**PROXY STATEMENT
FOR THE 2012 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 12, 2012**

GENERAL INFORMATION ABOUT VOTING

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Atlantic Tele-Network, Inc., a Delaware corporation, for use at the 2012 Annual Meeting of Stockholders to be held on June 12, 2012, at 10:00 am ET, or any adjournments or postponements thereof.

We are mailing this proxy statement together with our Annual Report to Stockholders for the year ended December 31, 2011 on or about May 3, 2012. Our Annual Report to Stockholders includes a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, excluding exhibits.

Important Notice Regarding Internet Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on June 12, 2012: This Proxy Statement and our 2011 Annual Report to Stockholders are available at <https://materials.proxyvote.com/049079>.

Who Can Vote

Only stockholders of record at the close of business on April 20, 2012 are entitled to vote at the Annual Meeting. On that date, 15,518,388 shares of common stock, par value \$.01 per share, were outstanding, each share entitled to one vote. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares. If your shares are held in a brokerage account or by a bank or other holder of record, you are considered the beneficial owner of those shares. As a beneficial owner, you may direct your broker or other holder of record on how to vote your owned shares by following their instructions.

Voting

You may vote your shares held of record either by attending the meeting and voting in person or by proxy. To vote in person, you must attend the Annual Meeting and cast your vote. You do not need to register in advance to attend the Annual Meeting. If you choose to vote by proxy, you must complete, sign and date the enclosed proxy card and return it in the enclosed postage prepaid envelope. No postage is necessary if the proxy card is mailed in the United States. If you vote by mail and your proxy card is received in time for voting and not revoked, your shares will be voted at the Annual Meeting in accordance with your instructions as set forth on your signed proxy card. If no instructions are indicated, the shares represented by the proxy card will be voted by the proxy holders:

FOR the election of the director nominees named herein;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor; and

in accordance with the judgment of the proxy holders named on the proxy card as to any other matter that is properly brought before the Annual Meeting, or any adjournments or postponements thereof.

If you hold your shares through a bank, broker or other nominee, they will give you separate instructions for voting your shares and you must make arrangements with your broker, bank or other nominee in advance of the Annual Meeting to vote your shares in person.

Table of Contents

Quorum

The holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present at the Annual Meeting, the stockholders present may adjourn the Annual Meeting from time to time, without notice, other than by announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting. Abstentions, votes withheld and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Votes Required

Proposal 1, the election of each director nominee, requires the affirmative vote of a plurality of the shares cast and entitled to vote on the matter.

Proposal 2, the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor for 2012, requires the affirmative vote of a majority of the shares present, or represented by proxy, and entitled to vote on the matter.

We will not count shares that abstain from voting ("abstentions") on a particular matter as votes in favor of such matter. Similarly, we will not count broker non-votes as votes in favor of such matter. A broker non-vote occurs when a broker cannot vote a customer's shares registered in the broker's name because the customer did not send the broker instructions on how to vote on the matter and the broker is prohibited by law or stock exchange regulations from exercising its discretionary voting authority in the particular matter. Accordingly, broker non-votes will have no effect on the outcome of voting on Proposal 1. However, abstentions will be considered to be votes present and entitled to vote on Proposal 2, and they will have the effect of a vote against that proposal. Brokers will be entitled to vote a customer's shares in their discretion on Proposal 2, so there will be no broker non-votes on that proposal. Inspectors of election appointed by our Board will tabulate votes.

Revocability of Proxies

A proxy may be revoked at any time before it is exercised by delivering a written revocation or a duly executed proxy card bearing a later date to Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915. A proxy may also be revoked by voting in person at the Annual Meeting. If you hold your shares through a bank, broker or other nominee, you must make arrangements with your broker, bank or other nominee to revoke your proxy.

Solicitation Expenses

We will bear all costs of solicitation of proxies. In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail, facsimile and personal interviews. We will request brokers, banks, and other holders of record to forward proxy soliciting material to beneficial owners. We will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of the proxy materials. In addition, we will engage Computershare Shareowner Services and Broadridge Investor Communications Solutions, Inc., professional solicitors, to assist in the distribution of proxy materials to banks, brokers, nominees and intermediaries. The estimated cost for engaging these entities is approximately \$7,500 for any such services, plus reasonable out-of-pocket expenses.

Who to Contact for Additional Information

If you have questions about how to submit your proxy, or if you need additional copies of this proxy statement or the enclosed proxy card, please contact our proxy solicitor:

He served as President and Chief Executive Officer of SBC-CATV from October 1999 until May 2000, and as President and Chief Executive Officer of SBC Technology Resources from August 1997 to October 1999.

Mr. Roesslein was selected to serve as a director on our Board due to his financial expertise, and previous and current positions held with other telecommunications companies. Mr. Roesslein is qualified as an "audit committee financial expert" under SEC guidelines.

Brian A. Schuchman, 43, is the founder of Commnet Wireless, LLC, which we acquired in 2005. He joined our Board in May 2007. Mr. Schuchman has spent more than 15 years as an operator and entrepreneur in the wireless telecommunications industry. He founded Commnet Wireless, LLC in 2000

and served as its Chairman and Chief Executive Officer from its inception until July 2006. In 2000, he also co-founded a wireless telecommunications equipment distributor, Commnet Supply, which was sold in April 2004. In the early and mid 1990's, Mr. Schuchman partnered with rural cellular license holders to build-out and manage numerous wireless markets which were later sold. In 1995, Mr. Schuchman founded Cellular Infrastructure Supply (CIS), one of the first companies to resell cellular switching and base station equipment. CIS was sold to World Access, Inc. in 1997 and Mr. Schuchman continued to manage it until early 2000. Mr. Schuchman owns Schuchman Consulting LLC, which performs consulting services for ATN in the Caribbean. In 2003, Mr. Schuchman was named Entrepreneur of the Year for the Greater Chicago Region by Ernst & Young.

Mr. Schuchman was selected to serve as a director on our Board due to his previous experience with the Company's Commnet subsidiary, and his broad experience and repeated success as an entrepreneur in the telecommunications industry.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The Audit Committee of our Board of Directors has selected PricewaterhouseCoopers LLP ("PwC") as our independent auditor to perform the audit of our financial statements and our internal control over financial reporting for the fiscal year ending December 31, 2012. In making its selection, the Audit Committee conducted a review of PwC's performance, including consideration of the following:

PwC's performance on the audit, including the quality of the engagement team and the firm's experience, client service, responsiveness and technical expertise;

The record of the firm against comparable accounting firms in various matters such as regulatory, litigation and accounting matters;

The firm's financial strength and performance; and

The appropriateness of fees charged by the firm.

PwC was our independent auditor for the year ended December 31, 2011.

The Board of Directors recommends that stockholders ratify the selection of PwC as our independent auditor. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Vote Required

The ratification of the appointment of PwC as our independent auditor for 2012 requires the affirmative vote of a majority of the shares present, or represented by proxy, at the Annual Meeting and entitled to vote thereon.

Recommendation of our Board of Directors

OUR BOARD RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE RATIFICATION OF THE SELECTION OF THE INDEPENDENT AUDITOR.

CORPORATE GOVERNANCE

General

The role of the Board of Directors is to ensure that we are managed for the long-term benefit of our stockholders. The Board periodically reviews and advises management with respect to our annual operating plans and strategic initiatives. The Board has adopted corporate governance principles to assure full and complete compliance with all applicable corporate governance standards.

During the past year, we have reviewed our corporate governance practices in comparison to the practices of other public companies and to ensure they comport with guidance and interpretations provided by the SEC and the Nasdaq Stock Market.

We have adopted a written Code of Ethics that applies to all of our employees and agents, including, but not limited to, our principal executive officer, principal financial officer and principal accounting officer, or persons performing similar functions. Our Code of Ethics, Compensation Committee Charter and Audit Committee Charter are available on our website at ir.atni.com and may be obtained free of charge upon request by writing to us at Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915.

Board Leadership Structure

Our Board of Directors is committed to maintaining responsible and effective corporate governance and is focused on the interests of our stockholders. It has determined that its leadership structure, including Mr. Cornelius B. Prior, Jr. serving as Chairman, our Chief Executive Officer serving as a director, and the composition of independent directors for each of the Audit and Compensation Committees of the Board, best serves the Company and its stockholders. Our Board brings strong leadership and industry expertise to inform the management and direction of the Company on behalf of our stockholders. Mr. C.B. Prior, Jr., who has served as our Chairman since 1997, was also our Chief Executive Officer until December 2005. He controls approximately 30% of our outstanding common stock and possesses extensive investment and financial management experience and has a long history and familiarity with the Company and many of its Caribbean operating markets. Management and the Board of Directors work together to try to focus the Board on major questions of governance, succession and setting the Company's overall operating and investment strategy.

Determination of Independence

Nasdaq rules require that a majority of our directors be "independent" and that we maintain a minimum three-person audit committee whose members satisfy heightened independence requirements. A director qualifies as "independent" if our Board affirmatively determines that the director does not have a relationship with us, an affiliate of ours, or otherwise which, in the opinion of the Board, would interfere with the exercise of independent judgment in discharging his or her duties as a director. Nasdaq rules preclude an affirmative determination by the Board that a director is independent if:

a director who is, or was at any time during the past three years, employed by us or by any subsidiary of ours;

a director who accepted or has a family member who accepted any compensation from us or any subsidiary of ours in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than: (i) compensation for board or board committee service, (ii) compensation paid to a family member who is an employee (other than the executive officer) of the company, or (iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation;

a director who is a family member of an individual who is, or at any time during the past three years was, employed by us or a subsidiary of ours as an executive officer;

Table of Contents

a director who is, or has a family member who is, a partner in, or a controlling stockholder or an executive officer of, any organization to which we made, or from which we received, payments for property or services in the current or any of the past three fiscal years that exceed the greater of 5 percent of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than: (i) payments arising solely from investments in our securities or (ii) payments under non-discretionary charitable contribution matching programs;

a director who is, or has a family member who is, employed as an executive officer of another entity where at any time during the past three years any of our executive officers have served on the compensation committee of such other entity; or

a director who is, or has a family member who is, a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years.

Based on the Nasdaq rules, our Board has determined that Messrs. Budd, Flynn and Roeslein and Ms. Pelletier are independent for purposes of SEC rules and Nasdaq listing compliance and that Mr. Cunningham was independent for the period of time he served on the Board in 2011. Our Board's determinations included reviewing the following relationships and transactions, which the Board concluded did not affect the independence of the applicable director or director nominee:

Mr. Budd. Mr. Budd is a former partner of the law firm of Day, Berry and Howard, LLP, which is now known as Day Pitney LLP ("Day Pitney"), and had served as our general outside counsel for a number of years until his retirement on December 31, 2006. From time to time, our Chairman has engaged, in an individual capacity, Day Pitney for legal services.

Mr. Cunningham. Baltimore Technology Park, LLC, which is majority owned by Mr. Cunningham and his wife, manages the web hosting facilities and provides bandwidth to the members of the University of the Virgin Islands Research and Technology Park (the "RTPark"), located in the US Virgin Islands. Our Choice subsidiary is a member of the RTPark and purchases bandwidth services from an affiliate of Baltimore Technology Park, LLC. Mr. Cunningham resigned from the Company's Board on September 1, 2011.

Director Nomination Process

Our Board does not have a standing nominating committee or any other committee performing similar functions or a charter governing the nomination process. Instead, our independent directors consider director nominees, whether proposed by a stockholder or identified through the Company's processes, in accordance with our Nominating Guidelines and Procedures, as adopted by the Board in February 2007. The independent directors do not rely on a fixed set of qualifications for director nominees but apply general criteria intended to ensure that the Board includes members with significant breadth of experience, knowledge and abilities as well as financial and industry expertise to assist the Board in performing its duties. Minimum qualifications for director nominees include: a reputation for integrity, honesty and adherence to high ethical standards; demonstrated business acumen, experience and judgment related to the objectives of the Company; and the commitment to understand the Company and its industry and actively participate in Board deliberations. Our Board is committed to diversity, and also considers nominees based on their differences of viewpoint, professional experience, education, skill and other characteristics. Director nominees are then recommended to the Board by a majority of our independent directors. In view of the responsibility conferred on the independent directors and the procedures and criteria identified in the Nominating Guidelines and Procedures, our Board believes that there is no additional benefit to us or to our stockholders to be gained from the creation of a standing nominating committee at this time.

Table of Contents

In selecting director nominees pursuant to the Nominating Guidelines and Procedures, the Board's independent directors considers candidates submitted by stockholders and evaluates such candidates in the same manner and using the same criteria as all other director nominee candidates. To submit a director nominee candidate, stockholders should submit the following information: (a) the candidate's name, age and address, (b) a brief statement of the reasons the candidate would be an effective director, (c) the candidate's principal occupation or employment for the past five years and information about any positions on the board of directors of other companies, (d) any business or other significant relationship the candidate has had with us and (e) the name and address of the stockholder making the submission. The Board's independent directors may also seek additional information regarding the director nominee candidate and the stockholder making the submission. All submissions of director nominee candidates made by stockholders should be sent to Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915 and must comply with applicable timing requirements.

Risk Management and Risk Assessment

In accordance with Nasdaq requirements, our Audit Committee has the primary responsibility for the oversight of risk management and risk assessment, including the Company's major financial risk exposures and the steps management has undertaken to control such risks. Our Board of Directors remains actively involved in such oversight of risk management and assessment and receives periodic presentations from our executive officers and certain of their direct reports, as the Board of Directors may deem appropriate. This includes discussions of the Company's balance sheet and capital structure in light of potential capital needs and projections of operating cash flows and the risks to such cash flows. While the Board of Directors maintains such oversight responsibility, management is responsible for the day-to-day risk management processes and makes detailed recommendations on sources and uses of capital. The Board of Directors believes this division of responsibility is the most effective approach for addressing the risks facing the Company. As a general matter, management and the Board of Directors seek to mitigate major risks to the Company's financial condition by striving to maintain a level of debt to annual operating cash flows that allows the Company to survive short-term unforeseen reductions in cash flow or unanticipated large capital spending needs. To date, the Board of Directors believes that the Company has maintained a more conservative level of debt (relative to cash flows) than most of its peers in the telecommunications industry.

For the year ended December 31, 2012, our management, in consultation with the Board, reviewed the Company's compensation policies and practices for employees generally as they relate to risk management. As part of this process, management reviewed the Company's cash and equity incentive compensation plans and practices applicable to all employees to determine whether such programs create incentives that might motivate inappropriate or excessive risk-taking. In the course of such review, the following mitigating features of the Company's incentive compensation programs were considered: (1) the Company's focus on multiple year vesting periods for all equity compensation; (2) management's practice of conservative awards of annual cash bonus payments; (3) the relatively low level of stock option participation among senior management; and (4) the use of restricted stock awards to encourage management to balance "upside" and "downside" risk. As a result of this process, there were no recommended changes to the Company's incentive compensation programs.

Board of Directors' Meetings and Committees

During 2011, our Board met five times either by conference call or in person. In 2011, no director attended fewer than 75% of the meetings of the Board or the meetings of the committee(s) on which he served. Mr. Cunningham resigned from the Board of Directors on September 1, 2011. Although we do not have a policy requiring our directors to attend the Annual Meeting, all of our then-current directors attended last year's annual meeting of stockholders.

Our Board has established two standing committees: the Audit Committee and the Compensation Committee. The current membership of each committee is as follows:

Audit Committee

Charles J. Roesslein, *Chair*
Martin L. Budd
Michael T. Flynn

Compensation Committee

Martin L. Budd, *Chair*
Charles J. Roesslein
Michael T. Flynn

All members of both committees are independent as defined in the listing standards of Nasdaq. Copies of the charters of the Audit Committee and Compensation Committee, as adopted and amended by our Board, are available in the "Corporate Governance" section of our website at ir.atni.com.

Audit Committee

During 2011, the Audit Committee met eight times either by conference call or in person. The functions of the Audit Committee include:

Appointing, compensating, evaluating and overseeing our independent auditor;

Reviewing with our independent auditor the plan and scope of the audit, its status during the year and any recommendations the independent auditor may have for improving or changing the audit and control environment;

Pre-approving the services provided by our independent auditor;

Oversee the Company's internal audit department and its review and testing of the Company's internal control policies, systems and procedures;

Discussing with management and our independent accountant the adequacy of internal accounting and financial controls and, if deemed necessary or appropriate, discussing with each of them, independently of the other, any recommendations on matters that any of them considers to be of importance;

Reviewing our accounting principles, policies and practices and financial reporting policies and practices;

Reviewing our Code of Ethics, the Audit Committee Charter, the Internal Audit Department Charter any other relevant Company policies and the oversight of other compliance matters;

Reviewing and evaluating the effectiveness of the Company's risk assessment and risk management policies and processes;

Reviewing and, if appropriate, approving related party transactions entered into by the Company;

Table of Contents

Reviewing, prior to publication or filing, our annual audited financial statements, quarterly earnings releases and the disclosures that are to be included in our reports on Form 10-Q and Form 10-K, as well as such other information as the Committee deems desirable; and

Undertaking other duties as assigned by our Board.

Our Board has determined that each current member of the Audit Committee meets the financial literacy requirements of Nasdaq. It has also determined that Mr. Roesslein, who is currently the Chair of the Audit Committee and a director nominee for re-election, qualifies as an "audit committee financial expert" under the rules of the SEC and meets the financial sophistication requirements of Nasdaq. In addition, our Board has determined that each of the current members of our Audit Committee meet the Nasdaq and SEC standards for audit committee member independence.

Compensation Committee

The Compensation Committee met twice during 2011, and the Chairman of the Compensation Committee consulted and met several times with the Chief Executive Officer. The Compensation Committee also met once during 2012 to discuss 2011 compensation and bonus awards. The functions of the Compensation Committee include:

Reviewing and determining the compensation of our Chief Executive Officer and reviewing and recommending to the Board the compensation of our other executive officers;

Reviewing with the Chief Executive Officer the compensation of the managers of the Company's key operating units;

Reviewing and discussing our Compensation Discussion and Analysis in our Proxy Statement with management;

Developing, administering and taking all action required or permitted to be taken by the Board under our stock-based incentive plan;

Reviewing and recommending to the Board the compensation of our directors;

Reviewing and making recommendations to the Board regarding the level, coverage, and competitiveness (based on industry data) of our compensation (including salary and bonus), incentives (both current and long-term), benefits (including profit sharing, group health coverage, disability coverage and life insurance benefits, and use of our stock in option, bonus, or appreciation arrangements), and other perquisites; and

Undertaking such other functions as are assigned to the Compensation Committee by the Board.

The Compensation Committee meets several times each year to carry out these responsibilities. Early in the year, the Compensation Committee begins its analysis by reviewing the compensation trends and practices of the Company's identified peer group against the current compensation of the Company's Chief Executive Officer and to some extent, the Company's other executive officers. Following this review, the Chief Executive Officer typically meets with the Chairman of the Compensation Committee in order to discuss the draft compensation recommendations, performance analysis and future objectives of each of the executive officers of the Company and provides the Chairman with a memorandum detailing the Company's performance and individual executive officer performance for the year. Upon the request of the Compensation Committee, the Chief Executive Officer may engage in a detailed discussion of the performance of an executive officer or a manager of the Company's key operating units. The Compensation Committee has been authorized by the Board of Directors to delegate to the Chief Executive Officer the power to make limited awards under the Company's 2008 Equity Incentive Plan (the "2008 Plan") to certain key employees of the Company.

Table of Contents

The Compensation Committee determines the compensation of the Chief Executive Officer in an executive session, following its review of the CEO's performance against his goals for the year, the growth and performance of the Company, his leadership skills for the previous year, his self-analysis for the prior year's performance, and any other relevant factors.

For further information about the Compensation Committee's practices, please see "Compensation Discussion and Analysis," under "Executive Officer Compensation," below.

Compensation Committee Interlocks and Insider Participation

During or prior to the fiscal year ended December 31, 2011, no member of our Compensation Committee was an officer or employee of ours or our subsidiaries or, to our knowledge, had relationships requiring disclosure under the SEC rules. In making these statements, we have relied in part upon representations of those directors.

INDEPENDENT AUDITOR

PwC has audited our accounts since 2002. Our Audit Committee has appointed PwC to be our independent registered public accounting firm for 2012 and we are asking stockholders to ratify this appointment in Proposal 2. The services provided by PwC in 2012 are expected to include, in addition to performing the consolidated audit, audits of certain subsidiaries; review of quarterly reports; issuance of letters to underwriters in connection with registration statements, if any, we may file with the SEC and consultation on accounting, financial reporting, tax and related matters. A representative of PwC is expected to be at the meeting and will have an opportunity to make a statement and respond to questions.

Independent Auditor Fees and Services

The following table presents the aggregate fees for professional services rendered to us by PwC for the years ended December 31, 2011 and 2010:

	2011	2010
Audit Fees(1)	\$ 2,463,992	\$ 2,456,975
Audit Related Fees		
Tax Fees		
All Other Fees		
Total Fees	\$ 2,463,992	\$ 2,456,975

(1) Represents fees for professional services rendered for the audits of our consolidated financial statements, audits of certain subsidiaries and assistance with various documents filed with the SEC.

Audit Committee Pre-Approval Policy and Procedures

In accordance with its written charter, our Audit Committee pre-approves all audit and non-audit services, including the scope of contemplated services and the related fees that are to be performed by PwC, our independent registered public accounting firm. The Audit Committee's pre-approval of non-audit services involves consideration of the impact of providing such services on PwC's independence. The Audit Committee is also responsible for ensuring that any approved non-audit services are disclosed to stockholders in our reports filed with the SEC. PwC did not perform any non-audit services for us in fiscal years 2011 or 2010.

Audit Committee Report

As members of the Audit Committee of the Board of Directors of Atlantic Tele-Network, Inc., we have reviewed and discussed with management the audited financial statements of the Company as of and for the year ended December 31, 2011.

The Audit Committee discussed with the independent registered public accountants the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee received from PwC the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding their communications with the Audit Committee concerning independence, discussed their independence with them and satisfied itself as to PwC's independence.

We have also considered whether the provision of services by PwC not related to the audit of the financial statements referred to above and to the reviews of the interim financial statements included in our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2011, June 30, 2011 and September 30, 2011, is compatible with maintaining the independence of PwC.

Based on the reviews and discussions referred to above, we have recommended to the Board of Directors that the audited financial statements referred to above be included in our Annual Report on Form 10-K for the year ended December 31, 2011.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Our Compensation Committee of the Board of Directors has responsibility for establishing, implementing and maintaining the compensation program for our executive officers. For the purposes of this Compensation Discussion and Analysis, "executive officers" and "executives" means the individuals who served as our Chief Executive Officer and Chief Financial Officer during fiscal 2011, as well as the other individuals included in the *Summary Compensation Table* on page 22 below.

Compensation Philosophy

The primary objective of our executive compensation program is to attract, retain and reward executive officers who contribute to our long-term success and to maintain a reasonably competitive compensation structure as compared with similarly situated companies. We seek to align compensation with the achievement of business objectives and individual and Company performance. The annual cash bonus opportunity together with equity compensation that we provide our executive officers are our main incentive compensation tools to accomplish this alignment, as described below.

A core principle of our compensation philosophy is that a successful compensation program requires the application of judgment and subjective determinations of individual performance. We do not apply a formulaic or mathematical approach to executive compensation. Our Compensation Committee retains discretion to apply its judgment to adjust and align each individual element of our compensation program with the broader objectives of our compensation program and the overall performance and condition of our company at the time final compensation decisions are made. We believe that our relatively lean management structure, the level of communications between our Board of Directors and our senior management team and our corporate culture give us the opportunity to use this approach.

We do not have any employment, severance or change of control agreements with any of our executive officers. To date, we have not relied on executive compensation consultants. Our Compensation Committee does consider the compensation of executive officers at other companies in order to assess the compensation that we offer our executive officers, as discussed below.

External Market Practices and Our Positioning

Generally, we seek to offer executive compensation that is reasonably competitive with companies of a similar size, particularly publicly traded telecommunications companies. Defining a relevant "peer group" for us has been historically difficult because we have the complexity and geographic diversity (and attendant travel demands) of large multi-national companies but have similar total revenues and market capitalization to companies that tend to be focused on a very limited geographic area and provide limited services. Nonetheless, we believe that comparisons to certain other companies can provide us with a useful basic check, mainly for the compensation of our Chief Executive Officer and Chief Financial Officer.

For 2011, our Compensation Committee referred to the executive compensation paid at the following group of companies: Alaska Communications Systems Group, Inc., Cincinnati Bell, Inc., iPCS, Inc., Knology, Inc., Leap Wireless International Inc., NTELOS Holding Corp. and US Cellular Corporation. Our Compensation Committee believed that these companies provided us with helpful indicators of competitive executive compensation levels and pay mix because, as a group, they had the following characteristics that are similar to ours: (1) they are telecommunications and technology companies; (2) several of them have both wireless and wireline operations; and (3) several of them are of similar size to the Company. However, our Compensation Committee regards comparisons of us to these companies as reference points only as such, we did not seek to establish any benchmark in reference to these companies or to require changes in our executive compensation to match changes in those companies' compensation.

Table of Contents**Role of Chief Executive Officer in Compensation Decisions**

At the end of the year, our Chief Executive Officer evaluates the performance of our other executive officers and makes compensation recommendations to our Compensation Committee based upon those evaluations. Our Board has delegated to our Compensation Committee full discretion in its determination of the compensation to be paid to our Chief Executive Officer and our other executive officers, including discretion to modify the recommendations of our Chief Executive Officer in determining the type and amounts of compensation paid to each executive officer. The Compensation Committee interacts directly with the Chief Executive Officer to evaluate his performance, in addition to conducting its own independent assessment of his performance and the performance of the Company during the year.

Elements of Compensation**Overview**

Our executive compensation program is focused on three separate elements:

base salary;

annual cash bonuses; and

equity awards.

Other than as described below, our Compensation Committee does not have any specific policies or targets for the allocation or "pay mix" of these compensation elements.

Base Salary

We seek to set the base salary of each executive at a level that is competitive, taking into account the overall compensation history of the particular executive and our other executives and the base salaries paid by similarly situated companies. In addition to merit-based changes when warranted, our Compensation Committee generally recommends that base salaries increase annually at a rate that is slightly above or below cost-of-living adjustments, as represented by indicators like the Consumer Price Index. In addition to merit-based changes, larger increases (or decreases) may be made based on a change in the responsibilities of the executive. Factors such as the expansion or contraction of the Company and the financial condition and prospects of the Company may also influence the amount of annual salary adjustments. From time to time, comparative market factors also may cause the Compensation Committee to make or recommend increases above or below the normal cost-of-living range.

Below is a chart showing the base salary rates for 2011 for our named executive officers, in comparison to those in effect in 2010. The base salary increases for 2011 were all roughly in the range of cost-of-living increases, with the individual increases falling above or below that range based on previous increases, the history of the executive's compensation with the Company, any expansion or diminution of the executive's responsibilities and the Board's general sense of whether the executive's compensation is at or below the executive's value to the Company.

Named Executive Officer	2011	2010	Annualized
			Percent Increase from 2010
Michael T. Prior	\$ 540,000	\$ 524,000	2.9%
Justin D. Benincasa	\$ 272,000	\$ 265,000	2.6%
William F. Kreisher	\$ 230,000	\$ 225,000	2.2%
Leonard Q. Slap	\$ 228,000	\$ 225,000	1.3%
Karl D. Noone	\$ 212,000	\$ 210,000	1.0%

For 2012, the Compensation Committee determined to increase Mr. Benincasa's base annual salary to \$325,000, an increase of approximately 20% as compared to his annual base salary for 2011. This

Table of Contents

action was taken by the Compensation Committee to recognize the growth of the Company and in an effort to make his cash compensation more competitive, as compared to chief financial officers in our peer group. All other Company executives received base salary adjustments consistent with cost-of-living increases.

Annual Cash and Equity Bonuses*Annual Cash Bonus*

We believe that a significant bonus opportunity, as measured as a percentage of the executive's base salary, motivates executive performance because it makes a significant amount of the executive's overall compensation contingent upon individual and company performance. Further, such approach enables the Company to avoid a higher fixed cost of annual base salaries and gives us the ability to control a major piece of compensation expense if the Company ever experiences a major business reversal.

For 2011, the annual bonus opportunity for our executive officers was as follows:

Named Executive Officer	2011 Annual Bonus Opportunity Expressed as % of Base Salary
Michael T. Prior	100%
Justin D. Benincasa	75%
William F. Kreisher	50%
Leonard Q. Slap	40%
Karl D. Noone	30%

The actual amount of annual cash bonus paid is based on a highly subjective and non-formulaic review of a number of factors, including the performance of the individual, the performance of the Company as a whole and the financial condition and prospects of the Company. Actual bonuses paid can be greater or less than, or equal to, the stated bonus opportunity. Historically, absent exceptional circumstances, the Company has paid bonuses at levels below the maximum opportunity with the Compensation Committee treating the bonus opportunity percentage as more of a ceiling than a target.

Although broad performance objectives are identified at the beginning of each year as means to align individual behavior with Company objectives, it is communicated to each executive that the Compensation Committee and the Board always have the full discretion to determine the extent to which bonuses will be paid or not, regardless of the achievement of any such objectives. In general, the Compensation Committee believes that the extent to which annual bonuses are paid to the most senior members of our management team, such as our Chief Executive Officer and Chief Financial Officer, should be significantly tied to overall Company performance such as significant strategic developments (as assessed by the Compensation Committee) and financial performance. Because our other executive officers exercise less influence over us as a whole than the Chief Executive Officer and Chief Financial Officer, the other executive officers' annual cash bonuses are more dependent upon an assessment of individual performance.

At the end of the year, the Compensation Committee makes an overall assessment of the quality of each executive officer's performance during the year. For executive officers other than the Chief Executive Officer, this assessment is based largely on discussions between the Compensation Committee and the Chief Executive Officer. As noted above, the Compensation Committee interacts directly with the Chief Executive Officer to evaluate his performance, in addition to conducting its own independent assessment of his performance and the performance of the Company during the year.

Table of Contents

For 2011, we paid the annual bonuses to our named executive officers described under the column entitled "Bonus" in the *Summary Compensation Table* for the reasons described below:

Our Chief Executive Officer was paid an annual bonus of \$430,000, representing 80% of his 2011 annual bonus opportunity. In addition to its own favorable assessment of the Chief Executive Officer's performance, the Compensation Committee took particular note of the completion of the critical Alltel transition activities and the Company's growth in revenue and operating income. The Compensation Committee also viewed favorably the CEO's management of rapid growth and change without losing sight of the Company's strategic objectives and culture.

Our Chief Financial Officer was paid an annual bonus of \$165,000, or 81% of his 2011 annual bonus opportunity. As with the Chief Executive Officer, the Compensation Committee took note of the Company's financial performance for the year and the completion of the Alltel transition. The Chief Financial Officer's annual bonus was also based on a favorable assessment of his individual performance, including his work on restructuring some of the Company's accounting and other "back office" functions to capture growing economies of scale and the revisions to the Company's credit facility, which reduced interest expense and increased operating flexibility.

In reviewing with the Chief Executive Officer the recommendations for annual bonuses to be paid to the other executives, the Compensation Committee considered each officer's contribution to achieving the Company's financial performance and continued growth. In addition, in assessing each officer's performance and determining award amounts, the Compensation Committee acknowledged the following individual achievements:

With respect to Mr. Kreisher, his work negotiating and completing the merger of our Bermuda operations and his efforts on several other strategic initiatives.

With respect to Mr. Slap, his work on a number of projects, including the merger of our Bermuda operations, the rapid expansion of the Company's internal legal service capability and productivity and better coordination between parent company and operating companies on legal and compliance matters.

With respect to Mr. Noone, his work establishing a new internal audit function and improving the Company's international reporting quality and efficiency.

With respect to all three of these officers, the Company's solid financial performance, including the increase in our revenues from 2010 to 2011 by 23% to over \$750 million, and increase in operating income during that time period by 44%, was also a positive factor. As it does every year, the Compensation Committee also considered issues of internal equity that would arise from the payment of these bonuses. Based on the foregoing, the Compensation Committee determined to pay the following annual bonuses to the other named executive officers: William F. Kreisher, \$100,000 or 87% of his 2011 annual bonus opportunity; Leonard Q. Slap, \$85,000 or 93% of his 2011 annual bonus opportunity and Karl D. Noone, \$55,000 or 86% of his 2011 annual bonus opportunity.

Annual Equity Bonus

Under our 2008 Plan, we may grant stock options, restricted stock and other equity awards to our directors, consultants and employees, including our executive officers. Awards made under the 2008 Plan may be granted subject to conditions and restrictions, including voting requirements, achievement of performance goals and forfeiture and recapture of shares upon certain events. Our Compensation Committee, composed entirely of independent directors, grants awards to our employees under our 2008 Plan. Mr. M. Prior has authority to make limited grants under the 2008 Plan to certain key employees of the Company following consultation with the Compensation Committee.

Table of Contents

Historically, equity compensation has not been as significant a component of our executive compensation as it is for most of our peers and other public companies, although recently the Compensation Committee has been modifying that approach as discussed further below. We have awarded significant equity compensation in connection with the hiring or promotions of executive officers. For new hires, the awards typically are made at the next regularly scheduled Compensation Committee meeting following the hire or promotion. In general, we have awarded stock options and restricted stock with time-based vesting schedules of four years, and, in the case of stock options, have had a term of either seven or ten years.

On March 22, 2012 the Compensation Committee granted the following equity compensation to the Company's named executive officers for their 2011 achievements:

	Stock Awards (shares)	Option Awards (shares)
Michael T. Prior	20,000	30,000
Justin D. Benincasa	10,000	10,000
William F. Kreisher	2,000	15,000
Leonard Q. Slap	6,000	5,000
Karl D. Noone	5,000	4,000
Total	43,000	64,000

Both the stock and option awards vest ratably over a period of four years. The option awards have a ten year term and an exercise price of \$37.36 per share. In making equity awards to our Chief Executive Officer in the past, the Compensation Committee has considered that he is the son of the Company's Chairman and largest stockholder and therefore has historically awarded him less than the amount of equity that it believes would be more typical and competitive for his position with the Company and the considerable success of the Company under his leadership. The Compensation Committee has communicated this approach to the Chief Executive Officer.

In recent years, we have been increasing the amount of equity compensation we have been awarding. As we diversify and expand our business through acquisitions, we have added key employees throughout our operations and deepened and broadened our senior management team. The expansion of the senior management team in previous years included hiring teams devoted to each of our U.S. wireless and international operations, our Senior Vice President and Corporate Controller and our Senior Vice President and General Counsel. Many of the individuals we compete for have worked for companies that have made equity compensation a greater part of overall compensation than we have or otherwise have an expectation of receiving greater equity compensation. To stay competitive in attracting and retaining talent in these circumstances, we needed to offer more equity compensation than in the past.

While the Compensation Committee believes it is an important policy of the Board to seek to keep the aggregate shares underlying outstanding stock options and unvested restricted stock at a reasonable level in relation to our outstanding equity (calculated on a fully diluted basis), we believe that equity compensation will remain a critical recruitment, retention and incentive tool.

In approving the annual cash bonus and equity incentive awards, the Compensation Committee assesses the risks associated with the adoption of these awards, including the performance measures and goals for the awards, and for 2011 concluded that the equity incentive awards approved would not be likely to encourage excessive risk taking. Specifically, in making awards in March 2012 for 2011 performance, the Compensation Committee considered the individual's role with the Company and the importance of balancing the growth incentive and potential dilution represented by stock option awards with the capital preservation incentives represented by restricted stock awards. For example, the

Compensation Committee feels that the Chief Executive Officer and Chief Financial Officer benefit from significant outright stock ownership in order to discourage excessive risk taking.

Retirement, Benefits and Other Arrangements

In 2008, we adopted a deferred compensation plan for our then existing executives. This plan is intended to provide retirement income to our executive officers. It was adopted to offset a reduction in our annual contributions to these executives' accounts under our 401(k) retirement plan that we instituted as a result of the consolidation of our 401(k) plan with similar plans of companies that we acquired. Under this plan, we make quarterly credits equal to 8% of the executive's then current base salary to an account on behalf of the executive. In addition to these quarterly credits, we may make additional credits in our sole discretion. See the description of the deferred compensation plan under the caption *Non-Qualified Deferred Compensation Plan Transactions in 2011* for more information. Executives hired after 2008 do not participate in this plan. Except for this plan, our executive officers currently do not receive any benefits, including retirement, medical and dental, life and disability insurance, which are not also available to all of our employees.

We have no change of control agreements with, or severance plans with respect to, any of our executive officers.

"Say on Pay" Advisory Approval of Executive Compensation

As required by Section 14A of the Securities Exchange Act, in 2011 we conducted our first advisory vote of stockholders with respect to the compensation of our named executive officers. At the 2011 Annual Meeting, more than 90% of the shares present, or present by proxy and entitled to vote at the 2011 Meeting approved of our named executive officer compensation. While the approval was advisory and non-binding in nature, the Board of Directors and Compensation Committee value the opinion of stockholders and consider this outcome as an indication that stockholders agree that our executive compensation programs use appropriate structures and policies that are effective in achieving our Company's goals and objectives. As a consequence, the Compensation Committee has not made significant changes in our executive compensation programs as a result of the advisory vote.

At the 2011 Annual Meeting, stockholders also voted on a non-binding and advisory basis to hold an advisory vote on executive compensation every three years. Accordingly, the Company will ask stockholders to participate in an advisory vote on executive compensation at the 2014 Annual Meeting.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

The amounts reported in this column are reported for fiscal 2011 in the "All Other Compensation" column of the 2011 Summary Compensation Table.

Effective as of December 5, 2008, we adopted a non-qualified deferred compensation plan for our then existing executive officers. This plan is intended to provide retirement income to our executive officers and was adopted to offset a reduction in our annual contributions to those executives' accounts under our 401(k) retirement plan that we instituted as a result of the consolidation of our 401(k) plan with similar plans of companies that we acquired. Accordingly, we do not expect to add newly hired executives to this plan and Messrs. Slap and Noone are not participants in the plan. Under this plan, we make quarterly credits equal to 8% of the executive officer's then current quarterly base salary to an account in the plan on behalf of the executive. In addition to these quarterly credits, the Compensation Committee may make additional credits in its sole discretion. Credits to such executive officer's account under the plan will be deemed to be invested in one or more investment funds selected by the executive officer from among alternatives approved by the Compensation Committee. Overall investment return is dependent upon the performance of each executive officer's selected investment alternatives. Credits will be fully vested at all times and the executive officers will have a nonforfeitable interest in the balance of their respective accounts. Benefits under the plan are payable upon a separation from service in a cash lump sum or in accordance with a fixed schedule elected by the executive officer. Distributions may be made prior to the executive officer's separation from service only for certain financial hardship reasons. The plan is intended to be compliant with Section 409A of the Internal Revenue Code of 1986, as amended, and to constitute a non-qualified, unfunded executive benefit plan.

Potential Payments Upon Termination or Change of Control

All of our employees, including our named executive officers, are employees-at-will and, as such, do not have employment contracts or retention agreements with us. In addition, we do not have change-in-control or severance agreements with any of our named executive officers.

Table of Contents**DIRECTOR COMPENSATION**

Our Compensation Committee has the responsibility of reviewing and making recommendations to the Board regarding director compensation. We use a combination of cash and stock-based incentive compensation to attract and retain qualified directors. In setting director compensation, we consider the time demand and the requisite knowledge and expertise required to effectively fulfill their duties and responsibilities to us and our stockholders. We also consider the compensation set by similar sized companies in our determination of director compensation.

The table below summarizes the compensation paid to, or earned by, our non-employee directors for the fiscal year ended December 31, 2011. Mr. M. Prior, our Chief Executive Officer does not receive any compensation for his Board service beyond the compensation he receives as an executive officer of the Company.

RELATED PERSON TRANSACTIONS

Policy on Related Person Transactions

Our Board has a written Related Person Transaction Policy that sets forth our policies and procedures for the reporting, review, and approval or ratification of each related person transaction. Our Audit Committee is responsible for implementing this policy and determining whether any related person transaction is in our best interests. The policy applies to transactions and other relationships that would need to be disclosed in this proxy statement as related person transactions pursuant to SEC rules. In general, these transactions and relationships are defined as those involving a direct or indirect interest of any of our executive officers, directors, nominees for director and 5% stockholders, as well as specified members of the family or household of any of these individuals or stockholders, where we or any of our affiliates have participated in the transaction(s) as a direct party or by arranging the transaction(s) and the transaction(s) involves more than \$100,000 in any calendar year. The policy also provides that certain types of transactions are deemed to be pre-approved or ratified, as applicable by our Audit Committee.

In June 2010, we entered into a joint venture with Schuchman Consulting LLC ("Schuchman Consulting"), an entity wholly owned by Brian A. Schuchman, one of our directors. The purpose of the joint venture is to actively evaluate wireless opportunities in the Caribbean, including an investment made in Aruba in June 2010 consisting of a newly-created company called Caribbean Telecom Partners, LLC ("CTP"). Schuchman Consulting provides the day-to-day management of CTP, including identifying new investment opportunities for CTP in the Caribbean. Pursuant to a consulting agreement between CTP and Schuchman Consulting, CTP paid Schuchman Consulting \$60,000 for these services in 2011 and approximately \$15,000 for these services since January 1, 2012. CTP has established an equity incentive pool consisting of non-voting common stock for its management team equal to 10% of its common equity, of which one-half has been issued to Schuchman Consulting. Customary non-competition and non-solicitation agreements are in place between Schuchman Consulting and CTP.

In April 2011, we entered into an agreement through our Choice Communications, LLC ("Choice") subsidiary to purchase bandwidth in the US Virgin Islands from Adveniat, LLC ("Adveniat"), a subsidiary of Baltimore Technology Park, LLC, a company wholly owned by Thomas Cunningham, who was an independent director of the Company from May 2008 through September 1, 2011. Choice is a member of the University of the Virgin Islands Research and Technology Park (the "RTPark") and is required in accordance with its membership to purchase bandwidth from Adveniat, the RTPark's preferred vendor. From April 1, 2011 through September 1, 2011, the date of Mr. Cunningham's resignation from the Company's Board of Directors, Choice paid Adveniat approximately \$110,000 for bandwidth services. Choice has paid Adveniat approximately \$860,000 for bandwidth services from the date of his resignation to date.

Our Audit Committee negotiated the specific structure and terms of the joint venture and the Adveniat transaction and unanimously approved the arrangement described above in accordance with the terms of our Related Person Transaction Policy.
