ITEM 1.01 Entry into a Material Definitive Agreement.

On November 20, 2018, AT&T Inc. (the Company) entered into a \$3.55 billion Term Loan Credit Agreement (the Term Loan) with Bank of America, N.A., as agent. The Company used the proceeds of the Term Loan to finance the repayment in part of loans outstanding under the Term Loan Credit Agreement, dated as of November 15, 2016, among the Company, the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent.

Advances will bear interest, at the Company's option, either:

at a variable annual rate equal to: (1) the highest of (but not less than zero) (a) the prime rate quoted by The Wall Street Journal, (b) 0.5% per annum above the federal funds rate, and (c) the London interbank offered rate (or the successor thereto) (LIBOR) applicable to dollars for a period of one month plus 1.00%, plus (2) an applicable margin, as set forth in the Term Loan (the Applicable Margin for Base Advances); or

at a rate equal to: (i) LIBOR (adjusted upwards to reflect any bank reserve costs) for a period of one, two, three or six months, as applicable, plus (ii) an applicable margin, as set forth in the Term Loan (the Applicable Margin for Eurodollar Rate Advances).

The Applicable Margin for Eurodollar Rate Advances under the Term Loan will be equal to 0.875%, 1.000% or 1.125% per annum depending on the Company's unsecured long-term debt ratings. The Applicable Margin for Base Advances will be equal to the greater of (x) 0.00% and (y) the relevant Applicable Margin for Eurodollar Rate Advances minus 1.00% per annum, depending on the Company's unsecured long-term debt ratings.

As of the date of this filing, the Company's unsecured long-term debt is rated BBB by S&P, Baa2 by Moody's and A- by Fitch, and, accordingly, the Applicable Margin for Eurodollar Rate Advances at this time is 1.000%. S&P, Moody's and Fitch may change their ratings at any time, and the Company disclaims any obligation to provide notice of any changes to these ratings.

In the event that the Company's unsecured long-term debt ratings are split by S&P, Moody's and Fitch, then the Applicable Margin for Eurodollar Rate Advances, the Applicable Margin for Base Advances, as the case may be, will be determined by the highest of the three ratings, except that in the event the lowest of such ratings is more than one level below the highest of such ratings, then the Applicable Margin for Eurodollar Rate Advances, the Applicable Margin for Base Advances, as the case may be, will be determined based on the level that is one level above the lowest of such ratings.

Repayment of all advances with respect to the Term Loan will be subject to amortization commencing two years and nine months after the date on which such advances are made, with 25 percent of the aggregate principal amount thereof being payable prior to the date that is four years and six months after the date on which such advances are made, and all remaining principal amount due and payable on the date that is four years and six months after the date on which such advances are made.

The Term Loan contains certain representations and warranties and covenants, including a limitation on liens covenant and, beginning in the first full fiscal quarter ending after the closing date, a net debt-to-EBITDA financial ratio covenant that the Company will maintain, as of the last day of each fiscal quarter, a ratio of not more than 3.5 to 1 of:

(A) all items that would be treated under accounting principles generally accepted in the United States (GAAP) as specified in the Term Loan as indebtedness on the Company's consolidated balance sheet minus the amount by which

the sum of (i) 100% of unrestricted cash and cash equivalents held by the Company and its subsidiaries in the United States, and funds available on demand by the Company and its subsidiaries in the United States (including but not limited to time deposits), and (ii) 65% of unrestricted cash and cash equivalents held by the Company and its subsidiaries outside of the United States, exceeds \$2 billion in the aggregate (or the avoidance of doubt, any cash and cash equivalents held by the Company and its subsidiaries outside of the United States shall not be considered restricted solely as a result of the repatriation of such cash and cash equivalents being subject to any legal limitation or otherwise resulting in adverse tax consequences to the Company), to

(B) the net income of the Company and its consolidated subsidiaries, determined on a consolidated basis for the four quarters then ended in accordance with GAAP, adjusted to exclude the effects of (a) gains or losses from discontinued operations, (b) any extraordinary or other non-recurring non-cash gains or losses (including non-cash restructuring charges), (c) accounting changes including any changes to Accounting Standards Codification 715 (or any subsequently adopted standards relating to pension and postretirement benefits) adopted by the Financial Accounting Standards Board after the date of the Term Loan, (d) interest expense, (e) income tax expense or benefit, (f) depreciation, amortization and other non-cash charges (including actuarial gains or losses from pension and postretirement plans), (g) interest income, (h) equity income and losses and (i) other non-operating income or expense. In the event the Company makes a Material Acquisition or a Material Disposition (each as defined in the Term Loan) during the relevant four quarter period, pro forma effect will be given to such material acquisition or material disposition, as if such material acquisition or material disposition occurred on the first day of such period.

Events of default under the Term Loan, which, if occurring after the advances are made, would result in the acceleration of or permit the lenders to accelerate, as applicable, required payment and which would increase the Applicable Margin for Eurodollar Rate Advances and the Applicable Margin for Base Advances by 2.00% per annum, whether automatically or upon the request of the requisite lenders, as applicable, include the following:

Failure to pay principal or interest, fees or other amounts under the Term Loan beyond any applicable grace period;

Material breaches of representations and warranties in the Term Loan;

Failure to comply with the preservation of corporate existence, visitation rights or reporting requirements specified under the Term Loan;

Failure to comply with the negative covenants or the net debt-to-EBITDA ratio covenant described above;

Failure to comply with other covenants under the Term Loan for a specified period after notice;

Failure to pay when due other debt of \$1 billion (or higher threshold amount under the Company's existing \$12 billion revolving credit agreement, but in no event higher than \$2 billion) (the Threshold Amount) after any applicable grace period, (2) the occurrence of any other event or condition under any agreement or instrument related to such other debt if the effect is to accelerate the maturity of such other debt or (3) the declaration of any such other debt to be due and payable prior to the stated maturity thereof or required to be prepaid or redeemed, purchased or defeased or an offer to prepay, redeem, purchase or defease is required to be made prior to the stated maturity thereof (clauses (2) and (3) are commonly referred to as cross-acceleration), except that no debt of a person that is merged into or consolidated with the Company or any subsidiary of the Company or that becomes a subsidiary of the Company is covered by this cross-acceleration provision for a period of 90 days after the date that such other debt becomes debt of the Company or any of its subsidiaries, and cross-acceleration does not apply to any prepayment or similar event resulting from a voluntary notice of prepayment or similar action;

Commencement by a creditor of enforcement proceedings within a specified period after a money judgment in excess of the Threshold Amount has become final unless such claim is otherwise insured;

Acquisition by any person or group of beneficial ownership of more than 50% of the Company common shares or a change of more than a majority of the Company's directors in any 24-month period other than as elected by the remaining directors;

Failure by the Company or certain affiliates to make certain minimum funding payments under the Employee Retirement Income Security Act of 1974, and such failure could reasonably be expected to subject the Company or any of its subsidiaries to liabilities in excess of the Threshold Amount; and

Specified events of bankruptcy or insolvency.

The description of the Term Loan contained in this Item 1.01 does not purport to be complete and is qualified in its entirety by reference to the Term Loan, which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

ITEM 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant

The disclosure under Item 1.01 is incorporated by reference into this Item 2.03.

ITEM 9.01 Financial Statements and Exhibits.
