Information About Voting

Who Can Vote at the Meeting

You are entitled to vote the shares of SI Financial common stock that you owned as of the close of business on March 14, 2011. As of the close of business on March 14, 2011, a total of 10,576,849 shares of SI Financial common stock were outstanding. Each share of common stock has one vote.

Ownership of Shares; Attending the Meeting

You may own shares of SI Financial in one of the following ways:

• Directly in your name as the stockholder of record;

• Indirectly through a broker, bank or other holder of record in “street name”; or

• Indirectly through the SI Financial Group, Inc. Stock Fund (the “Stock Fund”) in the Savings Institute Bank and Trust Company Profit Sharing and 401(k) Savings Plan (the “401(k) Plan”), the Savings Institute Bank and Trust Company

Employee Stock Ownership Plan (the “ESOP”) and Trust, or the trust that holds restricted stock awards issued under the SI Financial Group, Inc. 2005 Equity Incentive Plan (the “Equity Incentive Plan”).

Table of Contents

If your shares are registered directly in your name, you are the holder of record of these shares and have the right to give your proxy directly to us or to vote in person at the meeting.

If you hold your shares in street name, your broker, bank or other holder of record is sending these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Your broker, bank or other holder of record may allow you to provide voting instructions by telephone or by the Internet. Please see the instruction form provided by your broker, bank or other holder of record that accompanies this proxy statement. If you hold your shares in street name, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of SI Financial common stock held in street name in person at the meeting, you must obtain a written proxy in your name from the broker, bank or other nominee who is the record holder of your shares.

Quorum and Vote Required

Quorum. We will have a quorum and be able to conduct the business of the annual meeting if the holders of a majority of the outstanding shares of common stock entitled to vote are present at the meeting, either in person or by proxy.

Votes Required for Proposals. At this year's annual meeting, stockholders will be asked to elect three directors to serve a term of three years. In voting on the election of directors, you may vote in favor of the nominees or withhold votes as to any nominee. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast at the annual meeting. This means that the nominees receiving the greatest number of votes will be elected.

In voting on the ratification of the appointment of Wolf & Company, P.C. as the Company's independent registered public accounting firm or on the non-binding resolution to approve the compensation of the named executive officers, you may vote in favor of the proposal, vote against the proposal or abstain from voting. To ratify the selection of Wolf & Company as our independent registered public accounting firm for 2011 or to approve the compensation of the named executive officers, the affirmative vote of a majority of the votes cast is required on the non-binding resolution to approve the compensation of the named executive officers.

In voting on the frequency of the stockholder vote to approve the compensation of the named executive officers, you may vote for a frequency of one, two or three years, or you may abstain from voting. This proposal will be determined by a plurality of the votes cast.

Effect of Not Casting Your Vote. If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Item 1 of this Proxy Statement) or with respect to either of the advisory votes regarding the compensation of our named executive officers (Items 3 and 4 of this Proxy Statement). Current regulations restrict the ability of your bank or broker to vote your uninstructed shares in the election of directors and other matters on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors or for the advisory votes regarding the compensation of our named executive officers, no votes will be cast on your behalf. These are referred to as broker non-votes. Your bank or broker does, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company's independent registered public accounting firm (Item 2 of this Proxy Statement).

How We Count Votes. If you return valid proxy instructions or attend the meeting in person, we will count your shares to determine whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted to determine the existence of a quorum.

Table of Contents

In the election of directors, votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In counting votes on the proposals to ratify the selection of the independent registered public accounting firm and the non-binding vote on the compensation of the named executive officers, abstentions will have the same effect as a negative vote while broker non-votes will have no effect on the proposal.

Abstentions and broker non-votes will have no effect on the outcome of the frequency of the stockholder vote on the compensation of the named executive officers.

Voting by Proxy

The Board of Directors of SI Financial is requesting that you allow your shares of SI Financial common stock to be represented at the annual meeting by the persons named in the proxy card. All shares of SI Financial common stock represented at the annual meeting by properly executed and dated proxy cards will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. The Board of Directors recommends a vote:

• FOR each of the nominees for director;

• FOR ratification of Wolf & Company, P.C. as the independent registered public accounting firm;

• FOR the approval of the compensation of the named executive officers; and

• FOR the approval of a stockholder vote to approve the compensation of the named executive officers every three years. Stockholders are not voting to approve or disapprove this recommendation by the Board of Directors.

If you received a notice and wish to receive a paper copy of the proxy card, you can obtain a copy by:

• Calling (800) 951-2405;

• Visiting <http://www.cfpproxy.com/6954>; or

• E-mailing fulfillment@rtco.com and entering the Stockholder Control Number located on the notice when prompted or entering the Stockholder Control Number in the subject line.

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named in the proxy card will use their judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the annual meeting to solicit additional proxies. If the annual meeting is postponed or adjourned, your SI Financial common stock may be voted by the persons named in the proxy card on the new annual meeting date as well, unless you have revoked your proxy. We do not know of any other matters to be presented at the annual meeting.

You may revoke your proxy at any time before the vote is taken at the meeting. To revoke your proxy, you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later dated proxy or attend the meeting and vote your shares in person. Attendance at the annual meeting will not in itself constitute revocation of your proxy.

Table of Contents

Participants in the ESOP, 401(k) Plan or Equity Incentive Plan

If you participate in the ESOP, the Equity Incentive Plan or if you invest in SI Financial common stock through the Stock Fund in the 401(k) Plan, you will receive a voting instruction card for each plan that will reflect all the shares that you may direct the trustees to vote on your behalf under the respective plans. Under the terms of the ESOP, all allocated shares of SI Financial common stock held by the ESOP are voted by the ESOP trustee, as directed by plan participants. All unallocated shares of SI Financial common stock held by the ESOP and all allocated shares for which no timely voting instructions are received are voted by the ESOP trustee in the same proportion as shares for which the trustee received voting instructions from other plan participants, subject to the exercise of its fiduciary duties. Under the terms of the 401(k) Plan, participants may direct the Stock Fund trustee how to vote the shares credited to their accounts. The Stock Fund trustee will vote all shares for which it does not receive timely instructions from participants in the same proportion as shares for which the trustee received voting instructions from other plan participants. Under the Equity Incentive Plan, participants may direct the plan trustee how to vote the unvested shares of restricted stock awards. The plan trustee will vote all shares held in the trust for which it does not receive timely instructions as directed by SI Financial. The deadline for returning your voting instruction cards is May 2, 2011.

Corporate Governance and Board Matters

Director Independence

The Company's Board of Directors currently consists of seven members, all of whom are independent under the listing standards of The NASDAQ Stock Market, except for Mr. Brouillard, who is President and Chief Executive Officer of SI Financial and Savings Institute. In determining the independence of its directors, the Board considered transactions, relationships and arrangements between the Company and its directors that are not required to be disclosed in this proxy statement under the heading "Transactions with Related Persons," including loans or lines of credit that the Bank has directly or indirectly made to Directors Mark D. Alliod, Rheo A. Brouillard, Roger Engle and Michael R. Garvey.

Board Leadership Structure and Board's Role in Risk Oversight

The Board of Directors has determined that the separation of the offices of Chairman of the Board and President and Chief Executive Officer will enhance Board independence and oversight. Moreover, the separation of the Chairman of the Board and President and Chief Executive Officer will allow the President and Chief Executive Officer to better focus on his growing responsibilities of running the Company, enhancing stockholder value and expanding and strengthening our franchise while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management. Consistent with this determination, Henry P. Hinckley serves as Chairman of the Board of Directors. Mr. Hinckley is independent under the listing requirements of The NASDAQ Stock Market.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and the risks facing the Company. Senior management attends the Board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and independent members of the Board work together to provide strong, independent oversight of the Company's management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Table of Contents

Corporate Governance Policies

The Board of Directors has adopted a corporate governance policy to govern certain activities, including: the duties and responsibilities of directors; the composition, responsibilities and operation of the Board of Directors; the establishment and operation of Board committees; succession planning; convening executive sessions of independent directors; the Board of Directors' interaction with management and third parties; and the evaluation of the performance of the Board of Directors and of the Chief Executive Officer.

Committees of the Board of Directors

The following table identifies the Company's standing committees and their members as of March 14, 2011. All members of each committee are independent in accordance with the listing requirements of The NASDAQ Stock Market. Each committee operates under a written charter that is approved by the Board of Directors that governs its composition, responsibilities and operation. Each committee reviews and reassesses the adequacy of its charter at least annually. The charters of all three committees are available in the Governance Documents portion of the Investor Relations section of the Company's Web site (www.mysifi.com).

Audit Committee. The Audit Committee meets periodically with the independent registered public accounting firm and management to review accounting, auditing, internal control structure and financial reporting matters. The committee also receives and reviews the reports and findings and other information presented to them by the Company's officers regarding financial reporting policies and practices. The Audit Committee selects the independent registered public accounting firm and meets with them to discuss the results of the annual audit and any related matters. The Board of Directors has determined that Mr. Alliod is an "audit committee financial expert" under the rules of the Securities and Exchange Commission. Mr. Alliod is independent under the listing standards of The NASDAQ Stock Market applicable to audit committee members.

Compensation Committee. The Compensation Committee approves the compensation objectives for the Company and the Bank, establishes the compensation for the President and Chief Executive Officer and other executives and establishes personnel policies. The Compensation Committee reviews all components of compensation including base salary, bonus, equity compensation, benefits and other perquisites. In addition to reviewing competitive market values, the Compensation Committee also examines the total compensation mix, pay-for-performance relationship and how all elements, in the aggregate, comprise the executives' total compensation package. The Chief Executive Officer makes recommendations to the Compensation Committee from time to time regarding the appropriate mix and level

of compensation for other officers. Those recommendations consider the objectives of the compensation philosophy and the range of compensation programs authorized by the Compensation Committee. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors. The Compensation Committee also assists the Board of Directors in evaluating potential candidates for executive positions.

Table of Contents

The Compensation Committee, in conjunction with the Nominating and Corporate Governance Committee, considers the appropriate levels and form of director compensation and makes recommendations to the Board of Directors regarding director compensation.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee takes a leadership role in shaping governance policies and practices, including recommending to the Board of Directors the corporate governance policies and guidelines applicable to SI Financial and monitoring compliance with these policies and guidelines. In addition, the Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become Board members and recommending to the Board the director nominees for election at the next annual meeting of stockholders. It recommends director candidates for each committee for appointment by the Board.

Minimum Qualifications. The Nominating and Corporate Governance Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. First, a candidate must meet the eligibility requirements set forth in the Company's bylaws, which include an age limitation and a requirement that the candidate not have been subject to certain criminal or regulatory actions. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents.

If the candidate is deemed eligible for election to the Board of Directors, the Nominating and Corporate Governance Committee will then evaluate the prospective nominee to determine if he or she possesses the following qualifications, qualities or skills:

contributions to the range of talent, skill and expertise appropriate for the Board;

Financial, regulatory and business experience, knowledge of the banking and financial service industries, familiarity with the operations of public companies and ability to read and understand financial statements;

Familiarity with the Company's market area and participation in and ties to local businesses and local civic, charitable and religious organizations;

Personal and professional integrity, honesty and reputation;

The ability to represent the best interests of the stockholders of the Company and the best interests of the institution;

The ability to devote sufficient time and energy to the performance of his or her duties;

Independence under applicable Securities and Exchange Commission and listing definitions; and

Current equity holdings in the Company.

The Committee will also consider any other factors it deems relevant, including age, size of the Board of Directors and regulatory disclosure obligations. Further, when identifying nominees to serve as director, the Nominating and Corporate Governance Committee seeks to create a Board that is strong in its collective knowledge and has a diversity of skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, industry knowledge and corporate governance.

Table of Contents

In addition, before nominating an existing director for re-election to the Board of Directors, the Nominating and Corporate Governance Committee will consider and review an existing director's Board and Committee attendance and performance; length of Board service; the experience, skills and contributions that the existing director brings to the Board; and independence.

Director Nomination Process. The Nominating and Corporate Governance Committee adheres to the following process when it identifies and evaluates individuals to be nominated for election to the Board of Directors:

For purposes of identifying nominees for the Board of Directors, the Nominating and Corporate Governance Committee relies on personal contacts of the Committee members and other members of the Board of Directors, as well as its knowledge of members of Savings Institute's local communities. The Nominating and Corporate Governance Committee will also consider director candidates recommended by stockholders in accordance with the policy and procedures set forth below. The Nominating and Corporate Governance Committee has not previously used an independent search firm in identifying nominees.

In evaluating potential nominees, the Nominating and Corporate Governance Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under the selection criteria set forth above. In addition, the Nominating and Corporate Governance Committee will conduct a check of the individual's background and interview the candidate.

Consideration of Recommendations by Stockholders. It is the policy of the Nominating and Corporate Governance Committee of the Board of Directors of the Company to consider director candidates recommended by stockholders who appear to be qualified to serve on the Company's Board of Directors. The Nominating and Corporate Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Nominating and Corporate Governance Committee does not perceive a need to increase the size of the Board of Directors. To avoid the unnecessary use of the Nominating and Corporate Governance Committee's resources, the Nominating and Corporate Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below.

Procedures to be Followed by Stockholders. To submit a recommendation of a director candidate to the Nominating and Corporate Governance Committee, a stockholder should submit the following information in writing, addressed to the Chairperson of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, at the main office of the Company:

1. The name of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
3. The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
4. As to the stockholder making the recommendation, the name and address, as they appear on the Company's books, of such stockholder; provided, however, that if the stockholder is not a registered holder of the Company's common stock, the stockholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and

Table of Contents

5. A statement disclosing whether such stockholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of stockholders, the recommendation must be received by the Nominating and Corporate Governance Committee at least 120 calendar days before the date the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting, advanced by one year.

Code of Ethics and Business Conduct

SI Financial has adopted a Code of Ethics and Business Conduct that is designed to ensure that the Company's directors and employees meet the highest standards of ethical conduct. The Code of Ethics and Business Conduct, which applies to all employees and directors, addresses conflicts of interest, the treatment of confidential information, general employee conduct and compliance with applicable laws, rules and regulations. In addition, the Code of Ethics and Business Conduct is designed to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full and accurate disclosure and compliance with all applicable laws, rules and regulations.

Audit-Related Matters

Audit Committee Report

The Company's management is responsible for the Company's internal control over financial reporting. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. The Audit Committee oversees the Company's internal control over financial reporting on behalf of the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the Company's independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the firm's independence from the Company and its management. In concluding that the independent registered public accounting firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting process.

Table of Contents

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company’s management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm that, in its report, express an opinion on the conformity of the Company’s financial statements to U.S. generally accepted accounting principles. The Audit Committee’s oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal control over financial reporting designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee’s considerations and discussions with management and the independent registered public accounting firm do not assure that the Company’s financial statements are presented in accordance with U.S. generally accepted accounting principles, that the audit of the Company’s financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company’s independent registered public accounting firm is “independent.”

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the Securities and Exchange Commission. The Audit Committee has appointed, subject to stockholder ratification, the selection of the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2011.

Item 2 – Ratification of the Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has appointed Wolf & Company, P.C. to be the Company's independent registered public accounting firm for 2011, subject to ratification by stockholders. A representative of Wolf & Company, P.C. is expected to be present at the annual meeting to respond to appropriate questions from stockholders and will have the opportunity to make a statement should he or she desire to do so.

Table of Contents

If the ratification of the appointment of the independent registered public accounting firm is not approved by a majority of the votes cast, the Audit Committee of the Board of Directors will consider other independent registered public accounting firms.

The Board of Directors recommends a vote “FOR” the ratification of the appointment of the independent registered public accounting firm.

Item 3 – Advisory Vote on the Approval of Compensation of the Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) requires, among other things, that the Company permit a non-binding advisory vote on the compensation of its named executive officers, as described in the tabular disclosure regarding named executive officer compensation and the accompanying narrative disclosure in this proxy statement.

This proposal, commonly known as a “say-on-pay” proposal, gives the Company’s stockholders the opportunity to endorse or not endorse the Company’s executive compensation program and policies through the following resolution:

“Resolved, that the stockholders approve the compensation of the named executive officers, as described in the tabular disclosure regarding named executive officer compensation and the accompanying narrative disclosure in this proxy statement.”

Because the vote is advisory, it will not be binding upon the Company or its Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors unanimously recommends a vote “FOR” approval of the compensation of the named executive officers.

Item 4 – Advisory Vote on the Frequency of a Stockholder Vote on the Compensation of the Named Executive Officers

The Dodd-Frank Act requires the Company to obtain, at least once every six years, a stockholder vote on the frequency of a stockholder vote on the compensation of the named executive officers.

This proposal gives the Company’s stockholders the opportunity to determine whether the frequency of a stockholder vote on the compensation of the named executive officers will be every one, two or three years. Stockholders may also abstain from voting on the frequency of a stockholder vote on executive compensation.

Because the vote is advisory, it will not be binding upon the Company or its Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering the frequency of a stockholder vote on executive compensation. For the reasons described below, we recommend that our stockholders select a frequency of three years, or a triennial vote.

Our executive compensation program is designed to support long-term value creation, and a triennial vote will allow stockholders to better judge our executive compensation program in relation to our long-term performance. As described in “Compensation Discussion and Analysis”, one of the key elements of our executive compensation and benefits program is to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation. Accordingly, we grant equity awards (stock options and restricted stock awards) with multi-year performance and service vesting periods to encourage our named executive officers to focus on long-term performance, and recommend a triennial vote, which would allow our executive compensation and benefits program

to be evaluated over a similar timeframe and in relation to our long-term performance.

Table of Contents

A triennial vote will also provide us with the time to respond to stockholders' sentiments and implement any necessary changes. We carefully review and monitor our executive compensation and benefits program to maintain the consistency and credibility of the program which is important in motivating and retaining our management team. We therefore believe that a triennial vote is an appropriate frequency to provide our Compensation Committee sufficient time to consider stockholders' input and to implement any appropriate changes to our compensation program, in light of the timing that would be required to implement any decisions related to such changes.

The Board of Directors unanimously recommends conducting a vote to approve the compensation of the named executive officers every three years. Note: stockholders are not voting to approve or disapprove this recommendation.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis that is required by the rules established by the Securities and Exchange Commission. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement. See "Compensation Discussion and Analysis."

Compensation Discussion and Analysis

Executive Summary

It is the intent of the Compensation Committee to provide our named executive officers with a market competitive compensation package that promotes the achievement of our strategic objectives and maximizes stockholder value without encouraging excessive risk taking.

Business Highlights

The economy in our region remained challenging in 2010. Notwithstanding these difficult times, the Company achieved several notable accomplishments, including:

• The successful completion of the Bank's second-step conversion in January 2011, which raised \$52.4 million in additional capital.

• Continued strong asset quality as nonperforming loans were 0.80% of total loans at year end and nonperforming assets were 0.67% of total assets at December 31, 2010. Net charge-offs for the year decreased from \$4.0 million for 2009 to \$994,000 for 2010.

• An increase in the net interest margin for the fourth quarter and year ended December 31, 2010.

• Improved noninterest income, which reflected expanded mortgage banking operations and continued strength in our wealth management division.

Compensation Highlights

In light of the Company's financial accomplishments in 2010 and management's role in achieving these accomplishments, the Compensation Committee took the following actions with respect to the compensation and benefits programs for our named executive officers:

The Compensation Committee reviewed each executive's performance, his or her position in the Company and his or her employment or change in control agreement as a whole and elected to renew the employment agreements for our chief executive officer and chief financial officer and the change in control agreements for our other named executive officers, for an additional year so that the term of the employment agreements will expire on September 30, 2013 and the term of the change in control agreements will expire on September 30, 2012, unless otherwise extended. See "Employment/Change in Control Agreements" for information on the agreements with our named executive officers.

Following a review of our chief executive officer's performance, the Compensation Committee increased our chief executive officer's base pay for 2011 to \$335,000, which represents a 3.08% adjustment in base pay. The Compensation Committee continues to target our chief executive officer's base pay at the median level paid to chief executive officers in our peer group. In addition, after assessing the Company's performance in 2010, our chief executive officer earned a cash bonus of \$90,486 under our Pay for Performance Program. See "Pay-for-Performance Program" for information on the performance measures used to determine cash incentives under the program.

Based upon a review of peer group data, along with the performance evaluations and salary recommendations from our chief executive officer, the Compensation Committee increased base pay for 2011 for Messrs. Hull, Moran and Weston and Ms. Gervais to \$220,500, \$151,410, \$161,000 and \$150,000 respectively, which represents an increase in base pay of 5.0%, 3.0%, 3.2% and 4.9%, respectively. The Compensation Committee continues to target base pay for our named executive officers at the median level paid to similarly situated executives in our peer group. In addition, after assessing the Company's performance in 2010, each of our other named executive officers earned a cash bonus under our Pay-for-Performance Program. See "Executive Compensation—Summary Compensation Table" for the actual 2010 cash bonuses paid under our Pay for Performance Program.

In support of our Pay-for-Performance compensation philosophy, our named executive officers each received stock option grants in 2010. The stock option grants vest at a rate of 20% per year over a five-year period. See "Executive Compensation – Grants of Plan-Based Awards" for the terms and conditions of the equity awards.

We reviewed our compensation and benefit plans and arrangements to ensure they incorporate features that mitigate the potential for risk taking.

Compensation Philosophy

We have designed a compensation and benefits program for our named executive officers that is focused on motivating and retaining talented executives that can help us build our franchise and enhance long-term shareholder value. More specifically, our program is designed to accomplish the following objectives:

Align the interests of our named executive officers with the interests of shareholders in the creation of long-term shareholder value;

Table of Contents

• Tie annual cash incentives to the achievement of measurable corporate performance;

• Reward executives for enhancing long-term shareholder value; and

• Balance rewards for the achievement of both short-term and long-term SI Financial objectives and ensure sound risk management.

Management and the Compensation Committee of the Board of Directors work together to ensure that executives are held accountable and rewarded for delivering superior performance and enhanced shareholder returns.

Elements of Our Compensation and Benefits Program

To achieve our objectives we have structured a compensation and benefits program that provides our named executive officers with the following:

- Competitive Base Pay
- Annual Cash Incentives
- Long-term Equity Incentives
- Retirement Benefits; and
- Employment/Change in Control Agreements

The elements of a named executive officer's total compensation package will vary depending upon the executive's job position and responsibilities with SI Financial and Savings Institute.

Role of Compensation Committee

The Compensation Committee reviews all of the elements of compensation for our named executive officers annually to ensure we are competitive in the market place and that the mix of benefits accurately reflects our compensation philosophy. The Committee operates under a written charter that establishes the Compensation Committee's responsibilities. The Compensation Committee and Board of Directors review the charter annually to ensure that the scope of the charter is consistent with the Compensation Committee's role. Under the charter, the Compensation Committee is charged with general responsibility for the oversight and administration of our compensation program. The charter also authorizes the Compensation Committee to engage consultants and other professionals without management approval to the extent deemed necessary to discharge its responsibilities.

Role of Management

Our chief executive officer and other named executive officers develop recommendations regarding the appropriate mix and level of compensation for their subordinates. The chief executive officer develops recommendations for the other named executive officers. The recommendations consider the objectives of our compensation philosophy and the range of compensation programs authorized by the Compensation Committee. The chief executive officer meets with the Compensation Committee to discuss the recommendations and also reviews with the Committee his recommendations concerning the compensation of our named executive officers. Our chief executive officer also provides input on his own compensation. However, he does not participate in Committee discussions or the review of Committee documents relating to the determination of his compensation.

Table of Contents

Role of Compensation Consultant

From time to time, the Compensation Committee retains the services of independent compensation consultants, with expertise in the community bank sector, to review and make recommendations concerning our compensation and benefit programs. The Compensation Committee did not engage an independent consultant in 2010.

Peer Group

The Compensation Committee, with the assistance of the Savings Institute's Human Resources Department, selected the following financial institutions as our 2010 peer group:

New England Bank, Enfield, Connecticut
Chicopee Savings Bank, Chicopee, Massachusetts
Legacy Banks, Pittsfield, Massachusetts
Westfield Bank, Westfield, Massachusetts
United Bank, West Springfield, Massachusetts
Rockville Bank, Rockville, Connecticut
Farmington Savings Bank, Farmington, Connecticut

These financial institutions were selected based on asset size (\$600 million to \$1.5 billion), geographic proximity to SI Financial and operating characteristics. In addition to reviewing the compensation data of these peer institutions, the Compensation Committee also reviewed other publicly available salary surveys prepared by Amalfi Consulting LLC and Pearl Meyer & Partners.

Base Salary

Our goal is to provide our executive officers with base salaries that are competitive, that reflect their tenure and individual experience and that are consistent with their individual performance. The Compensation Committee has established base salary ranges for each named executive officer using the median base salaries paid to similarly situated executives in our peer group as a target.

Pay-for-Performance Program

Our named executive officers are eligible to receive annual cash incentive compensation awards through our Pay-for-Performance Program ("PFP"). The plan provides for quarterly and annual payouts for some participants; however, our named executive officers are only eligible for annual cash incentives. The Compensation Committee, in conjunction with the Asset Liability Committee, establishes the performance goals for each of our named executive officers on an annual basis, focusing on performance measures that are critical to our growth. The 2010 PFP targeted four performance measures: (1) return on average assets, (2) noninterest expense, (3) earnings per share and (4) deposit growth. The Committee assigns a weighting to each goal. In 2010, the highest weighting was assigned to the noninterest expense metric (35%), earnings per share and return on average assets each were assigned a 25% weighting and deposit growth was assigned a 15% weighting. In addition, each goal is assigned a target level with stretch and threshold performance levels set approximately 10% above and below the target, respectively. The threshold, target and stretch levels are then linked to an incentive opportunity that is calculated based on the midpoint of each executive's pay grade and position. The 2010 incentive pay opportunities for our president and chief executive officer ranged from 25% at the threshold level, 37.5% at the target and 50% at the stretch level and for our other named executive officers the opportunities ranged from 20% at the threshold level, 30% at the target level and 40% at the stretch level. To be eligible to receive a PFP payout, plan participants must be employed by Savings Institute as of the payment date of the award. However, the Compensation Committee, in its sole discretion, may pay awards on a

pro rata basis if the named executive officers are not employed as of the payment date due to retirement or disability. Before PFP payouts, our president and chief executive officer certifies that all of the other named executive officers have met the goals set forth on their performance profile sheets. The Compensation Committee certifies to the president and chief executive officer's achievement of his stated goals. Typically PFP payouts are made within 2½ months of the end of the program year, which begins in January and ends in December. The actual 2010 PFP payouts varied based on the achievement of the stated SI Financial performance goals. See "Executive Compensation—Summary Compensation Table" for details on PFP awards earned in 2010. See also "Executive Compensation—Grant of Plan-Based Awards" for additional information on the threshold, target and stretch levels for the 2010 PFP.

The charts list each performance measure and the weight given to each measure. The charts also illustrate the threshold, target and maximum levels for measuring the performance and the weight given to the achievement at each level and provides information on Savings Institute's actual performance under the noted measures and the corresponding payout.

Long-Term Equity Incentives

Equity-based compensation continues to be a significant element of the total compensation package for our named executive officers. The Committee believes that equity awards help align the interests of our named executive officers to the interests of our SI Financial's shareholders. Since the initial awards were made in 2005, the Company has been somewhat limited in its ability to use equity compensation by the limitations inherent in the mutual holding company structure. However, as a result of the recent second step conversion, the Company anticipates it will implement a new equity incentive plan in the future and restructure its equity award program to reflect best practices, such as annual equity awards.

Retirement Benefits

All of our named executive officers participate in Savings Institute's qualified retirement plans available to all employees, including Savings Institute's ESOP and 401(k) Plan. In addition to the tax-qualified plans, Savings Institute has entered into a non-qualified supplemental retirement plan agreements with certain of its named executive officers. The agreements provide retirement benefits based on a fixed percentage of each executive's three highest years of compensation for the calendar years preceding his or her termination of employment. Savings Institute also maintains a nonqualified supplemental plan for its chief executive officer to make up for the potential shortfall in his retirement benefits attributable to the limitations that reduce benefits for highly compensated executives under tax-qualified retirement plans. The Committee reviews these programs on an annual basis to ensure that they are consistent with prevailing market practices, our overall executive compensation philosophy and are cost effective to Savings Institute. See "Executive Compensation—Non-Qualified Plans" for details on these programs.

Employment/Change in Control Agreements

We recognize that an important consideration in our ability to attract and retain key personnel is our ability to minimize the impact on our management team of the possible disruption associated with our analysis of strategic opportunities. Accordingly, we believe that it is in the best interest of the Company and its shareholders to provide our key personnel with reasonable financial arrangements in the event of termination of employment. In addition, the use of such arrangements by our competitors necessarily influences our use of such arrangements to maintain our ability to attract and retain key personnel. We currently maintain employment agreements with our chief executive officer and our chief financial officer and change in control agreements with our other named executive officers. See "Executive Compensation—Employment and Change in Control Agreements" for the details of these arrangements. The employment agreements provide for a three-year term and the change in control agreements provide for a two-year term. The agreements may be renewed annually for an additional year so that the term remains fixed at three years for the employment agreements and two years for the change in control agreements. The Compensation Committee's decision to extend the term of an agreement with a named executive officer is discretionary and reflects the Committee's evaluation of the executive's role in SI Financial and Savings Institute and his or her overall job performance.

Perquisites

We provide our named executive officers with reasonable perquisites to further their ability to promote the business interests of the Company in our markets and to reflect competitive practices for similarly situated officers employed by our peers. The perquisites are reviewed periodically and adjusted as necessary.

Tax and Accounting Considerations

We consider the tax consequences of our compensation and benefit arrangements (to the individual and to the Company) in making design decisions on the plans. Specifically, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code (the “Code”), which provides that the Company may not deduct compensation of more than \$1.0 million if paid to certain individuals unless such compensation is “performance-based.” The Company does not consider base salary and the grant of options and stock under the Equity Incentive Plan to be performance-based compensation and, therefore, such compensation would not be deductible to the Company to the extent it exceeds \$1.0 million. However, in 2010, no such compensation exceeded \$1.0 million for any named executive officer.

Stock Ownership Guidelines

We have not adopted formal stock ownership requirements for our named executive officers. As a practical matter, our officers and directors are expected to hold a meaningful interest in our stock, which they may accumulate through participation in our stock compensation programs and individual purchases.

(1) Reflects the aggregate grant date fair value for stock options granted during the year computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 – Share Based Payment (“ASC 718”). The amounts were based upon a fair value of each option of \$2.55 using the Black-Scholes option pricing model. The following assumptions were used to compute the fair value of the stock option awards: dividend yield – 1.50%; expected volatility – 38.98%; risk-free interest rate – 3.70%; and expected lives – 10 years. The actual value, if any, realized by an executive officer from any option will depend on the extent to which the market value of the common stock exceeds the exercise price of the option on the date the option is exercised. Accordingly, there is no assurance that the value realized by an executive officer will be at or near the value estimated above.

(2) Reflects the aggregate grant date fair value for restricted stock awards granted computed in accordance with ASC 718. The amounts were calculated based on SI Financial’s stock price as of the grant date, which was \$4.10.

(3) Details of the amounts reported in the “All Other Compensation” column for 2010 are provided in the table below. The table excludes perquisites, which did not exceed \$10,000 in the aggregate for each named executive officer:

Employment and Change in Control Agreements

SI Financial and Savings Institute maintain employment agreements with Messrs. Brouillard and Hull. The employment agreements had an initial term of three years and may be renewed by the Board of Directors following a review of executive's job performance for an additional year so that the remaining term will be three years. The Board of Directors approved extensions of the employment agreements through September 30, 2013. The employment agreements provide for a base salary and, among other things, participation in discretionary bonuses or other incentive compensation provided to senior management, and participation in stock benefit plans and other fringe benefits applicable to executive personnel. In addition, the employment agreements provide severance benefits and benefits continuation in the event of termination without cause or for good reason, disability or in connection with a change in control. No severance benefits are payable if an executive is terminated for cause or voluntarily terminates his employment with SI Financial or Savings Institute.

Under the terms of their employment agreements, Messrs. Brouillard and Hull are subject to a one year non-compete if they terminate their employment for good reason (as defined in the agreement) or they are terminated without cause (as defined in the agreement).

Savings Institute maintains change in control agreements with Messrs. Weston and Moran and Ms. Gervais. The change in control agreements had an initial term of two years and may be renewed by the Board of Directors following a review of executive's job performance for an additional year so that the remaining term will be two years. The agreements provide each executive with severance benefits and benefits continuation if their employment is terminated in connection with a change in control. The Board of Directors approved extensions of the change in control agreements through September 30, 2012.

See "Potential Post-Termination Benefits" for a discussion of the benefits and payments Messrs. Brouillard, Hull, Weston and Moran and Ms. Gervais may receive under their agreements upon termination of employment.

(1)The present value has been calculated assuming the named executive officer will remain in service until Normal Retirement Age (as defined in the plan) without a reduction in benefits. The accumulated benefit is calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 710 – Compensation and Topic 715 – Compensation – Retirement Benefits, using a 6.00% discount rate.

Non-Qualified Plans

Executive Supplemental Retirement Plan. Savings Institute maintains an Executive Supplemental Retirement Plan Agreement for Messrs. Brouillard, Hull and Moran and Ms. Gervais. Each agreement provides a retirement benefit based on a fixed percentage of the participant's final three-year average compensation. Benefits are payable upon the earlier of a participant's termination of employment (other than for cause) at or after attaining age 65, or on the date when the sum of the participant's years of service and age total 80 for Messrs. Brouillard and Moran and Ms. Gervais or 78 for Mr. Hull. If a participant terminates employment before satisfaction of these requirements, the participant may receive an early retirement benefit that would be adjusted by 2% for each point by which the sum of the participant's age and years of service is less than 80 for Messrs. Brouillard and Moran and Ms. Gervais or 78 for Mr. Hull. Participants may elect to receive their plan benefits in the form of a single life annuity with 15 guaranteed annual payments or a lump sum equal to the actuarial equivalent of the annuity payment.

Table of Contents

Split-Dollar Life Insurance Agreements. Savings Institute maintains individual split-dollar life insurance agreements with Messrs. Brouillard and Hull to encourage the officers to continue to render high quality service to Savings Institute in exchange for financial protection for their beneficiaries if they die. The death benefits provided under the split-dollar life insurance agreements are funded through bank-owned life insurance policies. Savings Institute pays all of the life insurance premiums. See “Potential Post-Termination Benefits” for a description of the benefits provided under the agreements.

Supplemental Executive Retirement Plan. Savings Institute maintains a Supplemental Executive Retirement Plan that provides restorative payments to executives designated by the Board of Directors who are prevented from receiving the full benefits contemplated by the ESOP’s benefit formula and the full matching contribution under the 401(k) Plan. Savings Institute’s Board of Directors has designated Mr. Brouillard to participate in the plan. The restorative payments under the plan consist of payments in lieu of shares that cannot be allocated to the participant’s account under the ESOP and payments for employer matching contributions that cannot be allocated under the 401(k) Plan due to the legal limitations imposed on tax-qualified plans. The benefits under the plan will be paid to Mr. Brouillard at the same time benefits are paid under the ESOP and 401(k) Plan. See “Potential Post-Termination Benefits” for a description of the benefits provided under the plan.

Potential Post-Termination Benefits

Payments Made Upon Termination for Cause. If named executive officers are terminated for cause, they will receive their base salary through the date of termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided. Unvested stock options and restricted stock awarded under the Equity Incentive Plan to named executive officers would be forfeited upon termination for cause.

All benefits credited to Mr. Brouillard under the supplemental executive retirement plan are non-forfeitable and therefore payable to him if he is terminated for cause.

Payments Made Upon Termination without Cause or for Good Reason. If SI Financial or Savings Institute elects to terminate Messrs. Brouillard or Hull for reasons other than for cause, or if Messrs. Brouillard or Hull resign after specified circumstances that would constitute constructive termination, the executives (or, in the event of death, their beneficiaries) are entitled to a lump sum severance payment equal to the base salary payments due for the remaining term of the employment agreement, along with all contributions that would have been made on behalf of the executive during the remaining term of the agreement pursuant to any of SI Financial’s or Savings Institute’s employee benefit plans. In addition, Savings Institute or SI Financial would continue and/or pay for each executive’s life, medical, disability and dental coverage for the remaining term of the employment agreement.

If Messrs. Weston or Moran or Ms. Gervais are terminated without cause or for good reason, each would retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided.

All benefits credited to Mr. Brouillard under the supplemental executive retirement plan are non-forfeitable and therefore payable to him if he is terminated for good reason or without cause.

Unvested stock options and restricted stock awarded under the Equity Incentive Plan to named executive officers would be forfeited upon termination without cause or for good reason.

Table of Contents

Payments Made Upon Disability. Under Messrs. Brouillard's and Hull's employment agreements, if they become disabled and their employment is terminated, they will be entitled to disability pay equal to 100% of their bi-weekly base salary in effect at the date of termination. They would continue to receive disability payments until the earlier of: (1) the date they return to full employment with us; (2) their death; or (3) age 65. All disability payments would be reduced by the amount of any benefits payable under our disability plans. In addition, Messrs. Brouillard and Hull would continue to be covered to the greatest extent possible under all benefit plans in which they participated before their disability as if they were actively employed by us.

If Mr. Weston, Mr. Moran or Ms. Gervais becomes disabled and his or her employment is terminated, each will be entitled to benefits payable under our disability plan.

All benefits credited to Mr. Brouillard under the supplemental executive retirement plan are non-forfeitable and therefore payable to him if he becomes disabled and his employment is terminated.

Under the terms of the executive supplemental retirement plan agreements, if the designated executives become disabled, Savings Institute will transfer funds to a contingent liability trust equal to its accrued plan liability for the executive as of the date of the disability. When the accrued liability balance is transferred, Savings Institute's obligation ends and a bank-owned disability policy from MassMutual Life Insurance Company covering the executive makes payments to the Contingent Liability Trust during the disability period.

Upon termination due to disability, outstanding stock options granted pursuant to the Equity Incentive Plan vest and remain exercisable until the earlier of one year from the date of termination of employment due to disability or the expiration date of the stock options. Restricted stock awards granted to these officers under the plan also vest upon termination of employment due to disability.

Payments Made Upon Death. Under their employment agreements, Messrs. Brouillard's and Hull's estates are entitled to receive the compensation due to them through the end of the month in which their death occurs.

Messrs. Weston's or Moran's or Ms. Gervais' estate is entitled to receive compensation due to him or her through the date of his or her death.

All benefits credited to Mr. Brouillard under the supplemental executive retirement plan are non-forfeitable and therefore payable to his beneficiary if he dies.

Under the terms of the executive supplemental retirement plan agreements, should a participant die while employed with Savings Institute or after the payments have begun, the executive's designated beneficiary will receive the balance in the executive's plan liability account on the date of death in a lump sum cash payment.

Pursuant to the split-dollar life insurance agreements with Messrs. Brouillard and Hull, if an executive dies following his termination of employment, the death benefit provided under his split-dollar life insurance agreement is determined in accordance with the methodology set forth in his agreement. The death benefit will not exceed the excess of the net-at-risk amount under the policies for the inactive officer, provided, however that the death benefit provided to a beneficiary of an inactive officer will be reduced to three times the officer's compensation (as defined in the agreement), if, as of the officer's death, the officer had an irrevocable election to receive a lump sum distribution of his benefits (if any) payable under the executive supplemental retirement plan agreement.

Upon termination of employment due to death, outstanding stock options granted pursuant to the Equity Incentive Plan vest and remain exercisable until the earlier of one year from the date of death or the expiration date of the stock options. Restricted stock awards granted under the plan also vest upon death.

Table of Contents

Payments Made Upon a Change in Control. Messrs. Brouillard's and Hull's employment agreements provide that in the event of a change in control followed by voluntary termination of employment (upon circumstances discussed in the agreement) or involuntary termination of employment for reasons other than cause, the executives receive a severance payment equal to 2.99 times the average of each executive's five preceding taxable years' annual compensation ("base amount"). For this calculation, annual compensation will include all taxable income plus any retirement contributions or benefits made or accrued during the period. In addition, Messrs. Brouillard and Hull will also receive the contributions they would have received under our retirement programs for a period of thirty-six months, as well as health, life, dental and disability coverage for that same time period. Section 280G of the Internal Revenue Code provides that payments related to a change in control that equal or exceed three times the "base amount" constitute "excess parachute payments." Individuals who receive excess parachute payments are subject to a 20% excise tax on the amount that exceeds the base amount, and the employer may not deduct such amounts. The executives' employment agreements provide that if the total value of the benefits provided and payments made to them in connection with a change in control, either under their employment agreements alone or together with other payments and benefits that they have the right to receive from SI Financial and Savings Institute, exceed three times their base amount ("280G Limit"), their severance payment will be reduced or revised so that the aggregate payments do not exceed their 280G Limit.

The change in control agreements provide that if, following a change in control, the officer's employment is terminated without cause or he or she voluntarily terminates employment for good reason, he or she will be entitled to a severance payment equal to two times the average of his or her annual compensation over the five calendar years preceding the change in control, plus coverage under Savings Institute's health and welfare plans for twenty-four months. The terms "change in control" and "good reason" are defined in the change in control agreement. The change in control agreements provide that the total value of the benefits provided and payments made may not exceed his or her 280G Limit and that to avoid such a result the severance payment would be reduced.

Under the terms of the executive supplemental retirement plan agreements, if a participant terminates employment in connection with a change in control (as defined in the plan), the participant will be entitled to a lump sum cash amount specified in the executive's plan agreement payable within 30 days of the participant's termination of employment. Payments made under the agreements upon a change in control may be categorized as parachute payments and, therefore, count towards each executive's 280G Limit.

Under the terms of the ESOP, upon a change in control (as defined in the plan), the plan trustee will repay in full any outstanding acquisition loan. After repayment of the acquisition loan, all remaining shares of our stock held in the loan suspense account, all other stock or securities, and any cash proceeds from the sale or other disposition of any shares of our stock held in the loan suspense account will be allocated among the accounts of all participants in the plan who were employed by us on the date immediately preceding the effective date of the change in control. The allocations of shares or cash proceeds shall be credited to each eligible participant in proportion to the opening balances in their accounts as of the first day of the valuation period in which the change in control occurred. Payments under the ESOP are not categorized as parachute payments and, therefore, do not count towards each executive's 280G Limit.

In addition to providing for benefits lost under the ESOP and 401(k) Plan as a result of limitations imposed by the Internal Revenue Code, the supplemental executive retirement plan also provides supplemental benefits to participants upon a change in control (as defined in the plan) before the complete scheduled repayment of the ESOP loan. The supplemental benefit is equal to the benefit the participants would have received under the ESOP, had the participants remained employed throughout the term of the plan's acquisition loan, less the benefits actually provided. All benefits received under this plan count towards the participant's 280G Limit.

Table of Contents

In the event of a change in control of SI Financial or Savings Institute, outstanding stock options granted pursuant to the Equity Incentive Plan vest and, if the option holder is terminated other than for cause within twelve months of the change in control, will remain exercisable until the expiration date of the stock options. Restricted stock awards granted to these officers under the plan also vest upon a change in control. The value of the accelerated options and restricted stock grants count towards an executive's 280G Limit.

Potential Post-Termination Benefits Tables. The amount of compensation payable to each named executive officer upon termination for cause, termination without cause or for good reason, a change in control followed by termination of employment, disability, death and retirement is shown below. The amounts shown assume that such termination was effective as of December 31, 2010, and thus include amounts earned through such time and are estimates of the amounts that would be paid out to the executives upon their termination. The amounts do not include: (1) the executive's account balances in Savings Institute's tax-qualified retirement plans to which each executive has a non-forfeitable interest; or (2) the value of any stock options as the exercise prices of all stock options exceeded the stock price of SI Financial common stock at December 31, 2010. The amounts shown relating to unvested restricted stock awards are based on the fair market value of SI Financial's common stock on December 31, 2010, which was \$8.83. The actual amounts to be paid out can only be determined at the time of such executive's separation from SI Financial.

The following table provides the amount of compensation payable to Mr. Brouillard for each of the situations listed below.

	Payments Due Upon					Change in Control with Termination of Employment
	Termination For Cause	Termination Without Cause or for Good Reason (1)	Disability (2)	Death	Retirement

Other Information Relating to Directors and Executive Officers

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than 10% of any registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and stockholders who own greater than 10% of our common stock are required by regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of the reports it has received and written representations provided to the Company from the individuals required to file the reports, the Company believes that each of its executive officers and directors complied with applicable reporting requirements for transactions in SI Financial common stock during 2010.

Policies and Procedures for Approval of Related Persons Transactions

SI Financial maintains a Policy and Procedures Governing Related Persons Transactions, which is a written policy and set of procedures for the review and approval or ratification of transactions involving related persons. Under the policy, related persons consist of directors, director nominees, executive officers, persons or entities known to us to be the beneficial owner of more than five percent of any outstanding class of voting securities of SI Financial, or immediate family members or certain affiliated entities of any of the foregoing persons.

Transactions covered by the policy consist of any financial transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, in which:

- the aggregate amount involved will or may be expected to exceed \$50,000 in any calendar year;
 - SI Financial is, will or may be expected to be a participant; and
 - any related person has or will have a direct or indirect material interest.

The policy excludes certain transactions, including:

- any compensation paid to an executive officer of SI Financial if the Compensation Committee of the Board of Directors approved (or recommended that the Board approve) such compensation;
- any compensation paid to a director of SI Financial if the Board or an authorized committee of the Board approved such compensation; and
- any transaction with a related person involving consumer and investor financial products and services provided in the ordinary course of SI Financial business and on substantially the same terms as those prevailing at the time for comparable services provided to unrelated third parties or to SI Financial's employees on a broad basis (and, in the case of loans, in compliance with the Sarbanes-Oxley Act of 2002).

Related person transactions will be approved or ratified by the Audit Committee. In determining whether to approve or ratify a related person transaction, the Audit Committee will consider all relevant factors, including:

- whether the terms of the proposed transaction are at least as favorable to SI Financial as those that might be achieved with an unaffiliated third party;
 - the size of the transaction and the amount of consideration payable to the related person;
 - the nature of the interest of the related person;
 - whether the transaction may involve a conflict of interest; and

Table of Contents

•whether the transaction involves the provision of goods and services to SI Financial that are available from unaffiliated third parties.

A member of the Audit Committee who has an interest in the transaction will abstain from voting on the approval of the transaction but may, if so requested by the Chair of the Committee, participate in some or all of the discussion relating to the transaction.

Transactions with Related Persons

The Sarbanes-Oxley Act of 2002 generally prohibits loans by SI Financial to its executive officers and directors. However, the Sarbanes-Oxley Act contains a specific exemption from such prohibition for loans by Savings Institute to its executive officers and directors in compliance with federal banking regulations. Federal regulations require that all loans or extensions of credit to executive officers and directors of insured financial institutions must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and must not involve more than the normal risk of repayment or present other unfavorable features. Savings Institute is therefore prohibited from making any new loans or extensions of credit to executive officers and directors at different rates or terms than those offered to the general public. Notwithstanding this rule, federal regulations permit Savings Institute to make loans to executive officers and directors at reduced interest rates if the loan is made under a benefit program generally available to all other employees and does not give preference to any executive officer or director over any other employee. All outstanding loans made by Savings Institute to its directors and executive officers, and members of their immediate families, were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Savings Institute, and did not involve more than the normal risk of collectibility or present other unfavorable features.

In accordance with banking regulations, the Board of Directors reviews all loans made to a director or executive officer in an amount that, when aggregated with the amount of all other loans to such person and his or her related interests, exceed the greater of \$25,000 or 5% of Savings Institute's capital and surplus (up to a maximum of \$500,000) and such loan must be approved in advance by a majority of the disinterested members of the Board of Directors. Additionally, pursuant to SI Financial's Code of Ethics and Business Conduct, all executive officers and directors of SI Financial must disclose any existing or emerging conflicts of interest to the President and Chief Executive Officer of SI Financial. Such potential conflicts of interest include, but are not limited to, the following: (1) SI Financial conducting business with or competing against an organization in which a family member of an executive officer or director has an ownership or employment interest and (2) the ownership of more than 5% of the outstanding securities or 5% of total assets of any business entity that does business with or in competition with SI Financial.

Submission of Business Proposals and Stockholder Nominations

The Company must receive proposals that stockholders seek to have included in the proxy statement for the Company's next annual meeting no later than December 1, 2011. If next year's annual meeting is held on a date more than 30 calendar days from May 11, 2012, a stockholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation materials. Any stockholder proposals will be subject to the requirements of the proxy rules adopted by the Securities and Exchange Commission.

The Company's Bylaws provide that for a stockholder to make nominations for the election of directors or proposals for business to be brought before a meeting of stockholders, a stockholder must deliver written notice of such nominations and/or proposals to the Corporate Secretary not less than 90 days before the date of the meeting; provided that if less than 100 days notice or prior public disclosure of the meeting is given or made to stockholders, such notice

must be delivered not later than the close of the tenth day following the day on which notice of the meeting was mailed to stockholders or such public disclosure was made.
