Board Meetings and Committees

The Board of Directors of ESSA Bancorp, Inc. met one time during the fiscal year ended September 30, 2007. The Board of Directors of ESSA Bank & Trust met 13 times during the fiscal year ended September 30, 2007. No director attended fewer than 75% in the aggregate of the total number of Board meetings held and the total number of committee meetings on which he or she served (during the period in which they served) during the fiscal year ended September 30, 2007, including Board and committee meetings of ESSA Bank & Trust. Executive sessions of the independent directors are conducted on a regular basis. Although not required, attendance of Board members at the Annual Meeting of Stockholders is encouraged.

Each of the Company and ESSA Bank & Trust has three standing Board committees: Compensation; Nominating and Corporate Governance and Audit.

Compensation Committee

The Compensation Committee, consisting of Messrs. Douglass (Chair), Burrus, Schoonover and Viechnicki and Ms. Weekes, is responsible for human resources policies, salaries and benefits, incentive compensation, executive development and management succession planning. Each member of the Compensation Committee is independent in accordance with the listing standards of the NASDAQ Stock Market. Our Compensation Committee operates under a written charter, which is available at our website at www.essabank.com. The Compensation Committee met four times during the fiscal year ended September 30, 2007.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, consisting of Messrs. Douglass (Chair), Henning, Selig and Burrus and Ms. Weekes, is responsible for identifying individuals qualified to become board members and recommending a group of nominees for election as directors at each annual meeting of stockholders, ensuring that the board and its committees have the benefit of qualified and experienced independent directors, and developing a set of corporate governance policies and procedures. The Nominating and Corporate Governance Committee identifies nominees by evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Nominating and Corporate Governance Committee or the Board decides not to re-nominate a member for re-election, or if the size of the Board is increased, the Nominating and Corporate Governance Committee would solicit suggestions for director candidates from all Board members and may consider candidates submitted by stockholders. In addition, the Nominating and Corporate Governance Committee is authorized by its charter to engage a third party to assist in the identification of director nominees. The Nominating and Corporate Governance Committee would seek to identify a candidate who at a minimum satisfies the following criteria:

has the highest personal and professional ethics and integrity and whose values are compatible with those of the Company;

has experiences and achievements that have given him/her the ability to exercise and develop good business judgment;

is willing to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;

is familiar with the communities in which the Company operates and/or is actively engaged in community activities;

is involved in other activities or interests that do not create a conflict with his/her responsibilities to the Company and its stockholders; and

has the capacity and desire to represent the balanced, best interests of the stockholders of the Company as a group, and not primarily a special interest group or constituency.

The Nominating and Corporate Governance Committee will also take into account whether a candidate satisfies the criteria for independence in accordance with the listing standards of the NASDAQ Stock Market, and, if a candidate with financial and accounting expertise is sought for service on the Audit Committee, whether the individual qualifies as an audit committee financial expert.

Procedures for the Consideration of Board Candidates Submitted by Stockholders

The Nominating and Corporate Governance Committee has adopted procedures for the consideration of Board candidates submitted by stockholders. Stockholders can submit the names of candidates for director by writing to the Corporate Secretary of the Company, at ESSA Bancorp, Inc., 200 Palmer Street, Stroudsburg, Pennsylvania 18360. a statement detailing any relationship between the candidate and any customer, supplier or competitor of the Company;

a statement that the candidate is willing to be considered and willing to serve as a Director if nominated and elected.

To be timely, the submission of a candidate for Director by a stockholder must be received by the Corporate Secretary at least one hundred and twenty (120) days prior to the date of the proxy statement relating to the preceding year's annual meeting of stockholders. The Company received no submission for Board nominees for this Annual Meeting.

Procedures for the Nomination of Directors by Stockholders

the name, age, business address and residence address of the stockholder who intends to make the nomination and of the person or persons to be nominated;

the principal occupation or employment of the stockholder submitting the notice and of each person being nominated;

the class and number of shares of the Company's stock which are beneficially owned by the stockholder submitting the notice;

a representation that the stockholder is and will continue to be a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

such other information regarding the stockholder submitting the notice, each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission; and

Compensation Discussion and Analysis

Compensation Philosophy and Objectives. The goal of the Compensation Committee is to enable the Company and ESSA Bank & Trust to attract, develop and retain talented executive officers capable of maximizing the Company's performance for the benefit of shareholders. The Compensation Committee has adopted a compensation strategy that seeks to provide competitive, performance-based compensation that is aligned with the financial and stock performance of the Company. The compensation program has three key elements of total direct compensation: base salary, annual incentive compensation and long-term incentives. Another element of the compensation program is benefits. We base our compensation decisions as a public company on several basic principles:

Meeting the Demands of the Market Our goal is to compensate our employees at competitive levels among our peers who provide similar financial services in the markets we serve. We seek to attract and retain talent needed to succeed in a competitive market environment.

Aligning with Shareholders We intend to use equity compensation as a key component of our compensation mix to develop a culture of ownership among our key personnel and to align their individual financial interest with the interests of our shareholders.

Driving Performance We structure compensation around the attainment of company-wide and individual targets that return positive results to our bottom line.

Reflecting a Balanced Approach We seek to balance the sometimes competing needs of external competitiveness, internal consistency, organizational economics, management flexibility and simplicity of administration.

In pursuit of this philosophy and objectives, the Compensation Committee is responsible for establishing and overseeing the compensation programs for the Company's and ESSA Bank & Trust's executive officers, annually reviewing and approving the compensation of the Chief Executive Officer and reviewing and approving the Chief Executive Officer's recommendations regarding the compensation of the other executive officers.

The Compensation Committee uses numerical formulas to determine changes in compensation of the Chief Executive Officer and other executive officers, and it weighs a variety of different factors in its deliberations.

Elements of the Compensation Package

The Compensation Committee used a total compensation approach in establishing executive compensation opportunities, consisting of three key elements of total direct compensation: base salary, annual incentives and long-term incentives, such as stock option and restricted stock awards.

Base Salaries

Executive officer base salary levels are evaluated by the Compensation Committee on an annual basis. In general, salary ranges are developed considering the results of the independent review of the competitiveness of the total compensation program, the individual's performance and contribution to the long-term goals of the Company and ESSA Bank & Trust, recent operating results, performance targets and other relevant factors. Each executive officer's base salary level is targeted to these ranges considering the executive officer's performance and contribution, leadership, operational effectiveness and experience in the industry.

In establishing base salaries for fiscal year ended September 30, 2007, the Compensation Committee considered ESSA Bank & Trust's financial performance, which did meet expectations, and peer group and market-based industry salary data, including the L.R. Webber Associates, Inc. Pennsylvania Salary/Benefits Survey and the America's Community Bankers' Compensation and Benefits Survey. The Committee determined that increases in base salary would be warranted for Mr. Olson for the fiscal year ended September 30, 2007 due to his performance ratings with respect to board and management reporting initiatives; leadership, management and organization development initiatives; financial incentives; business planning, program development and maintenance; risk management; strategic growth initiatives; and customer/public relations initiatives. Accordingly, Mr. Olson received an annual base salary increase of \$24,852 from the previous fiscal year.

The Compensation Committee reviewed similar considerations for each of the other named executive officers and determined that increases were appropriate for Messrs. Muto and Howes and Ms. Warner and Ms. Reimer based upon their performance and to maintain competitive base salary levels. Accordingly, Messrs. Muto and Howes and Ms. Warner and Ms. Reimer received an annual base salary increase of \$9,208, \$6,442, \$7,524 and \$5,348, respectively.

Bonuses

The Compensation Committee recommends, and the Board of Directors approves, the Chief Executive Officer's annual bonus. The Compensation Committee reviews the Chief Executive Officer's annual proposed bonuses for other individual executive officers, based on the Company's and ESSA Bank & Trust's financial performance and the performance of the individual executive officer and makes a recommendation to the Board of Directors. The Board of Directors reviews the Compensation Committee's recommendations. As a result, the amount of the bonuses set forth in the Summary Compensation Table were based on the Committee's subjective evaluation of each executive's individual performance and the overall performance of ESSA Bank & Trust for the fiscal year ended September 30, 2007, and were approved by the Board of Directors.

The Bank maintains an Executive/Management Annual Incentive Plan and Executive Long Term Incentive Plan. Both plans provided for payments of specified percentages of base salary for designated levels of executives, with the amount of the payouts determined based on whether the designated performance targets were achieved at the threshold, target or maximum levels. The Annual Incentive Plan uses return on assets and asset growth as the performance measures and payments are made annually. The Long Term Incentive Plan uses return on equity with a three-year rolling average performance objective. However, the Committee determined that such targets would not provide appropriate incentives for management employees in 2007 because the Company would complete its conversion to stock form in 2007, and in connection therewith, make a significant contribution of cash and stock to a charitable foundation, which eliminated earnings for the year. Therefore, instead of awards under the Annual Incentive Plan and the Long Term Incentive Plan, the Committee made discretionary bonus payments based on subjective evaluations of management's and the Company's performance that were intended to approximate the dollar value that would have been awarded to the executives if the target level of performance had been achieved under the Annual Incentive Plan and if the threshold level of performance would have been achieved under the Long Term Incentive Plan.

Employee Stock Ownership Plan. The Bank sponsors the ESSA Bank & Trust Employee Stock Ownership Plan for the benefit of its employees. Employees who are at least 21 years old with at least one year of service during

which the employee has completed at least 1,000 hours of service with the Bank are eligible to participate. As part of ESSA Bank & Trust's 2007 stock offering, the employee stock ownership plan trust borrowed funds from the Company and used those funds to purchase a number of shares equal to 8% of the common stock sold in the offering (1,358,472 shares). Collateral for the loan is the common stock purchased by the employee stock ownership plan. The loan will be repaid principally from the Bank's discretionary contributions to the employee stock ownership plan over a period of up to 30 years. The loan documents provide that the loan may be repaid over a shorter period, without penalty for prepayments. Shares purchased by the employee stock ownership plan will be held in a suspense account for allocation among participants as the loan is repaid.

Contributions to the employee stock ownership plan and shares released from the suspense account in an amount proportional to the repayment of the employee stock ownership plan loan will be allocated among employee stock ownership plan participants on the basis of compensation in the year of allocation. Participants will be 100% vested in benefits under the plan upon completion of three years of credited service, with credit given to participants for years of credited service with the Bank's mutual predecessor. A participant's interest in his or her account under the plan will also fully vest in the event of termination of service due to a participant's early or normal retirement, death, disability, or upon a change in control (as defined in the plan). Vested benefits will be payable in the form of common stock and/or cash. The Bank's contributions to the employee stock ownership plan are discretionary, subject to the loan terms and tax law limits. Therefore, benefits payable under the employee stock ownership plan cannot be estimated. Pursuant to SOP 93-6, we are required to record compensation expense each year in an amount equal to the fair market value of the shares released or committed to be released from the suspense account. In the event of a change in control, the employee stock ownership plan will terminate and participants will become fully vested in their account balances.

Long-term Incentives. The Company intends to adopt and request stockholder approval of one or more stock-based incentive plans, including a stock option plan and a stock recognition and retention plan. The stock option plan and stock recognition and retention plan may be established as separate plans or as part of a single stock-based incentive plan.

Benefit Plans and Arrangements

Benefit Plans

Employment Agreements. ESSA Bancorp, Inc. has entered into employment agreements with each of Messrs. Olson, Muto, Howes and Grayuski and Ms. Warner and Ms. Reimer. The agreements with Messrs. Olson and Muto have an initial term of three years. The agreements with Mr. Howes, Ms. Warner, Ms. Reimer and Mr. Grayuski have terms of two years. Unless notice of non-renewal is provided, the agreements renew annually. Under the agreements, the initial base salaries for Messrs. Olson, Muto, Howes, Ms. Warner, Ms. Reimer and Mr. Grayuski are \$236,725, \$150,878, \$123,581, \$118,998, \$102,585, and \$91,268, respectively. Base salaries will be reviewed at least annually and may be increased, but not decreased. In addition to the base salary, each agreement provides for, among other things, participation in bonus programs and other employee pension benefit and fringe benefit plans applicable to executive employees and use of an automobile (in the case of Mr. Olson). The executive's employment may be terminated for cause at any time, in which event the executive would have no right to receive compensation or other benefits for any period after termination.

Each of the executives is entitled to severance payments and benefits in the event of his or her termination of employment under specified circumstances. In the event the executive's employment is terminated for reasons other than for cause, disability or retirement, or in the event the executive resigns within 90 days following (1) the failure to elect or reelect or to appoint or reappoint the executive to his or her executive position, (2) a material change in the executive's functions, duties, or responsibilities, which change would cause executive's position to become one of lesser responsibility, importance or scope, (3) the relocation of executive's principal place of employment to a location that is more than 50 miles from the location of the Bank's principal executive offices as of the date of the agreement, (4) a material reduction in benefits and perquisites including base salary (except for any Bank-wide or officer-wide reduction), (5) the liquidation or dissolution of ESSA Bancorp, Inc. or ESSA Bank & Trust, (6) a change-in-control of ESSA Bancorp, Inc. or (7) a breach of the employment agreement by ESSA Bancorp, Inc., the executive would be entitled to a severance payment equal to three times (in the case of Messrs. Olson and Muto) or two times (for all other executives) the sum of the executive's base salary and the highest rate of bonus awarded to the executive during the prior three years (for Messrs. Olson and Muto) or two years (for all other executives), payable in a lump sum. In addition, the executive would be entitled, at ESSA Bancorp, Inc.'s sole expense, to the continuation of life, medical, dental, vision and disability coverage for 36 months (in the case of Messrs. Olson and Muto) or 24 months (for all other executives) after termination of the agreement. The executive would also receive a lump sum payment of the excess, if any, of the present value of the benefits he or she would be entitled to under the ESSA Bancorp, Inc. or ESSA Bank & Trust's defined benefit pension plan if the executive had continued working for ESSA Bancorp, Inc. for 36 months (in the case of Messrs. Olson and Muto) or 24 months (for all other executives) over the present value of the benefits to which the executive is actually entitled as of the date of termination. In the event that the severance payment provisions of the employment agreement were triggered for one of the covered executives at September 30, 2007, the executive would be entitled to a cash severance benefit in the amount of approximately \$1,432,323, \$849,664, \$508,587, \$468,906, \$406,653, and \$323,178 in the case of Messrs. Olson, Muto, Howes, Ms. Warner, Ms. Reimer, and Mr. Grayuski, respectively. If Mr. Olson's employment is not terminated in connection with a change in control, he would be entitled to a lump sum equal to three times the sum of his highest base salary and highest bonus in the last three years, but such payment would be instead of (not in addition to) the severance pay described above. In the event that provision was triggered for Mr. Olson at September 30, 2007, he would have been entitled to a lump sum payment of \$1,318,433. None of the executives are entitled to additional benefits under their employment agreements upon retirement at age 65.

Upon termination of the executive's employment other than in connection with a change-in-control, the executive agrees not to compete with ESSA Bancorp, Inc. for one year following termination of employment within 50 miles of any existing branch of ESSA Bank & Trust or 50 miles of any office for which ESSA Bank & Trust or a subsidiary has filed an application for regulatory approval. Should the executive become disabled, ESSA Bancorp, Inc. would continue to pay the executive his or her base salary for the longer of the remaining term of the agreement or one year, provided that any amount paid to the executive pursuant to any disability insurance would reduce the compensation the executive would receive. In the event the executive dies while employed by ESSA Bancorp, Inc., the executive's estate will be paid the executive's base salary for one year and the executive's family will be entitled to continuation of medical, dental and vision benefits for one year after the executive's death.

The employment agreements for Messrs. Howes and Grayuski and for Ms. Warner and Ms. Reimer also provide for an automatic reduction in the amount of any payments made in connection with a change-in-control which would otherwise constitute excess parachute payments under Section 280G of the Internal Revenue Code. The total payment owed to the executive upon a change-in-control will be reduced to an amount that is \$1.00 less than the amount that would otherwise be an excess parachute payment under Code Section 280G. Messrs. Olson and Muto may elect to have such reductions made in their sole discretion.

Change-in-Control Agreements. ESSA Bancorp, Inc. has entered into change-in-control agreements with six officers who are not entering into employment agreements, which would provide certain benefits in the event of a termination of employment following a change-in-control of ESSA Bancorp, Inc. or ESSA Bank & Trust. Each of the change-in-control agreements provides for a term of eighteen months. Commencing on each anniversary date, the agreements will be renewed for an additional year so that the remaining term will be eighteen months, subject to notice of non-renewal. The change-in-control agreements enable ESSA Bancorp, Inc. to offer to designated officers certain protections against termination without cause in the event of a change-in-control (as defined in the agreements). Such protections are frequently offered by other financial institutions, and ESSA Bancorp, Inc. may be at a competitive disadvantage in attracting and retaining key employees if it did not offer similar protections.

Following a change-in-control of ESSA Bancorp, Inc. or ESSA Bank & Trust, an officer is entitled under the agreement to a payment if the officer's employment is terminated during the term of such agreement, other than for

cause, or if the officer voluntarily terminates employment during the term of such agreement as a result of a demotion, loss of title, office or significant authority (in each case, other than as a result of the fact that either ESSA Bank & Trust or ESSA Bancorp, Inc. is merged into another entity in connection with a change-in-control and will not operate as a stand-alone, independent entity), reduction in his or her annual compensation or benefits, or relocation of his or her principal place of employment by more than 30 miles from its location immediately prior to the change-in-control. In the event an officer who is a party to a change-in-control agreement is entitled to receive payments pursuant to the change-in-control agreement, the officer will receive a cash payment equal to 1.5 times his or her highest rate of base salary and the highest rate of bonus awarded to the executive during the prior two years, payable in a lump sum. In addition to the cash payment, each covered officer is entitled to receive life, medical, and dental coverage for a period of 18 months from the date of termination. Notwithstanding any provision to the contrary in the change-in-control agreement, payments under the change-in-control agreements are limited so that they will not constitute an excess parachute payment under Section 280G of the Internal Revenue Code.

401(k) Plan. ESSA Bank & Trust maintains a non-standardized prototype 401(k) plan through Massachusetts Mutual Life Insurance Company (MassMutual). Effective January 1, 2007, the 401(k) plan will be operated on a calendar year basis. Employees may participate in the plan when they have attained age 21 and completed one year of service and have been credited with 1,000 hours during the year of service. Participants may make pre-tax salary deferrals to the plan not to exceed \$15,500 (which is the 2007 limit; the limit is adjusted annual for IRS-announced cost-of-living increases). In addition, participants who are 50 or older may make pre-tax catch up contributions to the plan up to \$5,000 (this limit is also adjusted annually by the IRS for cost-of-living increases). The plan is a 401(k) safe harbor which means that the employer matches participant pre-tax salary deferrals dollar for dollar up to 3% of compensation, then the employer matches pre-tax salary deferrals at the rate of 50 cents on the dollar for amounts up to 5% of compensation. All contributions are 100% vested. Distributions will be made upon death, disability, termination of employment, or attainment of age 59 1/2. In addition to the other self-directed investment alternatives offered under the plan, Participants are offered the opportunity to purchase stock in the Company through a unitized employer stock fund, consisting of 95% stock and 5% cash. Benefits are paid in the form of lump sum, installments, partial withdrawals, or a joint and 100% survivor annuity.

Defined Benefit Pension Plan. Since 1969, ESSA Bank & Trust has maintained an individually designed, tax-qualified defined benefit plan (the Pension Plan). Effective January 1, 2007, the Pension Plan will be operated on a calendar year basis. All employees age 21 or older who have completed one year of employment with ESSA Bank & Trust are eligible for membership in the Pension Plan; however, only employees who have been credited with 1,000 or more hours of service with ESSA Bank & Trust are eligible to accrue benefits under the Pension Plan. ESSA Bank & Trust annually contributes an amount to the plan necessary to at least satisfy the minimum funding requirements established under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The regular form of retirement benefit is a straight life annuity (if single) and a joint and survivor annuity (if married), however, various alternative forms of joint and survivor annuities may be selected instead. Upon termination of employment at or after age 65 with at least 5 years of employment, a participant is entitled to a normal retirement annual benefit equal to a percentage of average monthly compensation determined over the participant's high 5-year average salary during the 10 years before the participant's retirement. If the participant terminates employment on or after attaining age 60 with 15 years of service, his or her normal retirement benefit will be reduced by 0.5% for each month by which the participant's actual retirement date precedes his or her normal retirement date. A participant may postpone retirement beyond normal retirement date, in which case the participant will continue earning service towards his or her accrued benefit. If a married participant dies while in active service and after having become fully vested (i.e., completed 5 years of service), a qualified 50% survivor spouse benefit will be payable to the participant's beneficiary. No pre-retirement death benefits are available to unmarried participants. Upon termination of employment due to disability, the participant will be entitled to an early or normal retirement benefit, where the participant's accrued benefit is determined based on service performed through the disability date.

Supplemental Retirement Plan. ESSA Bank & Trust has entered into Executive Salary Continuation Agreements (Supplemental Retirement Plan) with Mr. Olson, Ms. Reimer, Mr. Howes and Mr. Grayuski. If the designated executive has been employed with ESSA Bank & Trust for at least 30 years upon normal retirement age (65) or early retirement age (60), then the benefit described in the agreement will be paid to the executive for no less than 192 months following the executive's retirement, unless the executive elects to receive the present value of the payments as a lump sum. The amount of the normal benefit equals 70% of the executive's final compensation determined over the executive's high 5-year average salary during the 10 years before the executive's retirement. The normal retirement benefit is reduced by 0.05% for each month the executive terminates employment.

after early retirement age but prior to normal retirement age. If the executive voluntarily terminates employment before age 65 or has his or her employment involuntarily terminated other than for cause, the employer shall pay in a lump sum or 60 monthly installments, the amount accrued to fund the promised benefit as of the date of such termination. If a change-in-control occurs, then the benefits promised under the Supplemental Retirement Plan at normal retirement age will be paid to the executive at normal retirement age, even if the executive's employment terminates before normal retirement age (except no payment shall be made if the termination is due to cause). Benefits become vested after 5 years of service and before completing 5 years of service, benefits are zero percent vested. If the executive dies while actively employed by us, but before attaining age 65, the amount accrued under the plan as of the executive's date of death will be paid to the executive's designated beneficiaries. If the executive dies after the commencement of payment of benefits under the Supplemental Retirement Plan, remaining payments will be made to the executive's beneficiaries. We recorded an expense of \$164,887 for the Supplemental Retirement Plan during the fiscal year ended September 30, 2007. Based on current compensation levels, the Company anticipates the estimated aggregate expense of the Supplemental Retirement Plan to be approximately \$1.6 million through September 30, 2012 and approximately \$2.7 million through September 30, 2017. These estimated expenses will increase as compensation levels of the participants increase.

The table below shows the present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each such named executive officer under each of the Pension Plan and SERP determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements.

Loans and Extensions of Credit. The Sarbanes-Oxley Act of 2002 generally prohibits us from making loans to our executive officers and directors, but it contains a specific exemption from such prohibition for loans made by ESSA Bank & Trust to our executive officers and directors in compliance with federal banking regulations. Federal regulations require that all loans or extensions of credit to executive officers and directors of insured institutions must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and must not involve more than the normal risk of repayment or present other unfavorable features. ESSA Bank & Trust is therefore prohibited from making any loans or extensions of credit to executive officers and directors at different rates or terms than those offered to the general public, except for loans made under a benefit program generally available to all other employees and that does not give preference to any executive officer or director over any other employee.

In addition, loans made to a director or executive officer must be approved in advance by a majority of the disinterested members of the Board of Directors. The aggregate amount of our loans to our officers and directors and their related entities was \$1.5 million at September 30, 2007. As of September 30, 2007, these loans were performing according to their original terms.

Set forth below is certain information as to loans made by the Bank to certain of its directors and executive officers, or their affiliates, pursuant to the loan program disclosed above, whose aggregate indebtedness to the Bank exceeded \$120,000 at any time since October 1, 2006. Unless otherwise indicated all of the loans are secured loans and all loans designated as residential loans are secured by the borrower's principal place of residence.

Item 14. Principal Accountant Fees and Services

The Company's independent registered public accountants for the fiscal year ended September 30, 2007 were S. R. Snodgrass, A.C. (Snodgrass). The Audit Committee of the Board has approved the engagement of Snodgrass to be the Company's independent registered public accountants for the fiscal year ending September 30, 2008, subject to the ratification of the appointment by the Company's stockholders at the Annual Meeting.

Stockholder ratification of the selection of Snodgrass is not required by the Company's Bylaws or otherwise. However, the Board will submit the selection of the independent registered public accountants to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection of Snodgrass, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change is in the best interests of the Company and its stockholders.
