We have audited the accompanying consolidated balance sheets of Energroup Holdings Corporation as of December 31, 2008, 2007, and 2006 and the related consolidated statements of operations, changes in stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Energroupholdings Corporation
Notes to Consolidated Financial Statements
As of and for the years ended December 31, 2008, 2007, and 2006

1. The Company and Principal Business Activities

Energroupholdings Corporation (the “Company”) (OTCBB: ENHD) is a holding company incorporated in the state of Nevada in the United States of America whose primary business operations are conducted through its three operating subsidiaries: (1) Dalian Chuming Processed Foods Company Ltd., (“Food Company”) (2) Dalian Chuming Slaughter and Packaging Pork Company Ltd. (“Meat Company”), and (3) Dalian Chuming Sales Company Ltd. (“Sales Company”), which are incorporated in the People’s Republic of China (“PRC”). The Company is headquartered in the City of Dalian, Liaoning Province of China.

The three operating subsidiaries were spun-off constituents of the former parent company, Dalian Chuming Group Co. Ltd (“Group”). The Company indirectly holds the three operating subsidiary companies through its wholly owned intermediary subsidiaries: (A) Precious Sheen Investments Limited (“PSI”), a British Virgin Islands corporation, and (B) Dalian Chuming Precious Sheen Investments Consulting Co., Ltd., (“Chuming”), a wholly foreign owned enterprise incorporated in the PRC.

The Company’s primary business activities are the production and packing of fresh pork and also production of processed meat products for distribution and sale to clients throughout the PRC and Russia.

Corporate Reorganization

PRC law currently has limits on foreign ownership of certain companies. To enable Chuming to raise equity capital from investors outside of China, it established an offshore holding company by incorporating Precious Sheen Investments Limited in the British Virgin Islands in May 2007. On September 26, 2007, Chuming entered into share transfer agreements with Dalian Chuming Group Co., Ltd., under which Dalian Chuming Group Co., Ltd. agreed to transfer ownership of three operating subsidiaries (collectively known as “Chuming Operating Subsidiaries”) to Chuming. On October 23, 2007, Chuming completed all required registrations to complete the share transfer, and became the 100% owner of the Chuming Operating Subsidiaries. On November 14, 2007 the Dalian Commerce Bureau approved the transfer of Dalian Chuming Group Co., Ltd’s 68% interest in Chuming to PSI, and upon this transfer, Chuming became a wholly foreign owned enterprise, with PSI as the 100% owner of Chuming (including its subsidiaries). On December 13, 2007, the PRC government authorities issued Chuming a business license formally recognizing it as a wholly foreign owned enterprise, of which PSI is the sole shareholder.

The following is a description of the Chuming Operating Subsidiaries:

A. Dalian Chuming Slaughter and Packaging Pork Company Ltd., whose primary business activity is acquiring, slaughtering, and packaging of pork and cattle;

B. Dalian Chuming Processed Foods Company Ltd., whose primary business activity is the processing of raw and cooked meat products; and

C. Dalian Chuming Sales Company Ltd., which is responsible for Chuming’s sales, marketing, and distribution operations.

Share Exchange Transaction

On December 31, 2007, the Company acquired all of the outstanding shares of PSI in exchange for the issuance of 16,850,000 restricted shares of our common stock to the shareholders of PSI, which represented approximately 97.55% of the then-issued and outstanding common stock of the Company (excluding the shares issued in the Financing). As a result of that transaction, PSI became our wholly owned subsidiary and we acquired the business and operations of the three operation subsidiaries.

(C) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management makes these estimates using the best information available at the time the estimates are made; however, actual results could differ materially from these estimates.

(D) Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid equity or debt instruments purchased with a maturity of three months or less to be cash equivalents.

(E) Accounts Receivable

The Company extends unsecured, non-interest bearing credit to its customers; accordingly, the Company carries an allowance for doubtful accounts, which is an estimate, made by management. Management makes its estimate based on prior experience rates and assessment of specific outstanding customer balances. Management may extend credit to new customers who have met the criteria of the Company's credit policy.

(F) Inventory Carrying Value

Inventory, consisting of raw materials in the form of livestock, work in progress, and finished products, is stated at the lower of cost or market value. Finished products are comprised of direct materials, direct labor and an appropriate proportion of overhead. Periodic evaluation is made by management to identify if inventory needs to be written down because of damage, or spoilage. Cost is computed using the weighted average method.

(G) Purchase Deposit

Purchase deposit represents the cash paid in advance for purchasing raw materials. The purchase deposit is interest free and unsecured.

(H) Property, Plant, and Equipment

Property, Plant, and Equipment are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

Property and equipment are depreciated using the straight-line method over their estimated useful life with a 5% salvage value. Their useful lives are as follows:

Energroup Holdings Corporation
Notes to Consolidated Financial Statements
As of and for the years ended December 31, 2008, 2007, and 2006

Fixed Asset Classification	Useful Life
Land Improvements	10 years
Buildings	20 years
Building Improvements	10 years
Manufacturing Machinery & Equipment	10 years
Office Equipment	5 years
Furniture & Fixtures	5 years
Vehicles	5 years

(I) Land Use Rights

Land Use Rights are stated at cost less accumulated amortization. Amortization is provided over its useful life, using the straight-line method. The useful life of the land use right is 50 years.

(J) Construction in Progress

Construction in progress represents the direct costs of design, acquisition, and construction of buildings, building improvements, and land improvements. These costs are capitalized in the Construction-in-Progress account until substantially all activities necessary to prepare the assets for their intended use are completed. At such point, the Construction-in-Progress account is closed and the capitalized costs are transferred to their appropriate asset classification. No depreciation is provided until the assets are completed and ready for their intended use.

(K) Accounting for Impairment of Assets

The Company reviews the recoverability of its long-lived assets, such as property and equipment, when events or changes in circumstances occur that indicate the carrying value of the asset group may not be recoverable. The assessment of possible impairment is based on the Company's ability to recover the carrying value of the asset from the expected future cash flows, undiscounted and without interest charges, of the related operations. If these cash flows are less than the carrying value of such assets, an impairment loss is recognized for the difference between estimated fair value and carrying value. The measurement of impairment requires management to estimate future cash flows and the fair value of long-lived assets.

(L) Customer Deposits

Customer Deposits represents money the Company has received in advance for purchases of pork and pork products. The Company considers customer deposits as a liability until products have been shipped and revenue is earned.

The Company collects a damage deposit (as a deterrent) recorded in Other Payable from showcase store operators as a means of enforcing proper use of the Company's trademarks. These are not fees, but deposits that are carried as current liabilities until and unless an operator violates the Company's policies (e.g. misuse of Company brand names, or sale of substandard or counterfeit products, or unacceptably poor customer service), or if the proprietor ceases to operate the showcase store. If no violations have been committed by the showcase store operator, the deposit is

returned to the operator. The Company carries the amount of these deposits as a current liability because the Company will return the deposit immediately to the operator when the Company ceases to conduct business with the operator.

Start-up fees relating to uniforms are immaterial and are charged to the showcase store operators merely to recoup setup costs. Any funds collected from store operators in conjunction with initial startup and operation is minimal and immaterial. The Company does not charge any fees for providing equipment to the showcase stores. The Company provides equipment at its own cost, and the Company owns all such equipment. Considering the foregoing, the Company takes the position that any amount it receives from the store operators is not material in accordance with Rule 5-03.1 of Regulation S-X. In addition, since the Company does not receive any material franchise fee revenue, SFAS 45 is not applicable.

(Z) Recent Accounting Pronouncements

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133" ("SFAS 161"). SFAS 161 applies to all derivative instruments and related hedged items accounted for under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"). SFAS 161 requires entities to provide greater transparency about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under SFAS 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, results of operations and cash flows. SFAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008.

In May 2008, the FASB issued SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles" ("SFAS 162"). SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (the GAAP hierarchy). Statement 162 will become effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, "The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles."

The related party receivable balance detailed above, and the related transactions that comprise that balance were integral and material to the Company's operations. The Company was reliant on transactions with the above related parties in order to conduct its business normally. The Company acknowledges that it has the responsibility to comply with paragraph c of SFAS 57 which calls for the dollar amounts of transactions for each of the periods for which income statements are presented and the effects of any change in the method of establishing the terms from that used in the preceding period. The Company's accounting system in the past was manual and accordingly is not able to, from a cost benefit perspective, summarize and provide further detail on the related party transactions. Also, the Company's current accounting department does not have sufficient staff in order to perform an exercise to further detail the related party payables and receivables beyond what has been provided above; however the Company is taking steps to update its accounting systems and methods to provide fuller detail regarding these transactions for future periods. The Company does represent that the balances disclosed above are both accurate and reliable within acceptable thresholds of materiality.

The Company's related party receivables and payables in the period presented were in the form of either short-term loans bearing no interest, or trade payables and receivables relating to the purchase of raw materials, supplies or products for which payment was due within a short period of time. Of the \$10,919,777 net receivable owed by the Group to the Company, the entire amount has been securitized by bank drafts issued by the bank on behalf of subsidiaries of the Group to the Company. These notes are collateralized by deposits at the bank by those particular subsidiaries of the Group. 9. Bank Loans

(A) Short Term Bank Loans

At December 31, 2008 the Company had the following short term loans outstanding:

Bank	Interest Rate	Due Date	Amount
Bank of China	6.1586%	10/26/2009	\$ 4,376,878
Bank of China	7.3260%	10/17/2009	2,042,543
			\$ 6,419,422

The loan provided by the Bank of China is secured by the Meat Company's land use rights, which have been appraised at a fair market value of \$5,605,611 (RMB 41,000,000). Also, the Shanghai Pudong Development Bank loan has been guaranteed by the Dalian Chuming Group Co., Ltd.

(B) Bank Loan through Group

The Company obtained a loan of \$20,466,901 (RMB 160,000,000) from the Group; which in turn, obtained these funds in a joint loan commitment from both China Development Bank and Shenzhen Development Bank ("Banks") via a collateralized loan. The Group collateralized the loan by purchasing a bond from China Export and Credit Insurance Corporation ("Bond Issuer"). The bond guarantees to the Banks the entire principal and accrued interest of the loan. The cost of the bond is RMB 1,000,000 annually, or in USD: \$120,668, 121,902, and 125,284 for the years 2004, 2005, and 2006, respectively, which was paid by the Company. The loan carries a fixed interest of 5.76% per annum. The Company pledged both land use rights and buildings to the Bond Issuer. The Company pursued a loan from the Group as the financing solution of choice because the Company's tangible assets, at the time of origination,

were insufficient to collateralize the loan. Additionally, the Company lacked the favorable credit history to directly establish credit facility with the bank.

At December 31, 2007, the Company repaid its debt, in its entirety to the Group by setting off receivables owed by the Group to the Company. The Company repaid the loan in order to meet the requirements of the equity financing transaction detailed in Note 18. The balances are now owed by the Group to the Banks, and liability for paying the bonding insurance annually lies with the Group. The pledged collateral of land use rights and buildings made to the Bond Issuer still underlie the loan currently owed by the Group, and as such, the Company's assets, namely the buildings and land use rights are at risk if the Group were to default on this loan.

10. Capitalization

As a result of a reverse-acquisition on December 31, 2007 that was consummated via a share exchange, and a concurrent equity financing, in the form of a private placement by issuing common stock to ten accredited investors, the Company's capitalization is now reflected by the table shown below:

Name of Shareholder	Number of Shares	Common Stock Capital	Additional Paid in Capital	Equity %

As of and for the years ended December 31, 2008, 2007, and 2006

13. Income Taxes

The Company's different operating subsidiaries are subject to different income tax regulations under PRC law.

The operating subsidiary, Meat Company, has been given special tax-free status by the PRC government because of the Company standing as leader in its industry in Dalian; therefore, no provision for income tax in the PRC was made for years 2008, 2007, and 2006.

The Company's operating subsidiary, Food Company, has provided provisions for income taxes in years 2008, 2007, and 2006, of \$508,844, \$967,539, and \$400,605, respectively.

The Company's operating subsidiary, Sales Company, has not provided provisions for income taxes in years 2008, 2007, and 2006 as it has incurred operating losses for those respective years. The Company has determined that deferred tax assets arising from net operating losses in prior years may not realized, accordingly, the company has recognized a tax expense to the income statement in the amount of \$11,246.

After adjusting for special tax-free status and net operating loss, the consolidated taxable earnings were determined, and the results were as follows: -

i. 2007 Tax expense	(520,089)
ii. 2006 Tax expense	(967,539)
iii. 2005 Tax benefit	1,609

Beginning December 31, 2007, the Company's foreign subsidiaries became subject to U.S. income tax liability; however, the tax is deferred until foreign source income is repatriated to the Company and the Company has not currently determined when foreign source income will be repatriated. Accordingly, the company has not made any provisions for U.S. income tax liability.

On March 16, 2007, the PRC government passed new tax legislation that repealed preferential tax treatment for foreign investment enterprises in the PRC and enacted new tax regulations. Under such regulations, with certain exceptions, both domestic and foreign enterprises will be taxed at a standard enterprise income tax rate of 25%. The Company's two operating subsidiaries, Food Company, and Sales Company are subject to the 25% income tax rate beginning January 1, 2008. Based on current PRC legislation, Meat Company should be expected to continue benefiting from a tax holiday.

14. Commitments

It is company policy to develop plant facilities based on availability of cash resources without incurring capital commitments. Therefore, the Company did not have any capital commitments existing at December 31, 2008.

On December 19, 2007, the Company entered into a hog purchase agreement whereby the Group will provide at fair market price a minimum number of hogs to the Company. At December 31, 2008, the Company expects minimum quantities of hogs detailed in the following table:

Year	Hogs	Price Per Hog	Amount
2009	800,000	\$ 187.13	\$ 149,704,306
2010	800,000	\$ 205.84	164,674,737
			\$ 314,379,043

F-24

Energroup Holdings Corporation
Notes to Consolidated Financial Statements
As of and for the years ended December 31, 2008, 2007, and 2006

The Company believes that the fair market price of the hogs will increase by 10% each year. The assumption of 10% reflects that Company expectations in regards to inflation, and the rising costs of inputs in breeding livestock.

15. Operating Segments

The Company individually tracks the performance of its three operating subsidiaries Meat Company, Food Company, and Sales Company. Meat Company is primarily engaged in the slaughter and processing of pork livestock for wholesale and retail distribution. Food Company is primarily engaged in the production of pork-based food products, such as sausages and cured meats, for retail distribution. Sales Company is primarily engaged in the sale and distribution of products produced by Food Company and Meat Company.

The chief operating decision maker is the Chief Executive Officer of the Company. He evaluates each operating segment on the following measures of profit or loss: gross profit, operating income, and earnings before taxes, and net income. When he makes decisions on the strategic plans of each operating segment, he considers the foregoing measures of profit or loss and their impact on the overall performance of the Company as a whole.

Below is a presentation of the Company's results of operations and financial position for its operating subsidiaries at December 31, 2008, 2007, and 2006 and for the years then ended. 17. Concentration of Risk

(A) Demand risk

The Company had concentrations of risk in demand for its products because its sales were made to a small number of customers.

(B) Supply Risk

The Company is subject to concentration of supply shortage risk because it purchases its materials for resale from a few select vendors. The Company's availability of supply is correlated with the few select vendors' ability to meet the market demand. In 2007, the entire industry in the PRC faced a shortage in the supply of hogs.

18. Financing Transaction

On December 31, 2007, the Company, a Nevada corporation ("Energroup" or the "Company"), acquired Precious Sheen Investments Ltd. ("PSI") in a reverse take-over transaction, by executing a Share Exchange Agreement ("Exchange Agreement") by and among Energroup, PSI, and all of the shareholders of PSI's

issued and outstanding share capital (the “PSI Shareholders”). PSI owned 100% of the equity in Chuming WFOE. Chuming WFOE is a holding company for the following three operating subsidiaries: (i) Meat Company, (ii) Food Company, and (iii) Sales Company, each of which is a limited liability company headquartered in, and organized under the laws of, China (also referred to elsewhere as the “Chuming Operating Subsidiaries”).

As a result of the reverse take-over transaction, PSI's Shareholders became Energroup's controlling shareholders and PSI became Energroup's wholly-owned subsidiary. As a result of PSI becoming Energroup's wholly-owned subsidiary, Energroup acquired the business and operations of Chuming and the Chuming Operating Subsidiaries.

Under the Exchange Agreement, Energroup completed the acquisition of all of the issued and outstanding shares of PSI through the issuance of 16,850,000 restricted shares of common stock of Energroup to PSI's Shareholders. Immediately prior to the Exchange Agreement transaction, the Company had 422,756 shares of common stock issued and outstanding. Immediately after the issuance of the shares to PSI's Shareholders, the Company had 17,272,756 shares of common stock issued and outstanding. The 422,756 shares of PSI were cancelled and 17,272,756 shares of Energroup were issued to reflect this reverse take-over transaction.

Concurrently with the Exchange Agreement, Energroup also entered into a Securities Purchase Agreement (the "Purchase Agreement") pursuant to which Energroup agreed to issue and sell 3,863,635 shares of its common stock to ten accredited investors for an aggregate purchase price of \$17,000,000 or \$4.40 per share (the "Financing"). The closing of the Financing coincided with the Closing of the reverse take-over transaction.

In connection with the sales of securities to accredited investors under the securities purchase agreement, Hunter Wise Financial Group, LLC (the "Placement Agent"), was compensated with a commission of \$1,190,000 which is equal to 7.00% of the aggregate purchase price and a warrant to purchase the 386,364 shares of the Company's common stock at an exercise price of \$4.40 per share. At December 31, 2007, the Company had adequate authorized capital to issue common shares upon the exercise of the warrant.

At December 31, 2008, the total number of shares outstanding, on a fully diluted basis, is shown in the following table:

Common shares outstanding	
i. prior to offering of securities	17,272,756
Common shares issued	
ii. under securities purchase agreement	3,863,636
Common shares issuable	
iii. upon exercise of placement agent warrants	386,364
	21,522,756

Concurrent with the Company's financing transaction, the Company agreed to register for resale the common shares that were sold under the securities purchase agreement. Pursuant to filing a Form S-1 registration statement with the U.S. Securities and Exchange Commission, the Company entered into a Registration Rights Agreement with the Investors. The agreement calls for liquidated damages to be paid by the Company, if in the event the registration statement is not declared effective within 135 days of the closing of the financing transaction. The liquidated damages will be 1% of the total financing amount in cash per month for each month after the 135 period. The agreement states a maximum penalty of \$1.70 million or 10% of the financing amount. At December 31, 2007, the Company accounted for the liability under the registration rights agreement in accordance with FASB Staff Position No. EITF 00-19-2 Accounting for Registration Payment Arrangements. Under such accounting treatment, the liquidated

damages are accounted for as a reduction of the proceeds. In asserting the most conservative position, the Company has accrued the maximum liability of \$1.7 million and is carrying that balance in the accrued liabilities account. In the event that the registration becomes effective in a timeframe that is earlier than February 15, 2009, the portion that is not legally owed, or in the event that investors waive any liquidating damages, the accrual will be reversed and the funds will be added back to the Company's additional paid in capital.
