**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS OF
TO BE HELD IN THE AUDITORIUM OF THE ALBRIGHT-KNOX ART GALLERY
1285 ELMWOOD AVENUE, BUFFALO, NEW YORK
ON JANUARY 9, 2008**

This Proxy Statement is furnished to shareholders of record on November 28, 2007 by the Board of Directors of MOOG Inc. (the Company), in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders on Wednesday, January 9, 2008, at 9:15 a.m., and at any adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and accompanying proxy will be mailed to shareholders on or about December 10, 2007.

If the enclosed form of proxy is properly executed and returned, the shares represented thereby will be voted in accordance with the instructions thereon. Unless otherwise specified, the proxy will be deemed to confer authority to vote the shares represented by the proxy FOR Proposal 1, the election of directors, FOR Proposal 2, the approval of the Moog Inc. 2008 Stock Appreciation Rights Plan and FOR Proposal 3, the ratification of Ernst & Young LLP as independent auditors for the fiscal year 2008.

Any proxy given pursuant to this solicitation may be revoked by the person giving it insofar as it has not been exercised. Any revocation may be made in person at the meeting, or by submitting a proxy bearing a date subsequent to that on the proxy to be revoked, or by written notification to the Secretary of the Company.

GENERAL

The Board of Directors has fixed the close of business on November 28, 2007 as the record date for determining the holders of common stock entitled to notice of and to vote at the meeting. On November 28, 2007, the Company had outstanding and entitled to vote, a total of 38,354,552 shares of Class A common stock (Class A shares) and 4,556,186 shares of Class B common stock (Class B shares). Holders of a majority of each of the Class A and Class B shares issued and outstanding and entitled to vote, present in person or represented by proxy, will constitute a quorum at the meeting.

Holders of Class A shares are entitled to elect at least 25% of the Board of Directors, rounded up to the nearest whole number, so long as the number of outstanding Class A shares is at least 10% of the number of outstanding shares of both classes of common stock. Currently, the holders of Class A shares are entitled, as a class, to elect three directors of the Company, and the holders of the Class B shares are entitled, as a class, to elect the remaining eight directors. Other than on matters relating to the election of directors or as required by law, where the holders of Class A shares and Class B shares vote as separate classes, the record holder of each outstanding Class A share is entitled to a one-tenth vote per share, and the record holder of each outstanding Class B share is entitled to one vote per share on all matters to be brought before the meeting.

The Class A director and the Class B directors will be elected by a plurality of the votes cast by the respective class. The 2008 Stock Appreciation Rights Plan, ratification of the auditors and the other matters submitted to the meeting may be adopted by a majority of the Class A and Class B votes cast, a quorum of 19,177,277 Class A shares and 2,278,094 Class B shares being present.

In accordance with New York law, abstentions and broker non-votes are not counted in determining the votes cast in connection with the 2008 Stock Appreciation Rights Plan or the ratification of the selection of Ernst & Young LLP as

auditors of the Company for the 2008 fiscal year. However, abstentions and broker non-votes will have the effect of a negative vote on the proposed 2008 Stock Appreciation Rights Plan, which requires the vote of a majority of the outstanding Class A and Class B shares present at the meeting voting as one class. Votes withheld in connection with the election of one or more nominees for director will not be counted and will have no effect.

For various reasons Board members may not be able to attend a Board meeting. All Board members are provided information related to each of the agenda items before each meeting, and, therefore, can provide counsel outside the confines of regularly scheduled meetings. It is the Company's policy that, to the extent reasonably practicable, Board members are expected to attend shareholder meetings. All of the directors attended the 2007 annual shareholders meeting.

and not of any special interest group. After conducting an initial evaluation of a candidate, the Committee will interview that candidate if it believes the candidate might be suitable to be a director and may also ask the candidate to meet with other directors and management. If the Committee believes a candidate would be a valuable addition to the Board of Directors, it will recommend to the full board that candidate's election. A shareholder wishing to nominate a candidate should forward the candidate's name and a detailed background of the candidate's qualifications to the Secretary of the Company in accordance with the procedures outlined in the Company's by-laws. In making a nomination, shareholders should take into consideration the criteria set forth above and in the Company's Corporate Governance Guidelines. The Board of Directors has adopted a written charter for the Nominating and Governance Committee. A copy of the charter is available on the Company's website. Executive Compensation Committee

The Executive Compensation Committee is responsible for discharging the Board of Directors' duties relating to executive compensation. The Committee makes all decisions regarding the compensation of the executive officers. In addition, the Committee is responsible for reviewing the Company's compensation, benefit and personnel policies, programs and plans. The Committee reviews both short-term and long-term corporate goals and objectives with respect to the compensation of the chief executive officer and the other executive officers. The Committee evaluates at least once a year the performance of the chief executive officer and other executive officers in light of these goals and objectives and, based on these evaluations, approves the compensation of the chief executive officer and the other executive officers. The Committee also reviews and recommends to the Board incentive-compensation plans that are subject to the Board's approval. All of the Compensation Committee members meet the independence requirements of the New York Stock Exchange. The Board of Directors has adopted a written charter for the Executive Compensation Committee. A copy of the charter is available on the Company's website. The Committee held two meetings in fiscal year 2007.

During the last fiscal year, the Compensation Committee retained Hay Group, an independent professional compensation consulting firm, to provide assistance and guidance to the Committee. The Committee approved the services to be provided by Hay Group and the fees to be paid for those services for the fiscal year. On a regular basis, Hay Group advised the Compensation Committee, attended committee meetings and met in executive session with the Committee. In addition, Hay Group provided market analyses for evaluating the components of Moog's executive compensation program in light of current industry trends and individual executive officer compensation levels based on Moog's compensation peer group. Hay Group specifically made recommendations regarding the compensation level of our CEO. Moog's Chief Executive Officer makes recommendations to the Committee regarding the compensation levels of other executive officers. Moog retains Hay Group for compensation consultation services, which are provided independently of the services to the Executive Compensation Committee.

Additional information regarding the Committee's processes and procedures for establishing and overseeing executive compensation is disclosed below under the heading "Compensation Discussion and Analysis."

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee has ever served as an officer of Moog or has any relationships with Moog requiring disclosure under any paragraph of item 404 of Regulation S-K. Since the beginning of the last fiscal year, no executive officer of Moog has served on the compensation committee or board of any company that employs a director of Moog.

COMPENSATION OF DIRECTORS

Non-employee directors are paid \$5,000 per quarter and reimbursed for expenses incurred in attending Board and Committee meetings. The aggregate remuneration, excluding out-of-pocket expenses, for all non-management directors was \$140,000 for the fiscal year ended September 29, 2007.

The Company's 1998 and 2003 Stock Option Plans provide that options to purchase Class A shares may be granted to non-employee directors of the Company. During fiscal year 2007, Messrs. Boushie, Hendrick, Kayser, Gray, Lipke,

Maskrey and Myers each were granted options to purchase 1,538 Class A shares at an exercise price per share equal to the fair market value of a Class A share on the date of grant.

The amounts granted in fiscal year 2007 and in prior years represent the compensation costs of stock awards. The amounts do not reflect the actual amounts that may be realized by directors. A discussion of the assumptions used in calculating these values may be found in Note 12 to the audited financial statements in Moog's Annual Report on Form 10-K for the fiscal year ended September 29, 2007.

Expense Reimbursement

Non-employee directors are reimbursed for travel and other expenses in the performance of their duties.

Indemnification Agreements

Moog has indemnification agreements with our directors. These agreements provide that directors are covered under our directors and officers liability insurance, indemnify directors to the extent permitted by law and advance to directors funds to cover expenses subject to reimbursement if it is later determined indemnification is not permitted.

Deferred Compensation Plan

This plan allows non-employee directors to defer all or part of the director's cash fees. Directors deferring cash fees must make elections to defer fees for a calendar year by the end of the preceding calendar year, with new directors having 30 days to make such an election. Directors deferring cash fees accrue interest monthly at the average of the six month Treasury bill rate. Currently, five directors participate in this plan. The following table shows the amounts deferred for fiscal year 2007.

COMPENSATION DISCUSSION AND ANALYSIS**Objectives of the Company's Compensation Program**

The objectives of the Company's executive compensation program are to:

- (1) Provide a compensation package that will attract, retain, motivate, and reward superior executives who must operate in a highly competitive and technologically challenging environment.
- (2) Relate annual changes in executive compensation to overall Company performance, as well as each individual's contribution to the results achieved. The emphasis on overall Company performance is intended to align the executives' financial interests with increased shareholder value.

(3) Achieve fairness in total compensation with reference to external comparisons, internal comparisons and the relationship between management and non-management remuneration.

The Company's executive compensation program is designed to balance competing interests. On the one hand, we recognize that near-term shareholder value can be created by the achievement of near-term results. Recognizing this reality, annual salary increases and cash bonuses are tied to annual EPS performance. On the other hand, the Company's business, particularly in aerospace and defense, requires that executives make decisions and commitments whose benefits, in financial terms, take years to develop. Our executive stock option program is intended to reward long-term success and to align our executives' financial interests with those of long-term shareholders.

Table of Contents

Looking across the spectrum of U.S. public companies, it is evident there are a variety of approaches to executive compensation, each of which can be successful under the right set of circumstances. Our Company has used our current approach since Mr. Brady became Chief Executive Officer in 1988. Restructuring charges detracted from the Company's financial performance in the early 1990's. However, since 1995 the Company has consistently increased earnings per share and in 12 of the last 13 years the Company has achieved year-over-year earnings per share increases of 10% or more. Since 1997, compound annual growth in earnings per share has been approximately 15%. In turn, our Class A share price has increased from \$2.30 at the beginning of fiscal 1995 to \$43.94 by the end of fiscal 2007. The Company believes the effectiveness of its relatively simple, straightforward approach to executive compensation has been evidenced by this superior performance record, and, in turn, the superior performance of our stock.

Elements of the Executive Compensation Program

Salaries

The Company uses the Hay Job Evaluation System for all professional employees, including its named executive officers. The Hay methodology is an analytical, factor-based scheme that measures the relative size of jobs in the form of points within an organization. Base salaries are determined on an annual basis with reference to salary range data provided by the Hay Group.

Management Profit Share

The Company's senior leadership, both managerial and technical, numbers about 300 persons. This entire group participates in a discretionary profit sharing program in which the payout each year is a function of the year-over-year growth rate in the Company's earnings per share.

The Company uses this single metric to underscore the importance of collaboration at all levels of leadership. The Company supplies products to a diverse array of customers in a variety of markets. The common thread is the technology used in high-performance motion control and fluid flow systems and our key technical resources are transportable from one segment to another in response to fluctuating customer demands. Having our senior leadership focus on what is good for the Company has been an important factor in the Company's consistent performance.

Stock Options

Over the Company's history, stock option awards have been a consistent element of executive compensation. The 1998 plan covers the award of options on 2,025,000 shares of Class A common stock and will terminate in December 2007. The 2003 plan covers an additional 1,350,000 Class A shares which will terminate in 2012. In the interest of maintaining alignment between management and shareholders interests, the 2003 plan imposes a three-year holding period on option shares unless previously owned stock is used in payment of the option exercise price. All stock option awards are priced at the market-closing price on the day the Stock Option Committee approves the option awards.

Stock options issued to executive officers are intended to be incentive stock options (ISO's), and those issued to Directors, as non-employees, are non-qualified stock options. Stock options issued to executive officers and directors cannot be exercised until at least one year after the option grant. Each executive officer option grant contains a vesting schedule, with the vesting schedule constructed to maintain the treatment of the options as ISO's. However, in certain cases options granted to executive officers will be treated as non-qualified due to IRS limitations. Stock options issued to Directors do not have a vesting schedule and can be exercised at any time starting one year after the option grant.

Stock options are generally granted once a year, typically at the Fall Board meeting. The options are priced at the New York Stock Exchange closing price on the day the Board approves the option grants. It is Company policy not to re-price option grants.

Table of Contents

Retirement Programs

Our U.S. based named executive officers participate in a defined benefit retirement plan covering Moog's U.S. based employees, with Dr. Huckvale participating in a similar plan for our U.K. employees. The Company believes that a key element in attracting and retaining employees at all levels of the organization includes a retirement plan. The Company has long provided a defined benefit plan, and new U.S. employees hired after January 1, 2008 will be covered under a defined contribution plan. The benefit accrual available to U.S. based executive officers under the qualified defined benefit plan is limited to \$220,000 in base compensation. The Company maintains a Supplemental Executive Retirement Plan (SERP) for its executive officers to bridge the gap between legally mandated limits on qualified pension plan benefits and the retirement benefits offered at comparable public companies. While the Company formally funds the qualified defined benefit plan, the SERP is not formally funded. However, the Company has set aside funds in a Rabbi Trust, with the intention that these funds may be available to meet the Company's SERP obligations.

The value of pension benefits for each named executive officer can be found in the table on page 24.

Medical Coverage

Our executive officers participate in the same health insurance programs available to all employees. In addition, our executive officers have coverage under an enhanced medical insurance policy that covers all unpaid healthcare expenses up to a limit of \$25,000 per year. This enhanced coverage plan was established many years ago in accordance with then industry practice for senior executives. We believe that conforming in this way to industry standards is an aid in executive retention.

Vacation, Disability and Group Life Insurance

Named executive officers participate in the same vacation, disability and life insurance programs as all other Moog employees. Life insurance coverage for employees is based upon a multiple of salary, with the multiple for named executive officers generally two times annual salary.

Our vacation plan provides an annual basic benefit of three weeks once an employee has reached five years of service. In addition, our plan has a unique feature. Beginning on the tenth anniversary of employment, in addition to the standard three weeks vacation, each employee is awarded an additional seven weeks of vacation. This award occurs again every five years. This plan was created by our founder, Bill Moog, with the idea that every few years each employee might have the opportunity for a brief sabbatical. This feature serves to attract and retain key talent. The unused vacation accumulates annually. Under certain circumstances, such as when employees have a significant personal need such as major home repairs, high medical costs, college tuition bills for their children, among others, employees can exchange unused vacation for cash to meet their personal obligations. The payment of cash in lieu of vacation is subject to management approval, with the employee needing to demonstrate financial need. As a practical matter, many long-term employees retire with a substantial amount of unused vacation which is then paid in cash.

Termination Benefits

Named executive officers and other members of executive management are provided Termination Benefit Agreements that are triggered under certain circumstances, including a change in control. Under these Agreements, executive officers receive salary continuance for up to three years based upon length of service, management profit share on a prorated basis in the year of termination, medical coverage, life and disability benefits and club dues for one year. Change in control agreements are designed to retain executives and provide continuity of management in the event of a potential change in control. The Company feels that these severance and change in control benefits are required to

attract and retain executive talent in a marketplace where such benefits are commonly offered. Further information can be found in the Potential Payments Upon Termination or Change in Control section on pages 26-28.

Table of Contents

Other Benefits

The Company reimburses fees for membership in certain private clubs so that the company's executives have these facilities available for entertaining customers, conducting Company business and fulfilling community responsibilities.

THE PROCESS FOR DETERMINATION OF COMPENSATION

The Executive Compensation Committee of the Board is composed solely of independent, non-employee Directors. The Committee meets in executive session to determine CEO compensation, and has final approval on all elements of key executive compensation including salaries, profit sharing, and other benefit programs.

Each year the Committee is provided with salary ranges for each of the executive officers. The ranges are developed using the Hay Group survey data based on job evaluation points. In 2006, Hay Group provided the Committee with a comparative market review of executive compensation including base salaries, short-term and long-term incentives. The Hay Group made comparisons to two groups of companies. The first was their entire data base of industrial companies. The second comparison was a group of fifteen companies whose businesses are similar to Moog's and whose revenues are reasonably comparable. This group consisted of Rockwell Collins, Alliant Techsystems, DRS Technologies, Curtiss-Wright, BE Aerospace, Esterline, the Triumph Group, Woodward Governor, Hexcel, Kaman, EDO Corp., Orbital Sciences, Aeroflex, Aviall, and Engineered Support Systems. An additional output of that study was a proposal for a new long-term equity incentive plan which is described starting on page 29. During fiscal 2007, the Committee engaged the Hay Group to do a thorough review of all executive compensation including benefit programs. Once again, the Hay Group will reference their entire data base and also the same group of fifteen peer companies except that Aviall and Engineered Support Systems are replaced with Teledyne and AAR Corp.

The process for setting annual salaries is one wherein the CEO makes recommendations and the Committee approves or adjusts those recommendations for a final determination. As part of this process, the CEO prepares a performance appraisal for each executive officer which is reviewed in some detail by the Committee. These performance appraisals take into consideration: 1) the outcomes achieved by the unit or function for which the officer is responsible, 2) the conduct and contribution of the officer in achieving those results, 3) the support provided by the officer and the organization he manages in achieving overall Company results, and 4) the officer's achievements in developing organizational strength for the future. In addition to the review of each officer's performance appraisal, the CEO and the Committee review the relationship of the officer's salary to the Hay salary range data provided for each officer position. The Committee generally expects that a new officer with limited experience will be in the lower quartile of the survey. As the officer's capabilities develop and achievements accumulate, the Committee generally expects the officer will move through the midpoint of the survey range and ultimately be positioned in the upper quartiles. When appropriate, the Committee will make adjustments to achieve this positioning. The Committee is mindful of the IRS limitation on deductibility of compensation over \$1 million, and only Mr. Brady's compensation for 2007 has exceeded the IRS limitation.

As mentioned earlier, the named executive officers of the Company participate in a Management Profit Sharing Program along with other senior management of the Company. We believe that in order to be effective, incentive bonus plans should be simple and transparent. In line with this thinking, the payout under the Management Profit Share Plan is strictly a function of the annual percentage growth in the Company's earnings per share. Named executive officers, including the CEO, receive an annual award which is, as a percentage of salary, 1.33 times that year's percentage growth in earnings per share. The Executive Compensation Committee has the prerogative to alter the amounts awarded, but the Committee has not exercised that prerogative in recent years. The Company does offer the opportunity to defer profit share payments, but in recent years only one of the named executive officers chose to defer one year of profit share. On any amounts deferred, the officer receives a return equivalent to a six month

treasury bill, with interest accruing monthly.

THE PROCESS FOR DETERMINING STOCK OPTION AWARDS

The Stock Option Committee of the Board is composed solely of independent non-employee directors. Currently this Committee has the same membership as the Executive Compensation Committee, although the chairpersons are different. The Company believes that stock ownership on the part of executive officers serves to align the leadership of the Company with the interest of shareholders, and that a stock option plan is an attractive and effective way for the officers to accumulate a stock ownership position. The Committee does not use a formulaic approach, but in years when performance is considered adequate, the Committee invites the CEO to make recommendations for stock option awards. These recommendations are either approved or adjusted by the Committee. With regard to the CEO, stock option awards are determined by the Stock Option Committee. The Committee has always been mindful of the relationship between the number of options awarded and the shares outstanding. Currently, the Company's outstanding unexercised options divided by total outstanding shares is 4.4%. In each of the last three fiscal years, we have awarded options on 27,000 shares for the CEO and 20,250 shares for each of the executive officers. During fiscal year 2007, the total of options awarded to all Officers and Directors was 260,516 shares or 0.6% of shares outstanding.

The Committee has proposed to the Board and the Board is proposing to the shareholders a new plan which would authorize the award of stock-settled stock appreciation rights instead of incentive stock options or nonqualified stock options. This plan would allow for the inclusion of a larger group of awardees and make more efficient use of the shares involved. See Proposal 2 starting on page 29 regarding the 2008 Stock Appreciation Rights Plan.

THE PROCESS FOR CHANGING OTHER EXECUTIVE BENEFITS

Any changes in benefit plans which include and affect executive officers are presented to the Compensation Committee for review and approval and presentation to the entire Board.

The Executive Compensation Committee of the Board of Directors has reviewed and discussed with Moog's management the above Compensation Discussion and Analysis. Based on this review and these discussions with management, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

PENSION BENEFITS

Moog maintains a tax-qualified defined benefit retirement plan covering most employees. The plan will be closed to new participants as of January 1, 2008 and replaced with a defined contribution plan. The qualified defined benefit plan is funded by employer contributions. Currently, all of the named executive officers participate in the Moog Inc. Employees Retirement Plan (the Moog Retirement Plan).

Because the Internal Revenue Code limits the benefits that may be paid from the tax-qualified plan, the Moog Inc. Supplemental Executive Retirement Plan (the Moog SERP) was established to provide retirees participating in the qualified plans with supplemental benefits so they will receive, in the aggregate, the benefits they would have been entitled to receive under the qualified plan had these limits not been in effect. A Rabbi Trust was established under which certain funds have been set aside to satisfy some of the obligations under the Moog SERP. If the funds in the Trust are insufficient to pay amounts payable under the Moog SERP, the Company will pay the difference.

MOOG EMPLOYEES RETIREMENT PLAN

Under the Company s Employees Retirement Plan, benefits are payable monthly upon retirement to participating employees of the Company based upon compensation and years of service and subject to limitations imposed by the Employee Retirement Income Security Act of 1974 (ERISA). The Employees Retirement Plan is administered by a Retirement Plan Committee and covers all employees with one year of service and a minimum of 1,000 hours of employment.

Benefits payable under the Plan are determined on the basis of compensation and credited years of service. It is a career average plan. Effective January 1, 1998, Plan compensation for prior service as of October 1, 1990, is the base annual rate of pay, plus overtime pay and shift differential compensation for calendar year 1989, or the base annual rate of pay as of January 1, 1988, if higher.

Future service compensation is the basic annual rate of pay for the preceding plan year plus overtime and shift differential compensation, limited to \$200,000 (as indexed) from October 1, 2002 forward.

The prior service benefit is 1.15% of the first \$20,000 of prior service compensation, plus 1.75% of the excess, multiplied by prior service, but not less than the accrued benefit as of September 30, 1990, determined under the prior Plan.

The future service benefit for each year of credited service is 1.15% of the first \$20,000 of future service compensation for such year, plus 1.75% of the excess. Any participant with five years or more of service receives a minimum pension of \$2,400 per year, reduced pro rata for credited service of less than 15 years.

The Employees Retirement Plan will be closed to new employees hired on or after January 1, 2008. New employees hired after this date will be covered under a defined contribution plan.

SUPPLEMENTAL RETIREMENT PLAN

The Company also has a Supplemental Retirement Plan (SERP) applicable to eligible officers of the Company with at least 10 years of continuous service upon retirement at age 65 or older.

The Supplemental Retirement Plan provides benefits for an eligible officer who retires at age 65 with 25 years of service. The benefit is equal to 65% of the average of the highest consecutive three-year base salary, plus the highest annual profit share paid within three years of such officer s retirement, less any benefits payable under the Employees

Retirement Plan and less one-half the primary Social Security benefit of such officer at age 65. An officer 60 or more years of age, whose combined chronological age and years of service equal or exceed 90, may elect early retirement and receive reduced benefits. A reduced benefit is available for officers 65 years of age with between 10 and 25 years of service.

Table of Contents

A participant's benefits are vested in the event of an involuntary termination of employment other than for cause, as defined in the Supplemental Retirement Plan. For purposes of the Supplemental Retirement Plan, a change in duties, responsibilities, status, pay or perquisites which follows a change of control of the Company, as defined therein, is deemed an involuntary termination.

The years of credited service and present value of accumulated benefits for the named executives under the Employees' Retirement Plan and the Supplemental Retirement Plan are:

(1) Credited service is determined in years and months as of August 31, 2007.

Assumptions:

The Present Value of Accumulated Benefits is based on the same assumptions as those used for the valuation of the plan liabilities in Moog's annual report on Form 10-K for the fiscal year ended September 29, 2007, and are calculated as of the August 31, 2007 measurement date. The assumptions made in the calculations of these amounts may be found in Note 9 to the audited financial statements in Moog's Form 10-K.

All SERP benefits are assumed to be paid monthly in accordance with the plan document.

Credited Service includes only service with Moog (or certain acquired employers). In general, Moog does not grant extra years of credited service.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company has entered into Employment Termination Benefits Agreements (Termination Agreements) with its executive officers. These Termination Agreements cover termination as a result of death, disability, or retirement, termination for cause, voluntary and involuntary termination of employment, as well as involuntary termination after a change in control. The following is a summary of the termination benefits provided under various circumstances.

Payments Upon Death or Disability

In the event of the death of an officer, the estate or surviving spouse will receive a payment of six months salary, receive a management profit sharing payment pro-rated to the date of the officer's death, and any unused vested vacation. A payment of approximately two times annual salary will be paid under the Company's Group Life Insurance plan, subject to a cap of \$1,046,500. The estate or surviving spouse will receive payments under the Company's pension and 401(k) plans, and all unexpired stock options will fully vest, and the estate or surviving spouse will have one year to exercise these options.

In the event an officer becomes disabled, the officer is entitled to the same benefits, as described above, with the exception of life insurance and salary continuation. The officer also will receive payments under the Company's disability plan.

Termination for Cause

Under the Termination Agreements, cause is considered a harmful act or omission constituting a willful and a continuing failure to perform material and essential employment obligations, conviction of a felony, willful perpetration of common law fraud, or any willful misconduct or bad faith omission constituting dishonesty, fraud or immoral conduct which is materially injurious to the financial condition or business reputation of the Company. In this case, the officer is entitled to all benefits vested under retirement plans, and payment of unused vested vacation. The officer is not entitled to management profit share, no severance is provided, and all stock options expire.

Voluntary Termination

When an officer voluntarily terminates employment with the Company, the officer is entitled to receive all pension benefits accrued under the Company's pension plans up to the date of termination, and payment for all unused vested vacation. Stock options become fully vested on the day prior to the officer's termination.

Involuntary Termination Without Cause and Involuntary Termination After a Change in Control

The termination benefits provided to an officer under the termination agreements in the case of involuntary termination without cause and in the event of involuntary termination after a change in control are identical. The officer will receive salary continuance for no less than 12 months and no more than 36 months, depending on length of service. Management profit share will be paid on a pro-rated basis for service up to the date of termination, and any unused vested vacation will be paid. The Company will pay, for one year after involuntary termination or involuntary termination after a change in control, medical, life and disability premiums on behalf of the officer, one year of auto related expenses, as well as one year of club membership dues for which reimbursement was provided by the Company. The officer is entitled to all vested benefits under the employee's retirement plan, and the right to exercise all options within 12 months of termination. The Termination Agreements provide that an officer cannot compete with the Company during the term of the Termination Agreement, and in the event of an involuntary termination after a change in control, until the last payment of any benefits to the officer under the Termination Agreement. Each

Termination Agreement also requires each officer not to disclose confidential information of the Company during the term of the Termination Agreement or thereafter.

DIRECTORS AND OFFICERS INDEMNIFICATION INSURANCE

On November 1, 2007, the Company renewed an officers and directors indemnification insurance coverage through policies written by The Chubb Group and Hartford. The renewal was for a one-year period at an annual premium of \$338,500. The policy provides indemnification benefits and the payment of expenses in actions instituted against any director or officer of the Company for claimed liability arising out of their conduct in such capacities. No payments or claims of indemnification or expenses have been made under any such insurance policies purchased by the Company at any time.

On November 30, 2004, the Board of Directors approved indemnification agreements for officers, directors and key employees, replacing a previous indemnification agreement for officers and directors established in 1987. The indemnification agreement provides that officers, directors and key employees will be indemnified for expenses, investigative costs and judgments arising from threatened, pending or completed legal proceedings. The form of the indemnification agreement was filed with the Securities and Exchange Commission on Form 8-K on December 1, 2004.

PROPOSAL 2 APPROVAL OF MOOG INC. 2008 STOCK APPRECIATION RIGHTS PLAN

Introduction

On November 27, 2007, the Board of Directors, on the recommendation of the Executive Compensation Committee, approved the Moog Inc. 2008 Stock Appreciation Rights Plan (the Plan). The Plan provides for the award of stock appreciation rights (SARs). SARs confer a benefit based on appreciation in value of Company's Class A common stock, and are payable in the form of shares of the Company's Class A common stock, to non-employee directors, officers and employees of the Company and its subsidiaries.

The purpose of the Plan is to promote the long-term success of the Company and to create shareholder value by (a) encouraging non-employee directors, officers and employees performing services for the Company to focus on critical long-range objectives, (b) encouraging the attraction and retention of non-employee directors, officers and employees with exceptional qualifications, and (c) linking non-employee directors, officers and employees directly to stockholder interests through ownership of the Company. The Plan seeks to achieve this purpose by providing for awards in the form of SARs that derive value only from the appreciation in price of the Company's stock and that are payable in shares of Company stock. The Company is requesting that shareholders consider and act upon this proposal to approve the Plan, a copy of which is attached as Appendix A to this Proxy Statement.

The aggregate number of SARs that may be issued pursuant to the Plan is 2,000,000. On November 28, 2007, the closing price of the Company's Class A common stock as reported on New York Stock Exchange was \$44.60 per share.

Description of the 2008 SAR Plan

The following is a summary of the Plan that is qualified in its entirety by reference to the full text of the Plan attached as Appendix A to this Proxy Statement.

Plan Administration. The Stock Option Committee of the Board of Directors has been appointed by the Board of Directors to administer the Plan. The Stock Option Committee has the authority, subject to the terms of the Plan, to determine the persons eligible to receive awards, when each award will be granted, the terms of each award, including the number of SARs granted, and to construe and interpret the terms of the Plan and awards granted under it.

Absent shareholder approval, SARs under the Plan may not be repriced.

Eligibility. SAR awards may be granted to non-employee directors, full-time salaried officers and key employees or officer of the Company or any of its subsidiaries. As of November 28, 2007, there were approximately 110 non-employee directors, officers and employees of the Company and its subsidiaries eligible to participate in the Plan.

Shares Subject to Plan. The aggregate number of SARs that may be issued pursuant to the Plan is 2,000,000. The shares with respect to which SARs may be granted may be authorized but unissued or authorized and issued shares held in the Company's treasury or acquired by the Company for the purposes of the Plan. If a SAR terminates, expires, is cancelled, is forfeited, lapses for any reason, or if any SAR is settled by payment in cash, the number of shares subject to the SAR will again become available for grant under the Plan. Shares that are withheld to satisfy tax withholding obligations on exercise of a SAR will not be available for re-grant under the Plan.

SAR Awards. The Plan only provides for awards of SARs. A SAR award will contain such terms and conditions as determined by the Stock Option Committee, subject to the terms of the Plan, including the date on which the SARs

becomes exercisable and the expiration date of the SARs. The exercise price of a SAR will be equal to the fair market value of one share of Class A common stock on the date of grant. The total number of SARs awarded to any one employee during any fiscal year of the Company may not exceed 50,000 SARs.

Table of Contents

A SAR generally entitles the participant to receive, subject to the terms of the Plan and the award agreement, the difference between the exercise price and the fair market value of a share of Class A common stock on the date of exercise of the SAR. A SAR is payable in the form of shares of Class A common stock in accordance with the terms of the Plan and the award agreement. All awards granted under the Plan will be settled in shares of Class A common stock. Fractional shares will be settled in cash.

Vesting and Term. SARs will vest and be exercisable pursuant to the terms and conditions outlined in each participant's individual award agreement, which will be determined by the Stock Option Committee, as administrator of the Plan. SARs will not become exercisable earlier than the first anniversary of the date of grant, and vested SAR awards will be exercisable by participants only until the tenth anniversary of the date of grant.

Termination on Death. In the event of a participant's death, outstanding SARs may be exercised only by the executor or administrator of the participant's estate or by a person who acquires the right to such exercise by will or by the laws of descent and distribution.

Termination of Service. If a participant's service with the Company terminates for any reason other than death, disability, retirement, a change in control or cause, the participant's vested SARs will expire on the earlier of (a) 90 days after the participant's termination of service or (b) the expiration of the term of the SARs as outlined in the participant's award agreement. If a participant's service is terminated for cause, the SARs will immediately expire and become unexercisable as of the date of participant's termination.

Change in Control. Under the Plan, in the event of a change in control, the Stock Option Committee is authorized to take such action as it deems appropriate with respect to outstanding SARs, including without limitation, (a) termination of any SARs in exchange for the amount of cash or value of other property equal to the amount that would have been attained upon exercise of the SARs, (b) providing for the assumption of the SARs by the continuing entity, (c) adjusting the number and of shares of stock of the Company subject to outstanding awards of SARs and the terms and conditions of (including the exercise price) of outstanding SARs and SARs that may be granted in the future, (d) accelerating the exercisability or vesting of outstanding SARs or (e) providing that outstanding SARs cannot vest or be exercised after the change in control.

For the purposes of the Plan, a change in control will be deemed to occur upon any of the following events:

- (1) any person is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 25% or more of the combined voting power of the Company's then-outstanding securities;
- (2) during any period of two consecutive years, individuals who at the beginning of the period constituted the Board of Directors (together with any new Board members whose election by the Board of Directors or whose nomination for election by the shareholders of the Company was approved by a vote of a majority of the Board members then still in office, who were either Board members at the beginning of the period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors then in office;
- (3) the shareholders of the Company approve a merger or consolidation of the Company with any other corporation, other than (i) a merger or consolidation that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent more than 75% of the combined voting power of the voting securities of the Company, or such surviving entity, outstanding immediately after such consolidation; or (ii) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person acquires more than 25% of the then-outstanding securities; or

(4) the shareholders of the Company approve an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Table of Contents

Acceleration of Vesting. Upon the occurrence of any of the following events or circumstances, all SARs granted to a participant under the Plan will vest and become immediately exercisable: (a) death while employed by, or serving as a director of, the Company, (b) disability, (c) retirement, and (d) a change in control. Upon a participant's termination of service due to an event described in the previous sentence, outstanding SARs may be exercised by the holder or by the legal representative of the SAR holder's estate for a period of two years from the date of the termination, but in no event after the expiration date of the SARs. A participant's termination will be considered due to a change in control if the participant's termination occurs within twelve months following the change in control.

Restrictions on Transferability. Except as otherwise provided in the award agreement or in the Stock Option Committee's discretion in the case of transfers made to or for the benefit of immediate family members, until a SAR is exercised, none of the shares of Class A common stock that may be paid to the participant upon settlement of a SAR may be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered by the participant.

Amendment and Termination of the Plan. The Board of Directors may amend or terminate the Plan, provided that no such action may reduce a participant's rights under any outstanding award without the participant's consent.

Changes in Capital Structure. In the event of any change in any shares of the outstanding Class A common stock or Class B common stock of the Company by reason of a stock dividend, recapitalization, merger, consolidation, split-up, combination or exchange of shares, or action of like nature, the aggregate number and class of shares as to which SARs may be granted to any individual, the number and class of shares subject to each outstanding SAR and the exercise prices of SARs will be appropriately adjusted by the Stock Option Committee.

U.S. Federal Income Tax Consequences

The following is only a summary of the consequences of U.S. federal income taxation to the participants and the Company with respect to the grant and exercise of SARs under the Plan. The summary is not complete as it does not discuss the income tax laws of any municipality, state or foreign country in which a participant may reside, and is subject to change. Participants in the Plan should consult their own tax advisors regarding the specific tax consequences to them of participating in and receiving awards under the Plan.

Generally, a participant will not recognize income upon the grant of a SAR. Instead, the holder of a SAR will recognize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the Class A common stock at the time of exercise over the exercise price specified in the award agreement times the number of SARs exercised. Upon a subsequent sale of the shares of Class A common stock received upon exercise, the difference between the net proceeds of sale and the fair market value of the shares on the date of exercise will generally be taxed as capital gain or loss (long-term or short-term, depending on the holding period).

The Company will generally be entitled to a tax deduction corresponding in amount and time to the participant's recognition of ordinary income in the circumstances described above, provided, the deduction is not otherwise disallowed under the Internal Revenue Code of 1986, as amended.

PROPOSALS OF SHAREHOLDERS FOR 2009 ANNUAL MEETING

To be considered for inclusion in the proxy materials for the 2009 Annual Meeting of Shareholders, shareholder proposals must be received by the Secretary of the Company prior to August 12, 2008. Under the Company's by-laws, if a shareholder wishes to nominate a director or bring other business before the shareholders at the 2008 Annual Meeting without having a proposal included in the proxy statement for that meeting, the shareholder must notify the Secretary of the Company in writing between September 15, 2008 and October 15, 2008, and the notice must contain the specific information required by the Company's by-laws. A copy of the Company's by-laws can be obtained without charge by writing Moog's Treasurer at the Company's East Aurora address.

Section 1.06 of the Company's by-laws provides that proposals may be properly brought before an annual meeting by a shareholder of record (both at the time notice of the proposal is given by the shareholder and as of the record date of the annual meeting in question) of any shares of the Company entitled to vote at the annual meeting if the shareholder provides timely notice of the proposal to the Secretary of the Company in accordance with the requirements of the by-laws. A shareholder making a proposal at an annual meeting must be present at such meeting in person, and the business brought before an annual meeting must also be a proper matter for shareholder action under the New York Business Corporation Law.

A shareholder's notice to the Secretary of the Company must set forth certain information regarding the shareholder and the proposal, including the name and address of the shareholder, a brief description of the business the shareholder desires to bring before the annual meeting and the reasons for conducting such business at such annual meeting, the class or series and number of shares beneficially owned by the shareholder, the names and addresses of other shareholders known to support such proposal and any material interest of the shareholder in such proposal.

Section 1.06 further provides that nominations of candidates for election as directors of the Company at any annual meeting of shareholders may be made by a shareholder of record (both at the time notice of such nomination is given by the shareholder and as of the record date of the annual meeting in question) of any shares of the Company entitled to vote at the annual meeting for the election of directors if the shareholder provides timely notice to the Secretary of the Company in accordance with the requirements of the by-laws. A shareholder may nominate a candidate for election as a director only as to such class of director whose election the shareholder would be entitled to vote thereon at an annual meeting of shareholders. Any shareholder who desires to make a nomination must be present in person at the annual meeting.

In addition to the information required in a notice of a proposal, a notice to the Secretary with respect to nominations must contain certain information regarding each proposed nominee for director, including, the nominee's name, age, business and residence address, principal occupation, the class or series and number of shares of the Company beneficially owned by the nominee and a consent of the nominee to serve as a director, if elected. The notice must also provide a description of any arrangements or understandings between the nominating shareholder and each nominee and such other information concerning the nominee as required pursuant to the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended.

Further information regarding proposals or nominations by shareholders can be found in Section 1.06 of the Company's By-Laws. l) Exchange Act means the Securities Exchange Act of 1934, as amended.

m) Fair Market Value means, for any particular date: (1) for any period during which the Company Stock is listed for trading on a national securities exchange or the National Association of Securities Dealers Automated Quotation System (NASDAQ), the closing price per share of Company Stock on such exchange or the NASDAQ official close price as of such trading day, or (2) the market price per share of Company Stock as determined in good faith by the Board in the event (1) above is not applicable. If the Fair Market Value is to be determined as of a day when the securities markets are not open, the Fair Market Value on that day will be the Fair Market Value as of the immediately preceding day on which the markets were open.

n) Participant means an employee or a Director of the Company to whom an Award is granted under the Plan.

o) Retirement means a termination of employment at a time at which a Participant (1) is eligible for and could immediately commence receipt of either early or normal retirement benefits under the Company's defined benefit plan, or (2) would have been eligible for and could have immediately commenced receipt of either early or normal retirement benefits under the Company's defined benefit plan had the Participant been a participant in the Company's defined benefit plan.

p) Rule 16b-3 means the rule thus designated under the Exchange Act.

q) Service means service as an employee or Director of the Company.

r) Stock Appreciation Right, or *SAR* means the right to receive shares of Company Stock as determined in accordance with Section 5. One SAR will equal the right to the appreciation in value of one share of Company Stock.

s) Subsidiary means any corporation or other entity in which, at the time of reference, the Company owns, directly or indirectly, stock or similar interests comprising more than 50% of the combined voting power of all outstanding securities of the entity.

Section 3. Administration of the Plan

a) Powers of the Committee. The Plan will be administered by the Committee. Subject to the provisions of the Plan, the Committee has the power to: (1) determine the individuals selected to receive Awards, the times when they receive them, the number of SARs granted under each Award, and the exercise price of each SAR; (2) interpret and construe any provision of the Plan and the terms of any Award issued under it; (3) adopt such rules and regulations for administering the Plan as it may deem necessary or appropriate; and (4) determine whether an authorized leave of absence or absence due to military or government service will constitute termination of employment. Decisions of the Committee will be final and binding on all parties. Determinations made by the Committee under the Plan need not be uniform but may be made on an individual basis.

b) Powers of the Board. Notwithstanding any other provision of the Plan, the Board must approve any grant of SARs to a Director and the Director must abstain from voting on the grant.

c) Delegation of Duties. The Committee may direct appropriate officers of the Company to implement its rules, regulations and determinations and to execute and deliver on behalf of the Company such documents, forms, agreements and other instruments as are deemed by the Committee to be necessary for the administration and implementation of the Plan.

d) Adjustment of Terms. The Committee may, in its absolute discretion, without amendment to the Plan, (1) accelerate the date on which any SAR granted under the Plan becomes exercisable, and (2) waive or amend the operation of Plan provisions respecting exercise after termination of service or otherwise adjust any of the terms of the SAR, provided the action does not violate Section 409A of the Code.

e) Indemnification. No member of the Committee or the Board will be liable for any action, omission or determination relating to the Plan, and the Company will indemnify and hold harmless each member of the Committee and the Board and each other director or employee of the Company to whom any duty or power relating to the administration or interpretation of the Plan has been delegated against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim with the approval of the Committee) arising out of any action, omission or determination relating to the Plan, unless, in either case, the action, omission or determination was taken or made by the member, director or employee in bad faith and without reasonable belief that it was in the best interests of the Company.

Section 4. Stock Subject to the Plan

a) Shares Available for SARs. The total number of SARs that may be granted under the Plan may not exceed 2,000,000 SARs, as adjusted under Subsection (c) below. The shares with respect to which SARs may be granted may be authorized but unissued shares or authorized and issued shares held in the Company's treasury or acquired by the Company for the purposes of the Plan.

b) Individual Limitation. The total number of SARs awarded to any one employee during any fiscal year of the Company, may not exceed 50,000 SARs. Determinations under the preceding sentence will be made in a manner that is consistent with Section 162(m) of the Code and regulations promulgated thereunder. The provisions of this Section 4(b) do not apply in any circumstance with respect to which the Committee determines that compliance with Section 162(m) of the Code is not necessary.

c) Adjustment for Change in Capitalization. In the event of any change in any shares of the outstanding Class A Common Stock or Class B Common Stock of the Company by reason of a stock dividend, recapitalization, merger, consolidation, split-up, combination or exchange of shares, or action of like nature, the aggregate number and class of shares as to which SARs may be granted to any individual, the number and class of shares subject to each outstanding SAR, and the exercise prices of SARs will be appropriately adjusted by the Committee, whose determination shall be conclusive.

A-3

Table of Contents

d) *Other Adjustments.* In the event of any transaction or event described in Section 4(c) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or of any affiliate (including without limitation any Change in Control), or of changes in applicable laws, regulations or accounting principles, and whenever the Committee determines that action is appropriate in order to prevent the dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Award under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles, the Committee, in its sole discretion and on such terms and conditions as it deems appropriate, except to the extent necessary to ensure that the action does not violate Section 409A of the Code, either by amendment of the terms of any outstanding Awards or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Participant's request, is hereby authorized to take any one or more of the following actions:

- 1) To provide for either (i) termination of any Award in exchange for an amount of cash and/or other property, if any, equal to the amount that would have been attained upon the exercise of the SARs or realization of the Participant's rights (and, for the avoidance of doubt, if as of the date of the occurrence of the transaction or event described in this Section 3(d) the Committee determines in good faith that no amount would have been attained upon the exercise of the Award or realization of the Participant's rights, then the Award may be terminated by the Company without payment) or (ii) the replacement of the Award with other rights or property selected by the Committee in its sole discretion;
- 2) To provide that the Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or will be substituted for by similar SARs, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;
- 3) To make adjustments in the number and type of shares of stock of the Company (or other securities or property) subject to outstanding Awards, and in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding SARs and rights and awards that may be granted in the future;
- 4) To provide that the Award will be exercisable or payable or fully vested with respect to all shares covered thereby, notwithstanding anything to the contrary in the Plan or the applicable Award Agreement; and
- 5) To provide that the Award cannot vest, be exercised or become payable after such event.

e) *Re-use of Shares.* To the extent that a SAR terminates, expires, is cancelled, is forfeited, or lapses for any reason, or if a SAR is settled by payment of cash, any shares of Company Stock subject to the SAR will again be available for the grant of an Award pursuant to the Plan. Shares that are withheld to satisfy tax withholding obligations on exercise of a SAR will not be available for further grants of Awards pursuant to the Plan. To the extent permitted by applicable law or any exchange rule, shares of Company Stock issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any Subsidiary will not be counted against shares of Company Stock available for grant pursuant to this Plan.

f) *No Repricing.* Absent stockholder approval, neither the Committee nor the Board will have any authority, with or without the consent of the affected holders of Awards, to reprice a SAR in the event of a decline in the price of Company Stock after the date of its initial grant either by reducing the exercise price from the original exercise price or through cancellation of outstanding Awards in connection with regranting of SARs at a lower price to the same individual. This paragraph may not be amended, altered or repealed by the Board or the Committee without approval of the stockholders of the Company.

g) No Reloading. No SAR will provide for the automatic grant of replacement or reload SARs upon the Participant exercising the SAR and paying the withholding tax by tendering shares of Company Stock. This paragraph may not be amended, altered or repealed by the Board or the Committee without approval of the stockholders of the Company.

Section 5. Grant and Exercise of SARs

a) SAR Grants. The Committee, in its discretion, may make grants of SARs from time to time to selected Directors, full-time salaried officers and key employees of the Company or any Subsidiary. It is intended that individual grants will be based on both a Participant's base salary and Company performance. Notwithstanding the preceding sentence, the Committee, in its discretion, may award SARs on different terms in connection with the recruitment of an individual or as the result of a business combination or acquisition by the Company.

b) Award Agreements. Each Award granted under the Plan will be evidenced by an Award Agreement that contains such provisions as the Committee in its sole discretion deems necessary or desirable. By accepting an Award, a Participant agrees that the Award is subject to all of the terms and provisions of the Plan and the applicable Award Agreement.

c) Exercise Price. The exercise price of a SAR will be the Fair Market Value of a share of Company Stock on the date of grant.

d) Benefit Upon Exercise. The exercise of any number of vested SARs entitles the Participant to receive shares of Company Stock equal in value to the number of SARs exercised, multiplied by the difference between (i) the Fair Market Value of a share of Company Stock on the exercise date, over (ii) the exercise price of the SAR. This calculated value will be divided by the Fair Market value of a share of Company Stock on the exercise date to determine the number of shares of Company Stock that the Participant will receive on exercise, subject to any withholding of shares pursuant to Section 11(b). Fractional share amounts will be settled in cash. The Stock will be issued within one month of the date on which the SARs are exercised, subject to administrative feasibility.

e) Term and Exercise of SARs.

1) The applicable Award Agreement will specify the date or dates on which the SARs become exercisable and the expiration date of the SARs. The term of a SAR may not exceed ten years from the date of the grant.

2) SARs will not become exercisable earlier than the first anniversary of the date of grant, except as provided in Section 6(b) or in connection with establishing the terms and conditions of employment of an individual necessary for the recruitment of the individual or as the result of a business combination or acquisition by the Company.

3) Unless otherwise provided in the Committee's or the Board's action, each vested SAR will be exercisable at any time during the term of the SAR, except that the SARs must be exercised in blocks of at least 100 SARs (unless the exercise is for the entire remaining vested portion of the Award). The partial exercise of an Award will not cause the expiration, termination or cancellation of the remaining SARs.

4) Unless the Committee determines otherwise, a SAR may be exercised by delivering notice to the Company's principal office, to the attention of its Treasurer or Assistant Treasurer, no less than one nor more than ten business days in advance of the effective date of the proposed exercise. Such notice must specify the number of SARs that are being exercised, and the effective date of the proposed exercise, and must be signed by the Participant.

Section 6. Termination of Service; Acceleration of Vesting

a) Termination of Service. If a Participant's Service terminates for any reason other than death, Disability, Retirement, a Change in Control, or Cause the Participant's vested SARs will expire on the earlier of:

1) the date 90 days after the Participant's termination of Service; or

2) the expiration of the term of the SARs, as determined under Section 5(e)(1).

A-5

Table of Contents

To the extent the SARs granted to a Participant are not exercisable at the time of the Participant's termination of Service under this subsection, the SARs will expire at the close of business on the date of the termination. If the Participant dies after the termination of Service, but before the expiration of the Participant's SARs, all or part of the SARs may be exercised (prior to expiration) by the executors or administrators of the Participant's estate or by any person who has acquired the SARs directly from the Participant by beneficiary designation, bequest or inheritance, or transfer under Section 7.

b) Acceleration of Vesting. Upon the occurrence of any of the following events or circumstances (an Acceleration Event), all SARs granted to a Participant under this Plan will vest and become immediately exercisable:

- 1) Death while employed by, or serving as a Director of, the Company;
- 2) Disability;
- 3) Retirement; and
- 4) A Change in Control.

c) Exercise Following Acceleration Event. Upon a Participant's termination of Service due to an Acceleration Event, outstanding SARs may be exercised by the holder or by the legal representative of the SAR holder's estate for a period of two years from the date of the termination, but in no event after the expiration date of the SARs. A Participant's termination will be considered due to a Change in Control under this section if the Participant's termination occurs within twelve months following the Change in Control.

d) Termination for Cause. If a Participant's Service as an employee or Director is terminated for Cause, as to which the Committee (or the Board in the case of a Director) will be the sole and exclusive judge, the SARs will immediately expire and become unexercisable as of the commencement of business on the date of the Participant's termination.

Section 7. Limitations on Transferability

a) General. Except as otherwise provided below and in the Award Agreement, no SAR granted under the Plan is transferable other than by will or the laws of descent and distribution, and a SAR may be exercised, during the Participant's lifetime, only by the Participant.

b) Discretion to Permit Certain Transfers. Notwithstanding Subsection (a), the Committee (or the Board in the case of a SAR granted to a Director) may, in its sole discretion, authorize all or a portion of a Participant's SARs to be granted on terms that permit the transfer to (1) a Participant's spouse, children, grandchildren, brothers or sisters (Immediate Family Members), (2) a trust or trusts for the benefit of one or more of the Immediate Family Members, or (3) a partnership in which any of the Immediate Family Members are the only partners; provided, however, that (i) there may be no consideration for such transfer and the Award Agreement pursuant to which the SARs are granted must be approved by the Committee (or the Board in the case of a SAR granted to a Director) and (ii) subsequent transfers of transferred SARs are prohibited except transfers by will or the laws of descent and distribution. Following transfer, any transferred SARs will continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, and the effects of termination of Service, described in Section 6, will continue to apply to the SARs with respect to the original Participant and following any such termination, transferred SARs will be exercisable by the transferee only to the extent and for the periods specified in Sections 6 and 7. Participants transferring SARs in accordance with this Section 7(b) remain subject to the withholding tax requirements of Section 11(b) with respect to the transferred SARs.

c) *Transfers on Death.* Upon the death of a Participant, outstanding Awards granted to the Participant may be exercised only by the executor or administrator of the Participant's estate or by a person who acquires the right to such exercise by will or by the laws of descent and distribution. No transfer of an Award by will or the laws of descent and distribution will be effective to bind the Company unless the Company has been furnished with (1) written notice thereof and with a copy of the will and/or such

evidence as the Committee may deem necessary to establish the validity of the transfer and (2) an agreement by the transferee to comply with all the terms and conditions of the Award that are or would have been applicable to the Participant and to be bound by the acknowledgments made by the Participant in connection with the grant of the Award.

Section 8. Limitations on Rights and Obligations; Covenants

- a) Rights as a Stockholder. No person has any rights as a stockholder with respect to any shares of Company Stock covered by or relating to any Award until he or she becomes the holder of record of the Stock.
- b) No Special Employment Rights. Nothing contained in the Plan or any Award Agreement confers upon any Participant any right with respect to the continuation of employment by the Company or interferes in any way with the right of the Company, subject to the terms of any separate employment agreement to the contrary, at any time to terminate such employment or to increase or decrease the compensation of the Participant.
- c) No Right to Award. No person has any claim or right to receive an Award under the Plan. The Committee's granting of an Award to a Participant at any time neither requires the Committee to grant any other Award to the Participant or other person at any time nor precludes the Committee from making subsequent grants to the Participant or any other person.
- d) No Obligation to Exercise. The grant of a SAR will impose no obligation upon the Participant to exercise the SAR.
- e) Employee Covenants. As partial consideration for the grant of an Award, a Participant must agree to any nondisclosure provisions specified in or referenced in his or her Award Agreement. A Participant's violation of such nondisclosure provisions will be grounds for the cancellation and forfeiture of the Award, in whole or in part, as the Committee, in its sole discretion, may determine.

Section 9. Securities Matters

- a) Registration. The Company is under no obligation to effect the registration pursuant to the Securities Act of 1933 of any interests in the Plan or any shares of Company Stock to be issued under the Plan or to effect similar compliance under any state laws. Notwithstanding anything in the Plan to the contrary, the Company is not obligated to cause to be issued or delivered any certificates evidencing shares of Company Stock pursuant to the Plan unless and until the Company is advised by its counsel that the issuance and delivery of the certificates is in compliance with all applicable laws, regulations of governmental authority and the requirements of the securities exchange or automated quotation system on which shares of Company Stock are listed. Certificates evidencing shares of Company Stock issued under the Plan may bear such legends, as the Committee or the Company, in its sole discretion, deems necessary or desirable to insure compliance with applicable securities laws.
- b) Compliance with Laws and Regulations. The transfer of any shares of Company Stock under the Plan will be effective only at such time as counsel to the Company has determined that the issuance and delivery of the shares is in compliance with all applicable laws, regulations of governmental authority and the requirements of the securities exchange or automated quotation system on which shares of Company Stock are listed. The Committee may, in its sole discretion, defer the effectiveness of any transfer of shares of Company stock in order to allow the issuance of the shares to be made pursuant to registration or an exemption from registration or other methods for compliance available under federal or state securities laws. The Company will inform the Participant in writing of the Committee's decision to defer the effectiveness of a transfer. During the period of such a deferral in connection with the exercise of a SAR, the Participant may, by written notice, withdraw such exercise and obtain the refund of any amount paid with respect thereto.

c) *Compliance with Rule 16b-3.* It is intended that the Plan be applied and administered in compliance with Rule 16b-3. If any provision of the Plan would be in violation of Rule 16b-3 if applied as written,

A-7

Table of Contents

the provision will not have effect as written and will be given effect so as to comply with Rule 16b-3, as determined by the Committee. The Committee is authorized to amend the Plan and to make any such modifications to Award Agreements to comply with Rule 16b-3, as it may be amended from time to time, and to make any other such amendments or modifications deemed necessary or appropriate to better accomplish the purposes of the Plan in light of any amendments made to Rule 16b-3.

Section 10. Amendment and Termination of the Plan

a) Term. Unless earlier terminated by the Board, the Plan will terminate on the date that is ten years from the Effective Date, and no SARs will be granted under it thereafter. The Board may, at any time prior to that date, terminate the Plan. Awards outstanding at Plan termination will remain in effect according to their terms and the provisions of the Plan.

b) Amendment. Stockholder approval of any amendment to the Plan will be required if and to the extent required by Rule 16b-3 or by any comparable or successor exemption under which the Board believes it is appropriate for the Plan to qualify, or if and to the extent the Board determines that such approval is appropriate for purposes of satisfying Section 162(m), Section 422 or Section 409A of the Code, any applicable rule or listing standard of any stock exchange, automated quotation system or similar organization, or the New York Business Corporation Law. Except as otherwise provided in the Plan, the Board may, at any time, suspend or terminate the Plan or revise or amend it in any respect whatsoever. Nothing herein restricts the Committee's ability to exercise its discretionary authority pursuant to Section 3, which discretion may be exercised without amendment to the Plan. No amendment or termination of the Plan may, without the consent of a Participant, reduce the Participant's rights under any outstanding Award.

Section 11. Miscellaneous Provisions

a) SAR Date. A SAR will be deemed to have been granted on the date fixed in the resolution of the Committee (or the Board in the case of a SAR granted to a Director) authorizing the granting of the SAR, provided such date is not prior to the date of the adoption of the resolution. If no date is fixed by the resolution, the SAR will be deemed to have been granted on the date of adoption of the resolution.

b) Withholding Taxes. The Company will be entitled to deduct from any payment under the Plan, regardless of the form of the payment, the amount of all applicable income and employment taxes required by law to be withheld with respect to the payment or may require the Participant to pay such amounts to the Company in cash prior to and as a condition of making the payment. The Committee (or the Board in the case of a SAR granted to a Director) may allow a Participant to satisfy the foregoing requirement by electing to have the Company withhold from delivery shares of Company Stock having a value equal to the minimum amount of tax required to be withheld or by permitting the Participant to deliver to the Company shares of Common Stock having a Fair Market Value equal to the amount required to be withheld. Fractional share amounts will be settled in cash. A withholding election may be made with respect to all or any portion of the shares to be delivered pursuant to an Award. Any tax withholding above the minimum amount of tax required to be withheld must be paid in cash by the Participant.

c) Expenses and Receipts. The expenses of the Plan will be paid by the Company. Any proceeds received by the Company in connection with any Award will be used for general corporate purposes.

d) Failure to Comply. In addition to the remedies of the Company elsewhere provided for in the Plan, failure by a Participant (or beneficiary) to comply with any of the terms and conditions of the Plan or the applicable Award Agreement, unless the failure is remedied by the Participant (or beneficiary) within ten days after notice of the failure by the Committee, will be grounds for the cancellation and forfeiture of the Award, in whole or in part, as the Committee, in its sole discretion, may determine.

e) *Applicable Law*. Except to the extent preempted by any applicable federal law, the Plan will be construed and administered in accordance with the laws of the State of New York, without reference to the principles of conflicts of laws thereunder.
