SHARPS COMPLIANCE CORP. AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2004

NOTE 1. ORGANIZATION AND BACKGROUND

The accompanying consolidated financial statements include the financial transactions and accounts of Sharps Compliance Corp. and its wholly owned subsidiaries, Sharps Compliance, Inc. of Texas (dba Sharps Compliance, Inc.), Sharps e-Tools.com, Inc. ("Sharps e-Tools"), Sharps Manufacturing, Inc., Sharps Environmental Services, Inc. (dba Sharps Environmental Services of Texas, Inc.) and Sharps Safety, Inc. (collectively, "Sharps" or the "Company"). All significant intercompany accounts and transactions have been eliminated upon consolidation.

NOTE 2. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC") and, accordingly, do not include all information and footnotes required under accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, these interim condensed consolidated financial statements contain all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the consolidated financial position of the Company as of December 31, 2004 and the results of its operations and cash flows for the six months ended December 31, 2004 and 2003. The results of operations for the six months ended December 31, 2004, are not necessarily indicative of the results to be expected for the entire fiscal year ending June 30, 2005. These condensed consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-KSB for the year ended June 30, 2004.

Certain reclassifications have been made in the prior year consolidated statement of operations to conform to current year presentation.

NOTE 3. REVENUE RECOGNITION

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

The Company adopted the Securities and Exchange Commission's ("SEC") Staff Accounting Bulletin ("SAB") No. 101, "Revenue Recognition", which provides guidance related to revenue recognition based on interpretations and practices followed by the SEC. Under SAB No. 101, certain products offered by the Company have revenue producing components that are recognized over multiple delivery points (Sharps Disposal by Mail Systems, referred to as "Mailback" and Sharps Return Boxes, referred to as "Pump Returns") and can consist of up to three separate elements as follows: (1) the sale of the container system, (2) the transportation of the container system and (3) the treatment and disposal (incineration) of the container system. The individual fair value of the transportation and incineration services are determined by the sales price of the service offered by third parties, with the fair value of the container being the residual value. Revenue for the sale of the container is recognized upon delivery to the customer, at which time the customer takes title and assumes risk of ownership. Transportation revenue on Mailbacks is recognized when the customer returns the mailback container system and the container has been received at the Company's treatment facility. The Mailback container system is mailed to the incineration facility using the United States Postal Service ("USPS"). Incineration revenue is recognized upon the destruction and certification of destruction having been prepared on the container. Since the transportation element and the incineration elements are undelivered services at the point of initial sale of the container, the Mailback revenue is deferred until the services are performed. The current and long-term portions of deferred revenues are determined through regression analysis and historical trends. Furthermore, through regression analysis of historical data, the Company has determined that a certain percentage of all container systems sold may not be returned. Accordingly, a portion of the transportation and incineration elements are recognized at the point of sale.

7

NOTE 4. INCOME TAX

During the three and six months ended December 31, 2004 the Company recorded a provision of \$493 and \$4,200, respectively, for estimated Alternative Minimum Tax (AMT). The Company anticipates net operating profits for the year ended June 30, 2005, although no assurance can be given. The Company expects to utilize its net operating loss carryforwards to offset any ordinary taxable income for the year ended June 30, 2005.

NOTE 5. ACCOUNT RECEIVABLE

In September and October 2003, the Company secured judgments against Ameritech Environmental, Inc. ("Ameritech") totaling \$176,958 related to the non-payment by Ameritech for services provided by the Company in 2002. The assets of Ameritech representing collateral for the judgments were sold by Ameritech to MedSolutions, Inc. of Dallas, Texas ("MedSolutions") in November 2003. In January 2004, the Company secured a Garnishment Order against MedSolutions whereby MedSolutions was ordered to pay to the Company \$170,765, plus interest at 5%. Payments under the Garnishment Order are scheduled to be made monthly in the amount of \$4,375 (inclusive of interest) with a balloon payment of \$137,721 due November 7, 2004. MedSolutions is currently in breach of the Garnishment Order. In January 2005, the Company filed suit against MedSolutions and Ameritech in the 234th Judicial District Court of Harris County, Texas. The suit alleges collusion, fraudulent conveyance and fraudulent inducement by and between MedSolutions and Ameritech to defraud payment to the Company for amounts owed, as described above. The Company has also requested the Court to appoint a

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

Receiver for all sums owed to protect assets pending review by the Court.

In the quarters ending March 31, 2003 and June 30, 2003, the Company wrote-off all outstanding amounts, \$75,996 and \$106,397 respectively, due from Ameritech. Therefore, any potential future recoveries of receivables would be recorded as a credit to the allowance for bad debts. Any recovery that may be received by the Company will be reduced by collection-related legal fees estimated at one-third of any amounts collected. Although the Company will continue to aggressively pursue collection of the outstanding amounts under the Garnishment Orders, no assurances regarding collection can be made.

NOTE 6. NOTES PAYABLE AND LONG-TERM DEBT

Notes payable and long-term debt consisted of the following:

	=====	=====

The Company maintains an arrangement with a financial institution for a \$1.25 million asset-based line of credit. The agreement allows the Company to factor customer receivables generated out of its ordinary course of business. The maximum amount available under the line of credit is \$1.0 million (or \$1.25 million of its gross receivable balance). The agreement is automatically renews on an annual basis (August 30 of each year) unless terminated by either party. The Company may borrow up to 80% of the eligible receivables presented and incurs interest on gross invoices financed at a prime rate of interest plus 2%, plus administrative fees of .25% on gross receivables presented. During the quarter ended December 31, 2004, there were no borrowings under the arrangement.

NOTE 7. OBLIGATIONS UNDER CAPITAL LEASES

Capital lease obligations consist of the following:

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

	2004
Capital lease for the purchase of accounting and operating system software and hardware, due in monthly installments of \$4,061, interest imputed at 21% through February 2007	\$ 84,57

	111,641
Less: current portion	44,181
	\$ 67,460

NOTE 8. STOCK-BASED COMPENSATION

The Company adopted Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation", but elected to continue to account for its employee stock-based compensation plan under Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" and its related interpretations in accounting for its stock option plan. While the Company continues to use APB No. 25, pro forma information regarding net income (loss) and earnings per share is required under SFAS No. 123 and SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an amendment of SFAS Statement No. 123", including that the information be determined as if the Company had accounted for its stock options under the fair value method prescribed by SFAS No. 123.

The Company uses the Black-Scholes option valuation model to value options granted. Because changes in input assumptions can materially affect the fair value estimate, the existing model may not necessarily provide the only measure of fair value for the employee stock options.

The Company used the following weighted-average assumptions for options granted during the quarters ended December 31, 2004 and 2003, as follows: risk-free interest rates of 4.04% and 3.50%, respectively; expected annual dividend yield of 0%; volatility factors of the expected market price of the Company's common stock of approximately 45.24% and 34%, respectively; and a weighted-average expected life of the options of 7 years.

Had compensation expense for stock based compensation been determined consistent with the provisions of SFAS No. 123 (and as amended by SFAS No. 148), the Company's net loss for the quarters ended December 31, 2004 and 2003, respectively, would have been increased, as follows:

NOTE 9. EARNINGS PER SHARE

Earnings per share is measured at two levels: basic per share and diluted per share. Basic per share is computed by dividing net income (loss) by the weighted average number of common shares outstanding during the year. Diluted per share is computed by dividing net income (loss) by the weighted average number of common shares after considering the additional dilution related to common stock options. In computing diluted per share, the outstanding common stock options

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

are considered dilutive using the treasury stock method. The following information is necessary to calculate per share for the periods presented:

	Six Months Ended December 31,

NOTE 10. RELATED PARTY TRANSACTION

On January 2, 2003, the Chief Executive Officer of the Company sold 356,000 shares of common stock in Sharps Compliance Corp. through a private sale. Purchasers of these shares included, among others, New Century Equity Holdings Corp. ("New Century") (200,000 shares), a 3% shareholder in the Company, John Dalton (50,000 shares), a 10.1% holder in the Company, and Philip Zerrillo (10,000 shares), a member of the Company's Board of Directors.

On September 24, 2003, the Company completed a private placement of 625,000 unregistered shares of its common stock for net proceeds of \$500,000.

ITEM 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

This quarterly report on Form 10-QSB contains certain forward-looking statements and information relating to Sharps that are based on the beliefs of the Company's management as well as assumptions made by and information currently available to the Company's management. When used in this report, the words "anticipate," "believe," "estimate" and "intend" and words or phrases of similar import, as they relate to Sharps or Company management, are intended to identify forward-looking statements. Such statements reflect the current risks, uncertainties and assumptions related to certain factors including, without limitations, competitive factors, general economic conditions, customer relations, relationships with vendors, governmental regulation and supervision, seasonality, distribution networks, product introductions and acceptance,

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

technological change, changes in industry practices, onetime events and other factors described herein. Based upon changing conditions, should any one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those described herein as anticipated, believed, estimated, expected or intended. The Company does not intend to update these forward-looking statements.

GENERAL

Sharps is a leading developer of cost effective solutions for improving safety and efficiency related to the proper disposal of medical waste by industry and consumers. These solutions include Sharps Disposal by Mail System(TM), Pitch-It(TM) IV Poles, Trip LesSystem(TM), Sharps Pump Return Box, Sharps Enteral Pump Return Box, Sharps Secure(TM), Sharps SureTemp Tote(TM), IsoWash(TM) Linen Recovery System, Sharps e-Tools, Sharps Environmental Services and Sharps Consulting. Some products and services facilitate compliance with state and federal regulations by tracking, incinerating and documenting the disposal of medical waste. Additionally, some products and services facilitate compliance with educational and training requirements required by federal, state, and local regulatory agencies.

The Pro-Tec product line offers medical sharps disposal containers, specialized for safe disposal of biomedical waste in a full range of services. The Pro-Tec product line is a vertical business integration of the sharps disposal by mail products for the Company. The Company will have savings in product cost on its Sharps Disposable by Mail System(TM) and sales to third parties of this product.

RESULTS OF OPERATIONS

The following analyzes changes in the consolidated operating results and financial condition of the Company during the three months and six months ended December 31, 2004 and 2003.

The following table sets forth, for the periods indicated, certain items from the Company's Condensed Consolidated Statements of Operations, expressed as a percentage of revenue:

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

THREE MONTHS ENDED DECEMBER 31, 2004, COMPARED TO THREE MONTHS ENDED DECEMBER 31, 2003

Total revenues for the three months ended December 31, 2004 of \$2,229,045 increased by \$154,825, or 7.5%, over the total revenues for the three months ended December 31, 2003 of \$2,074,220. The increase in revenues is primarily attributable to increased billings in the Agriculture (\$107,520), Healthcare (\$45,549), and Retail (\$44,131) markets.

Cost of revenues for the three months ended December 31, 2004 of \$1,330,947 were 60% of revenues which was consistent with the gross margin percentage generated during the corresponding period of the prior year.

Selling, general and administrative ("S,G&A") expenses for the three months ended December 31, 2004 of \$861,021, increased by \$62,682, or 8%, versus \$798,339 for the corresponding period of the previous year. The increase in the S,G&A is primarily a result of increases in the following expenses: (i) compensation (\$35,837), (ii) professional fees (\$15,742) and (iii) travel and entertainment (\$10,811).

SIX MONTHS ENDED DECEMBER 31, 2004, COMPARED TO SIX MONTHS ENDED DECEMBER 31, 2003

Total revenues for the six months ended December 31, 2004 of \$4,648,431 increased by \$576,999, or 14%, over the total revenues for the six months ended December 31, 2003 of \$4,071,432. The increase in revenues is primarily attributable to increased billings in the Agriculture (\$233,932), Healthcare (\$212,945), Retail (\$171,626) and Hospitality (\$69,686) markets.

Cost of revenues for the six months ended December 31, 2004 of \$2,718,491 were 58% of revenues versus \$2,469,310, or 61% of the revenues for the corresponding period of the previous year. The increase in the gross margin for the six months ended December 31, 2004, versus the corresponding period of the prior year, is due to the increase in revenues as described in the preceding paragraph and the mix of product sold.

Selling, general and administrative ("S,G&A") expenses for the six months ended December 31, 2004 of \$1,728,926, increased by \$94,201, or by 6%, versus \$1,634,725 for the corresponding period of the previous. The increase in the S,G&A is primarily a result of increases in the following expenses: (i) commissions (\$23,188), (ii) compensation (\$22,886), (iii) professional fees (\$19,537), (iv) advertising and PR consulting (\$8,086) and (v) computer costs (\$7,921).

LIQUIDITY AND CAPITAL RESOURCES

Cash and cash equivalents decreased by \$42,008 to \$200,795 at December 31, 2004 from \$242,803 at June 30, 2004. The decrease in cash and cash equivalents is primarily a result of the payoff of the balance of the factoring agreement (\$165,083) and the note payable (\$31,675). Also, payments on capital lease obligations (\$19,249) and net changes in other working capital items (\$7,891) contributed to the decrease. This decrease was partially offset by \$183,033 in income (net of amortization) generated for the six months ended December 31, 2004.

Restricted cash increased by \$52,315 to \$66,993 at December 31, 2004 from

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

\$14,678 at June 30, 2004. Restricted cash represents funds held in the Company's account receivable lockbox that have not yet cleared the Company's operating account. Therefore, this account fluctuates based on deposit activities at the balance sheet date.

Accounts receivable decreased by \$185,399 to \$796,009 at December 31, 2004 from \$981,408 at June 30, 2004. The decrease was consistent with the decrease in revenues during the quarter ending December 2004 of \$2,229,045 as compared to the revenues during the quarter ending June 2004 of \$2,468,015.

Property and equipment decreased by \$72,383 to \$467,417 at December 31, 2004 from \$539,800 at June 30, 2004. This decrease is primarily attributable to depreciation expense recognized for the corresponding six month period.

Accounts payable decreased by \$195,717 to \$397,226 at December 31, 2004 from \$592,943 at June 30, 2004. The decrease was due the timing of vendor payments.

Notes payable and long-term debt of \$196,758 at June 30, 2004 was completely paid as of December 31, 2004.

Management believes that the Company's current cash resources along with its asset-based factoring line of credit will be sufficient to fund operations for the twelve months ended December 31, 2005.

12

The Company maintains an arrangement with a financial institution for a \$1.25 million asset-based line of credit. The agreement allows the Company to factor customer receivables generated out of its ordinary course of business. The maximum amount available under the line of credit is \$1.0 million (or \$1.25 million of its gross receivable balance). The agreement is automatically renews on an annual basis (August 30 of each year) unless terminated by either party. The Company may borrow up to 80% of the eligible receivables presented and incurs interest on gross invoices financed at a prime rate of interest plus 2%, plus administrative fees of .25% on gross receivables presented. During the quarter ended December 31, 2004, the maximum borrowed under the arrangement was \$0.

CRITICAL ACCOUNTING ESTIMATES

Certain products offered by the Company have revenue producing components that are recognized over multiple delivery points and can consist of up to three separate elements as follows: (1) the sale of the container system, (2) the transportation of the container system and (3) the treatment and disposal (incineration) of the container system. Since the transportation element and the incineration elements are undelivered services at the point of initial sale of the container, the revenue is deferred until the services are performed. The current and long-term portions of deferred revenues are determined through regression analysis and historical trends. Furthermore, through regression analysis of historical data, the Company has determined that a certain percentage of all container systems sold may not be returned. Accordingly, a portion of the transportation and incineration elements is recognized at the point of sale.

RECENTLY ISSUED ACCOUNTING STANDARDS

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN 46"), "Consolidation of Variable Interest Entities", and subsequently revised the

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

interpretation in December 2003 ("FIN 46R") which requires that companies that control another entity through interests other than voting rights should consolidate the controlled entity. As revised, FIN 46R is generally effective for financial statements for interim or annual periods ending on or after March 15, 2004. The related disclosure requirements are effective immediately. Management does not believe the adoption of FIN 46R will have any impact on the Company's financial position or results of operations.

In April 2003, the FASB issued SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities", which amends SFAS No. 133 to provide clarification on the financial accounting and reporting of derivative instruments and hedging activities and requires that contracts with similar characteristics to be accounted for on a comparable basis. The provisions of SFAS No. 149 are effective for contracts entered into or modified after June 30, 2003, and for hedging relationships designated after June 30, 2003. The adoption of SFAS No. 149 will not have a material impact on the Company's results of operations or financial position.

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity", which establishes standards on the classification and measurement of certain financial instruments with characteristics of both liabilities and equity. The provisions of SFAS No. 150 are effective for financial instruments entered into or modified after May 31, 2003 and to all other instruments that exist as of the beginning of the first interim financial reporting period beginning after June 15, 2003. The adoption of SFAS No. 150 did not have a material impact on the Company's results of operations or financial position.

In November 2004, the FASB issued FASB Statement No. 151, which revised ARB No. 43, relating to inventory costs. This revision is to clarify the accounting for abnormal amounts of idle facility expense, freight, handling costs and wasted material (spoilage). This Statement requires that these items be recognized as a current period charge regardless of whether they meet the criterion specified in ARB 43. In addition, this Statement requires the allocation of fixed production overheads to the costs of conversion be based on normal capacity of the production facilities. This Statement is effective for financial statements for fiscal years beginning after June 15, 2005. Earlier application is permitted for inventory costs incurred during fiscal years beginning after the date of this Statement is issued. Management believes this Statement will have no impact on the financial statements of the Company once adopted.

In December 2004, the FASB issued FASB Statement No. 152, which amends FASB Statement No. 66, Accounting for Sales of Real Estate, to reference the financial accounting and reporting guidance for real estate time-sharing transactions that is provided in AICPA Statement of Position (SOP) 04-2, Accounting for Real Estate Time-Sharing Transactions. This Statement also amends FASB Statement No. 67, Accounting for Costs and Initial Rental Operations of Real Estate Projects, to state that the guidance for (a) incidental operations and (b) costs incurred to sell real estate projects does not apply to real-estate time-sharing transactions. The accounting for those operations and costs is subject to the guidance in SOP 04-2. This Statement is effective for financial statements for fiscal years beginning after June 15, 2005. Management believes this Statement will have no impact on the financial statements of the Company once adopted.

In December 2004, the FASB issued FASB Statement No. 153. This Statement addresses the measurement of exchanges of nonmonetary assets. The guidance in

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

APB Opinion No. 29, Accounting for Nonmonetary Transactions, is based on the principle that exchanges of nonmonetary assets should be measured based on the fair value of the assets exchanged. The guidance in that Opinion, however, included certain exceptions to that principle. This Statement amends Opinion 29 to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. A nonmonetary exchange has commercial substance if the future cash flows of the entity are expected to change significantly as a result of the exchange. This Statement is effective for financial statements for fiscal years beginning after June 15, 2005. Earlier application is permitted for nonmonetary asset exchanges incurred during fiscal years beginning after the date of this Statement is issued. Management believes this Statement will have no impact on the financial statements of the Company once adopted.

In December 2004, the Financial Accounting Standards Board issued Statement Number 123 (revised 2004) ("FAS 123 (R)"), Share-Based Payments. FAS 123 (R) requires all entities to recognize compensation expense in an amount equal to the fair value of share-based payments, such as stock options granted to employees. The Company is required to apply FAS 123 (R) on a modified prospective method. Under this method, the Company is required to record compensation expense (as previous awards continue to vest) for the unvested portion of previously granted awards that remain outstanding at the date of adoption. In addition, the Company may elect to adopt FAS 123 (R) by restating previously issued financial statements, basing the amounts on the expense previously calculated and reported in their pro forma disclosures that had been required by FAS 123. For public entities that file as small business issuers FAS 123 (R) is effective as of the beginning of the first interim or annual reporting period that begins after December 15, 2005. Management has not completed its evaluation of the effect that FAS 123 (R) will have, but believes that the effect will be consistent with the application disclosed in its pro forma disclosures.

ITEM 3. CONTROLS AND PROCEDURES

Within the ninety days prior to the date of this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-14. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company's periodic SEC filings. There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls subsequent to the date of the Company's evaluation.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

In September and October 2003, the Company secured judgments against Ameritech Environmental, Inc. ("Ameritech") totaling \$176,958 related to the non-payment by Ameritech for services provided by the Company in 2002. The assets of Ameritech representing collateral for the judgments were sold by Ameritech to MedSolutions, Inc. of Dallas, Texas ("MedSolutions") in November 2003. In January 2004, the Company secured a Garnishment Order against MedSolutions whereby MedSolutions was ordered to pay to the Company \$170,765, plus interest at 5%. Payments under the Garnishment Order are scheduled to be made monthly in the amount of \$4,375 (inclusive of interest) with a balloon payment of \$137,721 due November 7, 2004. MedSolutions is currently in breach of the Garnishment Order. In January 2005, the Company filed suit against MedSolutions and Ameritech in the 234th Judicial District Court of Harris County, Texas. The suit alleges collusion, fraudulent conveyance and fraudulent inducement by and between MedSolutions and Ameritech to defraud payment to the Company for amounts owed, as described above. The Company has also requested the Court to appoint a Receiver for all sums owed to protect assets pending review by the Court.

On June 14, 2004, the Company provided Mr. Ronald E. Pierce, its then current Chief Operating Officer ("Mr. Pierce"), with notice of non-renewal of his employment agreement. As such, July 14, 2004 was Mr. Pierce's last day of employment. The Company has advised Mr. Pierce that under the terms of the employment contract no further compensation (including services) was due. The Company then received various letters from Mr. Pierce's attorney advising that Mr. Pierce is taking the position that the non-renewal of the employment agreement was not timely and, therefore, Mr. Pierce was terminated without cause. Additionally, Mr. Pierce claims that the Company had no right to terminate him on the anniversary date of his Agreement without the obligation of paying Mr. Pierce as if he were terminated without cause. Mr. Pierce has demanded severance related payments totaling approximately \$280,000 (including a \$80,000 bonus) along with the full accelerated vesting of 500,000 stock options previously awarded to Mr. Pierce. The Company believes that notice of such non-renewal was timely, and that in accordance with Mr. Pierce's employment agreement, the Company was entitled to provide notice thirty (30) days prior to the anniversary of its intent to terminate the agreement, and no severance would therefore be due to Mr. Pierce. On July 30, 2004, the Company received notice from Mr. Pierce's attorney requesting commencement of arbitration to resolve the claim. No further communications have been received from Mr. Pierce's attorney since July 30, 2004. The Company believes it has meritorious defenses against Mr. Pierce's claims and has not recorded a liability related to this matter.

ITEM 2. CHANGES IN SECURITIES

On September 24, 2003 the Company completed a private placement of 625,000 shares of common stock at a price of \$0.80 per share. The proceeds of \$500,000 have been utilized by the Company for working capital purposes as well as to support growth plans to further expand the business into the industrial, retail, and other markets.
