The information contained on DCT Industrial's website is not incorporated by reference herein.

Set forth below are several non-GAAP financial measures that are included in the attached press release together with the most directly comparable GAAP financial measure.

For the three months ended June 30, 2009, our Net Loss Attributable to DCT Common Stockholders was \$4.0 million and our Net Loss Attributable to DCT Common Stockholders per diluted share was \$0.02. In our press release referred to above, we disclose Funds From Operations, or FFO, as defined by the National Association of Real Estate Investment Trusts (NAREIT), to be \$25.3 million, or \$0.12 per diluted share and unit for the three months ended June 30, 2009. For the three months ended June 30, 2008, our Net Income Attributable to DCT Common Stockholders was \$15.5 million and our Net Income Attributable to DCT Common Stockholders per diluted share was \$0.09. For the three months ended June 30, 2008, our FFO per diluted common share and unit was \$0.15.

For the six months ended June 30, 2009, our Net Loss Attributable to DCT Common Stockholders was \$0.2 million and our Net Loss Attributable to DCT Common Stockholders per diluted share was \$0.00. In our press release referred to above, we disclose FFO to be \$58.7 million, or \$0.28 per diluted share and unit for the six months ended June 30, 2009. For the six months ended June 30, 2008, our Net Income Attributable to DCT Common Stockholders was \$15.9 million and our Net Income Attributable to DCT Common Stockholders per diluted share was \$0.09. For the six months ended June 30, 2008, our FFO per diluted common share and unit was \$0.30.

For the three months ended June 30, 2009, Loss From Continuing Operations was \$5.3 million. In our press release referred to above, we disclose our net operating income, or NOI, to be \$43.3 million for the same period in 2009. For the three months ended June 30, 2008, Income From Continuing Operations was \$2.2 million. In our press release referred to above, we disclose our NOI to be \$45.5 million for the same period in 2008. For the six months ended June 30, 2009, Loss From Continuing Operations was \$0.9 million. In our press release referred to above, we disclose NOI to be \$88.7 million for the same period in 2009. For the six months ended June 30, 2008, Income From Continuing Operations was \$0.8 million. In our press release referred to above, we disclose our NOI to be \$91.2 million for the same period in 2008.

For the three months ended June 30, 2009, our Loss From Continuing Operations increased \$7.5 million from income of \$2.2 million for the three months ended June 30, 2008 to a loss of \$5.3 million for the same period in 2009. In our press release referred to above, we disclose that our same store net operating income excluding lease termination fees for the three months ended June 30, 2009 decreased 6.7% compared to the same period in 2008 and decreased 5.2% on a cash-adjusted basis. For the six months ended June 30, 2009, our Loss From Continuing Operations increased \$1.7 million from income of \$0.8 million for the six months ended June 30, 2008 to a loss of \$0.9 million for the same period in 2009. In our press release referred to above, we disclose that our same store net operating income excluding lease termination fees for the six months ended June 30, 2009 decreased 5.9% compared to the same period in 2008 and decreased 3.9% on a cash-adjusted basis.

Our percentage of debt to total assets was 43.2% and 44.4% at June 30, 2009 and December 31, 2008, respectively. In our press release referred to above, we disclose that the percentage of net debt to book value of total assets, excluding accumulated depreciation and amortization, was 34.2% and 38.0%, for the same periods. We believe that this percentage, calculated using debt, reduced for existing cash balances and total assets, excluding accumulated depreciation and

amortization, is a useful supplemental measure of our leverage. The market value of real estate assets often does not decline in the formulaic manner in which depreciation and amortization accrues with respect to those assets for GAAP accounting purposes. Accordingly, we believe that providing a supplemental measure of our leverage, reduced for existing cash balances, based on the book value of our total assets, excluding existing cash balances and the cumulative effect of these depreciation and amortization accruals, provides investors with a useful supplemental measure of our leverage.
