PROXY STATEMENT

VOTING AND OTHER MATTERS

General

The accompanying proxy is solicited on behalf of MarineMax, Inc., a Delaware corporation, by our Board of Directors for use at our Annual Meeting of Stockholders to be held at 8:00 a.m. on Wednesday, February 26, 2014, or at any adjournment thereof, for the purposes set forth in this proxy statement and in the accompanying notice. The meeting will be held at our principal executive offices located at 18167 U.S. Highway 19 North, Suite 300, Clearwater, Florida 33764.

In accordance with rules adopted by the Securities and Exchange Commission, or the SEC, that allow companies to furnish their proxy materials over the Internet, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy statement and our 2013 Annual Report to most of our stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents and vote over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including our proxy statement, our 2013 Annual Report, and a form of proxy card. We believe this process will allow us to provide our stockholders the information they need in a more timely manner, while reducing the environmental impact and lowering our costs of printing and delivering the proxy materials.

These proxy solicitation materials were first distributed on or about January 10, 2014 to all stockholders entitled to vote at the meeting.

Record Date and Outstanding Shares

Stockholders of record at the close of business on January 3, 2014 are entitled to notice of and to vote at the meeting. On the record date, there were issued and outstanding 24,562,780 shares of our common stock. Each holder of common stock voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting.

If, at the close of business on January 3, 2014, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting. Alternatively, you may vote over the Internet as described above. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed on the enclosed proxy card to ensure your vote is counted. Even if you have submitted a proxy before the meeting, you may still attend the meeting and vote in person.

If, at the close of business on January 3, 2014, your shares were held in an account at a brokerage firm, bank, or similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the meeting. As a beneficial owner, you have

Edgar Filing: MARINEMAX INC - Form DEF 14A

the right to direct your broker, bank, or other nominee on how to vote the shares in your account. You should have received

Table of Contents

voting instructions with these proxy materials from that organization rather than from us. You should follow the instructions provided by that organization to submit your vote. You are also invited to attend the meeting in person. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you obtain a legal proxy from the broker, bank, or other nominee that holds your shares giving you the right to vote the shares at the meeting.

Quorum

The presence, in person or by proxy, of the holders of a majority of the total number of shares entitled to vote constitutes a quorum for the transaction of business at the meeting.

Required Votes

For the election of the two director nominees for three-year terms expiring in 2017, our Bylaws provide that a nominee for director shall be elected to the Board of Directors if the votes cast for such nominee's election exceed the votes cast against such nominee's election; provided, however, that directors shall be elected by a plurality of the votes cast at any meeting of stockholders for which (1) the Secretary of the Corporation receives a notice that a stockholder has nominated a person for election to the Board of Directors in compliance with the advance notice requirements set forth in our Bylaws or (2) the number of nominees otherwise exceeds the number of directors to be elected. If directors are to be elected by a plurality of the votes cast, stockholders shall not be permitted to vote against a nominee.

For the say-on-pay vote and the vote to ratify the appointment of KPMG LLP as the independent auditor of our company for the fiscal year ending September 30, 2014, the affirmative vote of the holders of a majority of the votes cast is required. While the say-on-pay is non-binding, our Board will consider the input of stockholders based on a majority of votes cast for the say-on-pay proposal.

Votes cast by proxy or in person at the meeting will be tabulated by the election inspector appointed for the meeting who will determine whether a quorum is present. The election inspector will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

Voting of Proxies

When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed. If no specification is indicated, the shares will be voted (1) for the election of each of the nominees for director set forth in this proxy statement, (2) for the say-on-pay vote, (3) for the proposal to ratify the appointment of KPMG LLP, an independent registered public accounting firm, as the independent auditor of our company for the fiscal year ending September 30, 2014, and (4) as the persons specified in the proxy deem advisable on such other matters as may come before the meeting.

Broker Non-Votes and Abstentions

Brokers, banks, or other nominees that hold shares of common stock in street name for a beneficial owner of those shares typically have the authority to vote in their discretion if permitted by the stock exchange or other organization of which they are members. Brokers, banks, and other nominees are permitted to vote the beneficial owner's proxy in their own discretion as to certain routine proposals when they have not received instructions from the beneficial owner, such as the ratification of the appointment of KPMG LLP as the independent auditor of our company for the fiscal year ending September 30, 2014. If a broker, bank, or other nominee votes such uninstructed shares for or against a routine proposal, those shares will be counted towards determining whether or not a quorum is present and are considered entitled to vote on the routine proposals. However, where a proposal is non-routine, a broker, bank, or other nominee is not permitted to exercise its voting discretion on that proposal without specific instructions from the beneficial owner. These non-voted shares are

Table of Contents

referred to as broker non-votes when the nominee has voted on other non-routine matters with authorization or voted on routine matters. These shares will be counted towards determining whether or not a quorum is present, but will not be considered entitled to vote on the non-routine proposals.

Please note that brokers, banks, and other nominees may not use discretionary authority to vote shares on the election of directors or the say-on-pay proposal if they have not received specific instructions from their clients. For your vote to be counted in the above, you now will need to communicate your voting decisions to your broker, bank, or other nominee before the date of the meeting.

As provided in our bylaws, a majority of the votes cast means that the number of votes cast for a proposal exceeds the number of votes cast against that proposal. Because abstentions and broker non-votes do not represent votes cast for or against a proposal, broker non-votes and abstentions will have no effect on the proposal to elect directors, the say-on-pay proposal, or the proposal to ratify the appointment of KPMG LLP as the independent auditor of our company for the fiscal year ending September 30, 2014, as each such proposal is determined by reference to the votes actually cast by the shares present or represented by proxy and entitled to vote.

In accordance with our Corporate Governance Guidelines, an incumbent candidate for director who does not receive the required votes for re-election is expected to tender his or her resignation to our Board of Directors. Our Board of Directors, or another duly authorized committee of our Board of Directors, will make a determination as to whether to accept or reject the tendered resignation generally within 90 days after certification of the election results of the stockholder vote. We will publicly disclose the decision regarding the tendered resignation and the rationale behind the decision in a filing of a Current Report on Form 8-K with the SEC.

Revocability of Proxies

Any stockholder giving a proxy may revoke the proxy at any time before its use by furnishing to us either a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Election Inspector

Votes cast by proxy or in person at the meeting will be tabulated by the election inspector appointed for the meeting, who will determine whether a quorum is present. The election inspector will treat broker non-votes and abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, and as described in the Broker Non-Votes and Abstentions section of this proxy statement for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Solicitation

We will bear the cost of this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers, personally or by telephone or e-mail, without additional compensation.

Annual Report and Other Matters

Our 2013 Annual Report on Form 10-K, which was made available to stockholders with or preceding this proxy statement, contains financial and other information about our company, but, except as indicated therein, is not incorporated into this proxy statement and is not to be considered a part of these proxy materials or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The information contained in the Compensation Committee Report and the Report of the Audit Committee shall not be deemed filed with the SEC or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Exchange Act.

We will provide, without charge, a printed copy of our Annual Report on Form 10-K for the fiscal year ended September 30, 2013 as filed with the SEC to each stockholder of record as of the record date that requests a copy in writing. Any exhibits listed in the Form 10-K report also will be furnished upon request at the actual expense incurred by us in furnishing such exhibits. Any such requests should be directed to our company's secretary at our executive offices set forth in this proxy statement.

PROPOSAL ONE**ELECTION OF DIRECTORS****Nominees**

Our certificate of incorporation and bylaws provide that the number of directors shall be fixed from time to time by resolution of our Board of Directors. Presently, the number of directors is fixed at eight and that number of directors is divided into three classes, with one class standing for election each year for a three-year term. The Board of Directors has nominated Frances L. Allen and Michael H. McLamb for election as Class I directors for three-year terms expiring in 2017 or until their respective successors have been elected and qualified. Russell J. Knittel who is a Class I director will retire from the Board of Directors at the Annual Meeting, and consequently has not been nominated for re-election. Upon Mr. Knittel's retirement, the Board of Directors intends to pass a resolution fixing the number of directors to seven.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for each of the nominees named above. Ms. Allen and Mr. McLamb currently are directors of our company. In the event that any nominee is unable or declines to serve as a director at the time of the meeting, the proxies will be voted for any nominee designated by the current Board of Directors to fill the vacancy. It is not expected that the nominees will be unable or will decline to serve as directors.

The Board of Directors recommends a vote **for** the nominees named herein.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors has determined, after considering all the relevant facts and circumstances, that Messrs. Eure, Oglesby, Watters, Woodman, and Ms. Allen are independent directors, as independence is defined by the listing standards of the New York Stock Exchange, because they have no material relationship with us (either directly or as a partner, stockholder, or officer of an organization that has a relationship with us). Messrs. McGill and McLamb are employee directors.

Classification of our Board of Directors

Our Board of Directors is divided into three classes, with one class standing for election each year for a three-year term. At each annual meeting of stockholders, directors of a particular class will be elected for three-year terms to succeed the directors of that class whose terms are expiring. Ms. Allen and Mr. McLamb are Class I directors whose terms will expire at the meeting, but have been nominated by our Board of Directors for re-election for three-year terms expiring in 2017. Mr. Knittel also currently serves as a Class I director with a term expiring at the meeting and has informed the company of his intentions to retire from the Board of Directors effective upon the expiration of his current term. Messrs. McGill and Oglesby are Class II directors whose terms will expire in 2015. Messrs. Eure, Watters, and Woodman are Class III directors whose terms will expire in 2016. There are no family relationships among any of our directors.

Committee Charters, Corporate Governance, and Code of Ethics

Our Board of Directors has adopted charters for the Audit, Compensation, and Nominating/Corporate Governance Committees describing the authority and responsibilities delegated to each committee by our Board of Directors. Our Board of Directors has also adopted Corporate Governance Guidelines, a Code of Business

Table of Contents

Conduct and Ethics, and a Code of Ethics for the CEO and Senior Financial Officers. We post on our website, at www.MarineMax.com, the charters of our Audit, Compensation, and Nominating/Corporate Governance Committees; our Corporate Governance Guidelines, Code of Business Conduct and Ethics, and Code of Ethics for the CEO and Senior Financial Officers, and any amendments or waivers thereto; and any other corporate governance materials contemplated by SEC or New York Stock Exchange regulations. These documents are also available in print to any stockholder requesting a copy in writing from our corporate secretary at our executive offices set forth in this proxy statement.

Executive Sessions

We regularly schedule executive sessions in which non-employee directors, meet without the presence or participation of management, with at least one of such sessions including only independent directors. The Lead Director chairs the executive sessions.

Board Committees

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating/Corporate Governance Committee, each consisting entirely of independent directors.

The Audit Committee

The purpose of the Audit Committee is to assist the oversight of our Board of Directors of the integrity of the financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualifications and independence, and the performance of our company's independent auditor and internal audit function. The primary responsibilities of the Audit Committee are set forth in its charter and include various matters with respect to the oversight of our company's accounting and financial reporting process and audits of the financial statements of our company. The Audit Committee also selects the independent auditor to conduct the annual audit of the financial statements of our company; reviews the proposed scope of such audit; reviews accounting and financial controls of our company with the independent auditor and our financial accounting staff; and reviews and approves transactions between us and our directors, officers, and their affiliates.

The Audit Committee currently consists of Messrs. Eure, Knittel, Woodman, and Ms. Allen, each an independent director of our company under the New York Stock Exchange rules as well as under rules adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002. Mr. Eure serves as the Chairman of the Audit Committee. The Board of Directors has determined that Messrs. Eure, Knittel, and Woodman (whose backgrounds are detailed above) each qualify as an audit committee financial expert in accordance with applicable rules and regulations of the SEC.

The Compensation Committee

The purpose and responsibilities of the Compensation Committee include reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluating the performance of our Chief Executive Officer in light of those goals and objectives, and, either as a committee or together with the other independent directors (as directed by the Board of Directors), determining and approving the compensation level of our Chief Executive Officer based on this evaluation. The Compensation Committee also recommends to the Board of Directors, or as directed by the Board of Directors determines and approves, the compensation of our other executive officers, and considers the grant of stock-based awards to our executive officers under our 2011 Stock-Based Compensation Plan. The Compensation Committee currently consists of Messrs. Knittel, Oglesby, Watters, Woodman, and Ms. Allen, with Mr. Knittel serving as Chairman. Mr. Oglesby will serve as Chairman upon Mr. Knittel's retirement.

The Nominating/Corporate Governance Committee

The purpose and responsibilities of the Nominating/Corporate Governance Committee include the identification of individuals qualified to become board members, the selection or recommendation to the Board of Directors of nominees to stand for election as directors at each election of directors, the development and

Table of Contents

recommendation to the Board of Directors of a set of corporate governance principles applicable to our company, the oversight of the selection and composition of committees of the Board of Directors, and the oversight of the evaluations of the Board of Directors and management. The Nominating/Corporate Governance Committee currently consists of Messrs. Eure, Oglesby, Watters, and Woodman, with Mr. Watters serving as Chairman. The Nominating/Corporate Governance committee will consider persons recommended by stockholders for inclusion as nominees for election to our Board of Directors if the names, biographical data, and qualifications of such persons are submitted in writing in a timely manner consistent with our bylaws and addressed and delivered to our company's secretary at the address listed herein. The Nominating/Corporate Governance Committee identifies and evaluates nominees for our Board of Directors, including nominees recommended by stockholders, based on numerous factors it considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity, and the extent to which the nominee would fill a present need on our Board of Directors. As discussed above, the members of the Nominating/Corporate Governance Committee are independent, as that term is defined by the listing standards of the New York Stock Exchange.

Risk Assessment of Compensation Policies and Practices

We have assessed the compensation policies and practices with respect to our employees, including our executive officers, and have concluded that they do not create risks that are reasonably likely to have a material adverse effect on our company.

Board's Role in Risk Oversight

Risk is inherent in every business. As is the case in virtually all businesses, we face a number of risks, including operational, economic, financial, legal, regulatory, and competitive risks. Our management is responsible for the day-to-day management of the risks we face. Our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management.

In its oversight role, our Board of Directors' involvement in our business strategy and strategic plans plays a key role in its oversight of risk management, its assessment of management's risk appetite, and its determination of the appropriate level of enterprise risk. Our Board of Directors receives updates at least quarterly from senior management and periodically from outside advisors regarding the various risks we face, including operational, economic, financial, legal, regulatory, and competitive risks. Our Board of Directors also reviews the various risks we identify in our filings with the SEC as well as risks relating to various specific developments, such as acquisitions, stock repurchases, debt and equity placements, and product introductions.

Our Board committees assist our Board of Directors in fulfilling its oversight role in certain areas of risks. Pursuant to its charter, the Audit Committee oversees the financial and reporting processes of our company and the audit of the financial statements of our company and provides assistance to our Board of Directors with respect to the oversight and integrity of the financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualification and independence, and the performance of our independent auditor. The Compensation Committee considers the risks that our compensation policies and practices may have in attracting, retaining, and motivating valued employees and endeavors to assure that it is not reasonably likely that our compensation plans and policies would have a material adverse effect on our company. Our Nominating/Corporate Governance Committee oversees governance related risks, such as board independence, conflicts of interests, and management succession planning.

Board Diversity

We seek diversity in experience, viewpoint, education, skill, and other individual qualities and attributes to be represented on our Board of Directors. We believe directors should have various qualifications, including individual character and integrity; business experience and leadership ability; strategic planning skills, ability, and experience; requisite knowledge of our industry and finance, accounting, and legal matters; communications and interpersonal skills; and the ability and willingness to devote time to our company. We also believe the skill

sets, backgrounds, and qualifications of our directors, taken as a whole, should provide a significant mix of diversity in personal and professional experience, background, viewpoints, perspectives, knowledge, and abilities. Nominees are not to be discriminated against on the basis of race, religion, national origin, gender, sexual orientation, disability, or any other basis prohibited by law. The assessment of directors is made in the context of the perceived needs of our Board of Directors from time to time.

All of our directors have held or currently hold high-level positions in business or professional service firms and have experience in dealing with complex issues. We believe that all of our directors are individuals of high character and integrity, are able to work well with others, and have committed to devote sufficient time to the business and affairs of our company. In addition to these attributes, the description of each director's background sets forth above indicates the specific experience, qualifications, and skills necessary to conclude that each individual should continue to serve as a director of our company.

Board Leadership Structure

We believe that effective board leadership structure can depend on the experience, skills, and personal interaction between persons in leadership roles as well as the needs of our company at any point in time. Our Corporate Governance Guidelines support flexibility in the structure of the board by not requiring the separation of the roles of Chairman of the Board and Chief Executive Officer.

Our Board of Directors currently believes that it is in the best interests of our company to have our Chief Executive Officer also serve as the Chairman of the Board. Our Chairman and Chief Executive Officer provides strong, clear, and unified leadership that is critical in our relationships with our stockholders, employees, customers, suppliers, and other stakeholders. The extensive knowledge of the Chief Executive Officer regarding our operations and industries and the markets in which we compete uniquely positions him to identify strategies and prioritize matters for board review and deliberation. Additionally, we believe the combined role of Chairman and Chief Executive Officer facilitates centralized board leadership in one person, so there is no ambiguity about accountability. The Chief Executive Officer serves as a bridge between management and the board, ensuring that both groups act with a common purpose. This structure also eliminates conflict between two leaders and minimizes the likelihood of two spokespersons sending different messages.

The board does not believe that combining the position creates significant risks, including any risk that the Chairman and Chief Executive Officer will have excessive or undue influence over the agenda or deliberations of the board. We believe we have effective and active oversight by experienced independent directors and independent committee chairs, and the independent directors meet together in executive session at virtually every board meeting. We also have established a position of Lead Director who performs many of the duties that would be performed by an independent board chair. We currently select, on an annual basis, one of our independent directors to serve as Lead Director for the year. Mr. Eure currently serves as our Lead Director and he has extensive business experience which facilitates him in this role.

The Chairman of the Board provides guidance to the board; facilitates an appropriate schedule for board meetings; sets the agenda for board meetings; presides over meetings of the board; and facilitates the quality, quantity, and timeliness of the flow of information from management that is necessary for the board to effectively and responsibly perform its duties.

The Chief Executive Officer is responsible for the day-to-day leadership of our company and setting our company's strategic direction.

The Lead Director's duties include presiding over executive sessions of our independent directors; serving as a liaison between the non-employee directors, the Chief Executive Officer and the Chairman of the Board; chairing meetings of the Board of Directors in the absence of the Chairman of the Board; reviewing the agenda for each meeting of the Board of Directors; consulting with the Chairman of the Board and the Chief Executive Officer on matters relating to corporate governance and the performance of the Board of Directors; and facilitating teamwork and communication between the non-employee directors and management.

Director and Officer Hedging and Pledging

We have a policy prohibiting directors and officers from purchasing financial instruments (including prepared forward contracts, equity swaps, collars, and exchange funds) designed to hedge or offset decreases in the market value of compensatory awards of our equity securities directly or indirectly held by them. Additionally, we have a policy prohibiting directors and officers from pledging of shares.

Stock Ownership Guidelines

Our Board of Directors believes that the alignment of directors' interests with those of our stockholders is strengthened when board members are also stockholders. Therefore, our Board of Directors has adopted minimum stock ownership guidelines under which non-employee directors are expected to acquire shares of our company's common stock with a value at least equal to the annual retainer paid for serving on the board. Non-employee directors are expected to satisfy at least the minimum guidelines beginning on the later of five years following (i) the date the guidelines were adopted (December 9, 2011) or (ii) the date the individual becomes a non-employee director. This program is designed to ensure that directors acquire a meaningful ownership interest in our company during their tenure on the board. We expect that all of our non-employee directors will at least comply with these minimum guidelines within the time period described above.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended September 30, 2013, our Compensation Committee consisted of Messrs. Knittel, Oglesby, Watters, and Woodman. None of these individuals had any contractual or other relationships with us during their terms as directors during the fiscal year except as directors.

Board and Committee Meetings

Our Board of Directors held a total of six meetings during the fiscal year ended September 30, 2013. No director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors; and (ii) the total number of meetings held by all committees of the Board of Directors on which such director was a member.

During the fiscal year ended September 30, 2013, the Audit Committee held ten meetings; the Compensation Committee held four meetings; and the Nominating/Corporate Governance Committee held eight meetings.

Annual Meeting Attendance

We encourage our directors to attend each annual meeting of stockholders. To that end, and to the extent reasonably practical, we generally schedule a meeting of our Board of Directors on the same day as our annual meeting of stockholders. All of our directors attended our annual meeting of stockholders last year.

Communications with Directors

Interested parties may communicate with our Board of Directors or specific members of our Board of Directors, including our independent directors and the members of our various board committees, by submitting a letter addressed to the Board of Directors of MarineMax, Inc. at the address listed herein c/o any specified individual director or directors. Any such letters are forwarded to the indicated directors.

COMPENSATION DISCUSSION AND ANALYSIS

Overview and Philosophy

Our Board of Directors has appointed a Compensation Committee, consisting solely of independent members of the Board of Directors, to review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluate the performance of our Chief Executive Officer in light of those goals and objectives, and determine or recommend to the Board of Directors the compensation of our Chief Executive Officer based on this evaluation. The Compensation Committee also recommends to the Board of Directors, or as directed by the Board of Directors determines and approves, the compensation of our other executive officers. The Compensation Committee makes every effort to ensure that the compensation plan is consistent with our values and is aligned with our business strategy and goals as they exist from time to time.

Our compensation program for executive officers consists primarily of base salaries, cash incentive bonuses, cash discretionary bonuses, and long-term incentives in the form of stock-based awards, which may include time-based or performance-based stock options, shares of restricted common stock, restricted stock units, or RSUs, or a combination thereof. Executives also participate in various other benefit plans, including medical and retirement plans that generally are available to all of our employees. We consider each element of compensation collectively with other elements of compensation when establishing the various forms, elements, and levels of compensation.

Our philosophy is to pay base salaries to executives at levels that enable us to attract, motivate, and retain highly qualified executives. Our executive base salaries were generally at or below those of our peer companies taking into account the possibility of the receipt by our executives of cash performance-based incentive bonuses. Cash incentive bonuses are designed to reward individuals for performance based on certain aspects of our company's financial results as well as the achievement of personal and corporate objectives that contribute to our long-term success in building stockholder value. Grants of stock-based awards are intended to result in limited rewards if the price of our common stock does not appreciate, but may provide substantial rewards to executives as our stockholders in general benefit from stock price appreciation. Grants of stock-based awards also are intended to align compensation with the price performance of our common stock. Total compensation levels reflect corporate positions, responsibilities, and achievement of goals. As a result of our performance-based philosophy to compensation, compensation levels may vary significantly from year to year and among our various executive officers. In general, we expect the compensation level of our Chief Executive Officer will be higher than that of our other executive officers assuming relatively equal achievement of performance targets.

We believe that the overall compensation levels for our executive officers, including our named executive officers, are in alignment with our pay-for-performance philosophy and have been consistent with our performance. At our 2013 Annual Meeting of Stockholders, our stockholders overwhelmingly approved, on an advisory basis, the compensation of our named executive officers described in our proxy statement related to our 2013 Annual Meeting of Stockholders. Holders of approximately 20.5 million of our outstanding shares voted for such advisory say-on-pay proposal, representing approximately 98% of the votes cast on the say-on-pay proposal. Our Compensation Committee and our Board of Directors considered these final vote results and determined that, given the significant level of support, no material changes to our executive compensation philosophy, policies, and practices were necessary based on such vote results.

Role of the Compensation Committee and Chief Executive Officer

At the request of our Compensation Committee, our Chief Executive Officer generally attends a portion of our Compensation Committee meetings, including meetings at which our compensation consultants may be present. This enables our Compensation Committee to review with our Chief Executive Officer the corporate and individual goals that he regards as important to achieve our overall goals. Our Compensation Committee also requests our Chief Executive Officer to assess the performance of, and our goals and objectives for, the other executives. Although the participation of the Chief Executive Officer could influence goals, performance targets, and objectives, including his own, the Compensation Committee rather than our Chief Executive Officer makes all final determinations or board recommendations regarding setting individual and corporate goals, targets, objectives, and performance against such goals and targets.

Table of Contents

The Compensation Committee reviews and approves or recommends to the full board the compensation of our Chief Executive Officer and our other executive officers. Annually, our Compensation Committee evaluates the performance of our Chief Executive Officer and approves or recommends to our Board of Directors the compensation of our Chief Executive Officer in light of the goals and objectives of our compensation program for that year. Our Compensation Committee together with our Chief Executive Officer annually assesses the performance of our other executive officers. Based on recommendations from our Chief Executive Officer and the determinations of our Compensation Committee, our Compensation Committee approves or makes recommendations to our Board of Directors regarding the compensation of our other executive officers.

Compensation Surveys and Compensation Consultants

In determining compensation levels, we periodically review compensation levels of companies that we deem to be similar to our company, competitive factors to enable us to attract executives from other companies, and compensation levels that we deem appropriate to retain and motivate our executives. We use peer group information as a point of reference, but do not benchmark or target our compensation levels against our peer group.

From time to time, we retain the services of independent compensation consultants to review a wide variety of factors relevant to executive compensation, trends in executive compensation, and the identification of relevant peer companies. The Compensation Committee makes all determinations regarding the engagement, fees, and services of our compensation consultants; our compensation consultants report directly to our Compensation Committee; and our compensation consultants do not perform any other services for our company.

Base Salary

We set base salaries at a level we believe to be sufficient to attract, retain, and motivate our executives taking into account the fact that our executives have the opportunity to receive significant incentive compensation if they are able to achieve performance goals set from time to time. Base salaries for executive officers are established based on an executive's position, responsibilities, skills, and experience. In determining base compensation, we also take into account individual performance and contributions, future potential, competitive salary levels for comparable positions at other companies, salary levels relative to other positions within our company, and corporate needs. The Compensation Committee's evaluation of the foregoing factors is subjective, and the Compensation Committee does not assign a particular weight to any factor. Our base salaries tend to be lower than those of our peer companies that do not place as much emphasis as we do on paying for performance.

Cash Incentive Compensation

Cash incentive compensation represents an important component of our overall executive compensation. Our cash incentive compensation reflects our pay-for-performance philosophy. We establish objective performance criteria when setting performance goals for the cash incentive compensation program for a particular year. The performance criteria may include a wide range of factors, including pretax income for our consolidated company or on a regional basis, customer satisfaction index, specific performance metrics, stock price performance, achievement of targeted results for various company operations, expense management, market share, inventory management, earnings before interest, taxes, depreciation, and amortization, operating margin, working capital, cash, cash management, and debt-to-equity ratio. The performance criteria vary on a year-to-year and executive-by-executive basis depending on the goals then deemed important for our company as a whole and for the particular executive officer and may be established for all or a portion of a year or for multiple years. We attempt to set each of our performance goals at a level that can be realistically achieved, but at a level that is challenging and consistent with achieving the desired corporate goal. In establishing performance goals, our Compensation Committee also may take into consideration prevailing as well as expected future economic conditions affecting our company's business and industry. Our Compensation Committee, following its review of the mathematical computations prepared by our company and the corresponding report thereon from our internal audit department, determined that our executive officers satisfied 38% of their performance goals for fiscal 2011, 69% of their performance goals for fiscal 2012, and 83% of their performance goals for fiscal 2013.

Grants of Stock-Based Awards

We strongly believe in utilizing our common stock to tie executive rewards directly to our long-term success and increases in stockholder value. Grants of stock-based awards to our executive officers enable those executives to benefit from a significant position in our common stock. We have no ongoing policy for allocating among different types of stock-based awards. Therefore, we maintain the flexibility to grant each type of stock-based award. Among other factors, the amount and type of stock-based awards granted takes into account stock-based awards previously granted to an individual. Stock based compensation typically vests over a period of years to encourage executive retention and emphasize long-term performance and may also include specific performance metrics to be earned. Our Board of Directors grants stock-based awards at regularly scheduled meetings of the board after reviewing allocations recommended by the Compensation Committee following advice from the committee's compensation consultants, an analysis of peer companies, specific goals to be achieved, and a wide range of other factors. See Executive Compensation Summary Compensation Table.

Other Benefits

Executive officers are eligible to participate in benefit programs designed for all of our full-time employees. These programs include medical insurance, a qualified retirement program allowed under Section 401(k) of the Internal Revenue Code, and life insurance coverage.

Deductibility of Executive Compensation

We take into account the tax effect of our compensation. Section 162(m) of the Internal Revenue Code currently limits the deductibility for federal income tax purposes of compensation in excess of \$1.0 million paid to each of any publicly held corporation's chief executive officer and four other most highly compensated executive officers. We may deduct certain types of compensation paid to any of these individuals only to the extent that such compensation during any fiscal year does not exceed \$1.0 million. Qualifying performance-based compensation is not subject to the deduction limits if certain requirements are met. We currently intend to structure the performance-based portion of the compensation of our executive officers in a manner that complies with Section 162(m), including such awards granted pursuant to our 2011 Stock-Based Compensation Plan and Incentive Compensation Program.

Accounting Considerations

We account for stock-based awards in accordance with the provisions of Financial Accounting Standards Board, or FASB, Accounting Standards Codification, or ASC, Topic 718 Compensation - Stock Compensation (ASC 718). In determining stock-based awards, we consider the potential expense of those grants under ASC 718 and the impact on our earnings per share.

Policies for the Pricing and Timing of Stock-Based Grants

We set the price of all stock-based awards at the closing price of our stock on the New York Stock Exchange on the date of grant. We grant the stock-based compensation at regularly scheduled meetings each year. In the case of new hires, we generally grant stock-based awards on start dates, which are determined by the date the employee reports for service.

Employment Agreements

Each of Messrs. McGill and McLamb is a party to an employment agreement with us, which provides for designated base salaries plus incentive compensation based on the performance of our company and the employees as determined by our Board of Directors. Each of the employment agreements provides for benefits in the event of certain changes in control of our company. These arrangements have no effect on our compensation arrangements absent a change in control. See Executive Compensation Employment Agreements.

Fiscal 2013 Compensation

Summary

We worked with our executive compensation consultants in connection with our fiscal 2013 incentive compensation program to maintain our long-standing pay-for-performance philosophy. Our base salaries for our named executive officers for fiscal 2013 generally were at the 50th percentile level for our peer companies. Our base salaries for the named executive officers reported in both periods increased a total of 7% from fiscal 2012 levels. We increased the base salary of our Chief Executive Officer and Chief Financial Officer to be a more competitive salary as compared to our peer companies. Overall cash compensation for our named executive officers reported in both periods increased 3% from fiscal 2012 levels. Stock-based compensation for our named executive officers reported in both periods increased 3% from fiscal 2012.

Compensation Consultants

We engaged Compensia, Inc. to assist us in connection with our fiscal 2013 incentive compensation program. Compensia also assisted us in determining an appropriate group of peer companies. As a result of the absence of comparable direct competitors, the peer group was drawn from specialty retail companies. These peer companies consist of A.C. Moore Arts & Crafts, America's Car-Mart, Bassett Furniture Industries, Blue Nile, Casual Male, Citi Trends, CONN'S, Cost Plus, Dorman Products, Golfsmith International Holdings, Haverty Furniture Companies, Hibbett Sports, Jos. A. Bank Clothiers, Kirkland's, Lumber Liquidators, Movado Group, Sotheby's, Sport Chalet, West Marine, and Zumiez. Compensia utilized the same market data for these peer company comparisons as provided for fiscal 2012 as there were not significant changes in this data from the prior year.

Base Salaries

Our named executive officers received base compensation for fiscal 2013 in accordance with their respective fiscal 2013 compensation plans as recommended by the Compensation Committee and approved by the Board of Directors. We increased the base salaries of Messrs. McGill and McLamb by \$20,000 and \$50,000, respectively. The base salaries of our other named executive officers remained unchanged in fiscal year 2013 from fiscal year 2012. In accordance with our pay-for-performance philosophy, our base compensation levels for our named executive officers for fiscal 2013 were generally at or below those of our peer companies.

Incentive Compensation

For fiscal 2013, we established individual cash compensation plans for Messrs. McGill, McLamb, and Frahn that targeted incentive cash compensation of 100%, 65%, and 30% of their base salaries, respectively. These plans had two primary elements: the first element adjusted the target bonus amount based on the level of adjusted net income achieved and the second element tied the pay-out of the target bonus amount to the achievement of individual performance objectives.

Under the first element, our adjusted net income, which equals our net income plus stock-based compensation and excludes unusual items, was targeted at \$9.0 million. For every dollar above or below the target adjusted net income, 2.4% was added to or subtracted from the cumulative target bonuses for Messrs. McGill, McLamb, and Frahn to determine the size of the bonus pool eligible for pay-out for achievement of the individual performance objectives. The adjusted bonus pool amount, up or down, was allocated to Messrs. McGill, McLamb, and Frahn in the same proportion as their individual target incentive relative to the cumulative target incentive of the three executives.

Under the second element, each individual performance objective could be earned as long as at least 50% of the objective was achieved. For achievement above 50%, the earned amount was adjusted proportionately. The individual performance objectives for Mr. McGill consisted of achieving an inventory aging target; a leverage target; a selling, general, and administrative expense target; pretax targets for our company's new strategic initiatives, including our web-based used boat sale initiative and charter initiative; a Sea Ray market share target; a customer satisfaction target; and a net income plus stock based compensation target; weighted 20%, 15%, 15%,

Table of Contents

10%, 10%, 10%, and 20%, respectively, and each measured semi-annually. Mr. McLamb's individual performance objectives consisted of achieving an inventory aging target; a leverage target; a selling, general, and administrative expense target; pretax targets for our company's new strategic initiatives, including our web-based used boat sale initiative and charter initiative; a Sea Ray market share target; a customer satisfaction target; and a net income plus stock based compensation target; weighted 20%, 15%, 20%, 10%, 10%, 5%, and 20%, respectively, and each measured semi-annually. The individual performance objectives for Mr. Frahn consisted of achieving an inventory aging target; a leverage target; a selling, general, and administrative expense target; a customer satisfaction target; a net income plus stock based compensation target; and an interest expense target; weighted 25%, 30%, 25%, 5%, 10%, and 5%, respectively, and each measured semi-annually.

The plan for both Mr. W. Brett McGill and Mr. Cashman is based upon each achieving individual performance objectives and provided for cash bonus compensation paid monthly based on the pretax earnings derived from the region that each manages. Based on these pretax earnings each could receive an improvement bonus of 4% for every dollar in excess of the prior year pretax earnings and each could receive a pretax bonus of 2% for every dollar of the pretax earnings. As both the improvement and pretax bonus is calculated monthly no bonus is paid if a region's pretax earnings falls behind the pretax earnings for the prior year, on a cumulative basis. Additionally, 25% of both the improvement and pretax bonus is withheld and paid out based on each achieving an inventory aging target and a customer satisfaction target, weighted 60% and 40%, respectively, and each measured semi-annually. The inventory aging target and customer satisfaction target can be obtained proportionately as long as 50% of the objective is achieved and may also be proportionately increased if the objective is exceeded.

Because our adjusted net income target of \$9.0 million was not achieved, the target incentive amounts for Messrs. McGill, McLamb, and Frahn were reduced as discussed above. For each of our named executive officers the following individual performance objectives were satisfied as follows: the inventory aging target was satisfied for both the first and second half of fiscal 2013; the leverage target was satisfied for both the first and second half of fiscal 2013; the selling, general, and administrative expense target was achieved for both the first and second half of fiscal 2013; the pretax targets for our company's new strategic initiatives was satisfied for the first half of fiscal 2013, but was not satisfied for the second half of fiscal 2013; the Sea Ray market share target was satisfied for both the first and second half of fiscal 2013; the customer satisfaction target was satisfied for both the first and second half of fiscal 2013; the net income plus stock based compensation target were not achieved for either the first or second half of fiscal 2013; and the interest expense target was satisfied for both the first and second half of fiscal 2013. Mr. W. Brett McGill and Mr. Cashman each received a cash bonus based on their respective regions pretax earnings and improvement thereof for fiscal 2013. Therefore, each of our named executive officers received cash bonuses based on these performance objectives that were achieved. The performance objective targets that were not satisfied were missed by greater than 50%. Mr. Frahn also received a discretionary bonus of \$60,000 in recognition of his substantial efforts in securing damage recoveries related to the BP oil spill.

Stock-Based Awards

For fiscal 2013, our stock-based incentive compensation grants for our named executive officers took the form of time-based stock options. The time-based stock options vest 1/36 per month beginning on the date of grant. Our Board of Directors granted time-based stock options for the following number of shares of common stock to the following executive officers: 80,000 to Mr. McGill, 40,000 to Mr. McLamb, 25,000 to Mr. W. Brett McGill, 25,000 to Mr. Cashman, and 17,500 to Mr. Frahn.

Stock-based compensation goals for fiscal 2012 took the form of time-based stock options and stock index-based RSUs. The stock underlying the RSUs is scheduled to be delivered within five months after vesting provided that the delivery date may be delayed to the extent necessary to be deductible under Section 162(m) of the Internal Revenue Code. Each officer forfeits the unearned or unvested portion, if any, of the stock options or RSUs if the officer's service to our company is terminated for any reason, except as may otherwise be determined by the Board of Directors or as provided in an applicable employment agreement, and any awards that are not earned at the conclusion of the performance period will be forfeited. For Messrs. McGill, and McLamb, stock-based awards vest upon a change in control of our company.

- (1) The base salaries set forth in this column reflect any base salary adjustments for all of our 2011, 2012, and 2013 fiscal years for each of the named executive officers.
- (2) Discretionary bonuses were paid to Mr. Frahn for fiscal 2012 and 2013.
- (3) The amounts shown in this column represent the grant date fair value of restricted stock unit awards determined in accordance with FASB ASC Topic 718 Compensation - Stock Compensation, (ASC 718) excluding the effects of forfeitures. We determine the grant date fair value of each restricted stock unit award using the closing price of our common stock on the date of grant and recognize the compensation expense over the vesting period. We determine the grant date fair value of each restricted stock unit award with market conditions by utilizing a Monte Carlo simulation embedded in a lattice model on the date of grant and recognize the compensation expense over the vesting period. Each named executive officer forfeits the unvested portion, if any, of the officer's restricted stock units if the officer's service to our company is terminated for any reason, except as may otherwise be determined by the Board of Directors or as provided in an employment agreement. For further information on these awards, see the Grants of Plan-Based Awards table of this proxy statement.

- (2) The stock options granted to Messrs. McGill and McLamb in the amounts of 35,000 and 17,500, respectively, that are fully exercisable with a grant date of November 20, 2008 are performance based related to inventory management and were deemed earned during 2012.
- (3) The market value of shares or units of stock that have not vested as reported in the table above is determined by multiplying the closing market price of our common stock on the last trading day of our last completed fiscal year of \$12.20 by the number of shares or units of stock that have not vested.

Option Exercises and Stock Vested

The following table describes, for the named executive officers, the number of shares acquired on the exercise of options and vesting of stock awards and the value realized on exercise of options and vesting of stock awards during fiscal 2013.

OPTION EXERCISES AND STOCK VESTING

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise	Number of Shares Acquired on Vesting	Value Realized on Vesting
William H. McGill Jr.	0	\$ 0	17,466	\$ 213,085
Michael H. McLamb	38,419	\$ 384,310	8,219	\$ 100,272

Kurt M. Frahn	13,375	\$ 118,636	2,825	\$ 34,465

For option awards, the value realized is computed as the difference between the market price on the date of exercise and the exercise price times the number of options exercised. For stock awards, the value realized is computed as the market price on the later of the date the restrictions lapse or the delivery date times the number of shares vested.

Pension Benefits and Nonqualified Deferred Compensation

We do not offer a pension plan for any of our employees. We do not offer a nonqualified deferred compensation plan for any of our employees. Employees meeting certain requirements may participate in our 401(k) plan.

1998 Incentive Stock Plan

On April 5, 1998 and April 30, 1998, respectively, our Board of Directors adopted and our stockholders approved the MarineMax, Inc. 1998 Incentive Stock Plan, or the 1998 Plan. The 1998 Incentive Stock Plan was amended by the Board of Directors during May 1998 and November 2000, and our stockholders approved the November 2000 amendment during February 2001. Our Board of Directors further amended the 1998 Incentive Stock Plan during December 2004. The plan provided for the grant of incentive and nonqualified stock options to acquire our common stock, the direct grant of common stock, the grant of stock appreciation rights, or SARs, and the grant of other cash awards to key personnel, directors, consultants, independent contractors, and others providing valuable services to our company and our subsidiaries.

The plan authorized the issuance of a maximum amount of shares of common stock equal to the lesser of 4,000,000 shares or the sum of (1) 20% of the then-outstanding shares of common stock of our company, plus (2) the number of shares exercised with respect to any awards granted under the plan.

Upon the approval by our stockholders of our 2007 Incentive Compensation Plan during February 2007, any shares that were not subject to an outstanding award under the 1998 Incentive Stock Plan became available for issuance under our 2007 Incentive Compensation Plan. Accordingly, at that time, we ceased making new grants under the 1998 Incentive Stock Plan.

Table of Contents

2007 Incentive Compensation Plan

Our 2007 Incentive Compensation Plan, or the 2007 Plan, was designed to attract, motivate, retain, and reward our executives, employees, officers, directors, and independent contractors by providing such persons with annual and long-term performance incentives to expend their maximum efforts in the creation of stockholder value. The terms of the 2007 Plan provided for the grant of stock options, stock appreciation rights, restricted stock, stock units, bonus stock, dividend equivalents, other stock related awards, and performance awards that may be settled in cash, stock, or other property. Upon the approval by our stockholders of our 2011 Stock-Based Compensation Plan in January 2011, we ceased making new grants under the 2007 Plan.

2011 Stock-Based Compensation Plan

Our 2011 Stock-Based Compensation Plan, or the 2011 Plan, was adopted by our Board of Directors in November 2010 and approved by our stockholders in January 2011. During February 2013, our stockholders approved a proposal to amend the 2011 Plan to increase the 1,200,456 share threshold by 1,000,000 shares to 2,200,456 shares. The 2011 Plan is designed to attract, motivate, retain, and reward our executives, employees, officers, directors, and independent contractors by providing such persons with annual and long-term performance incentives to expend their maximum efforts in the creation of stockholder value.

The terms of the 2011 Plan provide for the grant of stock options, stock appreciation rights, restricted stock, stock units, bonus stock, dividend equivalents, other stock related awards, and performance awards that may be settled in cash, stock, or other property.

Subsequent to the February 2013 amendment described above, the total number of shares of our common stock that may be subject to awards under the 2011 Plan is equal to 2,000,000 shares, plus (i) any shares available for issuance and not subject to an award under the 2007 Plan, which was 200,456 shares at the time of approval of the 2011 Plan, (ii) the number of shares with respect to which awards granted under the 2011 Plan and the 2007 Plan terminate without the issuance of the shares or where the shares are forfeited or repurchased; (iii) with respect to awards granted under the 2011 Plan and the 2007 Plan, the number of shares that are not issued as a result of the award being settled for cash or otherwise not issued in connection with the exercise or payment of the award; and (iv) the number of shares that are surrendered or withheld in payment of the exercise price of any award or any tax withholding requirements in connection with any award granted under the 2011 Plan and the 2007 Plan. As of September 30, 2013, there were 1,787,537 shares of common stock available for issuance under the 2011 Plan.

The 2011 Plan imposes individual limitations on certain awards, in part to comply with Section 162(m) of the Internal Revenue Code of 1986. Under these limitations, no more than 50% of the total number of shares of our common stock reserved for issuance under the 2011 Plan may be granted to an individual during any fiscal year pursuant to awards granted under the 2011 Plan. The maximum amount that may be payable to any one participant as a performance award (payable in cash) is \$5,000,000 per calendar year.

No outstanding options may be repriced without stockholder approval (that is, we cannot amend an outstanding option to lower the exercise price or exchange an outstanding option for a new option with a lower exercise price). In addition, the 2011 Plan prohibits us from exchanging an outstanding option with an exercise above the then current fair market value of our common stock for cash, other awards, or other property.

In the event that a stock dividend, forward or reverse split, merger, consolidation, combination, or other similar corporate transaction or event affects our common stock, then the plan administrator will substitute, exchange, or adjust any or all of the following in a manner that precludes the enlargement or dilution of rights and benefits: (1) the kind and number of shares available under the 2011 Plan, (2) the kind and number of shares subject to limitations on awards described in the preceding paragraph, (3) the kind and number of shares subject to all outstanding awards, (4) the exercise price, grant price, or purchase price relating to any award, and (5) any other affected terms of awards.

In the event that a dividend or other distribution (whether in cash or other property, but excluding a stock dividend), recapitalization, reorganization, spin-off, repurchase, share exchange, liquidation, dissolution, or other

Table of Contents

similar corporate transaction or event affects our common stock or our other securities or the securities of any other issuer, so that an adjustment, substitution, or exchange is determined to be appropriate by the plan administrator, then the plan administrator is authorized to adjust any or all of the following as the plan administrator deems appropriate: (1) the kind and number of shares available under the 2011 Plan, (2) the kind and number of shares subject to limitations on awards described in the preceding paragraph, (3) the kind and number of shares subject to all outstanding awards, (4) the exercise price, grant price, or purchase price relating to any award, and (5) any other affected terms of awards.

The persons eligible to receive awards under the 2011 Plan consist of officers, directors, employees, and independent contractors. However, incentive stock options may be granted under the 2011 Plan only to our employees, including our officers who are employees.

Our Board of Directors will administer the 2011 Plan unless it delegates administration of the 2011 Plan to one or more committees of our Board of Directors. Together, our Board of Directors and any committee(s) delegated to administer the 2011 Plan are referred to as the plan administrator. If a committee is delegated to administer the 2011 Plan, then the committee members may be non-employee directors as defined by Rule 16b-3 of the Securities Exchange Act, outside directors for purposes of Section 162(m), and independent as defined by the New York Stock Exchange or any other national securities exchange on which any of our securities may be listed for trading in the future. Subject to the terms of the 2011 Plan, the plan administrator is authorized to select eligible persons to receive awards, determine the type and number of awards to be granted and the number of shares of our common stock to which awards will relate, specify times at which awards will be exercisable or may be settled (including performance conditions that may be required as a condition thereof), set other terms and conditions of awards, prescribe forms of award agreements, interpret and specify rules and regulations relating to the 2011 Plan, and make all other determinations that may be necessary or advisable for the administration of the 2011 Plan. The plan administrator may amend the terms of outstanding awards, in its discretion. Any amendment that adversely affects the rights of the award recipient, however, must receive the approval of such recipient.

The plan administrator, in its discretion, may accelerate the vesting, exercisability, lapsing of restrictions, or expiration of deferral of any award, including if we undergo a change in control, as defined in the 2011 Plan and all awards shall become fully vested, exercisable and all restrictions shall lapse upon a change in control that is not approved by our Board of Directors. In addition, the plan administrator may provide that the performance goals relating to any performance-based award will be deemed to have been met upon the occurrence of any change in control. The award agreement may provide for the vesting of an award upon a change of control, including vesting if a participant is terminated by us or our successor without cause or terminates for good reason as defined in the 2011 Plan.

To the extent we undergo a corporate transaction (as defined in the 2011 Plan), the 2011 Plan provides that outstanding awards may be assumed, substituted for, or continued in accordance with their terms. If the awards are not assumed, substituted for, or continued, to the extent applicable, such awards will terminate immediately prior to the close of the corporate transaction. The plan administrator may, in its discretion, either cancel the outstanding awards in exchange for a cash payment or vest all or part of the awards contingent on the corporate transaction. With respect to a corporate transaction which is not a change in control, awards under the 2011 Plan must be assumed, continued, or substituted for.

Our Board of Directors may amend, alter, suspend, discontinue, or terminate the 2011 Plan or the plan administrator's authority to grant awards without further stockholder approval, except stockholder approval will be obtained for any amendment or alteration if such approval is deemed necessary and advisable by our Board of Directors or any amendment for which stockholder approval is required by law or the primary stock exchange on which our common stock trades. Unless earlier terminated by our Board of Directors, the 2011 Plan will terminate on the earlier of (1) ten years after the later of (a) the adoption by our Board of Directors of the 2011 Plan and (b) the approval of an increase in the number of shares reserved under the 2011 Plan by our Board of Directors (contingent upon such increase being approved by our stockholders) or (2) such time as no shares of our common stock remain available for issuance under the 2011 Plan and no further rights or obligations with

Table of Contents

respect to outstanding awards are outstanding under the 2011 Plan. Amendments to the 2011 Plan or any award require the consent of the affected participant if the amendment has a material adverse effect on the participant.

The 2011 Plan is not intended to be the exclusive means by which we may issue options or warrants to acquire our common stock, stock awards, or any other type of award. To the extent permitted by applicable law and New York Stock Exchange requirements, we may issue any other options, warrants, or awards other than pursuant to the 2011 Plan with or without stockholder approval.

As of September 30, 2013, there were outstanding issued but unexercised options to acquire 2,301,638 shares of our common stock at an average exercise price of \$10.13 per share under the 2007 Plan and the 2011 Plan.

Employee Stock Purchase Plan

During 1998, we adopted and our stockholders approved the 1998 Employee Stock Purchase Plan, or 1998 ESPP, which provided for the issuance of up to 750,000 shares of common stock. The 1998 ESPP expired in 2008.

Our Board of Directors adopted and our stockholders approved the 2008 Employee Stock Purchase Plan, or 2008 ESPP, in 2008. Our 2008 ESPP is designed to qualify for favorable income tax treatment under Section 423 of the Internal Revenue Code and is intended to offer financial incentives for employees to purchase our common stock. The 2008 ESPP is administered by a committee of the Board of Directors. The 2008 ESPP will remain in effect until December 31, 2018.

We believe that the 2008 ESPP represents an important factor in attracting and retaining executive officers and other key employees and constitutes a significant part of our compensation program. The 2008 ESPP provides such individuals with an opportunity to acquire a proprietary interest in our company and thereby align their interests with the interests of our other stockholders and give them an additional incentive to use their best efforts for the long-term success of our company.

The 2008 ESPP permits eligible employees to authorize payroll deductions that will be utilized to purchase shares of our common stock during a series of consecutive offering periods. Employees may purchase shares of common stock pursuant to the 2008 ESPP at a purchase price equal to the lower of (i) 85% of the closing price of our common stock on the first day of the offering period, or (ii) 85% of the closing price of our common stock on the last day of the applicable offering period. Each annual offering may, in the discretion of the Plan Committee, be divided into two six-month offerings commencing on October 1 and April 1, respectively, and terminating six months thereafter (March 31 or September 30, as the case may be).

Subject to adjustment upon changes in capitalization of our company, the number of shares of common stock that may be issued under the 2008 ESPP initially was 552,837, consisting of 500,000 shares under the 2008 ESPP plus 52,837 shares that were reserved for issuance under the 1998 ESPP that were not purchased as of the expiration of the 1998 ESPP. At our 2012 annual meeting, our stockholders approved an amendment to the 2008 ESPP to increase the total number of shares available for purchase under the 2008 ESPP from 552,837 to 1,052,837. If any change is made in the stock subject to the 2008 ESPP or subject to any outstanding options under the 2008 ESPP (through reorganization, merger, recapitalization, reclassification, stock split, reverse stock split, or similar transaction), appropriate and proportionate adjustments may be made by the Plan Committee (as defined below) in the number and type of shares of common stock that are subject to purchase under outstanding options and to the option price applicable to such outstanding options.

An employee who has completed one year of service with our company will be eligible to participate in the 2008 ESPP. An employee may not participate in the 2008 ESPP if (i) immediately after the grant, such employee would own common stock, including outstanding options to purchase common stock under the 2008 ESPP, possessing 5% or more of the total combined voting power or value of our common stock, or (ii) participation in the 2008 ESPP would permit such employee's rights to purchase common stock under all of our employee stock purchase plans to exceed \$25,000 in fair market value (determined at the time the option is granted) of the common stock for each calendar year in which such option is outstanding.

Table of Contents

At the time an employee becomes a participant in the 2008 ESPP, the employee may elect payroll deductions of up to 10% of such employee's compensation for each pay period during an offering. Participants may not reduce or increase future payroll deductions during an offering period. All payroll deductions made by each participant will be credited to an account set up for that participant under the 2008 ESPP. The Plan Committee may, prior to the beginning of an offering period, limit the percentage of compensation that an employee may contribute to his or her account.

Participation in the 2008 ESPP is voluntary and depends on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the 2008 ESPP are not determinable. Non-employee members of the Board of Directors are not eligible to participate in the 1998 ESPP or the 2008 ESPP.

A participant in the 2008 ESPP may withdraw all of the payroll deductions credited to such participant's account under the 2008 ESPP by giving us written notice at any time prior to the last five days of an offering period. If a participant withdraws from an offering period, he or she may not participate in that offering but may participate in any succeeding offering under the 2008 ESPP or in any similar plan that we may adopt.

Upon termination of a participant's employment for any reason, other than death or permanent disability (as defined in the Internal Revenue Code), the payroll deductions credited to such participant's account will be returned to the participant. If the participant's employment terminates due to death or permanent disability, the participant or the participant's beneficiary will have the right to elect (i) to withdraw all of the payroll deductions credited to the participant's account under the 2008 ESPP, or (ii) to exercise the participant's option on the next offering termination date and purchase the number of shares of common stock that the accumulated payroll deductions in the participant's account will purchase at the applicable option price. Any excess in the participant's account will be returned to the participant or his or her beneficiary, without interest. In the event that we receive no notice of election from the participant or his or her beneficiary, the participant or his or her beneficiary will be deemed to have elected to exercise the participant's option.

The 2008 ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Internal Revenue Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the 2008 ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than (a) two years from the first day of the offering period, and (b) more than one year from the date of transfer of the shares to the participant, then the participant will recognize ordinary income measured as the lesser of (i) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (ii) an amount equal to 15% of the fair market value of the shares as of the first day of the offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the price at which the participant purchased the shares under the 2008 ESPP.

Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period. We will not be entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent ordinary income is recognized by participants as a result of a sale or disposition of shares prior to the expiration of the holding periods described above.

The plan is not intended to be the exclusive means by which we may issue options or warrants to acquire our common stock, stock awards, or any other type of award. To the extent permitted by applicable law and New York Stock Exchange requirements, we may issue any other options, warrants, or awards other than pursuant to the plan with or without stockholder approval.

As of September 30, 2013, there were 456,807 shares of common stock available for purchase under the 2008 ESPP.

Employment Agreements

On June 7, 2006, we entered into an employment agreement with each of William H. McGill Jr. and Michael H. McLamb. The employment agreements provide for a base salary of \$500,000 for Mr. McGill and \$225,000 for Mr. McLamb, subject to adjustment from time to time. Each employment agreement provides for a bonus or other incentive compensation based upon the performance of our company and the executive and such other factors as determined to be relevant by our Board of Directors or Compensation Committee. In connection with their employment, each of the executives may also receive options to purchase common stock or other stock-based compensation. Each employment agreement also provides vacation benefits, reimbursement for business expenses, and the right to participate in company-wide benefits, including insurance, retirement, and other plans and programs as are available to our executive officers. Each employment agreement contains a covenant not to compete with our company or solicit our employees or customers for a period equal to the greater of two years immediately following termination of employment or the end of the period during which severance payments are being made, subject to certain exceptions.

We and the executive may each terminate the executive's employment at any time. If we terminate any of the executives without good cause or any of them terminates his employment with good reason or upon a change in control of our company that is not approved by at least two-thirds of our directors or does not provide the executive with the same position he had with us immediately prior to the change of control, as such terms are defined in the respective agreements, the terminated executive will receive an amount equal to the average of his base salary and bonus in the two fiscal years prior to termination (in a lump sum in the event of a change in control), for a period of three years after the effective date of termination in the case of Mr. McGill and 18 months after the effective date of termination in the case of Mr. McLamb; their stock options will vest and be exercisable for up to their full term (or for such shorter period of time that would not cause the executive any adverse tax consequences) and other stock-based compensation will not be subject to forfeiture or repurchase, subject in each case to certain exceptions; and the benefits and insurance coverage will continue for three years after termination in the case of Mr. McGill.

In the event of his death, the agreement with Mr. McGill provides for a payment of \$1.5 million to his estate, for a six-month continuation of health, hospitalization, and similar benefits to Mr. McGill's dependent family members, and for all stock options to vest and be exercisable for their full term and for other stock-based compensation to vest and not be subject to forfeiture or repurchase, subject to certain exceptions. In the event of the death of Mr. McLamb, the agreement provides for a payment of \$550,000 to the estate of Mr. McLamb and for all stock options to vest and be exercisable for up to their full term (or for such shorter period of time that would not cause the executive any adverse tax consequences) and for other stock-based compensation to vest and not be subject to forfeiture or repurchase, subject to certain exceptions.

In the event of disability, the employment agreement of each executive provides for the payment in a lump sum of the average of his base salary and bonus in the two fiscal years prior to disability for one year and for all stock options to vest and be exercisable for up to full term (or for such shorter period of time that would not cause the executive any adverse tax consequences) and for other stock-based compensation to vest and not be subject to forfeiture or repurchase, subject to certain exceptions. Mr. McGill's employment agreement provides for retirement benefits if Mr. McGill retires upon his decision or our request upon reaching the age of 75, consisting of the payment to Mr. McGill for two years of an amount equal to 50% of the average of the base salary and bonus paid to him for the two fiscal years prior to retirement, Medicare supplemental medical coverage for life, the continuation of life insurance benefits for a period of three years after retirement, the vesting and continuation of stock options for up to their full term (or for such shorter period of time that would not cause the executive any adverse tax consequences), and the vesting and termination of any forfeiture or repurchase provisions of other stock-based compensation. In addition, the employment agreements with Mr. McGill and Mr. McLamb provide for a gross up for any excise taxes for which they are liable under Section 4999 of the Internal Revenue Code of 1986, as amended, in connection with a change of control.

Section 280G of the Internal Revenue Code may limit the deductibility for federal income tax purposes of payments made following a change in control. If these payments are not deductible and if we have income at least equal to such payments, an amount of income equal to the amount of such payments could not be offset. As

a result, the income that was not offset would be phantom income (i.e. income without cash) to our company. A change in control would include a merger or consolidation of our company, a sale of all or substantially all of our assets, under certain circumstances changes in the identity of a majority of the members of the Board of Directors of our company, or acquisitions of more than 20% of our common stock, subject to certain limitations.

Severance Policy for Key Executives

On November 27, 2012, our Board of Directors adopted a Severance Policy for Key Executives, or the Severance Policy. Under the Severance Policy, for each executive designated in writing by the Board or the Compensation Committee of the Board, for a 12-month period following employment termination by our company without good cause or by the covered executive for good reason (each as defined in the Severance Policy), we will pay an amount equal to the average of the base salary and cash bonus paid to the covered executive for the two prior full fiscal years on such dates as would otherwise be paid by our company, as well as the COBRA premium for coverage under our medical plan for the covered executive and his or her dependents. All stock options and restricted stock units held by a covered executive shall continue to vest and shall be exercisable for 12 months following employment termination. A covered executive shall also be entitled to receive all other accrued but unpaid benefits relating to vacations and other executive perquisites through the date of employment termination.

The Severance Policy shall not be applicable to any executive who is a party to a separate employment, severance, change of control, or similar agreement with our company. Paulee C. Day, Vice President, General Counsel, and Assistant Secretary, is currently the only executive designated by the Board as a covered executive under the Severance Policy.

(1) Amounts represent the dollar amounts that would be recognized for financial statement reporting purposes with respect to the unamortized grant date fair value of stock options and restricted stock units determined in accordance with ASC 718.

The tables above reflect the amount of compensation to Messrs. McGill, McLamb, and Frahn in the event of a hypothetical termination of such executive's employment on September 30, 2013. The amount of compensation payable to each named executive officer upon voluntary termination, involuntary not for cause termination, for cause termination, termination following a change of control, and in the event of disability or death of the executive is shown above. The amounts shown assume that such termination was effective as of September 30, 2013, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. Amounts related to stock options assume a price of \$12.20, which was the closing price of our common stock as quoted on the New York Stock Exchange on September 30, 2013, the last trading day of the fiscal year. For unvested options held by these executive officers with exercise prices that were higher than the closing price of our common stock on September 30, 2013, no value has been attributed to stock options in the tables above. The actual amounts to be paid out can only be determined at the time of such executive's separation from our company.

exemption or limitation of liability is not permitted under the Delaware General Corporation Law. The effect of this provision in the certificate of incorporation is to eliminate the rights of our company and our stockholders, either directly or through stockholders' derivative suits brought on behalf of our company, to recover monetary damages from a director for breach of the fiduciary duty of care as a director except in those instances described under Delaware law.

In addition, we have adopted provisions in our bylaws and entered into indemnification agreements that require us to indemnify our directors, officers, and certain other representatives of our company against expenses and certain other liabilities arising out of their conduct on behalf of our company to the maximum extent and under all circumstances permitted by law. Indemnification may not apply in certain circumstances to actions arising under the federal securities laws.

CERTAIN TRANSACTIONS AND RELATIONSHIPS**Policy Relating to Certain Transactions**

We have a policy that we will not enter into any material transaction in which a director or officer has a direct or indirect financial interest unless the transaction is determined by our Board of Directors to be fair to us or is approved by a majority of our disinterested directors or by our stockholders, as provided for under Delaware law. Our Board of Directors as a whole or, in certain cases when appropriate, a committee of the Board of Directors consisting solely of independent directors, determines whether a director or officer has a direct or indirect (*i.e.*, any) financial interest in a transaction deemed material based upon the Company's Code of Business Conduct and Ethics and Delaware law. The policy with respect to such transactions is provided in our company's Code of Business Conduct and Ethics.

Business Relationships

Robert S. Kant, was a director of our company from August 1998 to March 2013, and is a principal shareholder of the law firm of Greenberg Traurig, which served as our primary legal counsel during fiscal 2013. We paid legal fees of approximately \$203,000 to that firm during fiscal

2013. The dollar value of Mr. Kant's interest in such fees is indeterminable, but we believe is immaterial.

We estimated the grant date fair value of each stock option award on the date of grant using the Black-Scholes option pricing model and recognize the compensation expense over the vesting period. See Note 11 to the Consolidated Financial Statements included in our Form 10-K for the year ended September 30, 2013 for a discussion of the relevant assumptions used in determining grant date fair value of our stock option awards pursuant to ASC 718. For further information on these awards, see the Grants of Plan-Based Awards table in the Executive Compensation section of this proxy statement. There were no forfeitures of stock options by any directors in fiscal 2013. The grant date fair value of the stock options granted during fiscal 2013 was approximately \$315,576.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has appointed an Audit Committee consisting of four directors. All of the members of the committee must be independent of our company and management, as independence is defined in applicable rules of the New York Stock Exchange and the Securities and Exchange Commission listing standards.

The purpose of the Audit Committee is to assist the oversight of our Board of Directors in the integrity of the financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualifications and independence, and the performance of our company's independent auditor and internal audit function. The primary responsibilities of the committee include overseeing our company's accounting and financial reporting process and audits of the financial statements of our company. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditor is responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. Our Board of Directors has amended and restated the charter of the Audit Committee to reflect, among other things, requirements of federal legislation, including the Sarbanes-Oxley Act of 2002, new rules adopted by the Securities and Exchange Commission, and amended rules of the New York Stock Exchange.

In fulfilling its oversight responsibilities, the committee reviewed and discussed the audited financial statements with management and the independent auditor. The committee discussed with the independent auditor the matters required to be discussed by the guidelines of the SEC, the Sarbanes-Oxley Act of 2002, Statement on Auditing Standards No. 61, as amended, and other applicable regulations. This included a discussion of the independent auditor's judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee received from the independent auditor written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. The committee also discussed with the independent auditor the independent auditor's independence from management and our company, including the matters covered by the written disclosures and letter provided by the independent auditor.

The committee discussed with our independent auditor the overall scope and plans for its audit. The committee meets with the independent auditor, with and without management present, to discuss the results of the independent auditor's examinations, its evaluations of our company, the internal controls, and the overall quality of the financial reporting. The committee held ten meetings during fiscal 2013.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors, and the board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2013 for filing with the Securities and Exchange Commission.

The report has been furnished by the Audit Committee of our Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, officers, and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. These regulations require the directors, officers, and greater than 10% stockholders to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms received by us during the fiscal year ended September 30, 2013, and written representations that no other reports were required, we believe that each person who, at any time during such fiscal year was a director, officer, or beneficial owner of more than 10% of our common stock, complied with all Section 16(a) filing requirements during such fiscal year, other than as set forth below. Each of Messrs. Cashman, Eure, Knittel, McGill, W. Brett McGill, McLamb, Watters, Woodman and Ms. Day filed one delinquent Form 4, which included a single transaction which was subsequently filed on November 18, 2013. Mr. Oglesby filed two delinquent Form 4s, one of which reported two transactions and the other a single transaction; both were subsequently filed on November 18, 2013.

PROPOSAL TWO

ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of our Chief Executive Officer, our Chief Financial Officer, and our other most highly compensated executive officers during our last completed fiscal year), as such compensation is described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in this proxy statement, beginning on page 12. Our executive compensation program is designed to enable us to attract, motivate, and retain highly qualified executives. This program links cash incentive compensation to the achievement of pre-established corporate financial performance objectives and provides long-term stock-based incentive compensation that focuses our executives' efforts on building stockholder value by aligning their interests with those of our stockholders. The following is a summary of some of the key points of our executive compensation program. We urge our stockholders to review the Compensation Discussion and Analysis included in this proxy statement and the executive-related compensation tables for more information.

Base Salaries. We target base salaries at levels that enable us to attract, motivate, and retain highly qualified executives, with base salaries generally set at levels below those of our peer companies taking into account the possibility of the receipt by our executives of performance-based incentive bonuses. From fiscal 2011 to fiscal 2012, for the named executive officers that were reported in either year and employed during both years, base salaries increased, on average, 3%, including base salary increases for officers who assumed additional responsibilities. From fiscal 2012 to fiscal 2013, using the same parameters, base salaries increased, on average, 5%.

We maintain a performance-based cash incentive compensation program. We annually establish a performance-based cash incentive compensation program designed to reward individuals for performance based on certain aspects of our company's financial results as well as the achievement of personal and corporate objectives that contribute to our long-term success in building stockholder value. Our performance-based cash incentive compensation program results in a substantial portion of our executives' potential total cash compensation being at risk.

Our stock-based compensation program is designed to align the interests of our management and the interests of our stockholders. We strongly believe in utilizing our common stock to tie executive rewards directly to our long-term success and increases in stockholder value. Grants of stock-based awards to our executive officers enable those executives to develop and maintain a meaningful ownership position in our common stock. Among other factors, the amount of stock-based awards granted takes into account stock-based awards previously granted to an individual. Grants of stock-based awards are intended to result in limited rewards if the price of our common stock does not appreciate, but may provide substantial rewards to executives as our stockholders in general benefit from stock price appreciation. Grants of stock-based awards also are intended to align compensation with the price performance of our common stock. Historically, our stock-based compensation has been through the grant of stock options and RSUs. Stock based compensation typically vests over a period of years to encourage executive retention and emphasize long-term performance and may also include specific performance metrics to be earned.

Independent Compensation Consultant. From time to time, the Compensation Committee retains and works closely with Compensia, a leading independent executive compensation firm, in the design and implementation of its annual executive compensation program. Compensia provides no other services to our company.

Table of Contents**PROPOSAL THREE****RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR**

Our Audit Committee has appointed KPMG LLP (KPMG), an independent registered public accounting firm, to audit the consolidated financial statements of our company for the fiscal year ending September 30, 2014, and recommends that stockholders vote in favor of the ratification of such appointment. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. We anticipate that representatives of KPMG will be present at the annual meeting of stockholders, will have the opportunity to make a statement if they desire, and will be available to respond to appropriate questions.

On March 27, 2013, we dismissed our independent registered public accounting firm, Ernst & Young LLP (EY), effective as of that date. The decision to change independent registered public accounting firms was approved by the Audit Committee, upon completion of a competitive review process.

EY's reports on our consolidated financial statements and the effectiveness of internal control over financial reporting as of and for the fiscal years ended September 30, 2012 and 2011 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended September 30, 2012 and 2011, and the subsequent interim period through March 27, 2013, there were (i) no disagreements as that term is defined in Item 304(a)(1)(iv) of Regulation S-K, between us and EY on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of EY, would have caused EY to make reference to the subject matter of the disagreement in its reports on the financial statements for such years, and (ii) no reportable events as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

We provided EY with a copy of the Form 8-K filed on April 2, 2013. EY furnished us with a letter addressed to the SEC stating that it agreed with the statements made in the Form 8-K. A copy of such letter, dated March 28, 2013 was filed as Exhibit 16.1 to the Form 8-K.

Aggregate fees billed to our company for the fiscal years ended September 30, 2012 and 2013 are as follows:

	2012(2)	2013(3)
Audit Fees	\$ 408,485	\$ 346,170
Audit-Related Fees(1)	\$ 1,995	\$ 0
Tax Fees	\$ 25,000	\$ 26,000
All Other Fees	\$ 0	\$ 0

(1) Amounts consisted of fees billed to our company for our use of EY's online technical research service.

(2) Billed by EY.

(3) Billed by KPMG.

Fees for audit services include fees associated with the annual audit, including the audit of the effectiveness of internal control over financial reporting, the reviews of our quarterly reports and other filings with the SEC. Tax fees included tax compliance and tax planning services.

Audit Committee Pre-Approval Policies and Procedures

The charter of our Audit Committee provides that the duties and responsibilities of our Audit Committee include the pre-approval of all audit, audit-related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by our

independent auditor. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Audit Committee. Unless otherwise specified by the Audit Committee in pre-approving a service, the pre-approval will be effective for the 12-month period following pre-approval. The Audit Committee will not

approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Internal Revenue Code and related regulations.

To the extent deemed appropriate, the Audit Committee may delegate pre-approval authority to the Chairman of the Audit Committee or any one or more other members of the Audit Committee provided that any member of the Audit Committee who has exercised any such delegation must report any such pre-approval decision to the Audit Committee at its next scheduled meeting. The Audit Committee will not delegate to management the pre-approval of services to be performed by the independent auditor.

Our Audit Committee requires that our independent auditor, in conjunction with our Chief Financial Officer, be responsible for seeking pre-approval for providing services to us and that any request for pre-approval must inform the Audit Committee about each service to be provided and must provide detail as to the particular service to be provided.

All of the services provided by KPMG and EY described above under the captions **Audit Fees**, **Audit-Related Fees**, and **Tax Fees** were approved by our Audit Committee pursuant to our Audit Committee's pre-approval policies.

Ratification by Stockholders of the Appointment of Independent Auditor

Ratification of the appointment of KPMG to audit the consolidated financial statements of our company for the fiscal year ending September 30, 2014 will require the affirmative vote of a majority of the votes cast, assuming that a quorum is present at the meeting.
