COMMERCE BANCORP, INC.

Unless otherwise indicated or unless the context requires otherwise, all references in this prospectus supplement to "CBH," "we," "us," "our" or similar references mean Commerce Bancorp, Inc. and references to the "banks" means our subsidiaries Commerce Bank, N.A., Commerce Bank/Pennsylvania, N.A., Commerce Bank/Shore, N.A, Commerce Bank/Delaware, N.A., and Commerce Bank/North.

CBH is a New Jersey business corporation registered as a bank holding company under the Bank Holding Company Act of 1956, as amended the "Holding Company Act". CBH was incorporated on December 9, 1982 and became an active bank holding company on June 30, 1983 through the acquisition of Commerce Bank, N.A., referred to as Commerce NJ.

Edgar Filing: COMMERCE BANCORP INC /NJ/ - Form 424B2

As of June 30, 2003, we had total assets of \$19.8 billion, total loans of \$6.4 billion, and total deposits of \$17.8 billion. The address of our principal executive office is Commerce Atrium, 1701 Route 70 East, Cherry Hill, New Jersey, 08034-5400 and the telephone number is (856) 751-9000. We operate:

- o four nationally chartered bank subsidiaries:
 - Commerce Bank, N.A., Cherry Hill, New Jersey ("Commerce NJ");
 - Commerce Bank/Pennsylvania, N.A., Devon, Pennsylvania ("Commerce PA");
 - Commerce Bank/Shore, N.A., Toms River, New Jersey ("Commerce Shore");
 - Commerce Bank/Delaware, N.A., Wilmington, Delaware ("Commerce Delaware"); and
- o one New Jersey state chartered bank subsidiary ("Commerce North"):
 - Commerce Bank/North, Ramsey, New Jersey.

These five bank subsidiaries as of June 30, 2003 had 243 full service retail branch offices located in the states of New Jersey, Pennsylvania, Delaware and New York. These banks provide a full range of retail and commercial banking services for consumers and small and mid-sized companies. Lending services are focused on commercial real estate and commercial and consumer loans to local borrowers. The banks' lending and investment activities are funded principally by retail deposits gathered through each bank's retail branch office network.

Our primary growth strategy is the opening of new full service branch offices, of which 19 have opened in 2003 through June 30; 40 opened in 2002; and 34 opened in 2001. We expect to open an additional 27 full service branch offices in 2003.

Commerce NJ operates a non-bank subsidiary, Commerce Capital Markets, Inc., Philadelphia, Pennsylvania, referred to as Commerce Capital Markets, which engages in various securities, investment banking and brokerage activities. In addition, through Commerce Insurance Services, Inc. (formerly Commerce National Insurance Services, Inc.), a non-bank subsidiary of Commerce North, referred to as Commerce Insurance, we operate one of the nation's largest regional insurance brokerage agencies concentrating on commercial property, casualty and surety as well as personal lines of insurance and employee benefits for clients in multiple states, primarily Delaware, New Jersey, New York and Pennsylvania.

As a legal entity separate and distinct from its bank and non-bank subsidiaries, our principal sources of revenues are dividends and fees from our bank and non-bank subsidiaries. Our subsidiaries that operate in the banking, insurance and securities business can pay dividends only if they are in compliance with the applicable regulatory requirements imposed on them by federal and state regulatory authorities.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the shares for general corporate purposes.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the purchase agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representative has advised us that the underwriters propose initially to offer the shares to the public at the initial public offering price on the cover page of this prospectus supplement and to dealers at that price less a concession not in excess of \$1.115 per share. The underwriters may allow, and the dealers may reallow, a discount not in excess of \$.10 per share to other dealers. After the initial public offering, the public offering price, concession and discount may be changed.

The following table shows the public offering price, underwriting discount and proceeds before expenses to Commerce Bancorp, Inc. The information assumes either no exercise or full exercise by the underwriters of their overallotment options.

The expenses of the offering, not including the underwriting discount, are estimated at \$350,000 and are payable by Commerce Bancorp, Inc. The underwriters have agreed to reimburse us for a portion of our expenses in connection with the offering of the shares.

S-3

Overallotment Option

We have granted options to the underwriters to purchase up to 750,000 additional shares at the public offering price less the underwriting discount. The underwriters may exercise these options for 30 days from the date of this prospectus supplement solely to cover any overallotments. If the underwriters exercise these options, each will be obligated, subject to conditions contained in the purchase agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

No Sales of Similar Securities

We and Vernon W. Hill, II, our Chairman, President and Chief Executive Officer, have agreed, with exceptions, not to sell or transfer any common stock for 90 days after the date of this prospectus supplement without first obtaining the written consent of Merrill Lynch. Specifically, we and Mr. Hill have agreed not to directly or indirectly

- o offer, pledge, sell or contract to sell any common stock,
- o sell any option or contract to purchase any common stock,
- o purchase any option or contract to sell any common stock,
- o grant any option, right or warrant for the sale of any common stock,
- o lend or otherwise dispose of or transfer any common stock,
- o request or demand that we file a registration statement related to the common stock, or
- o enter into any swap or other agreement that transfers, in whole or in part, the economic consequence of ownership of any common stock whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise.

This lockup provision applies to common stock and to securities convertible into or exchangeable or exercisable for or repayable with common stock. It also applies to common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition. Mr. Hill purchased, directly or indirectly, 30,000 shares in the offering.

Price Stabilization, Short Positions and Penalty Bids

Edgar Filing: COMMERCE BANCORP INC /NJ/ - Form 424B2

Until the distribution of the common shares is completed, the SEC rules may limit the underwriters from bidding for or purchasing our common shares. However, the representatives may engage in transactions that stabilize the price of the common shares, such as bids or purchases that peg, fix or maintain that price.

The underwriters may purchase and sell the common shares in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. "Covered" short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares from the issuer in the offering. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the overallotment option. "Naked" short sales are any sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of common shares made by the underwriters in the open market prior to the completion of the offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

S-4

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the common shares or preventing or retarding a decline in the market price of the common shares. As a result, the price of the common shares may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the common shares. In addition, neither we nor any of the representatives make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Selling Restrictions

Each underwriter has agreed that (i) it has not offered or sold, and prior to the six months after the date of issue of the shares, will not offer or sell any shares to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public

Edgar Filing: COMMERCE BANCORP INC /NJ/ - Form 424B2

Offers of Securities Regulations 1995; (ii) it has complied, and will comply with, all applicable provisions of the Financial Services and Markets Act 2000 of Great Britain ("FSMA") with respect to anything done by it in relation to the shares in, from or otherwise involving the United Kingdom; and (iii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any shares in circumstances in which section 21(1) of the FSMA does not apply to the issuer.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us. They have received customary fees and commissions for these transactions.

Material United States Federal Tax Considerations for Non-United States Holders

The following is a general discussion of the principal United States federal income and estate tax consequences of the ownership and disposition of our common stock by a non-U.S. holder. As used in this discussion, the term "non-U.S. holder" means a beneficial owner of our common stock that is not, for U.S. federal income tax purposes:

- o an individual who is a citizen or resident of the United States;
- o a corporation or partnership created or organized in or under the laws of the United States or any political subdivision of the United States, other than a partnership treated as a foreign person under U.S. Treasury regulations;
- o an estate whose income is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- o a trust, in general, if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have authority to control all substantial decisions of the trust.

An individual may be treated as a resident of the United States in any calendar year for U.S. federal income tax purposes, instead of a nonresident, by, among other ways, being present in the United States on at least 31 days in that calendar year and for an aggregate of at least 183 days during the current calendar year and the two immediately preceding calendar years. For purposes of this calculation, you would count all of the days present in the current calendar year, one-third of the days present in the immediately preceding calendar year and one-sixth of the days present in the second preceding calendar year. Residents are taxed for U.S. federal income purposes as if they were U.S. citizens.

This discussion does not consider:

Edgar Filing: COMMERCE BANCORP INC /NJ/ - Form 424B2

- o U.S. state and local or non-U.S. tax consequences;
- o specific facts and circumstances that may be relevant to a particular non-U.S. holder's tax position, including, if the non-U.S. holder is a partnership, that the U.S. tax consequences of holding and disposing of our common stock may be affected by certain determinations made at the partner level;
- o the tax consequences for the stockholders, partners or beneficiaries of a non-U.S. holder;
- o special tax rules that may apply to particular non-U.S. holders, such as financial institutions, insurance companies, tax-exempt organizations, U.S. expatriates, broker-dealers, and traders in securities; or
- o special tax rules that may apply to a non-U.S. holder that holds our common stock as part of a "straddle," "hedge," "conversion transaction," "synthetic security" or other integrated investment.

The following discussion is based on provisions of the U.S. Internal Revenue Code of 1986, as amended, applicable U.S. Treasury regulations and administrative and judicial interpretations, all as in effect on the date of this prospectus, and all of which are subject to change, retroactively or prospectively. The following discussion also assumes that a non-U.S. holder holds our common stock as a capital asset. EACH NON-U.S. HOLDER SHOULD CONSULT ITS TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL, AND NON-U.S. INCOME AND OTHER TAX CONSEQUENCES OF ACQUIRING, HOLDING, AND DISPOSING OF OUR COMMON STOCK.

Dividends

We will have to withhold U.S. federal withholding tax at a rate of 30%, or at a lower rate if provided by an applicable income tax treaty and we have received proper certification of the application of such income tax treaty, from the gross amount of the dividends paid to a non-U.S. holder.

Non-U.S. holders should consult their tax advisors regarding their entitlement to benefits under an applicable income tax treaty and the manner of claiming the benefits of such treaty. A non-U.S. holder that is

S-6

eligible for a reduced rate of U.S. federal withholding tax under an income tax treaty may obtain a refund or credit of any excess amounts withheld by filing an appropriate claim for a refund with the U.S. Internal Revenue Service.

Dividends that are effectively connected with a non-U.S. holder's conduct of a trade or business in the United States are not subject to the U.S. withholding tax, but, unless otherwise provided in an applicable income tax treaty, are instead taxed in the manner applicable to U.S. persons. In that case, we will not have to withhold U.S. federal withholding tax if the non-U.S. holder complies with applicable certification and disclosure requirements. In addition, dividends received by a foreign corporation that are effectively connected with the conduct of a trade or business in the United States may be subject to a branch profits tax at a 30% rate, or at a lower rate if provided by an applicable income tax treaty.

Gain on Disposal of Common Stock

Edgar Filing: COMMERCE BANCORP INC /NJ/ - Form 424B2

A non-U.S. holder generally will not be taxed on gain recognized on a disposition of our common stock unless:

- o the non-U.S. holder is an individual who holds our common stock as a capital asset, is present in the United States for 183 days or more during the taxable year of the disposition and meets certain other conditions (though any such person will generally be treated as a resident of the U.S.);
- o the gain is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States or, in some instances if an income tax treaty applies, is attributable to a permanent establishment maintained by the non-U.S. holder in the United States;
- o we are or have been a "U.S. real property holding corporation" for U.S. federal income tax purposes, and such non-U.S. holder held more than five percent of our common stock, at any time during the shorter of the five-year period ending on the date of disposition or the period that such non-U.S. holder held our common stock.

We have determined that we are not, and we do not anticipate that we will become, a U.S. real property holding corporation.

Individual non-U.S. holders who are subject to U.S. tax because the holder was present in the U.S. for 183 days or more during the year of disposition are taxed on their gains (including gains from sale of our common stock and net of applicable U.S. losses from sale or exchanges of other capital assets incurred during the year) at a flat rate of 30%, or at a lower rate if provided by an applicable income tax treaty. Other non-U.S. holders who are subject to U.S. federal income tax on gain from the disposition of our common stock will be taxed on such gain in the same manner in which citizens or residents of the U.S. would be taxed, and if such non-U.S. holder is a foreign corporation such gain may also be subject to a branch profits tax at a 30% rate, or at a lower rate if provided by an applicable income tax treaty. In addition, if any such gain is taxable because we are or were a United States real property holding corporation, the buyer of our common stock will be required to withhold a tax equal to 10% of the amount realized on the sale.

Federal Estate Tax

Common stock owned or treated as owned by an individual who is a non-U.S. holder at the time of death will be included in the individual's gross estate for U.S. federal estate tax purposes and may be subject to U.S. federal estate tax unless an applicable estate tax treaty provides otherwise.

Recently enacted U.S. federal legislation provides for reductions in the U.S. federal estate tax through 2009 and the elimination of the tax entirely in 2010. Under the legislation, the estate tax would be fully reinstated, as in effect prior to the reductions, in 2011.

Information Reporting and Backup Withholding Tax

We must report annually to the U.S. Internal Revenue Service and to each non-U.S. holder the amount of dividends paid to that holder and the tax withheld from those dividends. Copies of the information returns reporting those dividends and withholding may also be made available by the U.S. Internal Revenue Service to the tax authorities in the country in which the non-U.S. holder is a resident under the provisions of an applicable income tax treaty or agreement.

Under some circumstances, U.S. Treasury regulations require additional information reporting and backup withholding on payments made with respect to or on our common stock. Under currently applicable law, the gross amount of dividends paid to a non-U.S. holder that fails to certify its non-U.S. holder status in accordance with applicable U.S. Treasury regulations generally will be subject to additional information reporting and backup withholding.

The payment of proceeds on the disposition of common stock by a non-U.S. holder to or through a U.S. office of a broker or a non-U.S. office of a U.S. broker generally will be reported to the U.S. Internal Revenue Service and, if to or through its U.S. offices, reduced by backup withholding unless the non-U.S. holder either certifies its status as a non-U.S. holder under penalties of perjury or otherwise establishes an exemption and certain other conditions are met. The payment of proceeds on the disposition of common stock by a non-U.S. holder to or through a non-U.S. office of a non-U.S. broker will not be reduced by backup withholding or reported to the U.S. Internal Revenue Service unless the non-U.S. broker has certain enumerated connections with the United States.

Non-U.S. holders should consult their own tax advisors regarding the application of the information reporting and backup withholding rules to them.

Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder will be refunded, or credited against the holder's U.S. federal income tax liability, if any, provided that certain required information is furnished to the U.S. Internal Revenue Service.
