PROXY STATEMENT

General Information

These proxy materials are being provided in connection with the solicitation by the Board of Directors of The Neiman Marcus Group, Inc. (the "Company," "Neiman Marcus," "we," or "us"), a Delaware corporation, of proxies to be voted at our 2004 Annual Meeting and at any adjournment or postponement. The Company's Annual Meeting will be held on Friday, January 16, 2004, beginning at 8:30 a.m., Eastern Standard Time, at the Marriott Boston Newton Hotel, 2345 Commonwealth Avenue, Newton, Massachusetts 02466.

This Proxy Statement, form of proxy and voting instructions are first being mailed on or about November 25, 2003.

Shareholders Entitled to Vote

Holders of the Company's Class A Common Stock, \$.01 par value ("Class A Common Stock") and Class B Common Stock, \$.01 par value ("Class B Common Stock"), at the close of business on November 18, 2003 (the "Record Date") are entitled to receive this notice and to vote their shares at the Annual Meeting. As of that date, there were 28,622,465 shares of Class A Common Stock outstanding and 19,491,333 shares of Class B Common Stock outstanding. Shares will be voted in accordance with the instructions contained in the proxy, but if the proxies that are signed and returned to us do not specify a vote on any proposal, the proxies will be voted **FOR** the election of the nominees for director named in this proxy statement, **FOR** the approval of The Neiman Marcus Group, Inc. Key Employee Bonus Plan, **FOR** the ratification of the appointment by the Board of Directors of Deloitte & Touche LLP as the Company's independent auditors for the 2004 fiscal year and **AGAINST** the proposal submitted by a shareholder concerning cumulative voting.

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

Each holder owning shares of the Company's Class A Common Stock or Class B Common Stock on the Record Date will be entitled to one vote per share at the Meeting. However, since only Class B directors are standing for election at the 2004 Annual Meeting, only holders of Class B Common Stock will be entitled to vote on the election of directors at this Annual Meeting. In all other matters being submitted to a vote of the shareholders at the Annual Meeting, holders of Class A Common Stock and Class B Common Stock will vote together as a single class.

Revocation of Proxies

You may revoke your proxy at any time before it is voted by:

written notice to the Secretary of the Company at The Neiman Marcus Group, Inc., One Marcus Square, 1618 Main Street, Dallas, Texas 75201;

timely delivery of a valid, later-dated proxy or a later-dated vote by telephone or on the Internet; or

voting in person by ballot at the Annual Meeting.

Required Vote

The presence of the holders of a majority of the outstanding shares of Class A Common Stock and Class B Common Stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker "non-vote" occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

A plurality of the votes cast is required for the election of directors. This means that the director nominee(s) with the most votes will be elected to fill the seats on the Board of Directors. Only votes "for" or "against" affect the outcome. Abstentions are not counted for purposes of the election of directors.

The proposals by the Board of Directors to approve The Neiman Marcus Group, Inc. Key Employee Bonus Plan (the "Key Employee Bonus Plan"), and to ratify the selection of Deloitte & Touche LLP as the Company's independent auditors for the 2004 fiscal year, require a favorable vote of a majority of shares present or represented at the Annual Meeting in order to be approved. On these proposals, abstentions will have the same effect as votes cast against the proposal and broker "non-votes" will have no effect.

Approval of the proposal by a shareholder concerning cumulative voting requires a favorable vote of a majority of the shares of the Class A Common Stock and Class B Common Stock present or represented at the Meeting. On this proposal, abstentions will have the same effect as votes cast against the proposal and broker "non-votes" will have no effect. Under Section 214 of the Delaware General Corporation Law, the addition of cumulative voting would require an amendment to our Certificate of Incorporation and shareholders must approve any such amendment. No such proposal to amend the Company's Certificate of Incorporation has been placed before the shareholders, but if it were, it would require the favorable vote of the holders of shares representing at least a majority of the issued and outstanding Class A Common Stock and Class B Common Stock voting as a single class.

HOW TO VOTE

Your vote is important. You can save us the expense of a second mailing by voting promptly. Shareholders of record can vote by telephone, on the Internet or by mail, as described below. If you are a beneficial owner, please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you.

The Internet and telephone voting procedures are designed to authenticate shareholders by use of a control number and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or the Internet, you do not need to return your proxy card.

Vote by Telephone

You can vote by calling the toll-free telephone number on your proxy card. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. **If you are located outside the U.S. and Canada, see your proxy card for additional instructions.**

Vote on the Internet

You can also choose to vote on the Internet. The website for Internet voting is www.eproxy.com/nmg. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote on the Internet, you can also request electronic delivery of future proxy materials.

2

Vote by Mail

If you choose to vote by mail, simply mark your proxy, date and sign it, and return it in the postage-paid envelope provided. If the envelope is missing, please mail your completed proxy card to The Neiman Marcus Group, Inc., One Marcus Square, 1618 Main Street, Dallas, Texas 75201, attn: Legal Department.

ELECTION OF DIRECTORS **(Item 1)**

The Company's Board of Directors is divided into three classes (Class I, Class II and Class III). At each Annual Meeting, only one class of directors is elected for a three-year term. As stated in the Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), holders of Class B Common Stock can elect at least 82 percent of the Company's Board of Directors and holders of the Class A Common Stock can elect 18 percent. The Company's Board of Directors currently consists of eleven members. One director is elected by the holders of the Class A Common Stock and ten directors are elected by holders of the Class B Common Stock. To ensure that there will be at least one Class A director at all times, the Company's Board of Directors may not consist of fewer than six members.

At the 2004 Annual Meeting, four Class I Directors are to be elected, all of whom are Class B Directors. Consequently, only holders of Class B Common Stock are entitled to vote for the election of directors at this Annual Meeting. The persons named as proxies will vote each proxy for the election of the nominees listed below, unless directed otherwise. Each of the nominees is currently a member of the Board of Directors. The Company has no reason to believe that any of the listed nominees will become unavailable for election, but if for any reason that should be the case, the proxies may be voted for substitute nominees. A plurality of the votes cast by the holders of the Class B Common Stock at the Annual Meeting is required to elect the nominees. Abstentions are not counted for the purpose of the election of directors.

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

The nominees for director and the directors who will continue to serve after the 2004 Annual Meeting are listed below with their principal occupations for the last five years.

**MEETINGS AND COMMITTEES OF THE
BOARD OF DIRECTORS**

Board of Directors

The Board of Directors consists of a majority of independent directors who are nominated by the Nominating and Corporate Governance Committee and elected by the Company's shareholders. The Board is the ultimate decision-making body of the Company except with respect to those matters reserved to the shareholders. The Board of Directors acts as an advisor and counselor to senior management and ultimately monitors its performance. These functions of the Board of Directors are fulfilled by the presence of directors with stature who have a substantive knowledge of the Company's business. The roles of Chairman and Chief Executive Officer ("CEO") are separate. The CEO is the only management director.

The Board has affirmatively determined that the following directors are independent, as that term is defined by the New York Stock Exchange Listing Standards, and have no material relationship with the Company: Matina S. Horner, Walter J. Salmon, Vincent M. O'Reilly, Gary L. Countryman, Carl Sewell and Paula Stern.

The Board held six meetings and the committees held 13 meetings in fiscal year 2003. The average attendance in the aggregate at each of the Board and committee meetings was 96%.

Corporate Governance Guidelines

The Board has formally adopted corporate governance guidelines in order to assure that the Board will have the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. The Corporate Governance Guidelines set forth the practices the Board will follow with respect to board composition and selection, board meetings and involvement of senior management, CEO performance and succession planning, and board committees and compensation. A summary of the Corporate Governance Guidelines is set forth below. The full text of these guidelines may be accessed through our website at www.neimanmarcusgroup.com.

Director Independence

A majority of directors shall be independent, and the Audit, Compensation, and Nominating and Corporate Governance Committees are all composed entirely of independent directors. Independence for these purposes shall mean the independence requirements set forth in the Securities and Exchange Act of 1934, as amended, the rules adopted by the Securities and Exchange Commission ("SEC") thereunder, and the corporate governance and other listing standards of the New York Stock Exchange as in effect from time to time.

Board Membership Criteria

The qualifications of all candidates for election to the Board of Directors shall be considered at the time the candidate is recommended for election by the Nominating and Corporate Governance Committee. The Company seeks individuals to serve as directors with the highest personal and professional character and integrity who have outstanding records of accomplishment in diverse fields of endeavor and who have obtained leadership positions in their chosen business or profession. These persons should have demonstrated exceptional ability and judgment and have substantial expertise and experience in areas relevant to the Company's operations.

Director Responsibilities

The responsibilities of the Board of Directors shall include, but not be limited by, the following:

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

Advise and provide direction to senior management on major issues facing the Company.

Selection, compensation and evaluation of the CEO.

Develop, monitor and evaluate the CEO's succession plan.

Ensure that appropriate processes and controls are in place to promote compliance with applicable laws and the highest standards of business ethics.

Oversee the Company's strategic planning processes and initiatives.

Approve all material transactions and financings affecting the Company.

Evaluate the performance of the Board and its committees and make appropriate changes where necessary.

Service on Outside Boards

The Company has no fixed limit on the number of other boards on which a director may serve; however, the number of other board memberships shall be a consideration along with any other time commitments a prospective or current director may have in determining his or her ability to serve effectively on the Company's Board. These factors will also be considered at the time of the annual performance evaluation of the Board and its committees.

Attendance and Advance Review of Materials

All directors of the Company are expected to maintain a good attendance record and familiarize themselves with the materials distributed prior to each Board or committee meeting. Absent special circumstances, such materials are provided at least three business days prior to the meeting, and earlier for major transactions.

Board Agendas

All directors shall be entitled to place items on agendas for Board meetings. Agendas for the meetings of committees of the Board are cleared by the chairperson of the Committees, and all committee members are entitled to place items on the agenda.

Director Access to Management and Independent Advisors

At the invitation of the Board, members of senior management shall attend Board meetings or portions thereof for the purpose of participating in discussions. Generally, presentations of matters to be considered by the Board are made by the manager responsible for that area of the Company's operations. Board members shall also have access to all other members of management and employees of the Company, provided however, that except in unusual circumstances, Board members shall report any meeting or discussion with managers or employees to the CEO of the Company. Where necessary and appropriate, Board members shall be entitled to consult with independent legal, financial and accounting advisors to assist them in carrying out their duties and responsibilities to the Company and its shareholders.

Executive Sessions of Non-Management and Independent Directors

The non-management directors shall meet in executive session, without any member of management being present, at each regularly scheduled meeting of the Board. Independent directors shall meet in executive session at least once a year, or more often, as appropriate. The Chairperson of the Nominating and Corporate Governance Committee shall act as presiding director at each executive session.

CEO Evaluation and Succession Planning

The Board, assisted by the Compensation Committee, shall develop, monitor, evaluate and, if necessary, modify a succession plan for the CEO on at least an annual basis.

Separation of the positions of Chairman and CEO

The positions of Chairman and CEO shall be held by separate individuals in order to aid in the Board's oversight of the Company's management.

Change in Job Responsibility

The Board does not believe that any director who retires or changes employment should necessarily tender his or her resignation from the Board. The Board and the Nominating and Corporate Governance Committee will evaluate whether the affected director continues to satisfy the Board's membership criteria in light of his or her new occupational status.

Director Compensation

The Company's senior management shall assist the Compensation Committee on a biennial basis in assessing the compensation of the Company's directors measured against comparable companies. Independent directors will receive no additional compensation, in the form of consulting fees or other specific benefits, beyond that provided for service on the Board.

Director Orientation and Continuing Education

Directors are provided extensive materials regarding the Company upon their initial election to the Board, including information regarding the Company and its policies and various administrative and legal matters. Other orientation and educational programs include presentations by industry experts and key management.

Evaluation of the Board and its Committees

The Nominating and Corporate Governance Committee will oversee an annual evaluation of the effectiveness of the Board and each Committee, as well as the composition, practices and organization (including the Board and committee structure, membership and leadership) of the Board. The initial evaluation will take place at the end of the 2004 fiscal year.

Shareholder Ratification of Independent Auditors

Shareholders of the Company will be given the opportunity to ratify the Board's selection of independent auditors for that current fiscal year.

Board Committees

The Board shall maintain at least four standing committees: The Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and the Executive Committee. Each committee will perform such duties as may be assigned to it by the Board of Directors in compliance with the Company's bylaws and each Committee's charter. The Audit, Compensation, and Nominating and Corporate Governance Committees shall (i) be composed entirely of independent directors, (ii) adopt a written charter setting forth their respective purposes, goals and responsibilities, and (iii) annually evaluate their respective performance. Each of the Audit, Compensation, and Nominating and Corporate Governance Committees shall also have the authority to engage outside experts, advisers and counsel.

Code of Ethics and Conduct

The Board has adopted The Neiman Marcus Group, Inc. Code of Ethics and Conduct, as well as including a separate Code of Ethics for Financial Professionals that applies to all financial employees including the chief executive officer, the chief financial officer and the principal accounting officer. Both the Code of Ethics and Conduct and the Code of Ethics for Financial Professionals may be accessed through our website at www.neimanmarcusgroup.com.

The Board has established minimum ownership guidelines with respect to the Company's Common Stock for all senior management personnel of the Company. Under these guidelines, the following officers, within the five year period commencing September 2002, will be required to own shares of the Company's Common Stock in the amount specified below:

Countryman and Carl Sewell possess the necessary level of financial literacy required to enable them to serve effectively as Audit Committee members. No Audit Committee member serves on more than three audit committees of public companies. COMPENSATION OF NON-EMPLOYEE DIRECTORS

Cash Retainer and Meeting Fees

Non-employee directors receive an annual cash retainer fee of \$20,000 per year and a fee of \$2,000 per Board of Directors meeting attended. For each committee meeting attended, the non-employee directors receive a fee of \$750 (the Chairperson receives \$1,500). These directors are also reimbursed for travel and incidental expenses incurred in attending meetings and carrying out their duties as directors. If a non-employee director is unable to attend a meeting in person but participates by telephone, he or she receives one-half of the fee that would be paid if attended in person. Richard A. Smith receives no compensation for his participation as Chairman of the Board or as a committee

chairman or committee member.

Robert A. Smith and Brian J. Knez each receive \$200,000 annually for their services as Co-Vice Chairmen of the Board, plus reimbursement for travel and incidental expenses. In fiscal 2000, as senior officers of Harcourt General and of the Company, Messrs. Robert A. Smith, Brian J. Knez and John R. Cook, were awarded restricted stock and non-qualified stock options by the Compensation Committee of the Company. On September 11, 2003, Mr. Cook exercised a nonqualified stock option to purchase 18,000 shares of Class A Common Stock at the exercise price of \$27.25 per share. As of November 4, 2003, Robert A. Smith and Brian J. Knez each had outstanding options to purchase 55,500 shares of Class A Common Stock at \$27.25 per share. The options granted Messrs. Smith, Knez and Cook under The Neiman Marcus Group, Inc. 1997 Incentive Plan (the "1997 Incentive Plan") vest 20% on the first through the fifth anniversary dates of the grant and expire on the tenth anniversary date of the grant.

As of November 4, 2003, Mr. Smith and Mr. Knez each had 3,700 shares of restricted stock outstanding. Restrictions lapse 20 percent per year on the first through the fifth anniversary dates of the grant.

Stock-based Units and Deferred Compensation

Each non-employee director is also entitled to receive stock-based units in an amount equal to the value of the annual cash retainer. The number of stock-based units is calculated quarterly by dividing \$5,000 (the amount of the quarterly cash retainer) by the trailing five-day average of the closing price of the Class A Common Stock at the end of each fiscal quarter. The value of each of the non-employee director's stock-based units will be payable only in cash when the non-employee director ceases to serve as a member of the Board of Directors of the Company. These stock-based units do not carry voting or dispositive rights. Richard A. Smith, Robert A. Smith and Brian J. Knez do not receive stock-based units.

The Company also offers non-employee directors the right to elect to receive all or part of the cash portion of their fees on a deferred basis. If the deferred basis is elected, it may be in the form of cash with interest calculated at a rate equal to the average of the top rates paid by major New York banks on three-month negotiable certificates of deposit as quoted on the last business day of the fiscal quarter, or in the form of stock-based units, calculated on the basis of the trailing five-day average of the closing price of the Class A Common Stock at the end of each fiscal quarter. For fiscal 2003, Dr. Horner, Dr. Stern and Mr. Countryman elected to receive all of their fees on a deferred basis using the stock-based method.

Certain Relationships and Related Transactions

Gary L. Countryman, a director of the Company, is Chairman Emeritus of the Liberty Mutual Group. Liberty Mutual Company, a subsidiary of Liberty Mutual Group, underwrites some of the Company's insurance policies. These insurance policies contain terms which, in the judgment of management, are no less favorable than could be obtained from other insurance companies. During fiscal year 2003, the amount paid by the Company to Liberty Mutual Company did not exceed two percent of their consolidated gross revenues reported for the fiscal year ended December 31, 2002.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the directors and executive officers of the Company and persons who own more than 10 percent of any class of the Company's Common Stock, to file reports of holdings and transactions in the Company's Common Stock with the SEC and the NYSE. Based on our records and other information, we believe that in fiscal year 2003 our directors, executive officers and greater than 10 percent beneficial owners met all Section 16(a) filing requirements.

Compensation Interlocks and Insider Participation

The members of the Compensation Committee for the fiscal year ended August 2, 2003 were Walter J. Salmon, Matina S. Horner and Paula Stern. None of these persons is or has been an officer or employee of the Company or any of its subsidiaries. In addition, there are no Compensation Committee interlocks between the Company and other entities involving the Company's executive officers and board members

who serve as executive officers of such entities.

- (2) Bonus payments are reported with respect to the year in which the related services were performed.

- (3) For all shares of restricted stock awarded in fiscal 1999 and certain shares of restricted stock awarded in fiscal 2000, the restrictions lapse upon the achievement of specified performance targets or, if the specified targets are not reached within five years of the date of award, then the restrictions lapse eight years from the date of the award. The specified performance targets have not been attained. Only shares representing Class A Common Stock are granted or awarded under the 1997 Incentive Plan. - (1) The value of unexercised in-the-money options is calculated by multiplying the number of underlying shares by the difference between the closing price of the Company's Class A Common Stock on the NYSE at fiscal 2003 year-end (\$39.25) less the option exercise price for those shares. These values have not been realized.

Pension Plans

The Company maintains a funded, qualified pension plan known as The Neiman Marcus Group, Inc. Retirement Plan (the "Retirement Plan"). Most non-union employees over age 21 who have completed one year of service with 1,000 or more hours participate in the Retirement Plan, which pays benefits upon retirement or termination of employment. The Retirement Plan is a "career-average" plan, under which a participant earns each year a retirement annuity equal to 1% of his or her compensation for the year up to the Social Security wage base and 1.5% of his or her compensation for the year in excess of such wage base. Benefits under the Retirement Plan become fully vested after five years of service with the Company.

19

The Company also maintains a Supplemental Executive Retirement Plan (the "SERP"). The SERP is an unfunded, nonqualified plan under which benefits are paid from the Company's general assets to supplement Retirement Plan benefits and Social Security. Executive, administrative and professional employees (other than those employed as salespersons) with an annual base salary at least equal to a minimum established by the Company (\$160,000 as of August 2, 2003) are eligible to participate. At normal retirement age (age 65), a participant with 25 or more years of service is entitled to payments under the SERP sufficient to bring his or her combined annual benefit from the Retirement Plan and SERP, computed as a straight life annuity, up to 50% of the participant's highest consecutive 60 month average of annual pensionable earnings, less 60% of his or her estimated annual primary Social Security benefit. If the participant has fewer than 25 years of service, the combined benefit is proportionately reduced. Benefits under the SERP become fully vested after five years of service with the Company.

The following table, which includes benefits under the Retirement Plan and the SERP, shows the estimated annual pension benefits payable to employees in various compensation and years of service categories. The estimated benefits apply to an employee retiring at age 65 in 2003

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

who elects to receive his or her benefit in the form of a straight life annuity. The amounts actually payable will be lower than the amounts shown below, since such amounts will be reduced by 60% of the participant's estimated primary Social Security benefit.

Footnotes:

- (1) In computing the combined benefit under the Retirement Plan and SERP, "pensionable earnings" means, with respect to the Retirement Plan, base salary and any bonus and, with respect to the SERP, base salary only. The amounts shown above include base salary only.
- (2) The credited years of service set forth in the table reflect years of credited service under the Retirement Plan, which is a "career average plan" with no limitation on years of credited service. However, credited service under the SERP may not exceed 25 years.

- (3) For purposes of determining Mr. Tansky's retirement benefits under the SERP, Mr. Tansky will be credited with two times his years of service with the Company provided (i) he agrees not to compete with the Company for a period of three years following his retirement, (ii) the Company terminates his employment other than for cause, or (iii) he resigns under certain circumstances following a change of control of the Company; otherwise, Mr. Tansky's accrued service under the SERP will be calculated at $\frac{5}{3}$ times his years of service if he retires after age 65 and in the normal manner in all other cases. Mr. Tansky is 65 years old.

Severance and Change of Control Arrangements

The Company has entered into Confidentiality, Non-Competition and Termination Benefits Agreements with Ms. Katz and Messrs. Tansky, Frasch and Skinner. These agreements entitle them to receive severance payments in the event their employment with the Company is terminated in certain situations. If terminated by the Company other than for cause or due to total disability or death, Mr. Tansky will have the

right to receive an amount equal to two times his annual base salary at the time of termination, payable in 24 monthly installments. Ms. Katz and Messrs. Frasch and Skinner will have the right to receive an amount equal to one and one-half times their annual base salary at the time of termination, payable in 18 monthly installments. These amounts will also be paid to each of the Named Executive Officers if they resign because they are not permitted to continue in a comparable position following a change of control.

The 1997 Incentive Plan provides that in the event of a change of control of the Company, all outstanding options and awards become fully vested and exercisable.

Indebtedness of Management

Currently, and during fiscal year 2003, Mr. Tansky has an outstanding loan balance under the Company's Key Executive Stock Purchase Loan Plan (the "Loan Plan") in the amount of \$369,253. The loan was used to exercise stock options and discharge tax liabilities, as provided in the Loan Plan. The loan bears interest at the annual rate of five percent, payable quarterly. Under the terms of the Loan Plan, loans become due and payable seven months after an employee leaves the Company. No other executive officer, director or five percent security holder of the Company had any indebtedness, transaction or series of similar transactions during fiscal year 2003. Effective July 30, 2002, the Loan Plan was terminated and the Company has not made any other loans to any executive officer or director under the Loan Plan, nor will the existing loan be modified in any material way. Interest on the outstanding loan to Mr. Tansky will continue to accrue and be payable quarterly until the loan is fully paid.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee (the "Committee") establishes, approves, and administers executive compensation policies and practices that govern the compensation paid to all senior officers of the Company, including the CEO and those executives who are subject to Section 16 of the Securities Exchange Act of 1934. The Committee regularly reports to the Board and is comprised of three independent directors. During fiscal year 2003, Walter J. Salmon chaired the Committee and the other Committee members were Matina S. Horner and Paula Stern. The following sets forth the Committee's policies regarding executive compensation during fiscal year 2003 including certain goals and objectives for fiscal year 2004.

21

Compensation Philosophy and Objectives

The Company is committed to creating long-term shareholder value. The Committee believes that the compensation program for executives should be designed to attract and retain executives who possess the high-quality skills and talent necessary to operate the Company's business at a high level of efficiency and effectiveness. The compensation philosophy seeks to provide a strong link between an executive's total earnings opportunity and the short-term and long-term performance of the Company based on the achievement of pre-determined financial targets and operational goals. The core principles underlying the framework for the program are:

Competitive Compensation Opportunities. The value will be based on survey information from recognized compensation consulting firms and will be targeted at levels that will attract, motivate, and retain a highly skilled work force and enable the Company to compete for the best talent.

Performance-Based Pay. A significant part of each executive's compensation is directly linked to accomplishing specific results that will create shareholder value in the short and long term.

Equity-Based Compensation. The Committee believes that an equity stake effectively aligns employee and shareholder interests and provides proper motivation for enhancing shareholder value.

Executive Compensation Components and Practices

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

The Company's executive compensation program consists of three key components: (1) base salary; (2) short-term incentives (annual bonus); and (3) long-term incentives (stock options, restricted stock, purchased restricted stock). The policies and practices for determining executive compensation and specifically that of the Chief Executive Officer, Burton M. Tansky, are described below:

(1)

Base Salary

Base salary for each of the executive officer positions is determined with reference both to (i) salary survey information from recognized compensation consulting firms, and (ii) other factors such as job responsibilities and scope, level of expertise and experience required, strategic impact of the position, overall business performance, and individual contributions. The salary survey information is used to establish benchmark amounts for both base salary and total cash compensation for each executive position. Comparisons are made to a broad range of domestic, publicly held retailing companies, including "upscale" specialty retailing companies. Because the Company competes for executive talent with a broad range of companies, the Committee does not limit its comparison information for compensation purposes to the companies included in the peer group in the Stock Performance Graph on page 30 of this Proxy Statement.

While the Committee used the benchmarks described above as a reference point, a particular individual's base salary may vary from the benchmark depending on his or her salary history, experience, individual performance, guidelines established with respect to salary increases for the entire Company, and the subjective judgment of the Committee.

(2)

Annual Incentives

All executives are eligible to be considered for annual incentives. The annual bonus for executive officers is based on the Company's key financial and operational results as measured against targets for revenue, earnings (as measured by operational net income, earnings before interest and taxes, or other metrics) and certain qualitative measures of performance. Targets for these measures are established in advance and reviewed and approved by the Committee. The Committee also sets minimum thresholds that must be met before any awards can be paid. If that minimum level is not achieved, no annual bonuses are paid. The final award amount depends on the actual level of performance achieved in comparison to the targets; however, the Committee has the discretion to make adjustments to ensure that award payments reflect the operating results of the Company and are not inflated or deflated artificially.

22

Key Employee Bonus Plan: The Neiman Marcus Group, Inc. Key Employee Bonus Plan (the "Key Employee Bonus Plan") provides incentive compensation opportunities for key employees of the Company and its subsidiaries. Under the Key Employee Bonus Plan, participants designated by the Compensation Committee of the Company have the opportunity to receive incentive compensation awards based on the attainment of specific performance goals established by the Compensation Committee as of the beginning of each performance period. Participants may elect to receive all or a percentage of their annual incentive bonus in shares of Class A Common Stock ("Elected Common Stock") pursuant to the 1997 Incentive Plan. Shares of Elected Common Stock are issued at the fair market value of the Company's Class A Common Stock on the date of election. The stock election also entitles an executive to receive additional shares of the Company's Class A Common Stock in the future ("Deferred Common Stock") if the executive remains in the employment of the Company for a three-year period and does not otherwise dispose of the Elected Common Stock. The number of shares of Deferred Common Stock will be equal to 25% of the number of shares of Elected Common Stock and will not be issued until the three-year period has been completed. The Elected Common Stock is not subject to forfeiture and is fully transferable upon issuance. If the executive disposes of the Elected Common Stock, the Deferred Common Stock will be forfeited.

(3)

Long-Term Incentives

Long-term incentives, including stock options, restricted stock and purchased restricted stock, provide a mechanism to reward executive officers for maximizing long-term shareholder value. Grants of stock options and restricted stock are made annually under the 1997 Incentive Plan, which has been approved by the shareholders of the Company including all amendments.

Nonqualified Stock Options: All executives are eligible to be considered for nonqualified stock options granted annually. The size of the grant is determined by the Committee based on survey information from recognized compensation consulting firms and other factors such as job responsibilities and scope, level of expertise and experience required, strategic impact of the position, overall business performance, and individual contributions. Nonqualified stock options are granted with an exercise price equal to the fair market value of the Company's Class A Common Stock on the day of grant, become exercisable three years from the grant date, and

continue to be exercisable until six years from the grant date.

Purchased Restricted Stock: With respect to a portion of the award of shares of Class A Common Stock granted to executive officers, the executive may elect to allocate the total number of shares awarded in 5% increments between shares of purchased restricted stock, nonqualified stock options and regular restricted stock. Shares of purchased restricted stock are purchased at 50% of the fair market value on the date of the election and held by the Company until the third anniversary date of the election. If the executive leaves the employment of the Company for any reason other than death or permanent disability, the shares may be repurchased by the Company at the lower of (i) the amount the executive paid for the shares, and (ii) the fair market value of the Class A Common Stock at the time of the cessation of the executive's employment. If an election is made to receive all or a portion of the total award in nonqualified stock options, the executive will receive a grant on a one-for-one basis in lieu of purchased restricted stock. Shares of regular restricted stock are awarded at 30% of the award.

Restricted Stock: Restricted stock awards may be granted to executives in the form of retention restricted stock and regular restricted stock. Retention restricted stock is awarded primarily for purposes of retention. Restrictions on retention restricted stock lapse 20% on the first through the fifth anniversary dates of the grant. Regular restricted stock may be granted executives in connection with an election pursuant to the purchased restricted stock. Restrictions lapse on regular restricted stock three years from the anniversary date of the award.

Compensation for the Chief Executive Officer

The Compensation Committee's basis for compensation of the Chief Executive Officer, Burton M. Tansky, is based on the compensation philosophy discussed above. Mr. Tansky participates in the same executive compensation plans available to the other executive officers. For fiscal year 2003, the Compensation Committee set the base salary of Mr. Tansky at \$1,200,000. The compensation level established for Mr. Tansky was in response to the Compensation Committee's and the Board's assessment of the Company's performance and accomplishments, as well as Mr. Tansky's position in the Company and the nature of his responsibilities and contributions. The Committee considered Mr. Tansky's performance in terms of the Company's success in meeting its performance targets, from both an operational and a financial standpoint, and in executing its strategic plan. The Committee also considered the Company's performance relative to its peers and competitors in the industry and evaluating Mr. Tansky's compensation.

Compliance with the Internal Revenue Code

The Compensation Committee is responsible for addressing issues raised by Section 162(m) of the Internal Revenue Code ("Section 162(m)"). Section 162(m) limits the Company's tax deduction for compensation paid to certain executive officers that does not qualify as "performance-based" to \$1 million per executive officer. To qualify as performance-based under Section 162(m), compensation payments must be made pursuant to a plan that is administered by a committee of outside directors and must be based on achieving objective performance goals. In addition, the material terms of the plan must be disclosed to and approved by shareholders, and the Compensation Committee must certify that the performance goals were achieved before payments can be awarded.

The Compensation Committee continues to carefully consider the impact of this rule and has taken steps that are designed to comply with its provisions and to maximize the corporate tax deduction for performance-based compensation. During 1997, the Compensation Committee, the Board of Directors and the shareholders of the Company approved the 1997 Incentive Plan. The 1997 Incentive Plan allows the Committee to award stock incentives and cash bonuses based on objective criteria. It is expected that stock options awarded under the 1997 Incentive Plan will generally be characterized as "performance-based" compensation and therefore will be fully deductible by the Company. If adopted, the Key Employee Bonus Plan establishes performance criteria that are intended to qualify awards made under the Key Employee Bonus Plan to the named executive officers as performance-based awards approved by shareholders; thus, these awards should not be counted toward the \$1 million limitation. However, the Compensation Committee believes that in some instances it may be necessary to forsake a tax deduction in order to continue to attract and retain qualified executives. See "Proposal to Approve The Neiman Marcus Group, Inc. Key Employee Bonus Plan."

The graph assumes that the value of an investment in the Company's Class A Common Stock and each index was \$100 at August 1, 1998, and that all dividends were reinvested. The graph uses the price of the Company's Class A Common Stock for the period since the October 22, 1999 recapitalization of the Company which created two classes of common stock, Class A and Class B. Returns on the common stocks of the companies in the peer group index have been weighted annually at the beginning of each fiscal year to reflect relative stock market capitalization. Report of the Audit Committee

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

In accordance with its written charter adopted by the Board of Directors (the "Board"), the Audit Committee of the Board (the "Committee") assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. During fiscal year 2003, the Committee met eight times, and the Committee chairman, as representative of the Committee and other committee members, discussed the interim financial information contained in each quarterly earnings announcement and Form 10-Q with management, the internal auditors and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee received from the independent auditors the written disclosures and letter from the independent auditors required by Independence Standards Board Standard No. 1, "Independent Discussions with Audit Committees," and discussed with the independent auditors the independent auditors' independence, including the scope and impact of non-audit services provided by the independent auditors. The Committee also discussed with management, the internal auditors, and the independent auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Committee reviewed with both the independent and the internal auditors their audit plans, audit scope, and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed results of internal audit's examinations.

25

The Committee discussed and reviewed the audited financial statements of the Company as of and for the fiscal year ended August 2, 2003, with management, the internal auditors and the independent auditors. Management has the responsibility for the preparation of the Company's financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management, the internal auditors and the independent auditors, the Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended August 2, 2003, for filing with the Securities and Exchange Commission. The Committee also recommended the reappointment, subject to shareholder approval, of Deloitte & Touche LLP as the independent auditors for the Company.

PROPOSAL TO APPROVE THE NEIMAN MARCUS GROUP, INC. KEY EMPLOYEE BONUS PLAN (Item 2)

On September 19, 2003, the Board, with the recommendation of the Compensation Committee, approved The Neiman Marcus Group, Inc. Key Employee Bonus Plan (the "Key Employee Bonus Plan") and its submission to the shareholders for their approval. The Key Employee Bonus Plan is designed to incentivize certain executive officers to make significant contributions to the overall performance and growth of the Company. The Key Employee Bonus Plan will also strengthen our ability to attract and retain talented officers. Only employees who are "officers" for purposes of Section 16 of the Securities and Exchange Act of 1934 and who are designated as participants by the Compensation Committee for the particular performance period are eligible to receive awards under the Key Employee Bonus Plan. Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), approval of the Key Employee Bonus Plan by the shareholders is required to enable us to obtain a deduction for awards paid under the Key Employee Bonus Plan to executive officers whose compensation for the taxable year is in excess of \$1,000,000.

Description of the Key Employee Bonus Plan

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

The principal provisions of the Key Employee Bonus Plan are summarized below. The summary is qualified in its entirety by reference to the full text of the Key Employee Bonus Plan, which is set forth as Appendix A to this Proxy Statement. Shareholders are encouraged to read the Key Employee Bonus Plan in its entirety.

The Compensation Committee of the Board will determine which executive officers are eligible to participate in the Key Employee Bonus Plan and will set the range of awards thereunder for each participant. Under the Key Employee Bonus Plan, awards are made to each participant based upon the achievement of specified objective performance goals. The Compensation Committee may base a performance goal on one or more of the following business criteria that may be applied to an individual, division, store, department, branch, subsidiary or one or more business units, or the Company as a whole:

Stock price;

Revenues;

Cash flow, operating earnings or net income, in each case on an aggregate or per share basis;

Expenses or expense levels;

Net borrowing, debt leverage levels, credit quality or debt ratings;

Inventory levels, inventory turns or shrinkage;

Market share;

Return on investment or return on assets;

26

One or more operating ratios;

Capital expenditures;

Economic value added;

Net asset value per share; and

The accomplishment of mergers, acquisitions, dispositions, public or private offerings of securities or similar extraordinary business transactions

The Compensation Committee will annually designate the performance criteria for the upcoming fiscal year or performance period and the potential award for each participant. Performance goals must be established by the Compensation Committee prior to the earlier to occur of 90 days after the commencement of the period of service to which the performance goals relate or the lapse of 25% of the period of service.

Participants may elect to receive all or a portion of their award in the form of Class A Common Stock ("Elected Common Stock"). The number of shares of Elected Common Stock to be received by the participant shall be based on the fair market value of the Class A Common Stock as of the deadline for making such election. If a participant elects to receive all or a portion of his or her award in Elected Common Stock, they will also be entitled to receive a number of shares equal to 25% of the number of shares of Elected Common Stock ("Deferred Common Stock"). The Deferred Common Stock will be issued after the third anniversary of the last day of the performance period, provided that the participant has remained continuously employed by the Company and has not sold or otherwise disposed of any of the shares of the Elected Common Stock. Shares of Elected Common Stock and Deferred Common Stock will be issued pursuant to the 1997 Incentive Plan, included as Appendix B to this Proxy Statement.

The maximum potential award to any one participant for a performance period that is a full fiscal year shall be \$3,000,000. If a participant elects to receive all or a portion of their award in Elected Common Stock, the maximum award (including the fair market value of the participant's Elected Common Stock and the related Deferred Common Stock) shall be \$3,750,000. If a performance period is shorter than a full fiscal year, the maximum potential award to any one participant will be proportionately reduced.

Payment of any award earned will be made to the participant following the conclusion of the fiscal year or performance period in question upon the condition that the specified performance goals have been achieved and the Compensation Committee has reviewed and approved the award. The amounts that will be awarded to any executive officer under the Key Employee Bonus Plan are not determinable at this time.

Federal Income Tax Consequences

The recipient of a cash award, including an award consisting of Elected Common Stock, will recognize ordinary compensation income at the time the cash payment is made. Ordinary compensation income will not be realized on the Deferred Common Stock until the stock is issued on the third anniversary of the last day of the performance period to which the award relates, provided that the recipient is still employed by the Company and has not sold or otherwise disposed of the Elected Common Stock.

Interest of Certain Persons in Matters to be Acted Upon

Our executive officers have an interest in this proposal to approve the Key Employee Bonus Plan. Upon approval of the Key Employee Bonus Plan, our executive officers will be eligible for awards up to a maximum of \$3,000,000 (\$3,750,000 if taken in Elected Common Stock) pursuant to the Key Employee Bonus Plan.

Recommendation of the Board of Directors

The Board of Directors of the Company recommends a vote FOR the approval of The Neiman Marcus Group, Inc. Key Employee Bonus Plan. Approval of the Key Employee Bonus Plan requires a favorable vote of a majority of shares present or represented at the Annual Meeting. On this proposal, abstentions will have the same effect as votes cast against the proposal and broker "non-votes" will have no effect.

27

PROPOSAL TO RATIFY THE APPOINTMENT OF INDEPENDENT AUDITORS (Item 3)

Although Delaware law does not require that the selection by the Board of Directors of the Company's auditors be approved each year by the shareholders, the Board of Directors believes it is appropriate to submit its selection to the shareholders for their approval and to abide by the result of the shareholders' vote. The Board of Directors recommends that the shareholders ratify the appointment of Deloitte & Touche LLP as independent auditors to audit the financial statements of the Company for the fiscal year ending July 31, 2004.

Representatives of Deloitte & Touche LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they wish, and will be available to respond to appropriate questions from shareholders.

The Audit Committee has adopted policies and procedures for pre-approving all audit and permissible non-audit services performed by Deloitte & Touche LLP. Under these policies, the Audit Committee pre-approves the use of audit and audit-related services following approval of the independent auditors' audit plan. All services detailed in the audit plan are considered pre-approved. If, during the course of the audit, the independent auditors expect fees to exceed the approved fee estimate between 10% and 15%, those fees must be pre-approved in advance by the Audit Committee Chairman. If fees are expected to exceed the approved estimate by more than 15%, those fees must be approved in advance by the Audit Committee.

Other non-audit services that are not restricted services, provided those services do not impair the independence of the independent auditor, of less than \$50,000 may be pre-approved by both the chief financial officer and the controller, and will be considered approved by the Audit Committee, provided those projects are discussed with the Audit Committee at its next scheduled meeting. Services between \$50,000 and \$100,000 in estimated fees must be pre-approved by the chairman of the Audit Committee, acting on behalf of the entire Audit Committee. Services of greater than \$100,000 in estimated fees must be pre-approved by the Audit Committee. All fee overruns will be discussed with the Audit Committee at the next scheduled meeting.

**PROPOSAL BY A SHAREHOLDER
CONCERNING CUMULATIVE VOTING
(Item 4)**

Evelyn Y. Davis, Watergate Office Building, 2600 Virginia Avenue, N.W., Suite 215, Washington, D.C. 20037, the record owner of 150 shares of the Company's Class A Common Stock, has submitted for consideration at the Annual Meeting the proposal set forth below. Following the proposal is the stockholder's statement in support of her proposal, in the form received by the Company, and the statement of the Company's Board of Directors in opposition to the proposal.

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

"RESOLVED: That the shareholders of The Neiman Marcus Group, assembled in Annual Meeting in person and by proxy, hereby request the Board of Directors to take the necessary steps to provide for cumulative voting in the election of directors, which means each stockholder shall be entitled to as many votes as shall equal the number of shares he or she owns multiplied by the number of directors to be elected, and he or she may cast all of such votes for a single candidate, or any two or more of them as he or she may see fit."

"REASONS: Many states have mandatory cumulative voting, so do National Banks. In addition, many corporations have adopted cumulative voting."

"Last year the owners of 9,132,809 shares, representing approximately 22% of shares voting, voted FOR this proposal."

"If you AGREE, please mark your proxy FOR this resolution."

29

Statement of the Board of Directors in Opposition

The Company's present system for election of directors, which is similar to that of most major publicly traded corporations, allows all shareholders to vote on the basis of their share ownership. The Board of Directors believes that the current voting system is most likely to produce an effective Board of Directors that will represent the interests of all the Company's shareholders. Cumulative voting, which permits relatively small groups of shareholders to elect directors to represent their particular interests or points of view, could result in the creation of an adversarial Board of Directors, where each director advocates the positions of the group responsible for his or her election rather than the positions which are in the best interests of the Company and all of the shareholders. The Board of Directors believes that a director must act, at all times in the best interests of all shareholders, rather than as a representative of any special interest group.

Approval of this advisory proposal requires a favorable vote of a majority of the shares present or represented at the Annual Meeting. On this proposal, abstentions will have the same effect as votes cast against the proposal and broker non-votes will have no effect. Providing for cumulative voting pursuant to Section 214 of the Delaware General Corporation Law would require an amendment to the Company's Certificate of Incorporation. No such proposal has been placed before the shareholders, but if it were, it would require the favorable vote of the holders of shares representing at least a majority of the issued and outstanding Class A Common Stock and Class B Common Stock voting as a single class.

The Board of Directors recommends that shareholders vote AGAINST this shareholder proposal.

OTHER MATTERS (Item 5)

If other matters are properly presented at the Annual Meeting for consideration, the persons named in the proxy will have the discretion to vote on those matters for you. The persons appointed as proxies will use their discretion to vote on a motion to adjourn the Meeting, if such a motion is submitted to a vote of the shareholders. Shares represented by proxies voting against any proposal described in this Proxy Statement will not be voted in favor of a proposal to adjourn the Meeting for the purposes of soliciting additional proxies with respect to the proposals. As of the date of this Proxy Statement, we did not know of any other matters to be considered at the Annual Meeting.

DEADLINE FOR SUBMISSION OF SHAREHOLDER PROPOSALS AND NOMINATIONS FOR DIRECTORS FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD IN JANUARY 2005

Shareholder proposals that are submitted pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 to be considered by the Company for inclusion in the proxy material for the Annual Meeting of Shareholders to be held in January 2005 must be received by the Secretary of the Company by July 28, 2004.

For proposals that shareholders intend to present at the Annual Meeting of Shareholders to be held in January 2005 outside the processes of Rule 14a-8 of the Exchange Act, unless the stockholder notifies the Secretary of the Company of such intent by October 18, 2004, any proxy that management solicits for such Annual Meeting will confer on the holder of the proxy discretionary authority to vote on the proposal so long as such proposal is properly presented at the Annual Meeting.

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

In order for suggestions by shareholders for nominees for director to be considered by the Nominating Committee, they must be received by the Secretary of the Company by October 18, 2004.

All such communications to the Secretary of the Company must be in writing and must be received by the Company at its principal executive offices, One Marcus Square, 1618 Main Street, Dallas, Texas 75201, by the applicable date.

**Article IV
Administration of the Plan; Amendment or Termination of the Plan**

- 4.1 The Plan shall be administered by the Compensation Committee, which shall have the right and authority, in its sole and absolute discretion, to (a) adopt, amend, or rescind administrative and interpretive rules and regulations relating to the Plan; (b) construe the Plan; (c) make all other determinations necessary or advisable for administering the Plan; and (d) exercise the powers conferred on the Compensation Committee under the Plan. The Compensation Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan in the manner and to the extent it shall deem expedient to carry the Plan into effect, and it shall be the sole and final judge of such expediency. The determinations of the Compensation Committee on the matters referred to in this Section 4.1 shall be final and conclusive.
- 4.2 The Compensation Committee shall have the exclusive authority to amend, modify, suspend, or terminate the Plan at any time.

A-3

**Article V
Determination of Performance Goals and Amount of Awards**

- 5.1 Within the first 90 days of each Performance Period (or, with respect to a Performance Period that is less than a full year, within the first 25% of the Performance Period), the Compensation Committee, in its sole discretion, shall (i) establish for that Performance Period (a) the beginning and ending dates for the Performance Period, (b) the Performance Goals for each Participant, (c) the Threshold Award Level, Target Award Level, and Maximum Award Level for each Participant, and (d) the Threshold Level of Performance, Target Level of Performance, and Maximum Level of Performance for each Performance Goal of each Participant, and (ii) designate those Participants, if any, who will be eligible to elect to receive all or a portion of their Award in the form of Elected Common Stock pursuant to Section 6.2 and the limit, if any, on the portion of a Participant's Award for the Performance Period that will be eligible for such election. The Compensation Committee may, in its sole discretion, provide for pro rata Awards to be determined and paid for any Performance Period based upon achievement at levels other than the designated Threshold Level of Performance, Target Level of Performance and Maximum Level of Performance.
- 5.2 The Performance Goals established by the Compensation Committee for a Performance Period may be based on (1) stock price, (2) revenues, (3) cash flows, operating earnings or net income, in each case on an aggregate or per share basis, (4) expenses or expense levels, (5) net borrowing, debt leverage levels, credit quality or debt ratings, (6) inventory levels, inventory turns or shrinkage, (7) market share, (8) return on investment or return on assets, (9) one or more operating ratios, (10) capital expenditures, (11) economic value added, (12) net asset value per share, or (13) the accomplishment of mergers, acquisitions, dispositions, public or private offerings of securities or similar extraordinary business transactions. The Performance Goals may be based on the performance of the Company generally, in the absolute or in relation to its peers, or the performance of a particular Participant, division, store, department, branch, subsidiary or other unit to which a particular Participant is assigned. In establishing the Performance Goals for a Performance Period, the Compensation Committee may establish different Performance Goals for individual Participants or groups of Participants. Each Performance Goal will be weighted to reflect its relative significance to the Company for the Performance Period.
- 5.3 After the end of each Performance Period, a performance rating will be determined by the Company and approved by the Compensation Committee for each Performance Goal by comparing actual performance with the Threshold Level of Performance, Target Level of Performance, and Maximum Level of Performance. The Compensation Committee shall certify in writing the degree of achievement of each Performance Goal based upon the actual performance results for the Performance Period. The results for each Performance Goal will be summed to determine the basis for the Award for each Participant.

- 5.4 After the end of each Performance Period, the proposed amount of a Participant's Award for such Performance Period shall be calculated by the Company and certified by the Compensation Committee based upon the performance ratings for each Performance Goal applicable to such Participant for the Performance Period as determined in accordance with Section 5.3; provided, however, that the Compensation Committee may, in its sole discretion, reduce or eliminate (but may not increase) such amount based upon such factor or factors as the Compensation Committee may determine to be relevant, including but not limited to such Participant's individual performance during the Performance Period or a change in the Participant's employment status with the Company or a subsidiary thereof as of any date prior to payment of the Award. After the end of a Performance Period, the Compensation Committee may also reduce or eliminate (but may not increase) the portion, if any, of a Participant's Award that the Participant may elect to receive in the form of Elected Common Stock pursuant to Section 6.2. A Participant shall have no expectation or entitlement to any Award hereunder prior to payment of the Award.
- 5.5 Any provision of the Plan to the contrary notwithstanding, the maximum Award that may be earned by any Participant for a Performance Period that is a full fiscal year shall be \$3,000,000; provided, however, that for any Participant entitled to elect to receive Elected Common Stock pursuant to Section 6.2 and who does so, such maximum Award (including the Fair Market Value of the Participant's Elected Common Stock and the related Deferred Common Stock determined as of the deadline for making the election to receive Elected Common Stock for such Performance Period) shall be \$3,750,000. With respect to a Performance Period that is shorter than a full fiscal year, the maximum Awards stated in the preceding sentence of this Section 5.5 shall be proportionately reduced.

Article VI

Form and Timing of Awards

- 6.1 Except as provided in Section 6.2, Awards under the Plan shall be paid in cash as soon as practicable after the end of the Performance Period. Awards shall be subject to such rules and regulations regarding withholding for taxes and other deductions as may be in effect from time to time.

- 6.2 Any Participant eligible to elect to receive all or a portion of his or her Award in the form of Elected Common Stock will be provided a form on which to indicate his or her election, if any. The number of shares of Elected Common Stock to be received by the Participant making such election shall be based on the Fair Market Value of the Common Stock as of the deadline for making such election, which date shall be set by the Compensation Committee following the end of the Performance Period. No fractional shares shall be issued; rather the Fair Market Value of any fractional share will be paid in cash. Any Participant who elects to receive all or a portion of his or her Award in the form of Elected Common Stock will be awarded Deferred Common Stock to be issued as promptly as practicable after the third anniversary of the last day of the Performance Period to which the Award relates; provided, however, that the Participant has remained continuously employed by the Company or a subsidiary thereof and has not sold or otherwise disposed of any of the shares of Elected Common Stock as of such date (other than for purposes of tax withholding on the Elected Common Stock). The number of shares of Deferred Common Stock issuable will be equal to 25% of the number of shares of Elected Common Stock rounded down to the nearest whole share, as adjusted to reflect any stock dividend, stock split, reverse stock split, or similar event subsequent to the deadline for making such election. The preceding provisions of this Section 6.2 to the contrary notwithstanding, if the Participant dies or terminates employment with the Company or a subsidiary thereof on account of his or her Disability or Retirement, or the Participant's employment with the Company or a subsidiary thereof is terminated by the Company or a subsidiary thereof other than for Just Cause, the Participant's Deferred Common Stock shall be issued as soon as practicable following the Participant's death or such termination of employment. The Company reserves the right to retain, until the third anniversary of the last day of the Performance Period to which the Award relates (or the Participant's earlier death or termination of employment), custody of the certificates representing shares of Elected Common Stock issued in the name of the Participant; provided, however, that the Participant shall have the right to request earlier delivery of such certificates for purposes of (i) disposing of the shares, in which case the Participant shall not be entitled to receive the Deferred Common Stock relating to such Award, or (ii) pledging the shares as collateral for a loan, in which case arrangements satisfactory to the Company must be made so that the Company would receive notice of any disposition of the shares before the third anniversary of the last day of the Performance Period to which the Award relates.

Article VII

Limitation of Rights

- 7.1 Nothing in the Plan, including an employee's eligibility for participation in the Plan, will infer to such employee any right to continued employment by the Company or any subsidiary thereof or any limitation on the right of the Company or any subsidiary thereof to terminate the employment of such employee. The loss of any existing or potential value of Awards will not constitute an element of

damages, or otherwise be recoverable, on any cause of action related to the termination of a Participant's employment, regardless of the reason for such termination.

**Article VIII
Miscellaneous**

- 8.1 The total number of shares of Common Stock that may be issued pursuant to the Plan shall not exceed the number of shares available for issuance pursuant to The Neiman Marcus Group, Inc. 1997 Incentive Plan at the time of issuance, and all shares of Common Stock issued by the Company pursuant to the Plan shall be deemed to have been issued pursuant to The Neiman Marcus Group, Inc. 1997 Incentive Plan.

A-6

- 8.2 No Participant shall have the right to alienate, sell, transfer, assign, pledge, or encumber his or her right to receive any Award under the Plan.
- 8.3 The Plan is intended to constitute an unfunded plan of incentive compensation. No Participant shall have any lien on any assets of the Company or any subsidiary thereof by reason of any rights to any Award under the Plan.
- 8.4 No member of the Compensation Committee shall be liable for any act, omission, or determination taken or made in good faith with respect to the Plan or any Awards made hereunder; and the members of the Compensation Committee shall be entitled to indemnification, defense and reimbursement by the Company in respect of any claim, loss, damage, or expenses (including attorneys' fees and expenses) arising therefrom to the full extent permitted by law and under any directors' and officers' liability or similar insurance coverage or any indemnification agreement that may be in effect from time to time. The Company reserves the right to select counsel to defend any litigation covered by this Section 8.4.
- 8.5 The adoption of the Plan or any modification or amendment hereof does not imply any commitment to continue or adopt the same plan, or any modification hereof, or any other plan for incentive compensation for any future Performance Period.
- 8.6 The laws of the State of Texas (excluding its principles relating to conflicts of laws) shall govern the Plan.
- 8.7 The Plan shall be binding on the successors of the Company.
- 8.8 The Plan has been adopted by the Board of Directors effective as of August 3, 2003. The Plan shall be deemed effective as of that date, provided it is duly approved by the holders of a majority of the shares of Class A and Class B Common Stock of the Company (voting together as a single class) present, or represented, and entitled to vote at the next annual meeting of stockholders of the Company held subsequent to such date. If the Plan is not so approved, it shall terminate and all actions taken hereunder shall be null and void.

APPENDIX B

**THE NEIMAN MARCUS GROUP, INC.
1997 INCENTIVE PLAN
(as amended through November 11, 2003)**

1. DEFINED TERMS

Appendix A, which is incorporated by reference, defines the terms used in the Plan.

2. IN GENERAL

The Plan has been established to advance the interests of the Company by giving selected Employees, directors and other persons (including both individuals and entities) who provide services to the Company or its Affiliates equity-based or cash incentives through the grant of Awards. No Award may be granted under the Plan after September 1, 2006, but Awards previously granted may extend beyond that date.

3. ADMINISTRATION

The Administrator has discretionary authority, subject only to the express provisions of the Plan, to interpret the Plan; determine eligibility for and grant Awards; determine, modify or waive the terms and conditions of any Award; prescribe forms, rules and procedures (which it may modify or waive); and otherwise do all things necessary to carry out the purposes of the Plan; provided, however, that the Administrator shall have no authority to directly or indirectly adjust the exercise price of previously granted options, except as provided in Section 7. Once an Award has been communicated in writing to a Participant, the Administrator may not, without the Participant's consent, alter the terms of the Award so as to affect adversely the Participant's rights under the Award, unless the Administrator expressly reserved the right to do so. In the case of any Award intended to be eligible for the performance based compensation exception under Section 162(m)(4)(C) of the Code, the Committee shall exercise its discretion consistent with qualifying the Award for such exception.

4. SHARES SUBJECT TO THE PLAN

A. A total of 7,200,000 shares of Stock have been reserved for issuance under the Plan. The following shares of Stock will also be available for future grants:

- (i) shares remaining under an Award that terminates without having been exercised in full (in the case of an Award requiring exercise by a Participant for delivery of Stock);
- (ii) shares subject to an Award, where cash is delivered to a Participant in lieu of such shares;
- (iii) shares of Restricted Stock that are forfeited to the Company;
- (iv) shares of Stock tendered by a Participant as payment upon exercise of an Award; and
- (v) shares of Stock held back by the Administrator, or tendered by a Participant, in satisfaction of tax withholding requirements.

Stock delivered under the Plan may be authorized but unissued Stock or previously issued Stock acquired by the Company and held in treasury. No fractional shares of Stock will be delivered under the Plan.

B-1

B. The maximum number of shares for which Stock Options may be granted to any person over the life of the Plan shall be 1,000,000. The maximum number of shares subject to SARs granted to any person over the life of the Plan shall likewise be 1,000,000. For purposes of the preceding two sentences, the number of shares granted pursuant to Stock Options and the number of shares subject to SARs shall be determined in a manner consistent with Section 162(m) of the Code. The aggregate maximum number of shares of Stock delivered to any person over the life of the Plan pursuant to Awards that are not Stock Options or SARs shall also be 1,000,000. Subject to these limitations, each person eligible to participate in the Plan shall be eligible in any year to receive Awards covering up to the full number of shares then available for Awards under the Plan.

5. ELIGIBILITY AND PARTICIPATION

The Administrator will select Participants from among those key Employees, directors and other individuals or entities providing services to the Company or its Affiliates who, in the opinion of the Administrator, are in a position to make a significant contribution to the success of the Company and its Affiliates. Eligibility for ISOs is further limited to those individuals whose employment status would qualify them for the tax treatment described in Sections 421 and 422 of the Code.

6. RULES APPLICABLE TO AWARDS

A. ALL AWARDS

(1)

Performance Objectives. Where rights under an Award depend in whole or in part on attainment of performance objectives, actions by the Company that have an effect, however material, on such performance objectives or on the likelihood that they will be achieved will not be deemed an amendment or alteration of the Award unless accomplished by a change in the express terms of the Award or other action that is without substantial consequence except as it affects the Award.

(2)

Alternative Settlement. The Company retains the right at any time to extinguish rights under an Award in exchange for payment in cash, Stock (subject to the limitations of Section 4) or other property on such terms as the Administrator determines, provided the holder of the Award consents to such exchange.

(3)

Transferability Of Awards. Except as the Administrator otherwise expressly provides, Awards (other than an Award in the form of an outright transfer of cash or Unrestricted Stock) may not be transferred other than by will or by the laws of descent and distribution and, during a Participant's lifetime an Award requiring exercise may be exercised only by the Participant (or in the event of the Participant's incapacity, the person or persons legally appointed to act on the Participant's behalf).

(4)

Vesting, Etc. The Administrator may determine the time or times at which an Award will vest (i.e., become free of restrictions) or become exercisable. Unless the Administrator expressly provides otherwise, an Award requiring exercise will cease to be exercisable, and all other Awards to the extent not already fully vested will be forfeited, immediately upon the cessation (for any reason, including death) of the Participant's employment or other service relationship with the Company and its Affiliates.

(5)

Taxes. The Administrator will make such provision for the withholding of taxes as it deems necessary. The Administrator may, but need not, hold back shares from an Award or permit a Participant to tender previously owned shares in satisfaction of tax withholding requirements.

(6)

Dividend Equivalents, Etc. The Administrator may provide for the payment of amounts in lieu of dividends or other distributions with respect to Stock subject to an Award.

B-2

(7)

Rights Limited. Nothing in the Plan shall be construed as giving any person the right to continued employment or service with the Company or its Affiliates, nor any rights as a stockholder except as to shares actually issued under the Plan. The loss of existing or potential profit in Awards will not constitute an element of damages in the event of termination of employment or service for any reason, even if the termination is in violation of an obligation of the Company or Affiliate to the Participant.

(8)

Section 162(m). In the case of an Award intended to be eligible for the performance-based compensation exception under Section 162(m)(4)(C) of the Code, the Plan and such Award shall be construed in a manner consistent with qualifying the Award for such exception.

B.

AWARDS REQUIRING EXERCISE

(1)

Time And Manner Of Exercise. Unless the Administrator expressly provides otherwise, (a) an Award requiring exercise by the holder will not be deemed to have been exercised until the Administrator receives a written notice of exercise (in form acceptable to the Administrator) signed by the appropriate person and accompanied by any payment required under the Award; and (b) if the Award is exercised by any person other than the Participant, the Administrator may require satisfactory evidence that the person exercising the Award has the right to do so.

(2)

Payment Of Exercise Price, If Any. Where the exercise of an Award is to be accompanied by payment, the Administrator may determine the required or permitted forms of payment either at or after the time of the Award, subject to the following: (a) unless the Administrator expressly provides otherwise, all payments will be by cash or check acceptable to the Administrator; and (b) where shares issued under an Award are part of an original issue of shares, the Award shall require an exercise price equal to at least the par value of such shares.

(3)

Reload Awards. Except as provided otherwise below in this paragraph or in an Award Agreement at the time an Award is granted, notwithstanding anything to the contrary in this Plan, upon any Change of Control of the Company, any time periods, conditions or contingencies relating to the exercise or realization of, or lapse of restrictions under, any Award shall be automatically accelerated or waived so that

if no exercise of the Award is required, the Award may be realized in full at the time of the occurrence of the Change of Control (the "Effective Time"), or

(2)

if exercise of the Award is required, the Award may be exercised at the Effective Time, provided, however, that in the case of the events described in clauses (i) and (iv) of the definition of a Change of Control below, all Awards requiring exercise that are not exercised at the Effective Time shall lapse and all rights thereunder shall be forfeited immediately after the

Edgar Filing: NEIMAN MARCUS GROUP INC - Form DEF 14A

Effective Time if the Participants holding such Awards have received written notice at least 15 days prior to the Effective Time of their rights to exercise their Awards at the Effective Time;

provided, however, that in the event all outstanding Awards are replaced as of the Effective Time by comparable types of awards of greater or at least substantially equivalent value, as determined by the Administrator in its sole discretion, no such automatic acceleration or waiver (and corresponding lapse and forfeiture of Awards as provided in (2) above) shall occur except to the extent the Administrator, in its sole discretion, provides for such acceleration, waiver, lapse or forfeiture with respect to any Award or unless such acceleration, waiver, lapse or forfeiture is expressly provided for in connection with such replacement.

A Change of Control shall be deemed to have occurred for purposes of this Plan:

- (i) upon the consummation of any transaction or series of transactions under which the Company is merged or consolidated with any other company, other than a merger or consolidation that would result in the stockholders of the Company immediately prior thereto owning voting securities immediately thereafter (either by the securities such stockholders owned immediately prior thereto remaining outstanding or by the securities such stockholders owned immediately prior thereto being converted into voting securities of the surviving entity) representing more than 50% of the combined voting power of the voting securities of the Company, the acquiring entity or such surviving entity, as the case may be, outstanding immediately after such merger or consolidation;

B-4

- (ii) if any person or group (as used in Section 13(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) (other than the Company, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, or any company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company) becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act) of securities of the Company representing more than 40% of (a) the shares of the Company's Class B Common Stock then outstanding or (b) the combined voting power (other than in the election of directors) of all voting securities of the Company then outstanding;
- (iii) if, during any period of 24 consecutive months, individuals who at the beginning of such period constituted the Board of Directors, and any director whose election or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds ($\frac{2}{3}$) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason (other than death or disability) to constitute at least a majority thereof; or
- (iv) the complete liquidation of the Company or the sale or disposition by the Company of all or substantially all of the Company's assets, other than a liquidation of the Company into a wholly-owned subsidiary.

8. CONDITIONS ON DELIVERY OF STOCK

The Company will not be obligated to deliver any shares of Stock pursuant to the Plan or to remove any restriction from shares previously delivered under the Plan until: the Company's counsel has approved all legal matters in connection with the issuance and delivery of such shares; if the outstanding Stock is at the time listed on any stock exchange or national market system, the shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and all conditions of the Award have been satisfied or waived. If the sale of Stock has not been registered under the Securities Act of 1933, as amended, the Company may require, as a condition to exercise of the Award, such representations or agreements as counsel for the Company may consider appropriate to avoid violation of such Act. The Company may require that certificates evidencing Stock issued under the Plan bear an appropriate legend reflecting any restriction on transfer applicable to such Stock.

9. AMENDMENT AND TERMINATION

Subject to the second sentence of Section 3, the Administrator may at any time or times amend the Plan or any outstanding Award for any purpose which may at the time be permitted by law, or may at any time terminate the Plan as to any further grants of Awards, provided that (except to the extent expressly required or permitted by the Plan) no such amendment will, without the approval of the stockholders of the Company, effectuate a change for which stockholder approval is required in order for the Plan to continue to qualify under Section 422 of the

Code or for Awards to be eligible for the performance-based exception under Section 162(m)(4)(C) of the Code.

10. NON-LIMITATION OF THE COMPANY'S RIGHTS

The existence of the Plan or the grant of any Award shall not in any way affect the Company's right to award a person bonuses or other compensation in addition to Awards under the Plan.

11. GOVERNING LAW

The Plan shall be construed in accordance with the laws of the State of Texas.
