## Item 8.01 Other Events

### *Settlement of Certain Litigation Relating to the Merger*

On or about February 8, 2019, a purported individual stockholder of Community 1st Bank ( CMYF ) filed a lawsuit in the Court for the First Judicial District of The State of Idaho, Kootenai County (the Court ), under the caption *Parshall v. Community 1st Bank, et. al.*, Case No. CV28-19-1063 (the Action ). The complaint, which was filed as a putative class action and derivative action on behalf of the individual plaintiff and the public stockholders of CMYF, alleges that the proxy statement/prospectus (the Proxy Statement/Prospectus ) forming a part of the Form S-4 Registration Statement filed by First Interstate BancSystem, Inc. ( First Interstate ) in connection with the proposed merger of CMYF with First Interstate Bank, the wholly-owned subsidiary of First Interstate, does not contain certain information alleged to be material to the CMYF stockholders concerning the proposed merger. The complaint asserts claims against CMYF s directors for breach of fiduciary duty, and against First Interstate for aiding and abetting the alleged breach of fiduciary duty. The complaint seeks, among other things, injunctive relief against consummation of the merger and additional, allegedly corrective disclosures as well as attorneys and expert fees.

Solely to avoid the costs, risks, nuisance and uncertainties inherent in litigation and to allow the CMYF stockholders to vote on the proposals required in connection with the proposed merger with First Interstate Bank at the CMYF special meeting of stockholders to be held on March 27, 2019 (the Special Meeting ), CMYF hereby supplements the disclosures contained in the Proxy Statement/Prospectus (the Additional Disclosures ). The Additional Disclosures are set forth below and should be read in conjunction with the Proxy Statement/Prospectus.

In light of the Additional Disclosures, plaintiff has agreed to dismiss the Action with prejudice as to his individual claims and without prejudice to the claims of the members of the putative class. In dismissing the Action, plaintiff has reserved the right to seek an award of attorneys fees from the Court.

The agreement to make the Additional Disclosures will not affect the merger consideration to be paid to CMYF s stockholders or the timing of the Special Meeting.

CMYF and the other defendants, including First Interstate, vigorously deny that the Proxy Statement/Prospectus is deficient in any respect and that the Additional Disclosures are material or required. CMYF and First Interstate believe that the claims asserted in the Action are without merit, and that the Additional Disclosures do not provide information required by the federal securities laws or Idaho law or that is material to the decision of the CMYF stockholders as to how to vote their shares at the Special Meeting. As noted above, the Additional Disclosures are being made solely to eliminate the burden, expense, and nuisance of further litigation, and to avoid any possible delay to the closing of the merger that might arise from further litigation. Nothing in this document shall be deemed an admission of the legal necessity or materiality under any applicable laws for any of the disclosures set forth herein.

**SUPPLEMENT TO PROXY STATEMENT/PROSPECTUS**

The following information supplements the Proxy Statement/Prospectus and should be read in connection with the Proxy Statement/Prospectus, which should be read in its entirety. *The first paragraph in the section entitled DESCRIPTION OF THE MERGER D.A. Davidson s Opinion to CMYF s Board of Directors Net Present Value Analysis for CMYF beginning on page 42 of the Proxy Statement/Prospectus is hereby amended and restated as follows:*

D.A. Davidson performed an analysis that estimated the net present value per share of CMYF common stock under various circumstances. The analysis assumed: (1) CMYF performed in accordance with CMYF management s financial forecasts for the years ending December 31, 2018 and December 31, 2019; and (2) an estimated long-term growth rate of 8% for the years thereafter, as discussed with and confirmed by CMYF management based on CMYF s historical performance and management s future expectations based on their professional judgment. To approximate the terminal value of CMYF common stock at December 31, 2023, D.A. Davidson applied price to earnings multiples ranging from 12.0x to 24.0x and multiples of tangible book value ranging from 130.0% to 180.0%, which were based on comparable companies and D.A. Davidson s professional judgment. The income streams and terminal values were then discounted to present values using different discount rates ranging from 13.00% to 18.00%, based on comparable companies and D.A. Davidson s professional judgement, and chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of CMYF s common stock. In evaluating the discount rate, D.A. Davidson used industry standard methods of adding the current risk-free rate, which is based on the 10-year Treasury yield, plus the published Duff & Phelps Industry Equity Risk Premium and the published Duff & Phelps Size Premium.

*The first paragraph in the section entitled Description of The Merger D.A. Davidson s Opinion to CMYF s Board of Directors Illustrative Net Present Value Analysis for CMYF beginning on page 43 of the Proxy Statement/Prospectus is hereby amended and restated as follows:*

For illustrative purposes, D.A. Davidson performed an analysis that estimated the net present value per share of CMYF common stock if reinvested in First Interstate, under various circumstances, including the impact of the merger with First Interstate. The analysis assumed (1) CMYF performed in accordance with management budget for the years ending December 31, 2018 and December 31, 2019, (2) an estimated long-term growth rate of 8% for the years thereafter, as discussed with and confirmed by CMYF management based on CMYF s historical performance and management s future expectations based on their professional judgment and (3) the pro forma financial impact of the merger with First Interstate including the cost savings estimates, purchase accounting adjustments and estimated transaction expenses, as discussed with and confirmed by CMYF and First Interstate managements. The analysis also assumed (1) First Interstate performed in accordance with publicly available consensus Street estimates for the years ending December 31, 2018 and December 31, 2019, and (2) an estimated long-term growth rate for the years thereafter, as discussed with and confirmed by CMYF and First Interstate management. To approximate the terminal value of CMYF common stock at December 31, 2023, D.A. Davidson applied price to earnings multiples of 12.0x to 22.0x and multiples of tangible book value ranging from 180.0% to 280.0% in both cases the valuation multiples were based on comparable companies and D.A. Davidson s professional judgment. The income streams and terminal values were then discounted to present values using different discount rates ranging from 7.90% to 12.90%, based on comparable companies and D.A. Davidson s professional judgement, and chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of CMYF s common. In evaluating the discount rate, D.A. Davidson used industry standard methods of adding the current risk-free rate, which is based on the 10-year Treasury yield, plus the published Duff & Phelps Industry Equity Risk Premium and the published Duff & Phelps Size Premium. In evaluating the pro forma net present value, D.A. Davidson also used the following merger assumptions provided by First Interstate:

Cost savings of 45.0% of CMYF s non-interest expense, with 100% of the cost savings realized in 2020;

Total pre-tax transaction expenses of \$2.5 million:

\$2.4 million in core deposit intangibles, amortized using sum of the years digits over 10 years; and

A \$2.1 million total loan mark.

*The first paragraph in the section entitled Description of The Merger D.A. Davidson s Opinion to CMYF s Board of Directors Financial Impact Analysis on pages 44-45 of the Proxy Statement/Prospectus is hereby amended and restated as follows:*

D.A. Davidson performed pro forma merger analyses that combined projected income statement and balance sheet information of CMYF and First Interstate. Assumptions regarding the accounting treatment, acquisition adjustments and cost savings were used to calculate the financial impact that the merger would have on certain projected financial results of First Interstate. In the course of this analysis, D.A. Davidson used the publicly available consensus Street estimates for First Interstate for the years ending December 31, 2018 and December 31, 2019, as shown below, and used management s budget for CMYF for the years ending December 31, 2018 and December 31, 2019 provided by CMYF management.

	<b>2018</b>	<b>2019</b>
First Interstate Net Income Earnings Estimates (In thousands)	\$ 179,494	\$ 198,899
First Interstate Earnings Per Share Estimates	\$ 2.96	\$ 3.28

In evaluating the Financial Impact Analysis, D.A. Davidson also used the following merger assumptions provided by First Interstate:

Cost savings of 45.0% of CMYF s non-interest expense, with 100% of the cost savings realized in 2020;

Total pre-tax transaction expenses of \$2.5 million;

\$2.4 million in core deposit intangibles, amortized using sum of the years digits over 10 years; and

A \$2.1 million total loan mark.

This analysis indicated that the merger is expected to be at least \$0.01 accretive to First Interstate s estimated earnings per share beginning in 2019, after excluding non-recurring transaction-related expenses. The analysis also indicated that the merger is expected to be approximately \$0.04 accretive to tangible book value per share for First Interstate and that First Interstate would maintain capital ratios in excess of those required for First Interstate to be considered well-capitalized under existing regulations. For all of the above analyses, the actual results achieved by CMYF and First Interstate prior to and following the merger will vary from the projected results, and the variations may be material.

*The last paragraph in the section entitled DESCRIPTION OF THE MERGER D.A. Davidson s Opinion to CMYF s Board of Directors Financial Impact Analysis on page 45 of the Proxy Statement/Prospectus is hereby amended and restated as follows:*

Davidson at the time of closing of the merger a contingent cash fee equal to 1.50% of the value of the aggregate consideration to be received by the holders of CMYF common stock and CMYF stock options. CMYF has also agreed to reimburse D.A. Davidson for all reasonable out-of-pocket expenses, including fees of counsel, and to indemnify D.A. Davidson and certain related persons against specified liabilities, including liabilities under the federal securities laws, relating to or arising out of its engagement. D.A.
