Fitch Ratings

On April 22, 2010, Fitch Ratings ( Fitch ) announced that it has revised its rating outlook to stable from negative for IDACORP, Inc. ( IDACORP ) and Idaho Power Company ( IPC ). Fitch also affirmed its current ratings for the two companies.

Fitch stated that the change to a stable rating outlook for IPC reflects a more balanced regulatory environment in Idaho, as evidenced by several constructive regulatory actions in the last 15 months that, according to Fitch, have lowered IPC s operating risk and improved IPC s financial performance. The Idaho regulatory actions noted by Fitch include (1) the Idaho Public Utilities Commission s ( IPUC ) January 2009 order in IPC s 2008 general rate case, involving a modest general rate increase and positive changes to IPC s power cost adjustment ( PCA ) mechanism, and (2) the IPUC s January 2010 order approving a general rate settlement which authorizes IPC and its customers to share the benefits of the 2010 PCA reduction. Fitch noted that IPC s April 2010 PCA filing with the IPUC calculates a \$146.7 million 2010 PCA reduction, which if approved by the IPUC would include a \$25 million increase in IPC s base rates and a \$63.7 million increase in IPC s annual base net power supply costs. Fitch stated that the proposed base rate increases and current PCA mechanism should help mitigate the downside risk for IPC s financial performance.

Fitch also cited improvements in IPC s financial performance as reflected in IPC s reported 2009 cash flows and interest coverage and debt ratios. Fitch further referenced the benefits of IPC s other cost recovery mechanisms in Idaho and the prior approval from the IPUC of IPC s Langley Gulch project.

The following outlines the former and current Fitch ratings of IPC s and IDACORP s securities:

These security ratings reflect the views of the rating agencies. An explanation of the significance of these ratings may be obtained from each rating agency. Such ratings are not a recommendation to buy, sell or hold securities. Any rating can be revised upward or downward or withdrawn at any time by a rating agency if it decides that the circumstances warrant the change. Each rating should be evaluated independently of any other rating.

#### Deloitte & Touche LLP 2010 Engagement Letter

Item 2 of IDACORP's proxy statement, dated April 7, 2010, for the Annual Meeting of Shareholders to be held May 20, 2010 asks shareholders to ratify the appointment of Deloitte & Touche LLP as IDACORP's independent registered public accounting firm for 2010. In Item 2 IDACORP stated that it expected the engagement letter with Deloitte & Touche LLP for 2010 to contain provisions similar to those in its 2009 engagement letter for alternative dispute resolution and for the exclusion of punitive damages awards. IDACORP's final 2010 engagement letter with Deloitte & Touche LLP, however, will not contain provisions excluding punitive damages awards.
