Table of Contents

Hawaiian Telcom Holdco, Inc.

Notes to Condensed Consolidated Financial Statements

(Unaudited)

1. Description of Business

Business Description

Hawaiian Telcom Holdco, Inc. and subsidiaries (the “Company”) is the incumbent local exchange carrier for the State of Hawaii with an integrated telecommunications network. The Company offers a variety of telecommunication services to residential and business customers in Hawaii including local telephone, network access and data transport, television, Internet, long distance and wireless phone service. The Company also provides communications equipment sales and maintenance, data center colocation and network managed services.

Organization

The Company has one direct wholly-owned subsidiary, Hawaiian Telcom Communications, Inc. which has two direct wholly-owned subsidiaries – Hawaiian Telcom, Inc. and Hawaiian Telcom Services Company, Inc. Hawaiian Telcom, Inc. operates the regulated local exchange carrier and Hawaiian Telcom Services Company, Inc. operates all other businesses.

2. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared by the Company in accordance with accounting principles generally accepted in the United States of America and pursuant to rules and regulations of the U.S. Securities and Exchange Commission. Certain information and disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted and condensed. In the opinion of the Company’s management, all adjustments (consisting of only normal and recurring accruals) have been made to present fairly the results of operations, comprehensive income, financial position and cash flows for the periods presented. The results of operations for the periods presented are not necessarily indicative of the results to be expected for the full year. Although the Company believes that the disclosures are adequate to make the information presented not misleading, these financial statements should be read in conjunction with the Company’s audited consolidated financial statements

as of and for the year ended December 31, 2014.

Cash and Cash Equivalents

Cash and cash equivalents include cash and money market accounts with maturities at acquisition of three months or less. The majority of cash balances at September 30, 2015 are held in one bank in demand deposit accounts. During the nine months ended September 30, 2015, funds amounting to \$0.4 million in a restricted cash account held in conjunction with a lease agreement provision were released and deposited into unrestricted cash.

Supplemental Non-Cash Investing and Financing Activities

Accounts payable included \$14.5 million and \$15.1 million at September 30, 2015 and 2014, respectively, for additions to property, plant and equipment.

Taxes Collected from Customers

The Company presents taxes collected from customers and remitted to governmental authorities on a gross basis, including such amounts in the Company's reported operating revenues. Such amounts represent primarily Hawaii state general excise taxes and Hawaii Public Utility Commission fees. Such taxes and fees amounted to \$2.1 million and \$6.1 million for the three and nine months ended September 30, 2015, and \$1.9 million and \$5.5 million for the three and nine months ended September 30, 2014, respectively.

Table of Contents

Earnings per Share

Basic earnings per share is based on the weighted effect of all common shares issued and outstanding, and is calculated by dividing earnings by the weighted average shares outstanding during the period. Diluted earnings per share is calculated by dividing earnings, adjusted for the effect, if any, from assumed conversion of all potentially dilutive common shares outstanding, by the weighted average number of common shares used in the basic earnings per share calculation plus the number of common shares that would be issued assuming conversion of all potentially dilutive common shares outstanding. The denominator used to compute basic and diluted earnings per share was as follows:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2015	2014	2015	2014
Basic earnings per share - weighted average shares	11,040,299	10,586,690	10,844,478	10,567,036
Effect of dilutive securities:				
Employee and director restricted stock units	19,045	122,530	76,058	153,752
Warrants	259,297	602,471	355,119	608,540
Diluted earnings per share - weighted average shares	11,318,641	11,311,691	11,275,655	11,329,328

The computation of weighted average dilutive shares outstanding excluded grants of restricted stock units convertible into 84,259 of common stock for the three months ended September 30, 2015. The unrecognized compensation on a per unit basis for these restricted stock units was greater than the average market price of the Company's common stock for the period presented. Therefore, the effect would be anti-dilutive. For the nine months ended September 30, 2015 and for the three and nine months ended September 30, 2014, there were no restricted stock units that were anti-dilutive to earnings per share.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board issued a new accounting standard which provides guidance for revenue recognition which was amended in July 2015. The amendment deferred the effective date for the Company to the first quarter of 2018 with either full retrospective or modified retrospective adoption permitted. Early adoption is allowed from the first quarter of 2017. The Company is currently evaluating the impact of the adoption of this accounting standard on the Company's financial position, results of operations and cash flows.

In April 2015, the FASB issued an accounting standard simplifying the presentation of debt issuance costs. The new standard requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability which is consistent with debt discounts. The standard requires retrospective adoption and will be effective beginning in the first quarter of 2016 for the Company. Early adoption is permitted. The Company is currently evaluating the impact and timing of adopting this new accounting standard and the impact it will have on the Company's financial position, results of operations and cash flows.

3. Receivables

Receivables consisted of the following (dollars in thousands):

	September 30, 2015	December 31, 2014
Customers and other	\$ 37,453	\$ 36,417
Allowance for doubtful accounts	(3,873)	(3,755)
	\$ 33,580	\$ 32,662

Table of Contents

4. Long-Lived Assets

Property, plant and equipment consisted of the following (dollars in thousands):

	September 30, 2015	December 31, 2014
Property, plant and equipment	\$ 910,799	\$ 843,589
Less accumulated depreciation	(338,557)	(277,633)
	\$ 572,242	\$ 565,956

Depreciation expense amounted to \$22.0 million and \$63.9 million for the three and nine months ended September 30, 2015, respectively. Depreciation expense amounted to \$19.0 million and \$55.1 million for the three and nine months ended September 30, 2014, respectively.

The gross carrying amount and accumulated amortization of identifiable intangible assets are as follows (dollars in thousands):

	September 30, 2015			December 31, 2014		
	Gross Carrying Value	Accumulated Amortization	Net Carrying Value	Gross Carrying Value	Accumulated Amortization	Net Carrying Value
Subject to amortization:

	\$ 49,329	\$ 13,875	\$ 35,454	\$ 49,329	\$ 12,001	\$ 37,328

Amortization expense amounted to \$0.6 million and \$1.9 million for the three and nine months ended September 30, 2015, respectively. Amortization expense amounted to \$0.7 million and \$2.2 million for the three and nine months ended September 30, 2014, respectively. Estimated amortization expense for the next five years and thereafter is as follows (dollars in thousands):

2015 (remaining months)	\$ 624
2016	2,101
2017	1,703
2018	1,308
2019	930
Thereafter	1,488
	\$ 8,154

5. Accrued Expenses and Other Current Liabilities

Accrued expenses consisted of the following (dollars in thousands):

	September 30, 2015	December 31, 2014
Salaries and benefits	\$ 11,750	\$ 15,910
Interest	2,531	2,550
Other taxes	1,050	939
	\$ 15,331	\$ 19,399

Table of Contents

Other current liabilities consisted of the following (dollars in thousands):

	September 30, 2015	December 31, 2014
Other postretirement benefits, current	\$ 2,660	\$ 2,660
Installment financing contracts, current	2,733	2,787
Other	1,237	1,343
	\$ 6,630	\$ 6,790

6. Long-Term Debt

Long-term debt consisted of the following (dollars in thousands):

	Interest Rate		September 30, 2015	December 31, 2014
	at September 30, 2015	Final Maturity		
Term loan	5.00	% June 6, 2019	\$ 293,888	\$ 296,138
Original issue discount			(3,136)	(3,715)
			290,752	292,423
Current			3,000	3,000
Noncurrent			\$ 287,752	\$ 289,423

The term loan outstanding at September 30, 2015 provides for interest at the Alternate Base Rate, a rate which is indexed to the prime rate with certain adjustments as defined, plus a margin of 3.00% or a Eurocurrency rate on deposits of one, two, three or six months but no less than 1.00% per annum plus a margin of 4.00%. The Company has selected the Eurocurrency rate as of September 30, 2015 resulting in an interest rate currently at 5.00%.

The term loan provides for interest payments no less than quarterly. In addition, quarterly principal payments of \$0.8 million are required. The balance of the loan is due at maturity on June 6, 2019. The Company must prepay, generally within three months after year end, 50% or 25% of excess cash flow, as defined. The percent of excess cash flow required is dependent on the Company's leverage ratio. The excess cash flow payment due for the year ended December 31, 2014 was not significant. The Company must also make prepayments on loans in the case of certain events such as large asset sales.

The Company also has a revolving credit facility which was extended on April 9, 2015 to mature on December 6, 2018. The facility has an available balance of \$30.0 million with no amounts drawn as of or for the periods ended September 30, 2015 and 2014. A commitment fee is payable quarterly to the lender under the facility. Interest on amounts outstanding is based on, at the Company's option, the bank prime rate plus a margin of 3.0% to 6.0% or the Eurocurrency rate for one, two, three or six month periods plus a margin of 4.0% to 5.5%. The margin is dependent on the Company's leverage, as defined in the agreement, at the time of the borrowing.

Maturities

The annual requirements for principal payments on long-term debt as of September 30, 2015 are as follows (dollars in thousands):

Years ended December 31,	
2015 (remainder of year)	\$ 750
2016	3,000
2017	3,000
2018	3,000
2019	284,138
	\$ 293,888

Table of Contents

Capitalized Interest

Interest capitalized by the Company amounted to \$0.3 million and \$0.8 million for the three and nine months ended September 30, 2015, respectively. Interest capitalized by the Company amounted to \$0.3 million and \$0.8 million for the three and nine months ended September 30, 2014, respectively.

7. Employee Benefit Plans

The Company sponsors a defined benefit pension plan, with benefits frozen as of March 1, 2012, and postretirement health and life insurance benefits for union employees. The Company also sponsors a cash balance pension plan for nonunion employees, with benefits frozen as of April 1, 2007, and certain management employees receive postretirement health and life insurance under grandfathered provisions of a terminated plan.

The following provides the components of benefit costs (income) for the three and nine months ended September 30, 2015 and 2014 (dollars in thousands):

Pension

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
Interest cost	\$ 2,107	\$ 2,208	\$ 6,164	\$ 6,624

Service cost	\$ 259	\$ 230	\$ 777	\$ 691
Interest cost	589	602	1,767	1,805
Amortization of loss	150	15	449	45
Net periodic benefit cost	\$ 998	\$ 847	\$ 2,993	\$ 2,541

Table of Contents

During the three and nine months ended September 30, 2015, the Company's pension plan for union employees paid lump-sum benefits to plan participants in full settlement of obligations due amounting to \$25.7 million and \$45.5 million, respectively. During the nine months ended September 30, 2015, the Company's pension plan for management employees paid lump sum benefits in full settlement amounting to \$0.6 million. The Company's pension plan for management employees paid such benefits for the first quarter of 2015 only. This resulted in the recognition of a loss on settlement for both pension plans amounting to \$4.1 million and \$6.4 million for the three and nine months ended September 30, 2015, respectively. Because of the settlements, the Company measured its union pension plan obligations and plan assets as of September 30, 2015. The Company had previously measured its union plan obligations and plan assets as of June 30, 2015 and March 31, 2015 and its management pension plan obligations and plan assets as of March 31, 2015 in determining its employee benefit obligations as of those dates. The Company used discount rates of 4.03%, 4.09% and 3.54% as of September 30, June 30 and March 31, 2015, respectively, to measure the union pension plan obligations. The Company used a discount rate of 3.57% to measure the management plan obligations as of March 31, 2015. The new measurements resulted in other comprehensive loss of \$9.0 million and \$ 7.3 million for the three and nine months ended September 30, 2015, respectively.

The Company previously disclosed in its consolidated financial statements for the year ended December 31, 2014 that it expected to contribute \$10.0 million to its pension plan in 2015. As of September 30, 2015, the Company has contributed \$7.6 million. The Company expects to contribute \$9.3 million for the year ended December 31, 2015. The lower expected contribution than previously reported is because of changes in funding requirements.

8. Income Taxes

The income tax provision (credit) differs from the amounts determined by applying the statutory federal income tax rate of 34% to the income before income tax provision for the following reasons (dollars in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
Income tax at federal rate	\$ 17	\$ 860	\$ 932	\$ 3,494
Increase (decrease) resulting from:				
State income taxes, net of federal income tax	3	101	116	411
Permanent difference for compensation limitation	14	177	242	531
Expense reflected in tax basis	(158)	—	53	—
Other permanent differences	55	1	209	249
Capital goods excise tax credit	15	(125)	(348)	(530)
Total income tax provision (credit)	\$ (54)	\$ 1,014	\$ 1,204	\$ 4,155

The Company evaluates its tax positions for liability recognition. As of September 30, 2015, the Company had no unrecognized tax benefits. No interest or penalties related to tax assessments were recognized in the Company's condensed consolidated statements of operations for the three and nine months ended September 30, 2015 or 2014. All tax years from 2011 remain open for both federal and Hawaii state tax purposes.

9. Stock Compensation

The Company has an equity incentive plan. The Compensation Committee of the Company's Board of Directors may grant awards under the plan in the form of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units and other stock-based awards. The maximum number of shares issuable under the equity incentive plan is 1,400,000 shares with 748,000 shares remaining to be issued at September 30, 2015. All grants under the equity incentive plan will be issued to acquire shares at the fair value on date of grant.

Table of Contents

As of September 30, 2015, all awards were restricted stock units. Activity with respect to outstanding restricted stock units for the nine months ended September 30, 2015 and 2014 was as follows:

	Shares	Weighted-Average Grant-Date Fair Value
2015		
Nonvested at January 1, 2015	245,752	\$ 27
Granted	140,909	26
Vested	(109,426)	28
Forfeited	(101,520)	26
Nonvested at September 30, 2015	175,715	\$ 26
2014		
Nonvested at January 1, 2014	260,734	18
Granted	155,146	31
Vested	(111,037)	25
Forfeited	(7,221)	23
Nonvested at September 30, 2014	297,622	\$ 24

The Company recognized compensation expense of \$0.2 million and \$1.1 million for the three and nine months ended September 30, 2015, respectively. The Company recognized compensation expense of \$1.0 million and \$3.1 million for the three and nine months ended September 30, 2014, respectively. The fair value as of the vesting date for the restricted stock units that vested during the nine months ended September 30, 2015 and 2014 was \$2.6 million and \$2.7 million, respectively. Upon vesting, unit holders have the option to net share-settle to cover the required withholding tax and the remaining amount is converted into an equivalent number of shares of common stock. The total shares withheld were 36,171 and 35,147 for the nine months ended September 30, 2015 and 2014, respectively, and were based on the value of the restricted stock units as determined by the Company's closing stock price on the date of vesting. Total payments for the employees' tax obligations to the tax authorities amounted to \$0.9 million and \$1.0 million for the nine months ended September 30, 2015 and 2014, respectively. Other than reimbursements for tax withholdings, there was no cash received under all share-based arrangements. In March 2014, the terms of certain restricted stock units were modified which resulted in the restricted stock units vesting as of the date of the modification. The Company recognized the incremental value of \$0.6 million as additional expense in the first quarter of 2014.

10. Stockholders' Equity

Warrants

In 2010, the Company issued warrants to purchase 1,481,055 shares of common stock for \$14.00 per share. The warrants to purchase shares were exercisable anytime from January 26, 2011 to the maturity on October 28, 2015. The warrants may be exercised on a cashless basis whereby a portion of the exercised warrants are tendered in lieu of payment for the exercise price. During the nine months ended September 30, 2015 and 2014, warrants were exercised on a cashless basis resulting in the issuance of 137,636 shares and 15,361 shares of common stock, respectively. In addition, another 238,697 warrants were exercised for cash consideration of \$3.3 million during the nine months ended September 30, 2015. Warrants to purchase 504,621 shares of common stock were outstanding at September 30, 2015.

Accumulated Other Comprehensive Income (Loss)

The changes in components of accumulated other comprehensive income (loss) are as follows (dollars in thousands):

	Unrealized Gain (Loss) on Investments	Retirement Plans	Total
Three Months Ended September 30, 2015			
July 1, 2015	\$ (64)	\$ (22,600)	\$ (22,664)
Other comprehensive income (loss) for 2015	(1)	(5,429)	(5,430)
September 30, 2015	\$ (65)	\$ (28,029)	\$ (28,094)
Nine Months Ended September 30, 2015			
January 1, 2015	\$ (64)	\$ (23,883)	\$ (23,947)
Other comprehensive income (loss) for 2015	(1)	(4,146)	(4,147)
September 30, 2015	\$ (65)	\$ (28,029)	\$ (28,094)
Three Months Ended September 30, 2014			
July 1, 2014	\$ (61)	\$ (4,801)	\$ (4,862)
Other comprehensive income (loss) for 2014	(3)	26	23
September 30, 2014	\$ (64)	\$ (4,775)	\$ (4,839)
Nine Months Ended September 30, 2014			
January 1, 2014	\$ (60)	\$ (4,656)	\$ (4,716)
Other comprehensive loss for 2014	(4)	(119)	(123)
September 30, 2014	\$ (64)	\$ (4,775)	\$ (4,839)

Reclassifications out of accumulated other comprehensive income (loss) for the three and nine months ended September 30, 2015 and 2014 were as follows (dollars in thousands):

Three Months Ended	Nine Months Ended
-----------------------	-------------------

Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

	September 30,		September 30,	
	2015	2014	2015	2014
Retirement plans				
Amortization of (gain) loss and settlement loss	\$ 4,292	\$ 43	\$ 6,820	\$ (202)
Income tax credit (charge) on comprehensive income	(1,631)	(17)	(2,592)	83
Net of tax	\$ 2,661	\$ 26	\$ 4,228	\$ (119)

The amortization of (gain) loss and settlement loss was recognized primarily in selling, general and administrative expense for the periods ended September 30, 2015 and 2014.

Table of Contents

11. Commitments and Contingencies

Trans-Pacific Submarine Cable

In August 2014, the Company entered into an agreement with several other telecommunication companies to build and operate a trans-Pacific submarine cable system. The total system cost is expected to be \$245 million and is primarily composed of a supply contract with the lead contractor. The Company will contribute \$25 million over the multi-year construction period in exchange for a fractional ownership in the system. In addition, the Company will construct a cable landing station in Hawaii and provide cable landing services. The system is expected to be completed in the first half of 2017. As of September 30, 2015, the Company had paid \$3.0 million to the cable contractor for construction with all such costs capitalized to telephone plant under construction.

The Company will have excess capacity on its share of the trans-Pacific cable that it will make available to other carriers for a fee. The Company is in the process of contracting with other carriers for long-term indefeasible right of use, or IRU, agreements for fiber circuit capacity. The Company may receive up-front payments for services to be delivered over a period of up to 25 years. The Company has entered into agreements for the sale of capacity for \$27.0 million plus fees to activate assigned capacity, and for operations and maintenance. As of September 30, 2015, the Company had received up-front payments of \$4.2 million. One of the capacity sale agreements requires \$2.0 million to be held in escrow. The funds in escrow will be released to the Company when the trans-Pacific cable is ready for service. The restricted cash is reflected in other assets in the condensed consolidated balance sheet. A liability to provide services in the future for the same amount is included in other liabilities.

Connect America Fund Phase II

In conjunction with reforming the Universal Service Fund, the Federal Communications Commission (“FCC”) established the Connect America Fund (“CAF”) which provides incremental support to broadband service providers. CAF Phase II is the long-term component of the program. In August 2015, the Company notified the FCC that it is accepting CAF Phase II support which amounts to \$4.4 million in annual funding. Support will be retroactive through the beginning of 2015, net of certain other receipts from the Universal Service Fund, and will continue for six years. Under the terms of the CAF Phase II, the Company will offer broadband service at 10 Mbps downstream and 1 Mbps upstream or better to approximately 11,000 eligible locations in high-cost areas in the State of Hawaii and will provide voice and broadband services at reasonable rates.

For the three and nine months ended September 30, 2015, the Company recognized \$2.2 million of the first year funds as revenue in the condensed consolidated statement of income.

Collective Bargaining Agreement

The Company has a collective bargaining agreement with the International Brotherhood of Electrical Workers Local 1357 (“IBEW”) that expires on December 31, 2017. The agreement covers approximately half of the Company’s work force.

Third Party Claims

In the normal course of conducting its business, the Company is involved in various disputes with third parties, including vendors and customers. The outcome of such disputes is generally uncertain and subject to commercial negotiations. The Company periodically assesses its liabilities in connection with these matters and records reserves for those matters where it is probable that a loss has been incurred and the loss can be reasonably estimated. Based on management’s most recent assessment, the Company believes that the risk of loss in excess of liabilities recorded is not material for all outstanding claims and disputes and the ultimate outcome of such matters will not have a material adverse effect on the Company’s results of operations, cash flows or financial position.

Table of Contents

Litigation

The Company is involved in litigation arising in the normal course of business. The outcome of litigation is not expected to have a material adverse impact on the Company's condensed consolidated financial statements.

12. Fair Value of Financial Instruments

The following method and assumptions were used to estimate the fair value of each class of financial instruments for which it is practical to estimate the fair value.

Cash and cash equivalents, accounts receivable and accounts payable – The carrying amount approximates fair value. The valuation is based on settlements of similar financial instruments all of which are short-term in nature and generally settled at or near cost. Cash is measured at Level 1.

Investment securities – The fair value of investment securities is based on quoted market prices. Investment securities are included in other assets on the condensed consolidated balance sheets.

Debt – The fair value of debt is based on the value at which the debt is trading among holders.

The estimated fair value of financial instruments is as follows (dollars in thousands):

	Carrying Value	Fair Value
September 30, 2015		
Assets - investment in U.S. Treasury obligations	\$ 809	\$ 809
Liabilities - long-term debt (carried at cost)	290,752	295,927
December 31, 2014		
Assets - investment in U.S. Treasury obligations	\$ 808	\$ 808
Liabilities - long-term debt (carried at cost)	292,423	296,908

Fair Value Measurements

Fair value for accounting purposes is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

Accounting standards establish a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

Assets measured at fair value on a recurring basis represent investment securities included in other assets. Liabilities carried at amortized cost with fair value disclosure on a recurring basis represent long-term debt. A summary is as follows (dollars in thousands):

	September 30, 2015	December 31, 2014
Asset value measurements using:		
Quoted prices in active markets for identical assets (Level 1)	\$ 809	\$ 808
Significant other observable inputs (Level 2)	—	—
Significant unobservable inputs (Level 3)	—	—
	\$ 809	\$ 808
Liability value measurements using:		
Quoted prices in active markets for identical liabilities (Level 1)	\$ —	\$ —
Significant other observable inputs (Level 2)	295,927	296,908
Significant unobservable inputs (Level 3)	—	—
	\$ 295,927	\$ 296,908

Table of Contents

13. Segment Information

The Company operates in two reportable segments of telecommunications and data center colocation. This conclusion is based on how resources are allocated and performance is assessed by the Chief Executive Officer, the Company's chief operating decision maker. The telecommunications segment provides local voice services, video, high-speed internet and long distance voice services. In addition, the segment provides network access which includes data transport. Various related telephony services are provided including equipment and managed services. The data center colocation segment provides physical colocation, virtual colocation and various related telephony services.

The following table provides operating financial information for the Company's reportable segments for the three and nine months ended September 30, 2015 and 2014 (dollars in thousands):

	Tele- communications	Data Center Colocation	Intersegment Elimination	Total
Three Months Ended September 30, 2015				
Operating revenues	\$ 98,475	\$ 2,762	\$ (332)	\$ 100,905
Depreciation and amortization	21,978	573	—	22,551
Operating income (loss)	4,352	(157)	—	4,195
Three Months Ended September 30, 2014				
Operating revenues	\$ 95,040	\$ 2,485	\$ (273)	\$ 97,252
Depreciation and amortization	19,298	419	—	19,717
Operating income (loss)	6,723	(103)	—	6,620
Nine Months Ended September 30, 2015				
Operating revenues	\$ 287,123	\$ 8,143	\$ (1,058)	\$ 294,208

Operating income (loss)	16,170	(794)	—	15,376
Capital expenditures	69,395	699	—	70,094
Nine Months Ended September 30, 2014				
Operating revenues	\$ 284,617	\$ 7,213	\$ (721)	\$ 291,109
Depreciation and amortization	56,078	1,243	—	57,321
Operating income (loss)	22,888	(238)	—	22,650
Capital expenditures	76,949	468	—	77,417

Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

Intersegment revenue represents primarily network access services provided by the telecommunications segment for data center colocation. For the three and nine months ended September 30, 2015 and 2014, total operating income above reconciles to the condensed consolidated statement of income as follows (dollars in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2015	2014	2015	2014
Operating income	\$ 4,195	\$ 6,620	\$ 15,376	\$ 22,650
Corporate other expense	(4,144)	(4,090)	(12,636)	(12,374)
Income before income tax provision	\$ 51	\$ 2,530	\$ 2,740	\$ 10,276

Table of Contents

Item 2. Management's Discussion and Analysis of
Financial Condition and Results of Operations

Forward-Looking Statements

This quarterly report contains forward-looking statements. These statements relate to future events or our future financial performance (including our anticipated cost structure) and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "expects," "intends," "plans," "anticipates," "believes," "estimates," "predicts," "potential," "continues," "assumption" or "assumes," or the negative of these terms or other comparable terminology. These statements (including statements related to our anticipated cost structure) are only predictions. Actual events or results may differ materially from those anticipated or projected due to a number of factors. These factors include, but are not limited to:

- failures in critical back-office systems and IT infrastructure or a breach of our data security systems;
- our ability to provide customers with reliable and uninterrupted service;
- our ability to fund capital expenditures for network enhancements;
 - our ability to maintain arrangements with third-party service providers;
- changes in regulations and legislation applicable to providers of telecommunications services;
- a reduction in rates we are allowed to charge our customers as dictated by regulatory authorities;
- changes in demand for our products and services;
- technological changes affecting the telecommunications industry;
- economic conditions in Hawaii;
- our ability to retain experienced personnel;
- our ability to utilize net operating loss carryforwards or fund tax payments;
- the effect our indebtedness could have on our financial condition;
- the effect of severe weather and natural disasters;
- the ability of shareholders to influence corporate decisions; and
- the effect future sales of a substantial amount of common stock may have on our stock price.

These and other factors may cause our actual results to differ materially from any forward-looking statement. Refer to our Annual Report on Form 10-K for a detailed discussion of risks that could materially adversely affect our business, financial condition and results of operations. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially adversely affect our business operations.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. These forward-looking statements are made

as of the date of issuance of these quarterly condensed consolidated financial statements, we assume no obligation to update or revise them or to provide reasons why actual results may differ.

We do not undertake any responsibility to release any revisions to these forward-looking statements to take into account events or circumstances that occur after the date of issuance of these quarterly condensed consolidated financial statements. Additionally, we do not undertake any responsibility to update you on the occurrence of any unanticipated events which may cause actual results to differ from those expressed or implied by the forward-looking statements contained in this quarterly report.

Background

In the following discussion and analysis of financial condition and results of operations, unless the context otherwise requires, “we,” “us” or the “Company” refers, collectively, to Hawaiian Telcom Holdco, Inc. and its subsidiaries.

Table of Contents

Segments and Sources of Revenue

We operate in two reportable segments (telecommunication and data center colocation) based on how resources are allocated and performance is assessed by our chief operating decision maker. Our chief operating decision maker is our Chief Executive Officer.

Telecommunications

The telecommunications segment derives revenue from the following sources:

Local Telephone Services – We receive revenue from providing local exchange telephone services. These revenues include monthly charges for basic service, local private line services and enhanced calling features such as voice mail, caller ID and 3-way calling.

Network Access Services – We receive revenue for access to our network for wholesale carrier data, business customer data including Dedicated Internet Access, switched carrier access and subscriber line charges imposed on end users. Switched carrier access revenue compensates us for origination, transport and termination of calls for long distance and other interexchange carriers.

High-Speed Internet (“HSI”) Services – We provide HSI to our residential and business customers.

Video Services -- Our video services marketed as Hawaiian Telcom TV is an advanced entertainment service.

Long Distance Services – We receive revenue from providing long distance services to our customers.

Equipment and managed services – We provide installation and maintenance of customer premise equipment as well as managed service for customer telephone and IT networks.

Wireless -- We receive revenue from wireless services, including the sale of wireless handsets and other wireless accessories.

Data Center Colocation

The data center colocation segment provides physical colocation, virtual colocation and various related telephony services.

Table of Contents

Results of Operations for the Three and Nine Months Ended September 30, 2015 and 2014

Operating Revenues

The following tables summarize our volume information (lines or subscribers) as of September 30, 2015 and 2014, and our operating revenues for the three and nine months ended September 30, 2015 and 2014. For comparability, we also present volume information as of September 30, 2015 compared to June 30, 2015.

A decrease in local voice services revenues for both the three and nine month periods was caused by the continued decline of voice access lines. Continued competition in the telecommunications industry has increasingly resulted in customers using technologies other than traditional phone lines for voice and data. Residential customers are increasingly using wireless services in place of traditional wireline phone services as well as moving local voice service to VoIP technology offered by competitors. Generally, VoIP technology offered by cable providers is less expensive than traditional wireline phone service, requiring us to respond with more competitive pricing. Additionally, Competitive Local Exchange Carriers (CLECs) and our cable competitor continue to focus on business customers and selling services to our customer base.

In an effort to slow the rate of line loss, we are continuing retention and acquisition programs, and are increasingly focusing efforts on bundling of services. We have instituted various “saves” tactics designed to focus on specific circumstances where we believe customer churn is controllable. These tactics include targeted offers to “at risk” customers as well as other promotional tools designed to enhance customer retention. We also emphasize win-back and employee referral programs. Additionally, we are intensifying our efforts relative to developing tools and training to enhance our customer service capability to improve customer retention and growth.

Business data revenues for the three and nine months ended September 30, 2015 increased when compared to the same periods in the prior year as demand for data services continues to grow. Wholesale carrier data revenue for the nine months ended September 30, 2015 decreased when compared to the nine months ended September 30, 2014. This was primarily because of various customer special service charges in the second quarter of 2014. Wholesale carrier revenue for the three months ended September 30, 2015 was generally comparable to the same period in the prior year. The impact of the decline in voice access lines is reflected in subscriber line access charges.

Table of Contents

Switched carrier access revenue includes government subsidies from the Universal Service Fund. In conjunction with reforming the Universal Service Fund, the Federal Communications Commission (“FCC”) established the Connect America Fund (“CAF”) which provides incremental support to broadband service providers. CAF Phase II is the long-term component of the program. In August 2015, we notified the FCC that we have accepted CAF Phase II support which amounts to \$4.4 million in annual funding. This support is retroactive through the beginning of 2015 and will continue for six years. Under the terms of the CAF Phase II, we will offer broadband service at 10 Mbps downstream and 1 Mbps upstream or better to approximately 11,000 eligible locations in high-cost areas in the State of Hawaii and will provide voice and broadband services at reasonable rates. As of September 30, 2015, we recognized \$2.2 million of the first year funds as revenue in the condensed consolidated statement of income.

HSI revenues increased for the three and nine months ended September 30, 2015 when compared to the prior year periods as a result of a 1.0% year-over-year increase in total HSI subscribers, a rate increase as well as premium pricing on higher bandwidth offerings.

We are continuing the roll out of Hawaiian Telcom TV to selected areas on Oahu as we expand the number of homes enabled. Our volume is increasing as more homes become enabled for video service. We expect to expand both the availability and the capabilities of our Hawaiian Telcom TV service over the next several years through additional capital investment and innovation.

The decrease in long distance revenue for the three and nine months ended September 30, 2015 compared to the prior year periods was primarily because of the decline in long distance lines and customers moving to wireless and VoIP based technologies for long distance calling.

Equipment and managed services revenues increased for both the three and nine months ended September 30, 2015 when compared to the same periods in the prior year because of large contract installations for certain institutional customers. Revenue from equipment sales varies from period to period based on the volume of large installation projects.

Wireless revenues and other service revenues decreased for the three and nine months ended September 30, 2015 compared to the prior year periods as we focus our marketing efforts on other telecommunication and data center services.

Data center colocation revenues increased for the three and nine months ended September 30, 2015 when compared to the prior year periods as a result of year-over-year increased virtual colocation services and data security related sales.

Operating Costs and Expenses

The following tables summarize our costs and expenses for all segments and by segments for the three and nine months ended September 30, 2015 compared to the costs and expenses for the three and nine months ended September 30, 2014 (dollars in thousands):

	Three Months Ended		Change Amount	Percentage	
	September 30, 2015	2014			
Cost of revenues (exclusive of depreciation and amortization)	\$ 41,013	\$ 42,621	\$ (1,608)	(3.8)	%
Selling, general and administrative expenses	33,146	28,294	4,852	17.1	%
Depreciation and amortization	22,551	19,717	2,834	14.4	%
	\$ 96,710	\$ 90,632	\$ 6,078	6.7	%
By segment —					
Data center colocation	\$ 2,919	\$ 2,588	\$ 331	12.8	%
Telecommunications	93,791	88,044	5,747	6.5	%
	\$ 96,710	\$ 90,632	\$ 6,078	6.7	%

Table of Contents

	Nine Months Ended		Change Amount	Percentage	
	September 30, 2015	2014			
Cost of revenues (exclusive of depreciation and amortization)	\$ 120,415	\$ 124,858	\$ (4,443)	(3.6)	%
Selling, general and administrative expenses	92,645	86,280	6,365	7.4	%
Depreciation and amortization	65,772	57,321	8,451	14.7	%
	\$ 278,832	\$ 268,459	\$ 10,373	3.9	%
By segment —					
Data center colocation	\$ 8,937	\$ 7,451	\$ 1,486	19.9	%
Telecommunications	269,895	261,008	8,887	3.4	%
	\$ 278,832	\$ 268,459	\$ 10,373	3.9	%

The increase in operating costs and expenses for the data center colocation segment for the three and nine months ended September 30, 2015 compared to the same periods in the prior year is because of greater costs for leased circuits of \$0.1 million and \$0.4 million, respectively, with increased service volumes. In addition, for the three and nine month periods, depreciation increased \$0.2 million and \$0.4 million, respectively, on asset additions in our data center to support expected business growth.

The change in operating costs and expenses for the telecommunications segment for the three and nine months ended September 30, 2015 compared to the same periods in 2014 are the same as those below explaining changes in costs and expenses for all segments.

The Company's total number of employees as of September 30, 2015 was 1,287 compared to 1,388 as of September 30, 2014. Employee related costs are included in both cost of revenues and selling, general and administrative expenses.

Cost of revenues consists of costs we incur to provide our products and services including those for operating and maintaining our networks, installing and maintaining customer premise equipment, and cost of services sold directly associated with various products. Costs of revenue for the three months ended September 30, 2015 decreased when compared to the prior year period because of lower wages and benefits of \$1.8 million on lower headcount from natural attrition. In addition, costs declined on lower electricity charges of \$1.2 million on lower rates and usage from various power saving initiatives. These decreases were offset by increased content costs for Hawaiian Telcom TV of \$1.2 million as we add subscribers. Costs of revenues for the nine months ended September 30, 2015 decreased from the prior year period for the same reasons including a decline in wages and benefits of \$4.3 million and lower electricity costs of \$4.0 million, which were offset by an increase in content costs for Hawaiian Telcom TV of \$4.5 million.

Selling, general and administrative expenses include costs related to sales and marketing, information systems and other administrative functions. For the three and nine months ended September 30, 2015, the increase is because of the pension settlement loss of \$4.1 million and \$6.4 million, respectively. The settlement loss occurred because of a large number of employee retirements in 2015.

Depreciation and amortization for the three month and nine month periods ended September 30, 2015 was higher than the same periods in the prior year because of asset additions to support growth in the business for next-generation services such as video, and higher speed internet and data.

Table of Contents

Other Income and (Expense)

The following tables summarize other income (expense) for the three and nine months ended September 30, 2015 and 2014 (dollars in thousands).

	Three Months Ended		Change		
	September 30, 2015	2014	Amount	Percentage	
Interest expense	\$ (4,148)	\$ (4,103)	\$ (45)	1.1	%
Interest income and other	4	13	(9)	(69.2)	%
	\$ (4,144)	\$ (4,090)	\$ (54)	1.3	%

	Nine months ended		Change		
	September 30, 2015	2014	Amount	Percentage	
Interest expense	\$ (12,651)	\$ (12,401)	\$ (250)	2.0	%
Interest income and other	15	27	(12)	(44.4)	%
	\$ (12,636)	\$ (12,374)	\$ (262)	2.1	%

Interest expense increased for the three and nine month periods because of interest on new installment financing incurred at the end of 2014. Interest capitalized amounted to \$0.3 million and \$0.8 million for the three and nine months ended September 30, 2015, respectively. Interest capitalized amounted to \$0.3 million and \$0.8 million for the three and nine months ended September 30, 2014, respectively.

Income Tax Provision

We had effective tax rates of 43.9% and 40.4% for the nine months ended September 30, 2015 and 2014, respectively. The effective tax rate for the three months ended September 30, 2015 is not meaningful given the relatively low level of pretax income. The effective tax rates increased for the year-to-date periods as permanent differences between financial reporting and income tax income, primarily related to non-deductible compensation, increased relative to pretax income. We consider a variety of factors in determining the effective tax rate, including our forecasted full-year pretax results, the U.S. federal statutory rate, expected nondeductible expenses and estimated state taxes.

As of December 31, 2014, net operating losses available for carry forward through 2034 amounted to \$105.9 million for federal tax purposes and \$113.1 million for state tax purposes. Availability of net operating losses in future periods may be subject to additional limitations if there is a deemed change in control for income tax reporting purposes. Such change in control is determined for income tax reporting purposes based on cumulative changes in stock ownership over a defined period.

Liquidity and Capital Resources

As of September 30, 2015, we had cash of \$28.8 million. From an ongoing operating perspective, our cash requirements in 2015 consist of supporting the development and introduction of new products, capital expenditure projects, pension funding obligations and other changes in working capital. A combination of cash-on-hand and cash generated from operating activities will be used to fund our cash requirements.

Table of Contents

We have continued to take actions to conserve cash and improve liquidity. Efforts have also been taken to generate further operating efficiencies and focus on expense management. We have focused on improving operating results, including efforts to simplify product offerings, improve our customer service experience and increase our revenue enhancement activities. There can be no assurance that these additional actions will result in improved overall cash flow. We continue to have sizable retirement obligations for our existing employee base. Any sustained declines in the value of pension trust assets or continued higher levels of pension lump sum benefit payments will increase the magnitude of future plan contributions.

Agreements with the Hawaii Public Utilities Commission and the debt agreements of Hawaiian Telcom Communications, Inc. limit the ability of our subsidiaries to pay dividends to the parent company and restrict the net assets of all of our subsidiaries. This can limit our ability to pay dividends to our shareholders. As the parent company has no operations, debt or other obligations, this restriction has no other immediate impact on our operations.

Cash Flows for Nine Months Ended September 30, 2015 and 2014

Our primary source of funds continues to be cash generated from operations. We use the net cash generated from operations to fund network expansion and modernization. We expect that our capital spending requirements will continue to be financed through internally generated funds. We also expect to use cash generated in future periods for debt service. Additional debt or equity financing may be needed to fund additional development activities or to maintain our capital structure to ensure financial flexibility.

Net cash provided by operations amounted to \$65.6 million for the nine months ended September 30, 2015. Our cash flows from operations are impacted by our results of operations, changes in working capital and payments on certain long-term pension liabilities. Net cash provided by operations amounted to \$61.8 million for the nine months ended September 30, 2014. The increase in cash provided by operations was because of a decline in contributions to our pension plans of \$1.1 million from the nine months ended September 30, 2014 to the nine months ended September 30, 2015. In addition, during the nine months ended September 30, 2015, we received \$2.2 million on an advance billing on long-term fiber circuit capacity for our trans-Pacific submarine cable system.

Cash used in investing activities for the nine months ended September 30, 2015 was primarily comprised of capital expenditures of \$76.7 million. Cash used in investing activities included capital expenditures of \$76.5 million for the nine months ended September 30, 2014. The level of capital expenditures for 2015 is expected to be in the high-\$90 million range as we invest in systems to support new product introductions and transform our network to enable next-generation technologies.

Cash used in financing activities for the nine months ended September 30, 2015 and 2014 was related primarily to the repayment of our debt and satisfaction of other obligations. In addition, we received \$3.3 million upon the exercise of warrants for cash during the nine months ended September 30, 2015. In October 2015, we received an additional \$3.3 million upon the exercise of warrants for cash before the warrant expiration on October 28, 2015.

Outstanding Debt and Financing Arrangements

As of September 30, 2015, we had outstanding \$293.9 million in aggregate long-term debt with a maturity date of June 2019. We do not expect to generate the necessary cash flow from operations to repay the facility in its entirety by the maturity date and repayment is dependent on our ability to refinance the credit facility at reasonable terms. The ability to refinance the indebtedness at reasonable terms before maturity cannot be assured.

Contractual Obligations

During the nine months ended September 30, 2015, the Company's future contractual obligations have not changed materially from the amounts disclosed as of December 31, 2014 in our Form 10-K.

We do not maintain any off balance sheet financing or other arrangements.

Table of Contents

Critical Accounting Policies and Estimates

The preparation of condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the consolidated financial statements. Changes in these estimates and assumptions are considered reasonably possible and may have a material effect on the condensed consolidated financial statements and thus actual results could differ from the amounts reported and disclosed herein. The Company's critical accounting policies that require the use of estimates and assumptions were discussed in detail in our Annual Report on Form 10-K for the year ended December 31, 2014, and have not changed materially from that discussion.

30

Table of Contents

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As of September 30, 2015, our floating rate obligations consisted of \$293.9 million of debt outstanding under our term loan facility. Accordingly, our earnings and cash flow are affected by changes in interest rates. Based on our borrowings at September 30, 2015 and assuming a 1.0 percentage point increase or decrease in the average interest rate under these borrowings, we estimate that our annual interest expense would increase or decrease by approximately \$2.9 million.

Table of Contents

Item 4. Controls and Procedures

Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures

Scott K. Barber, our Chief Executive Officer, and Dan T. Bessey, our Chief Financial Officer, have evaluated the disclosure controls and procedures of Hawaiian Telcom Holdco, Inc. (the “Company”) as of September 30, 2015. Based on their evaluation, as of September 30, 2015, they have concluded that the disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) were effective in ensuring that information required to be disclosed by the Company in reports the Company files or submits under the Securities Exchange Act of 1934:

- (1) is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and
- (2) is accumulated and communicated to the Company’s management, including the Company’s principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There have been no changes in internal control over financial reporting during the quarter ended September 30, 2015 that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.

Certifications

The certifications attached hereto as Exhibits 31.1, 31.2, 32.1 and 32.2 should be read in conjunction with the disclosures set forth herein.
