PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 5, 2001

This Proxy Statement and the accompanying proxy card, Notice of Annual Meeting of Stockholders and letter to stockholders are first being mailed to holders (the "Stockholders") of the common stock, par value \$.001 per share (the "Common Stock"), of U.S. Restaurant Properties, Inc., a Maryland corporation (the "Company"), on or about April 25, 2001, in connection with the solicitation of proxies on behalf of the Board of Directors of the Company (the "Board of Directors" or the "Board") to be exercised at the Annual Meeting of Stockholders (the "Meeting") to be held at Hotel Inter-Continental, 15201 Dallas Parkway, Dallas, Texas, on Tuesday, June 5, 2001, at 10:00 a.m.

At the Meeting, the Stockholders will be asked to consider and vote on the following proposals (collectively, the "Proposals"):

- (1) The election of eight directors to hold office for one-year terms expiring at the 2002 annual meeting of stockholders;
- (2) The approval and ratification of the selection of Deloitte & Touche LLP ("Deloitte & Touche") by the Board of Directors as independent auditors for the Company for the fiscal year ending December 31, 2001; and
- (3) Such other business as may properly come before the Meeting.

The Board of Directors does not know of any other matter that is to come before the Meeting. If any other matters are properly presented for consideration, however, the persons authorized by the enclosed proxy will have discretion to vote on such matters in accordance with their best judgment.

Only Stockholders of record as of the close of business on April 2, 2001 (the "Record Date") are entitled to notice of and to vote at the Meeting or any adjournments thereof. As of the close of business on the Record Date, there were 17,886,156 shares of Common Stock, issued and outstanding and entitled to vote. The Common Stock constitutes the only class of capital stock of the Company issued and outstanding entitled to vote at the Meeting. Each

Edgar Filing: U S RESTAURANT PROPERTIES INC - Form DEF 14A

Stockholder of record on the Record Date is entitled to one vote for each share of Common Stock held. A majority of the outstanding shares of Common Stock, represented in person or by proxy, will constitute a quorum at the Meeting; however, if a quorum is not present or represented at the Meeting, the Stockholders entitled to vote thereat, present in person or represented by proxy, have the power to adjourn the Meeting from time to time, without notice, other than by announcement at the Meeting, until a quorum is present or represented. At any such adjourned Meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original Meeting.

Each share of Common Stock may be voted to elect up to eight individuals (the number of directors to be elected) as directors of the Company. To be elected, each nominee for director must receive a plurality of the votes cast by the shares of Common Stock entitled to vote at a meeting at which a quorum is present. It is intended that, unless authorization to vote for one or more nominees for director is withheld, proxies will be voted FOR the election of all of the nominees named in this Proxy Statement. Approval of a majority of the shares of Common Stock represented and voting at the Meeting will be necessary for the ratification of the Board of Directors' selection of Deloitte & Touche LLP as independent auditors for the fiscal year ending December 31, 2001.

Votes cast by proxy or in person will be counted by two persons appointed by the Company to act as inspectors for the Meeting. The election inspectors will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for the purpose of determining the presence of a quorum. For purposes of the Proposals to elect directors, and ratify Deloitte & Touche LLP, abstentions will not be counted as votes cast and will have no effect on the result of the vote on such Proposals.

Broker non-votes occur where a broker holding stock in street name votes the shares on some matters but not others. Brokers are permitted to vote on routine, non-controversial proposals in instances where they have not received voting instructions from the beneficial owner of the stock but are not permitted to vote on non-routine matters. The missing votes on non-routine matters are deemed to be "broker non-votes." The election inspectors will treat broker non-votes as shares that are present and entitled to vote for the purpose of determining the presence of a quorum.

After reviewing the information contained in this Proxy Statement and in the Annual Report outlining the Company's operations for the fiscal year ended December 31, 2000 (included with this Proxy Statement), stockholders are urged to sign the accompanying form of proxy, solicited on behalf of the Board of Directors, and return it immediately in the envelope provided for that purpose. Valid proxies will be voted at the Meeting and any adjournment or adjournments thereof in the manner specified therein. If no directions are given but proxies are executed in the manner set forth therein, such proxies will be voted FOR the election of the nominees for director set forth in this Proxy Statement and FOR the ratification of the selection of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2001. Any Stockholder returning the accompanying proxy may revoke such proxy at any time prior to its exercise by providing written notice to the Secretary of the Company of such revocation, voting in person at the Meeting or executing and delivering, to the Secretary of the Company, a later-dated proxy.

Each of the directors and executive officers of the Company has informed the Company that he will vote all of his shares of Common Stock in favor of all of the Proposals.

Employment Agreements

On October 15, 1997, Mr. Margolin entered into a four year employment agreement (the "Employment Agreement") with the Company for which the aggregate base compensation was \$250,000 per year. Under such agreement, the Company was liable for the compensation benefits for three years if Mr. Margolin was terminated without cause, as defined. Effective March 9, 2001, Mr. Margolin resigned as Chairman of the Board, President, Chief Executive Officer, Secretary and Treasurer of the Company and was paid severance compensation of \$800,000.

Effective March 22, 2000, the Company entered into a four-year employment agreement with its Chief Financial Officer Barbara Erhart for which the aggregate base compensation is currently \$161,200 per year.

9

Under such agreement, the Company is liable for termination pay in an amount equal to two times the highest annualized rate of Ms. Erhart's salary prior to the date of termination (except after the occurrence of a change in control, as defined, in which case the amount due is equal to 2.99 times the highest annualized rate of pay) if Ms. Erhart is terminated without cause, as defined.

REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE OFFICER COMPENSATION

The following report of the Compensation Committee of the Company's Board of Directors (the "Compensation Committee") and the performance graph that appears immediately after such report shall not be deemed to be soliciting material or filed with the Securities and Exchange Commission (the "SEC") under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any document so filed.

General

The Compensation Committee recommends to the Board of Directors the compensation of the executive officers of the Company and administers the Plan and any other employee benefit plans established by the Company. The Compensation Committee reviews the overall compensation program of the Company to assure that it is reasonable and, in consideration of all of the facts including practices of comparably sized real estate investment trusts, adequately recognizes performance tied to creating stockholder value and meets overall Company compensation and business objectives. The Compensation Committee's philosophy for compensating executive officers is that an incentive-based compensation system tied to the Company's financial

Edgar Filing: U S RESTAURANT PROPERTIES INC - Form DEF 14A

performance and stockholder return will best align the interest of its executive officers with the objectives of the Company and its stockholders. The Compensation Committee attempts to promote financial and operational success by attracting, motivating and assisting in the retention of key employees who demonstrate the highest levels of ability and talent. The Compensation Committee has determined that the Company's compensation program should reward performance measured by the creation of value for stockholders. In accordance with this philosophy, the Compensation Committee oversees the implementation of the compensation system designed to meet the Company's financial objectives by making a significant portion of an executive officer's compensation dependent upon both the Company's and such executive's performance. The Company's executive compensation program consists of the following elements: (i) a base salary, which results from an assessment of each executive's level of responsibility and experience, individual performance and contributions to the Company; (ii) annual incentives that are directly related to the performance of the executive's department and the financial performance of the Company as a whole; and (iii) subject to the provisions of the Flexible Incentive Plan previously approved by the Stockholders, grants of stock options designed to motivate individuals to enhance long-term profitability of the Company and the value of the Common Stock. The Compensation Committee does not allocate a fixed percentage to each of these three elements, but works with management to design compensation structures which will best serve its goals.

Base Salary

Mr. Margolin, the Company's former Chief Executive Officer, entered into an employment agreement with the Company, which employment agreement is described under the caption "Employment Agreements" contained in this Proxy Statement. Pursuant to the terms of his employment agreement, Mr. Margolin's base salary was set for the term of the agreement. Recommendations for compensation of the executive officers, other than Mr. Margolin, are provided by the Chief Executive Officer after annual evaluations of individual contributions to the business of the Company are held with each such executive officer. Factors considered by the Compensation Committee in setting base salaries include the performance of the Company, measured by both financial and non-financial objectives, individual accomplishments, any planned change of responsibility for the forthcoming year, salaries paid for similar positions within the real estate and REIT industry as published in industry statistical surveys and proposed base salary relative to that of other executive officers. The

10

predominating factor is the performance of the Company. The application of the remaining factors is subjective, with no particular factor being given more weight than any other.

Annual Incentives

Executives are also eligible for annual incentive awards, which awards are designed to place a significant part of an executive's annual compensation at risk. The Executive Officers will participate in a bonus incentive program under which the individual executives are eligible for annual cash bonuses. Bonuses were paid by the Company to each of the Executive Officers for the year ended December 31, 2000. The Compensation Committee anticipates that future bonuses will be determined on the basis of a comparison of actual performance against pre-established performance goals, for the Company and will be, in part, based on the discretion of the Compensation Committee.

Long-term Incentives

Edgar Filing: U S RESTAURANT PROPERTIES INC - Form DEF 14A

In keeping with the Compensation Committee's philosophy to provide long-term incentives to executive officers and other key employees, subject to Stockholder approval of the Plan, stock options are anticipated to be granted to executive officers and other key employees on a periodic basis. The Committee establishes the number of options granted based upon REIT industry data and upon each individual's base salary.

CEO Performance Evaluation

The Compensation Committee recommends to the Board of Directors for its approval the compensation for all executives, including the Chief Executive Officer. Mr. Margolin had an employment agreement with the Company that provided for his base salary to be set at \$250,000, subject to annual review by the Compensation Committee. In 2000, the Company paid Mr. Margolin \$250,000 in base compensation. Also, he was paid a bonus of \$50,000 for achievement of performance goals pre-established by the Compensation Committee.

Tax Considerations

The Compensation Committee is aware of the tax law which makes certain "non-performance based" compensation to certain executive officers in excess of \$1,000,000 non-deductible to the Company. While none of the Executive Officers of the Company currently receives performance-based compensation at or near the \$1,000,000 maximum, the Compensation Committee has carefully considered the impact of these tax provisions and has taken steps which are designed to minimize its future effect, if any.

THE COMPENSATION COMMITTEE

Gregory I. Strong

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of members of the Board of Directors who are neither former or current officers or employees of the Company or any of its subsidiaries. No executive officer of the Company serves as an officer, director or member of any entity, an executive officer or director of which is a member of the Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with the conversion of the Company from a master limited partnership to a REIT, QSV withdrew as general partner of each of USRP and US Restaurant Properties Operating L.P. (the "Operating Partnership") effective as of October 15, 1997, and USRP Managing was substituted as general partner of each of USRP and the Operating Partnership. In conjunction with such withdrawal, QSV (i) converted its interests in (a) its allocable share of income, profits, losses and distributions of the Operating Partnership as general partner thereof and (b) fees and disbursements for the acquisition and management of the Operating Partnership's properties (together, the "Operating Partnership General Partner Interest") payable to it pursuant to the terms of the partnership agreement of the Operating Partnership and (ii) converted its general partner interest in USRP (the "USRP Interest") (together with the conversion of its interests in the Operating Partnership described above,

13

the "Termination") for 1,148,418 Operating Partnership Units and 126,582 shares of Common Stock, respectively, and as a result of such conversion was eligible to receive additional consideration in the year 2000 (together, the "Acquisition Price").

The Acquisition Price consists of two components: (i) the initial share consideration (the "Initial Share Consideration") and (ii) the contingent share consideration (the "Contingent Share Consideration"). The Initial Share Consideration was paid in the form of 1,148,418 Operating Partnership Units in exchange for the Operating Partnership General Partner Interest and 126,582 shares of Common Stock (1% of all shares of Common Stock outstanding immediately following the Merger) issued by the Company at the effective time of the Merger in exchange for the USRP Interest. The Contingent Share Consideration is equal to the value of up to 825,000 shares of Common Stock (subject to adjustment in the event of certain dilutive events), and will consist of Operating Partnership Units (the "Contingent Shares"). The exact number of Contingent Shares to be issued was determined in accordance with the agreement by dividing the amount by which MGP Net Income exceeds \$3,612,500 by \$2.83. MGP Net Income is defined as the fees and distributions in excess of \$3,612,500 which would otherwise have been payable to QSV for fiscal year ended December 31, 2000 pursuant to the Operating Partnership General Partner Interest and the USRP Interest less \$775,000. QSV did not receive any distributions with respect to the Contingent Shares, or otherwise have any rights with respect thereto, until they were issued. Pursuant to an amendment to the Withdrawal Agreement by the Special Committee (as defined below) of the Board of Directors, the Contingent Shares were required to be issued by the Company effective December 29, 2000. As the Company anticipated that all of the Contingent Shares would be issued, the Company has recorded as of December 31, 1998, 1999 and 2000, an expense of \$12,047,000, income of \$239,000, and income of \$3,713,000, respectively, as the cost of issuance of Contingent Shares accruable as of that date.

The Acquisition Price was determined through negotiations between management of QSV, the then managing general partner of USRP, the Company's predecessor, and a special committee (the "Special Committee") of the Board of Directors of the managing general partner, consisting solely of directors who were neither officers nor stockholders of QSV. The structure of the Acquisition Price was adopted as a result of the Special Committee's desire to protect the stockholders of the Company from being diluted by the issuance of the share consideration. This structure also enabled the Special Committee to establish

Edgar Filing: U S RESTAURANT PROPERTIES INC - Form DEF 14A

a price to be paid for (i) the management contract which was to be terminated and (ii) QSV's interest in USRP. The Special Committee was appointed to address any potential conflicts of interest.

The Special Committee engaged Morgan Keegan & Company, Inc. ("Morgan Keegan"), an investment banking firm that regularly renders valuations of businesses and securities in connection with business combinations, as its financial advisor. The Special Committee and management of QSV conducted negotiations, with Morgan Keegan's input, from December 30, 1996 to February 5, 1997, when the Special Committee determined to accept the Acquisition Price. The Special Committee based its determination on the following factors:

1. The Morgan Keegan fairness opinion received at the February 5, 1997 meeting of the Special Committee.
2. The structure of the Acquisition Price, as QSV would receive all or a portion of the contingent shares if and only if the MGP Net Income for the year ending December 31, 2000 reached or exceeded certain levels. As a result, the contingent share portion of the Acquisition Price provided for a mechanism for the consideration to be paid by the Company to correlate to the obligations of which the Company was being relieved.
3. The maximum number of contingent shares that could be issued was capped.

On December 29, 2000, the Company entered into a merger agreement with QSV, which was owned by Messrs. Margolin, David Rolph, Darrel Rolph and Stetson (the "Merger"). Pursuant to the merger agreement, QSV merged into the Company and the stockholders of QSV were issued 2,554,998 shares of the Company's common stock, par value \$.001 per share (the "Common Stock"). At the time of the merger, the principal assets

14

of QSV were 1,148,418 units of securities convertible on a one-for-one basis into Common Stock, and 1,406,582 shares of Common Stock of the Company.

In addition, as of December 29, 2000, QSV held options (the "Options") to purchase 85,077 shares of Common Stock pursuant to an Option Agreement dated March 24, 1995, by and between USRP and QSV, which Options were assumed by the Company pursuant to the Merger. All of the Options are fully vested and exercisable. The Options are exercisable at an exercise price of \$10.33 per share. The Options are not transferable except by operation of law pursuant to a consolidation, merger, recapitalization or reorganization of QSV. As disclosed previously, the QSV options were cancelled and reissued to the individual shareholders of QSV in connection with the merger of QSV into the Company effective December 29, 2000.

Robert J. Stetson owned a 30% interest in QSV and is a Director of the Company. Fred H. Margolin owned a 30% interest in QSV and was the Chairman of the Board of Directors, Chief Executive Officer, President, Secretary and a Director of the Company through March 9, 2001, David K. Rolph and Darrel L. Rolph, each owned a 20% interest in QSV and were Directors of the Company through March 9, 2001.

In connection with Mr. Stetson's resignation as Chief Executive Officer and President of the Company, the Company entered into a Settlement Agreement and Consulting Agreement with Mr. Stetson as of October 6, 1999. Pursuant to the Consulting Agreement, Mr. Stetson was employed as a consultant to the Company for a period of one (1) year, ending on October 6, 2000. Pursuant to the terms of the Settlement Agreement, the Company paid to Mr. Stetson severance compensation in the amount of \$750,000, terminated all of the options

Edgar Filing: U S RESTAURANT PROPERTIES INC - Form DEF 14A

previously granted to Mr. Stetson pursuant to the Company's 1997 Flexible Incentive Plan and agreed to provide Mr. Stetson one or more loans, up to the aggregate of \$800,000, for the sole purpose of acquiring shares of the Company's Common Stock from time to time in the open market.

In March 2000, the Company advanced \$400,000 to Mr. Stetson for the purchase of Common Stock of the Company. The promissory note provides for an interest rate of 7.0% per annum and quarterly payments of interest only through December 2005, with a final payment of principal and interest due in March, 2006. Pursuant to the note agreement, Mr. Stetson has pledged the Common Stock purchased with the note proceeds as collateral for the loans.

Effective September 22, 2000, the Company and Mr. Stetson entered into an Amendment to the Settlement Agreement providing for two changes to the original Settlement Agreement. First, Mr. Stetson executed a second promissory note in the amount of \$300,000 in exchange for which he received 35,037 restricted shares of USRP Common Stock (calculated based on a value of \$8.5625 per share). Second, the Company advanced Mr. Stetson \$75,000 under a third promissory note to be used for the purpose of acquiring shares of the Company's Common Stock in the open market. Both notes bear interest at 7.0% per annum and provide for quarterly payments of interest only through July 2006, with a final payment of principal and interest due in October 2006, and are secured by the restricted Common Stock and the Common Stock purchased in the open market with the note proceeds.

15

On January 17, 2001, the Company entered into an agreement with Lone Star Funds providing for the sale of 1,877,935 shares of Common Stock at a price of \$10.65 per share, for aggregate consideration of \$20,000,000 (the "Lone Star Transaction"). The Lone Star Transaction will involve two or more closings: an initial closing, on March 9, 2001, at which Lone Star Funds paid \$5,000,000 in exchange for 469,484 shares; and one or more subsequent closings, to occur on or before September 5, 2001, at which up to an additional 1,408,451 shares will be purchased. Also, on January 17, 2001, three directors of the Company, Messrs. Margolin, Darrel Rolph and David Rolph, and their affiliates entered into an agreement with Lone Star Funds for the sale of 1,851,830 shares of Common Stock at a price of \$11.35 per share (the "Lone Star Stockholders Transaction"). In the Lone Star Stockholders Transaction, Messrs. Margolin, Darrel Rolph and David Rolph sold 813,830, 527,000 and 511,000 shares, respectively. At the closing on March 9, 2001, Lone Star Funds delivered cash equal to \$11.00 per share and two promissory notes to each stockholder for the balance of \$0.35 per share, due and payable on September 9, 2001.

After completion of the entire Lone Star Transaction and the Lone Star Stockholders Transaction, Lone Star Funds will be a beneficial holder of approximately 19.33% of the Company's then outstanding common stock.

Concurrently with the initial closing of the Lone Star Transaction, four members of the Company's Board of Directors, Fred H. Margolin, Darrel L. Rolph, David K. Rolph and Dr. Gerald H. Graham, resigned. Mr. Margolin also resigned as the Chairman of the Board and Chief Executive Officer of the Company and from any other positions he held with the Company or any of its subsidiaries. The Board appointed four individuals designated by Lone Star Funds, David W. West, Robert Gidel, Len W. Allen, Jr. and Gregory I. Strong to fill the vacancies created by these resignations. The new Board of Directors appointed Mr. West to serve as interim Chief Executive Officer of the Company while it identifies a permanent replacement for Mr. Margolin.

In connection with their resignations, Messrs. Margolin, Rolph and Rolph entered into Noncompetition and Release Agreements with the Company pursuant

Edgar Filing: U S RESTAURANT PROPERTIES INC - Form DEF 14A

to which each of them agreed not to (a) submit or cause the submission of any proposals or nominations of candidates for election as directors of the Company or (b) solicit proxies from any of the Company's stockholders, in each case prior to December 31, 2003. Additionally, Mr. Margolin agreed not to directly or indirectly own, manage, control, participate in, invest in or provide consulting services to any entity or business organization that engages in or owns, invests in, manages or controls any venture engaged in the ownership, management, acquisition or development of restaurant, gasoline and convenience store properties similar to those of the Company and its affiliates for a one-year period ending March 9, 2002. As consideration under such agreement and in connection with the termination of Mr. Margolin's Employment Agreement with the Company, the Company paid Mr. Margolin \$800,000 in severance compensation. Similarly, each of the Rolphs agreed not to directly or indirectly compete with the Company, other than through the restaurant operations of the Rolphs in existence as of the initial closing of the Lone Star Transaction.

The Company and each of Messrs. Margolin, Rolph and Rolph entered into a Registration Rights Agreement, dated March 9, 2001, permitting the holders thereto to request a shelf registration on Form S-3 to be filed with the Securities and Exchange Commission ("SEC") by the Company, which was filed on April 6, 2001. Additionally, as a component of the Lone Star Transaction, the Company and Lone Star Funds entered into a Registration Rights Agreement, dated March 9, 2001, granting Lone Star Funds the ability to request a shelf registration on Form S-3 with respect to shares acquired in the Lone Star Transaction and the Lone Star Stockholders Transaction.

Officers, directors and stockholders who own more than 10% of the Common Stock are required by the SEC to furnish the Company with copies of all Section 16(a) reports they file.

To the Company's knowledge, based solely on the review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2000, the Company's officers, directors and 10% stockholders complied with all Section 16(a) filing requirements applicable to them, except for the following individuals and entities who filed the reports listed adjacent to their respective names on a delinquent basis:

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

CHARTER

I. PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to any governmental body or the public; the Company's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established; and the Company's auditing, accounting and financial reporting processes generally. Consistent with this function, the Audit Committee should encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

- . Serve as an independent and objective party to monitor the Company's financial reporting process and internal control system.
- . Review and appraise the audit efforts of the Company's independent accountants and internal auditing department.
- . Provide an open avenue of communication among the independent accountants, financial and senior management, the internal auditing department and the Board.

The Audit Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter.

II. COMPOSITION

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be independent directors and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. All members of the Committee shall have a working familiarity with basic finance and accounting practices and at least one member of the Committee shall have

accounting or related financial management expertise. Committee members may enhance their familiarity with finance and accounting in participating in educational programs conducted by the Company or an outside consultant.

The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board or until their successors shall be duly elected and qualified. Unless a chair is elected by the full Board, the members of the Committee may designate a chair by majority vote of the full Committee membership.

III. MEETINGS

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee should meet at least annually with management, the director of the internal auditing department and the independent accountants in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately. In addition, the Committee or at least its chair should meet with the independent accountants and management quarterly to review the Corporation's financials consistent with IV.4 below.

IV. RESPONSIBILITIES AND DUTIES

To fulfill responsibilities and duties the Audit Committee shall:

Documents/Reports Review -----

1. Review and update this Charter periodically, at least annually, as conditions dictate.
2. Review the Company's annual financial statements and any reports or other financial information submitted to any governmental body, or the public, including any certification, report, opinion or review rendered by the independent accountants.
3. Review the regular internal reports to management prepared by the internal auditing department and management's response. These reports should include, among other things, financial reporting issues and judgments made in connection with the preparation of the Company's financial statements.
4. Review with financial management and the independent accountants the Company's quarterly financial statements and each Form 10-Q prior to its filing or prior to the release of earnings, as applicable.
5. Prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

Independent Accountants -----

1. Recommend to the Board the selection of the independent accountants, considering independence and effectiveness, and approve the fees and other compensation to be paid to the independent accountants. On an annual basis, the Committee should review and discuss with the independent accountants all significant relationships the independent accountants have with the Company to determine the accountants' independence. Additionally, in determining the independence of the accountants, the Committee shall consider, among other factors, the amount of non-audit services performed by the independent accountants during the fiscal year. The independent accountants shall be ultimately accountable to the Committee and the Board.

2. Review, together with the Board, the performance of the independent accountants and recommend any proposed discharge of the independent accountants when circumstances warrant.
3. Periodically consult with the independent accountants out of the presence of management about internal controls and the fullness and accuracy of the Corporation's financial statements.
4. Meet with the independent accountants prior to the annual audit to review the planning and staffing of such audit.
5. Obtain from the independent accountants assurance that Section 10A of the Private Securities Litigation Reform Act of 1995 has not been implicated.
6. Discuss with the independent accountants those discussion matters specified by Statement on Auditing Standards No. 61 relating to the conduct of the audit.

Financial Reporting Processes

-
1. In consultation with the independent accountants and the internal auditors, review the integrity of the Company's financial reporting processes, both internal and external.
 2. Consider the independent accountants' judgments about the quality and appropriateness of the Company's accounting principles as applied in its financial reporting.
 3. Consider and approve, if appropriate, major changes to the Company's auditing and accounting principles and practices as suggested by the independent accountants, management or the internal auditing department.
 4. Meet periodically with management to review the Company's major financial risks and the steps taken by management to monitor and control such risks.
 5. Review the appointment and replacement of the senior internal auditor.
 6. Review the significant reports to management prepared by the internal auditing department and management's responses.

Process Improvement

-
1. Establish regular and separate systems of reporting to the Audit Committee by each of management, the independent accountants and the internal auditors regarding any significant judgments made in management's preparation of the financial statements and the view of each as to appropriateness of such judgments.
 2. Following completion of the annual audit, review separately with each of management, the independent accountants and the internal auditing department any significant difficulties encountered during the course of the audit, including any restrictions on the

Edgar Filing: U S RESTAURANT PROPERTIES INC - Form DEF 14A

scope of work or access to required information and any changes required in the planned scope of the audit.

3. Review any significant disagreement among management and the independent accountants or the internal auditing department in connection with the preparation of the financial statements, including any management letter provided by the independent accountants and the Company's response.
4. Review with the independent accountants, the internal auditing department and management the extent to which changes or improvements in financial or accounting practices, as approved by the Audit Committee, have been implemented. (This review should be conducted at an appropriate time subsequent to implementation of changes or improvements, as decided by the Committee.)

Ethical and Legal Compliance

1. Establish, review and update periodically a Code of Ethical Conduct and ensure that management has established a system to enforce this Code.
2. Review management's monitoring of the Company's compliance with the Company's Ethical Code, and ensure that management has the proper review system in place to ensure that Company's financial statements, reports and other financial information disseminated to governmental organizations and the public satisfy legal requirements.
3. Review activities, organizational structure and qualifications of the internal audit department.
4. Review, with the Company's counsel, legal compliance matters including corporate securities trading policies, any material reports or inquiries received from regulators or governmental agencies and any matters that might have a material impact on the financial statements.
5. Perform any other activities consistent with this Charter, the Company's Bylaws and governing laws, as the Committee or the Board deems necessary or appropriate.

While the Committee has the responsibilities and the powers set forth in this Charter, it is not the Committee's duty to plan or conduct audits or to determine whether the Company's financial statements are complete and accurate and have been prepared in accordance with generally accepted accounting principles. These are the responsibilities of management and the independent accountants. The Committee is also not required to conduct investigations, to resolve disagreements, if any, between management and the independent accountants or to assure the Company's compliance with laws and regulations applicable to it and to the Company's Ethical Code.
