In November 1998, new stockholders bought majority control from the previous Chief Executive Officer through a private transaction. Immediately thereafter, the former CEO resigned and the new stockholders assumed the executive management positions. The Company changed its name from International Food & Beverage, Inc. to Internet Business's International, Inc., and reincorporated the Company on December 8, 1998 in the state of Nevada. During April of 1999, the Company announced the opening of its first e-commerce site and engaged in the development, operation and marketing of a number of commercial web sites. In July 2008 Seamless discontinued its operations of providing Wi-Fi to hospitality providers. The income from those operations were from fees paid by the hotels and business and the cost associated from those operations included customer support and providing Internet Bandwidth. Therefore the Assets, Liabilities, Income and Expenses associated with those operations are delineated on the financials statements. The Company amended 10Q to reclassify those discontinued operations

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION AND PRINCIPLES OF CONSOLIDATION

The financial statements include the accounts of the Company and its wholly owned subsidiaries and majority-owned subsidiary. They have been prepared in conformity with (i) accounting principles generally accepted in the United States of America; and (ii) the rules and regulations of the United States Securities and Exchange Commission. All significant intercompany accounts and transactions between the Company and its subsidiaries have been eliminated in consolidation.

UNAUDITED FINANCIAL STATEMENTS

The accompanying unaudited consolidated financial statements of Seamless Corporation, and its Subsidiaries (the Company) have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information, pursuant to the rules and regulations of the Securities and Exchange Commission. Pursuant to such rules and regulations, certain financial information and footnote disclosures normally included in the consolidated financial statements have been condensed or omitted. The results for the periods indicated are unaudited, but reflect all adjustments (consisting only of normally recurring adjustments) which management considers necessary for a fair presentation of operating results.

The operating results for the three-month period ended September 30, 2008 are not necessarily indicative of the results that may be expected for the year ended June 30, 2009. These unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2008.

RECLASSIFICATIONS

Certain reclassifications have been made in the 2008 financial statements to conform to the 2007 presentation. These reclassifications did not have any effect on net income (loss) or shareholders' equity.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include allowances for doubtful accounts and notes and loans receivable. Actual results could differ from those estimates.

RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS

On July 1, 2008, we adopted Financial Accounting Standards Board ("FASB") Statement No. 157, Fair Value Measurements ("SFAS No. 157") for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement does not require any new fair value measurements, but provides guidelines on how to measure fair value by providing a fair value hierarchy used to classify the source of the information.

Statement of Financial Accounting Standard ("SFAS") No. 159, The Fair Value Option for Financial Assets and Financial Liabilities- Including an amendment of FASB Statement No. 115, Became effective for us on July 1, 2008. SFAS No. 159 gives us the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on a contract-by-contract basis with the difference between the carrying value before election of the fair value option and the fair value recorded upon election as an adjustment to beginning retained earnings. We chose not to elect the fair value option.

NOTE 3: OPERATIONS AND LIQUIDITY

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the company as a going concern. The Company has experienced significant losses in recent years. At September 30, 2008 the Company had an accumulated deficit of \$21,444,775.

The Company is actively pursuing additional equity financing through discussions with investment bankers and private investors. There can be no assurance the Company will be successful in its efforts to secure additional equity financing. The Company's ability to continue as a going concern is contingent upon its ability to secure financing and attain profitable operations. The financial statements do not include any adjustment to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

OTHER INCOME

Other income for the three months ended September 30, 2008 of \$12,119 remained consistent for the same period in 2007. Other income consists primarily of debt forgiveness from prior operations due to the fact that certain debts were not paid within the prescribed time as required by law and we now have to report that debt as income and interest due the Company.

INCOME TAX

No provision for income taxes has been recorded in the accompanying financial statements as a result of our net operating losses. We have unused tax loss carry forwards of approximately \$21,500,000 to offset future taxable income. Such carry forwards begin to expire in the year 2023.

The Company has experienced an increase in the net loss of \$(344,848) from continuing operations for the three months ended September 30, 2008 as compared to a net loss of \$(153,261) for the three months ended September 30, 2007. The increased net loss is primarily from increase selling and admin expenses.

The net loss from discontinued operations of \$(13,660) for the three months ended September 30, 2008 and the net income from discontinued operation of \$593,557 will not be compared because they are not indicative of continuing operations.

The net loss of \$(763,908) as compared to the net income of \$440,296 for September 30, 2008 and 2007 respective where affected by the discontinued operations.

The increase in the net loss had a negligible impact on the weighted average shares because of the corresponding increase in the number of the weighed average shares issued and outstanding.

LIQUIDITY AND CAPITAL RESOURCES

Cash and cash equivalents from continuing operations of \$22,261 for the three months ended is an increase over \$ 0 cash for September 30, 2008 and 2007 respectively.

Edgar Filing: SEAMLESS Corp - Form 10-Q/A

As a result of the Company's in net operation losses, our working capital deficiency has increased. We have funded our losses through an equity line of credit secured by preferred stock. Repayments of certain loans occurred by the lender taking possession of the collateral. We anticipate these losses to continue through 2008.

We have a working capital deficiency of \$(1,885,839) as of September 30, 2008 compared to a working capital deficiency of \$(1,989,021) as of September 30, 2007. The decreased deficiency of the working capital and as compared to the deficiency Of the working capital for the previous year is expected to continue as product development costs continue to increase and income increases by the sales of our products.

As shown in the accompanying financial statements, we have incurred an accumulated deficit of \$(21,444,775) and a working capital deficiency of approximately \$(1,885,839) as of September 30, 2008. Our ability to continue as a going concern is dependent on obtaining additional capital and financing and operating at a profitable level. We intend to seek additional capital either through debt or equity offerings and to increase sales volume and operating margins to achieve profitability.

14

We will consider both the public and private sale of securities and/or debt instruments for expansion of our operations if such expansion would benefit our overall growth and income objectives. Should sales growth not materialize, we may look to these public and private sources of financing. There can be no assurance, however, that we can obtain sufficient capital on acceptable terms, if at all. Under such conditions, failure to obtain such capital likely would at a minimum negatively impact our ability to timely meet our business objectives.
