SYNCOR AND CARDINAL HEALTH ANNOUNCE AMENDMENT TO MERGER AGREEMENT TO
EXTEND TERMINATION DATE

WOODLAND HILLS, CALIFORNIA AND DUBLIN, OHIO - NOVEMBER 22, 2002 - Syncor International Corporation (Nasdaq: SCOR) and Cardinal Health, Inc. (NYSE: CAH) today announced that they have agreed to amend their previously announced merger agreement to extend the date after which either party may unilaterally elect to terminate the transaction from December 31, 2002, to January 15, 2003, subject to the terms of the merger agreement. The amendment does not affect any terms of the merger agreement other than the termination provisions.

On November 21, 2002, Syncor and Cardinal Health announced that Cardinal Health had initiated discussions with Syncor regarding the possible modification of the terms of their previously announced merger agreement under which Cardinal Health would acquire Syncor. The purpose of the amendment to the termination date is to provide the parties with further time to continue these discussions. While the parties intend to continue these discussions, there can be no assurance that such discussions will result in the parties agreeing to any revised terms.

Cardinal Health has previously stated that it has not yet concluded whether the conditions to the transaction will be satisfied and that "there can be no assurance that the transaction involving the acquisition of Syncor by Cardinal Health will be completed."

Syncor also today announced that it is mailing to its stockholders a supplemental notice of postponement of its special meeting of stockholders to consider approval of the merger agreement with Cardinal Health. As previously announced, the postponed meeting will now be held on December 6, 2002. Syncor intends to convene the postponed special meeting on December 6 solely for the purpose of adjourning the meeting to a later time, date and place so that additional information can be provided to stockholders.

ABOUT SYNCOR

SYNCOR INTERNATIONAL CORPORATION is a leading provider of high technology health care services concentrating on nuclear pharmacy services, medical imaging, niche manufacturing and radiotherapy. In the nuclear pharmacy services business, Syncor compounds and dispenses radiopharmaceuticals for diagnostic and therapeutic use by nuclear medicine departments in hospitals and outpatient clinics. Syncor distributes these time-critical pharmaceuticals to more than 7,000 U.S.-based customers through an integrated network of 130 domestic and 19 international nuclear pharmacies. Medical imaging services are provided through an integrated network of 73 domestic and 19 internationally owned or operated facilities. Syncor announced on June 14, 2002 that it intends to exit the U.S. medical imaging business. Syncor also owns or operates ten domestic and two international production facilities for positron emission tomography (PET) radiopharmaceuticals, and is a party to a series of agreements to make PET technology more accessible to healthcare providers and patients nationwide.
