**Item 1.01. Entry Into a Material Definitive Agreement.**

On May 20, 2008, SemGroup Energy Partners, L.L.C. (the Operating Company), a wholly-owned subsidiary of SemGroup Energy Partners, L.P. (the Partnership), entered into a Purchase and Sale Agreement (the Purchase Agreement) with SemCrude, L.P. (the Seller), a subsidiary of SemGroup, L.P. (SemGroup), pursuant to which the Seller has agreed to sell, assign, transfer and convey to the Operating Company 100% of the limited liability company interests in SemGroup Crude Storage, L.L.C. (SGCS) for aggregate consideration of \$90 million.

Upon closing, SGCS will own certain land, crude oil storage and terminalling facilities with an aggregate of approximately 2 million barrels of storage capacity and related assets located at the Cushing Interchange (the Acquired Assets). Prior to closing, the Acquired Assets will be contributed to SGCS by the Seller. In addition, the Operating Company or its designated subsidiary will assume a take-or-pay third party term contract relating to the additional 2 million barrels of storage capacity. The acquisition of the Acquired Assets will increase the Partnership's total storage capacity to more than 15 million barrels, of which nearly 7 million barrels will be located at the Cushing Interchange, one of the largest crude oil marketing hubs in the United States.

The closing of the Purchase Agreement is subject to the satisfaction of a number of conditions, including the expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976. Subject to the satisfaction of those conditions, the Partnership anticipates that closing will occur in the second quarter of this year. The Partnership expects to finance the acquisition with borrowings under the Partnership's Amended and Restated Credit Agreement, dated February 20, 2008, among the Partnership, Wachovia Bank, National Association, as Administrative Agent, L/C Issuer and Swing Line Lender, Bank of America, N.A., as Syndication Agent and the other lenders from time to time party thereto.

Pursuant to the Purchase Agreement, the Seller has agreed to indemnify the Operating Company, its affiliates, including the Partnership, and their respective officers, directors, employees, counsel, accountants, financial advisers and consultants (the Buyer Indemnified Parties) from and against all losses arising from or out of (i) any breach of the Seller's representations, warranties or covenants in the Purchase Agreement, and (ii) the operation of SGCS or the Acquired Assets prior to the Operating Company's acquisition of them, including any environmental or tax losses. The Operating Company has agreed to indemnify the Seller, its affiliates and their respective officers, directors, employees, counsel, accountants, financial advisers and consultants from and against all losses arising from or out of (i) any breach of the Operating Company's representations, warranties or covenants in the Purchase Agreement and (ii) the operation of SGCS or the Acquired Assets after the Operating Company's acquisition of them. Certain of the Seller's indemnification obligations are subject to an aggregate deductible of 1% of the aggregate purchase price, or approximately \$0.9 million, and a cap equal to 25% of the aggregate purchase price, or \$22,500,000 million. Indemnification for losses incurred by the Buyer Indemnified Parties that are attributable to the operation of SGCS or the Acquired Assets prior to the Operating Company's acquisition of them is not subject to such deductible or cap.

The board of directors of the Partnership's general partner approved the acquisition based on a recommendation from its conflicts committee, which consists entirely of independent directors. The conflicts committee retained independent legal and financial advisors to assist it in evaluating the transaction.

The description of the Purchase Agreement in this report is qualified in its entirety by reference to the copy of the Purchase Agreement filed as Exhibit 2.1 to this Current Report, which is incorporated by reference into this Current Report in its entirety.

Each of the Operating Company, the Partnership, the Partnership's general partner and the Seller are indirect subsidiaries of SemGroup. As a result, certain individuals, including officers and directors of SemGroup, serve as officers and/or directors of more than one of such entities.

**Item 7.01. Regulation FD Disclosure.**

Such risks and uncertainties include, but are not limited to, the Partnership's dependence upon SemGroup for a substantial majority of its revenues; the acquisition of the crude oil terminalling and storage assets may not occur on the terms described herein or at all; the Partnership's exposure to the credit risk of SemGroup and third-party customers; a decrease in the demand for crude oil or liquid asphalt cement in the areas served by the Partnership's storage facilities and pipelines; a decrease in the production of crude oil from the oil fields served by its pipelines; the availability of, and ability to consummate, acquisition opportunities; the Partnership's debt levels and restrictions in its credit facility; general economic, market or business conditions; and other factors and uncertainties inherent in the crude oil and liquid asphalt cement gathering, transportation, terminalling and storage business. These and other applicable uncertainties, factors and risks are described more fully in the Partnership's Annual Report on Form 10-K and other reports filed with the Securities and Exchange Commission.
