PROXY STATEMENT

The enclosed proxy is being solicited on behalf of our Board of Directors for use at our 2007 Annual Meeting of Shareholders to be held at 11:00 a.m., Eastern Daylight Savings Time, on Wednesday, May 30, 2007, and any postponements or adjournments thereof (the Annual Meeting). This proxy statement, including the Notice of Meeting and our Annual Report on Form 10-K for the fiscal year ended February 3, 2007 (fiscal 2006) was first mailed to shareholders on April 30, 2007.

We have two classes of securities outstanding and entitled to vote at the Annual Meeting, our Class A Common Shares, no par value, and our Class B Common Shares, no par value. Only shareholders of record at the close of business on April 9, 2007, our record date, are entitled to notice of and to vote at the meeting or any adjournments thereof. The total number of outstanding Class A Common Shares entitled to vote at the meeting is 16,211,727 and the total number of Class B Common Shares entitled to vote at the meeting is 27,702,667. Each outstanding Class A Common Share is entitled to one vote with respect to each matter to be voted on at the meeting and each outstanding Class B Common Share is entitled to eight votes with respect to each matter to be voted on at the meeting. Class A Common Shares and Class B Common Shares vote together as a single class with respect to all matters submitted to a vote of shareholders.

Prior to the completion of our initial public offering in July 2005, we were operated as a direct wholly-owned subsidiary of Retail Ventures. As of April 9, 2007, Retail Ventures owned 27,702,667 of our Class B Common Shares, constituting all of our issued and outstanding Class B Common Shares, or in excess of 63% of our total outstanding shares and 93% of the combined voting power of our outstanding Common Shares. Retail Ventures has the power acting alone to approve any action requiring a vote of the majority of our voting shares and to elect all our directors.

Without affecting any vote previously taken, the proxy may be revoked by the shareholder by giving a written notice of revocation to us in writing (attention: William L. Jordan, Secretary). A shareholder may also change his or her vote by executing and returning to us a later-dated proxy or by giving notice of revocation in person at the meeting.

All properly executed proxies received by the Board of Directors will be voted as directed by the shareholder. All properly executed proxies received by the Board of Directors which do not specify how shares should be voted will be voted **FOR** the election as directors of the nominees listed below under Election of Directors and in the discretion of the proxies on any other business properly brought before the meeting or any adjournments thereof.

The presence, in person or by proxy, of a majority of the outstanding common shares is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes occur when brokers who hold their customers' shares in street name sign and submit proxies for such shares and vote such shares on some matters, but not others. This would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on routine matters, which includes the election of directors. Solicitation of proxies may be made by mail, personal interview and telephone by our officers, directors and regular employees, and by the employees of our transfer agent, National City Bank. We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of shares.

General

A total of four meetings of the Board of Directors were held during fiscal 2006, and the Board took action by unanimous written consent two times during fiscal 2006. No director attended less than 75 percent of the aggregate of (i) the total number of meetings of the Board of Directors held during the time in which such director was a member of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which that director served during the period each director served as a member of such committee.

There are no family relationships among our directors and executive officers.

Our Corporate Governance Principles provide that all incumbent directors and director nominees are encouraged to attend our Annual Meeting of Shareholders. All of our directors attended our 2006 Annual Meeting of Shareholders.

Corporate Governance Principles

In June 2005, the Board of Directors adopted Corporate Governance Principles that address Board structure, membership (including nominee qualifications), performance, operations and management oversight. The Corporate Governance Principles were amended in November 2006. A copy of our Corporate Governance Principles can be found at our corporate and investor website at www.dswshoe.com and is available in print (without charge) to any shareholder upon request.

The Board of Directors meets in regularly scheduled executive sessions (without management present). The Board of Directors does not have a designated director who leads executive sessions held by the independent directors. The non-management directors alternate as the chair of such executive sessions in alphabetical order by last name.

Director Independence

Our director independence standards are set forth in our Corporate Governance Principles, a copy of which can be found at our corporate and investor website at www.dswshoe.com. The Corporate Governance Principles provide that the Board of Directors goal is that a majority of the directors should be independent directors. A director will be designated as independent if he or she (i) has no material relationship with us or our subsidiaries; (ii) satisfies the other criteria specified by New York Stock Exchange listing standards; (iii) has no business conflict with us or our subsidiaries; and (iv) otherwise meets applicable independence criteria specified by law, regulation, exchange requirement or the Board of Directors. During its review of director independence, the Board considered whether there were any transactions or relationships between the Company and any director or any member of his or her immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder). As a result of this review, the Board of Directors has affirmatively determined that the following persons are independent under our independence standards:

Carolee Friedlander

Philip B. Miller

James D. Robbins

Allan J. Tanenbaum

Our Board of Directors has a Nominating and Corporate Governance Committee, a Compensation Committee and an Audit Committee, all of which are comprised solely of independent directors as defined under applicable Securities and Exchange Commission rules and the listing standards of the New York Stock Exchange.

Nominating and Corporate Governance Committee

The members of our Nominating and Corporate Governance Committee are Messrs. Tanenbaum (Chair) and Robbins, and Ms. Friedlander, each of whom is independent as discussed above. In June 2005, the Nominating and Corporate Governance Committee recommended, and the Board of Directors approved, a Nominating and Corporate Governance Committee Charter, a current copy of which can be found on our corporate and investor website at www.dswshoe.com and is available in print (without charge) to any shareholder upon request. The Nominating and Corporate Governance Committee Charter was amended in November 2006.

The Nominating and Corporate Governance Committee met four times during fiscal 2006. Its functions include assisting the Board in determining the desired qualifications of directors, identifying potential individuals meeting those qualification criteria, proposing to the Board a slate of nominees for election by the shareholders and reviewing candidates nominated by shareholders. In addition, the Committee also reviews the Corporate Governance Principles, makes recommendations to the Board with respect to other corporate governance principles applicable to us, oversees the annual evaluation of the Board and management, and reviews management and Board succession plans.

The Nominating and Corporate Governance Committee meets to discuss, among other things, identification and evaluation of potential candidates for nomination as a director. Although there are no specific minimum qualifications that a director candidate must possess, potential candidates are identified and evaluated according to the qualification criteria set forth in the Board's Corporate Governance Principles, including:

independence;

judgment;

skill;

diversity;

strength of character;

age;

experience as an executive of, or advisor to, a publicly traded or private organization;

experience and skill relative to other Board members;

specialized knowledge or experience;

service on other boards; and

desirability of the candidate's membership on the Board or any committees of the Board.

The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders for the 2008 Annual Meeting of Shareholders, provided that the names of such nominees are submitted in writing, not later than January 1, 2008, to DSW, 810 DSW Drive, Columbus, Ohio 43219, Attn: Corporate Secretary. Each such submission must include: (a) as to the nominee, (i) name, age, business address and residence address; (ii) principal occupation or employment; (iii) the class and number of DSW shares beneficially owned; and (iv) any other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A under the Exchange Act; and (b) as to the shareholder giving the notice, (i) name and record address and (ii) the class and number of our shares beneficially owned. Such notice shall be accompanied by a consent signed by the nominee evidencing a willingness to serve as a director, if nominated and elected, and a commitment by the nominee to meet personally with the Nominating and Corporate Governance Committee members.

Other than the submission requirements set forth above, there are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for director recommended by a shareholder.

Compensation Committee

The members of our Compensation Committee are Messrs. Miller (Chair) and Robbins and Ms. Friedlander. Each member of the Compensation Committee is independent as discussed above. None of the members of the Compensation Committee are present or former officers of our Company, nor are they or any of their affiliates, if any, parties to agreements with us.

Table of Contents

In June 2005, the Compensation Committee recommended, and the Board of Directors approved, a Compensation Committee Charter, a current copy of which can be found on our corporate and investor website at www.dswshoe.com and is available in print (without charge) to any shareholder upon request. The Compensation Committee Charter was amended in November 2006.

Our Compensation Committee met seven times during fiscal 2006. The Compensation Committee's functions include evaluating the Chief Executive Officer's performance and, based upon these evaluations, setting the Chief Executive Officer's annual compensation; reviewing and approving the compensation packages of our other executive officers; making recommendations to the Board with respect to our incentive compensation, retirement and other benefit plans; making administrative and compensation decisions under such plans; and recommending to the Board the compensation for non-employee Board members. See the Compensation Discussion and Analysis below for a more complete description of the Compensation Committee's deliberations and decisions relating to executive compensation, including the Committee's retention of a compensation consultant and the role of our executive officers in determining executive compensation.

Audit Committee

The members of our Audit Committee are Messrs. Robbins (Chair) Miller and Tanenbaum. The Board of Directors has determined that each of them is independent and is financially literate in accordance with the applicable Securities and Exchange Commission rules and listing standards of the New York Stock Exchange. The Board has also determined that our Audit Committee's Chairman, James D. Robbins, qualifies as an audit committee financial expert as such term is defined by the Securities and Exchange Commission under Item 401(h) of Regulation S-K.

In June 2005, our Board of Directors approved an Audit Committee Charter, a copy of which can be found on our corporate and investor website at www.dswshoe.com and is available in print (without charge) to any shareholder upon request.

Our Audit Committee met eight times during fiscal 2006. The purpose of our Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities of:

the integrity of our financial statements;

compliance with legal and regulatory requirements;

the independent auditor's qualifications and independence; and

performance of our internal audit function and independent auditor.

The Audit Committee is directly responsible for the appointment, compensation, retention, termination and oversight of the work of our independent auditor, including resolution of disagreements between management and the independent auditor regarding financial reporting.

No member of the Audit Committee is currently serving on the audit committees of more than three public companies.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and officers and persons who are beneficial owners of more than ten percent of our common shares (reporting persons) to file reports of ownership and changes of ownership with the Securities and Exchange Commission and the New York Stock Exchange. We assist our directors and officers in completing and filing those reports. Based upon a review of those reports furnished to us and representations of our directors and officers, we believe that all filing requirements applicable to our directors, executive officers and greater than ten percent beneficial owners were complied with during the last completed fiscal year, except for one late Form 4 filing for Mr. Tanenbaum reporting one transaction.

Code of Ethics and Corporate Governance Information

We have adopted a code of ethics that applies to all our officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and an additional code of ethics that applies to senior financial officers. Additionally, in fiscal 2006, the Board of Directors adopted a Director Code of Conduct applicable to our Board members. These codes of ethics, designated as the Code of Conduct, the Code of Ethics for Senior Financial Officers, and the Director Code of Conduct, respectively, by us can be found on our investor website at www.dswshoe.com and are available in print (without charge) to any shareholder upon request. We intend to disclose any amendment to, or waiver from, any applicable provision of the Code of Conduct, Code of Ethics for Senior Financial Officers, or Director Code of Conduct (if such amendment or waiver relates to elements listed under Item 406(b) of Regulation S-K and applies to our directors, principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) by posting such information on our corporate and investor website at www.dswshoe.com.

Table of Contents**AUDIT AND OTHER SERVICE FEES**

Our Audit Committee has adopted a policy under which audit and non-audit services to be rendered by our independent registered public accountants are pre-approved. The pre-approval policy is designed to assure that the provision of such services does not impair the independence of our independent registered public accounting firm and is summarized below.

Delegation The Audit Committee may delegate pre-approval authority to one or more of its independent members provided that the member(s) to whom such authority is delegated promptly reports any pre-approval decisions to the other Audit Committee members. The Audit Committee has not delegated to management its responsibilities to pre-approve services performed by the independent registered public accounting firm.

Audit Services Annual audit, review and attestation engagement terms and fees are subject to the specific pre-approval of the Audit Committee. Any changes in the terms, conditions or fees resulting from changes in the audit scope requires the Audit Committee's approval.

Other Services Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee.

Tax Services The Audit Committee believes that our independent registered public accounting firm can provide tax services to us such as tax compliance and certain tax advice without impairing its independence. In no event, however, will the independent registered public accounting firm be retained in connection with a transaction initially recommended by the independent registered public accounting firm, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations or similar regulations of other applicable jurisdictions.

No services were provided by the independent public accountants during fiscal 2006 or fiscal 2005 that were approved by the Audit Committee under Securities and Exchange Commission Regulation S-X Section 2-01(c)(7)(i)(C) (which addresses certain services considered de minimis and may be approved by the Committee after such services have been performed).

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the material compensation decisions and elements for DSW's executive team. As more fully described below, the Compensation Committee of DSW's Board of Directors (the Committee) makes all compensation decisions for DSW's executive officers, including the executive officers named in the Summary Compensation Table below (the Named Executive Officers) as follows:

Jay L. Schottenstein Chairman and Chief Executive Officer;

Deborah L. Ferrée Vice Chairman and Chief Merchandising Officer;

Peter Z. Horvath President;

Douglas J. Probst Executive Vice President, Chief Financial Officer and Treasurer; and

Kevin M. Lonergan Executive Vice President and Chief Operating Officer.

Executive Compensation Philosophy & Objectives

The Committee believes that executive compensation packages should incorporate an appropriate balance of fixed versus variable compensation as well as cash-based versus stock-based compensation and reward performance that is measured against established goals that correspond to our short-term and long-term business plan and objectives.

DSW's executive compensation program is designed to:

- (1) *Attract and retain highly talented, experienced retail executives who can make significant contributions to our long-term business success.* Specifically, we structure our compensation program to attract and keep executives we believe are critical to the implementation of our business strategy to:

Anticipate the desires of our brand-, quality- and style-conscious customers who have a passion for footwear and accessories and provide them with a vast, exciting selection of in-season styles combined with the convenience and value they desire;

Create a distinctive store experience that satisfies both the rational and emotional shopping needs of our customers; and

Execute on a growth strategy to increase total net sales through DSW store expansion while maintaining positive comparable store sales growth for DSW stores, particularly as we intend to open at least 30 stores per year during the next four fiscal years.

At DSW, we believe we have assembled an experienced and talented executive team with a proven track record of delivering growth results.

Mr. Schottenstein, our CEO, is a seasoned retail industry executive who provides strategic leadership to DSW's senior executive team and guidance and insight around our key growth initiatives. Ms. Ferrée, our Vice Chairman and Chief Merchandising Officer, and Mr. Horvath, our President, provide daily leadership to DSW's executive team.

Additionally, Ms. Ferrée oversees a merchandising team that is focused on continually delivering a broad selection of fresh and current merchandise into our stores at price points that appeal to consumers from a broad range of socioeconomic and demographic backgrounds. In addition to providing daily business leadership, Mr. Horvath oversees all aspects of our business operations. Mr. Lonergan, our Chief Operating Officer, has over 30 years of retail industry experience and occupies a critical leadership role in creating the distinctive store experience that is integral to our long-term business success. Mr. Lonergan also leads our real estate and store construction functions. Finally, Mr. Probst, our Chief Financial Officer, provides daily leadership to a Finance function that plays a critical role in ensuring the availability of the investment capital necessary to deliver on our growth strategy. We believe that our current senior executive team possesses a proven ability to develop and execute merchandising, customer, real estate and infrastructure strategies. As a result, we believe our compensation program must incentivize and reward their efforts and also serve to keep their services with DSW, thus allowing us to compete in attracting and developing talent to support the continued growth of DSW.

Table of Contents

- (2) *Reward executives for delivering superior performance.* The Committee regularly reviews executive compensation packages to ensure a proper balance between fixed and variable compensation with more of the focus on, and potential reward to the executive for, achievement of short- and long-term performance goals. This was true for 2006 – the average executive officer total compensation consisted of 32% fixed compensation (base salary and perquisite allowance) and 68% variable compensation (annual incentive compensation and long-term equity compensation). The Committee believed this was an appropriate balance given the current focus and goals of the Company.
- (3) *Create a strong link among the interests of shareholders, DSW's financial performance and the total compensation of executives, and align executive incentives with shareholder value creation.* The Committee believes targeting above-median long-term equity award levels (as discussed below) is appropriate for DSW, a growth company, during a critical growth phase. As a result, the Committee annually awards equity, generally in the form of stock options and restricted stock units, to the Named Executive Officers based, in part, on DSW's financial performance. Such grants also strongly align these officers' interests with the interests of our shareholders as each are focused on the same result – value creation.

Setting Executive Compensation

Based on the objectives described above, the Committee has structured DSW's executive compensation programs primarily to motivate executives to achieve the business goals established by DSW and reward executives for meeting business goals, and perhaps more importantly, delivering superior performance as measured against those business goals. For 2006, the Committee engaged Hewitt Associates, a global human resources consulting firm, to conduct a review of its total compensation program for the Named Executive Officers as well as for other company executives.

As requested by the Committee, Hewitt provided the Committee with market data from proprietary databases to consider when making compensation decisions for our Named Executive Officers. While Hewitt was engaged directly by the Committee, Hewitt also provided similar input to company management to support compensation recommendations and decisions made for company executives who are not Named Executive Officers.

In making compensation decisions for executive officers in fiscal 2006, including the Named Executive Officers, the Committee compared each officer's compensation against market compensation benchmarks drawn from a peer group of publicly-traded and privately-held retail industry companies (collectively, the Comparator Group). With input from Hewitt, the Committee ensured the Comparator Group consisted of appropriately-sized companies against which the Committee believes DSW competes for talent and shareholder investment. The companies included in the Comparator Group for 2006 were:

Ann Taylor Stores Corporation	Belk, Inc.	The Bon Ton Stores, Inc.
Brown Shoe Company, Inc.	Charming Shoppes, Inc.	Dick's Sporting Goods, Inc.
Eddie Bauer, Inc.	Fingerhut Companies, Inc.	Goody's Family Clothing, Inc.
Home Decorators Collection	Home Interiors and Gifts	L.L. Bean Incorporated
Lillian Vernon Corporation	Linens n Things, Inc.	Mervyn's
Neiman Marcus	Norm Thompson Outfitters, Inc.	Oriental Trading Company, Inc.
Pacific Sunwear of California, Inc.	Payless ShoeSource, Inc.	Phillips-Van Heusen Corporation
Pier 1 Imports, Inc.	Redcats USA	Sports Authority, Inc.
Stein Mart, Inc.	The Timberland Company	Williams-Sonoma, Inc.

DSW's revenue is slightly below the median revenue of the Comparator Group companies. Thus, in making comparisons between DSW pay levels and Comparator Group pay levels, the Committee looked at both the raw tabular data for the Comparator Group companies as well as adjusted data for the Comparator Group companies based on regression analysis, provided by Hewitt, that accounts for differences between DSW's revenues and median revenues of the Comparator Group companies.

The pay elements used for comparison purposes are target total cash compensation (consisting of base salary and annual cash incentive compensation) and long-term equity incentive compensation. Generally, the Committee targets Named Executive Officer pay to fall between the 50th and 75th percentiles of Comparator Group data for both total

cash compensation and long-term incentive compensation. This pay objective reflects the fact that DSW is a growth company and executives with the skills and experience necessary to deliver contributions that will significantly impact DSW's long-term business success and intended growth pattern command a premium in the marketplace. These objectives also recognize the Committee's expectation that,

Table of Contents

over the long term, the Company will generate shareholder returns in excess of the average of its Comparator Group. Variations to this pay objective may occur as dictated by the experience level of the individual and market factors. In addition, for Named Executive Officers where comparison data was available in 2006, the Committee also evaluates the actual pay of the Named Executive Officer with pay data drawn from proxy-disclosed pay information for the following publicly-traded companies:

Brown Shoe Company, Inc.	Children's Place Retail Stores	Finish Line, Inc.
Genesco, Inc.	Goody's Family Clothing, Inc.	Guitar Center, Inc.
Hot Topic, Inc.	Linens n Things, Inc.	The Men's Wearhouse, Inc.
Pacific Sunwear of California	Petco Animal Supplies, Inc.	Pier 1 Imports, Inc.
Stein Mart, Inc.		

For fiscal 2006, the compensation paid to Messrs. Schottenstein, Horvath and Probst and Ms. Ferrée was reviewed pursuant to this company group (in addition to the Comparator Group above). By looking at this proxy-disclosed information, as reviewed and summarized for the Committee by Hewitt, the Committee was able to analyze the relation between performance and the resulting pay delivered. Mr. Lonergan was newly hired in 2006 and so was not reviewed during the fiscal 2006 performance cycle.

Finally, the Committee takes into consideration a review of each Named Executive Officer's compensation relative to the other Named Executive Officers, taking into account each officer's performance and impact on DSW's business results.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for DSW's Named Executive Officers based upon input provided by certain members of company management, as discussed under DSW's 2006 Executive Compensation Elements below, and the objective market data provided by Hewitt. The Committee can exercise its discretion and modify any recommendations that may be provided by company management and the independent compensation consultant. Company management does not provide input in determining the compensation of the Chief Executive Officer, which is determined solely by the Compensation Committee.

DSW's 2006 Executive Compensation Elements

For the fiscal year ended February 3, 2007, the total compensation opportunity for DSW's executives (including the Named Executive Officers) was generally comprised of the following principal components:

base salary;

performance-based annual cash incentive compensation;

other bonus awards as described below;

long-term equity incentive compensation in the form of service-based stock options and restricted stock units; and

retirement savings contributions through the 401(k) plan.

Base Salary

While the Committee's focus is on variable compensation based on performance, a clear objective of our executive compensation program is to pay a base salary that is competitive with the stated Comparator Group in order to retain our Named Executive Officers. The base salaries of all DSW executives (including the Named Executive Officers) are determined based on job responsibilities and individual contribution, and with reference to the considerations set forth below. Salary bands are designed so that the salary opportunity for a given position generally falls between 80% and 140% of the base salary midpoint established for that position.

In March each year, the Committee determines the base salary of each Named Executive Officer for the next year.

During its review, the Committee primarily considers:

Table of Contents

- overall DSW financial performance during the prior year;
- the individual performance of the Named Executive Officer in the prior year;
- the target total cash compensation level of the appropriate benchmark position(s) as reflected in Comparator Group data;
- base salary data drawn from publicly-available proxy statement information where available; and
- if relevant, compensation paid by a previous employer.

In March 2006, the Committee decided to increase Mr. Schottenstein's annual base salary from \$250,000 to \$500,000. The Committee's determination to increase Mr. Schottenstein's base salary was based upon a review of the scope of his management responsibilities, the execution of those responsibilities, and the financial results obtained under his leadership. For example, from fiscal 2004 to fiscal 2005, sales grew 19% and operating income grew 25% over the prior fiscal year. Additionally, DSW opened 29 new stores and surpassed \$1 billion in annual sales for the first time during fiscal year 2005.

Mr. Schottenstein reviewed with the Committee overall DSW performance for fiscal year 2005 and the performance of Ms. Ferrée and Mr. Horvath. Based upon the duties and responsibilities of Ms. Ferrée and Mr. Horvath in fiscal 2005, DSW's overall performance and their individual performance against pre-established individual objectives, the Committee decided to increase the base salaries of Ms. Ferrée and Mr. Horvath by 7% and 10%, respectively.

Mr. Horvath reviewed with the Committee the accomplishments and contributions made by each senior manager under his supervision and Mr. Probst and provided his proposed base salary changes. Mr. Horvath noted that under Mr. Probst's leadership, DSW's selling, general and administrative expenses decreased by 140 basis points during fiscal year 2005. Additionally, Mr. Probst helped lead DSW through a successful initial public offering in fiscal year 2005. Based upon Mr. Horvath's recommendations, and upon the Committee's individual review and the analysis of compensation paid by Comparator Group companies for the comparable position, the Committee decided to increase the base salary of Mr. Probst by 7%.

The hire date of Mr. Lonergan was January 30, 2006. Thus, Mr. Lonergan was not considered for a base salary increase during the March 2006 review period. Instead, the Committee determined his base salary pursuant to employment negotiations.

Performance-Based Annual Cash Incentive Compensation

The DSW Inc. 2005 Cash Incentive Compensation Plan (the "ICP") was approved by DSW's shareholders in 2005. The ICP gives the Committee the ability to foster and promote the financial success of the Company and increase shareholder value by providing cash incentives to the Named Executive Officers based on the achievement of specified annual business objectives. The ICP is designed to promote the achievement of annual performance goals and focuses the Named Executive Officers on short-term objectives which ultimately will contribute to the likelihood of achieving long-term business objectives and increase shareholder value. Under the ICP, Named Executive Officers earn annual cash incentives only when pre-established business objectives and targets are achieved. The Company currently has approximately 800 associates who are eligible to receive awards under the ICP. The Named Executive Officers are generally treated the same as all other eligible DSW associates under the ICP.

At its first quarter meeting each year, the Committee establishes the performance criteria that will be used to determine incentive compensation awards for the subsequent year. Company associates who participate in the plan have incentive levels that vary based on the individual's position and contribution to business performance. Target award opportunities are established as a percentage of base salary and range from 80% to 100% of base salary for the Named Executive Officers. Mr. Schottenstein is not eligible to earn annual cash incentive compensation under the ICP. The target award opportunities for Ms. Ferrée and Messrs. Horvath, Probst and Lonergan were 100%, 100%, 80% and 80%, respectively, and were established based on market data provided by the independent compensation consultant and the scope of the leadership positions the executives occupy in the DSW business.

For fiscal 2006, the Committee determined that 100% of each Named Executive Officer's annual cash incentive compensation award would be based upon DSW's net income performance as reported in the company's financial statements. The Committee believed net income was the most relevant metric to our existing growth

Table of Contents

plan and aligns with the growth objective we share with investors. Additionally, net income is publicly disclosed in our financial statements and provides transparency to all ICP participants.

In March 2006, the Committee established a net income target for fiscal year 2006 of \$54.9 million – a level consistent with our expectation that earnings grow 20% annually. The Committee also determined that no participant (including each Named Executive Officer) would receive a payout unless DSW achieved at least \$49.9 million in net income – a level reflecting 11% growth over pro forma net income for the prior year. All associates who participate in the plan (including the Named Executive Officers) received:

no payment unless the Company achieved \$49.9 million of net income (approximately 91% of the target net income level established);

a payment of at least 50% but less than 100% of the target award opportunity if the Company achieved or exceeded \$49.9 million of net income but did not achieve \$54.9 million of net income;

a payment of at least 100% but less than 200% of the target award opportunity if the Company achieved or exceeded \$54.9 million of net income but did not achieve \$64.9 million of net income; and

a payment of 200% of the target award opportunity if the Company achieved or exceeded \$64.9 million of net income (approximately 118% of the target net income level).

In making the annual determination of the minimum, target and maximum net income levels, the Committee may consider specific circumstances facing the company during the prior and subsequent years. In fiscal 2006, the Committee based the target net income level on growth from fiscal 2005 pro forma net income that excluded certain non-recurring items. As a result, fiscal 2006 target net income of \$54.9 million was nearly 48% higher than fiscal 2005 reported net income of \$37.2 million. Generally, the Committee sets the minimum, target and maximum levels such that the relative difficulty of achieving the target level is consistent from year to year.

DSW's fiscal 2006 performance led to a maximum payout of 200% of each participant's target award opportunity, including each of the Named Executive Officers (other than Mr. Schottenstein). Cash incentive awards earned by the Named Executive Officers for the fiscal year ending February 3, 2007 are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on below.

Long-Term Equity Incentive Compensation

The DSW Inc. 2005 Equity Incentive Plan (the "Equity Plan") was approved by our shareholders in 2005. The Equity Plan generally furthers the Committee's objectives to retain its executives as well as build a link between executive compensation and shareholder interests and objectives. All equity awards are granted in respect to DSW's Class A Common Stock.

DSW's executive compensation philosophy generally calls for grants of both service-based stock options and restricted stock units to executives (Vice President and above) including the Named Executive Officers. As discussed above, in determining the value of annual long-term equity incentive grants for DSW executives, the Committee's overall objective – consistent with the executive compensation philosophy – is to target the combined grant value of stock options and restricted stock units to fall between the 50th and 75th percentile of Comparator Group long-term incentive data. The Committee believes targeting above-median long-term incentive levels is appropriate for a growth company that is seeking to create a compelling value proposition during a critical growth phase. Furthermore, the Committee believes that an above-median long-term equity incentive target is necessary to attract and retain executives with the skills and experience necessary to deliver contributions that will significantly impact DSW's long-term business success and intended growth pattern.

In addition, long-term equity incentive grants to the Named Executive Officers are based on each individual's (i) scope of job responsibilities, (ii) assessment of past performance and (iii) assessment of potential future contribution.

Historically, the value of long-term equity incentive awards is typically delivered to executives 70% in stock options and 30% in restricted stock units. The Committee believes that delivery in this form provides an appropriate incentive to the leadership team to focus on long-term shareholder value creation and, at the same time, provides the Company with the retention value necessary in a competitive labor market. The value

Table of Contents

delivered in stock options is converted to a number of shares using the same fair value methodology the Company uses in determining accounting expense under Statement of Financial Accounting Standards (SFAS) 123R (FAS 123(R)). The value delivered in restricted stock units is divided by the grant date share price to calculate the total number of common shares to be delivered once all vesting requirements are satisfied.

Stock Options

Stock options provide executives with financial gain derived from the potential appreciation in the DSW share price between the award s grant date and the date the executive elects to exercise the option. As a result, DSW s long-term financial performance, as reflected in share price appreciation, ultimately determines the value of stock options. Because financial gain from stock options is only possible after the price of DSW common stock has increased, the Company believes grants encourage executives to focus on behaviors and initiatives that should lead to an increase in the DSW share price, thus benefiting both company associates and shareholders. Generally, stock options vest annually in equal installments over the five years following the grant date.

Restricted Stock Units (RSUs)

RSUs provide the company with retention value vis-à-vis executives because, generally, they cliff vest 100% at the end of four years. In this way, executives are unable to realize the value of RSUs until a significant period of time has passed since the grant date. Additionally, since RSU value is tied directly to the market value of DSW common stock, and not exclusively to the increase in the market value of DSW common stock, RSUs provide retention value even when the stock price is stable or declining. Thus, the Committee believes that RSUs are a key component of the long-term incentive portfolio in that they help retain executives and keep them focused on long-term value creation for shareholders. Dividend equivalents are not paid on RSUs granted to company executives, including those granted to the Named Executive Officers.

2006 Long-Term Equity Incentive Awards for the Named Executive Officers

In March 2006, the Committee considered granting long-term equity incentive awards to Named Executive Officers as part of the annual performance review process. At that time, the Committee determined that the long-term equity incentive value delivered at the time of DSW s initial public offering in June 2005 was sufficient to provide the desired incentives and that delivering additional long-term incentive compensation was not necessary. As a result, the Committee did not make equity grants to the Named Executive Officers in fiscal 2006.

With respect to Mr. Schottenstein, however, the Committee again reviewed his compensation at its September 2006 meeting. While the Committee had not determined to make an equity grant to Mr. Schottenstein at its meeting in March 2006, based on Mr. Schottenstein s performance, market data provided by the independent compensation consultant, and considering that no stock option grant was provided at the time of DSW s initial public offering, the Committee granted Mr. Schottenstein an option to purchase 41,700 common shares.

At the time of hire, Mr. Lonergan received both stock option and restricted stock unit grants. Thus, he was not eligible to receive an annual equity grant during the March 2006 performance review cycle.

Equity Grant Practices

Under the Equity Plan, the Committee approves all equity awards and has not delegated to management the authority to approve equity awards. The Committee may not grant stock options at a discount to the closing price of DSW common stock on the grant date, nor may the Committee reduce the exercise price of outstanding stock options except in the case of a stock split or other similar event. All stock options granted under the Equity Plan have an exercise price that is equal to the closing market price of DSW common stock on the grant date. The grant date is the date of Compensation Committee approval, except in the case of prospective hires who meet the criteria outlined below. DSW granted equity awards to approximately 150 associates to date.

The Committee also reviews and considers approval of off-cycle equity awards recommended by management at regularly scheduled Committee meetings (generally quarterly). These off-cycle equity awards reflect commitments made by DSW, subject to Committee approval, and are for current associates (generally in the case of promotions), new hires who have already become employees of DSW or prospective hires who have agreed to a start date with DSW that will occur within the three weeks following the Committee meeting. The

Table of Contents

grant date for current associates and for new hires who have already become employees of DSW is the date the Committee approves the grant. The grant date for prospective hires is their future start date.

In March 2007, the Committee established a methodology to determine the grant date on which annual equity awards would be granted to eligible associates. The Committee determined that the annual equity grant date would be the seventh calendar day following DSW's fiscal year-end earnings release. Prior to the establishment of this methodology, the Committee made annual equity grants on pre-established dates. Since DSW is a new public company, annual equity grants were made for the first time in April 2006. The Committee does not backdate stock options or grant stock options retroactively. Additionally, the Committee does not coordinate equity grants so that they are made before announcement of favorable information or after announcement of unfavorable information.

401(k) Retirement Savings Contributions

SSC sponsors a tax-qualified 401(k) plan in which all DSW associates, including the Named Executive Officers, are eligible to participate after meeting certain age and service requirements. The plan allows participants to contribute up to 30% of their total eligible cash compensation (including base salary and annual cash incentives) on a pre-tax basis up to the limits imposed by the Internal Revenue Code. The maximum allowable per participant deferral in 2006 under the Internal Revenue Code was \$15,000. DSW provides a 100% match on the first 3% contributed by a participant and an additional 50% match on the next 2% contributed by a participant. These matching contributions are not available to participants until they have completed at least one year of service with DSW. In light of the plan's contribution limits for participants, the maximum allowable per participant company matching contribution in 2006 under the Internal Revenue Code was \$8,800. Participants choose to invest their account balances from an array of investment alternatives as selected by plan fiduciaries from time to time. A DSW stock fund is not among the investment alternatives available to plan participants. The 401(k) plan allows for distributions in a lump sum after termination of service. However, loans and in-service distributions under certain circumstances such as a hardship, attainment of age 59-1/2 or a disability are permitted.

Tax Considerations

Section 162(m) of the Internal Revenue Code limits deductibility of certain compensation paid to the chief executive officer and four other executive officers who are the highest paid and employed at fiscal year-end to \$1 million per year. The Committee annually considers the impact of Section 162(m) of the Internal Revenue Code in structuring DSW's executive compensation program. For fiscal 2006, the compensation paid to the Named Executive Officers pursuant to the ICP and, generally, the Equity Plan was structured so as to qualify as performance-based and thus deductible for purposes of Section 162(m), to the extent the performance-based conditions are met. One exception to this general statement is that, in the form DSW currently grants its RSUs (service-based vesting), such grants do not qualify as performance-based under Section 162(m). In addition, in light of the competitive nature of the market for our executive talent, and our philosophy to pay and reward individual contributions to overall Company performance, the Committee reserves the discretion to reward significant contributions by the Named Executive Officers to building shareholder value, regardless of the tax deductibility limits of Section 162(m).

Termination and Change in Control Arrangements

DSW has not entered into an employment agreement with Mr. Schottenstein, our Chief Executive Officer. Mr. Schottenstein beneficially owns 78.4% of SSC which owns approximately 40.6% of the outstanding shares and beneficially owns 51.3% of the outstanding shares of Retail Ventures. Additionally, Mr. Schottenstein is the Chairman of the Board of Retail Ventures which holds an approximately 63% ownership stake in DSW. The remaining Named Executive Officers have employment agreements that entitle them to receive certain benefits and payments if their employment terminates in specified separation scenarios. All of the Named Executive Officers are entitled to certain payments or benefits upon a change in control, including acceleration of the vesting of outstanding equity awards pursuant to the Equity Plan, which benefit is available to all Company associates. These arrangements are described under Potential Payments upon Termination and Change in Control below.

Potential Payments Upon Termination and Change in Control

Ms. Ferrée and Messrs. Horvath, Probst and Lonergan have employment agreements with DSW that provide for limited payments and benefits following termination of their employment without cause or the executive terminates employment for good reason. Additionally, our Equity Plan provides for acceleration of the vesting of outstanding equity awards upon a change in control which such benefit is available to all Company associates, including the Named Executive Officers.

Table of Contents

Employment Agreements with Ms. Ferrée and Messrs. Horvath, Probst and Lonergan

Generally, pursuant to each Named Executive Officer's employment agreement, if DSW involuntarily terminates the officer's employment without cause or if the officer voluntarily terminates employment for good reason, each of Ms. Ferrée and Messrs. Horvath, Probst and Lonergan are entitled to receive:

- (i) salary continuation for at least a 12-month period based on the executive's salary as of the date of termination;
- (ii) a pro-rata share of any annual cash incentive bonus paid for performance in the fiscal year when termination occurs;
- (iii) one year of accelerated vesting with respect to outstanding stock options; and
- (iv) continuing health coverage for at least 12 months.

Also, pursuant to each officer's employment agreement, if employment terminates as a result of death or disability, each of Ms. Ferrée and Messrs. Horvath, Probst and Lonergan are entitled to receive a pro-rata share of any annual cash incentive bonus paid for performance in the fiscal year when termination occurs.

Each executive's employment agreement also contains confidentiality and non-disparagement provisions effective through the term of the agreement, a non-competition provision effective through the longer of one year following termination of employment or the period of any salary continuation, and a non-solicitation provision effective through the longer of two years following termination of employment or the period of any salary continuation.

Equity Plan

Pursuant to the Equity Plan and any applicable award agreement, termination by reason of death, disability or retirement (defined as termination after reaching age 65 and completing at least five years of employment) entitles each Named Executive Officer to receive accelerated vesting with respect to all equity awards that are not vested as of the date of termination.

Pursuant to the Equity Plan and any applicable award agreement, termination in a change in control entitles all associates, including each Named Executive Officer, to receive accelerated vesting with respect to all equity awards that are not vested as of the date of the change in control.

Potential Termination and Change of Control Payments

The estimated value of the benefits described above are presented in the table below and are calculated as if the respective termination event occurred on February 3, 2007 and our stock price was \$41.02, the closing price of our common stock on February 2, 2007, the last trading day on fiscal 2006. The amounts below assume each Named Executive Officer's salary and annual incentive award is as set forth above in the Summary Compensation Table for fiscal 2006. The actual amounts to be paid out will only be determinable at the time of such executive's termination.

Mr. Lonergan also participates in our ICP with a target bonus opportunity of 80% of base salary and a maximum annual bonus of 160% of base salary. The agreement also provides for Mr. Lonergan's participation in our employee

pension or welfare benefit plans at a level commensurate with his title and position and provides an entitlement to an annual perquisite allowance from us of \$25,000.

Compensation of Directors

Our Compensation Committee reviews director compensation and makes recommendations to our Board of Directors regarding such compensation.

Table of Contents

We pay an annual retainer to our directors who are not employees of DSW or Retail Ventures (currently, Ms. Friedlander and Messrs. Miller, Robbins, Sonnenberg and Tanenbaum). The annual retainer consists of \$50,000 in cash and a grant of a number of stock units with a value equal to \$50,000, determined by using the fair market value of a DSW Class A Common Share at the date of grant. We issue the stock units for the annual retainer on the date of each annual meeting of shareholders. For fiscal 2006, we granted 1,749 stock units on June 14, 2006 to each eligible director. The cash portion of the retainer is paid quarterly and each eligible director may elect to receive their cash retainer and committee chairperson fees in the form of stock units.

Stock units issued to a director are fully vested on the date of grant, but will not be distributable to the director until the director leaves the board (for any reason). When the director leaves the board, the stock units owed to the director will be settled in DSW Class A Common Shares (with cash for any fractional shares), unless the director's award agreement provides for a cash settlement. The stock units will be settled in a lump sum transfer, and the compensated director may not defer settlement or spread the settlement over a longer period of time.

Directors have no voting rights in respect to the stock units, but they will have the power to vote the DSW Class A Common Shares received upon settlement of the award. In general, directors have equivalent rights to receive dividends paid on DSW Class A Common Shares. Each director will be credited with the same dividend that would be issued if the stock unit was a DSW Class A Common Share. The amounts associated with the dividend equivalent rights will not be distributed until the director's stock unit award is settled at the time that the director leaves the board. We will be entitled to a tax deduction when the award is settled, and the director will be taxed on the then fair market value of the award.

Directors do not receive any additional compensation for attending board meetings or board committee meetings. However, the chairmen of the Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee each receive an additional \$10,000, \$5,000 and \$7,500 in cash or stock units (as they may elect) per year, respectively. We pay this compensation on a quarterly basis. All members of our Board of Directors are reimbursed for reasonable costs and expenses incurred in attending meetings of our Board of Directors and its committees.

These stock units are fully vested but will not be distributable to the director until the director leaves the Board. Because these units are fully-vested upon grant, we recognize the full grant date fair value for financial statement reporting purposes, as provided by SFAS 123(R). CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

General

Prior to the completion of our initial public offering in July 2005, we were operated as a wholly-owned subsidiary of Retail Ventures. As of April 9, 2007, Retail Ventures owned 27,702,667 of our Class B Common Shares, constituting all of our issued and outstanding Class B Common Shares, or in excess of 63% of our total outstanding shares and 93% of the combined voting power of our outstanding Common Shares. Retail Ventures has the power acting alone to approve any action requiring a vote of the majority of our voting shares and to elect all our directors.

As of April 9, 2007, Jay L. Schottenstein, the Chairman of Retail Ventures, beneficially owned approximately 78.4% of the common shares of SSC. As of April 9, 2007, SSC owned approximately 40.6% of the outstanding shares and beneficially owned approximately 51.3% of the outstanding shares of Retail Ventures (assumes issuance of (i) 8,333,333 Retail Ventures common shares issuable upon the exercise of convertible warrants, (ii) 1,388,752 Retail Ventures common shares issuable upon the exercise of term loan warrants, and, (iii) 685,417 Retail Ventures common shares issuable pursuant to the term loan warrants). For fiscal 2006, we paid approximately \$11.6 million in total fees, rents and expenses to SSC.

In the ordinary course of business, we have entered into a number of agreements with Retail Ventures, Value City Department Stores, Inc. (Value City) and SSC and their affiliates relating to our business and our relationship with these companies, the material terms of which are described below. We believe that each of the agreements entered into with these entities is on terms at least as favorable to us as could be obtained in an arm's length transaction with an unaffiliated third party. In the event that we desire to enter into any agreements with Retail Ventures or any of our directors, officers or other affiliates in the future, in accordance with Ohio law, any contract, action or other transaction between or affecting us and one of our directors or officers or between or affecting us and any entity in which one or more of our directors or officers is a director, trustee or officer or has a financial or personal interest, will either be approved by the shareholders, a majority of the disinterested members of our Board of Directors or a committee of our Board of Directors that authorizes such contracts, action or other transactions or must be fair to us as of the time our directors, a committee of our directors or our shareholders approve the contract, action or transaction. In addition, any transactions with directors, officers or other affiliates will be subject to requirements of the Sarbanes-Oxley Act and other Securities and Exchange Commission rules and regulations, as well as to our written related party transaction policy described below.

Procedures for Review of Related Party Transactions

In June 2006, our board of directors approved a written related party transaction policy which gives our Audit Committee the power to approve or disapprove potential related party transactions, arrangements or relationships between us and a related person, as described below. The related party transaction policy was amended in March 2007 and a copy of the policy can be found at our corporate and investor website at www.dswshoe.com and is available in print (without charge) to any shareholder upon request. The related party transaction policy provides for the review, approval or ratification of any related party transaction that we are required to report under this section of the proxy statement.

For purposes of this policy, a Related Person Transaction is any transaction which is currently proposed or has been in effect at any time since the beginning of the last fiscal year, in which the Company or any of its subsidiaries, was, or is proposed to be, a participant, and in which any of the following persons (each, a Related Person) has or will have a direct or indirect material interest:

- (1) any person who is, or at any time since the beginning of the Company's last fiscal year was, a director, director nominee or executive officer of the Company;
- (2) a shareholder of the Company who owns more than five percent (5%) of any class of the Company's voting securities;

(3) a member of the immediate family of any person described in (1) or (2) above; and

34

Table of Contents

- (4) an entity in which any person described in (1), (2) or (3) above has a greater than ten percent (10%) equity interest.

In determining whether to approve a related person transaction, the Audit Committee considers the following factors, to the extent relevant:

Is the transaction in the normal course of the Company's business?

Are the terms of the transaction fair to the Company?

Are the terms of the transaction commercially reasonable? Are the terms of the transaction substantially the same as the terms that the Company would be able to obtain in an arms-length transaction with an unrelated third party?

Has the Company obtained an independent appraisal or completed a financial analysis of the transaction? If so, what are the results of such appraisal or analysis?

Is the transaction in the best interests of the Company? The Company's shareholders?

Would the transaction impair a director's independence in the event that the Related Person is an independent director?

Based on an analysis of these factors (and other additional factors that the Audit Committee may deem relevant based on the circumstances), the Audit Committee takes formal action to either approve or reject the related person transaction.

Relationships between DSW and Retail Ventures

Historical Relationship With Retail Ventures

Prior to the completion of our initial public offering in July 2005, we were a wholly-owned subsidiary of Value City or Retail Ventures since 1998. As a result, in the ordinary course of our business, we have received various services provided by Value City and Retail Ventures, including import administration, risk management, information technology, tax, financial services, and shared benefits administration and payroll, as well as other corporate services. Retail Ventures also maintained insurance for us and for our directors, officers and employees. Retail Ventures also provided us with the services of a number of its executives and employees. Our historical financial statements include allocations to us by Retail Ventures of its costs related to these services. These cost allocations have been determined on a basis that we and Retail Ventures consider to be reasonable reflections of the use of services provided or the benefit received by us.

Retail Ventures as our Controlling Shareholder

As of April 9, 2007, Retail Ventures owns approximately 63% of the outstanding shares of our Common Shares, and 93% of the combined voting power of our outstanding Common Shares. For as long as Retail Ventures continues to control more than 50% of the combined voting power of our Common Shares, Retail Ventures will be able to direct the election of all the members of our board and exercise a controlling influence over our business and affairs, including any determinations with respect to mergers or other business combinations involving our company, the acquisition or disposition of assets by our company, the incurrence of indebtedness by our company, the issuance of any additional common shares or other equity securities, and the payment of dividends with respect to our Common Shares. Similarly, Retail Ventures will have the power to determine matters submitted to a vote of our shareholders without the consent of our other shareholders, will have the power to prevent a change in control of our company and will have the power to take other actions that might be favorable to Retail Ventures.

Retail Ventures has advised us that its current intent is to continue to hold all the Common Shares owned by it, except to the extent necessary to satisfy obligations under warrants it has granted to SSC, Cerberus Partners L.P., or Cerberus, and Millennium Partners, L.P., or Millennium, and its obligations under the Retail Ventures Premium Income Exchangable Securities, or PIES. In addition, Retail Ventures is subject to contractual obligations with its warrant holders to retain enough DSW Common Shares to be able to satisfy its obligations to

Table of Contents

deliver such shares to its warrant holders if the warrant holders elect to exercise their warrants in full for DSW Class A Common Shares. Retail Ventures is also subject to contractual obligations with the holders of the PIES to retain enough DSW Common Shares to be able to satisfy its obligations to deliver shares to the holders of the PIES.

Beneficial ownership of at least 80% of the total voting power and 80% of each class of nonvoting capital stock is required in order for Retail Ventures to effect a tax-free spin-off of DSW or certain other tax-free transactions. Retail Ventures has advised us that it does not currently intend or plan to undertake a spin-off of DSW or another tax-free transaction involving DSW.

Agreements Between Us And Retail Ventures

This section describes the material provisions of agreements between us and Retail Ventures. The description of the agreements is not complete and, with respect to each material agreement, is qualified by reference to the terms of the agreement, each of which is filed as an exhibit to our registration statement filed in connection with our initial public offering or subsequent filings we have made with the Securities and Exchange Commission. We entered into these agreements with Retail Ventures in the context of our relationship with Retail Ventures. The prices and other terms of these agreements may be less favorable to us than those we could have obtained in arm's-length negotiations with unaffiliated third parties for similar services or under similar agreements.

Agreements Relating to our Separation from Retail Ventures

In connection with our initial public offering, we and Retail Ventures entered into agreements governing various interim and ongoing relationships between us. These agreements include:

- a master separation agreement;
- a shared services agreement and other intercompany arrangements;
- a tax separation agreement;
- an exchange agreement; and
- a footwear fixture agreement.

Master Separation Agreement. The master separation agreement contains key provisions relating to the separation of our business from Retail Ventures. The master separation agreement requires us to exchange information with Retail Ventures, follow certain accounting practices and resolve disputes with Retail Ventures in a particular manner. We also have agreed to maintain the confidentiality of certain information and preserve available legal privileges. The separation agreement also contains provisions relating to the allocation of the costs of our initial public offering, indemnification, non-solicitation of employees and employee benefit matters.

Under the master separation agreement, we agreed to effect up to one demand registration per calendar year of our Common Shares, whether Class A or Class B, held by Retail Ventures, if requested by Retail Ventures. We have also granted Retail Ventures the right to include its Common Shares of DSW in an unlimited number of other registrations of such shares initiated by us or on behalf of our other shareholders.

Shared Services Agreement. Many aspects of our business, which were fully managed and controlled by us without Retail Ventures' involvement, continue to operate as they did prior to our initial public offering. We continue to manage operations for critical functions such as merchandise buying, planning and allocation, distribution and store operations. Under the shared services agreement, which became effective as of January 30, 2005, we provide services to several subsidiaries of Retail Ventures relating to planning and allocation support, and distribution services and transportation management. Retail Ventures provides us with services relating to import

administration, risk management, tax, logistics, legal services, financial services, shared benefits administration and payroll and maintain insurance for us and for our directors, officers, and employees.

The initial term of the shared services agreement expires at the end of fiscal 2007 and will be extended automatically for additional one-year terms unless terminated by one of the parties. With respect to each shared service, we cannot reasonably anticipate whether the services will be shared for a period shorter or longer than the initial term.

On December 5, 2006, Retail Ventures, Retail Ventures Services, Inc., Value City and Filene's Basement, collectively the RVI Entities, entered into an IT Transfer and Assignment Agreement (the IT Transfer

Table of Contents

Agreement) with Brand Technology Services LLC, a subsidiary of DSW (BTS). Under the terms of the IT Transfer Agreement, the RVI Entities transferred certain information technology contracts to BTS. The IT Transfer Agreement was effective as of October 29, 2006.

Also, on December 5, 2006, we entered into an Amended and Restated Shared Services Agreement with Retail Ventures, effective as of October 29, 2006 (the Amended Shared Services Agreement). Under the terms of the Amended Shared Services Agreement, through BTS, we provide information technology services to Retail Ventures and its subsidiaries, including Value City and Filene s Basement. Retail Ventures information technology associates are now employed by BTS. Additionally, we agreed with Retail Ventures to include other non-material changes in the Amended Shared Services Agreement.

Prior to and following the consummation of our initial public offering, DSW has had, and will continue to have, the option to use certain administrative and marketing services provided by third party vendors pursuant to contracts between those third party vendors and Retail Ventures. We pay Retail Ventures for these services as expenses for these services are incurred. These services are provided to us by virtue of our status as Retail Ventures affiliate and are unrelated to those delineated in the shared services agreement.

Prior to the completion of our initial public offering in July 2005, DSW and Retail Ventures used intercompany transactions in the conduct of their operations. Under this arrangement, Retail Ventures acted as a central processing location for payments for the acquisition of merchandise, payroll, outside services, capital additions and expenses by controlling the payroll and accounts payable activities for all Retail Ventures subsidiaries, including DSW. DSW transferred cash received from sales of merchandise to cash accounts controlled by Retail Ventures. The balance of advances to affiliates fluctuated based on DSW s activities with Retail Ventures.

Following the consummation of our initial public offering, DSW s intercompany activities are limited to those arrangements set forth in the shared services agreement and the other agreements described in this proxy statement. DSW no longer concentrates its cash from the sale of merchandise into Retail Ventures accounts but into its own DSW accounts. DSW pays for its own merchandise, expenses and capital additions from its own disbursement accounts. Any intercompany payments are made pursuant to the terms of the shared services agreement and the other agreements described in this proxy statement.

In fiscal 2006, we paid Retail Ventures approximately \$13.1 million for services rendered to us under the Shared Service Agreement. In addition, in fiscal 2006, Retail Ventures paid us approximately \$10.5 million for services we rendered on behalf of Retail Ventures.

Tax Separation Agreement. Until the completion of our initial public offering in July 2005, we were historically included in Retail Ventures consolidated group, or the Consolidated Group, for U.S. federal income tax purposes as well as in certain consolidated, combined or unitary groups which include Retail Ventures and/or certain of its subsidiaries, or a Combined Group, for state and local income tax purposes. We entered into a tax separation agreement with Retail Ventures that became effective upon consummation of our initial public offering. Pursuant to the tax separation agreement, we and Retail Ventures generally make payments to each other such that, with respect to tax returns for any taxable period in which we or any of our subsidiaries are included in the Consolidated Group or any Combined Group, the amount of taxes to be paid by us will be determined, subject to certain adjustments, as if we and each of our subsidiaries included in the Consolidated Group or Combined Group filed our own consolidated, combined or unitary tax return. Retail Ventures will prepare pro forma tax returns for us with respect to any tax return filed with respect to the Consolidated Group or any Combined Group in order to determine the amount of tax separation payments under the tax separation agreement. We have the right to review and comment on such pro forma tax returns. We are responsible for any taxes with respect to tax returns that include only us and our subsidiaries.

Retail Ventures is exclusively responsible for preparing and filing any tax return with respect to the Consolidated Group or any Combined Group. We generally are responsible for preparing and filing any tax returns that include only us and our subsidiaries. Retail Ventures has agreed to undertake to provide these services with respect to our separate tax returns. For the tax services provided to us by Retail Ventures, we pay Retail Ventures a monthly fee equal to 50% of all costs associated with the maintenance and operation of Retail Ventures' tax department (including all overhead expenses). In addition, we reimburse Retail Ventures for 50% of any third party fees and expenses generally incurred by Retail Ventures' tax department and 100% of any third party fees and expenses incurred by Retail Ventures' tax department solely in connection with the performance of the tax services provided to us.

Table of Contents

Retail Ventures is primarily responsible for controlling and contesting any audit or other tax proceeding with respect to the Consolidated Group or any Combined Group; provided, however, that, except in cases involving taxes relating to a spin-off, we have the right to control decisions to resolve, settle or otherwise agree to any deficiency, claim or adjustment with respect to any item for which we are solely liable under the tax separation agreement. Pursuant to the tax separation agreement, we have the right to control and contest any audit or tax proceeding that relates to any tax returns that include only us and our subsidiaries. We and Retail Ventures have joint control over decisions to resolve, settle or otherwise agree to any deficiency, claim or adjustment for which we and Retail Ventures could be jointly liable, except in cases involving taxes relating to a spin-off. Disputes arising between the parties relating to matters covered by the tax separation agreement are subject to resolution through specific dispute resolution provisions.

We have been included in the Consolidated Group for periods in which Retail Ventures owned at least 80% of the total voting power and value of our outstanding stock. Following completion of our initial public offering in July 2005, we are no longer included in the Consolidated Group. Each member of a consolidated group for U.S. federal income tax purposes is jointly and severally liable for the U.S. federal income tax liability of each other member of the consolidated group. Similarly, in some jurisdictions, each member of a consolidated, combined or unitary group for state, local or foreign income tax purposes is jointly and severally liable for the state, local or foreign income tax liability of each other member of the consolidated, combined or unitary group. Accordingly, although the tax separation agreement allocates tax liabilities between us and Retail Ventures, for any period in which we were included in the Consolidated Group or a Combined Group, we could be liable in the event that any income tax liability was incurred, but not discharged, by any other member of the Consolidated Group or a Combined Group.

Retail Ventures has informed us that it does not currently intend or plan to undertake a spin-off of our stock to Retail Ventures shareholders. Nevertheless, we and Retail Ventures agreed to set forth our respective rights, responsibilities and obligations with respect to any possible spin-off in the tax separation agreement. If Retail Ventures were to decide to pursue a possible spin-off, we have agreed to cooperate with Retail Ventures and to take any and all actions reasonably requested by Retail Ventures in connection with such a transaction. We have also agreed not to knowingly take or fail to take any actions that could reasonably be expected to preclude Retail Ventures' ability to undertake a tax-free spin-off. In addition, we generally would be responsible for any taxes resulting from the failure of a spin-off to qualify as a tax-free transaction to the extent such taxes are attributable to, or result from, any action or failure to act by us or certain transactions in our stock (including transactions over which we would have no control, such as acquisitions of our stock and the exercise of warrants, options, exchange rights, conversion rights or similar arrangements with respect to our stock) following or preceding a spin-off. We would also be responsible for a percentage (based on the relative market capitalizations of us and Retail Ventures at the time of such spin-off) of such taxes to the extent such taxes are not otherwise attributable to us or Retail Ventures. Our agreements in connection with such spin-off matters last indefinitely. In addition, present and future majority-owned affiliates of DSW or Retail Ventures will be bound by our agreements, unless Retail Ventures or we, as applicable, consent to grant a release of an affiliate (such consent cannot be unreasonably withheld, conditioned or delayed), which may limit our ability to sell or otherwise dispose of such affiliates. Additionally, a minority interest participant(s) in a future joint venture, if any, would need to evaluate the effect of the tax separation agreement on such joint venture, and such evaluation may negatively affect their decision whether to participate in such a joint venture. Furthermore, the tax separation agreement may negatively affect our ability to acquire a majority interest in a joint venture.

Exchange Agreement. In connection with our initial public offering, we entered into an exchange agreement with Retail Ventures. In the event that Retail Ventures desires to exchange all or a portion of the Class B Common Shares held by it for Class A Common Shares, we will issue to Retail Ventures an equal number of duly authorized, validly issued, fully paid and nonassessable Class A Common Shares in exchange for the Class B Common Shares of DSW held by Retail Ventures. Retail Ventures may make one or more requests for such exchange, covering all

or a part of the Class B Common Shares that it holds.

Footwear Fixture Agreement. In connection with the completion of our initial public offering in July 2005, we entered into an agreement with Retail Ventures related to our patented footwear display fixtures. We agreed to sell Retail Ventures, upon its request, the fixtures covered by the patents at the cost associated with obtaining and delivering them. In addition, we have agreed to pay Retail Ventures a percentage of any net profit we may receive should we ever market and sell the fixtures to third parties.

Table of Contents**Leases and Subleases**

Office, warehouse and distribution facility. We lease our approximately 700,000 square foot corporate headquarters, warehouse and distribution facility in Columbus, Ohio from an affiliate of SSC. In fiscal 2006, in connection with the execution of the lease for a new corporate office described below, we exercised the first renewal option extending the term of this lease until December 2021. Additionally, we were granted an additional five-year renewal option for this facility. The monthly rent is \$179,533, \$194,228 and \$208,922, and \$220,416 during the first, second, third and fourth five-year periods of the initial term and first renewal period, respectively. The lease has three remaining renewal options with terms of five years each. The rent increases to \$235,111, \$249,805, and \$265,160 in second, third and fourth renewal terms, respectively. On account of this agreement, we incurred approximately \$2.5 million in expense in fiscal 2006.

In fiscal 2006, we entered into a lease for a new corporate headquarters immediately adjacent to our existing home office in Columbus, Ohio. The landlord is an affiliate of SSC. The lease expires in December 2021 and has three renewal options with terms of five years each. The monthly rent is \$123,143 with a minimum annual rent of \$1,477,710. On account of this agreement, we incurred approximately \$0.4 million of expense for fiscal 2006.

DSW stores. As of February 3, 2007, we leased or subleased 19 DSW stores from affiliates of SSC. We incurred approximately \$7.6 million of expense related to these leases for fiscal 2006. In addition to base rent, for each lease, we also (a) pay percentage rent equal to approximately 2% annually of gross sales that exceed specified breakpoints that increase as the minimum rent increases and (b) pay a portion of expenses related to maintenance, real estate taxes and insurance. These leases have terms expiring between November 2009 and January 2022 and generally have at least three renewal options of 5 years each.

Corporate Services Agreement with SSC

We receive services from SSC pursuant to a Corporate Services Agreement between Retail Ventures and SSC. The agreement set forth the costs of shared services, including specified legal, advertising, import, real estate and administrative services. As of February 3, 2007, the only services we receive pursuant to this agreement pertain to real estate services. For fiscal 2006, our allocated portion of the amount Retail Ventures paid SSC or its affiliates was \$200,000 for such services. In connection with our initial public offering, the Corporate Services Agreement was amended and Schottenstein Management Company, or SMC, was added as a party.

We entered into a side letter agreement relating to corporate services with SSC and SMC. Under the side letter agreement, we have agreed to pay for any services provided by SSC or SMC to DSW through Retail Ventures in the event that Retail Ventures does not pay for those services.

Until July 2004, we were self-insured through our participation in a self-insurance program maintained by SSC. While we no longer participate in the program we continue to remain liable for liabilities incurred by us under the program. Under the program, SSC charged Retail Ventures amounts based, among other factors, on loss experience and its actual payroll and related costs for administering the program. For fiscal 2006, our allocated portion of the amount Retail Ventures paid SSC was in an amount immaterial to the financial statements.

DSW has had, and will continue to have, the option to use corporate aircraft provided by a third party vendor pursuant to a contract between the third party vendor and SSC and a Retail Ventures affiliate. We expect to pay SSC for these services as expenses for these services are incurred. These services are made available to us by virtue of our status as an SSC affiliate. For fiscal 2006, we paid \$155,000 related to use of corporate aircraft provided under the arrangement.

Agreements with Filene's Basement for Leased Shoe Departments

Effective as of January 30, 2005, we updated and reaffirmed our contractual arrangement with Filene's Basement related to combination DSW/Filene's Basement stores. Under the new agreement, we have the exclusive right to operate leased shoe departments with 10,000 square feet or more of selling space in Filene's Basement stores. We own the merchandise, record sales of merchandise net of returns and sales tax, and receive a per-store license fee for

use of our name on the stores. We pay a percentage of net sales as rent. The employees that supervise the shoe departments are employees of us who report directly to our supervisors. Filene's Basement provides the fixtures and sales associates. As of February 3, 2007, this agreement pertained

Table of Contents

to only three combination DSW/Filene's Basement stores. We paid a net amount of approximately \$2.9 million in total fees and expenses to Filene's Basement for fiscal 2006.

Effective as of January 30, 2005, we updated and reaffirmed our contractual arrangement with Filene's Basement related to the smaller leased shoe departments. Under the new agreement we have the exclusive right to operate leased shoe departments with less than 10,000 square feet of selling space in Filene's Basement stores. We own the merchandise, record sales net of returns and sales tax and provide supervisory assistance in all covered locations. We pay a percentage of net sales as rent. Filene's Basement provides the fixtures and sales associates. We also pay certain taxes, insurance premiums and freight costs with respect to the merchandise. As of February 3, 2007, we operated leased shoe departments in 27 of these Filene's Basement stores. We paid approximately \$8.4 million in total fees and expenses to Filene's Basement for fiscal 2006.

Agreement with Filene's Basement for Atrium Space at our Union Square Store in Manhattan

Effective as of January 30, 2005, we entered into a shared expenses agreement with Filene's Basement related to the shared atrium space connecting Filene's Basement's leased spaced at Union Square and our Union Square store leased space, and for other expenses related to our leased space, which are located in the same building in New York, New York. Under that agreement, we have agreed to share with Filene's Basement expenses related to the use and maintenance of the atrium space and to share other expenses related to the operation and maintenance of the Filene's Basement leased space and our leased space. Our share of these expenses was immaterial for fiscal 2006.

Registration Rights Agreements

Under the master separation agreement, we have agreed to effect up to one demand registration per calendar year of our Common Shares, whether Class A or Class B, held by Retail Ventures, if requested by Retail Ventures. We have also granted Retail Ventures the right to include its Common Shares of DSW in an unlimited number of other registrations of such shares initiated by us or on behalf of our other shareholders.

We have also entered into a registration rights agreement with Cerberus and SSC, under which we have agreed to register in specified circumstances the Class A Common Shares issued to them upon exercise of their warrants and each of these entities and Millennium Partners, L.P., or Millennium, will be entitled to participate in the registrations initiated by the other entities. Under this agreement, each of Cerberus (together with transferees of at least 15% of its interest in registrable DSW Common Shares) and SSC (together with transferees of at least 15% of its interest in registrable DSW Common Shares) may request up to five demand registrations with respect to the Class A Common Shares issued to them upon exercise of their warrants provided that no party may request more than two demand registrations, except that each of Cerberus and SSC may each request up to three demand registrations. The agreement will also grant Cerberus, SSC and Millennium the right to include these Class A Common Shares in an unlimited number of other registrations of any of our securities initiated by us or on behalf of our other shareholders (other than a demand registration made under the agreement).

Notes, Credit Agreements and Guarantees

Upon completion of our initial public offering in July 2005, Retail Ventures amended or terminated the existing credit facilities and other debt obligations of Value City and its other affiliates, including certain facilities under which DSW had rights and obligations as a co-borrower and co-guarantor. DSW is no longer a party to any of these agreements.

The Value City Term Loan Facility. Prior to completion of our initial public offering in July 2005, we were party to a Financing Agreement, as amended, among Cerberus, as agent and lender, and SSC as lender, and the other parties named as co-borrowers therein, originally entered into in June 2002. Upon the completion of our initial public offering, this term loan agreement was amended and restated and we were released from our obligations as a party thereto.

In connection with the second tranche of these term loans, Retail Ventures issued to each of Cerberus and SSC warrants to purchase 1,477,396 common shares of Retail Ventures at a purchase price of \$4.50 per share, subject to adjustment. In September 2002, Back Bay bought from each of Cerberus and SSC a \$1.5 million interest in each of

the tranches of their term loans for an aggregate \$6.0 million interest, and Back Bay received from each of Cerberus and SSC a corresponding portion of the warrants to purchase Retail Ventures common

shares originally issued in connection with the second tranche of their term loans. Effective November 23, 2005, Millennium Partners, L.P. purchased from Back Bay Capital Funding LLC term loan warrants to purchase an aggregate of 177,288 of Retail Ventures common shares, subject to adjustment.

In connection with the amendment of this term loan agreement, Retail Ventures amended the outstanding warrants to provide SSC, Cerberus and Millennium the right, from time to time, in whole or in part, to (i) acquire Retail Ventures common shares at the then current conversion price (subject to the existing anti-dilution) provisions, (ii) acquire from Retail Ventures Class A Common Shares of DSW at an exercise price of \$19.00 per share (subject to anti-dilution provisions similar to those in the existing warrants) or (iii) acquire a combination thereof.

Assuming an exercise price per share of \$19.00, SSC and Cerberus would each receive 328,915 Class A Common Shares, and Millennium would receive 41,989 Class A Common Shares, if they exercised these warrants in full exclusively for DSW Common Shares. The warrants expire in June 2012. Although Retail Ventures has informed us that it does not currently intend or plan to undertake a spin-off of Common Shares to Retail Ventures shareholders, in the event that Retail Ventures effects a spin-off of its DSW Common Shares to its shareholders in the future, the holders of outstanding unexercised warrants will receive the same number of DSW Common Shares that they would have received had they exercised their warrants in full for Retail Ventures common shares immediately prior to the record date of the spin-off, without regard to any limitations on exercise in the warrants. Following the completion of any such spin-off, the warrants will be exercisable solely for Retail Ventures common shares.

We have entered into an exchange agreement with Retail Ventures whereby, upon the request of Retail Ventures, we will be required to exchange some or all of the Class B Common Shares of DSW held by Retail Ventures for Class A Common Shares.

The Value City Senior Subordinated Convertible Loan Facility. Prior to completion of our initial public offering in July 2005, we were a co-guarantor under the Amended and Restated Senior Subordinated Convertible Loan Agreement, entered into by Value City, as borrower, Cerberus, as agent and lender, SSC, as lender, and DSW and the other parties named as guarantors, originally entered into in June 2002. Upon the completion of our initial public offering, this convertible loan agreement was amended and restated and we are no longer a party thereto.

In connection with the amendment and restatement of this convertible loan agreement, Retail Ventures agreed to issue to SSC and Cerberus convertible warrants which will be exercisable from time to time until the later of June 11, 2007 and the repayment in full of Value City's obligations under the amended and restated loan agreement. Under the convertible warrants, SSC and Cerberus will have the right, from time to time, in whole or in part, to (i) acquire Retail Ventures common shares at the conversion price referred to in the convertible loan (subject to existing antidilution provisions), (ii) acquire from Retail Ventures Class A Common Shares of DSW at an exercise price of \$19.00 per share (subject to antidilution provisions similar to those in the existing warrants) or (iii) acquire a combination thereof. Although Retail Ventures has informed us that it does not currently intend or plan to undertake a spin-off of Common Shares to Retail Ventures shareholders, in the event that Retail Ventures effects a spin-off of its DSW Common Shares to its shareholders in the future, the holders of outstanding unexercised warrants will receive the same number of DSW Common Shares that they would have received had they exercised their warrants in full for Retail Ventures common shares immediately prior to the record date of the spin-off, without regard to any limitation on exercise contained in the warrants. Following the completion of any such spin-off, the warrants will be exercisable solely for Retail Ventures common shares. During fiscal 2006, the maturity date of the convertible warrants was extended to June 10, 2009.

As of February 3, 2007, assuming an exercise price per share of \$19.00, SSC and Cerberus would receive 1,973,684 and 315,790 Class A Common Shares, respectively, without giving effect to anti-dilution adjustments, if any, if they exercised these warrants exclusively for DSW Common Shares.

Value City Intercompany Note. The capital stock of DSW held by Retail Ventures secured a \$240 million Value City intercompany note made payable by Retail Ventures to Value City, which was executed and delivered on January 1, 2005 in connection with the transfer of all the capital stock of DSW and Filene's Basement by Value City to Retail Ventures on that date. The lien granted to Value City on the DSW capital stock held by Retail Ventures was to be released upon written notice that warrants held by Cerberus, SSC and Millennium are to be exercised in exchange for DSW capital stock held by Retail Ventures and to be delivered

by Retail Ventures upon the exercise of such warrants. This note was repaid in full in August 2006. The lien was released upon repayment of the note in full.

Union Square Store Guaranty by Retail Ventures. In January 2004, we entered into a lease agreement with 40 East 14 Realty Associates, L.L.C., an unrelated third party, for our Union Square store in Manhattan, New York. In connection with the lease, Retail Ventures has agreed to guarantee payment of our rent and other expenses and charges and the performance of our other obligations.

Provisions of Our Amended Articles of Incorporation Governing Corporate Opportunities and Related Party Transactions

Retail Ventures remains a substantial shareholder of DSW and SSC remains a substantial shareholder of Retail Ventures. Retail Ventures and SSC are engaged in the same or similar activities or lines of business as we are and have interests in the same areas of corporate opportunities. Summarized below are provisions in our amended articles of incorporation that govern conflicts, corporate opportunities and related party transactions.

Conflicts/ Competition. Retail Ventures and SSC have the right to engage in the same businesses as we do, to do business with our suppliers and customers and to employ any of our officers or employees.

Corporate Opportunities. In the event that Retail Ventures, SSC or any director or officer of either of them who is also one of our directors or officers learns about a potential transaction or business opportunity which we are financially able to undertake, which is in our line of business, which is of practical advantage to us and in which we have an interest or a reasonable expectancy, but which may also be appropriate for Retail Ventures or SSC, our amended articles of incorporation provide:

If Retail Ventures or SSC learns about a corporate opportunity, it does not have to tell us about it and it is not a breach of any fiduciary duty for it to pursue such corporate opportunity for itself or to direct it elsewhere.

If one of our directors or officers who is also a director or officer of Retail Ventures or SSC learns about a corporate opportunity, he or she shall not be liable to us or to our shareholders if Retail Ventures or SSC pursues the corporate opportunity for itself, directs it elsewhere or does not communicate information about the opportunity to us, if such director or officer acts in a manner consistent with the following policy:

- o If the corporate opportunity is offered to one of our officers who is also a director but not an officer of Retail Ventures or SSC, the corporate opportunity belongs to us unless it was expressly offered to the officer in writing solely in his or her capacity as a director of Retail Ventures or SSC, in which case it belongs to Retail Ventures or SSC, as the case may be.
- o If the corporate opportunity is offered to one of our directors who is not an officer of DSW, and who is also a director or officer of Retail Ventures or SSC, the corporate opportunity belongs to us only if it was expressly offered to the director in writing solely in his or her capacity as our director.
- o If the corporate opportunity is offered to one of our officers, whether or not such person is also a director, who is also an officer of Retail Ventures or SSC, it belongs to us only if it is expressly offered to the officer in writing solely in his or her capacity as our officer or director.

Related Party Transactions. We may, from time to time, enter into contracts or otherwise transact business with Retail Ventures, SSC, our directors, directors of Retail Ventures or SSC or organizations in which any of such directors has a financial interest. Such contracts and transactions are permitted if:

the relationship or interest is disclosed or is known to the board of directors or the committee approving the contract or transaction, and the board of directors or committee, in good faith reasonably justified by the facts, authorizes the contract or transaction by the affirmative vote of a majority of the directors who are not interested in the contract or transaction;

the relationship or interest is disclosed or is known to the shareholders, and the shareholders approve the contract or transaction by the affirmative vote of the holders of a majority of the voting power of the corporation held by persons not interested in the contract or transaction; or

the contract or transaction is fair at the time it is authorized or approved by the board of directors, a committee of the board of directors, or the shareholders.
