*Press Release Regarding Offering of Senior Notes Due 2024*

On May 15, 2013, SM Energy Company (the *Company* ) issued a press release announcing that it had commenced its offering of an expected \$400 million aggregate principal amount of senior notes due 2024 (the *Senior Notes* ). The notes offering is being made solely to qualified institutional buyers, as defined in Rule 144A under the Securities Act, and to certain non-U.S. persons, as defined in Regulation S under the Securities Act. A copy of the press release is furnished as Exhibit 99.1 to this report.

*Disclosure of Certain Information*

The Company is offering the Senior Notes pursuant to a preliminary confidential offering memorandum dated May 15, 2013 (the *Preliminary Offering Memorandum* ). The Preliminary Offering Memorandum contains the following information regarding the outstanding balance under the Company's credit facility, which has not been previously disclosed.

As of May 13, 2013, the Company had approximately \$478.5 million of indebtedness outstanding under its credit facility.

**Item 8.01** **Other Events.**

On January 1, 2013, the Company adopted Accounting Standards Update (ASU) No. 2011-11, *Disclosures about Offsetting Assets and Liabilities* (ASU 2011-11), which enhances disclosures by requiring an entity to disclose information about netting arrangements, including rights of offset, to enable users of its financial statements to understand the effect of those arrangements on its financial position, and ASU No. 2013-01, Balance Sheet (Topic 210) *Clarifying the Scope of Disclosures about Offsetting Assets and Liabilities* (ASU 2013-01), which clarifies the specific instruments that should be considered in these disclosures. These pronouncements were issued to facilitate comparison between financial statements prepared on the basis of accounting principles generally accepted in the United States and International Financial Reporting Standards. These disclosures are effective for annual and interim reporting periods beginning on or after January 1, 2013 and are to be applied retrospectively for all comparative periods presented. The impact of retrospectively adopting these pronouncements did not impact the Company's consolidated financial statements.

As of March 31, 2013 and as of December 31, 2012 and 2011, all derivative instruments held by the Company were subject to enforceable master netting arrangements held by various financial institutions. In general, the terms of the Company's agreements provide for offsetting of

amounts payable or receivable between it and the counterparty, at the election of both parties, for transactions that occur on the same date and in the same currency. The Company's agreements also provide that in the event of an early termination the counterparties have the right to offset amounts owed or owing under that and any other agreement with the same counterparty. The Company's accounting policy is to not offset these positions in its Consolidated Balance Sheets.

The following table presents unaudited disclosures required by ASU 2011-11 and ASU 2013-01 and provides a reconciliation between the gross assets and liabilities reflected on the balance sheets and the potential effects of master netting arrangements on the fair value of the Company's derivative contracts at March 31, 2013, December 31, 2012, and December 31, 2011.
