**FOR IMMEDIATE RELEASE**

**Alvarion® Reports Q1 2009 Results**

**Tel Aviv, May 6, 2009** **Alvarion Ltd.** (NASDAQ:ALVR), the world's leading provider of WiMAX and wireless broadband solutions, today announced financial results for the first quarter ended March, 31, 2009.

Q1 Highlights (compared to Q1 2008):

WiMAX shipments flat at \$40.6 million

WiMAX revenues up 29% to \$50.9 million

GAAP net loss was (\$0.01); Non-GAAP EPS \$0.01.

In the first quarter of 2009, revenues were \$67.9 million, a decrease of 3% from \$70.1 million in the fourth quarter of 2008, and an increase of 1% from \$67.2 million in the first quarter of 2008.

## Edgar Filing: ALVARION LTD - Form 6-K

GAAP net loss in the first quarter of 2009 was (\$852,000), or (\$0.01) per share, compared to net loss of \$(4.8) million, or \$(0.08) per share in Q4 2008, which included a restructuring charge and related expenses of \$2.9 million in connection with the cost reduction initiatives that were implemented in December 2008. GAAP net loss in the first quarter of 2008 was (\$601,000), or (\$0.01) per share.

Excluding the amortization of intangibles and stock based compensation expenses, and the restructuring charge and related expenses in Q4-2008, on a non-GAAP basis, the company reported net income in the first quarter of 2009 of approximately \$754,000, or \$0.01 per diluted share, compared with non-GAAP net loss of (\$413,000), or (\$0.01) per diluted share in the fourth quarter of 2008, and non-GAAP net income of approximately \$2.0 million, or \$0.03 per diluted share in Q1 2008. Non-GAAP net income and EPS for Q4 of 2008 have been revised from the figures originally reported to reflect a reclassification which had the effect of increasing R&D expense and reducing non-GAAP net income by about \$500,000.

Cash reserves as of March 31, 2009, totaled approximately \$136 million, a decrease of \$5 million.

For supplemental information to facilitate evaluation of the impact of non-cash charges and comparisons with historical results of operations, see the attached table showing the detailed reconciliation of GAAP to non-GAAP results for Q1 2009, and the comparative periods.

### **Comments from Management**

In view of the challenging quarter for the entire industry, we are pleased with our results, said Tzvika Friedman, President and CEO of Alvarion. We achieved results within the range of our guidance. This was attributable to a combination of revenue recognition related to earlier shipments and decisive steps to reduce operating expenses since shipments and order intake were below our expectations .

We have not seen any diminished interest in WiMAX as a technology, but we have seen projects delayed due to availability of financing as well as due to hesitation on the part of well-funded companies intent on conserving cash. A few other deployments have been postponed or put on hold, mainly for regulatory reasons unrelated to the economy. As a result, WiMAX shipments declined 30% sequentially from the record level of Q4".

Although sales cycles are longer and credit remains tight, we expect improvement in order patterns and shipments in Q2 compared to Q1. However, we expect revenues in Q2 to be sequentially lower because we will have less revenue to recognize from shipments made during previous quarters compared to Q1".

Looking into next year, our confidence in the outlook is increasing for several reasons: we have an overall backlog of orders plus unrecognized revenue from prior shipments totaling over \$100 million; many customers are planning multi-year network build-outs; we have recently won new projects; we are well positioned to take market share from weak competitors; government stimulus programs are targeting broadband as a key area for economic development; additional licenses are expected to be granted in key regions during the next 12 months; and new vertical markets such as video surveillance and traffic management are gaining traction and represent incremental opportunities .

### **Q2 2009 Guidance**

The company's revenue guidance for Q2 2009 is \$54 to \$62 million. Based on the indicated revenue range, Q2 non-GAAP per share results are expected to range between a loss of (\$0.01) and (\$0.07). GAAP per share results are expected to range between a loss of (\$0.03) and (\$0.09), before any one-time charges.
