Corporate Governance Highlights

• More than 80% of directors are independent

• Independent Presiding Director

• All members of Compensation, Corporate Governance and Audit Committees are independent

• Annual election of the entire Board

• Majority voting with a director resignation policy for directors in uncontested elections

• Robust executive and director stock ownership guidelines

• No incumbent director nominee attended less than 75% of Board and Committee meetings held in 2016 during such director’s period of service

• Policy requiring annual performance evaluation of the Board

2016 Company Performance

During 2016, our Company's net revenues totaled \$8.7 billion and grew 2% compared to 2015, our net income was \$163 million, and our Adjusted EBITDA was \$838 million. Our 2016 Adjusted EBITDA was below the 2016 business plan goal we set for ourselves and lower than our 2015 Adjusted EBITDA by 7%, primarily due to higher per-unit fleet costs, lower pricing and a \$28 million negative impact from currency movements.

In 2016, we also returned capital to our shareholders through the repurchase of \$390 million of our Common Stock, reducing our shares outstanding by approximately 12.3 million shares, or 13%. Since the inception of our current share repurchase program in 2013, we have repurchased more than \$1.0 billion of our shares, reducing shares outstanding by more than 20%. Our stock price remained stable in 2016, increasing by 1% from December 31, 2015 to December 31, 2016.

In 2016, we, in conjunction with our Board of Directors, updated our corporate strategy, and our strategic initiatives, including with respect to operational efficiency and mobility services, delivered meaningful benefits. For 2017, consistent with our updated strategy, we intend to continue to apply our brands, technology and people to drive profitable growth, while further building our position in the evolving mobility landscape.

2016 Compensation for our Named Executive Officers

Overall, named executive officer compensation decreased for 2016 compared to 2015. The decrease was partially driven by our 2016 Adjusted EBITDA results, which, in keeping with our pay-for-performance philosophy, resulted in annual incentive payouts that were well below target, ranging between 44% and 68% of target. In addition, 2016 compensation reflects the absence of special promotion equity incentive awards granted in 2015. The special awards were granted in connection with the implementation of our 2015 succession plan, pursuant to which Larry D. De Shon became the Company's Chief Executive Officer, effective January 1, 2016, succeeding Ronald L. Nelson.

Mr. Nelson continued to serve as the Company's Executive Chairman in 2016 to ensure a smooth transition of CEO responsibilities and to serve as an ongoing resource to Mr. De Shon and the Board of Directors. In addition, David B. Wyshner assumed the role of the Company's President, effective January 1, 2016, adding to his responsibilities as Chief Financial Officer. In 2016, Mark J. Servodidio and Joseph A. Ferraro continued to lead the Company's International and Americas regions, respectively. Mr. Servodidio assumed the role of President, International on October 1, 2015 and Mr. Ferraro assumed the role of President, Americas on January 1, 2015.

About the Annual Meeting

Why am I receiving these proxy materials?

The Board of Directors of Avis Budget Group, Inc. (the “Company” or “Avis Budget”) is soliciting your vote at the 2017 Annual Meeting of Stockholders, and any adjournment or postponement thereof (the “Meeting”), to be held Tuesday, May 16, 2017 at 9:30 a.m. Eastern Time, at the DoubleTree by Hilton Downtown Wilmington- Legal District, 700 N. King Street, Wilmington, Delaware 19801, for the purposes set forth in this Proxy Statement.

On or about March 28, 2017, the Company will first mail to certain stockholders of record the Notice of Internet Availability of Proxy Materials containing instructions on how to access this Proxy Statement online, or in the alternative, request a paper copy of the proxy materials and a proxy card, and also will first mail to certain other stockholders this Proxy Statement and proxy card.

What items will I be voting on and what are the Board’s voting recommendations?

Proposal	Board’s Voting Recommendation
No. 1: Election of Directors (see page 44)	FOR each nominee
No. 2: Ratification of Appointment of Auditors (see pages 45-46)	FOR
No. 3: Advisory Approval of the Compensation of our Named Executive Officers (see page 47)	FOR
No. 4: Advisory Vote on the Frequency of Say on Pay Votes (see page 48)	ONCE EVERY YEAR (“1 YEAR”)

Could other matters be decided at the Meeting?

The Board of Directors is not aware of any other matters to be brought before the Annual Meeting. However, if any other matters properly come before the Meeting, the individuals named as proxies, or their duly constituted substitutes acting at the Meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment on such matters.

How many votes do I have?

You will have one vote for every share of the Company’s common stock, par value \$0.01 per share (the “Common Stock”), you owned as of the close of business on March 20, 2017 (the “Record Date”).

How many votes can be cast by all stockholders?

85,451,215 votes, consisting of one vote for each of the Company’s shares of Common Stock that were outstanding on the Record Date. There is no cumulative voting, and the holders of the Common Stock vote together as a single class.

How many votes must be present to hold the Meeting?

One-third of the outstanding shares of Common Stock entitled to vote at the Meeting, or 28,483,738 votes, must be present, in person or by proxy, to constitute a quorum at the Meeting. Abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present.

How many votes are required to elect directors and adopt the other proposals?

Proposal	Vote Requirement	Impact of Abstentions
No. 1: Election of Directors	<p>1 Uncontested Election: Directors are elected by a majority of votes cast (number of votes cast “for” each nominee must exceed the number of votes cast “against” that nominee)</p> <p>1 Contested Election: Plurality of shares present, in person or by proxy, and entitled to vote</p>	Not counted as votes cast “for” or “against” and will have no effect on the outcome
No. 2: Ratification of Appointment of Auditors	Majority of shares present, in person or by proxy, and entitled to vote	Counted and will have the same effect as a vote against such proposal
No. 3: Advisory Approval of the Compensation of our Named Executive Officers	Majority of shares present, in person or by proxy, and entitled to vote	Counted and will have the same effect as a vote against such proposal
No. 4: Advisory Vote on the Frequency of Say on Pay Votes	<p>Majority of shares present, in person or by proxy, and entitled to vote. Because this proposal has three choices (every three years, every two years or every one year), if none of the frequency alternatives receives the vote of the majority of shares present in person or by proxy and entitled to vote, then we will consider stockholders to have approved the frequency alternative selected by holders of a plurality of shares present in person or by proxy and entitled to vote</p>	Counted and will have the same effect as a vote against such proposal

Under the by-laws of the Company, each incumbent director is required to submit a contingent, irrevocable resignation that the Board of Directors may accept if the director fails to receive the required vote for election or re-election in an uncontested election. The Corporate Governance Committee is required to make a recommendation to the Board as to the action to be taken with respect to the tendered resignation. The Board is required to act on the resignation within 90 days of the date of certification of election results.

A broker non-vote occurs when a broker does not have discretion to vote on a particular proposal and the broker has not received instructions from the beneficial owner of the shares of common stock as to how to vote on such proposal. If you hold your shares of Common Stock in “street name” and do not provide voting instructions to your broker within the required time frame before the Annual Meeting, your shares of Common Stock will not be voted by the broker for Proposal Nos. 1, 3 or 4, but the broker will have the discretion to vote your shares of Common Stock on Proposal No. 2. As a result, broker non-votes will have no effect on the outcome of Proposal Nos. 1, 3 or 4.

Why did certain stockholders receive in the mail a one-page Notice regarding Internet availability of this Proxy Statement rather than a printed copy?

To conserve natural resources and reduce costs, we are sending to a portion of our stockholders, based on ownership level, a Notice containing instructions on how to access this Proxy Statement online, as permitted by Securities and Exchange Commission (“SEC”) rules. If you received a Notice of Internet Availability by mail, you will not receive a printed copy of this Proxy Statement in the mail. Instructions on how to access this Proxy Statement over the Internet or how to obtain printed copies, if you prefer, are set forth in such Notice.

How do I vote?

You should submit your proxy or voting instructions as soon as possible. If you received or requested printed copies of the proxy materials by mail, the materials will

include a proxy card, for registered stockholders (that is, if you hold your stock directly in your name through our transfer agent), or a vote instruction form (“VIF”) for beneficial owners (if your shares are held in “street name” such as in a stock brokerage account, by a bank or other nominee). Whether you are a registered stockholder or hold any of your shares in “street name,” you may vote in the following ways:

What if I do not vote for some of the proposals?

Shares of Common Stock represented by proxies received by the Company (whether through the return of a proxy card or VIF), that do not contain voting instructions, or if you vote by telephone or electronically via the Internet without indicating how you want to vote, your shares will be voted:

- "FOR" the election of all twelve nominees for the Board of Directors (Proposal No. 1);

How do participants in savings plans vote?

If you hold shares of Common Stock in the "Avis Budget

Employee Savings Plan" or the "AB Car Rental Services Retirement Savings Plan for Bargaining Hourly Employees" (collectively, the "Savings Plans"), you will receive a proxy card that covers shares of Common Stock held for you in the Savings Plans. In accordance with the provisions of the Savings Plans, the respective trustees will vote your shares of Common Stock as you have directed. To the extent such instructions are not received prior to noon Eastern Time on May 9, 2017, the trustees of the Savings Plans will vote the shares of Common Stock with respect to which they have not received instructions proportionately in accordance with the shares of Common Stock for which they have received instructions. Instructions given with respect to shares of Common Stock in accounts of the Savings Plans may be changed or revoked only in writing, and no such instructions may be revoked after noon Eastern Time on May 9, 2017. Participants in the Savings Plans are not entitled to vote in person at the Meeting.

Do I need a ticket to attend the Meeting?

Yes. Admission will be by ticket only. Admission to the Meeting will be expedited if tickets are obtained in advance. Please include proof of ownership, such as a bank or brokerage firm account statement or letter from the broker, trustee, bank or nominee holding your stock, confirming beneficial ownership as of the Record Date.

Stockholders without advance tickets: Stockholders who do not obtain tickets in advance may obtain tickets on the Meeting date at the registration desk upon verifying their stock ownership as of the Record Date.

Attendance at the Meeting will be limited to stockholders as of the Record Date, their authorized representatives and guests of the Company. In accordance with the Company's security procedures, all persons attending the Meeting must present picture identification along with their admission ticket or proof of beneficial ownership in order to gain admission. Cameras and recording devices will not be permitted at the Meeting.

How can I find the voting results of the Annual Meeting?

Voting results will be tallied by the inspector of election. The Company will report the final results in a Current Report on Form 8-K, to be filed with the SEC within four business days following the Meeting.

How can I access the Company's proxy materials and annual report electronically?

This Proxy Statement and the Company's 2016 Annual Report may be viewed online at www.edocumentview.com/CAR. If you are a stockholder of record, you can elect to receive future annual reports and proxy statements electronically by following the instructions provided if you vote via the Internet or by telephone, or by enrolling through the transfer agent's website at www.envisionreports.com/CAR. Functions and Meetings of the Board of Directors

The Company's corporate governance guidelines, director independence criteria, committee charters, codes of conduct and other documents setting forth the Company's corporate governance practices can be accessed in the "Investor Relations-Corporate Governance" section of the Company's website at www.avisbudgetgroup.com.

Director Independence

To determine director independence, our Board of Directors reviews commercial and charitable relationships of each director to evaluate such director's independence in accordance with the listing standards of the NASDAQ Stock Market LLC ("NASDAQ") and pursuant to our own director independence criteria, which can be accessed on our website at www.avisbudgetgroup.com. In conducting its review, the Board of Directors considers a number of factors, including the director's and his or her family members' relationships with the Company and its subsidiaries, affiliates, executive officers and auditors and his or her relationships with foundations, universities and other non-profit organizations to which the Company has made a certain level of contributions during the past three years. After evaluating the factors described above, the Board of Directors has affirmatively determined that ten of our current directors are independent in accordance with NASDAQ corporate governance listing standards and our own director independence criteria. In determining that Mr. Viswanathan is independent, the Board of Directors considered that he is employed by JPMorgan Chase & Co. ("JPM") and that JPM and its affiliates provide various financial services to the Company and its subsidiaries for which they have received customary fees. However, the Board did not believe that the Company's relationship with JPM impacted the independence of Mr. Viswanathan for the following reasons:

- JPM is a large multi-national financial institution; and the Company has had a relationship with JPM for many years prior to Mr. Viswanathan's appointment to the Board as well as Mr. Viswanathan's employment with JPM;
- Mr. Viswanathan has no involvement (either in his capacity as a director of the Company or as an employee of JPM) in the selection of JPM to provide the services described above or the terms or pricing of any such services, and is not directly involved in the provision of services to the Company as his role with JPM involves primarily overseeing technology, operations and controls of JPM's Corporate & Investment Bank segment;
- the Company utilizes a variety of financial institutions to provide commercial banking, investment banking and other financial advisory services;
- JPM was not involved in the process of Mr. Viswanathan's being selected to serve on the Board; and
- Mr. Viswanathan's appointment was recommended to the Board by SRS pursuant to the Cooperation Agreement.

Independent Directors

Brian J. Choi	Lynn Krominga
Mary C. Choksi	Eduardo G. Mestre
Leonard S. Coleman	F. Robert Salerno
Jeffrey H. Fox	Stender E. Sweeney
John D. Hardy, Jr.	Sanoke Viswanathan

We also maintain a Corporate Governance Committee, a Compensation Committee and an Audit Committee, and all of the directors serving on these committees are independent based upon NASDAQ corporate governance listing standards and our own director independence criteria.

Board Leadership Structure

Our current Board leadership structure consists of:

Executive Chairman of the Board: Ronald L. Nelson;

Chief Executive Officer: Larry D. De Shon;

Presiding Director (our independent lead director): Leonard S. Coleman; and

Fully independent Compensation, Corporate Governance and Audit Committees.

The Board of Directors, which is comprised of individuals who have extensive experience with board processes, has determined that the current leadership structure, as described above, best serves the Company and its stockholders.

The Board split the roles of Chief Executive Officer and Chairman when Mr. Nelson stepped down from the role of Chief Executive Officer at the end of 2015. However, the Board does not currently have a requirement that the roles of Chief Executive Officer and Chairman of the Board be separated, because the Board believes it is in the best interests of our Company to make this determination based on the position and direction of our Company and the constitution of the Board and management team from time to time.

The Board believes that the 2015 implementation of a carefully considered succession plan demonstrates that the Board takes seriously its responsibility to determine who should serve as Chairman at any point in time in light of the specific circumstances facing our Company. In September 2015, after careful consideration, the Board determined that having Mr. Nelson serve as Chairman is in the best interests of the Company and its stockholders and continues to believe that Mr. Nelson's knowledge of our Company's operations and strategy provide a valuable resource to both the Board and Mr. De Shon, which has helped facilitate a smooth transition of the Chief Executive Officer role. Mr. Nelson also has significant knowledge of the people, information and resources necessary to facilitate effective communication between management and the Board, which contributes to an efficient and effective board. The independent members of the Board have designated Mr. Coleman to serve in the position of Presiding Director. The position of Presiding Director was established by the Board to designate an independent lead director whose primary responsibilities include:

- presiding at all meetings of the Board at which the Chairman of the Board is not present, including periodic executive sessions of the independent members of the Board of Directors;
- serving as liaison between the Chairman of the Board and the independent directors;

- advising the Chairman of the Board with respect to information, meeting schedules and agendas sent to the Board; providing advice with respect to the selection of committee chairs and performing other duties that the Board of Directors may from time to time delegate to assist it in the fulfillment of its responsibilities, including the authority to call meetings of the independent directors of the Board;

- serving as the principal liaison for stockholder communications directed specifically to the Board;

- leading the Board's annual self-evaluation;

- leading the Board's involvement in succession planning; and

- assisting in assuring compliance with, and implementation of, the Corporate Governance Guidelines.

Such delegation of well-defined responsibilities to a lead independent director helps ensure that an appropriate independent leadership structure is in place.

Mr. Coleman brings a history of leadership experience as a lead independent director. As our Presiding Director, Mr. Coleman provides the Board with independent leadership and facilitates the independence of the Board from management.

Risk Management and Risk Assessment

Management is responsible for assessing risk and for day-to-day risk management activities. The Board executes its oversight responsibility for risk assessment and risk management, acting directly and through its Committees, as follows:

Board/Committee	Responsibility/Role
Audit Committee	<ul style="list-style-type: none"> 1 Assists in the Board's oversight of the Company's: <ul style="list-style-type: none"> 4 major financial risk exposures and the steps management has undertaken to control such risks; 4 risks associated with information technology and cybersecurity; and 4 compliance with legal and regulatory requirements.

In 2017, consistent with past practice, management reviewed the Company's compensation policies and practices for employees generally as they relate to risk management. As part of this process, management reviewed the Company's incentive compensation programs applicable to all employees with the chairmen of the Audit and Compensation Committees and the compensation consultant engaged by the Compensation Committee to determine whether such programs create incentives that might motivate inappropriate or excessive risk-taking. In the course of such review, mitigating features of the Company's incentive compensation programs were considered, including: (1) the Company's recoupment policies; (2) that virtually all of the Company's annual incentive programs allow for "downward discretion," which permits the Company to reduce incentive compensation payouts; and (3) that executive officers are subject to share ownership and retention guidelines. As a result of this process, there were no recommended changes to the Company's incentive compensation programs.

Communicating with the Board of Directors

Stockholders and other interested parties may send communications directly to the Board of Directors by writing to the following address:

Codes of Conduct

The Board of Directors has adopted a code of conduct that applies to all officers and employees, including the Company's principal executive officer, principal financial officer and principal accounting officer. The Board of Directors has also adopted a code of business conduct and ethics for directors. Both codes of conduct are available in the "Investor Relations-Corporate Governance" section of the Company's website at www.avisbudgetgroup.com. The purpose of these codes of conduct is to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company; and to promote compliance with all applicable rules and regulations that apply to the Company and its officers and directors.

Board of Directors Meetings

The Board of Directors held twelve meetings during 2016. In 2016, all incumbent director nominees attended at least 75% of the aggregate number of meetings of the Board of Directors and committees of the Board of Directors on which they served during such director's period of service. We expect all directors to attend each regularly scheduled Board of Directors meeting. All directors are welcome to attend the Company's annual meeting of stockholders, and our goal is for a representative of each of the Audit Committee, Compensation Committee and Corporate Governance Committee to be present at each annual meeting. The 2016 annual meeting of stockholders was attended by five directors, including the Chairman of each of the Audit, Compensation and Corporate Governance Committees.

Committees of the Board of Directors

Audit Committee

The Audit Committee assists in the Board’s oversight of:

- the integrity of the Company’s consolidated financial statements;
 - the Company’s independent auditors’ qualifications and independence;
 - the performance of the Company’s independent auditors and the Company’s internal audit function;
 - the Company’s compliance with legal and regulatory requirements;
 - the Company’s systems of disclosure controls and procedures, and internal controls over financial reporting; and
 - the Company’s major financial risk exposures and the steps management has undertaken to control such risks.
- The Board of Directors has determined that all members of the Audit Committee are independent directors under the Company’s Director Independence Criteria and within the meaning of applicable NASDAQ rules, and that each member of the Audit Committee has the ability to read and understand fundamental financial statements. The Board of Directors has determined that each member of the Audit Committee qualifies as an “audit committee financial expert” as defined by the rules of the SEC, thereby satisfying NASDAQ’s “financial sophistication” requirement.

Compensation Committee

The primary responsibilities of the Compensation Committee include to:

- review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer and determine and approve the Chief Executive Officer’s compensation;
 - review and approve individual elements of total compensation for our other executive officers;
 - review and approve our annual and long-term incentive compensation programs and plans;
 - review and approve all stock option and other equity awards;
 - assess the results of the Company’s most recent advisory vote on executive compensation; and
 - evaluate whether compensation arrangements for executive officers incentivize unnecessary risk-taking.
- We refer you to “Executive Compensation” below for additional information regarding the Compensation Committee’s processes and procedures.

The Board of Directors has determined that each member of the Compensation Committee is an independent director in accordance with NASDAQ listing standards and the Company’s Director Independence Criteria, an outside director for purposes of Section 162(m) of the Internal Revenue Code (the “Code”), and a non-employee director for purposes of Section 16 of the Exchange Act.

Corporate Governance Committee

General

The responsibilities of the Corporate Governance Committee include identifying and recommending to the Board of Directors appropriate director nominee candidates and providing oversight with respect to corporate governance matters. The Board of Directors has determined that each of the current members of the Corporate Governance Committee qualifies as an independent director under applicable NASDAQ rules and the Company's Director Independence Criteria.

In 2017, the Corporate Governance Committee voted to waive the mandatory retirement age contained in our Corporate Governance Guidelines with respect to Mr. Sweeney's 2017 Board nomination. In reaching this determination, the Corporate Governance Committee considered Mr. Sweeney's extensive knowledge and experience, his deep understanding of the Company's business and his leadership as Chair of the Audit Committee, and concluded that the Corporation would benefit from his continued service as a member of the Board. The Corporate Governance Committee will re-evaluate this waiver of Mr. Sweeney's retirement on an annual basis.

Director Nomination Procedures

The Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of members of the Board of Directors. Nominees for director positions are selected on the basis of their depth and breadth of experience, wisdom, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to the duties associated with being a member of the Board of Directors.

The Corporate Governance Committee will consider written proposals from stockholders for candidates to be nominees for director positions. In considering candidates submitted by stockholders, the Corporate Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. Any such proposal should be submitted to the Corporate Governance Committee, c/o the Corporate Secretary of the Company, at Avis Budget Group, Inc., 6 Sylvan Way, Parsippany, N.J. 07054, and should include the following: (a) the name of the stockholder and evidence of such stockholder's beneficial ownership of the shares of Common Stock, including the number of shares of Common Stock beneficially owned and the length of time of such beneficial ownership; and (b) the name of the candidate, such candidate's resume or a listing of his or her qualifications to be a director of the Company and such candidate's consent to be named as a

director, if selected by the Corporate Governance Committee, nominated by the Board of Directors and elected. The written proposal should be submitted in the time frame and consistent with the requirements described in the by-laws of the Company and under the caption "Stockholder Proposals for 2018 Annual Meeting" below.

The Corporate Governance Committee's process for identifying and evaluating candidates to be nominees to the Board of Directors is typically initiated by identifying a candidate who meets the criteria for selection as a nominee and has the specific qualities or skills being sought based on input from members of the Board of Directors and, if the Corporate Governance Committee deems appropriate, a third-party search firm which would help the Board to identify candidates. These candidates are evaluated by the Corporate Governance Committee by reviewing such candidates' biographical information and qualifications and checking the candidates' references. Certain qualified candidates are interviewed by at least one member of the Corporate Governance Committee. Using the input from this interview and other information, the Corporate Governance Committee evaluates whether the candidate is qualified to serve as a director and whether the Corporate Governance Committee should recommend to the Board of Directors that the Board nominate the candidate or elect the candidate to fill a vacancy on the Board of Directors. Candidates recommended by the Corporate Governance Committee are presented to the Board of Directors for selection as nominees to be presented for the approval of the stockholders or for election to fill a vacancy.

In general, the Corporate Governance Committee expects that a similar evaluation process would be used to evaluate candidates to be nominees for director positions recommended by stockholders.

Diversity

While the Board has not adopted a formal policy with respect to diversity, the Corporate Governance Committee believes it is important that nominees for the Board represent diverse viewpoints and backgrounds. The Corporate

Governance Committee is committed to advancing Board diversity, defined to include differences of viewpoint, professional experience, education, skill, race, gender and national origin, and as specified in its charter, considers diversity in the mix of qualifications, experience, attributes or skills included in its process of identifying and evaluating candidates to be nominees to the Board of Directors.

Executive Committee

The Executive Committee has and may exercise all of the powers of the Board of Directors when the Board of Directors is not in session, including the power to

authorize the issuance of stock, except that the Executive Committee has no power to (a) alter, amend or repeal the by-laws or any resolution or resolutions of the Board of Directors, (b) declare any dividend or make any other distribution to the stockholders of the

Company, (c) appoint any member of the Executive Committee, or (d) take any other action which legally may be taken only by the full Board of Directors.

Succession Planning

The Board of Directors is responsible for the development, implementation and periodic review of a succession plan for our Chief Executive Officer and each senior executive, all of whom have been designated as members of our Senior Leadership Team (“SLT”).

In September 2015, the Company announced the implementation of a succession plan (the “2015 Succession Plan”) and announced the Board’s selection of Mr. De Shon, the Company’s then-President International, to become the Company’s next Chief Executive officer, effective January 1, 2016.

In developing the 2015 Succession Plan, the Board of Directors established a list of critical attributes and implemented a formal assessment process employing an external advisor to assess and develop successor candidates. The Board of Directors also oversaw the development of internal candidates, talent development plans, and engaged in mentoring to strengthen the skills and qualifications of such candidates.

Our Board of Directors believes that effective succession planning, and talent management and

development play a critical role in safeguarding business capabilities, developing strong leadership quality and executive bench strength, and optimizing overall business development, operating performance, profitability and shareholder value.

The Board of Directors views succession planning as a continual process and intends to continue to engage in succession planning consistent with the process described above. In order to ensure that qualified candidates are available for the position of Chief Executive Officer and also for each senior executive position held by a SLT member, the Board of Directors oversees the development of internal candidates, maintains talent development plans to strengthen the skills and qualifications of such candidates and would be responsible, if necessary, for the identification of suitable external successor candidates.

The Board of Directors has also developed an “emergency” succession plan in the event of an unexpected disability or inability of our Chief Executive Officer or other senior executive to perform his or her duties.

Related Person Transactions

There are no related person transactions that require reporting under SEC rules. The Company has adopted written procedures for the review, approval or ratification of transactions with related persons that apply to any transaction, arrangement or relationship in which:

the Company (including any of its subsidiaries) was, is or will be a participant; and
any related person (i.e., a director, executive officer, director nominee, or any greater than 5% beneficial owner, or any immediate family member of the foregoing, or any entity in which any of the foregoing persons is employed, or is a partner, principal or in a similar position, or has any greater than 5% beneficial interest) had, has or will have a direct or indirect interest.

Under the Company’s related persons policy, transactions with related persons are reviewed in advance by the General Counsel and Chief Compliance Officer and the Corporate Secretary of the Company, or in certain circumstances, as soon as possible thereafter. If it is determined by such officers that the

transaction is a related person transaction and the amount involved exceeds \$120,000:

• The transaction will be submitted for review to the Audit Committee, or, under certain circumstances, to the Chairman of the Audit Committee.

• The Audit Committee or its Chairman will then consider all relevant facts and circumstances available.

•

The Audit Committee or its Chairman will approve only those transactions, determined in good faith to be in, or not inconsistent with, the best interests of the Company and its stockholders.

The Audit Committee reviews on an annual basis contributions by the Company in excess of \$1,000, in the aggregate (other than contributions made pursuant to the Company's matching contribution program for employees and directors), to a charitable organization at which a related person is actively involved with fund-raising or serves as a director, trustee or in a similar capacity.

Shareholder Engagement

We regularly conduct engagement and outreach efforts in order to communicate with existing and prospective shareholders, lenders, research analysts, rating agencies, governance firms and others. In 2016, our key engagement activities included numerous group and one-on-one investor meetings, an investor day with presentations from several members of senior management, conference calls accessible to all shareholders following each of our quarterly earnings releases, presentations at various investor conferences, and our 2016 Annual Meeting of Stockholders. Numerous members of management, in addition to our Chief Executive Officer and Chief Financial Officer, participated in these activities, each of which contained opportunities for shareholders and other constituents to provide feedback to management.

In 2016, certain of our independent Board members attended the investor day. In addition, in 2016, certain of our independent Board members, including the Chairman of our Audit Committee, attended other investor meetings, in addition to attending the Annual Meeting of Stockholders.

Our investor relations department is the key point of contact for shareholder interaction with the Company. Stockholders and other interested parties may access investor information about our Company through our website at www.avisbudgetgroup.com. The investor relations department coordinates institutional investor meetings with management, appearances at investor conferences and our quarterly earnings calls. We consider shareholder requests to meet with members of our Board of Directors on a case-by-case basis.

Executive Compensation

Compensation Discussion and Analysis

We refer you to our Annual Report on Form 10-K for the year ended December 31, 2016 (our “2016 Form 10-K”) for additional information regarding our financial results discussed below. In this proxy statement, we refer to Adjusted EBITDA, which we define as income from continuing operations before non-vehicle related depreciation and amortization, any impairment charge, restructuring expense, early extinguishment of debt costs, non-vehicle related interest, transaction-related costs, charges for an unprecedented personal-injury legal matter, and income taxes. This non-GAAP measure is a performance metric in our incentive programs and a reconciliation is provided under “Analysis of 2016 Pay Decisions.” When we refer to “the Committee” in this “Executive Compensation” section, we are referring to the Compensation Committee.

Executive Summary

2016 Company Performance

During 2016, our Company’s net revenues totaled \$8.7 billion and grew 2% compared to 2015, our net income was \$163 million, and our Adjusted EBITDA was \$838 million. Our 2016 Adjusted EBITDA was below the 2016 business plan goal we set for ourselves and lower than our 2015 Adjusted EBITDA by 7%, primarily due to higher per-unit fleet costs, lower pricing and a \$28 million negative impact from currency movements.

In 2016, we also returned capital to our shareholders through the repurchase of \$390 million of our Common Stock, reducing our shares outstanding by approximately 12.3 million shares, or 13%. Since the inception of our current share repurchase program in 2013, we have repurchased more than \$1.0 billion of our shares, reducing shares outstanding by more than 20%. Our stock price remained stable in 2016, increasing by 1% from December 31, 2015 to December 31, 2016.

In 2016, we, in conjunction with our Board of Directors, updated our corporate strategy, and our strategic initiatives, including with respect to operational efficiency and mobility services, delivered meaningful benefits. For 2017, consistent with our updated strategy, we intend to continue to apply our brands, technology and people to drive profitable growth, while further building our position in the evolving mobility landscape.

2016 Strategic Accomplishments

In 2016, the Company also:

- updated its corporate strategy, clarifying our focus on initiatives to win customers profitably, increase our margins and succeed in mobility enabled by our people, innovation and technology;
- continued to invest in, and drive, fleet optimization initiatives, including increasing the number of vehicles sold through its consumer car sales program, which is now available in nearly 40 states;
- continued to focus on managing costs and driving operational efficiency, including through its Performance Excellence, manpower planning and shuttling initiatives;
- introduced a significant innovation in car rental through the new Avis Now features of its mobile application, which allow customers to control numerous aspects of their rental experience via smartphone;
-
- invested in people to drive our strategy, including through the appointment of a Chief Innovation Officer;
- acquired France Cars, a vehicle-rental company based in France, to enable the Company to significantly expand its presence in France;
- established a global strategic partnership with Didi Chuxing, the world’s largest mobile transportation platform, to provide Didi’s over 300 million registered users with access to the Company’s rental vehicles while traveling in approximately 175 countries;
-

invested in the strength of its brands through new advertising campaigns and digital technology, including the continued development of enhanced websites; and continued to operate the world's leading car sharing network through its ownership of Zipcar, which exceeded the million-member milestone in 2016.

2016 Compensation

Overall, named executive officer compensation decreased for 2016 compared to 2015. The decrease was partially driven by our 2016 Adjusted EBITDA

20

results, which resulted in annual incentive payouts that were well below target in keeping with our pay-for-performance philosophy. In addition, 2016 compensation reflects the absence of special promotion equity incentive awards granted in 2015. The special awards were granted in connection with the implementation of our 2015 succession plan, pursuant to which Larry D. De Shon became the Company's Chief Executive Officer, effective January 1, 2016, succeeding Ronald L. Nelson, who had held the position since 2006.

Mr. Nelson continued to serve as the Company's Executive Chairman in 2016 to ensure a smooth transition of CEO responsibilities and to serve as an ongoing resource to Mr. De Shon and the Board of Directors. In addition, David B. Wyshner assumed the role of the Company's President, effective January 1, 2016, adding to his responsibilities as Chief Financial Officer. In 2016, Mark J. Servodidio and Joseph A. Ferraro continued to lead the Company's International and Americas regions, respectively. Mr. Servodidio assumed the role of President, International on October 1, 2015 and Mr. Ferraro assumed the role of President, Americas on January 1, 2015.

Compensation Practices

We believe that our compensation programs reflect sound practices, such as:

- executive stock ownership guidelines with significant share ownership requirements and a requirement that an amount equal to 50% of net shares that vest must also be held for twelve months;

- 80% of our NEOs have achieved our share ownership threshold requirements;

- an executive compensation recoupment (or "clawback") policy with respect to incentive compensation;

- a policy prohibiting executives from entering into speculative (or hedging) transactions in our securities;

- no excise tax gross-up or single-trigger change-in-control provisions; and

- no tax gross-ups on executive perquisites except with respect to relocation and expatriate benefits per the Company's standard practices.

Our Named Executive Officers

This discussion addresses executive compensation in 2016 for our named executive officers, who are:

- Larry D. De Shon, our Chief Executive Officer and Chief Operating Officer (our "CEO");

- David B. Wyshner, our President and Chief Financial Officer (our "CFO");

- Ronald L. Nelson, our Executive Chairman;

- Joseph A. Ferraro, our President, Americas; and

- Mark J. Servodidio, our President, International.

Mr. Ferraro and Mr. Servodidio are sometimes referred to herein collectively as the "Regional Presidents."

Philosophy, Components and Mix of Executive Compensation

"Pay for performance" continues to be a fundamental tenet of our compensation philosophy, which includes the core principles of rewarding the attainment of appropriately challenging performance goals and aligning our executives' objectives with our stockholders' interests. The Committee also believes that executive compensation should be designed to attract and retain a high-caliber leadership team and take into consideration competitive practices and the overall market for executive talent.

Compensation for our NEOs is typically comprised of the following components:

Component	Function and Objective
Base Salary	Base salaries are paid in the form of cash and provide a fixed and competitive form of annual compensation for the performance of primary responsibilities at a level consistent with each executive's experience and role. Base salaries are designed to provide competitive compensation to attract and retain exceptional executive talent.
Annual Incentive Awards	Annual incentives are comprised of annual performance-based cash incentive opportunities, and reward our executives upon achieving or exceeding specific annual performance goals using performance metrics approved by the Committee and that the Company believes are appropriate measures of operational and financial performance.
Long-Term Incentive Awards	Long-term incentive awards are designed to attract and retain a highly qualified executive team, align executive rewards with stockholder interests, provide an incentive for our executives to achieve appropriately challenging long-range performance goals, and allow our executives to share in the value created for the Company's stockholders.
Other Compensation	We provide certain health, life insurance, disability and retirement benefits, which are all part of our broad-based employee benefits program. Retirement benefits for our NEOs (other than our President, Americas) are limited to (i) deferrals under the Company's deferred compensation plan for executives, which the Company matches up to a maximum of 6% of base salary and annual incentive, and/or (ii) participation in our 401(k) plan. Other executive benefits and perquisites include auto use and financial planning services. Our CEO, our Executive Chairman and our CFO also are provided with limited personal use of Company-leased aircraft services.

Analysis of 2016 Pay Decisions Compensation for our CEO

In connection with the process undertaken by the Board in 2015 to appoint Mr. De Shon to the role of CEO, the Committee and the Board, with input from the Committee's compensation consultant and the Company's Human Resource staff, determined that compensation for our CEO should include a base salary of \$1.0 million and a target annual performance-based incentive of 150% of base salary, as further described under "Annual Incentive Program." These decisions were made based on the Company's past practice with respect to CEO pay, market practices for new CEO pay and comparability with Peer Group pay data and Survey Data (as described under "Consideration of Peer Groups and Survey Data"), and recognizing that 2016 would be Mr. De Shon's first year as CEO. Following a similar process, the Committee awarded Mr. De Shon a predominantly performance-based long-term incentive opportunity, with a grant date target value of \$3.0 million in January 2016.

The long-term incentive award is predominantly performance-based, with 70% of the target award subject to the attainment of performance goals. The Committee determined that a long-term incentive award comprised of a mix of predominantly performance-based restricted stock units ("PSUs") was appropriate, considering our pay-for-performance philosophy and past practice. The PSU award is further described under "Long-Term Incentive Program."

Consistent with our past practice, more than 50% of total compensation, as disclosed in the Summary Compensation table, awarded in 2016 to our CEO was performance-based, excluding all other compensation.

At the end of 2016, the Committee conducted a full review of CEO pay for 2017 as the first year of our CEO's tenure came to a close. This review included, among other things, consideration of market trends and Peer Group practices. Following such review, in 2017, the Committee approved increases to our CEO's base salary and long-term incentive opportunities.

Compensation for our Executive Chairman

In connection with the process undertaken in 2015 by the Board to appoint Mr. Nelson to the role of Executive Chairman, which included input from the Committee's compensation consultant and the Company's Human Resource Staff, and a review of market practices for Executive Chairman pay, the Committee and the Board determined that compensation for our Executive Chairman should include a base salary of \$800,000. Following a similar process, the Committee determined in January 2016 that incentives for Mr. Nelson for 2016 would be solely stock-based and would be comprised of an equity award with a grant date target value of \$2.0 million, with 50% of the target award subject to the attainment of performance goals, as further described under "Long-Term Incentive Program."

Base Salaries for our CFO and Regional Presidents

Salaries for our NEOs are typically determined based on factors such as our past practice, reasonable comparability with Peer Group pay data and Survey Data (as described under "Consideration of Peer Groups and Survey Data") and each NEO's responsibilities, capabilities and skills, commitment to our business, leadership and drive to add value. For our CFO, the Committee also considers the size and complexity of our balance sheet and capital structure.

In the beginning of 2016, the Committee approved salary increases as follows: \$75,000 for Mr. Wyshner, \$25,000 for Mr. Ferraro and \$50,000 for Mr. Servodidio. These increases were determined, taking into consideration the expanded roles of Mr. Wyshner and Mr. Servodidio following the appointment of Mr. De Shon to the role of CEO and following an annual review of market data for each role. The 2016 salary decisions were also based on the Company's past practices with respect to positions of similar scope and responsibility.

Annual Incentive Awards

In establishing the 2016 annual performance-based incentive program, the Committee determined that the design should remain consistent with past practice, with target payouts as a percentage of base salary generally consistent

with 2015 levels, with the exception of our CFO, whose responsibilities were expanded to include the role of President. Accordingly, the targets for 2016 were 125% for our CFO and 100% for our Regional Presidents. The 2016 target for our CEO was 150%, consistent with past practice and as previously discussed. Payout opportunities also remained consistent with 2015 levels, ranging from 25% to 200% of target.

As further discussed below, consistent with past practice, the performance metric for our 2016 annual incentive program was Adjusted EBITDA, which is a key measure of operational and financial performance and is driven by profitable revenues and our strategic plan, and widely understood within the Company.

The performance goals, presented below, were set based on the Company's 2016 business plan. At target, the global goal represented a slight increase compared to 2015 Adjusted EBITDA, as reported, and an increase of approximately 4% in constant currency.

Achievement Level	Payout Opportunity (% of Target)*	2016 Adjusted EBITDA Goals (Dollars in Millions)		
		Global**	Americas	International
Maximum	200%	\$1,086	\$823	\$341
Target	100%	\$905	\$686	\$284
Threshold	25%	\$815	\$617	\$256

* Straight-line interpolation is used for achievement between specified goals.

** Includes unallocated corporate expenses.

Global achievement under the 2016 annual incentive program was approximately 93% of target. This achievement level resulted from the Company's attainment of Adjusted EBITDA of \$838 million, which, for the purpose of measuring achievement level, was reduced to \$837 million in accordance with the terms of the program, as further discussed below. Accordingly, actual payouts as a percentage of target for NEOs were as follows:

NEO*	Actual Payout (% of Target)	Regional Weighting		
		Global	Americas	International
CEO	45%	100%	—	—
CFO	45%	100%	—	—
President, Americas	44%	25%	75%	—
President, International	68%	25%	—	75%

* Our Executive Chairman did not participate in this program for 2016.

Our definition of Adjusted EBITDA for purposes of determining payouts under our annual incentive program includes adjustments in certain circumstances, including for currency exchange rate movements. Adjustments were made for currency exchange rate movements, and the impact to our reported results was \$(1) million. A reconciliation of our reported global Adjusted EBITDA for the year ended December 31, 2016 of \$838 million to net income is set forth below (dollars are in millions):

Adjusted EBITDA	\$838
Less: Non-vehicle depreciation and amortization	253
Interest expense related to corporate debt, net:	
Interest expense	203
Early extinguishment of debt	27
Restructuring expense	29
Transaction-related costs	21
Charges for legal matter	26
Income before income taxes	\$279
Less: Provision for income taxes	116
Net income	\$163

The charge for the legal matters referred to above are recorded within operating expenses in our statement of operations. Our definition of Adjusted EBITDA, as presented herein and in our 2016 Form 10-K, was revised for 2016 to exclude charges for an unprecedented personal-injury legal matter which we do not view as indicative of underlying business results due to its nature. We did not revise prior years' Adjusted EBITDA amounts because there were no

charges similar in nature to this legal matter. We believe Adjusted EBITDA is useful as a supplemental measure in evaluating the aggregate performance of our operating businesses and in comparing our results from period to period. We believe Adjusted EBITDA is useful to investors because it allows investors to assess our financial condition and results of operations on the same basis that management uses internally. Adjusted EBITDA is a non-GAAP measure and should not be considered in isolation or as a substitute for net income or other income statement data prepared in accordance

with U.S. GAAP. Our presentation of Adjusted EBITDA may not be comparable to similarly-titled measures used by other companies.

Discussion of Performance Metrics in Incentive Programs

For the past several years, the Company's annual incentive awards have included Adjusted EBITDA as the sole performance metric and the Company's long-term incentive awards have included Adjusted EBITDA as the primary metric. For 2016, the Committee considered whether different or additional performance metrics should be utilized for the Company's annual and long-term incentive awards; however, the Committee elected to maintain the same metrics and directed management, with input from the Committee's compensation consultant, to undertake an in-depth analysis of performance metrics in both incentive programs to assist the Committee in determining whether different or additional performance metrics should be utilized for the Company's 2017 annual and long-term incentive programs. Management, with input from the Committee's compensation consultant, conducted the requested analysis during 2016, including correlation analysis of Adjusted EBITDA to

total shareholder return as well as correlation analysis of a wide variety of other metrics to Adjusted EBITDA and total shareholder return. Numerous metrics, including Adjusted EBITDA, were considered for inclusion in the Company's incentive programs based on many factors, including volatility, and the Committee weighed the benefit of continuing with a simple, consistent program that is widely understood by the Company's management and the challenges of communicating and implementing a new program. The Committee concluded that, for 2017, the Company's annual incentive program design would remain consistent with the 2016 design; however, in light of the Company's strategic objectives, which have been communicated to shareholders, the long-term incentive program would be changed to include growth in Adjusted EBITDA margin as the sole performance metric.

Long-Term Incentive Program

For 2016, the Committee maintained the design of its regular long-term incentive program (the “2016 LTIP”), as previously discussed.

Awards granted to our CFO and our Regional Presidents under the 2016 LTIP had grant date target values that were also generally consistent with past practice while recognizing the expanded role of Mr. Wyshner and the promotion of Mr. Servodidio.

The following factors were reviewed to determine the appropriate type of equity to be granted: perceived value to award recipients to effect retention and incentive goals, peer practices, the degree of alignment with stockholder interests, potential dilution and projected expense balanced with the value delivered to award recipients. Based on an analysis of these factors, the Committee determined that (a) for our CEO and CFO, a mix of 70% PSUs and 30% time-based restricted stock units (“RSUs”) and (b) for our Regional Presidents, an equal mix, at target, of PSUs and RSUs, would:

- align incentives with stockholders’ focus on profitability and financial performance;
- reflect the relevant decision-making impact of the individual and the impact of those decisions on the Company; and
- incentivize retention of key employees over the longer term.

Consistent with the 2015 long-term incentive program, Adjusted EBITDA, with three-year cumulative goals, was selected as the primary performance metric for the PSUs granted under the 2016 LTIP based on the importance of this measure to our Company’s long-term profitable growth. The target goal was based on the Company’s 2015 results, plus an appropriate growth rate over the performance period.

Adjusted EBITDA goals for the 2016 LTIP are as follows:

Achievement Level	Payout Opportunity* (as a % of target units awarded)	Cumulative Three-Year Adjusted EBITDA Goal (Dollars in millions)
Maximum	125%	\$3,118
Target	100%	\$2,834
Threshold	50%	\$2,551

* Straight-line interpolation is used for achievement between specified goals.

As in prior years, relative total shareholder return of our Company’s stock compared to that of the companies comprising the Russell 1000 Index (“Relative TSR”) was also included as a metric. So long as the threshold

Adjusted EBITDA goal is achieved, vesting can be increased by up to 20% if the following Relative TSR goals are achieved:

Relative TSR Over Three-Year Measurement Period	Increase*
≥60 th Percentile	20%
55 th Percentile	10%
≤50 th Percentile	0%

* Straight-line interpolation is used for achievement between specified goals.

The equity award granted to our Executive Chairman was comprised of an equal mix, at target, of PSUs and RSUs. The performance metrics for the PSUs were consistent with the other 2016 LTIP awards but with one-year goals to recognize that, at the time of grant, our Executive Chairman’s agreement with the Company was set to expire at the

end of 2016.

Adjusted EBITDA goals for our Executive Chairman's 2016 PSU award are as follows:

Achievement Level	Payout Opportunity* (as a % of target units awarded)	Cumulative One-Year Adjusted EBITDA Goal (Dollars in millions)
Maximum	125%	\$999
Target	100%	\$908
Threshold	50%	\$817

* Straight-line interpolation is used for achievement between specified goals.

So long as the threshold Adjusted EBITDA goal is achieved, vesting can be increased by up to 20% if the following Relative TSR goals are achieved:

Relative TSR

Over One-Year Increase*

Measurement Period

≥60th Percentile 20%

55th Percentile 10%

≤50th Percentile 0%

* Straight-line interpolation is used for achievement between specified goals.

The PSU award granted to our Executive Chairman in 2016 vested in 2017 at 60% of target.

Setting CEO and Other NEO Compensation

Our Board has assigned to the Committee the responsibility to approve compensation for all NEOs, including our CEO. The roles and duties of participants in the decision-making process for our executive program and their duties are summarized below.

Role of the Independent Compensation Consultant

Consistent with its charter, the Committee continued its

engagement of Pay Governance LLC, a compensation consulting firm, to work with the Committee and the Company as an adviser on executive compensation matters in 2016. The compensation consultant reports to, and is directed by, the Committee, which has the authority to retain or terminate compensation advisers. In early 2016, the Committee reviewed information regarding the independence and potential conflicts of interest of Pay Governance, taking into account, among other things, the factors set forth in the NASDAQ listing standards.

Based on this review, the Committee concluded that the engagement of Pay Governance did not raise any conflict of interest. Outside of services provided for the Committee and advice to the Corporate Governance Committee related to compensation of non-employee directors, the compensation consultant did not provide additional services to the Company in 2016.

Compensation Decisions

In the case of NEOs other than the CEO, our Human Resources staff develops recommendations as to the level of compensation for each pay component generally based on position scope (defined as the executive's relative responsibilities compared to others within the Company and the individual's potential impact on Company operations), and the individual's experience level and performance in addition to the factors discussed under "Analysis of 2016 Pay Decisions" above. Performance criteria and goals are recommended by our Human Resources staff based on the Company's business plan and goals, with input from the CFO and his staff. Recommendations related to the mix of compensation elements generally reflect a review of practices of our Peer Group and Survey Data (as defined below), and are typically designed to take into consideration past practice and our strategy to tie a greater portion of total target compensation to variable versus fixed compensation.

Each recommendation is then discussed with our CEO for feedback and final approval. Final recommendations are reviewed with the compensation consultant and the Chairman of the Committee to ensure that they are consistent with the Committee's expectations and the Company's compensation philosophy, and ultimately submitted to the Committee for consideration. The Committee has the ultimate right and authority to revise and/or approve recommendations of management.

Our CEO's compensation is determined by the Committee, working directly with the compensation consultant. The Committee determines each component of our CEO's compensation, taking into consideration our CEO's performance as well as market and Peer Group data and other factors such as level of

experience and responsibilities, leadership, skill, contributions to the Company and the size and complexity of the Company's balance sheet and operations.

Risk Assessment

In approving annual and long-term incentive awards for our NEOs, the Committee assesses the risks associated with the adoption of these awards, including the performance measures and goals for the awards, and for 2016, concluded that the incentive awards approved would not be likely to encourage excessive risk-taking. Consistent with past practice, management also reviewed the Company's compensation policies and practices for employees generally with the chairmen of the Audit and Compensation committees and the Company's compensation consultant to determine whether these programs create incentives that might motivate inappropriate or excessive risk-taking. For additional information, please see "Functions and Meetings of the Board of Directors-Risk Management and Risk Assessment."

Consideration of Peer Groups and Survey Data

Given that there is just one other U.S.-based publicly traded car rental company, peer companies are selected to supplement that company with additional companies from industry sectors that are viewed as most relevant to our business based on the following criteria: company size based on revenue as the primary factor, headcount, market capitalization, enterprise value, and debt and assets. Given our capital structure, we place a greater emphasis on enterprise value than market capitalization when developing the peer group. For 2016 pay decisions, the Company's peer group consisted of the following 16 companies (the "Peer Group"):

AutoNation Inc.
Carmax, Inc.
Carnival Corporation
Cintas Corporation
Hertz Global Holdings, Inc.
J.B. Hunt Transport Services, Inc.
Marriott International, Inc.
Norfolk Southern Corporation
Norwegian Cruise Line Holdings Ltd.
Pitney Bowes Inc.
RR Donnelley & Sons Company
Royal Caribbean Cruises Ltd.
Ryder System, Inc.
Starwood Hotels & Resorts Worldwide
Waste Management, Inc.
Wyndham Worldwide Corporation

27

The current Peer Group was initially approved in 2011 and reviewed in subsequent years. The Peer Group reflects no change from the group approved in 2015. The Committee reviewed pay data of the Peer Group, as previously discussed, applying regression analysis as needed that adjusts for the differences in revenue size within the Peer Group to ensure reasonable comparability of the pay packages of our NEOs. The Committee does not specifically target any percentile within the Peer Group when setting overall compensation, any individual element of compensation or the relative pay mix among different elements of compensation. The Committee expects to review the Peer Group from time to time in order to ensure that the component companies continue to meet the criteria for which they were selected, as well as to identify other companies that may become appropriate for inclusion. The Committee recognizes that our executives have opportunities available to them in a range of industries and that any peer group for the Company will have some inherent limitations given the absence of a large sample of public companies in the vehicle rental business. In order to compare ourselves to a broad set of general industry market data available, the Committee also reviews widely-used survey data from consulting firms such as Aon Hewitt and Towers Watson for companies that have revenue comparable to ours (the “Survey Data”) as another data point. The Survey Data¹ represent data from over 1,000 companies sized according to revenue, assets and number of employees. In 2016, the Committee considered the Survey Data for each element of the 2016 compensation and benefits package as a general check and to ensure reasonable comparability. Consideration of the Peer Group and the Survey Data represented just two factors considered in setting executive compensation for 2016. Please refer to “Analysis of 2016 Pay Decisions” for the other factors considered in setting executive compensation for 2016.

¹ While the Survey Data include a general list of participating companies, each survey provides information on a “no-names” basis-i.e., for each position comparison, it does not identify by name which companies comparable in revenue size to our Company produced results for each position matched, and thus we are unable to list the comparable companies that are included in the Survey Data utilized.

Committee Consideration of the Company’s 2016 Stockholder Vote on Executive Compensation

The Committee reviewed the results of the Company’s stockholder advisory vote on executive compensation (“Say on Pay”) in 2016. At the 2016 annual meeting of stockholders, over 98% of the votes cast were in support of the Company’s Say on Pay proposal. Based on the 2016 Say on Pay results and feedback from stockholders, the Committee concluded that the

Company’s overall compensation program as it relates to its NEOs enjoys the support of the Company’s stockholders and does not require revision to address any broad stockholder concerns.

Policy Related to Equity Awards

Our practice has been to grant long-term incentive awards at pre-established meetings of the Committee. Annual long-term incentive awards, which typically include the awards granted to all of the NEOs, have usually been approved on the date of the first regularly scheduled Committee meeting each year. However, the Committee retains the ability to determine, and has in the past determined, that another grant date may be appropriate in certain circumstances. For 2017 and future years, the Company expects to grant awards at a subsequent meeting in late February or early March. Awards are also approved at each of the other pre-established Committee meetings typically for executives hired or promoted since the prior meeting. In connection with valuing the grants of stock-based awards, it is our policy generally to use, as the grant or strike price for any stock-based compensation vehicle, the closing price of our Common Stock on the date the Committee approves the award. The Committee typically approves a dollar amount for each restricted unit award, which is then divided by the closing price of our Common Stock on the date of grant to arrive at the number of restricted units to be granted.

Executive Stock Ownership and Retention Guidelines

Our executive stock ownership guidelines require senior officers to acquire and hold designated levels of Avis Budget Common Stock. Under these guidelines, our CEO is required to retain 100%, and other NEOs are required to retain a

minimum of 50% of the net shares (net of taxes) obtained upon the vesting of restricted stock awards and of vested stock options, until reaching the following specified ownership thresholds:

Officer(s) Threshold

CEO Five times base salary

Other NEOs Three times base salary

Given the mandatory hold provision until thresholds are obtained, there is no specified deadline for achieving designated thresholds. For purposes of the executive stock ownership guidelines, stock ownership is defined to include stock owned by the executive directly, stock owned indirectly through the Company's savings plan, and the "in-the-money" portion of vested stock options. Eighty percent of our NEOs have exceeded the applicable specified ownership threshold.

Following attainment of ownership thresholds, our NEOs are required, for a period of one year, to hold an amount equal to 50% of the net shares obtained upon the vesting of any equity award and 50% of all stock options that vest. Employment and Change of Control Agreements; Severance Arrangements

To foster the retention of our key management team, we initially entered into employment agreements with our Executive Chairman and our CFO in 2006. We consider it essential to the best interests of our stockholders to foster the continued employment of key management personnel. Thus, we also entered into an employment agreement with our CEO in connection with his assumption of the role in 2016 on terms that were substantially similar to those in place for our former CEO and Chairman, who is now our Executive Chairman, except that cash severance payable in connection with a termination without cause or as a result of constructive discharge reflected a reduction to 200% of the sum of base salary plus target bonus from 299%. The Company subsequently entered into amendments to the agreements with our Executive Chairman and our President and CFO to reduce cash severance payable in similar circumstances to 200% of the sum of base salary plus target bonus from 299%. As a result, employment agreements with our NEOs:

- do not entitle any NEO to cash severance in excess of 200% of the sum of base salary plus target bonus;
- do not entitle any NEO to accelerated vesting of any stock-based awards scheduled to vest more than two years following termination; and
- do not entitle any NEO to vesting of any performance-based equity awards other than based on actual achievement of the applicable performance goals.

We have also entered into a severance agreement with our President, Americas and our President, International, under which the Company seeks to provide these officers with appropriate protections consistent with prevailing market practices.

A more detailed description of the Company's agreements with our NEOs is set forth below under the heading "Employment Agreements and Other Arrangements," and the benefits that would be received by our NEOs in the event of termination without cause or a change in control are set forth below under the heading "Termination, Severance and Change of Control Arrangements."

Perquisites and Benefits

We seek to provide perquisites to our executives that

are consistent with those provided by Peer Group companies. Our perquisites currently consist primarily of financial planning services, auto use or allowance, discounted auto insurance, auto leasing through the employee lease program and limited personal use of Company-leased aircraft services. In 2016, Mr. Servodidio, who was based in the United Kingdom, and Mr. De Shon, who was based in the United Kingdom from October 2011 through October 2015, were also provided with expatriate benefits associated with a Company-requested long-term assignment to the United Kingdom. The Company does not provide tax reimbursements on perquisites for any of our NEOs other than relocation and expatriate benefits in accordance with the Company's standard policies.

The Company pays annual dues for a membership in a private, not-for-profit dining club for use by our Executive Chairman primarily for Company-sponsored meetings. Employees, including our NEOs, may also receive tickets for professional baseball games held at Yankee Stadium, which are part of the Company's season ticket subscription, and do not result in an associated incremental cost to our Company. Our ticket allocation policy is generally seniority-based, with a valid business purpose superseding any personal use. We will continue to review our compensation and benefit programs to ensure that we remain competitive with comparable companies and are able to attract and retain highly qualified senior executives.

Anti-Hedging Policy

The Company's insider trading policy prohibits executive officers and directors from, among other things, (i) engaging in hedging transactions with respect to Company securities, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds, and (ii) holding Company securities in a margin account or otherwise pledging Company securities as collateral for a loan. Short sales of the Company's securities are also prohibited under such policy.

Recoupment (Clawback) Policy

Our Board of Directors has adopted a policy that provides that if the Board learns of any intentional misconduct by an "executive officer" (as defined under Section 16 of the Exchange Act) that resulted in an increase to incentive income awarded to that officer, the Board will, to the full extent permitted by applicable law, in all appropriate cases, require reimbursement of the increased portion of incentive income awarded to that officer. We intend to amend our clawback policy, if necessary, to comply with any rules adopted by the SEC.

Deductibility of Compensation

Section 162(m) of the Code limits our ability to deduct certain compensation in excess of \$1.0 million per year paid to the Company's chief executive officer and to certain of our other named executive officers (the "covered NEOs"). This limitation does not apply to compensation that qualifies under applicable regulations as "performance-based." We aim to design the performance-based compensation we pay to our NEOs so that it will satisfy the requirements for

deductibility under Section 162(m); however, the Committee is authorized to exercise discretion in determining payments in relation to levels of achievement of performance goals and believes that the total compensation program for executive officers should be managed in accordance with the objectives outlined in our compensation philosophy and in the best overall interests of our stockholders. For this reason, some compensation intended to be performance-based may exceed the limitations or not meet the requirements for deductibility under Section 162(m).

Compensation Committee Report

The Avis Budget Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

(a) Salary includes amounts deferred under the Company's Deferred Compensation Plan or 401(k) Plan.

Represents the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718, Compensation—Stock Compensation. Assumptions used in the calculation of the grant date fair value of the 2016 stock awards are included in Note 16 to our audited financial statements for the fiscal year ended December 31, 2016, included in our 2016 Form 10-K. The grant date value of the 2016 stock awards assuming achievement of the highest level of performance conditions are: for Mr. De Shon, \$4,050,013; Mr. Wyshner, \$2,700,009; Mr. Nelson, \$2,500,008; Mr. Ferraro, \$1,250,004; and Mr. Servodidio, \$1,250,004. Awards granted in 2016 are further discussed in the Compensation Discussion and Analysis (the "CD&A").

Amounts reflected were earned based on achievement of annual performance goals established for each year, pursuant to the Company's Amended and Restated Equity and Incentive Plan and include deferrals under the Company's Deferred Compensation Plan.

For Mr. Ferraro, the reported change in pension value during the year represents the increased value accumulated in the Avis Rent A Car System, LLC Pension Plan. During 2016, such value increased by \$25,896, primarily driven by a decrease in the discount rate. Avis froze this qualified defined benefit pension plan to new participation and future benefit accruals as of December 31, 1998. Please see the "Pension Benefits Table" below for further information regarding this plan.

(e) All Other Compensation includes the personal benefits and perquisites presented in the following tables.

**Amounts include allowances for home leave, utilities, and a goods and services differential to make up for the difference in prices between the home and host locations. For Mr. Servodidio, amounts also include reasonable car rental cost for his accompanying spouse while on assignment. For 2016, amounts for Mr. De Shon relate solely to return moving and shipment services in connection with the close of his assignment to the U.K.

(d) For Mr. De Shon and Mr. Servodidio, amounts represent the incremental cost to the Company of tax equalization and other related payments associated with long-term assignments to the United Kingdom, all in accordance with the Company's standard policies. For 2016, estimates of these values are reported, and are based on the currently available information. Actual 2016 values may differ, and are subject to change based on additional credits due to the Company or liabilities incurred by the Company related to filings for the 2016/2017 tax year in the United Kingdom. Mr. De Shon's amounts primarily represent the value of vested stock awards in 2016 for the portion

subject to UK taxation due to trailing liabilities. Per the Company's standard policy, expatriate benefits and reimbursements are discontinued at the end of an assignment. However, tax equalization and other tax related payments may continue, but only to the extent that additional liabilities related to the foreign assignment are incurred.

Under our aircraft policy, our Chief Executive Officer has reasonable non-business access to leased jet services, subject to prevailing market practices. Our Executive Chairman and our President and CFO have reasonable non-business access to leased jet services; for our Executive Chairman, such access may not exceed \$75,000 per year, and for our President and CFO, access is subject to availability and is not to exceed ten hours per year, unless approved by our CEO in his sole discretion. The incremental cost of personal use of the leased jet services was calculated based on the contracted per hour cost,

- (a) which includes flight-specific direct operating costs such as standard fuel, maintenance, repairs, catering and miscellaneous fees such as variable fuel surcharge as applicable, and international fees for travel outside the United States. Since the aircraft is leased primarily for business travel, fixed costs, such as crew salaries, training, hangaring, insurance and services support are not included. Spouses of NEOs are occasionally additional passengers on business flights provided by our leased jet services. In such cases, there is no incremental cost to the Company, and as a result, no amount is reflected in the table.
- For Mr. Nelson, includes reimbursement for financial services provided by an approved outside vendor up to a maximum of \$12,000. For the other NEOs, represents actual costs we incurred for financial
- (b) services, including tax return preparation, financial planning and estate planning. Amounts also include Company-paid premiums in connection with a group excess liability umbrella insurance policy, which for 2016 were \$2,088 for Mr. Nelson and Mr. De Shon and \$1,238 for our other NEOs.
- Represents the annual lease value of a Company-provided car, or annual car allowance. For Mr.
- (c) Servodidio, reflects an average £/\$ exchange rate for the vehicle use period. All NEOs participate in the Company's employee auto insurance program and employee car lease program; however, no amounts are included for these programs as the Company does not incur any associated incremental cost.
- For Mr. Nelson, includes: (i) annual dues of \$1,450 paid by the Company for a corporate private club membership used primarily for Company-sponsored meetings; however, no amounts are included for
- (d) occasional personal use of this membership by Mr. Nelson as the Company does not incur any associated incremental cost; and (ii) discretionary matching contributions made by The Avis Budget Group Charitable Foundation of \$5,000.
- (e) Amounts include payments for annual physical examinations (annual costs for any NEO did not exceed \$3,850).

A discussion of the 2016 annual performance-based incentive program is included in the CD&A. The amounts (a) earned for 2016 annual incentives are set forth in the Summary Compensation Table. For Mr. Servodidio, the target reflects a blended rate based on the timing of a change in target bonus in January 2016. Represents awards of PSUs. For Mr. Nelson, PSUs vested on March 1, 2017, based on Adjusted EBITDA goals and a Relative TSR modifier, as more fully described in the CD&A under “Long-Term Incentive Program.” For other (b) NEOs, PSUs are scheduled to vest on January 28, 2019, based on Adjusted EBITDA goals and a Relative TSR modifier, as more fully described in the CD&A under “Long-Term Incentive Program.” Vesting of each PSU award is also generally subject to continued service. For Mr. Nelson, represents RSUs which vested on January 28, 2017, and for other NEOs, represents RSUs which (c) are scheduled to vest in equal installments on each of the first three anniversaries of the date of grant. Vesting of each of the RSU awards is generally subject to continued service. (d) Assumptions used in the calculation of the grant date fair value of the awards are included in Note 16 to our audited financial statements for the fiscal year ended December 31, 2016, included in our 2016 Form 10-K. The grant date value of the stock underlying the PSUs assuming attainment of the highest performance conditions are:

for Mr. De Shon, \$3,150,010; Mr. Wyshner, \$2,100,007; Mr. Nelson, \$1,500,005; Mr. Ferraro, \$750,003; and Mr. Servodidio, \$750,003.

Mr. Ferraro	Avis Rent A Car System, LLC Pension Plan	21 years, 1 month	364,846	—

Avis froze its qualified defined benefit pension plan to new participation and future benefit accruals as of December 31, 1998. Mr. Ferraro is the only NEO who participated in this plan. Prior to December 31, 1998, Mr. Ferraro earned the right to receive certain benefits upon retirement at the retirement age of 65 or upon early retirement on or after age 55. For a discussion of the calculation of retirement benefits, please see Note 17 to our audited financial statements for the fiscal year ended December 31, 2016, included in our 2016 Form 10-K.

(a) The Avis Rent A Car System, LLC Pension Plan is a qualified, final average pay type of retirement plan that pays unreduced benefits upon attainment of age 65. The retirement benefit is calculated by multiplying years of credited service and final average pay (five highest consecutive years earnings in the ten years immediately preceding the December 31, 1998 plan freeze date) and reducing that amount by a portion of estimated Social Security old age benefits payable at age 65. The normal form of payment is a 50% joint and survivor annuity (assuming the participant is married at the time benefit payments commence). Alternate forms of annuity payments and a lump-sum option may be selected, if approved by the spouse.

- Under the deferred compensation plan, participants can elect to defer a maximum of 80% of base salary and 98% of annual cash incentives. The agreements between participants and the Company must provide that the deferrals under the plan are (1) irrevocable; (2) agreed to before the compensation is earned; and (3) for a specified length of time. Amounts deferred by participants, as well as any matching contributions made by the Company, are typically contributed to a rabbi trust established for the purpose of holding plan assets. Participants may allocate deferrals to
- (a) one or more deemed investments under the plan. Matching contributions may be subject to such distribution provisions as determined from time to time; however, all of a participant's accounts under this plan will be distributed in the event of a change in control (as defined in the deferred compensation plan) or in the event that the participant's service with us terminates as a result of death or disability. A participant in this plan may elect a single lump-sum payment of his or her account, or may elect installments over a period of up to 10 years; however, the participant's entire account balance will be paid in a single lump-sum following a change in control.
- (b) The Company provides matching contributions for its NEOs up to a cap of 6% of base salary and annual incentive, as applicable. All participant deferrals and matching contributions are immediately vested and are held in a grantor trust. Under this arrangement, the Company takes no tax deduction, and the beneficiaries pay no tax on contributions to the trust until amounts are paid. Although funds are potentially subject to the employer's creditors, they are inaccessible to present and future management until payment is required to be made in accordance with the terms of the plan.
- (c) Amounts represent ordinary-course distributions pursuant to prior payment elections made by the NEOs in accordance with the terms and conditions of the applicable plan (as further discussed in note (a) above).
- (d) Represents total trust assets accumulated for all periods of plan participation through the end of 2016. The aggregate balance is the sum of all participant and registrant contributions and investment earnings less any withdrawals or distributions.

Employment Agreements and Other Arrangements

Each NEO is employed by us pursuant to a written agreement of employment or has a severance agreement, as summarized below and discussed under "Employment and Change of Control Agreements; Severance Arrangements."
Mr. De Shon

On September 15, 2015, the Company entered into a new employment agreement with Mr. De Shon, effective January 1, 2016. In addition to providing for a minimum base salary of \$1,000,000 and employee benefit plans generally available to our executive officers, Mr. De Shon's agreement provides for an annual incentive award with a target amount equal to 150% of his base salary, subject to attainment of performance goals, and grants of long-term incentive awards, upon such terms and conditions as determined by our Board of Directors or the Committee. Mr. De Shon's agreement provides that if his employment with the Company is terminated without "Cause" or due to a "Constructive Discharge" (as described below), he will be entitled to a lump-sum payment equal to 200% of the sum of his then-current base salary plus his then-current target annual bonus, and perquisites to include car usage, financial planning and health coverage for a period of 24 months. In addition, in this event, Mr. De Shon's then outstanding equity awards, which would have vested in accordance with their original vesting schedule by the two-year

anniversary of termination of employment

would immediately vest in full. However, awards that vest based on the achievement of specified objective performance goals will remain outstanding following such termination and become vested or be forfeited based on actual achievement of the applicable performance goals during the two-year period following such termination. Mr. De Shon's agreement provides for non-competition and non-solicitation covenants which will last two years following Mr. De Shon's employment with us.

Mr. Nelson

In April 2014, the Company entered into an amended employment agreement with Mr. Nelson, which was further amended in March 2016 and in December 2016, respectively. The agreement is scheduled to terminate on December 31, 2017, and in addition to providing for a minimum base salary of \$500,000, generally provides Mr. Nelson and his dependents with continuation of certain health and welfare benefits until he reaches (or would have reached) age 75. If Mr. Nelson's employment with the Company is terminated by the Company without "Cause" or due to a "Constructive Discharge" (as summarized below), Mr. Nelson generally will be entitled to a lump-sum payment equal to 200% of the sum of his then-current base salary plus his then-current target annual bonus, and accelerated vesting of equity awards scheduled to vest during the two-year period following the termination of Mr. Nelson's employment, with performance-vesting awards vesting (or being forfeited) based on actual achievement of applicable performance goals.

Mr.

37

Nelson is also generally entitled to receive benefits and perquisites on a basis no less favorable than as provided to any other executive of the Company. The amended employment agreement provides for post-termination non-competition and non-solicitation covenants that will last one year following Mr. Nelson's employment with us, subject to certain exceptions.

Mr. Wyshner

In March 2016, the Company entered into an amended employment agreement with Mr. Wyshner. In addition to providing for a minimum base salary of \$800,000, and employee benefit plans generally available to our executive officers, Mr. Wyshner's agreement provides for an annual incentive award with a target amount equal to 125% of his base salary, subject to attainment of performance goals, and grants of long-term incentive awards, upon such terms and conditions as determined by our Board of Directors or the Committee. Mr. Wyshner's agreement provides that if his employment with the Company is terminated without "Cause" or due to a "Constructive Discharge" (as described below), he will be entitled to a lump-sum payment equal to 200% of the sum of his then-current base salary plus his then-current target annual bonus, and perquisites to include car usage, financial planning and health coverage for a period of 24 months. In addition, in this event, Mr. Wyshner's then outstanding equity awards, which would have vested in accordance with their original vesting schedule by the two-year anniversary of termination of employment would immediately vest in full. However, awards that vest based on the achievement of specified objective performance goals will remain outstanding following such termination and become vested or be forfeited based on actual achievement of the applicable performance goals during the two-year period following such termination. Mr. Wyshner's agreement provides for non-competition and non-solicitation covenants which will last two years following Mr. Wyshner's employment with us.

Messrs. Ferraro and Servodido

The severance agreement for each of Mr. Ferraro and Mr. Servodido provides that if the executive's employment is terminated by us other than for "Cause" (as described below), disability or death, he will receive a lump-sum severance payout equal to 200% of the sum of base salary plus target incentive bonus, and perquisites to include car usage, financial planning and health coverage for a period of 24 months. In addition, in connection with such termination, each agreement also generally provides for accelerated vesting on termination of the stock-based awards which would have vested in accordance with their original vesting schedule by the two-year anniversary

of termination of employment. However, awards that vest based on the achievement of specified objective performance goals will remain outstanding following such termination and become vested or be forfeited based on actual achievement of the applicable performance goals during the two-year period following such termination. Severance is contingent upon execution of a separation agreement containing a release of claims against the Company and non-competition covenants.

As noted above, no NEO is entitled to any tax gross-up or other payments for any "golden parachute" excise taxes, interest or penalties.

Certain Defined Terms

For all our NEOs:

"Cause" is defined in the agreement for each NEO and generally includes the willful failure to substantially perform duties, any act of fraud, embezzlement or similar conduct and conviction of a felony.

For Messrs. De Shon, Nelson and Wyshner:

"Constructive Discharge" generally means (a) any material failure of the Company to fulfill its obligations under the applicable employment agreement, (b) the relocation of our business office more than 30 miles or (c) the failure of a successor to the Company to assume the applicable employment agreement. In addition, "Constructive Discharge" also means:

For Mr. De Shon:

(a) any material diminution to Mr. De Shon's duties and responsibilities, including Mr. De Shon ceasing to be the most senior executive officer of a public company or (b) Mr. De Shon does not report directly to the Board of Directors.

For Mr. Nelson:

(a) any material diminution to Mr. Nelson's duties and responsibilities, (b) Mr. Nelson does not report directly to the Board or (c) Mr. Nelson is not elected to serve on the Board or to serve as Chairman of the Board, for any reason other than resignation (excluding any resignation resulting from the failure to satisfy any majority voting requirement), unwillingness to serve, or termination for Cause.

For Mr. Wyshner:

(a) any material diminution to Mr. Wyshner's duties and responsibilities, including Mr. Wyshner ceasing to be an executive officer of a public company, or (b) Mr. Wyshner is not the most senior financial officer of the Company.

Discussion of Change-in-Control Provisions

Equity Awards

The Company's Amended and Restated Equity and Incentive Plan generally provides that equity awards accelerate following a Change in Control (as defined in the Amended and Restated Equity and Incentive Plan) of the Company only if a participant is also terminated without cause or experiences a constructive discharge within two years following a Change in Control. Under the Amended and Restated Equity and Incentive Plan, "Change in Control" is generally defined as:

(a) any person or entity is or becomes the "beneficial owner" of 50% or more of the combined voting power of the Company's then outstanding voting securities; (b) a change in the majority of the members of the Board; (c) there is a merger or consolidation of the Company; or (d) stockholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is a sale or disposition by the Company, of all or substantially all of the Company's assets.

Severance

Potential severance payments are described above, none of which are payable solely due to a Change in Control (as defined above).

The table below shows the potential severance payments for each NEO, as of December 31, 2016.

Descriptions of the terms “Cause” and “Constructive Discharge” are provided above under the section captioned “Employment Agreements and Other Arrangements - Certain Defined Terms.”

For all NEOs, the lump-sum severance payments, other than due to death or disability, were calculated based on each executive’s base salary and target annual incentive as of December 31, 2016 and multiplied by 200%.

- (b) Severance due to death and disability is calculated based on target annual incentives for Messrs. De Shon, Nelson, and Wyshner, and based on actual annual incentives for Mr. Ferraro and Mr. Servodidio.

- (c) The values of RSUs and PSUs were calculated assuming accelerated vesting as of December 31, 2016 and based on the closing price of our Common Stock of \$36.68 on December 31, 2016. Descriptions of the accelerated vesting provisions are provided under “Employment Agreements and Other Arrangements.”

For all other NEOs, reflects 24 months of continued health, dental and car benefits and financial planning.

2016 Director Compensation

Non-employee directors are compensated for their service on the Board as described below.

Annual Compensation

For 2016, our annual director retainer was initially \$200,000 and increased to \$210,000, effective October 2016. This increase was determined following a review conducted by the Company of a pay analysis with input from Pay Governance, which was discussed and reviewed by the Corporate Governance Committee and approved by the Board. To reflect their additional responsibilities, the Presiding Director and the chairs and members of each of the Audit, Compensation, Corporate Governance and Executive Committees, respectively, receive additional retainers as set forth below.

	Annual Retainers (\$)
Presiding Director	30,000
Audit Committee Chair	25,000
Audit Committee Member	10,000
Compensation Committee Chair	25,000
Compensation Committee Member	10,000
Corporate Governance Committee Chair	15,000
Corporate Governance Committee Member	7,500
Executive Committee Member	8,000

Director compensation is paid quarterly, 50% in cash and 50% in equity, subject to a cap of 7,500 shares per quarter. Under the Company's deferred compensation plan applicable to non-employee directors, a director may elect to defer any or all of the cash portion of his or her compensation and direct such deferred amounts among a pre-selected group of investment options similar to those available through the deferred compensation plan available to the NEOs. Directors may also elect to receive up to 100% of their compensation in the form of equity.

Under the Company's deferred compensation plan applicable to non-employee directors, the equity portion of director compensation is automatically deferred into the form of deferred stock units. Such units convert on a one-on-one basis into the Company's Common Stock upon termination of service, a change in control, or at a different time based on a director's election. In lieu of the default treatment of the equity portion of the director compensation discussed above, directors may elect to receive the equity portion of their compensation in the form of the Company's Common Stock on each quarterly payment date.

Directors do not receive any meeting fees or any benefits such as life or medical insurance. Members of the Board who are also officers or employees of our Company do not receive compensation for serving as directors, other than reimbursement of travel-related expenses for meetings held outside the Company's headquarters. Directors are eligible for limited matching of charitable contributions through the Avis Budget

Group Charitable Foundation. Directors are also eligible to purchase vehicles through the auto lease program we make available to our employees; however, such purchases do not result in an associated incremental cost to the Company. Mr. Choi has elected not to receive compensation for his Board service, and as a result, does not receive any compensation described in this section.

Stock Ownership Guidelines

Minimum stock ownership guidelines require each non-employee director to acquire and hold designated levels of our Company's Common Stock. Under such guidelines, our non-employee directors are required to retain a minimum of 50% of the net shares (net of taxes) awarded in connection with their director compensation, until reaching an ownership threshold of five times the annual cash retainer. Given the mandatory hold provision until the threshold is obtained, there is no specified deadline for achieving designated thresholds. For purposes of non-employee director stock ownership guidelines, stock ownership is defined to include stock owned by the director directly, stock owned indirectly through the Company's deferred compensation plan applicable to non-employee directors, and the

“in-the-money” portion of vested stock options, if any. As of December 31, 2016, all current directors with more than one year of Board service had exceeded such minimum ownership threshold.

The cash portion of fees paid represents: 50% of the annual retainer and 50% of committee chair and membership stipends. Directors may elect to defer some or all fees earned or paid in cash under the Company's deferred compensation plan applicable to non-employee directors. For 2016, the following directors elected to defer their 2016 cash compensation: Mr. Mestre deferred all such fees and elected to receive such fees in the form of deferred stock units; and Mr. Sweeney deferred all such fees and elected to direct his deferred cash compensation into investment options selected from those offered under the deferred compensation plan.

The stock awards represent: 50% of the annual retainer and 50% of committee chair and membership stipends. Such amounts represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. The number of deferred stock units or shares of Common Stock to be received pursuant to the equity portion of the retainer or any other compensation to be paid in the form of equity is equal to the value of the compensation being paid in the form of equity, divided by the fair market value of the Company's Common Stock on the date of grant.

For 2016, directors had the opportunity to receive the equity portion of their compensation in the form of the Company's Common Stock on each quarterly payment date. Mr. Coleman, Mr. Hardy, Ms. Krominga and Mr. Sweeney made such an election with respect to the equity portion of 2016 director compensation. Each of the other directors received stock awards in the form of deferred stock units.

Outstanding stock awards at fiscal year-end are as follows: for Mr. Cathcart, 24,569 deferred stock units; for Ms. Choksi, 62,584 deferred stock units; for Mr. Coleman, 69,287 deferred stock units; for Mr. Fox, 8,578 deferred stock units; for Mr. Hardy, 54,074 deferred stock units; for Ms. Krominga, 53,906 deferred stock units; for Mr. Mestre, 68,818 deferred stock units; for Mr. Salerno, 16,141 deferred stock units; for Mr. Sweeney, 66,711 deferred stock units; and for Mr. Viswanathan, 2,336 deferred stock units.

As described above, Mr. Sweeney elected to defer the cash portion of his 2016 director compensation into certain investment options available under the deferred compensation plan. There were no above-market or preferential earnings in 2016 as any earnings were market-based, consistent with the investment options selected by Mr. Sweeney.

(e) Mr. Choi has elected not to receive compensation for his Board service.

Report of Audit Committee

Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements and opining on the effectiveness of the Company's controls in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB") and issuing their reports thereon.

In performing its oversight function, the Audit Committee discussed the consolidated financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed under the rules adopted by the PCAOB.

In addition, the Audit Committee discussed with the independent auditors the auditors' independence from the Company and its management, and the independent auditors provided to the Audit Committee the written disclosures and letter required from the independent auditors by applicable requirements of the PCAOB.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations and the evaluations of the Company's internal controls.

Based on the reviews and discussions referred to above and subject to the limitations on the roles and responsibilities of the Audit Committee referred to above and in its Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the SEC. The Audit Committee also has recommended the selection of the Company's independent registered public accounting firm for fiscal year 2017.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR”
THE ELECTION OF EACH NOMINEE.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF AUDITORS

The Audit Committee's Charter provides that the Audit Committee is responsible for:

• appointing, compensating and overseeing the work performed by our independent auditors related to the audit of our annual consolidated financial statements and internal controls over financial reporting; and

• evaluating the qualifications, performance and independence of our independent auditors with the assistance of management.

The Audit Committee has appointed Deloitte & Touche LLP ("Deloitte") as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017. Deloitte has served as our independent registered public accounting firm since before we became a stand-alone vehicle rental company in 2006. Prior to appointing Deloitte for 2017, the Audit Committee considered Deloitte's tenure, technical expertise, capabilities as independent auditors, industry knowledge and communication with the Audit Committee, and also considered the impact on the Company of changing independent auditors.

The lead engagement partner from Deloitte is required to be rotated every five years. The process for selecting a new lead engagement partner includes a meeting between the Chair of the Audit Committee and the candidate for this role, as well as discussion by the full Audit Committee and with senior management.

A representative of Deloitte is expected to be present at the Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions of stockholders.

Principal Accounting Firm Fees. Fees billed to the Company by Deloitte, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, the "Deloitte Entities") for the years ended December 31, 2016 and 2015 were as follows:

Type of Fees	Fee (in thousands)	
	2016	2015
Audit Fees	\$7,748	\$7,165
Audit-Related Fees	\$630	\$1,369
Tax Fees	\$2,736	\$2,668
All Other Fees	\$—	\$—

Audit Fees. The aggregate audit fees primarily relate to the audit of the Company's annual consolidated financial statements for the fiscal years ended December 31, 2016 and 2015 and for the reviews of the consolidated condensed financial statements included in the Company's Quarterly Reports on Form

10-Q and for other attest services, including services related to regulatory and statutory filings and financings.

Audit-Related Fees. The aggregate audit-related fees for 2016 and 2015 primarily relate to services in connection with potential transactions or investments and audits of employee benefit plans.

Tax Fees. The aggregate fees billed for tax services for the fiscal years ended December 31, 2016 and 2015 relate to tax compliance, tax advice and tax planning. For the fiscal year ended December 31, 2016 and December 31, 2015, approximately \$1.7 million of such fees related to tax compliance and approximately \$1.0 million related to tax advice and tax planning.

All Other Fees. There were no other fees for the fiscal year ended December 31, 2016 or December 31, 2015.

The Audit Committee considered the non-audit services provided by the Deloitte Entities and determined that the provision of such services was compatible with maintaining the Deloitte Entities' independence. The Audit Committee has also adopted a policy prohibiting the Company from hiring the Deloitte Entities' personnel who have been directly involved in performing auditing procedures or providing accounting advice to the Company within a specified period of time in any role in which such person would be in a position to influence the contents of the Company's consolidated financial statements.

The Audit Committee has established a policy for the pre-approval of all audit and permissible non-audit services to be provided by the independent registered public accounting firm, as described below.

All services performed by the independent registered public accounting firm in 2016 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. This policy describes the permitted audit, audit-related, tax and other services (collectively, the “Disclosure Categories”) that the independent registered public accounting firm may perform. Prior to the beginning of each fiscal year, a description of the services (the “Service List”) anticipated to be performed by the independent registered public accounting firm in each of the Disclosure Categories in the ensuing fiscal year is presented to the Audit Committee for approval.

Any requests for audit, audit-related, tax and other services not contemplated by the Service List must be submitted to the Audit Committee for specific pre-approval, except for de minimis amounts under certain circumstances as described below, and cannot

commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman will update the full Audit Committee no later than the next regularly scheduled meeting for any interim approvals granted.

On a quarterly basis, the Audit Committee reviews the status of services and fees incurred year-to-date as compared to the original Service List and the forecast of remaining services and fees for the fiscal year.

The policy contains a de minimis provision that operates to provide retroactive approval for permissible non-audit services under certain circumstances.

Although not required by the Company's by-laws or otherwise, the Board of Directors is submitting for stockholder ratification the selection of Deloitte as the Company's independent registered public accounting firm. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE "FOR" THE RATIFICATION OF DELOITTE & TOUCHE LLP

AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2017.

PROPOSAL NO. 3

ADVISORY APPROVAL OF EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, the Company is asking its stockholders to approve an advisory resolution to approve the compensation of our named executive officers as follows:

“RESOLVED, that the compensation paid to the Company’s named executive officers as disclosed pursuant to the compensation rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby APPROVED.”

This vote is not intended to address any specific item

of compensation, but rather the overall compensation of our named executive officers, as described in this proxy statement.

This vote is advisory and, therefore, will not be binding on the Company, the Compensation Committee or our Board of Directors, nor will it overrule any prior decision or require the Board or the Compensation Committee to take any action. However, the Compensation Committee and our Board of Directors value the opinions of our stockholders, and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, the Compensation Committee and our Board of Directors will consider stockholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR”
THE APPROVAL OF THE RESOLUTION SET FORTH ABOVE.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF SHAREHOLDER VOTES ON EXECUTIVE COMPENSATION

Pursuant to SEC rules, the Company is providing its shareholders a separate non-binding advisory vote to recommend whether an advisory vote on named executive officer compensation should occur every one, two or three years.

After careful consideration of this Proposal, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year remains the most appropriate alternative for our Company at this time, and therefore our Board of Directors recommends an annual vote for the advisory vote on executive compensation.

In formulating its recommendation, our Board of Directors considered that an annual advisory vote on executive compensation provides the highest level of communication with our stockholders by allowing our stockholders to provide us with their direct input on our named executive officer compensation, as disclosed in the proxy statement, every year. Additionally, an annual advisory vote on executive compensation is consistent with our belief that engagement with our stockholders is a component of our corporate governance and our practice of seeking input from, and engaging in discussions with, our stockholders on corporate governance matters.

In the future, we may determine that a less frequent advisory vote is appropriate, either in response to the vote of our stockholders on this proposal or for other reasons.

Stockholders may cast their vote on the preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when voting on this proposal. Under the by-laws of the Company, the holders of a majority of the voting power of the issued and outstanding Common Stock of the Company present in person or represented by proxy and entitled to vote must vote for approval. Because this proposal has three choices (every one, two or three years), if none of the frequency alternatives receives the vote of the holders of a majority of the voting power of the issued and outstanding Common Stock of the Company present in person or represented by proxy and entitled to vote required by the by-laws, then we will consider stockholders to have approved the frequency alternative selected by holders of a plurality of the voting power of the issued and outstanding Common Stock of the Company present in person or represented by proxy and entitled to vote at the meeting.

This vote is advisory and not binding on our Board of Directors or the Company, therefore, our Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS
A VOTE FOR THE OPTION OF ONCE EVERY YEAR (“1 YEAR”)
AS THE RECOMENNDENED FREQUENCY OF AN ADVISORY VOTE
ON NAMED EXECUTIVE OFFICER COMPENSATION.

Stockholder Proposals for 2018 Annual Meeting

Proposals received from stockholders are given careful consideration by the Company. Stockholder proposals submitted in accordance with Rule 14a-8 under the Exchange Act are eligible for consideration for inclusion in the Company's proxy statement for the 2018 annual meeting of stockholders if they are received by the Company on or before November 28, 2017. Any proposal should be directed to the attention of the Corporate Secretary, Avis Budget Group, Inc., 6 Sylvan Way, Parsippany, N.J. 07054. In order for a stockholder proposal submitted outside of Rule 14a-8 to be considered at the 2018 annual meeting of stockholders, such proposal must be received by the Company not later than the last date for submission of stockholder proposals under the Company's by-laws. In order for a proposal (other than nominations of directors) to be timely under the Company's by-laws, it must be received not less than sixty days (i.e., March 17, 2018)

nor more than ninety days (i.e., February 15, 2018) before the anniversary date of the immediately preceding annual meeting of stockholders. In order for a director nomination to be timely under the Company's by-laws, it must be received not less than ninety days (i.e., February 15, 2018) before the anniversary date of the immediately preceding annual meeting of stockholders. However, in the event that the annual meeting of stockholders is called for a date that is not within twenty-five days before or after the anniversary date of the immediately preceding annual meeting of stockholders, notice of a stockholder proposal in order to be timely must be received not later than the close of business on the tenth day following the day on which notice of the date of the annual meeting of stockholders was mailed or public disclosure of the date of the annual meeting of stockholders was made, whichever occurs first.

Additional Information

Eliminating Duplicate Mailings. If you share an address with other stockholders of the Company, you may receive notification that you are being sent only a single copy of proxy materials (including a copy of the proxy statement and the 2016 Annual Report) or a single Notice, as applicable, unless your bank, broker or other intermediary that provides the notification receives contrary instructions from the affected stockholders. This practice, permitted under SEC rules and commonly referred to as "householding," is designed to provide extra convenience for stockholders and potential cost savings for companies.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate set of proxy materials, or the Notice, as applicable, please notify your broker if your shares of Common Stock are held in a brokerage account or the Company if you hold registered shares of Common Stock. You can notify the Company by sending a written request to Avis Budget Group, Inc., 6 Sylvan Way, Parsippany, N.J. 07054, Attention: Corporate Secretary or by calling (973) 496-4700 and selecting the "Investor Relations" option.

Solicitation of Proxies. The accompanying form of proxy is being solicited on behalf of the Board of Directors of the Company. The expenses of solicitation of proxies for the Meeting will be paid by the Company. In addition to the mailing of the proxy material, such solicitation may be made in person or by telephone by directors, officers and employees of the Company, who will receive no additional compensation therefor. Upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable

expenses incurred by them in forwarding material to beneficial owners of shares of Common Stock. The Company has hired D.F. King to aid in the solicitation of proxies. It is estimated that the fee for D.F. King will be approximately \$10,000 plus reasonable out-of-pocket costs and expenses. Such fee will be paid by the Company.
