Independent Accountants Review Report

English Translation of a Report Originally Issued in Korean

To the Board of Directors and Shareholders of

Woori Finance Holdings Co., Ltd.:

We have reviewed the accompanying non-consolidated balance sheet of Woori Finance Holdings Co., Ltd. (the Company) as of June 30, 2006 and the related non-consolidated statements of income and cash flows for the three months and six months ended June 30, 2006 and 2005, all expressed in Korean won. These financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these financial statements based on our reviews.

We conducted our reviews in accordance with standards for review of interim financial statement in the Republic of Korea. These standards require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data, and this provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the financial statements referred to above are not presented fairly, in all material respects, in accordance with accounting principles generally accepted in the Republic of Korea (See Note 2).

We have previously audited, in accordance with auditing standards generally accepted in the Republic of Korea, the non-consolidated balance sheet of the Company as of December 31, 2005 and the related non-consolidated statements of income, appropriations of retained earnings and cash flows for the year then ended (not presented herein) and in our report dated February 28, 2006, we expressed an unqualified opinion on those non-consolidated financial statements. The accompanying balance sheet as of December 31, 2005, which is comparatively presented, does not differ in material respects from such audited non-consolidated balance sheet.

Our reviews also comprehended the translation of the Korean won amounts into U.S. dollar amounts and nothing has come to our attention that causes us to believe that such translation has not been made in conformity with the basis stated in Note 2. Such U.S. dollar amounts are presented solely for the convenience of readers outside of Korea.

In addition, the procedures and practices utilized in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report and the accompanying financial statements are for use by those knowledgeable about Korean accounting procedures and review standards and their application in practice.

Table of Contents

The accounting policies, which have been adopted in preparing the accompanying non-consolidated financial statements, do not differ materially from those used in preparing the non-consolidated financial statements for the year ended December 31, 2005 except for the following:

a. Adoption of new Statements of Korea Accounting Standards (SKAS)

Korea Accounting Standards Board (KASB) has been issuing new accounting standards that replace the existing Korea Financial Accounting Standards (KFAS) and has issued SKASs No.1 to No.22. The Company had adopted SKASs No.1 to No.17 (except for No.11) before the beginning of 2006 and SKASs

No.18 to No.20 on or after January 1, 2006, and will adopt SKASs No.21 to No.22.

Significant SKASs newly adopted are summarized below.

1) Related Party Disclosures SKAS No.20

The Company adopted SKAS No.20 Related Party Disclosures in 2006. This statement prescribes the disclosures necessary to draw attention to the possibility that the financial position and profit or loss of an entity may have been affected by the existence of related parties and by transactions and outstanding balances with such parties. It requires disclosing the nature of relationships between parents and subsidiaries, even if there were no transactions between those related parties, and compensation of key management personnel. In addition, transactions between related parties are stated separately for each related party and type of transactions. The adoption of this standard has no effect on the Company's net assets and net income for the three months and six months ended June 30, 2006 and for the year ended December 31, 2005.
