**Vale on the reestablishment of the waste water treatment systems of the Tubarão Port Complex**

Rio de Janeiro, February 13th, 2019 - Vale S.A. ( Vale ) informs that, it has signed an agreement with the City Government of Vitória to return its operations at the Tubarão Port Complex, with the clearance of the waste water treatment systems that were interdicted since last Thursday (February 7th), resulting in the immediate return of the supply stocking area, the pelletizing plants 1, 2, 3 and 4 and also the port services of coal. The agreement establishes that Vale will anticipate investments in initiatives to improve waste water treatment and port air quality control systems, thus contributing to the improvement of the air management of the city of Vitória (state of Espírito Santo).

Additionally, inspections were carried out by the City Environmental Authorities and by the State Environmental Institute on February 8th and 9th, when it was verified no irregularity in the waste water treatment system which operates according to the Operational License.

This press release may include statements that present Vale's expectations about future events or results. All statements, when based upon expectations about the future, involve various risks and uncertainties. Vale cannot guarantee that such statements will prove correct. These risks and uncertainties include factors related to the following: (a) the countries where we operate, especially Brazil and Canada; (b) the global economy; (c) the capital markets; (d) the mining and metals prices and their dependence on global industrial production, which is cyclical by nature; and (e) global competition in the markets in which Vale operates. To obtain further information on factors that may lead to results different from those forecast by Vale, please consult the reports Vale files with the U.S. Securities and Exchange Commission (SEC), the Brazilian Comissão de Valores Mobiliários (CVM), and the French Autorité des Marchés Financiers (AMF), and in particular the factors discussed under "Forward-Looking Statements" and "Risk Factors" in Vale's annual report on Form 20-F.
