INTRODUCTORY STATEMENT

This Amendment amends and supplements the Tender Offer Statement on Schedule TO (the "Schedule TO"), filed by Telesp Celular Participacoes S.A. ("TCP"), a corporation (sociedade anonima) organized under the laws of the Federative Republic of Brazil, on November 20, 2003, as amended on December 16, 2003, to enable shareholders of TCP to convert 78,752,717,772 outstanding shares of preferred stock, no par value, for shares of common stock, no par value, of TCP in the aggregate for all shareholders at a one-to-one ratio.

This Amendment is filed (1) to reflect the extension of the Offer (as defined in the Offer to Convert incorporated by reference into the Schedule TO) until 2:00 p.m., New York time, on February 2, 2004, unless the Offer is further extended, subject to the exceptions and conditions described below, and (2) to make the other changes to the Schedule TO described below.

ITEM 1. SUMMARY TERM SHEET

Item 1 of the Schedule TO, which incorporates by reference the information contained in the Offer to Convert, is hereby amended by replacing the penultimate question and answer in the section entitled "Summary Term Sheet" of the Offer to Convert in its entirety with the following:

"If I have elected to convert my preferred shares, may I still trade my preferred shares?

No, once you have elected to convert your preferred shares, those shares may not be traded during the period of the Offer unless you first withdraw your election to convert those shares. If elections to convert are made with respect to more than the Offered Number of preferred shares, any pro rata portion of the shares that you elected to convert but that are not converted because the Offered Number was exceeded may be traded freely beginning on February 4, 2004, unless the Offer is further extended."

ITEM 4. TERMS OF THE TRANSACTION.

Edgar Filing: TELES P CELLULAR HOLDING CO /ADR/ - Form SC TO-I/A

Item 4 of the Schedule TO, which incorporates by reference the information contained in the Offer to Convert, is hereby amended by adding the following paragraph at the end of the section entitled "Terms of the Offer; Expiration Date" in the Offer to Convert:

"On January 7, 2004, TCP further extended the Offer until 2:00 p.m., New York time, on February 2, 2004, unless the Offer is further extended, except that preferred shareholders whose shares are registered through Banco ABN Amro Real and that make an election to convert after the end of banking hours in Brazil on January 27, 2004 must follow the procedures described below under 'Procedures for Accepting the Offer and Converting Preferred Shares.' TCP took this action to allow management of TCP and TCO time to review the proposed merger of shares of TCO into TCP in light of the statement issued by the Brazilian Securities Commission, or the Comissao de Valores Mobiliarios ("CVM"), on December 26, 2003 that the merger of shares, in its opinion, 'violates applicable laws.'"

Item 4 of the Schedule TO is further amended by adding the following paragraph at the end of the section entitled "Procedures for Accepting the Offer and Converting Preferred Shares" in the Offer to Convert:

"On January 7, 2004, TCP further extended the Offer until 2:00 p.m., New York time, on February 2, 2004, unless the Offer is further extended. Shareholders whose shares are registered through CBLC (including shareholders that have invested under Resolution 2,689 of the National Monetary Council) and that wish to exercise the conversion option should ask their custodians or representatives to exercise the conversion option through CBLC no later than 2:00 p.m., New York time, on February 2, 2004. Shareholders whose shares are registered through Banco ABN Amro Real and that wish to exercise the conversion option should request conversion of their shares at any branch of Banco ABN Amro Real before the end of banking hours at the place of the applicable branch on January 27, 2004, either personally or by means of a duly appointed proxy. If a shareholder whose shares are registered through Banco ABN Amro Real wishes to exercise the conversion option after January 27, 2004, the shareholder must first transfer its shares to the custody of CBLC and thereafter request conversion through CBLC no later than 2:00 p.m., New York time, on February 2, 2004, as described above."

Item 4 of the Schedule TO is further amended by restating in its entirety the first paragraph of the section entitled "Withdrawal Rights" in the Offer to Convert as follows:

"For a withdrawal to be effective, you must communicate your withdrawal instructions to the same person or institution to which you communicated your election to convert preferred shares. If you or your representative in Brazil exercised the conversion option before CBLC, you or that representative, as applicable, must withdraw your election no later than 2:00 p.m., New York time, on February 2, 2004. If you exercised the conversion option before Banco ABN Amro Real, you must withdraw your election to convert at a branch of Banco ABN Amro Real before the end of banking hours at that branch on January 27, 2004. If the preferred shares you hold are registered through Banco ABN Amro Real and you wish to have the right to withdraw after January 27, 2004, you must exercise your option before CBLC, by transferring your shares to the custody of CBLC and requesting conversion through CBLC prior to February 2, 2004, rather than Banco ABN Amro Real."

Edgar Filing: TELESP CELLULAR HOLDING CO /ADR/ - Form SC TO-I/A

Item 4 of the Schedule TO is further amended by restating in its entirety the first bullet point of the section entitled "Description of Capital Stock - Meetings of Shareholders" in the Offer to Convert as follows:

"* change the preference, advantages and conditions for the redemption or amortization of one or more classes of preferred shares or to create a more favored class (and, in addition to requiring common shareholder approval, holders of more than one-half of any affected class of preferred shares must approve or ratify the change within one year);"

Item 4 of the Schedule TO is further amended by adding the following parenthetical immediately after the words "Article 136 Meeting" in the first sentence of the third paragraph in the "Preferred Shares" column of the section entitled "Material Differences Between the Rights of the Common Shares and Preferred Shares of TCP - Voting Rights" in the Offer to Convert:

"(which meetings are required under the Brazilian corporation law, among other things, in order to change the preference, advantages and conditions for the redemption or amortization of one or more classes of preferred shares or to create a more favored class (and, in addition to requiring common shareholder approval, holders of more than one-half of any affected class of preferred shares must approve or ratify the change within one year))."

ITEM 11. ADDITIONAL INFORMATION.

Item 11 of the Schedule TO, which incorporates by reference the information contained in the Offer to Convert, is hereby amended by replacing the second paragraph under the section entitled "Condition to Offer and Effectiveness of Conversion" in the Offer to Convert in its entirety with the following two paragraphs:

"Because of the CVM action on December 26, 2003 described in "Certain Legal Matters and Regulatory Approvals--CVM Review," the shareholders' meetings of TCP and TCO at which the conversion and the proposed merger of shares were to have been considered will not take place on January 7, 2004 as previously announced. If management of TCP and TCO have not decided by February 2, 2004 whether to implement the merger of shares, TCP expects that it will further extend the offer to convert to a later date or will withdraw the offer.

If the condition described in the first paragraph of this section is met, the conversion will become effective upon the approval of the conversion by TCP's shareholders. TCP expects that the conversion would be approved immediately before TCP's shareholders approve the merger of shares at the same meeting. The merger of shares must also be approved at an extraordinary meeting of the common shareholders of TCO, which TCP expects would be held on the same day as the TCP shareholder meeting. Because the preferred shares and common shares of TCP are book-entry shares, the conversion would be evidenced by a notation made in the share registry of TCP, and no further action would be required to be taken by TCP or any shareholder to give effect to the conversion."

Item 11 of the Schedule TO is further amended by replacing in its entirety the section entitled "Certain Legal Matters and Regulatory Approvals" in the Offer to Convert with the following:

"General. TCP is not aware of (1) any license or other regulatory permit that appears to be material to the business of TCP or

Edgar Filing: TELESP CELLULAR HOLDING CO /ADR/ - Form SC TO-I/A

any of its subsidiaries, taken as a whole, that might be adversely affected by the conversion of preferred shares pursuant to the Offer or (2) except as set forth under "--CVM Review" below, of any approval or other action by any domestic (federal or state) or foreign governmental authority which would be required prior to the conversion of preferred shares by TCP pursuant to the Offer. Any such approval or other action, if needed, might not be obtained without substantial conditions, and adverse consequences might result to the business of TCP or certain parts of the business of TCP might have to be disposed of or held separate or other substantial conditions complied with in order to obtain such approval or other action or in the event that such approval was not obtained or such other action was not taken.

CVM Review. Certain holders of TCO's preferred shares have presented correspondence to the CVM seeking an investigation into the proposed merger of shares based on the allegation that the terms of the merger of shares are unfair to the holders of TCO preferred shares. This correspondence is based upon the difference in price paid by TCP for the common shares of TCO and the implied value for the preferred shares of TCO that TCO preferred shareholders will receive based upon the exchange ratio for the merger of shares. TCP replied to an inquiry from the CVM denying any wrongdoing.

On November 19, TCP was notified of additional correspondence presented to the CVM on November 18, 2003 by a holder of TCO's preferred shares seeking an injunction or postponement of the shareholders' meetings originally scheduled for December 22, 2003 pending an investigation of certain allegations relating to the merger of shares. The correspondence alleges certain technical deficiencies in the valuation of the shareholders' equity of TCP at market prices produced in connection with the merger of shares, which TCP corrected, and argues that the exchange ratio for the TCO shares is unfair and that the delay between the announcement of the ratio on January 16, 2003 and the proposed closing is too lengthy and unfairly disadvantages TCO's holders of preferred shares. On December 11, 2003, the CVM sent TCP a letter requiring a postponement of the extraordinary general meetings to approve the merger of shares to permit the CVM additional time to analyze the legality of the proposals for the merger of shares being submitted to the shareholders of TCP and TCO, and TCP and TCO rescheduled the meetings for January 7, 2004.

On December 26, 2003, the CVM issued a statement to the effect that the proposed merger of shares, in its opinion, 'violates applicable laws.' After having reviewed the decision of the CVM, TCP and TCO continue to believe that the transaction was structured, disclosed and proposed to the shareholders in compliance with applicable laws and provides equitable treatment to TCP and TCO. For this reason, management of TCP and TCO are continuing to review the situation in order to issue a recommendation to their shareholders as to the merger of shares. Until that time, TCP and TCO have decided to suspend the shareholders' meetings scheduled for January 7, 2004 at which the merger of shares and the conversion of preferred shares pursuant to the Offer would have been considered.

In addition to the actions it has taken, the CVM has the authority to initiate administrative proceedings against TCP and require TCP to file a defense.

Antitrust. The conversion of the preferred shares pursuant to the Offer is not subject to the approval of Brazilian antitrust authorities."
