Item 7.01 Regulation FD

On March 3, 2010, the Company received notification from its re-marketing agent that its City of Montgomery, AL, Series 1997 and Series 2002 Industrial Revenue Bonds with an approximate aggregate balance of \$3,250,000, were sold to various bondholders. As previously disclosed, these bonds were tendered back to the Company during February 2009 resulting in a default interest rate of approximately prime rate. As a result of the re-marketing, the current interest rate is approximately 2 percent per annum and will adjust weekly, based on prevailing trends in the tax exempt interest market. These bonds are backed with a Letter of Credit from Regions Bank. Under the terms of the Letter of Credit, Regions Bank is obligated to pay the bondholders, if tendered. There had been no default on these bonds by the Company. It is our understanding that the bonds had been previously tendered, as a result of liquidity needs of the various bondholders. The re-marketing of the bonds is indicative of the public's confidence in the Company and Regions Bank.
