***Merger Closing Date***

The First Bancshares, Inc. (“First Bancshares”) and Sunshine Financial, Inc. (“Sunshine”) anticipate that the proposed merger of Sunshine with and into First Bancshares (the “Merger”) will be effective as of April 1, 2018. The closing remains subject to approval of the Agreement and Plan of Merger, dated December 6, 2017, by and between First Bancshares and Sunshine (the “Merger Agreement”) by the Sunshine stockholders at the special meeting of Sunshine stockholders on March 27, 2018, and satisfaction of all other conditions described in the Merger Agreement.

***Regulatory Approval***

As of February 27, 2018, First Bancshares has received all regulatory approvals necessary to consummate the Merger. The Merger remains subject to the approval of Sunshine’s stockholders and the satisfaction of other customary closing conditions.

***Proposed Settlement of Litigation Related to the Merger***

On February 9, 2018, Stephen Bushansky, the owner of 100 shares of Sunshine stock, commenced a civil action in the Circuit Court of the Second Judicial Circuit in and for Leon County, Florida against Sunshine, its directors, and First Bancshares. The plaintiff purports to bring the action as a class action, on behalf of all Sunshine stockholders other than the defendants and their affiliates. The plaintiff alleges that Sunshine’s directors breached their fiduciary duties by agreeing to sell Sunshine at an inadequate price after an inadequate sales process, and by failing to disclose all material information concerning the proposed transaction. The plaintiff alleges that Sunshine and First Bancshares aided and abetted these breaches of fiduciary duty. The plaintiff asks the Court to enjoin the defendants from proceeding with the proposed transaction unless and until all material information has been disclosed.

First Bancshares, Sunshine and Sunshine’s directors deny the plaintiff’s allegations. They believe the proposed transaction was only entered into after Sunshine had engaged in an exhaustive sales process. They believe the price to be paid in the proposed transaction is the best price available to Sunshine stockholders. Finally, they believe all material facts concerning the proposed transaction have already been disclosed to Sunshine stockholders in the proxy statement/prospectus for the proposed transaction dated February 12, 2018, and mailed to Sunshine stockholders on February 16, 2018.

Nonetheless, on March 16, 2018, solely for the purpose of avoiding the expense, inconvenience and uncertainty of litigation, the defendants agreed with the plaintiff, among other things, that the defendants would make certain additional disclosures concerning the proposed transaction, and the plaintiff would make no effort to prevent the completion of the proposed transaction and dismiss his complaint with prejudice. The agreement explicitly states that the resolution of the civil action on the terms described above is not an admission by the defendants that any of the plaintiff's allegations have merit. The resolution of the civil action will have no impact on the timing of the special meeting of Sunshine stockholders to approve the Merger. The additional agreed upon disclosures are set forth below.

#### **SUPPLEMENT TO PROXY STATEMENT/PROSPECTUS**

The following information supplements the proxy statement/prospectus dated February 12, 2018, and mailed to Sunshine stockholders on February 16, 2018. We urge you to read the proxy statement/prospectus in its entirety. To the extent that information herein differs from or updates information contained in the proxy statement/prospectus, the information contained herein supersedes the information contained in the proxy statement/prospectus. All page references in the information below are to pages in the proxy statement/prospectus, and defined terms used but not defined herein have the meanings set forth in the proxy statement/prospectus. Without admitting in any way that any of the disclosures below are material or required by the federal securities laws, state fiduciary law, or any other applicable rule, statute, regulation or law, First Bancshares and Sunshine make the following additional disclosures:

1. *The following sentence is inserted immediately after the second sentence in the first full paragraph appearing on page 52 of the definitive proxy statement/prospectus which is under the heading “The Merger – Background of the Merger.”*

None of these non-disclosure agreements contained a standstill or similar provision which would prohibit these parties from making a topping bid for Sunshine in the future.

2. *The following paragraph is inserted immediately following the first full paragraph on page 52 of the definitive proxy statement/prospectus which is under the heading “The Merger – Background of the Merger.”*

Three of the four bidders proposed to acquire Sunshine for consideration consisting of either all stock or a mixture of cash and stock within specified ranges, with a transaction value per share of \$28.00 at the high end of the range and \$23.00 at the low end of the range. The fourth bidder offered all cash at a transaction value per share that was substantially below what the other bidders had offered. None of the bidders offered any board seats or provided any specific employment arrangements for Sunshine’s existing management.

3. *The following sentence supplements and restates the first sentence in the second full paragraph appearing on page 52 of the definitive proxy statement/prospectus which is under the heading “The Merger – Background of the Merger.”*

Following the August 29, 2017 Sunshine Board meeting, BSP was instructed to contact two of the bidders and request they increase the bottom of their consideration range to \$24.00.

4. *The following sentences supplement and restates the third sentence in the third full paragraph appearing on page 52 of the definitive proxy statement/prospectus which is under the heading “The Merger – Background of the Merger.”*

On October 27, 2017, the remaining two parties submitted updated IOIs, both of which provided for merger consideration consisting of a mixture of stock and cash, with a fixed exchange ratio with respect to the stock consideration. Neither IOI offer any board representation to Sunshine’s directors, but each of the IOIs indicated that Sunshine’s directors would have the opportunity to serve on a local advisory board. One of the IOIs, indicated that Mr. Baggett would be offered a position with the respective party following the close of the transaction.

5. *The following disclosure supplements and restates the information appearing on page 59 of the definitive proxy statement/prospectus which is under the heading “The Merger – Opinion of Sunshine’s Financial Advisor.”*

***Note Regarding Sunshine Prospective Financial Information***

Sunshine does not, as a matter of course, publicly disclose forecasts or internal projections as to future performance, earnings or other results due to, among other reasons, the uncertainty of the underlying assumptions and estimates. However, in connection with the proposed merger, the senior management of Sunshine provided BSP with certain nonpublic unaudited prospective financial information prepared by Sunshine senior management with respect to Sunshine. Such nonpublic unaudited prospective financial information of Sunshine was used by BSP in performing financial analyses in connection with its fairness opinion. This nonpublic unaudited prospective financial information was prepared as part of Sunshine's overall process of analyzing its strategic alternatives, and was not prepared for the purposes of, or with a view toward, public disclosure or with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information, published guidelines of the SEC regarding forward-looking statements or GAAP. A summary of certain significant elements of this information is set forth above, and is included in this Current Report solely because such information was made available to BSP in connection with the merger. The information included above does not comprise all of the prospective financial information provided by Sunshine to BSP.

Although presented with numeric specificity, the financial forecasts reflect numerous estimates and assumptions of the senior management of Sunshine made at the time they were prepared. These and the other estimates and assumptions underlying the financial forecasts involve judgments with respect to, among other things, the future interest rate environment and other economic, competitive, regulatory and financial market conditions and future business decisions that may not be realized and that are inherently subject to significant business, economic, competitive and regulatory uncertainties and contingencies, including, among other things, the inherent uncertainty of the business and economic conditions affecting the industry in which Sunshine operates, and the risks and uncertainties described under "Risk Factors" beginning on page 37, "Cautionary Statement Concerning Forward-Looking Statements" on page 18, and in the reports that Sunshine files with the SEC from time to time, all of which are difficult to predict and many of which are outside the control of Sunshine and will be beyond the control of the combined company. There can be no assurance that the underlying assumptions would prove to be accurate or that the projected results would be realized, and actual results likely would differ materially from those reflected in the financial forecasts, whether or not the merger is completed. Further, these assumptions do not include all potential actions that the management of Sunshine could or might have taken during these time periods.

The inclusion in this Current Report of the nonpublic unaudited prospective financial information above should not be regarded as an indication that First Bancshares, Sunshine or BSP considered, or now consider, these projections and forecasts to be a necessarily accurate predictor of actual future results. The financial forecasts are not fact and should not be relied upon as being necessarily indicative of the ultimate performance of Sunshine, and this information should not be relied on as such. In addition, this information represents the evaluation of the senior management of Sunshine at the time it was prepared regarding certain measures of expected future financial performance on a standalone basis, assuming execution of certain strategic initiatives, and without reference to the merger or transaction-related costs or benefits. No assurances can be given that these financial forecasts and the underlying assumptions are reasonable or that, if they had been prepared as of the date of the proxy statement/prospectus or this Current Report, similar assumptions would be used. In addition, the financial forecasts may not reflect the manner in

which First Bancshares would operate Sunshine's business after the merger.

The financial forecasts summarized in this section were prepared by and are the responsibility of the senior management of Sunshine. None of T. E. Lott & Company (the independent registered public accounting firm of First Bancshares when the proxy statement/prospectus was filed), Crowe Horwath LLP (the independent registered public accounting firm of First Bancshares as of the date of this Current Report) or Hacker, Johnson & Smith PA (the independent registered public accounting firm of Sunshine) has examined, compiled or otherwise performed any procedures with respect to the prospective financial information contained in these financial forecasts and, accordingly, none of such accounting firms has expressed any opinion or given any other form of assurance with respect thereto and they assume no responsibility for the prospective financial information. The reports of the independent registered public accounting firms incorporated by reference in the proxy statement/prospectus relate to the historical financial information of First Bancshares and Sunshine. Such reports do not extend to the financial forecasts and should not be read to do so. No independent registered public accounting firm has examined, compiled or otherwise performed any procedures with respect to the prospective financial information contained in these financial forecasts and, accordingly, no independent registered public accounting firm has expressed any opinion or given any other form of assurance with respect thereto and no independent registered public accounting firm assumes any responsibility for the prospective financial information.

***Forward-Looking Statements***

This Current Report contains “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. In general, forward-looking statements usually use words such as “may,” “believe,” “expect,” “anticipate,” “intend,” “will,” “should,” “plan,” “estimate,” “predict,” “continue” and “potential” or the negative of these terms or other comparable terminology, including statements related to the expected timing of the closing of the Merger, the expected returns and other benefits of the Merger, to stockholders, expected improvement in operating efficiency resulting from the Merger, estimated expense reductions resulting from the transactions and the timing of achievement of such reductions, the impact on and timing of the recovery of the impact on tangible book value, and the effect of the Merger on the First Bancshares’ capital ratios. Forward-looking statements represent management’s beliefs, based upon information available at the time the statements are made, with regard to the matters addressed; they are not guarantees of future performance. Forward-looking statements are subject to numerous assumptions, risks and uncertainties that change over time and could cause actual results or financial condition to differ materially from those expressed in or implied by such statements.

Factors that could cause or contribute to such differences include, but are not limited to (1) the risk that the cost savings and any revenue synergies from the Merger may not be realized or take longer than anticipated to be realized, (2) disruption from the Merger with customers, suppliers, employee or other business partners relationships, (3) the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement, (4) the risk of successful integration of Sunshine's business into First Bancshares, (5) the failure to obtain the necessary approvals by the stockholders of Sunshine, (6) the amount of the costs, fees, expenses and charges related to the Merger, (7) reputational risk and the reaction of each of the companies' customers, suppliers, employees or other business partners to the Merger, (8) the failure of the closing conditions in the Merger Agreement to be satisfied, or any unexpected delay in closing of the Merger, (9) the risk that the integration of Sunshine's operations into the operations of First Bancshares will be materially delayed or will be more costly or difficult than expected, (10) the possibility that the Merger may be more expensive to complete than anticipated, including as a result of unexpected factors or events, including litigation, (11) the dilution caused by First Bancshares' issuance of additional shares of its common stock in the merger transaction, and (13) general competitive, economic, political and market conditions. Additional factors which could affect the forward looking statements can be found in the cautionary language included under the headings "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Risk Factors" in First Bancshares' Annual Reports on Form 10-K for the year ended December 31, 2016, under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Sunshine's Annual Reports on Form 10-K for the year ended December 31, 2016, and other documents subsequently filed by First Bancshares and Sunshine with the SEC. Consequently, no forward-looking statement can be guaranteed. Neither First Bancshares nor Sunshine undertakes any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. For any forward-looking statements made in this Current Report on Form 8-K, the exhibits hereto or any related documents, First Bancshares and Sunshine claim protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.
