ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement filed by us with the Securities and Exchange Commission, or the SEC, utilizing a shelf registration process. Under this shelf process, we may, from time to time, sell any amount of securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering and the securities being offered. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any applicable prospectus supplement together with additional information described below under the headings *Where You Can Find More Information* and *Incorporation by Reference of Certain Documents*.

In this prospectus, except as otherwise indicated or as the context otherwise requires, Verint, we, our, us and the company refer to Verint Systems Inc., a Delaware corporation. In the discussion of our business in this prospectus, we, our and us also refer to our subsidiaries, unless the context requires otherwise.

FORWARD-LOOKING STATEMENTS

In this prospectus, including the information we incorporate by reference, we make statements concerning our expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are not historical facts. These statements are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 related to management's expectations about future conditions. Actual business, market or other conditions may differ from management's expectations and, accordingly, may affect our sales and profitability or other results and liquidity. You can generally identify our forward-looking statements by the words anticipate, believe, continue, could, estimate, expect, forecast, goal, intend, may, object, predict, projection, seek, should, will or other similar words. There can be no assurances that forward-looking statements will be achieved.

By their very nature, forward-looking statements involve known and unknown risks, uncertainties, assumptions, and other important factors that could cause our actual results or conditions to differ materially from those expressed or implied by such forward-looking statements. Important risks, uncertainties, assumptions, and other factors that could cause our actual results or conditions to differ materially from our forward-looking statements include, among others:

uncertainties regarding the impact of general economic conditions in the United States and abroad, particularly in information technology spending and government budgets, on our business;

risks associated with our ability to keep pace with technological changes and evolving industry standards in our product offerings and to successfully develop, launch, and drive demand for new and enhanced, innovative, high-quality products that meet or exceed customer needs;

risks due to aggressive competition in all of our markets, including with respect to maintaining margins and sufficient levels of investment in our business;

risks created by the continued consolidation of our competitors or the introduction of large competitors in our markets with greater resources than we have;

risks associated with our ability to successfully compete for, consummate, and implement mergers and acquisitions, including risks associated with capital constraints, valuations, costs and expenses, maintaining profitability levels, management distraction, post-acquisition integration activities, and potential asset impairments;

risks relating to our ability to effectively and efficiently execute on our growth strategy, including managing investments in our business and operations and enhancing and securing our internal and external operations;

- 1 -

Table of Contents

risks associated with our ability to effectively and efficiently allocate limited financial and human resources to business, development, strategic, or other opportunities that may not come to fruition or produce satisfactory returns;

risks that we may be unable to maintain and enhance relationships with key resellers, partners, and systems integrators;

risks associated with the mishandling or perceived mishandling of sensitive or confidential information, security lapses, or with information technology system failures or disruptions;

risks associated with our significant international operations, including, among others, in Israel, Europe, and Asia, exposure to regions subject to political or economic instability, and fluctuations in foreign exchange rates;

risks associated with a significant amount of our business coming from domestic and foreign government customers, including the ability to maintain security clearances for certain projects;

risks associated with complex and changing local and foreign regulatory environments in the jurisdictions in which we operate;

risks associated with our ability to recruit and retain qualified personnel in regions in which we operate;

challenges associated with selling sophisticated solutions, long sales cycles, and emphasis on larger transactions, including in assisting customers in realizing the benefits of our solutions and in accurately forecasting revenue and expenses and in maintaining profitability;

risks that our intellectual property rights may not be adequate to protect our business or assets or that others may make claims on our intellectual property or claim infringement on their intellectual property rights;

risks that our products may contain defects, which could expose us to substantial liability;

risks associated with our dependence on a limited number of suppliers or original equipment manufacturers for certain components of our products, including companies that may compete with us or work with our competitors;

risks that our customers or partners delay or cancel orders or are unable to honor contractual commitments due to liquidity issues, challenges in their business, or otherwise;

risks that we may experience liquidity or working capital issues and related risks that financing sources may be unavailable to us on reasonable terms or at all;

risks associated with significant leverage resulting from our current debt position, including with respect to covenant limitations and compliance, fluctuations in interest rates, and our ability to maintain our credit ratings;

risks arising as a result of contingent or other obligations or liabilities assumed in our acquisition of our former parent company, Converse Technology, Inc., or CTI, or associated with formerly being consolidated with, and part of a consolidated tax group with, CTI, or as a result of CTI's former subsidiary, Converse, Inc., being unwilling or unable to provide us with certain indemnities or transition services to which we are entitled;

risks relating to our ability to successfully implement and maintain adequate systems and internal controls for our current and future operations and reporting needs and related risks of financial statement omissions, misstatements, restatements, or filing delays; and

risks associated with changing tax rates, tax laws and regulations, and the continuing availability of expected tax benefits, including those expected as a result of acquisitions.

Table of Contents

These risks and uncertainties are discussed in more detail under the headings "Risk Factors" and "Management's Discussion and Analysis of Results of Operations and Financial Condition" in our most recently filed annual report on Form 10-K and in the other documents and reports filed by us with the SEC. You may obtain copies of these documents and reports as described under the headings "Where You Can Find More Information" and "Incorporation by Reference of Certain Documents."

Other factors and assumptions not identified above were also involved in the making of the forward-looking statements. The failure of those assumptions to be realized, as well as other factors, may also cause actual results to differ materially from those projected. As a result, the trading price of our securities could decline and you could lose a part or all of your investment. We make no commitment to revise or update any forward-looking statements in order to reflect events or circumstances after the date any such statement is made, except as otherwise required under the federal securities laws. If we were in any particular instance to update or correct a forward-looking statement, investors and others should not conclude that we would make additional updates or corrections thereafter except as otherwise required under the federal securities laws.

Table of Contents**USE OF PROCEEDS**

Unless otherwise specified in the prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus and any accompanying prospectus supplement for general corporate purposes, which may include the repayment of indebtedness, working capital, capital expenditures and acquisitions. The specific allocation of the proceeds from a particular offering of securities will be described in the applicable prospectus supplement.

RATIO OF EARNINGS TO FIXED CHARGES

The table below sets forth our ratio of earnings to fixed charges for the periods indicated.

| | Three Months Ended April 30, 2014 | Fiscal Years Ended January 31, | | | | |
|--|--|---------------------------------------|-------------|-------------|-------------|-------------|
| | | 2014 | 2013 | 2012 | 2011 | 2010 |
| Ratio of earnings to fixed charges (1) | (A) | 2.7x | 2.7x | 2.1x | 2.0x | 1.8x |
| Ratio of earnings to fixed charges and preference security dividends (1) | (A) | 2.7x | 1.8x | 1.4x | 1.3x | 1.1x |

- (1) The ratios presented above have been computed on a consolidated basis. Earnings consists of our consolidated net income (loss) before income taxes, plus fixed charges, reduced by the non-controlling interest in the pre-tax income of a consolidated subsidiary that did not incur fixed charges. Fixed charges consist of interest expense (including only interest expense on third party indebtedness and excluding interest expense accrued on uncertain tax positions), amortization of debt discounts and capitalized expenses related to indebtedness as well as a portion of rental expense deemed by us to be representative of the interest factor within rental payments under operating leases. Preference security dividends represent the estimated amount of pre-tax earnings necessary to pay dividends on our previously outstanding Series A Convertible Preferred Stock. Dividends on our Series A Convertible Preferred Stock were cumulative. Our Series A Convertible Preferred Stock was cancelled on February 4, 2013, in connection with our acquisition of CTI. No dividends had been declared or paid on our Series A Convertible Preferred Stock.
- (A) Earnings were insufficient to cover fixed charges and preference security dividends for this period. The amount of the coverage deficiency was \$14.3 million. We had no outstanding preferred stock during the three months ended April 30, 2014, so the fixed charges and preference security dividends coverage deficiency for that period is identical to the coverage deficiency for fixed charges.

DESCRIPTION OF DEBT SECURITIES

This section summarizes the general terms of the debt securities that we may offer. The prospectus supplement relating to any particular debt securities offered will describe the specific terms of the debt securities, which may be in addition to or different from the general terms summarized in this section. The debt securities offered pursuant to this prospectus will be issued under an indenture to be entered into between us and Wilmington Trust, National Association, as trustee. The indenture, and any supplemental indentures thereto, will be subject to, and governed by, the Trust Indenture Act of 1939, or the TIA. The following description of general terms and provisions relating to the debt securities and the indenture under which the debt securities will be issued is a summary only and therefore is not complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of the indenture. The form of the indenture has been filed with the SEC as an exhibit to the registration statement of which this prospectus forms a part, and you should read the indenture for provisions that may be important to you. For more information on how you can obtain a copy of the form of the indenture, see [Where You Can Find More Information](#). In this discussion, the terms Verint, we, us and our refer only to Verint Systems Inc. and not to any of its subsidiaries.

General

In the discussion that follows, we summarize certain provisions of the indenture and describe the general terms that will apply to any debt securities that may be offered by us pursuant to this prospectus. This discussion is not complete, and is qualified by reference to all the provisions of the indenture, including definitions of terms used in the indenture. At the time that we offer debt securities, we will describe in the related prospectus supplement the specific terms of the offered debt securities and the extent to which the general terms described in this section apply to those debt securities.

The prospectus supplement relating to any series of debt securities will describe the specific terms of the debt securities offered thereby, including some or all of the following, as applicable:

whether the debt securities of the series will be issuable as global securities, the terms and conditions, if any, upon which such global securities may be exchanged in whole or in part for debt securities of such series in

the date or dates on which the principal of the debt securities of the series is payable;

(i) the rate or rates, if any, at which the debt securities of the series will bear interest (which may be fixed or variable); (ii) the manner in which the amounts of payment of principal (including amount payable in excess thereof) or interest, if any, on the debt securities of the series will be determined, if

such amounts may be determined by reference to any commodity or commodity, currency, stock exchange or financial index; (iii) the date or dates from which interest, if any, will accrue; (iv) the date or dates on which interest, if any, of the debt securities of the series will commence and be payable; and (v) any regular or special record date for the payment of interest, if any, on the debt securities of the series;

the place or places where the principal of and interest, if any, on the debt securities of the series shall be payable, or the method of such payment, if by wire transfer, mail or other means;

if applicable, the period or periods within which, the price or prices at which and the terms and conditions upon which the debt securities of the series may be redeemed, purchased or repaid, in whole or in part, at our option;

our obligation, if any, to redeem, purchase or repay the debt securities of the series pursuant to any sinking fund or analogous provisions or at the option of a holder thereof upon the happening of any event and the period or periods within which, the price or prices at which and the terms and conditions upon which debt securities of the series will be redeemed, purchased or repaid, in whole or in part, pursuant to such obligation;

if other than the principal amount thereof, the portion of the principal amount of the debt securities of the series that will be payable upon acceleration of the maturity thereof pursuant to the indenture;

any addition to or change in the covenants (and related defined terms) set forth in the indenture that applies to debt securities of the series;

any addition to or change in the events of default that applies to any debt securities of the series and any change in the right of the trustee or the requisite holders of such debt securities to declare the principal amount thereof due and payable pursuant to the indenture;

the provisions relating to any security provided for the debt securities of the series;

the subordination, if any, of the debt securities of the series pursuant to the indenture;

the form and terms of any guarantee of the debt securities of the series and the subordination, if any, of such guarantees pursuant to the indenture;

if and as applicable, the terms and conditions of any right to exchange for or convert debt securities of the series into shares of our common stock or other securities or another person; and

any other terms of the debt securities of the series.

The terms of any series of debt securities may vary from the terms described here. Thus, this summary also is subject to and qualified by reference to the description of the particular terms of the debt securities to be described in the applicable prospectus supplement.

Payment and Paying Agents

We will pay interest to holders listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if such holders no longer own the debt security on the interest due date. We may choose to pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee. Payments in any other manner will be specified in the prospectus supplement.

Table of Contents

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called paying agents. We may also choose to act as our own paying agent. We will notify the trustee of changes in the paying agents for any particular series of debt securities.

Merger, Consolidation or Sale of Assets

Unless otherwise specified in the applicable prospectus supplement, we will not: (i) consolidate or merge with or into another person or (ii) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of our and our subsidiaries' properties or assets taken as a whole, in one or more related transactions, to another person, unless:

either: (a) we are the surviving entity; or (b) the person formed by or surviving any such consolidation or merger (if other than us) or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made is a corporation, partnership or limited liability company organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

the person formed by or surviving any such consolidation or merger (if other than us) or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made assumes all of our obligations under the debt securities and the indenture pursuant to a supplemental indenture or other agreements delivered to the trustee;

immediately after such transaction, no default or event of default exists (other than in the case of: (i) our merger with an affiliate solely for the purpose of reincorporating in another jurisdiction; or (ii) any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among us and our subsidiaries); and

we deliver, or cause to be delivered, to the trustee an officer's certificate and an opinion of counsel, each stating that such consolidation, merger, sale, transfer, conveyance, lease or other disposition complies with the requirements of the Indenture.

Modification of the Indenture

Unless otherwise specified in the applicable prospectus supplement, we and the trustee may amend or supplement the indenture or the debt securities of a series without the consent of any holder of debt securities:

to cure any ambiguity, defect or inconsistency, provided that no such action shall adversely affect the interests of the holders in any material respect;

to comply with the indenture's provisions regarding merger, consolidation or sale of assets;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to evidence the assumption of our obligations under the indenture and the debt securities by a successor thereto in the case of a consolidation or merger or a sale, assignment, transfer, conveyance or other disposition of all or substantially all of our and our subsidiaries' properties or assets, taken as a whole;

to comply with the provisions of any clearing agency, clearing corporation or clearing system, or the requirements of the trustee or the registrar, relating to transfers and exchanges of the debt securities pursuant to the indenture;

to make any change that would provide any additional rights or benefits to the holders of the debt securities of a series, that would surrender any right, power or option conferred by the indenture on us or that does not adversely affect in any material respect the legal rights of any holder of such debt securities;

to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the TIA;

Table of Contents

to conform the text of the indenture (only with respect to such series) or any board resolution, supplemental indenture or officer's certificate with respect to the debt securities of such series to the description of notes contained in the offering document pursuant to which such debt securities were sold;

to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture;

in the case of subordinated debt securities, to make any change in the provisions of the indenture or any supplemental indenture relating to subordination that would limit or terminate the benefits available to any holder of senior indebtedness under such provisions; *provided* that such change is made in accordance with the provisions of such senior indebtedness;

to add to, change or eliminate any of the provisions of the indenture with respect to any series of debt securities; although no such addition, change or elimination may apply to any series of debt security created prior to the execution of such amendment and entitled to the benefit of such provision, nor may any such amendment modify the legal rights of a holder of any such debt security with respect to such provision, unless the amendment becomes effective only when there is no outstanding debt security of any series created prior to such amendment and entitled to the benefit of such provision;

to secure our obligations under the debt securities and the indenture;

to evidence and provide for the acceptance of appointment under the indenture by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as may be necessary to provide for or facilitate the administration of the trusts hereunder by more than one trustee; or

to allow any guarantor to execute a supplemental indenture or a guarantee with respect to the debt securities. Unless otherwise specified in the applicable prospectus supplement, we and the trustee may, with the consent of the holders of a majority in aggregate principal amount of the debt securities of a series, voting as a single class, amend or supplement the indenture or the debt securities of a series or the rights of the holders of the debt securities of such series. Unless otherwise indicated for a particular series of debt securities by the applicable prospectus supplement establishing such series, without the consent of the holder of each security affected (whether in the aggregate holding a majority in principal amount of debt securities of such series or not), no amendment, supplemental indenture or waiver may be made that, as to any non-consenting holders:

reduces the percentage of principal amount of outstanding securities whose holders must consent to an amendment, supplemental indenture or waiver;

reduces the rate of interest on any debt security or changes the index or reduces the spread applicable to any floating rate securities;

reduces the principal amount of or premium, if any, on the securities or changes the stated maturity of any of the securities;

changes the place, manner or currency of payment of principal of, or premium, if any, or interest on the securities;

makes any change in the provisions of the indenture relating to seniority or subordination of any security that adversely affects the rights of any holder under such provisions;

reduces the principal amount of discount securities payable upon acceleration of the maturity thereof;

waives a default or event of default in the payment of the principal of or premium, if any, or interest on the securities (except a rescission of the declaration of acceleration of the securities of any series by the holders of a majority in principal amount of the outstanding securities of such series and a waiver of the payment default resulting from such declaration that has been rescinded);

makes any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of securities to receive payments of principal of or premium, if any, or interest on the securities or the right to institute suit for the enforcement of any such payments;

waives a payment with respect to any securities payable on redemption at our option or repurchase at the option of the holder thereof or changes any of the provisions with respect to the redemption or repurchase of any securities; or

makes any change in the amendment and waiver provisions of the indenture requiring the consent of the holder of each security affected thereby.

Events of Default and Remedies

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that events of default regarding the debt securities of any series will be:

default for 30 days in the payment when due of interest on debt securities of that series;

default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the debt securities of that series;

failure by us to comply with any non-payment covenant in the indenture (other than a covenant that has been included in the indenture solely for the benefit of a series of debt securities other than that series) and such failure continues for the period and after the trustee notifies us, or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding voting as a single class notify us and the trustee, of such default and we do not cure such default or such default is not waived within 60 days after the receipt of such notice;

default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by us, whether such indebtedness now exists, or is created after the date of the indenture, if that default:

is caused by a failure to pay principal of, or interest or premium, if any, on, such indebtedness prior to the expiration of the grace period provided in such indebtedness following the stated maturity of such obligation (referred to as a Payment Default); or

results in the acceleration of such indebtedness prior to its stated maturity, and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates to such amount as may be set forth in the applicable prospectus supplement;

certain events of bankruptcy or insolvency described in the indenture with respect to us or any of our significant subsidiaries or any group of subsidiaries of us that, taken together, would constitute a significant subsidiary; and

any other event of default provided with respect to debt securities of that series, which is specified in the applicable prospectus supplement.

If an event of default (other than pursuant to the bankruptcy or insolvency provisions of the indenture with respect to us) regarding debt securities of any series issued under the indenture should occur and be continuing, either the trustee or the holders of at least 25% in the principal amount (or, if such securities are discount securities, such portion of the principal amount as specified in the applicable prospectus supplement) of the then outstanding debt securities of such series may declare each debt security of that series due and payable immediately without further action or notice. If a bankruptcy or insolvency event occurs with respect to us, the debt securities of such series will immediately become due and payable without any declaration or other act on

Table of Contents

the part of the trustee or the holders of the debt securities of such series. The holders of a majority in principal amount of debt securities of such series may rescind any acceleration and its consequences (other than with respect to an event of default pursuant to the bankruptcy or insolvency provisions of the indenture with respect to us) if (1) the rescission would not conflict with any judgment or decree, (2) we have paid or deposited with the trustee a sum sufficient to pay in the currency in which the debt securities of that series are payable (A) all overdue interest, if any, on all outstanding debt securities of that series, (B) all unpaid principal of and premium, if any, any outstanding debt securities of that series which has become due otherwise than by such a declaration of acceleration, and interest on such unpaid principal or premium at the rate or rates prescribed therefor in such notes or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default, and (C) to the extent that payment of such interest is enforceable under applicable law, interest upon overdue interest to that date of such payment or deposit at the rate or rates prescribed therefor in such debt securities, or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default and (3) all existing events of default (other than for nonpayment of principal, premium, if any, or interest that has become due solely because of the acceleration) have been cured or waived.

The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee under the indenture. The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series also will be entitled to waive past defaults regarding such debt securities, except for a default in payment of principal of or premium, if any, or interest on such debt securities or in respect of a covenant or provision that cannot be modified or amended hereunder without the consent of the holder of each such debt security. The trustee generally may not be ordered or directed by any of the holders of debt securities to take any action unless one or more of the holders shall have offered to the trustee indemnity or security reasonably satisfactory to it.

If the trustee collects any money in connection with an event of default regarding the debt securities of any series, the trustee may use any sums that it holds under the applicable indenture for its own reasonable compensation and expenses incurred prior to paying the holders of debt securities of such series.

Before any holder of any series of debt securities may institute action for any remedy, except payment on the holder's debt security when due, the holders of not less than 25% in principal amount of the debt securities of that series outstanding must request the trustee to take action. Holders must also offer and give the trustee security or indemnity reasonably satisfactory to it against liabilities incurred by the trustee for taking such action.

Legal Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, we may at any time elect to have all of our obligations and certain other provisions discharged with respect to the outstanding debt securities (referred to as Legal Defeasance) except for the rights of holders of outstanding debt securities to receive payments in respect of the principal of or premium, if any, or interest on, such debt securities when such payments are due from the trust referred to below, certain other of our obligations and certain other rights of the trustee under the indenture.

In addition, we may at any time elect to have our obligations released with respect to certain covenants and thereafter any omission to comply with those covenants will not constitute a default or event of default with respect to the debt securities (referred to as Covenant Defeasance). In the event Covenant Defeasance occurs, certain events described under **Events of Default and Remedies** (not including non-payment) will no longer constitute an event of default with respect to the debt securities.

In order to exercise either Legal Defeasance or Covenant Defeasance in respect of any series of debt securities, in addition to the satisfaction of other conditions, we must irrevocably deposit with the trustee for the benefit of the holders of such debt securities to be defeased money in amounts as will be sufficient to pay the principal of and premium, if any, and interest on the outstanding debt securities of such series on the stated date

Table of Contents

for payment thereof or on the applicable redemption date, as the case may be. In addition, we must deliver to the trustee an opinion of counsel and officer's certificate in connection with such defeasance, and we may not exercise such defeasance if certain defaults or events of default with respect to debt securities of such series have occurred and are continuing on the date of such deposit or if such defeasance would result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which we or any of our subsidiaries is a party or by which we or any of our subsidiaries is bound.

Satisfaction and Discharge

Unless otherwise specified in the applicable prospectus supplement, the indenture will be discharged and will cease to be of further effect with respect to the debt securities of a particular series, when:

either:

all debt securities of such series that have been authenticated and, except for lost, stolen or destroyed debt securities of such series that have been replaced or paid and debt securities of such series for whose payment money has been deposited in trust or segregated and held in trust by us and thereafter repaid to us, have been delivered to the trustee for cancellation; or

all debt securities of such series that have not been delivered to the trustee for cancellation (1) have become due and payable, (2) will become due and payable at their stated maturity within one year or (3) if redeemable in accordance with the terms of such debt securities, are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in our name, and at our expense;

and we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of debt securities of such series, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness (including all principal, premium, if any, and interest) on such series of debt securities not delivered to the trustee for cancellation (in the case of debt securities of such series that have become due and payable on or prior to the date of such deposit) or to the stated maturity or redemption date, as the case may be:

we have paid or caused to be paid all other sums payable by us under the indenture in respect of the debt securities of such series; and

we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be.

In addition, we must deliver an officer's certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Subordination

If specified in the applicable prospectus supplement, the debt securities of a series may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors and any preferred equity holders of such subsidiaries.

Conversion and Exchange Rights

If specified in the applicable prospectus supplement, the debt securities of a series may be convertible into or exchangeable for common stock or other securities of us or another entity. We will describe in the applicable

Table of Contents

prospectus supplement, among other things, the conversion or exchange rate or price and any adjustments thereto, the conversion or exchange period or periods, provisions as to whether conversion or exchange will be mandatory, at our option or at the option of the holders of that series of debt securities, and provisions affecting conversion or exchange in the event of the redemption of that series of debt securities.

Guarantees

Except to the extent otherwise provided in the applicable prospectus supplement, our obligations under the debt securities and the indenture will not be guaranteed by any of our subsidiaries.

Reporting

Unless otherwise specified in the applicable prospectus supplement, the indenture will require us to provide the trustee with a copy of the reports, information and documents that we file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act within 15 days after we file the same with the SEC. Documents filed by us with the SEC via the EDGAR system will be deemed filed with the trustee as of the time such documents are filed via EDGAR. Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including our compliance with any of the covenants under the indenture. We will also comply with Section 314(a) of the TIA. Notwithstanding anything in the indenture to the contrary, we will not be deemed to have failed to comply with any of our agreements under this covenant for purposes of the third bullet under "Events of Default and Remedies" until 90 days after the date any report, information or document is required to be filed with the SEC pursuant to this covenant.

Further Issues

Unless specified otherwise with respect to a series of debt securities in a prospectus supplement, we may from time to time, without notice to or the consent of the registered holders of a series of debt securities, create and issue further debt securities of ranking equally with the debt securities of any series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with, and have the same terms as to status or otherwise as, such previously issued debt securities.

Form, Exchange, Registration and Transfer

The debt securities will be issued only in registered form. Debt securities of a series will either be global securities registered in book-entry form or definitive certificates registered in the name of the holders thereof. Procedures relating to global securities are described below under "Book-Entry Procedures and Settlement." Unless otherwise provided in the applicable prospectus supplement, debt securities denominated in United States dollars will be issued only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The prospectus supplement relating to offered securities denominated in a foreign or composite currency will specify the denomination of the offered securities.

Debt securities represented by a paper certificate may be presented for exchange or transfer at the office of the registrar. Holders will not have to pay any service charge for any registration of transfer or exchange of their certificates, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such registration of transfer.

Book-Entry Procedures and Settlement

The debt securities initially will be issued in book-entry form only and represented by one or more global securities registered in the name of, and deposited with a custodian for, The Depository Trust Company, or DTC,

Table of Contents

or its nominee. DTC or its nominee will be the sole registered holder of the debt securities for all purposes under the indenture. Owners of beneficial interests in the debt securities represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in these securities will be shown on, and may only be transferred through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of their interests in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any rights provided to the holders of debt securities under the global securities or the indenture. We and the trustee, and any of our respective agents, may treat DTC as the sole holder and registered owner of the global securities under the terms of the indenture.

Concerning the Trustee

If the trustee becomes one of our creditors, it will be subject to limitations in the indenture on its rights to obtain payment of claims or to realize on some property received for any such claim, as security or otherwise. The trustee is permitted to engage in other transactions with us and our affiliates in the ordinary course of business. If, however, it acquires any conflicting interest, it must eliminate that conflict or resign.

The holders of a majority in principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee.

Governing Law

The debt securities and the indenture will be governed by, and construed in accordance, with the laws of the State of New York without regard to conflicts of laws principles thereof.

Table of Contents

DESCRIPTION OF COMMON STOCK

The following summary description sets forth some of the general terms and provisions of our common stock. Because this is a summary description, it does not contain all of the information that may be important to you. For a more detailed description of the common stock, you should refer to the provisions of our Amended and Restated Certificate of Incorporation, our Amended and Restated By-laws and the form of stock certificate, each of which is filed as an exhibit to the registration statement of which this prospectus forms a part, as well as the applicable provisions of the General Corporation Law of the State of Delaware, or the DGCL. In this discussion, the terms Verint, we, us and our refer only to Verint Systems Inc. and not to any of its subsidiaries.

Our authorized capital stock consists of 120,000,000 shares of common stock, par value \$0.001 per share, and 2,207,000 shares of preferred stock, par value \$0.001 per share. As of May 15, 2014, approximately 54,039,751 shares of common stock were outstanding, and no shares of preferred stock were outstanding.

Liquidation

Upon our liquidation, dissolution or winding up, holders of shares of our common stock are entitled to share ratably in all assets remaining after the payment of all debts and other liabilities and the liquidation preferences of any outstanding shares of preferred stock.

Dividends

Subject to preferences that may be applicable to any outstanding shares of preferred stock, holders of shares of our common stock are entitled to receive ratably such dividends, if any, as our board of directors may declare on the common stock out of funds legally available for that purpose.

Our credit agreement contains a restrictive covenant which limits our ability to pay cash dividends on our common stock.

Voting Rights

Holders of shares of our common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders. A majority of the votes cast at a meeting of the stockholders by the holders of shares entitled to vote is required for any action by the stockholders (a) except as otherwise provided by law or our Amended and Restated Certificate of Incorporation and (b) except that directors are to be elected by a plurality of the votes cast at elections. Holders of shares of our common stock do not have cumulative voting rights in the election of directors.

Future Issuance of Preferred Stock

As of the date of this prospectus, there are no shares of preferred stock issued or outstanding. Our board of directors may, without further action by our stockholders, from time to time, direct the issuance of shares of preferred stock in one or more series and may, at the time of issuance, determine the rights, preferences and limitations of each series. Satisfaction of any dividend preferences of outstanding shares of preferred stock would reduce the amount of funds available for the payment of dividends on shares of common stock. Holders of shares of preferred stock may be entitled to receive a preference payment in the event of our liquidation, dissolution or winding-up before any payment is made to the holders of shares of common stock. Under certain circumstances, the issuance of shares of preferred stock may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management. Our board of directors,

without stockholder approval, may issue shares of preferred stock with voting and conversion rights that could adversely affect the holders of shares of common stock.

Table of Contents

Certain Provisions of our Amended and Restated Certificate of Incorporation and our Amended and Restated By-laws

Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws contain certain provisions that that could make it more difficult for a third party to acquire us by means of a tender offer, a proxy contest or otherwise.

Advance Notice Procedures

Our Amended and Restated By-laws establish advance notice procedures for stockholders to make nominations of candidates for election as directors, or bring other business before a meeting of our stockholders. These procedures provide that only persons who are nominated by or at the direction of our board of directors or by a stockholder who has given timely notice in proper written form to our secretary prior to the annual or special meeting at which directors are to be elected will be eligible for election as directors. These procedures also require that, in order to raise matters at an annual meeting, those matters be raised before the meeting pursuant to the notice of meeting we deliver or by, or at the direction of, our board of directors or by a stockholder who is entitled to vote at the meeting and who has given timely notice in proper written form to our secretary of his intention to raise those matters at the annual meeting. If our chairman or other officer presiding at a meeting determines that a person was not nominated, or other business was not brought before the meeting, in accordance with the notice procedure, that person will not be eligible for election as a director, or that business will not be conducted at the meeting.

Authorized but Unissued Shares

The authorized but unissued shares of our common stock are available for future issuance without stockholder approval. We may use these additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions, and employee benefit plans. The existence of authorized but unissued shares of our common stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Certain Provisions of Delaware Law

We are subject to Section 203 of the Delaware General Corporation Law, or DGCL, which regulates corporate acquisitions. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with any person who becomes an interested stockholder for a period of three years following the date the person became an interested stockholder, unless:

the board of directors approved the transaction in which such stockholder became an interested stockholder prior to the date the interested stockholder attained such status;

upon consummation of the transaction that resulted in the stockholder s becoming an interested stockholder, he or she owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers and employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; and

the business combination is approved by a majority of the board of directors and by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Business combinations, for purposes of Section 203 of the DGCL, include mergers, asset sales and other transactions resulting in a financial benefit to the stockholder. An interested stockholder is a person who, together with affiliates and associates, owns (or within three years, did own) 15% or more of the subject corporation's voting stock, but excludes persons who acquire over 85% of such corporation's voting stock in a tender offer.

Limitation of Liability of Directors and Officers

Our Amended and Restated Certificate of Incorporation provides that our directors will not be personally liable to us or our stockholders for damages for breach of any duty owed to us or our stockholders except for liability for: (i) any breach of the director's duty of loyalty to us or our stockholders, (ii) acts or omissions not in good faith or, in failing to act, not having acted in good faith, or which involve intentional misconduct or a knowing violation of law, (iii) any matter for which a director is liable for willfully or negligently approving an unlawful payment of dividends or an unlawful purchase or redemption of stock under the DGCL, or (iv) having derived an improper personal benefit.

Our Amended and Restated Certificate of Incorporation provides for indemnification by us of our directors, officers, employees and agents to the fullest extent permitted by the DGCL.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Broadridge Corporate Issuer Solutions. Its address is P.O. Box 1342, Brentwood, NY 11717 and its telephone number at this location is 877-830-4936.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

A summary of the material United States federal income tax consequences to certain persons investing in the securities offered by this prospectus may be set forth in an applicable prospectus supplement. Any such summary will be presented for informational purposes only, however, and will not be intended as legal or tax advice to prospective investors. Prospective investors of securities are urged to consult their own tax advisors prior to investing in the securities.

PLAN OF DISTRIBUTION

We may sell the offered securities (a) through agents, (b) to or through underwriters or dealers, (c) directly to one or more acquirers or (d) through a combination of any of these methods of sale. We will identify the specific plan of distribution, including any underwriters, dealers, agents or direct acquirers and their compensation, in a prospectus supplement.

Direct Sales and Sales through Agents

We may sell the offered securities directly to acquirers. In this case, no underwriters or agents would be involved. We may also sell the securities through agents designated from time to time. In the applicable prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the applicable prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act of 1933, or the Securities Act, with respect to any sale of those securities. We will describe the terms of any sales of these securities in the applicable prospectus supplement.

Sales through Underwriters or Dealers

If underwriters are used in the sale of the offered securities, we will execute an underwriting agreement with them regarding the securities. The underwriters will acquire the securities for their own account, subject to conditions in the

underwriting agreement. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices

Table of Contents

determined at the time of sale. Underwriters may offer the securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. To the extent expressly set forth in the applicable prospectus supplement, these transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, which means that selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if the offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, the underwriters may discontinue these activities at any time.

Some or all of the securities that we offer through this prospectus may be new issues of securities with no established trading market. Any underwriters to whom we sell our securities for public offering and sale may make a market in those securities, but they will not be obligated to do so and they may discontinue any market making at any time without notice. Accordingly, we cannot assure you of the liquidity of, or continued trading markets for, any securities that we offer.

If dealers are used in the sale of the securities, we will sell the securities to them as principals. They may then resell the securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

General Information

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make. Agents, dealers and underwriters may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.

LEGAL OPINIONS

Legal opinions relating to the securities being offered by this prospectus will be rendered by Jones Day.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 102 of the DGCL permits a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. Our Amended and Restated Certificate of Incorporation provides that none of our directors will be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duty as a director, except (i) for any breach of the director s duty of loyalty to us or our stockholders, or (ii) for acts or omissions which are not taken or omitted to be taken in good faith or which involve intentional misconduct or knowing violation of the law, or (iii) for any matter in respect of which such director is liable under Section 174 of Title 8 of the DGCL or any amendment or successor provision thereto, or (iv) for any transaction from which the director has derived an improper personal benefit.

Section 145 of the DGCL provides that a corporation has the power to indemnify a director, officer, employee, or agent of the corporation, or a person serving at the request of the corporation for another corporation, partnership, joint venture, trust or other enterprise in related capacities, against expenses (including attorneys fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding to which he was or is a party or is threatened to be made a party to any threatened, ending or completed action, suit or proceeding by reason of such position, if such person acted in good faith and in a manner he reasonably

believed to be in or not opposed to the best interests of the corporation, and, in any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, except that, in the case of actions brought by or in the right of the corporation, no indemnification will be made with respect to any claim, issue or matter as to which such person has been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court deems proper.

Our Amended and Restated Certificate of Incorporation provides that every person who is or was our director, officer, employee or agent or is or was a director, officer, trustee, employee or agent of any other enterprise, serving as such at our request, will be indemnified to the fullest extent permitted by law for all expenses and

liabilities in connection with any proceeding involving such person in this capacity. We entered into an indemnification agreement with each of our directors and officers under which we agreed to provide indemnification and expense reimbursement as outlined above.

securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are

offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(e) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act of 1939.
