Recent Developments

Merger Transaction

Edgar Filing: Brookdale Senior Living Inc. - Form 424B5

On July 31, 2014, we completed the previously announced merger contemplated by that certain Agreement and Plan of Merger (the Merger Agreement), dated as of February 20, 2014, by and among Emeritus Corporation, a Washington corporation (Emeritus), us and Broadway Merger Sub Corporation, a

S-1

Table of Contents

Delaware corporation (Merger Sub) and our wholly owned subsidiary. Pursuant to the Merger Agreement, Merger Sub merged with and into Emeritus (the Merger), with Emeritus continuing as the surviving corporation in the Merger and a wholly owned subsidiary of us.

Pursuant to the Merger Agreement, at the Effective Time (as defined in the Merger Agreement): (i) each share of common stock, par value \$0.0001 per share (Emeritus Common Stock), of Emeritus outstanding immediately prior to the Effective Time (other than shares (x) held by us or Emeritus or any of their wholly owned subsidiaries or (y) with respect to which appraisal rights were properly demanded and not withdrawn under Washington law) was automatically cancelled and converted into the right to receive consideration equal to 0.95 (the Exchange Ratio) of a share of our common stock, par value of \$0.01 (Brookdale Common Stock), with cash paid in lieu of fractional shares; (ii) each share of Emeritus restricted stock outstanding immediately prior to the Effective Time, whether or not then vested, became fully vested and was treated as a share of Emeritus Common Stock, and was cancelled and converted in the same way as all other outstanding shares of Emeritus Common Stock, as described above; and (iii) each Emeritus stock option outstanding immediately prior to the Effective Time was automatically cancelled and converted into the right of the holder to receive a number of whole shares of Brookdale Common Stock, determined by (A) multiplying (x) the total number of shares subject to Emeritus stock option by (y) an amount equal to the Applicable Closing Price, less the exercise price per share for such option, and (B) dividing such amount by the ten-day volume weighted average closing price of Brookdale Common Stock (the VWAP). The number of shares of Brookdale Common Stock issued to holders of Emeritus stock options and to certain electing holders of Emeritus restricted stock was reduced to cover the minimum amount of any applicable tax withholdings. Emeritus stock options with an exercise price that was equal to or greater than the Applicable Closing Price were terminated and ceased to be outstanding, without any payment of consideration. The Applicable Closing Price for purposes of the Merger Agreement was calculated by multiplying the VWAP by the Exchange Ratio.

The foregoing description of the Merger Agreement and the transactions contemplated thereby does not purport to be complete and is subject to and qualified in its entirety by reference to the Merger Agreement, a copy of which was attached as Exhibit 2.1 to our Current Report on Form 8-K filed with the SEC on February 21, 2014, which is incorporated into this prospectus supplement by reference.

As a result of the Merger, as of the Effective Time, we directly or indirectly acquired entities that are lessees under operating and capital leases covering 311 communities, as well as certain other leases such as office leases and leases associated with Emeritus Nurse on Call business. We also directly or indirectly acquired entities which own 185 communities. The community leases contain customary terms, including assignment and change of control restrictions, maintenance and capital expenditure obligations, termination provisions and financial covenants. In connection with the closing of the Merger, we entered into guarantees of certain of these leases.

In addition, as a result of the Merger, as of the Effective Time, we directly or indirectly assumed approximately \$1.4 billion aggregate principal amount of existing mortgage indebtedness of Emeritus. The mortgage loans are collateralized by a total of 182 underlying communities, bear interest either at fixed rates at a weighted average of 6.07% per annum or at variable rates at a weighted average of 5.19% per annum (in each case, as of June 30, 2014), and have remaining maturities ranging from approximately three months to 33 years. The mortgage loans contain customary terms including assignment and change of control restrictions, acceleration provisions and financial covenants. In connection with the closing of the Merger, we entered into guarantees of certain of these debt arrangements.

Master Agreement

On August 29, 2014, we completed the previously announced transactions contemplated by that certain Master Contribution and Transactions Agreement (the Master Agreement), dated as of April 23, 2014, by and

between us and HCP, Inc., a Maryland corporation (HCP). At the closing of the transactions contemplated by the Master Agreement (the Closing), we and HCP entered into two joint venture transactions and amended the terms of certain existing agreements between us and HCP and/or certain of their respective affiliates (including Emeritus).

Joint Venture Transactions

Each of the joint ventures contemplated by the Master Agreement uses a RIDEA structure, whereby at the Closing each of us and HCP invested in an opco joint venture and a propco joint venture. The propco owns most of the applicable communities and will lease such communities to the opco pursuant to long-term leases entered into at the Closing. The opco owns the remainder of the applicable communities not owned by the propco, and at the Closing the opco engaged one of our affiliates to manage all of the owned and leased communities pursuant to management agreements with 15-year terms subject to certain extension options.

Joint Venture Relating to our and HCP's CCRC Entrance Fee Communities. At the Closing, we and HCP entered into a joint venture with respect to certain continuing care retirement / entrance fee (CCRC) communities previously owned by HCP or us and leased and/or operated by us. We own a 51% ownership interest, and HCP owns a 49% ownership interest, in each of the propco and opco. Pursuant to the terms of the Master Agreement, at the Closing we contributed to the joint venture eight wholly-owned entities (owning eight CCRC communities subject, in certain cases, to existing debt) and certain purchase options with respect to the HCP Communities (as defined below), and HCP contributed to the joint venture three wholly-owned entities (owning three properties in two CCRC communities (the HCP Communities)). One additional property to be contributed by us is under construction and will be contributed to the joint venture subject to existing debt, upon the earlier of the first anniversary of the Closing and receipt of the certificate of occupancy for such community. In addition to the 10 CCRC communities, at the Closing we contributed our rights and obligations under previously executed purchase agreements (which were entered into on April 22, 2014 by us and provided for the acquisition by us, independent of the joint venture transaction, of four communities managed by us for an aggregate purchase price of \$323.5 million, including fees associated with the prepayment of certain debt), HCP contributed \$323.5 million in cash for such purchases and the joint venture completed such purchases immediately following the Closing. Each of the communities in the joint venture is managed by one of our affiliates pursuant to management agreements entered into at the Closing, and we have agreed to guarantee certain obligations of the manager under the applicable management agreements. Each of the propco and opco is governed by a board of managers consisting of six members, with three representatives each appointed by us and HCP.

Joint Venture Relating to Certain Emeritus / HCP Communities. At the Closing, we and HCP entered into a joint venture with respect to certain independent living, assisted living, memory care and/or skilled nursing care communities previously owned by HCP and leased and operated by Emeritus. We own a 20% ownership interest, and HCP owns an 80% ownership interest, in each of the propco and opco. Pursuant to the terms of the Master Agreement, at the Closing an HCP affiliate made a loan to one of our subsidiaries, which was guaranteed by us, in the original principal amount of approximately \$68 million to fund our initial capital contribution to the joint venture. HCP contributed to propco 49 communities. In addition, prior to the Closing, an HCP affiliate made a mezzanine loan to another affiliate of HCP in the principal amount of approximately \$628 million that was assumed by propco at the Closing, which loan has a term of seven years, provides for interest at an average annual rate of 11.4% for the first three years, at an annual rate of 5.5% for years four and five, at an annual rate of 5.75% in year six and at an annual rate of 6.0% in year seven, and is secured by a pledge of equity interests in the direct subsidiary of propco. At the Closing, propco, through its subsidiaries, leased the communities to subsidiaries of opco. Each of the communities in the joint venture is managed by one of our affiliates, and we have agreed to guarantee certain obligations of the manager under the applicable management agreements.

S-3

Table of Contents

Pursuant to the terms of the Master Agreement, we will pay to HCP a fee related to the lease restructuring in the amount of \$34 million, which fee will be payable over a two year period.

Amendments to Existing Agreements (including Triple Net Leases)

At the Closing, we and HCP amended and restated (i) that certain Master Lease and Security Agreement, dated as of October 31, 2012, by and between Emeritus and certain affiliates of HCP, with respect to 112 communities, and (ii) certain other triple net leases between Emeritus and affiliates of HCP, with respect to 41 communities, together into a single master lease with the communities subject thereto separated into three pools (the Master Lease). The term of the Master Lease is 14 years for the pool 1 communities, 15 years for the pool 2 communities and 16 years for the pool 3 communities, with an average of approximately fifteen years, in each case subject to two extension options of approximately ten years each, and the Master Lease is guaranteed by us. The Master Lease provides for total base rent in 2014 of \$158 million, with lower future rent payments and escalations compared to the existing leases. HCP has agreed to make available up to \$100 million for capital expenditures related to the communities during calendar years 2014 through 2017 at an initial lease rate of 7.0%. The Master Lease includes certain customary covenants, with respect to, among other things, capital expenditure requirements, restrictions on the ownership, operation and management of competing communities and transfer restrictions (including restrictions on changes of control of us). The Master Lease also includes customary events of default and remedies relating thereto. In addition, the Master Lease includes a purchase option in favor of us for up to ten communities at an aggregate purchase price not to exceed \$60 million. The purchase price for any acquisition pursuant to a purchase option will be financed by HCP with mortgage debt.

In connection with the transactions contemplated by the Master Agreement, at the Closing, (i) the parties terminated the purchase option rights granted by HCP to Emeritus pursuant to 49 of the existing Emeritus leases, (ii) the parties agreed to modify the existing term extension hurdle and incentive management fee structure applicable to an existing joint venture between us and HCP in respect of 20 independent living, assisted living, memory care and/or skilled nursing care communities, subject to obtaining the required lender consent and (iii) HCP released (and/or agreed to release, subject to obtaining the required lender consents) certain deposits and reserves posted by us and Emeritus and certain of their respective affiliates and held by HCP or its affiliates in connection with existing leases between the parties.

Directors and Officers

Pursuant to the Merger Agreement and the letter agreement, by and between us and Granger Cobb, the former President and Chief Executive Officer of Emeritus, as amended and restated as of May 22, 2014 (the Letter Agreement), Mr. Cobb's employment with Emeritus terminated as of the Effective Time and he was appointed to our board of directors as a Class I director (with a term to expire at our 2017 Annual Meeting of Stockholders). Mr. Cobb has not been appointed to serve on any committee of our board of directors.

In addition, the Letter Agreement provides that Mr. Cobb will provide consulting services to us beginning at the Effective Time and ending on the later of the third anniversary thereof or such later date as is mutually agreed between Mr. Cobb and us. In his role as a consultant, Mr. Cobb will provide services and advice regarding integration and transition matters, serve as an advisor to members of our senior management team, serve as an advisory member to our Senior Management Executive Committee, and assist with other special projects as requested.

In consideration of the consulting services, Mr. Cobb will receive an annual cash consulting fee of \$265,000, along with reimbursement of up to \$35,000 per year for premiums paid by Mr. Cobb in respect of certain life and disability insurance arrangements. In addition, Mr. Cobb received a grant of our restricted stock with a grant date value of \$1.0

million, which will vest in equal annual installments over the three year period following the grant date, subject to his continued service as a consultant on the applicable vesting date. Mr. Cobb

S-4

Table of Contents

will not receive any cash or equity compensation for his service on our board of directors while he is also serving as a consultant to us, but he will be entitled to receive compensation as an outside director if he continues serving on our board of directors following the end of the consulting period.

On July 31, 2014, Kristin A. Ferge, previously our Executive Vice President and Treasurer, was named our Executive Vice President, Chief Accounting Officer and Treasurer and assumed the responsibilities of principal accounting officer from Mark W. Ohlendorf, who will continue serving as our President and Chief Financial Officer and will retain the responsibilities of principal financial officer.

Amended and Restated Certificate of Incorporation

On July 30, 2014, pursuant to the terms of the Merger Agreement and as approved by our stockholders at a special meeting held on July 10, 2014, we filed an amendment to our Amended and Restated Certificate of Incorporation (the Charter Amendment) with the Secretary of State of the State of Delaware. The Charter Amendment reflects an increase in the number of authorized shares of our Common Stock from 200 million to 400 million.

Revolving Credit Facility

We have commenced preliminary discussions with certain potential lending sources to amend and expand or replace our existing revolving credit facility. We currently expect that any new revolving credit facility would have a committed amount of approximately \$500 million and a maturity of three to five years. We expect that the new credit facility would be secured by a first priority mortgage on certain of our communities. The availability under the facility would vary from time to time as it would be based on borrowing base calculations related to the appraised value and performance of the communities securing the facility. We anticipate that potential interest rate spreads under the new credit facility would be modestly improved compared to the existing credit facility. There can be no assurances that we can enter into a new or amended credit facility on these terms or at all.

Before deciding to invest in our common stock, you should carefully consider the risk factors incorporated by reference in this prospectus supplement, including in the section entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2013 and in our Quarterly Reports on Form 10-Q for the three months ended March 31, 2014 and June 30, 2014, which were filed with the SEC on May 12, 2014 and August 11, 2014, respectively, as well as other information contained or incorporated by reference in this prospectus supplement or the accompanying prospectus. USE OF PROCEEDS

We estimate that the net proceeds from this offering will be approximately \$287.1 million (or \$330.3 million if the underwriters exercise their option to purchase additional shares of our common stock in full), after deducting the expenses of this offering. Pending such uses, we may temporarily invest the proceeds in short-term, interest-bearing instruments, money market accounts or temporarily repay outstanding borrowings under our existing credit facility, which currently has a borrowing capacity of approximately \$205 million and a maturity of March 31, 2018.

Dividend Policy

On December 30, 2008, our Board of Directors voted to suspend our quarterly cash dividend indefinitely and no dividends were declared during the last five fiscal years. Although we anticipate that, over the longer-term, we may pay regular quarterly dividends to the holders of our common stock, over the near term we are focused on deploying capital in the growth of our business. Accordingly, we do not expect to pay cash dividends on our common stock for the foreseeable future.

Our ability to pay and maintain cash dividends in the future will be based on many factors, including then-existing contractual restrictions or limitations, our ability to execute our growth strategy, our ability to negotiate favorable lease and other contractual terms, anticipated operating expense levels, the level of demand for our units, occupancy rates, entrance fee sales results, the rates we charge, our liquidity position and actual results that may vary substantially from estimates. Some of the factors are beyond our control and a change in any such factor could affect our ability to pay or maintain dividends. We can give no assurance as to our ability to pay or maintain dividends in the future. We also cannot assure you that the level of dividends will be maintained or increase over time or that increases in demand for our units and monthly resident fees will increase our actual cash available for dividends to stockholders. As we have done in the past, we may also pay dividends in the future that exceed our net income for the relevant

period as calculated in accordance with accounting principles generally accepted in the United States, or U.S. GAAP.

U.S. FEDERAL INCOME AND ESTATE TAX

CONSIDERATIONS TO NON-U.S. HOLDERS

The following discussion is a summary of the anticipated U.S. federal income tax considerations generally applicable to the ownership and disposition of our common stock by Non-U.S. Holders (as defined below). This summary deals only with our common stock held as capital assets by holders who purchase common stock in this offering. This discussion does not cover all aspects of U.S. federal income taxation that may be relevant to the ownership or disposition of our common stock by prospective investors in light of their particular circumstances. In particular, this discussion does not address all of the tax considerations that may be relevant to certain types of investors subject to special treatment under U.S. federal income tax laws, such as: persons holding common stock as part of a hedging, integrated, conversion or constructive sale transaction or a straddle, persons holding greater than 5% of the total fair market value of our common stock, U.S. expatriates, partnerships or entities or arrangements treated as a partnership or other pass-through entity for U.S. federal tax purposes (or investors therein), or U.S. Holders (as defined below).

Furthermore, this summary is based upon the provisions of the Internal Revenue Code of 1986, as amended, or the Code, the Treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, all as of the date hereof. Such authorities may be repealed, revoked, modified or subject to differing interpretations, possibly on a retroactive basis, so as to result in U.S. federal income tax consequences different from those discussed below. This discussion does not address any state, local or non-U.S. tax considerations.

For purposes of this summary, a U.S. Holder means a beneficial owner of our common stock that is for U.S. federal income tax purposes one of the following:

a citizen or an individual resident of the United States;

a corporation (or other entity taxable as a corporation) created or organized in or under the laws of the United States or any state thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if it (i) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (ii) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

Table of Contents

If a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our common stock, the U.S. federal income tax treatment of a partner in such partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner of a partnership holding our common stock, we particularly urge you to consult your tax advisors.

If you are considering the purchase of our common stock, we urge you to consult your tax advisors concerning the particular U.S. federal income tax consequences to you of the ownership and disposition of our common stock, as well as any consequences to you arising under state, local and non-U.S. tax laws.

The following discussion applies only to Non-U.S. Holders. A Non-U.S. Holder is a beneficial owner of our common stock (other than a partnership or an entity or arrangement treated as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder. Special rules may apply to you if you are a controlled foreign corporation or a passive foreign investment company, or are otherwise subject to special treatment under the Code. Any such holders should consult their tax advisors to determine the U.S. federal, state, local and non-U.S. income and other tax consequences that may be relevant to them.

Dividends

Dividends paid to you (to the extent paid out of our current or accumulated earnings and profits, as determined for U.S. federal income tax purposes) generally will be subject to U.S. federal withholding tax at a 30% rate, or such lower rate as may be specified by an applicable tax treaty. However, dividends that are effectively connected with a trade or business you conduct within the United States, and, if required by an applicable tax treaty, dividends that are attributable to a permanent establishment you maintain in the United States, are not subject to such U.S. federal withholding tax, but instead are subject to U.S. federal income tax on a net income basis at the applicable graduated individual or corporate rates. Special certification and disclosure requirements must be satisfied for effectively connected income to be exempt from withholding. If you are a corporation, any such effectively connected dividends that you receive may be subject to an additional branch profits tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

If you wish to claim the benefit of an applicable treaty rate for dividends paid on our common stock, you must provide the withholding agent with a properly executed IRS Form W-8BEN or W-8BEN-E (or other applicable form), claiming an exemption from or reduction in withholding under the applicable income tax treaty, and certify under penalties of perjury that you (i) are not a United States person (as defined under the Code) and (ii) are eligible for the benefits of such treaty, and the withholding agent must not have actual knowledge or reason to know that the certification is incorrect. This certification must be provided to the applicable withholding agent prior to the payment of dividends and may be required to be updated periodically.

If you are eligible for a reduced rate of U.S. federal withholding tax pursuant to an applicable income tax treaty, you may obtain a refund of any excess amounts withheld by filing an appropriate claim for refund with the IRS.

Sale, Exchange or Other Taxable Disposition of Common Stock

You generally will not be subject to U.S. federal income tax with respect to gain recognized on a sale, exchange or other taxable disposition of shares of our common stock unless:

the gain is effectively connected with your conduct of a trade or business in the United States, or, if certain tax treaties apply, is attributable to a permanent establishment you maintain in the United States;

S-10

Table of Contents

if you are an individual and hold shares of our common stock as a capital asset, you are present in the United States for 183 or more days in the taxable year of the sale, exchange or other taxable disposition, and certain other requirements are met; or

we are or have been a United States real property holding corporation for U.S. federal income tax purposes at any time during the shorter of the five-year period preceding such disposition and your holding period in the common stock, and (i) you beneficially own, or have owned, more than 5% of the total fair market value of our common stock at any time during the five-year period preceding such disposition, or (ii) our common stock has ceased to be traded on an established securities market prior to the beginning of the calendar year in which the sale or disposition occurs.

If you are an individual and are described in the first bullet above, you will be subject to tax on any gain derived from the sale, exchange or other taxable disposition at applicable graduated U.S. federal income tax rates. If you are an individual and are described in the second bullet above, you will generally be subject to a flat 30% tax on any gain derived from the sale, exchange or other taxable disposition that may be offset by U.S. source capital losses (even though you are not considered a resident of the United States). If you are a corporation and are described in the first bullet above, you will be subject to tax on your gain at applicable graduated U.S. federal income tax rates and, in addition, may be subject to the branch profits tax on your effectively connected earnings and profits for the taxable year, which would include such gain, at a rate of 30% or at such lower rate as may be specified by an applicable income tax treaty, subject to adjustments.

We believe that we may be a United States real property holding corporation for U.S. federal income tax purposes. Generally, a corporation is a U.S. real property holding corporation if the fair market value of its U.S. real property interests, as defined in the Code and applicable Treasury regulations, equals or exceeds 50% of the aggregate fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business. If we are a United States real property holding corporation and you are a holder of greater than 5% of the total fair market value of our common stock, you should consult your tax advisor.

Foreign Account Tax Compliance Act

Withholding at a rate of 30% generally will be required in certain circumstances on dividends in respect of, and, after December 31, 2016, gross proceeds from the sale or other disposition of, shares of our common stock held by or through certain foreign financial institutions (including investment funds), unless such institution (i) enters into, and complies with, an agreement with the Internal Revenue Service to report, on an annual basis, information with respect to interests in, or accounts maintained by, the institution that are owned by certain U.S. persons or by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the United States authorities. An intergovernmental agreement between the United States and an applicable foreign country, or future U.S. Treasury regulations or other guidance, may modify these requirements. Accordingly, the entity through which our common stock is held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and after December 31, 2016, gross proceeds from the sale or other disposition of, our common stock held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions generally will be subject to withholding at a rate of 30%, unless such entity either (i) certifies that such entity does not have any substantial United States owners or (ii) provides certain information regarding the entity's substantial United States owners, which we will in turn provide to the Internal Revenue Service. We will not pay any additional amounts to stockholders in respect of any amounts withheld. Prospective investors should consult their tax advisors regarding the possible implications of these rules on their investment in our common stock in light of their particular circumstances.

U.S. Federal Estate Tax

Shares of our common stock held by an individual Non-U.S. Holder at the time of his or her death will be included in such Non-U.S. Holder's gross estate for U.S. federal estate tax purposes, unless an applicable estate tax treaty provides otherwise.

Information Reporting and Backup Withholding

You may be subject to information reporting and backup withholding with respect to any dividends on, and the proceeds from dispositions of, our common stock paid to you, unless you comply with certain reporting procedures (usually satisfied by providing an IRS Form W-8BEN or W-8BEN-E) or otherwise establish an exemption. Additional rules relating to information reporting requirements and backup withholding with respect to the payment of proceeds from the disposition of shares of our common stock will apply as follows:

If the proceeds are paid to or through the U.S. office of a broker (U.S. or foreign), they generally will be subject to backup withholding and information reporting, unless you certify that you are not a U.S. person under penalties of perjury (usually on an IRS Form W-8BEN or W-8BEN-E) or otherwise establish an exemption;

If the proceeds are paid to or through a non-U.S. office of a broker that is not a U.S. person and is not a foreign person with certain specified U.S. connections, or a U.S. Related Person, they will not be subject to backup withholding or information reporting; and

If the proceeds are paid to or through a non-U.S. office of a broker that is a U.S. person or a U.S. Related Person, they generally will be subject to information reporting (but not backup withholding), unless you certify that you are not a U.S. person under penalties of perjury (usually on an IRS Form W-8BEN or W-8BEN-E) or otherwise establish an exemption.

In addition, the amount of any dividends paid to you and the amount of tax, if any, withheld from such payment generally must be reported annually to you and the IRS. The IRS may make such information available under the provisions of an applicable income tax treaty to the tax authorities in the country in which you reside. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is timely furnished by you to the IRS. Non-U.S. Holders should consult their tax advisors regarding the filing of a U.S. tax return for claiming a refund of such backup withholding.

If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representatives have advised us that the underwriters propose initially to offer the shares to the public at the public offering price set forth on the cover page of this prospectus and to dealers at that price less a concession not in excess of \$0.80 per share.

Option to Purchase Additional Shares

We have granted an option to the underwriters, exercisable for 30 days after the date of this prospectus, to purchase up to 1,343,283 additional shares at the public offering price, less the underwriting discount and commissions. If the underwriters exercise this option, each will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

No Sales of Similar Securities

We, our executive officers and directors have agreed, with certain limited exceptions, not to sell or transfer any common stock or securities convertible into, exchangeable for, exercisable for, or repayable with common stock, for 60 days after the date of this prospectus without first obtaining the written consent of the Representatives. Specifically, we and these other persons have agreed, with certain limited exceptions, not to directly or indirectly

offer, pledge, sell or contract to sell any common stock,

sell any option or contract to purchase any common stock,

purchase any option or contract to sell any common stock,

grant any option, right or warrant for the sale of any common stock,

lend or otherwise dispose of or transfer any common stock,

request or demand that we file a registration statement related to the common stock, or

enter into any swap or other agreement that transfers, in whole or in part, the economic consequence of ownership of any common stock whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise.

This lock-up provision applies to common stock and to securities convertible into or exchangeable or exercisable for or repayable with common stock. It also applies to common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition.

New York Stock Exchange

The shares are listed on the New York Stock Exchange under the symbol BKD.

Price Stabilization, Short Positions

Until the distribution of the shares is completed, SEC rules may limit underwriters and selling group members from bidding for and purchasing our common stock. However, the representatives may engage in transactions that stabilize the price of the common stock, such as bids or purchases to peg, fix or maintain that price.

In connection with the offering, the underwriters may purchase and sell our common stock in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters option to purchase additional shares described above. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters

S-14

Table of Contents

will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option granted to them. Naked short sales are sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of common stock made by the underwriters in the open market prior to the completion of the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. The underwriters may conduct these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Electronic Distribution

In connection with the offering, certain of the underwriters or securities dealers may distribute prospectuses by electronic means, such as e-mail.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

For the purpose of the above provisions, the expression an offer to the public in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES AND PREFERRED DIVIDENDS**

The following table sets forth our consolidated ratio of earnings to combined fixed charges and preferred dividends for the periods indicated:

| Three Months Ended | Years Ended December 31, | | | | |
|-------------------------------|---------------------------------|-------------|-------------|-------------|-------------|
| March 31, 2014 | 2013 | 2012 | 2011 | 2010 | 2009 |
| (1) | (1) | (1) | (1) | (1) | (1) |

(1) Earnings for the three months ended March 31, 2014 and the years ended December 31, 2013, 2012, 2011, 2010 and 2009 were less than one-to-one to cover fixed charges. The coverage deficiencies were \$3.0 million, \$0.4 million, \$61.1 million, \$67.8 million, \$81.5 million and \$101.8 million, respectively.

For purposes of the ratio, earnings means the sum of:

our pre-tax income from continuing operations, before adjustments for minority interests in consolidated subsidiaries or income or loss from equity investees;

any distributed income we receive from less-than-fifty-percent-owned companies; and

our fixed charges, excluding capitalized interest, and preferred stock dividend requirements of our consolidated subsidiaries.

Fixed charges and preferred stock dividends means the sum of:

the interest we pay on borrowed funds;

the preferred stock dividend requirements of our consolidated subsidiaries;

the amount we amortize for debt discount, premium, and issuance expense;

an estimate of the interest within rent expense; and

our preferred stock dividend requirements, increased to an amount representing the pre-tax earnings required to cover such dividend requirements based on our effective income tax rates.

DESCRIPTION OF CAPITAL STOCK

General

As of the date of this prospectus, our authorized capital stock consists of:

200,000,000 shares of common stock, par value \$0.01 per share; and

50,000,000 shares of preferred stock, par value \$0.01 per share.

As of June 5, 2014, there were outstanding 125,393,366 shares of common stock (excluding unvested restricted shares) and no outstanding shares of preferred stock. All of the shares of common stock outstanding on the date of this prospectus are validly issued, fully paid and non-assessable under the Delaware General Corporation Law, or the DGCL.

Set forth below is a summary description of the material terms of our capital stock. This description is qualified in its entirety by reference to our amended and restated certificate of incorporation and amended and restated by-laws.

Common Stock

Each holder of common stock is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. Except as provided with respect to any other class or series of stock, the holders of our common stock possess the exclusive right to vote for the election of directors and for all other purposes. The amended and restated certificate of incorporation does not provide for cumulative voting in the election of directors. Subject to any preference rights of holders of our preferred stock that the Company may issue in the future, the holders of our common stock are entitled to receive dividends, if any, declared from time to time by our board of directors out of legally available funds. In the event of our liquidation, dissolution or winding up, the holders of our common stock are entitled to share ratably in all assets remaining after the payment of liabilities, subject to any rights of our holders of preferred stock to prior distribution.

The holders of common stock have no preemptive, subscription, redemption or conversion rights. Any shares of common stock sold under this prospectus will be fully paid and non-assessable upon issuance against full payment of the purchase price for such shares.

Our common stock is listed on the NYSE under the symbol BKD. As of June 5, 2014, the closing price per share of our common stock on the NYSE was \$34.09, and we had approximately 389 holders of record of our common stock.

Preferred Stock

The board of directors has the authority, without action by our stockholders, to issue preferred stock and to fix voting powers for each class or series of preferred stock, and to provide that any class or series may be subject to redemption, entitled to receive dividends, entitled to rights upon dissolution or convertible into, or exchangeable for, shares of any other class or classes of capital stock. The rights with respect to a series or class of preferred stock may be greater than the rights attached to our common stock. It is not possible to state the actual effect of the issuance of any shares of our preferred stock on the rights of holders of our common stock until our board of directors determines the specific rights attached to that preferred stock. The effect of issuing preferred stock could include one or more of the following:

restricting dividends in respect of our common stock;

diluting the voting power of our common stock or providing that holders of preferred stock have the right to vote on matters as a class;

impairing the liquidation rights of our common stock; or

delaying or preventing a change of control of us.

Table of Contents

Anti-Takeover Effects of Delaware Law, Our Amended and Restated Certificate of Incorporation and Our Amended and Restated By-laws

The following is a summary of certain provisions of our amended and restated certificate of incorporation and amended and restated by-laws that may be deemed to have an anti-takeover effect and may delay, deter or prevent a tender offer or takeover attempt that a stockholder might consider to be in its best interest, including those attempts that might result in a premium over the market price for the shares.

Authorized but Unissued Shares

The authorized but unissued shares of our common stock and our preferred stock will be available for future issuance without approval by our stockholders. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of our common stock and our preferred stock could render more difficult or discourage an attempt to obtain control over us by means of a proxy contest, tender offer, merger or otherwise.

Delaware Business Combination Statute

We are organized under Delaware law. Some provisions of Delaware law may delay or prevent a transaction that would cause a change in our control.

Our amended and restated certificate of incorporation provides that Section 203 of the DGCL, an anti-takeover law, will not apply to us. In general, this statute prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction by which that person became an interested stockholder, unless the business combination is approved in a prescribed manner. For purposes of Section 203, a business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder, and an interested stockholder is a person who, together with affiliates and associates, owns, or within three years prior, did own, 15% or more of voting stock.

Other Provisions of Our Amended and Restated Certificate of Incorporation and Our Amended and Restated By-laws

Certain provisions of our amended and restated certificate of incorporation may make a change in control of the Company more difficult to effect. Our amended and restated certificate of incorporation provides for a staggered board of directors consisting of three classes of directors. Directors of each class are chosen for three-year terms upon the expiration of their current terms and each year one class of our directors will be elected by our stockholders. The current terms of the Class I, Class II and Class III directors will expire at the annual meetings of stockholders to be held in 2014, 2016 and 2015, respectively. We believe that classification of our board of directors will help to assure the continuity and stability of our business strategies and policies as determined by our board of directors. Additionally, there is no cumulative voting in the election of directors. The classified board provision could have the effect of making the replacement of incumbent directors more time consuming and difficult. At least two annual meetings of stockholders, instead of one, will generally be required to effect a change in a majority of our board of directors. Thus, the classified board provision could increase the likelihood that incumbent directors will retain their positions. The staggered terms of directors may delay, defer or prevent a tender offer or an attempt to change control of us, even though a tender offer or change in control might be in the best interest of our stockholders. In addition, our amended and restated by-laws provide that directors may be removed only for cause and only with the affirmative vote of at least 80% of the voting interest of stockholders entitled to vote.

Pursuant to our amended and restated certificate of incorporation, shares of our preferred stock may be issued from time to time, and the board of directors is authorized to determine and alter all rights, preferences,

Table of Contents

privileges, qualifications, limitations and restrictions without limitation. See Preferred Stock. Our amended and restated by-laws also provide that our stockholders are specifically denied the ability to call a special meeting of the stockholders. Advance notice must be provided by our stockholders to nominate persons for election to our board of directors as well as to propose actions to be taken at an annual meeting.

Limitations on Liability and Indemnification of Directors and Officers

Our amended and restated certificate of incorporation and amended and restated by-laws provide that our directors will not be personally liable to us or our stockholders for monetary damages for breach of a fiduciary duty as a director, except for:

any breach of the director's duty of loyalty to us or our stockholders;

acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

liability under Delaware corporate law for an unlawful payment of dividends or an unlawful stock purchase or redemption of stock; or

any transaction from which the director derives an improper personal benefit.

Our amended and restated certificate of incorporation allows us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

We have entered into indemnification agreements with certain of our directors and executive officers. These provisions and agreements may have the practical effect in some cases of eliminating our stockholders' ability to collect monetary damages from our directors and executive officers.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, or the Securities Act, may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company, LLC. The telephone number of American Stock Transfer & Trust Company, LLC is (718) 921-8200.

a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;

ordinary brokerage transactions and transactions in which a broker solicits purchasers; or

privately negotiated transactions.

We may also enter into hedging transactions. For example, we may:

enter into transactions with a broker-dealer or affiliate thereof in connection with which such broker-dealer or affiliate will engage in short sales of the common stock pursuant to this prospectus, in which case such broker-dealer or affiliate may use shares of common stock received from us to close out its short positions;

sell securities short and redeliver such shares to close out our short positions;

enter into option or other types of transactions that require us to deliver common stock to a broker-dealer or an affiliate thereof, who will then resell or transfer the common stock under this prospectus; or

loan or pledge the common stock to a broker-dealer or an affiliate thereof, who may sell the loaned shares or, in an event of default in the case of a pledge, sell the pledged shares pursuant to this prospectus.

In addition, we may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell the applicable securities covered by and pursuant to this prospectus and an applicable prospectus supplement or pricing supplement, as the case may be. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement or pricing supplement, as the case may be.

A prospectus supplement with respect to each offering of securities will state the terms of the offering of the securities, including:

the name or names of any underwriters or agents and the amounts of securities underwritten or purchased by each of them, if any;

Table of Contents

the public offering price or purchase price of the securities and the net proceeds to be received by us from the sale;

any delayed delivery arrangements;

any underwriting discounts or agency fees and other items constituting underwriters or agents compensation;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange or markets on which the securities may be listed.

The offer and sale of the securities described in this prospectus by us, the underwriters or the third parties described above may be effected from time to time in one or more transactions, including privately negotiated transactions, either:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to the prevailing market prices; or

at negotiated prices.

General

Any public offering price and any discounts, commissions, concessions or other items constituting compensation allowed or reallocated or paid to underwriters, dealers, agents or remarketing firms may be changed from time to time. Any underwriters, dealers, agents and remarketing firms that participate in the distribution of the offered securities may be underwriters as defined in the Securities Act. Any discounts or commissions they receive from us and any profits they receive on the resale of the offered securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify any underwriters, agents or dealers and describe their commissions, fees or discounts in the applicable prospectus supplement or pricing supplement, as the case may be.

Underwriters and Agents

If underwriters are used in a sale, they will acquire the offered securities for their own account. The underwriters may resell the offered securities in one or more transactions, including negotiated transactions. These sales may be made at a fixed public offering price or prices, which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market price or at negotiated prices. We may offer the securities to the public through an underwriting syndicate or through a single underwriter. The underwriters in any particular offering will be mentioned in the applicable prospectus supplement or pricing supplement, as the case may be.

Unless otherwise specified in connection with any particular offering of securities, the obligations of the underwriters to purchase the offered securities will be subject to certain conditions contained in an underwriting agreement that we will enter into with the underwriters at the time of the sale to them. The underwriters will be obligated to purchase all of the securities of the series offered if any of the securities are purchased, unless otherwise specified in connection with any particular offering of securities. Any initial offering price and any discounts or concessions allowed, reallocated or paid to dealers may be changed from time to time.

We may designate agents to sell the offered securities. Unless otherwise specified in connection with any particular offering of securities, the agents will agree to use their best efforts to solicit purchases for the period of their appointment. We may also sell the offered securities to one or more remarketing firms, acting as principals for their own accounts or as agents for us. These firms will remarket the offered securities upon purchasing them

in accordance with a redemption or repayment pursuant to the terms of the offered securities. A prospectus supplement or pricing supplement, as the case may be will identify any remarketing firm and will describe the terms of its agreement, if any, with us and its compensation.

In connection with offerings made through underwriters or agents, we may enter into agreements with such underwriters or agents pursuant to which we receive our outstanding securities in consideration for the securities being offered to the public for cash. In connection with these arrangements, the underwriters or agents may also sell securities covered by this prospectus to hedge their positions in these outstanding securities, including in short sale transactions. If so, the underwriters or agents may use the securities received from us under these arrangements to close out any related open borrowings of securities.

Dealers

We may sell the offered securities to dealers as principals. We may negotiate and pay dealers commissions, discounts or concessions for their services. The dealer may then resell such securities to the public either at varying prices to be determined by the dealer or at a fixed offering price agreed to with us at the time of resale. Dealers engaged by us may allow other dealers to participate in resales.

Direct Sales

We may choose to sell the offered securities directly. In this case, no underwriters or agents would be involved.

Institutional Purchasers

We may authorize agents, dealers or underwriters to solicit certain institutional investors to purchase offered securities on a delayed delivery basis pursuant to delayed delivery contracts providing for payment and delivery on a specified future date. The applicable prospectus supplement or pricing supplement, as the case may be, will provide the details of any such arrangement, including the offering price and commissions payable on the solicitations.

We will enter into such delayed contracts only with institutional purchasers that we approve. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions.

Indemnification; Other Relationships

We may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking and investment banking transactions.

Market-Making, Stabilization and Other Transactions

There is currently no market for any of the offered securities, other than the common stock which is listed on the NYSE. If the offered securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the offered securities, such underwriter would not be obligated to do so, and any such market-making could be discontinued at any time without notice. Therefore, no assurance can be given as to whether an active trading market will develop for the offered securities.

We have no current plans for listing of the preferred stock or debt securities on any securities exchange or quotation system; any such listing with respect to any preferred stock or any debt securities will be described in the applicable prospectus supplement or pricing supplement, as the case may be.

Table of Contents

In connection with any offering of common stock, preferred stock, debt securities or securities that provide for the issuance of shares of our common stock upon conversion, exchange or exercise, as the case may be, the underwriters may purchase and sell shares of common stock, preferred stock or our debt securities in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of common stock in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. Covered short sales are sales of shares made in an amount up to the number of shares represented by the underwriters over-allotment option. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Transactions to close out the covered syndicate short involve either purchases of the common stock in the open market after the distribution has been completed or the exercise of the over-allotment option. The underwriters may also make naked short sales of shares in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing shares of common stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress for the purpose of pegging, fixing or maintaining the price of the securities.

In connection with any offering, the underwriters may also engage in penalty bids. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Fees and Commissions

In compliance with the guidelines of the Financial Industry Regulatory Authority, or FINRA, the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement or pricing supplement, as the case may be; however, it is anticipated that the maximum commission or discount to be received in any particular offering of securities will be significantly less than this amount.
