Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

ITEM 8.01 – OTHER EVENTS

On December 2, 2010, Ocean Bio-Chem, Inc. (the "Company") reached an agreement to redeem a warrant to purchase 500,000 shares of its common stock ("Warrant") from its President and CEO Peter G. Dornau (the "President").

In conjunction with the extension of a subordinated revolving credit facility to the Company by the President on December 6, 2005, the Company issued to the President a warrant to purchase 500,000 shares of common stock, par value one cent (.01) per share, of the Company at an exercise price of \$0.836 per share, representing the closing price of the Company's common stock on the Nasdaq Exchange on December 5, 2005 plus ten percent (10%).

The President gave notice of his intent to exercise the Warrant on November 30, 2010. The Board of Directors of the Company ("Board") proposed an alternative to the President that the Board deemed to be more beneficial to the Company, and have been negotiating with the President.

The Board determined that to redeem the Warrant would be beneficial to the shareholders, primarily because of its anti-dilutive effect.

The independent Audit Committee of the Board approved the redemption of the Warrant on December 2, 2010 for the difference between the Warrant exercise price and the closing price for the shares on December 6, 2010.

On December 2, 2010, the full Board, with the President abstaining, authorized the redemption of the Warrant for a total redemption price of \$471,950, which price represents the difference between the exercise price of the Warrant and the closing price of the common stock on December 6, 2010. The closing of the redemption will occur as soon as practicable.

Date: December 8, 2010
