Item 1.01 Entry Into A Material Definitive Agreement.

The disclosure under Item 2.03 of this report with respect to the entry into the Supplemental Indenture is incorporated by reference into this Item 1.01.

Item 2.03 Creation of a Direct Financial Obligation.

On July 25, 2005, The Interpublic Group of Companies, Inc. (the Company) entered into a fifth supplemental indenture (the Supplemental Indenture), attached hereto as Exhibit 4.1, to the senior debt indenture dated as of November 12, 2004 (attached as Exhibit 4.1 to The Company's current report on Form 8-K dated November 15, 2004) (the Senior Debt Indenture, together with the Supplemental Indenture, the Indenture), between the Company and Sun Trust Bank as trustee (the Trustee) with respect to the issuance of \$250,000,000 in aggregate principal amount of Floating Rate Notes due 2008 (the Notes).

The Notes were offered pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended (the Securities Act). The Notes were sold only to qualified institutional buyers as defined under Rule 144A of the Securities Act. The Notes have not been and will not be registered under the Securities Act or any state securities laws and may not be offered or sold in the United States absent registration under, or applicable exemption from, the registration requirements of the Securities Act and applicable state securities laws.

The Notes will mature on July 25, 2008 and will bear interest at a floating rate. Interest on the Notes will be payable quarterly in arrears on January 25, April 25, July 25 and October 25 of each year, beginning October 25, 2005. The interest rate for the Notes for each interest period will be a per annum rate equal to three-month LIBOR plus 325 basis points. The Notes will be the Company's unsecured and unsubordinated obligations ranking equally with our other outstanding unsecured and unsubordinated indebtedness.

The Indenture contains covenants that limit the Company and certain of its subsidiaries from incurring certain secured indebtedness and entering into sale and lease-back transactions and, with certain exceptions, prohibit the Company from merging into another person, or conveying, transferring or leasing all or substantially all of the Company's properties or assets. If an event of default as specified in the Indenture shall occur and be continuing, either the Trustee or holders of 25% in aggregate principal amount of the Notes may accelerate the maturity of the Notes. The covenants, events of default and acceleration rights discussed in this paragraph are subject to important exceptions and qualifications as set forth in the Indenture.

Interpublic received net proceeds of approximately \$244.6 million from the offering. The Company intends to use the net proceeds from the sale, together with cash on hand, to redeem or otherwise retire its outstanding \$250 million 7 7/8% Notes due 2005 which mature on October 15, 2005.

A copy of the press release announcing the completion of the offering is filed as Exhibit 99.1 to this report.

Item 9.01 Financial Statements and Exhibits.
