Heritage Commerce Corp Reports Financial Results
for the Year Ended December 31, 2002

Heritage Commerce Corp (the "Company") (Nasdaq: HTBK) today reported consolidated operating results for the year ended December 31, 2002. Consolidated net income was \$7,177,000, or \$0.63 per diluted share, compared to \$7,268,000, or \$0.64 per diluted share, for the year ended December 31, 2001. Return on average assets and return on average equity for the year ended December 31, 2002 were 0.77% and 9.14%, respectively, compared with returns of 0.84% and 10.23%, respectively, for the year ended December 31, 2001.

For the three months ended December 31, 2002, the Company reported net income of \$2,291,000, or \$0.20 per diluted share. For the three months ended December 31, 2001, net income was \$1,374,000, or \$0.12 per diluted share. Return on average assets and return on average equity for the three months ended December 31, 2002 were 0.95% and 11.07%, respectively, compared with returns of 0.60% and 7.30%, respectively, for the three months ended December 31, 2001.

Net interest income declined \$3,120,000, or 8%, for the year ended December 31, 2002 to \$37,519,000 from \$40,639,000 for the year December 31, 2001. Although the Company experienced a 5% increase in the volume of average earning assets during 2002, it did not fully offset the effect of the decline in interest rates. Overall, the Company's net interest margin declined 61 basis points to 4.39% for the year ended December 31, 2002, from 5.00% for the year ended December 31, 2001, reflecting the impact of a full year's reduction in interest rates that took place in 2001. The Company's net interest margin was 4.55% for the three months ended December 31, 2002, compared with 4.17% for the three months ended December 31, 2001 and 4.36% for the third quarter of 2002, evidencing the effect of interest bearing deposits repricing at lower interest rates.

NoninterestNoninterest income was \$9,030,000 for the year ended December 31, 2002, compared with \$6,297,000 for the year ended December 31, 2001. The increase in 2002 of \$2,733,000, or 43%, was primarily due to increases in gain on sale of securities of \$304,000, service charges and other fees of \$458,000, servicing income of \$603,000, gain on sale of SBA loans of \$504,000, and other noninterest income of \$864,000. The increase in other noninterest income was primarily due to an increase in fees of \$459,000 from the Company's residential mortgage loan operation. The increase in servicing income and the overall increase in gain on sales of loans was primarily the result of increased SBA loan origination from the Company's eight SBA loan production offices. The increases in service charges and other fees were primarily the result of an increase in activity resulting from the growth of the Company. In addition, the fourth quarter of 2002 includes a \$172,000 gain on sale of the Company's credit card portfolio and \$103,000 of leasing income.

During 2002 the Company continued to focus on managing operating expenses. NoninterestNoninterest expense for the year ended December 31, 2002 was \$33,209,000, down slightly from \$33,348,000 for the year ended December 31, 2001. Salaries and employee benefits, the single largest component of operating expenses, were \$18,116,000 for the year ended December 31, 2002, approximately equal to \$18,120,000 for the year ended December 31, 2001. The fourth quarter includes approximately \$300,000 of severance and other expenses associated with the merger of the wholly owned subsidiaries of the Company.

As of December 31, 2002, the Company's total assets were \$958,752,000, an increase of \$46,022,000, or 5%, from \$912,730,000 as of December 31, 2001. Total loans were \$673,907,000 as of December 31, 2002, up 6% from \$632,917,000 as of December 31, 2001. Total deposits were \$841,936,000 as of December 31, 2002, up 4% from \$807,908,000 as of December 31, 2001.

The Company added \$2,663,000 to the loan loss provision in 2002, compared with \$1,910,000 in 2001, an increase of \$753,000, or 39%. The Company's net loan charge-offs for the year ended December 31, 2002 were \$591,000, representing 0.09% of average loans, compared to \$406,000, representing 0.07% of average loans, for the year ended December 31, 2001. The Company's allowance for loan losses was \$13,227,000, or 1.96% of total loans, as of December 31, 2002, compared to \$11,154,000, or 1.76% of total loans, as of December 31, 2001. The increase in the

allowance for loan losses reflects continued weaknesses in the economy. The Company's nonperforming assets were \$4,571,000, or 0.68% of outstanding loans, as of December 31, 2002, primarily a result of the placement of one commercial real estate loan on nonaccrual status in 2002. There were no nonperforming assets as of December 31, 2001.

Shareholders' equity as of December 31, 2002 was \$82,865,000 compared with \$74,574,000 as of December 31, 2001. Book value per share increased to \$7.39 as of December 31, 2002, from \$6.71 as of December 31, 2001. The Company's leverage capital ratio was 10.80% as of December 31, 2002, up from 10.20% as of December 31, 2001. All of the Company's subsidiary bank capital ratios continue to be above the well-capitalized guidelines established by the bank regulatory agencies.

During 2002, the Company's Board of Directors approved the merger of three of its wholly owned commercial bank subsidiaries into the Company's original wholly owned bank subsidiary. On January 1, 2003, Heritage Bank East Bay, Heritage Bank South Valley, and Bank of Los Altos were merged into Heritage Bank of Commerce. Heritage Bank East Bay, Heritage Bank South Valley, and Bank of Los Altos now operate as divisions of Heritage Bank of Commerce and continue to serve their local markets and communities under their current names. As the Company continues to develop, consolidating the four bank operations under one bank charter is expected to eliminate many of the duplicate activities required to maintain four separate charters, thus creating opportunities for additional cost savings and increased efficiency in the delivery of products and services.

Heritage Commerce Corp, a bank holding company established in February 1998, is the parent company of Heritage Bank of Commerce, headquartered in San Jose. Heritage Bank of Commerce has three divisions: Heritage Bank East Bay, headquartered in the city of Fremont with an office in Danville; Heritage Bank South Valley in Morgan Hill with an office in Gilroy, and Bank of Los Altos, with two locations in Los Altos and one in Mountain View, and SBA Loan Production Offices in San Jose, Fresno, Santa Cruz, Elk Grove, Watsonville, Chico, Pittsburg, and Glendale.

The Company's common stock is listed on the Nasdaq National Market under the symbol "HTBK".

Readers should carefully review the risk factors described in other documents the Company files from time to time with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2001 and the Quarterly Reports on Form 10-Q filed by the Company in fiscal 2002.
