PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS

To be held November 8, 2005

LIGHTPATH TECHNOLOGIES, INC.

2603 Challenger Tech Court, Suite 100

Orlando, Florida USA 32826

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of LightPath Technologies, Inc. (sometimes referred to as the Company or LightPath) is soliciting your proxy to vote at the Annual Meeting of Stockholders to be held on Tuesday, November 8, 2005 at 11:00 a.m. local time at our corporate headquarters, 2603 Challenger Tech Court, Suite 100, Orlando, Florida 32826. You are invited to attend the Annual Meeting and we request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

We intend to mail this proxy statement and accompanying proxy card on or about October 7, 2005 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on September 27, 2005 will be entitled to vote at the Annual Meeting. On this record date, there were 3,827,209 shares (including all restricted stock awards at such date) of Class A common stock (our only class of common stock) outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

Edgar Filing: LIGHTPATH TECHNOLOGIES INC - Form DEF 14A

If on September 27, 2005, your shares were registered directly in your name with our transfer agent, Continental Stock Transfer and Trust Co., then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted. Even if you fill out and return your proxy, you may still vote in person if you are able to attend the meeting.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on September 27, 2005, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street

name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

These are specific matters scheduled for a vote:

1. The election of two directors (the Class III directors) to our Board of Directors
2. The approval of the Company's 2004 Employee Stock Purchase Plan.

A vote may also be held on any other business as may properly come before the Annual Meeting or any postponement or adjournment thereof, although there is no other business anticipated to come before the Annual Meeting.

How do I vote?

With regard to the election of directors, you may vote For all nominees listed or you may Withhold Authority for any or all of the nominees. For all other matters, you may vote For or Against or abstain from voting. The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

Edgar Filing: LIGHTPATH TECHNOLOGIES INC - Form DEF 14A

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from LightPath. Simply complete and mail the proxy card to ensure that your vote is counted. To vote in person at the Annual Meeting, you must

obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of September 27, 2005.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For all proposals outlined in this Proxy, including For each of the nominees for director. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

LightPath will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

What is householding ?

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially means convenience for security holders and cost savings for companies.

A number of brokers with account holders who are LightPath stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they will be householding communications to your address, householding will

continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to

participate in householding and would prefer to receive a separate proxy statement, please notify your broker and also notify us by sending your written request to Investor Relations, LightPath Technologies, Inc., 2603 Challenger Tech Court, Suite 100, Orlando, Florida USA 32826 or by calling Investor Relations at 407-382-4003, ext. 314. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should also contact their broker and notify us in writing or by telephone.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to LightPath's Secretary at 2603 Challenger Tech Court, Suite 100, Orlando, Florida USA 32826.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

How are votes counted?

Votes will be counted by the inspector of elections appointed for the meeting, who will separately count For, Against and Withhold Authority votes, abstentions and broker non-votes. A broker non-vote occurs when a nominee/broker holding shares for a beneficial owner does not vote on a particular proposal because the nominee/broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved.

How many votes are needed to approve the proposals?

With regard to Proposal No. 1 (election of directors), the two nominees receiving a plurality of the votes cast at the meeting will be elected as directors of the Company. A properly executed proxy marked Withhold Authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

To be approved, Proposal No. 2 (approval of 2004 Employee Stock Purchase Plan) must receive For votes from holders of a majority of the shares represented and voted at the meeting. If you Abstain from voting, it will have the same effect as an Against vote. Not voting on these proposals, including broker non-votes, has no effect on the outcome.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares of stock entitled to vote is represented by votes at the meeting or by proxy. On the record date, there were 3,827,209 outstanding shares (including all restricted stock awards at such date) entitled to vote. Thus 1,913,606 must be represented by votes at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. LightPath will subsequently either include the final voting results in its quarterly report on Form 10-Q or issue a general press release after the meeting indicating whether the stockholders have approved the proposals or not.

When are stockholder proposals for the 2006 Annual Meeting due?

Stockholders interested in presenting a proposal to be considered for inclusion in next year's proxy statement and form of proxy may do so by following the procedures prescribed in Rule 14a-8 under the Securities Exchange Act of 1934 and the Company's By-laws. To be considered for inclusion, stockholder proposals must be submitted in writing to the Corporate Secretary, LightPath Technologies, Inc., 2603 Challenger Tech Court, Suite 100, Orlando, Florida USA 32826 before June 9, 2006, which is 120 calendar days prior to the anniversary of the mailing date of this proxy statement, and must be in compliance with all applicable laws and regulations.

If a stockholder wishes to present a proposal at the 2006 Annual Meeting, but the proposal is not intended to be included in the Company's proxy statement relating to the meeting, the stockholder must give advance notice to the Company prior to the deadline for such meeting determined in accordance with the By-laws (the By-law Deadline). Under the Company's By-laws, in order for a proposal to be timely, it must be received by the Company no later than 60 days, nor earlier than 90 days, prior to the annual meeting date. If a stockholder gives notice of such a proposal after the By-law Deadline, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the meeting.

Furthermore, Rule 14a-4 under the Securities Exchange Act of 1934 also establishes a different deadline for submission of stockholder proposals that are not intended to be included in the Company's proxy statement with respect to discretionary voting (the Discretionary Vote Deadline). The Discretionary Vote Deadline for the 2006 Annual Meeting is July 30, 2006 (45 calendar days prior to the anniversary of the mailing date of this proxy statement). If a stockholder gives notice of such a proposal after the Discretionary Vote Deadline, the

Company's proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at the 2006 Annual Meeting. A properly submitted proposal received after the Discretionary Vote Deadline but before the By-law Deadline would be eligible to be presented at the annual meeting, however, the Company believes that its proxy holders would be allowed to use the discretionary authority granted by the proxy card to vote against the proposal at the meeting without including any disclosure of the proposal in the proxy statement relating to such meeting.

How do I get a copy of the exhibits filed with the Company's Form 10-K?

A copy of the Company's Annual Report for 2005, which contains the Company's Form 10-K for the fiscal year ended June 30, 2005, and consolidated financial statements, has been delivered to you with this Proxy Statement. The Company will provide to any stockholder as of the Record Date, who so specifically requests in writing, a copy of the exhibits filed with the Company's Form 10-K. Requests for such copies should be directed to Investor Relations at 2603 Challenger Tech Court, Suite 100, Orlando, Florida USA 32826. In addition, copies of all exhibits filed electronically by the Company may be reviewed and printed from the SEC's website at <http://www.sec.gov> under the EDGAR archives section.

Where can I get information regarding how to send communications to the Board of Directors and the Company's policy regarding Board member's attendance at annual meetings?

The Board of Directors provides a process for stockholders to send communications to the Board of Directors and has adopted a policy regarding Board member's attendance at annual meetings. Information regarding these matters is contained on the Company's website at <http://www.lightpath.com> under Investor Relations, FAQs, questions number 9 and 10.

Meetings of the Board of Directors and its Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Finance Committee. The Board of Directors does not have a standing nominating committee. The entire Board of Directors held 7 meetings, including telephonic meetings, during fiscal year 2005. All the Directors attended 85% or more of the meetings of the Board of Directors and the meetings held by committees of the Board on which they served.

Audit Committee. The Audit Committee, which consists of Dr. Steven Brueck, Louis Leeburg (Chairman) and Gary Silverman met 3 times during fiscal year 2005, which meetings included discussions with management and the Company's independent auditors to discuss the interim and annual financial statements and the annual report of the Company, and the effectiveness of the Company's financial and accounting functions and organization. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is included as an appendix to the Company's proxy statement filed with the Securities and Exchange Commission (SEC) on September 8, 2004. The Audit Committee's responsibilities include, among others, direct responsibility for the engagement and termination of the Company's independent accountants, and overseeing the work of the accountants and determining the compensation for their engagement(s). The Board of Directors has determined that the Audit Committee is comprised entirely of independent members as defined under applicable listing standards set out by the SEC, the National Association of Securities Dealers (NASD) and its market, the Nasdaq Stock Market. The Board of Directors has also determined that at least one member of the Audit Committee, Mr. Leeburg, is an audit committee financial expert as defined by SEC rules. Mr. Leeburg's business experience that qualifies him to be determined an audit committee financial expert is described above.

Compensation Committee. The Compensation Committee, which consists of Sohail Khan, who replaced James L. Adler, Jr., Robert Ripp and Gary Silverman (Chairman), met 4 times during fiscal year 2005. Finance Committee. The Finance Committee, which consists of Robert Bruggeworth (Chairman), Louis Leeburg and Robert Ripp, did not meet during fiscal year 2005. The Finance Committee reviews and provides guidance to the Board of Directors and management with respect to the Company's significant financial policies. The full Board of Directors performed these functions in fiscal year 2005 especially with regard to matters having to do with the Company's financing transactions concluded in June 2005.

Technical Advisory Committee. In fiscal year 2002, the Board of Directors authorized the creation of a Technical Advisory Committee, which committee periodically reviews the Company's products and technologies. Dr. Steven Brueck serves as chairman of the Technical Advisory Committee, which did not meet in fiscal years 2005 and 2004. No other Board members serve on the Technical Advisory Committee.

All current committee members are expected to be nominated for re-election to the same committees at a Board of Directors meeting to be held following the Annual Meeting.

Nominations Process and Criteria

The Board of Directors has not considered it necessary to form a committee of the Board of Directors specifically for governance or nomination matters due to the modest scope of the Company. When a governance or nominating matter is brought to the Board of Directors for consideration, the full Board of Directors will meet to review the matter and take the appropriate action by the full Board of Directors or a subset of independent directors thereof. The Board of Directors has determined that each director, other than Mr. Brizel, meets the independence criteria for members of a nominating committee as set forth in the applicable rules of Nasdaq and the SEC. Due to the status of Mr. Brizel as the Company's current Chief Executive Officer, he is not an independent Board member and may not specifically nominate anyone for Board membership or vote on the matter of appointments to the Board of Directors.

Additionally, the Board of Directors believes it is not necessary to adopt criteria for the selection of directors. The Board of Directors believes that the desirable background of a new individual member of the Board of Directors may change over time and that a thoughtful, thorough process for the selection is more important than adopting criteria for directors. The Board of Directors is fully open to utilizing whatever methodology is efficient in identifying new, qualified directors when needed, including using industry contacts of the Company's directors or professional search firms.

Any shareholder wishing to propose that a person be nominated for or appointed to the Board of Directors may submit such a proposal, according to the procedure described in the shareholder proposal section on page 6 of the question and answers, to:

Corporate Secretary

LightPath Technologies, Inc.

2603 Challenger Tech Court, Suite 100

Such correspondence will be timely forwarded to the Chairman of the Audit Committee for review and consideration in accordance with the criteria described above.

Appointment of Independent Auditors

The Audit Committee has selected KPMG LLP as the Company's independent auditors for the fiscal year ending June 30, 2006. KPMG LLP has audited the Company's financial statements since its appointment in fiscal year 1997. Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The following table presents fees paid or to be paid for professional audit services rendered by KPMG LLP for the audit of the Company's annual financial statements during the year ended June 30, 2005, and fees billed for other services rendered by KPMG LLP:

	<u>Fiscal 2005</u>	<u>Fiscal 2004</u>
Audit Fees (1)	\$ 141,000	\$ 141,000
Audit-Related Fees (2)	\$ 7,000	\$ 20,285
Tax Fees (3)	\$ 24,500	\$ 21,350
All Other Fees	\$	\$
Total All Fees	\$ 172,500	\$ 182,635

- (1) Audit Fees consisted of fees billed for professional services rendered for the audit of the Company's annual financial statements and review of the interim financial statements included in quarterly reports.
- (2) Audit-Related Fees consisted principally of a 401(k) audit fee, review of registration statements and the issuance of accountants' consent thereto.
- (3) Tax-Fees consisted of fees billed for professional services rendered for tax compliance.

The Audit Committee has adopted policies and procedures to oversee the external audit including engagement letters; estimated fees and solely pre-approving all permitted non-audit work performed by KPMG. The Committee has pre-approved all fees for work performed.

The Audit Committee has considered whether the services provided by KPMG LLP as disclosed above in the captions "Audit-Related Fee", "Tax Fees" and "All Other Fees" and has concluded that such services are compatible with the independence of KPMG LLP as the Company's principal accountant.

For the fiscal years 2005 and 2004, the Audit Committee pre-approved all services described above in the captions "Audit Fees", "Audit-Related Fees", "Tax Fees" and "All Other Fees". For fiscal year 2005, no hours expended on KPMG LLP's engagement to audit the Company's financial statements were attributed to work performed by persons other than full-time, permanent employees of KPMG LLP.

AUDIT COMMITTEE REPORT

The Audit Committee is responsible for, among other things, reviewing and discussing the Company's audited financial statements with management, discussing with the Company's independent auditors information relating to the auditors' judgments about the quality of the Company's accounting principles, recommending to the Board of Directors that the Company include the audited financial statements in its Annual Report on Form 10-K and overseeing compliance with the Securities and Exchange Commission requirements for disclosure of auditors services and activities. At the recommendation of the Audit Committee, the Board of Directors first approved a charter for the Audit Committee on November 14, 2000, which was subsequently revised and approved by the Board on May 10, 2004.

Review Of Audited Financial Statements

The Audit Committee has reviewed the Company's financial statements for the fiscal year ended June 30, 2005, as audited by KPMG LLP, the Company's independent auditors, and has discussed these financial statements with management. In addition, the Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statements of Auditing Standards 61 and 90, as may be modified or supplemented. Furthermore, the Audit Committee has received the written disclosures and the letter from KPMG LLP required by the Independence Standards Board Standard No. 1, as may be modified or supplemented, and has discussed with KPMG LLP its independence.

Generally, the members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, or in determining auditor independence. However, the Board of Directors has determined that each member of the Audit Committee meets the independence criteria set forth in the applicable rules of Nasdaq and the SEC, and that at least one member of the Audit Committee, Mr. Leeburg, is an audit committee financial expert as defined by SEC rules. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management. Accordingly, the Audit Committee's oversight does not currently provide an independent basis to determine that management has maintained procedures designed to assure compliance with accounting standards and applicable laws and regulations.

Recommendation

Based upon the foregoing review and discussion, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended June 30, 2005, be included in the Company's Annual Report on Form 10-K for such fiscal year.

Audit Committee:

Louis Leeburg, Chairman

Dr. Steven Brueck

Gary Silverman

Information with regard to Restricted Stock Awards held by Officers at September 26, 2005

The Company's restricted stock grants have been made under the terms of its Amended & Restated Omnibus Incentive Plan. Upon the making of a grant, the receiving employee (or director) has legal title to the stock for the purposes of voting the shares and receiving dividends on the shares, if any. The grants provide for a time-based vesting period during which the employee bears a substantial risk of forfeiture should he not remain employed by or associated with the Company. This risk of forfeiture allows the holder to electively choose to file a timely 83b election with the IRS and pay income and employment taxes on the value of the grant at the time of the making of the grant. Should the employee not make a timely 83b election, he shall be taxed upon the then current value of the shares at the time the shares in the grant vest. Upon vesting of the stock in a grant, the employee no longer risks losing the shares should he subsequently leave the employ of the Company. However should he remain an executive officer or other Section 16 insider after the vesting event, he continues to have restrictions imposed on him with regard to the sale or other disposition of the shares by both the Company and by various insider trading rules imposed upon Section 16 insiders of public companies.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors and persons who own more than 10% of the Company's common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission (SEC) and furnish copies of such reports to the Company. The SEC has also designated specific due dates for such reports and the Company must identify in this Proxy Statement those persons who did not properly file such reports when due. To the best of the Company's knowledge, all required filings in fiscal year 2005 were properly made in a timely fashion. In making the above statements, the Company has relied solely on its review of copies of the reports furnished to the Company and written representations from certain reporting persons.

Notes:

* Other Annual Compensation, as defined by SEC rules, is not reported in this table due to all individuals except Mr. Magos qualifying under the applicable de minimis rule [402(b)(2)(iii)(C)(1)] for all periods presented. The de minimis rule does not require reporting of perquisites and other compensation that totals less than 10% of the sum of the individual's total of salary and bonus. In the case of Mr. Magos, his Other Annual Compensation for fiscal years 2005 and 2004 were \$15,916 and \$13,532 respectively. The nature of these compensatory items include the Company's matching of elective employee 401(k) deferrals, the Company's contribution toward the premium cost for employee and dependent medical, dental, life and disability income insurances, and in the case of Mr. Magos, a taxable automobile allowance.

- (a) In fiscal year 2002, the Board of Directors and its Compensation Committee determined that it was in the best interests of the Company to offer to cancel certain stock options held by directors and executive officers of the Company in exchange for the issuance of restricted stock awards, and to issue new options to certain employees of the Company. Mr. Brizel's fiscal year

2003 option grant was exchanged for restricted stock. See also the table above on the preceding page for information with regard to restricted stock awards held by the executive officers named in this Summary Compensation Table.

- (b) The Company employed Mr. Brizel in July 2002 in the stated capacity. Accordingly, the compensation figures indicated for 2003 do not represent a full year's compensation. Mr. Brizel's All Other Compensation includes the taxable value of restricted stock upon vesting of \$167,094 and \$35,063 in 2005 and 2004, respectively. Other amounts in 2005, 2004 and 2003 are relocation-related.
- (c) The Company employed Mr. Magos in August 2003 in the stated capacity. Accordingly, the compensation figures indicated for 2004 do not represent a full year's compensation. Mr. Magos' All Other Compensation represents the taxable value of restricted stock upon vesting of \$35,453 in 2005, taxable payments that reflect performance against goals for long-term sales contracts and current sales bookings. See also the note above indicated by the asterisk.
- (d) The Company employed Mr. Burrows in March 2005 in the stated capacity. Accordingly, the compensation figures indicated for 2005 do not represent a full year's compensation.
- (e) Mr. Patton was promoted to the stated capacity in January 2003. Therefore compensation information shown is for the full 2004 and 2003 fiscal years. Mr. Patton's All Other Compensation for 2005 and 2004 is the taxable value of restricted stock upon vesting; for 2003 it is taxable payments that represent sales commissions prior to his appointment to his current office. See also the note above indicated by the asterisk.
- (f) The Company employed Mr. Reichert in March 2004 in the stated capacity. Accordingly, the compensation figures indicated for 2004 do not represent a full year's compensation. Mr. Reichert's All Other Compensation includes the taxable value of restricted stock upon vesting of \$11,850 in 2005. Other amounts in 2005 are relocation-related.
- (g) Mr. Allen is no longer employed by the Company and did not serve as an executive officer at fiscal year end 2005.
- (h) Mr. Bernacki is no longer employed by the Company and did not serve as an executive officer at fiscal year end 2005.

Compensation of Directors

In early fiscal year 2005, the Compensation Committee reconsidered the structure of Board compensation due to the additional demands and responsibilities imposed on non-employee directors, particularly regarding legal compliance and regulatory matters, and to compensate directors who serve in the roles of Chairman of the Board or Committee Chairmen for the fact that they are expected to be available for and will expend more effort in their respective matters overseeing the legal and business affairs of the Company on behalf of stockholders.

For fiscal year 2005 and beyond, all non-employee members of the Board of Directors will receive a retainer of \$2,000 per month, paid quarterly. There will be no meeting attendance fees paid unless, by action of the Board of Directors, such fees are deemed advisable due to a special project or other effort requiring extra-normal commitment of time and effort. Additionally, the following fees will be paid to the Chairman of the Board and Committee Chairmen on a quarterly basis for their responsibilities overseeing their respective functions:

Chairman of the Board	\$ 15,000
Audit Committee Chairman	\$ 2,000
Compensation Committee Chairman	\$ 1,000
Finance Committee Chairman	\$ 1,000
Technical Advisory Board Chairman	\$ 500

All directors are eligible to receive equity incentives under the Company's Omnibus Plan, including stock options, restricted stock awards or units. In fiscal year 2005, the following directors received restricted stock units under the Company's Omnibus Plan:

Pursuant to a letter agreement (Brizel Letter) between the Company and Mr. Brizel in accordance with his agreement to serve as the Company's President and Chief Executive Officer, Mr. Brizel earns an annual salary of \$260,000. In addition, Mr. Brizel was eligible for a sign-on bonus equal to \$100,000, paid upon service milestones. The sign-on bonus was paid as follows: \$25,000 in October 2002, \$25,000 in July 2003 and \$50,000 in January 2004. He is also eligible for additional performance-based bonuses up to 50% of his salary, subject to approval of the Compensation Committee of the Board of Directors. In fiscal year 2004, he was paid \$26,000 of such performance-based bonus reflecting his success in consolidating the operations of the Company into one location and significantly reducing costs. In early fiscal year 2005, Mr. Brizel was paid a \$50,000 bonus against fiscal 2004 goal achievement. No bonus was paid toward fiscal 2005 goal achievement.

In accordance with the Brizel Letter, he was also granted long-term equity incentives in the form of (a) a stock option to purchase 37,500 shares of the Company's common stock, which was subsequently exchanged for a restricted stock award for 18,750 restricted shares under the Realignment Program (discussed below) and (b) a restricted stock award for 12,500 shares. Subsequent to his first full year as the Company's CEO, Mr. Brizel was awarded a restricted stock grant (in fiscal year 2004) for 25,000 shares in recognition of his achievements in meeting his goals during his first year of employment.

Mr. Brizel, along with all other executive officers, is an at-will employee of the Company, meaning that his employment is for an indefinite duration and could be terminated at any time. Nonetheless, the Company has agreed that in the event of a change in control of the Company whereby Mr. Brizel's employment is terminated without cause, he would be entitled to receive one and a half times his annual base salary.

Except for the Brizel Letter described above, the Company does not currently have employment agreements with any of its executive officers.

Change of Control Agreements

The Company has agreed that in the event of a change in control of the Company whereby Mr. Brizel's employment is terminated without cause, he would be entitled to receive one and a half times his annual base salary. The Company does not currently have such agreements with any other executive officers.

Certain Relationships And Related Transactions

During the fiscal years ended June 30, 2005 and 2004, the law firm in which James L. Adler, Jr. was a partner, Squire Sanders & Dempsey L.L.P., provided legal services to the Company for which the Company paid approximately \$35,000 and \$38,000, respectively. Mr. Adler was a director of the Company through February 2005 and does not beneficially own more than 1% of the Company's outstanding common stock.

In September 2003, Robert Ripp, the Company's Chairman provided an unsecured line of credit to the Company to enable it to borrow up to \$300,000 on or before September 30, 2004. Any outstanding balances and accrued interest were to be fully due and payable on September 30, 2004. The interest rate is 5% per annum on any funded balances outstanding. No funds were borrowed under this line of credit and it was not renewed upon its expiration. In connection with this line of credit, Mr. Ripp was issued a warrant to purchase 100,000 shares of Common Stock, which is exercisable until September 30, 2013. The exercise price to acquire the shares underlying the warrant is \$3.20 per share.

The Company believes that all of the transactions set forth above were made on terms no less favorable to the Company than could have been obtained from unaffiliated third parties. In addition, ongoing and future transactions with affiliates will be on terms no less favorable to the Company than may be obtained from third parties.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is a report of the Compensation Committee of the Board of Directors (the Committee) describing the current compensation policies of the Company. The Committee is responsible for establishing and monitoring the general compensation policies and compensation plans of the Company, as well as the specific compensation levels for executive officers. Executive officers who are also directors have not participated in deliberations or decisions involving their own compensation.

General Compensation Policy

The Company's compensation policy is designed to attract and retain qualified key executives critical to the Company's achievement of reaching profitability and positive cash flow, and subsequently, its growth and long-term success. It is the objective of the Committee to have a portion of each executive's compensation contingent upon the Company's performance as well as upon the individual's personal performance. Accordingly, each executive officer's compensation package is comprised of three elements: (i) base salary, which reflects individual performance and expertise, (ii) variable current bonus awards payable in cash and tied to the achievement of certain performance goals that the Committee establishes from time to time for the Company and (iii) long-term, stock-based incentive awards.

In certain periods, the compensation of executives is also affected by internal conditions of the Company and the external market position of the Company. A more detailed description of the factors that the Board considers in establishing the components of base salary, bonus programs and long-term incentive compensation for executives' compensation packages is included below.

Base Salary

The level of base salary of executive officers is established primarily on the basis of the individual's qualifications and relevant experience, the strategic goals for which he or she has responsibility, the compensation levels at companies which compete with the Company for business and executive talent, and the incentives necessary to attract and retain qualified management. Base salary is set each year to take into account the individual's performance and to maintain a competitive salary structure.

Bonus Programs

Bonuses are awarded on a discretionary basis to executive officers on the basis of their success in achieving designated individual goals and the Company's success in achieving specific Company-wide goals. In fiscal year 2005, the Company-wide goals included revenue levels, gross margin levels, and cash flow from operations. Stock options awarded to named executive officers, not including the CEO, against fiscal year 2005 goal achievement aggregated a total of 12,856 shares. The options were granted on August 5, 2005 with an exercise price of \$2.80 per share and a three-year vesting period.

In fiscal year 2006, the bonus program will be similarly structured with Company-wide goals including the same performance measures. Each executive officer will have a total

available bonus opportunity that will not exceed approximately 50% of his or her respective base salary (will vary by individual).

Long-Term Incentive Compensation

Long-term equity incentive compensation is granted to executive officers and certain others generally in the form of restricted stock instruments designed to give the recipient the opportunity to obtain an equity stake in the Company and thereby attract and retain such executive officers. Factors considered in making such awards include the individual's position in the Company, his or her performance and responsibilities, and industry practices. Existing levels of stock ownership are taken into consideration when determining the amount, if any, of such grants of restricted stock instruments. The Company believes that its long-term equity incentive program is important to its ability to attract, retain and motivate executive officers.

The only restricted stock incentives issued in fiscal year 2005 to executive officers, were made to Mr. Patton and to attract new persons to the Company. In fiscal year 2006, the Committee anticipates that equity incentives may be made available to executive officers generally not to exceed 25% of base salary.

Compensation of the Chief Executive Officer

In July 2002, Kenneth Brizel joined the Company as President and Chief Executive Officer. Since his employment by the Company, Mr. Brizel has earned an annual salary of \$260,000. As part of his hiring, he was eligible for a sign-on bonus of \$100,000 based on service as follows: \$25,000 paid in October 2002, \$25,000 paid in July 2003, and \$50,000 paid in January 2004. Additional performance-based bonuses will be based upon Committee recommended and Board approved milestones and can be up to 50% of base salary. In early fiscal year 2004, Mr. Brizel was paid a \$26,000 performance-based bonus for his success in consolidating the operations of the Company into one location and significantly reducing costs.

Upon hire, Mr. Brizel was granted a long-term equity incentive in the form of a stock option to purchase 37,500 shares of the Company's common stock. Subsequently this option was exchanged for a restricted stock award under the Realignment Program (described above) for 18,750 restricted shares. Also at hire, he was granted a restricted stock award for 12,500 shares. Mr. Brizel was further awarded a restricted stock grant in August 2003 (fiscal year 2004) for 25,000 shares in recognition of his achievement toward meeting his goals during his first year of employment.

In early fiscal year 2005, Mr. Brizel was paid a \$50,000 bonus against fiscal 2004 goal achievement. No bonus was paid toward fiscal 2005 goal achievement.

The Committee determines the base salary and bonus compensation to be paid to the President and Chief Executive Officer by evaluating a number of factors including competitive market compensation levels of executives of comparable companies as well as other subjective factors the Committee determines be applicable. The total compensation of the President and Chief Executive Officer is intended to reflect the extent of the officer's policy and decision-making authority and the officer's level of responsibility with respect to the strategic direction and financial and operational results of the Company. For fiscal year 2005, with the business

realigned, the Committee established specific goals for the President and Chief Executive Officer relating to revenue levels, gross margin levels, and cash flow from operations. For fiscal year 2006, the goals for the President and Chief Executive Officer primarily relate to achieving positive cash flow from operations and profitability while developing and executing the Company's revenue growth plans.

Deductibility of Executive Compensation

The Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code, which disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and four other most highly compensated executive officers, respectively, unless such compensation meets the requirements for the performance-based exception to Section 162(m). As the cash compensation paid by the Company to each of its executive officers is expected to be substantially below \$1 million, the Committee believes that Section 162(m) will not affect the tax deductions available to the Company with respect to the compensation of its executive officers. It is the Committee's policy to qualify, to the extent reasonable and practicable, its executive officers' compensation for deductibility under applicable tax law. However, the Company may from time to time pay compensation to its executive officers that may not be deductible.

Compensation Committee Interlocks and Insider Participation

Mr. James L. Adler, Jr., a member of the Company's Compensation Committee through February 2005, has been a partner in the law firm of Squire Sanders & Dempsey L.L.P. during fiscal years 2005 and 2004, during which said law firm provided legal services to the Company for which the Company paid approximately \$35,000 and \$38,000, respectively. The Company replaced Squire Sanders & Dempsey L.L.P. as its primary external counsel in November 2003. Mr. Adler does not beneficially own more than 1% of the Company's outstanding common stock and is not an officer of the Company.

In September 2003, Robert Ripp, the Company's Chairman and member of the Company's Compensation Committee, provided an unsecured line of credit to the Company to enable it to borrow up to \$300,000 on or before September 30, 2004. Any outstanding balances and accrued interest were to be fully due and payable on September 30, 2004. The interest rate is 5% per annum on any funded balances outstanding. No funds were borrowed under this line of credit and it was not renewed upon its expiration. In connection with this line of credit, Mr. Ripp was issued a warrant to purchase 100,000 shares of Common Stock, which is exercisable until September 30, 2013. The exercise price to acquire the shares underlying the warrant is \$3.20 per share.

PROPOSAL NO. 2

APPROVAL OF 2004 EMPLOYEE STOCK PURCHASE PLAN

You are being asked to approve the Company's 2004 Employee Stock Purchase Plan (the "Purchase Plan"). The Purchase Plan authorizes the issuance of up to 200,000 shares of the Company's common stock, subject to adjustment as described below.

The Board of Directors believes that the Purchase Plan will benefit the Company and its stockholders by providing eligible employees of the Company and its subsidiaries with a convenient means of acquiring an equity interest in the Company through payroll deductions, to enhance such employees' sense of participation in the affairs of the Company and its subsidiaries, and to provide an incentive for continued employment. The Board of Directors has adopted and approved the Purchase Plan, subject to stockholder approval.

Summary of the Purchase Plan

General. At the beginning of each offering under the Purchase Plan, each participant in the Purchase Plan is granted the right to purchase, through accumulated payroll deductions, a number of shares of the Company's common stock. The purchase price is automatically exercised on each purchase date during the offering unless the participant has withdrawn from participation in the Purchase Plan prior to such date.

Authorized Shares. A maximum of 200,000 shares of the Company's authorized but unissued or reacquired shares of common stock may be issued under the Purchase Plan, subject to appropriate adjustment in the event of any stock split, stock dividend, or any other increase or decrease in the number of issued and outstanding shares of common stock effected without receipt of any consideration by the Company, or in the event of merger, sale of assets or other reorganization of the Company.

Administration. The Purchase Plan is administered by the Compensation Committee of the Board of Directors. Subject to the provisions of the Purchase Plan and the limitations of section 423 of the Internal Revenue Code, all questions of interpretation or application of the Purchase Plan shall be determined by the Committee and its decisions shall be final and binding upon all participants.

Eligibility. All employees of the Company or its subsidiaries are eligible to participate under the Purchase Plan, except employees whose customary employment is for twenty (20) hours or less per week and is for not more than five (5) months in any calendar year, or who owns stock or holds employee stock options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any of its subsidiaries, or would, as a result of participating in the Purchase Plan, own stock or hold employee stock options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any of its subsidiaries. At December 31, 2004 92 employees were eligible to participate in the Purchase Plan. As of June 30, 2005, two (2) employees were participating in the Purchase Plan, contributing \$11,119, in the

aggregate, to the Purchase Plan in the first offering period. One of the participants in the Purchase Plan was Kenneth Brizel, a member of the Board of Directors and the Company's Chief Executive Officer and President, who contributed \$10,890 to the Purchase Plan in the first offering period. The other participant is a non-executive officer employee of the Company.

Offerings. Generally, each offering under the Purchase Plan is for a period of six (6) months. Offering periods generally commence on January 1 and July 1 of each year and respectively end on June 30 and December 31 of each year, with the exception of the first offering period, which began on January 1, 2005 and ends on December 31, 2005. Shares are purchased on the last business day of each offering period. The Committee may establish a different term for any offering or different commencement or ending dates for an offering.

Participation in the Purchase Plan. Participation in an offering under the Purchase Plan is limited to eligible employees who enroll in the Plan prior to the offering date. An employee who becomes a participant in the Purchase Plan will automatically participate in each successive offering until the employee withdraws from the Purchase Plan, becomes ineligible to participate or terminates employment.

Purchase Price. The price at which shares are sold under the Purchase Plan is established by the Committee, but in no case shall the purchase price be less than eighty-five percent (85%) of the fair market value of the Company's common stock on the purchase date. In the first offering period, the purchase price per share shall be ninety percent (90%) of the fair market value on the purchase date. The fair market value of the Company's common stock on any relevant date generally will be the closing price per share as reported on the Nasdaq National or SmallCap Markets.

Payment of Purchase Price. The purchase price of the share is accumulated by regular payroll deduction made during each offering period. The deductions are made as a percentage of the participant's compensation in one percent (1%) increments not less than one percent (1%) nor greater than fifteen percent (15%) or such lower limit set by the Committee from time to time. A participant may reduce his or her payroll deduction percentage during an offering period only to zero, effective as of the beginning of the next payroll period. A participant may withdraw from the Purchase Plan at any time during an offering period. Upon withdrawal, the Company will refund the participant's accumulated payroll deductions that have not previously been applied to the purchase of shares, without interest. Once a participant withdraws from an offering, that participant may not participate in the same offering at any later time.

On each purchase date, the Company will issue to each participant in the offering the number of whole shares of the Company's common stock equal to the amount of payroll deductions accumulated for the participant during the offering period divided by the purchase price. Any payroll deductions under the Purchase Plan not applied to the purchase of shares will be returned to the participant without interest. However, no participant may purchase shares of common stock under the Purchase Plan or any other employee stock purchase plan of the Company having a value exceeding \$25,000 (based on the fair market value of the Company's common stock on the first business day of the offering period in which the shares are purchased) for each calendar year in which the employee participates in the Purchase Plan. No more than

2,000 shares may be purchased by a participant on any single purchase date within an offering period (no more than 4,000 share with respect to the first offering period), unless such maximum is changed by the Committee pursuant to the terms of the Purchase Plan.

Capital Changes. In the event of (i) a merger or consolidation in which the Company is not the surviving entity, (ii) a merger in which the Company is the surviving entity but after which the stockholders of the Company immediately prior to such merger cease to own their shares or other equity interest in the Company, (iii) the sale of all or substantially all of the assets of the Company, or (iv) the acquisition, sale or transfer of more than fifty percent (50%) of the outstanding shares of the Company by tender offer or similar transaction, the Purchase Plan shall continue with regard to the offering period that commenced prior to the closing of the proposed transaction and shares will be purchased at a price based on the fair market value of the Company's common stock on the date such transaction becomes effective, instead of the purchase date.

Termination or Amendment. The Purchase Plan shall terminate on December 6, 2014. The Board of Directors may amend, terminate or extend the term of the Purchase Plan at any time, except that the approval of the Company's stockholders is required within twelve (12) months of the adoption of any amendment which would increase the number of shares that may be issued under the Purchase Plan, change the designation of the employees eligible for participation in the Purchase Plan or extend the term of the Plan.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended as a general guide as to the U.S. federal income tax consequences of participation in the Purchase Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Generally, there are no tax consequences to an employee of either becoming a participant in the Purchase Plan or purchasing shares under the Purchase Plan. However, after a participant purchases shares under the Purchase Plan, the participant will share in the Company's earnings through any dividends distributed with respect to such purchased shares. The value of such dividends is taxable to the participant.

The tax consequences of a disposition of shares acquired under the Purchase Plan vary depending on the period such stock is held before its disposition. If a participant disposes of shares within two (2) years after the offering date or within one (1) year after the purchase date on which the shares are acquired (a disqualifying disposition), the participant recognizes ordinary income in the calendar year of disposition in an amount equal to the difference between the fair market value of the shares on the purchase date and the purchase price. Any additional gain or loss on the sale of the shares (i.e., the difference between the fair market value of the shares on the date of disposition and the fair market value of the shares on the purchase date) will be a short-term or long-term capital gain or loss depending on the length of time between the purchase date and the disposition date. If the length of time is more than one (1) year, the capital gain or loss is a long-term capital gain or loss.

If the participant disposes of shares at least two (2) years after the offering date and at least one (1) year after the purchase date on which the shares are acquired, the participant recognizes ordinary income in the year of disposition in an amount equal to the lesser of (i) the difference between the fair market value of the shares on the date of disposition and the purchase price, or (ii) the difference between the fair market value of the shares on the offering date and the purchase price (determined as if the purchase right were exercised on the offering date). Any additional gain or loss recognized by the participant on the disposition of the shares will be a long-term capital gain or loss. The capital gain or loss will be the excess, if any, of the value of the shares on the date of disposition over the sum of the price paid for the shares plus the amount of ordinary income recognized by the participant. If the fair market value of the shares on the date of disposition is less than the purchase price, there is no ordinary income, and the loss recognized is a capital loss.

If the participant still owns the shares at the time of his or her death, the lesser of (i) the difference between the fair market value of the shares on the date of death and the purchase price, or (ii) the difference between the fair market value of the shares on the offering date and the purchase price (determined as if the purchase right was exercised on the offering date) is recognized as ordinary income in the year of the participant's death.

If the participant disposes of the shares in a disqualifying disposition, the Company should be entitled to a deduction equal to the amount of ordinary income recognized by the participant as a result of the disposition, except to the extent such deduction is limited by applicable provisions of the Internal Revenue Code.
