Item 1.01 Entry into a Material Definitive Agreement

At a meeting held on December 21, 2005, the Compensation/Nomination Committee (the Committee) of the Board of Directors of the Company determined by unanimous vote to accelerate the vesting of all of the Company's currently outstanding unvested stock options, effective immediately. These options are compensatory options previously granted to employees to purchase shares of the Company's common stock.

The Committee also decided at the meeting to postpone its consideration of compensatory stock grants for 2005 until a later meeting, pending their analysis of a third party review of the Company's Long Term Incentive Plan (LTIP). The Committee has retained an independent professional group to perform an evaluation of the LTIP, its administration and process.

The stock options subject to acceleration relate to approximately 99,000 shares. Approximately 50% of the accelerated options have an exercise price above the closing price of the Company's common stock on December 21, 2005, the effective date of the acceleration, which was \$26.99.

The action to accelerate the vesting of the stock options was made to eliminate the non-cash compensation expense that would otherwise have been recognized by the Company in the 2006-2008 period, due to the required adoption of FASB Statement 123(R) on January 1, 2006. The Company anticipates that the amount of compensation expense, net of tax, that would otherwise have been recognized is approximately \$670,000 in the aggregate. The Company believes this action is in the best interests of its shareholders. The Company will recognize a one-time expense in 2005 as a result of the acceleration, which is expected to be de minimis.

Also on December 21, 2005, Committee of the Board of Directors of the registrant granted a one-year extension of the employment agreements between the registrant and its two top executive officers, Thomas L. Hoy, Chairman, President and Chief Executive Officer, and John J. Murphy, Executive Vice President, Treasurer and Chief Financial Officer. All provisions of the contracts, including the base salary, will remain the same in 2006 as in 2005.

The Committee also approved renewed change-in-control agreements between the Company and two other executive officers, John C. Van Leeuwen, Senior Vice President and Chief Credit Officer, and Gerard R. Bilodeau, Senior Vice President and Corporate Secretary. These agreements do not provide for continuing employment, salary or benefits on the part of the executive, but merely specify that in the event of a change-in-control of the registrant, they will receive

certain payments and benefits. Specifically, under these agreements, if there is a change-in-control of the registrant, the executive would be entitled to receive a lump sum cash payment equal to two years' base salary, plus certain continuing insurance coverage.
