assumptions include the discount (market rate at issuance) rate on the senior preferred stock of 12.4%, and assumptions underlying the value of the common stock warrants. The proceeds are allocated based on the relative fair value of the warrants as compared to the

fair value of the
senior preferred
stock.

The Board recommends that Shareholders vote in favor of the Reservation of the Warrant Shares Proposal.

**PROPOSAL TWO: TO AUTHORIZE MANAGEMENT TO ADJOURN
THE SPECIAL MEETING IF NECESSARY**

If the number of shares of common stock present or represented at the Special Meeting and voting in favor of the Reservation of the Warrant Shares Proposal is insufficient to approve that proposal, then Fidelity's management may move to adjourn the Special Meeting in order to enable the Board to continue to solicit additional proxies in favor of the Reservation of the Warrant Shares Proposal. In that event, you will be asked only to vote upon the Adjournment Proposal but not the Reservation of the Warrant Shares Proposal.

In this Adjournment Proposal, the Board is asking you to authorize the holder of any proxy solicited by the Board to vote in favor of adjourning the Special Meeting and any later adjournment under the circumstances described above. If the shareholders approve this Adjournment Proposal, then management could adjourn the Special Meeting (and any adjourned section of the Special Meeting) to use the additional time to solicit additional proxies in favor of the Reservation of the Warrant Shares Proposal, including the solicitation of proxies from shareholders that have previously voted against the Reservation of the Warrant Shares Proposal. Among other things, approval of the Adjournment Proposal could mean that even if proxies representing a sufficient number of votes against the Reservation of the Warrant Shares Proposal have been received, management could adjourn the Special Meeting without a vote on the Reservation of the Warrant Shares Proposal and seek to convince the holders of those shares to change their votes to vote in favor of the Reservation of the Warrant Shares Proposal.

The Board believes that if the number of shares of common stock present or represented at the Special Meeting and voting in favor of the Reservation of the Warrant Shares Proposal is insufficient to approve that proposal, it is in the best interests of the Fidelity's shareholders to enable the Board, for a limited period of time, to continue to seek to obtain a sufficient number of additional votes to approve the Reservation of the Warrant Shares Proposal.

The Board recommends that shareholders vote FOR the Adjournment Proposal.

Dividend: The Senior Preferred will pay cumulative dividends at a rate of 5% per annum until the fifth anniversary of the date of this investment and thereafter at a rate of 9% per annum. For Senior Preferred issued by banks which are not subsidiaries of holding companies, the Senior Preferred will pay non-cumulative dividends at a rate of 5% per annum until the fifth anniversary of the date of this investment and thereafter at a rate of 9% per annum. Dividends will be payable quarterly in arrears on February 15, May 15, August 15 and November 15 of each year.

Redemption: Senior Preferred may not be redeemed for a period of three years from the date of this investment, except with the proceeds from a Qualified Equity Offering (as defined below) which results in aggregate gross proceeds to the QFI of not less than 25% of the issue price of the Senior Preferred. After the third anniversary of the date of this investment, the Senior Preferred may be redeemed, in whole or in part, at any time and from time to time, at the option of the QFI. All redemptions of the Senior Preferred shall be at 100% of its issue price, plus (i) in the case of cumulative Senior Preferred, any accrued and unpaid dividends and (ii) in the case of noncumulative Senior Preferred, accrued and unpaid dividends for the then current dividend period (regardless of whether any dividends are actually declared for such dividend period), and shall be subject to the approval of the QFI's primary federal bank regulator.

Qualified Equity Offering shall mean the sale by the QFI after the date of this investment of Tier 1 qualifying perpetual preferred stock or common stock for cash.

Following the redemption in whole of the Senior Preferred held by the UST, the QFI shall have the right to repurchase any other equity security of the QFI held by the UST at fair market value.

Restrictions on Dividends: For as long as any Senior Preferred is outstanding, no dividends may be declared or paid on junior preferred shares, preferred shares ranking pari passu with the Senior Preferred, or common shares (other than in the case of pari passu preferred shares, dividends on a pro rata basis with the Senior Preferred), nor may the QFI repurchase or redeem any junior preferred shares, preferred shares ranking pari passu with the Senior Preferred or common shares, unless (i) in the case of cumulative Senior Preferred all accrued and unpaid dividends for all past dividend periods on the Senior Preferred are fully paid or (ii) in the case of non-cumulative Senior Preferred the full dividend for the latest completed dividend period has been declared and paid in full.

Common dividends: The UST's consent shall be required for any increase in common dividends per share until the third anniversary of the date of this investment unless prior to such third anniversary the Senior Preferred is redeemed in whole or the UST has transferred all of the Senior Preferred to third parties.

Repurchases: The UST's consent shall be required for any share repurchases (other than (i) repurchases of the Senior Preferred and (ii) repurchases of junior preferred shares or common shares in connection with any benefit plan in the ordinary course of business consistent with past practice) until the third anniversary of the date of this investment unless prior to such third anniversary the Senior Preferred is redeemed in whole or the UST has transferred all of the Senior Preferred to third parties. In addition, there shall be no share repurchases of junior preferred shares, preferred shares ranking pari passu with the Senior Preferred, or common shares if prohibited as described above under "Restrictions on Dividends".

Voting rights: The Senior Preferred shall be non-voting, other than class voting rights on (i) any authorization or issuance of shares ranking senior to the Senior Preferred, (ii) any amendment to the rights of Senior Preferred, or (iii) any merger, exchange or similar transaction which would adversely affect the rights of the Senior Preferred.

If dividends on the Senior Preferred are not paid in full for six dividend periods, whether or not consecutive, the Senior Preferred will have the right to elect 2 directors. The right to elect directors will end when full dividends have been paid for four consecutive dividend periods.

Transferability: The Senior Preferred will not be subject to any contractual restrictions on transfer. The QFI will file a shelf registration statement covering the Senior Preferred as promptly as practicable after the date of this investment and, if necessary, shall take all action required to cause such shelf registration statement to be declared effective as soon as possible. The QFI will also grant to the UST piggyback registration rights for the Senior Preferred and will take such other steps as may be reasonably requested to facilitate the transfer of the Senior Preferred including, if requested by the UST, using reasonable efforts to list the Senior Preferred on a national securities exchange. If requested by the UST, the QFI will appoint a depository to hold the Senior Preferred and issue depository receipts.

Executive Compensation: As a condition to the closing of this investment, the QFI and its senior executive officers covered by the EESA shall modify or terminate all benefit plans, arrangements and agreements (including golden parachute agreements) to the extent necessary to be in compliance with, and following the closing and for so long as UST holds any equity or debt securities of the QFI, the QFI shall agree to be bound by, the executive compensation and corporate governance requirements of Section 111 of the EESA and any guidance or regulations issued by the Secretary of the Treasury on or prior to the date of this investment to carry out the provisions of such subsection. As an additional condition to closing, the QFI and its senior executive officers covered by the EESA shall grant to the UST a waiver releasing the UST from any claims that the QFI and

such senior executive officers may otherwise have as a result of the issuance of any regulations which modify the terms of benefits plans, arrangements and agreements to eliminate any provisions that would not be in compliance with the executive compensation and corporate governance requirements of Section 111 of the EESA and any guidance or regulations issued by the Secretary of the Treasury on or prior to the date of this investment to carry out the provisions of such subsection.
