**Item 1.01. Entry into a Material Definitive Agreement.**

*Private Placement of Convertible Senior Notes*

On February 15, 2017, OSI Systems, Inc. (the *Company*) entered into a purchase agreement (the *Purchase Agreement*) with Merrill Lynch, Pierce, Fenner & Smith Incorporated, Wells Fargo Securities, LLC, J.P. Morgan Securities LLC and the other initial purchasers named in Schedule A thereto (collectively, the *Initial Purchasers*), pursuant to which the *Company* agreed to issue and sell, severally and not jointly, and the *Initial Purchasers* agreed, severally not jointly, to purchase, subject to the terms and conditions set forth in the *Purchase Agreement*, \$250 million aggregate principal amount of the *Company*'s 1.25% Convertible Senior Notes due 2022 (the *Notes*). The *Company* also granted the *Initial Purchasers*, acting severally and not jointly, an option to purchase up to an additional \$37.5 million aggregate principal amount of *Notes*, solely to cover over-allotments. The *Purchase Agreement* contains customary representations, warranties and agreements of the *Company*, conditions to closing, indemnification rights and obligations of the parties and termination provisions.

On February 22, 2017, the *Company* closed the issuance and sale of \$250 million aggregate principal amount of *Notes* to the *Initial Purchasers* pursuant to the *Purchase Agreement*. Neither the *Notes* nor the shares of common stock of the *Company*, par value \$0.001 per share ( *Common Stock* ) issuable upon conversion thereof, if any, have been registered under the Securities Act of 1933, as amended (the *Securities Act* ) or any other securities laws. The *Notes* were offered and sold to the *Initial Purchasers* in reliance on the exemption from registration provided by Section 4(a)(2) of the *Securities Act*. The *Initial Purchasers* anticipate selling the *Notes* to qualified institutional buyers pursuant to the exemption from registration provided by Rule 144A under the *Securities Act*.

The *Company* used approximately \$35 million of the net proceeds from the sale of the *Notes* to repurchase 451,600 shares of *Common Stock* from purchasers of the *Notes*. The *Company* intends to use approximately \$208.4 million of the net proceeds from the sale of the *Notes* to repay a portion of the revolving credit borrowings under its existing credit facility. The remaining net proceeds from the sale of the *Notes*, if any, will be used for general corporate purposes.

The *Notes* were issued pursuant to an indenture (the *Indenture* ), dated as of February 22, 2017, between the *Company* and Branch Banking and Trust Company, as trustee (the *Trustee* ). The *Notes* bear interest at a rate of 1.25% per year, payable semiannually in arrears on March 1 and September 1 of each year, beginning on September 1, 2017. The *Notes* will mature on September 1, 2022, unless earlier converted, redeemed or repurchased. Upon conversion, holders of the *Notes* will receive cash, shares of *Common Stock*, or a combination of cash and shares of *Common Stock*, at the *Company*'s election.

If the *Company* undergoes a fundamental change (as defined in the *Indenture*), subject to certain conditions, holders of the *Notes* may require the *Company* to repurchase for cash all or any portion of their *Notes*. The fundamental change repurchase price for the *Notes* generally will be equal to 100% of the principal amount of the *Notes* to be repurchased, plus accrued and unpaid interest to, but excluding, the fundamental change repurchase date.

## Edgar Filing: OSI SYSTEMS INC - Form 8-K

Holders may surrender their Notes for conversion at any time prior to the close of business on the business day immediately preceding March 1, 2022 only upon the satisfaction of certain conditions relating to the closing sale price of the Common Stock, the trading price per \$1,000 principal amount of Notes, specified corporate events or the Company's call for redemption of any or all of the Notes. On or after March 1, 2022 until the close of business on the business day immediately preceding the maturity date, holders of Notes may surrender their Notes for conversion at any time, regardless of the foregoing circumstances.

The initial conversion rate is 9.3056 shares of Common Stock for each \$1,000 principal amount of Notes, which represents an initial conversion price of approximately \$107.46 per share of Common Stock. The conversion rate is subject to adjustment in certain circumstances.

The Company may not redeem the Notes prior to March 6, 2020. The Company may redeem for cash all or any portion of the Notes, at the Company's option, on or after March 6, 2020 upon the satisfaction of certain conditions relating to the closing sale price of the Common Stock at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date. No sinking fund is provided for the Notes, which means that the Company is not required to redeem or retire the Notes periodically.

If an event of default (as defined in the Indenture) occurs and is continuing, the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Notes may declare the principal amount of the Notes to be due and payable immediately. In the case of an event of default arising out of certain events of bankruptcy, insolvency or reorganization (as set forth in the Indenture), the principal amount of the Notes and accrued and unpaid interest, if any, will automatically become immediately due and payable.

The Notes are senior unsecured obligations of the Company and rank (i) senior in right of payment to any indebtedness of the Company that is expressly subordinated in right of payment to the Notes; (ii) equal in right of payment to any unsecured indebtedness of the Company that is not so subordinated; (iii) effectively junior in right of payment to any secured indebtedness of the Company, including the Company's credit facility, to the extent of the value of the assets securing such indebtedness; and (iv) structurally junior to all indebtedness and other liabilities (including trade payables) of the Company's subsidiaries, as well as any existing and future indebtedness of the Company that may be guaranteed by the Company's subsidiaries to the extent of such guarantee, including the guarantees of certain subsidiaries of the Company under the Company's existing credit facility.
