PROXY STATEMENT

SERVICE CORPORATION INTERNATIONAL
1929 Allen Parkway, P.O. Box 130548 Houston, Texas 77219-0548

SOLICITATION AND REVOCABILITY OF PROXIES

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Service Corporation International, a Texas corporation ("SCI" or the "Company"), of proxies to be used at the Annual Meeting of Shareholders to be held in the Newmark Group Auditorium, American Funeral Service Training Center, 415 Barren Springs Drive, Houston, Texas 77090, on Thursday, May 9, 2002, at 10:00 a.m., Houston time, and at any recess or adjournments thereof. This proxy statement and the accompanying proxy are being mailed to shareholders on or about April 12, 2002. A copy of the Annual Report to Shareholders of the Company for the fiscal year ended December 31, 2001, including the consolidated financial statements, is being mailed with this proxy statement to all shareholders entitled to vote at the Annual Meeting.

At March 21, 2002, the Company had outstanding and entitled to vote 293,156,506 shares of Common Stock, \$1.00 par value ("Common Stock"). The holders of Common Stock will be entitled to one vote per share on each matter considered (cumulative voting is not permitted). A majority of the votes entitled to be cast must be represented at the Annual Meeting, in person or by proxy, for a quorum to be present for the transaction of business. Only shareholders of record at the close of business on March 21, 2002 will be entitled to vote at the Annual Meeting. The affirmative vote of a majority of the total shares represented in person or by proxy and entitled to vote at the Annual Meeting is required for (a) the election of directors, (b) the approval of the selection of independent accountants, and (c) the approval of such other matters as may properly come before the Annual Meeting or any adjournment

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form DEF 14A

thereof.

The enclosed proxy, even though executed and returned, may be revoked at any time prior to its voting by a later dated proxy or by written notice of revocation filed with the Secretary of the Company. Shareholders who attend the Annual Meeting may revoke their proxies and vote in person.

In the election of directors, a shareholder has the right to vote the number of his or her shares for as many persons as there are directors to be elected. Abstentions are counted toward the calculation of a quorum. An abstention has the same effect as a vote against the proposal or, in the case of the election of directors, as shares to which voting power has been withheld. Under Texas law, any unvoted position in a brokerage account with respect to any matter will be considered as not voted and will not count toward a quorum as to that matter.

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes, each with staggered terms of three years. Four directors whose terms expire at this Annual Meeting have been renominated for three-year terms expiring at the 2005 Annual Meeting of Shareholders. The terms of office of the directors in the other two classes expire at the Annual Meetings of Shareholders to be held in 2003 and 2004.

The enclosed proxy provides a means for the holders of Common Stock to vote for all of the nominees listed therein, to withhold authority to vote for one or more of such nominees or to withhold authority to vote for all of such nominees. Each properly executed proxy received in time for the Annual Meeting will be voted as specified therein, or if a shareholder does not specify how the shares represented by his or her proxy are to be voted, such shares shall be voted for the nominees listed therein or for other nominees as provided below.

Although the Board of Directors does not contemplate that any nominee will be unable or unwilling to serve, if such a situation arises, the proxies that do not withhold authority to vote for directors will be voted for a substitute nominee(s) chosen by the Board. Proxies cannot be voted on the election of directors for a greater number of persons than four, which is the number of nominees named herein.

The following table sets forth, as to each nominee for election and each director whose term will continue, such person's name and age, the committees on which such person serves, the person's current principal occupation and the year in which such person was first elected a director of the Company.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors held five meetings during 2001. Standing committees of the Board include the Executive Committee, Audit Committee, Compensation Committee, Investment Committee and 1996 Nonqualified Incentive Plan Stock Option Committee.

The Executive Committee has authority to exercise many of the powers of the Board between Board meetings, including selection on its own motion of nominees for election to the Board. The Executive Committee held five meetings during 2001.

The function of the Audit Committee is described hereinafter under "Audit Committee Report". During 2001, the Audit Committee held four meetings.

The Compensation Committee, which has the general duty to review and approve compensation for officers, including the granting of bonuses and the administration of the Company's stock and stock option plans, held two meetings during 2001.

The Investment Committee's primary functions are to establish overall guidelines for, and review the transactions in, the investment portfolios of independent trusts which hold funds collected by the Company that are required to be held in trust under various state laws. During 2001, the Investment Committee held four meetings.

The 1996 Nonqualified Incentive Plan Stock Option Committee administers the 1996 Nonqualified Incentive Plan. Since the committee generally takes action pursuant to unanimous consents, the committee did not hold any meetings in 2001.

During 2001, each incumbent director attended at least 75% of the total number of meetings of the Board and committees on which he served.

PERFORMANCE GRAPH

The following graph presents the Company's cumulative shareholder return over the period from December 31, 1996 to December 31, 2001. The Common Stock of the Company is compared to the S&P 500 Index and to an index of an industry peer group selected by the Company (the "Peer Group"). The graph assumes \$100 is invested on December 31, 1996 in the Common Stock of the Company, the S&P 500 Index, and the Peer Group Index. Investment is weighted on the basis of market capitalization. Total return data assumes the reinvestment of dividends.

The data source for the following graph is S&P Compustat Services.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is a committee of outside directors chaired by Mr. Anthony L. Coelho. Other members are Messrs. James H. Greer, John W. Mecom, Jr. and E. H. Thornton, Jr. This Committee is responsible for reviewing and approving all elements of the total compensation program for officers of the Company, including long-term incentive arrangements. The Committee has ultimate responsibility for aligning the Company's total compensation programs with its business strategy and for assuring shareholders that pay delivery programs are effective, responsible and competitive when compared to similarly situated organizations. This Committee report documents the basis on which 2001 compensation determinations were made and further describes the components of officer compensation programs for the Company.

COMPENSATION PHILOSOPHY AND OBJECTIVES OF EXECUTIVE COMPENSATION PROGRAMS

It is the philosophy of the Company and the Committee that all compensation programs should (1) link pay and performance, and (2) attract, motivate, reward and retain the broad-based management talent required to achieve corporate objectives. The Company also focuses strongly on cash and stock-based compensation, since incentive compensation provides the clearest link to enhanced shareholder value. From time to time, the Committee works with compensation consultants to assist with the design, implementation and communication of various compensation plans. These programs include base salaries, annual performance-based incentives and long-term incentives, all as further detailed below.

BASE SALARIES

Base salaries for the Company's officers in 2001 were reviewed through comparisons with a group of 178 companies of similar size (as measured by revenues) across various industries (the "Comparison Group"). The competitive pay data is not drawn from the entire group of companies which comprise the Peer Group reflected in the performance graph in this proxy statement since the Committee believes revenue size and earnings level comparisons are more

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form DEF 14A

appropriate criteria for establishing base salary and annual incentive compensation rates. There has been no attempt to tie together the performance graph companies and the Comparison Group although there is some overlap between the groups. The Committee does not consider any financial performance criteria on a formula basis in determining salary increases. Rather, the Committee, using its discretion, considers market base salary rates, average annual salary increases for executives in companies of all sizes across the country, earnings per share growth, operating income growth, sales growth, and total shareholder return. The Committee also makes a subjective review of individual performance in making base salary decisions for officers. These criteria are assessed in a non-formula fashion and are not weighted. All of the officers shown in the summary compensation table (the "Named Executives") have employment agreements (see "Executive Employment Agreements" and "Other Executive Employment Agreements"). Under these agreements, the Committee has the sole discretion for determining any increase in base salary; however, under the agreements, base salaries may not be decreased. In 2001, none of the Named Executives (except Mr. Hunter) received a base salary increase. A base salary increase was provided to Mr. Hunter to reflect an increase in the market value of his position and his strong contributions to the improvement and disposition or joint venture of certain foreign operations of SCI. The current base salary levels for Named Executives are, overall, consistent with the Company's philosophy of targeting the 75th percentile of salaries of the Comparison Group. With respect to an item of compensation of an executive, the term "75th percentile" means a level of compensation which is greater than the compensation of peer executives at 75% of the companies in a survey or selected group of companies.

ANNUAL INCENTIVE COMPENSATION

All of the Company's officers have a significant portion of their total compensation at risk through annual incentive opportunities that are linked to key financial and operational objectives for the Company on a consolidated basis. The objective of this policy is to focus the Named Executives on the attainment of objectives that the Committee believes are primary determinants of share price over time. For 2001, the two performance measures were (1) operating free cash flow and (2) the ratio of earnings before interest, taxes,

5

depreciation, and amortization ("EBITDA") to average total capital ratio. Each of these measures was weighted 50% of the total and was assessed relative to the Company's 2001 business plan. Performance targets on these measures were established by the Committee during the first quarter of 2001. Actual awards are proportionately decreased or increased on the basis of the Company's performance compared to target, subject to maximum award amounts. For executive officers as a group, target award levels for 2001 were generally set at approximately the 75th percentile of the Comparison Group.

The Company's actual performance on the operating free cash flow measure was substantially above target, while the Company's performance on the EBITDA to average total capital ratio fell below target. As a result, actual bonuses for Named Executives were at target.

LONG-TERM INCENTIVE COMPENSATION

In recent years, the Committee has placed significant emphasis on stock-based compensation for officers. Stock options were granted to the Named Executives and other officers in 2001. The stock option awards were established at a level reflecting the Company's philosophy of focusing strongly on stock-based compensation, and as a result were targeted at the 75th percentile of long-term incentive awards of the Comparison Group. These stock options were granted with exercise prices equal to 100% of the fair market value of the Common Stock on the grant date. The options vest at a rate of one-third per year

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form DEF 14A

and have an eight year term.

2001 CHIEF EXECUTIVE OFFICER COMPENSATION

As described above, the Company manages its pay for all executives, including the Chief Executive Officer ("CEO"), considering both a pay-for-performance philosophy and market rates of compensation for each executive position. Specific actions taken by the Committee regarding the CEO's compensation are summarized below.

Base Salary

In 2001, Mr. R. L. Waltrip did not receive a base salary increase. The decision regarding Mr. Waltrip's base salary was determined on the same basis as salary increases for other officers.

Annual Incentive Compensation

The CEO's annual incentive for 2001 was \$712,500, which was the target established by the Committee and represents the 50th percentile of target annual incentives of the Comparison Group. This award was determined using the same factors used to determine annual incentives for other Named Executives, as described above.

Long-Term Incentive Compensation

The CEO received a grant of 1,400,000 stock options in February 2001 targeted slightly above the 75th percentile of the Comparison Group. These awards vest at a rate of one-third per year. These stock options have an eight year term and were granted with an exercise price equal to 100% of fair market value of the Common Stock on the grant date.

6

LIMITATION OF TAX DEDUCTION FOR EXECUTIVE COMPENSATION

Subject to certain exceptions, the Omnibus Budget Reconciliation Act of 1993 ("OBRA") prohibits publicly traded companies from receiving a tax deduction on compensation paid to named executive officers in excess of \$1,000,000 annually. Although the Committee has not adopted a policy relating to OBRA, the Committee considers the OBRA restrictions when structuring compensation programs. However, the Committee believes that compensation is more important than tax deductibility in focusing management on its goal of increasing shareholder value.

- (1) Currently being paid.
 - (2) Mr. Hunter previously worked for SCI and is currently being paid a benefit in accordance with the terms of the plan in existence at the time the previous period of employment terminated. Due to Mr. Hunter being rehired by SCI in 2000, a contribution to his account was credited for 2000 in addition to the benefit currently being paid. In 2001, the credited amount was distributed to Mr. Hunter in the amount of \$9,475 pursuant to the age 70 1/2 distribution rules. Other than the monthly benefit currently being paid, no further benefit will accrue to or become payable to Mr. Hunter from the plan.
 - (3) The estimated annual benefit amount assumes no contributions being made to the plan after December 31, 2000 and assumes interest being credited only until age 65.

Normal Retirement Age is defined in the SCI Cash Balance Plan as (1) the date upon which a member attains age 65 or (2) in the case of an employee who becomes a member of the SCI Cash Balance Plan after the age of 60, it will be the fifth anniversary of the date that such member became a participant.

Supplemental Executive Retirement Plan for Senior Officers

The Supplemental Executive Retirement Plan for Senior Officers ("SERP for Senior Officers") is a non-qualified plan which covers executive officers and certain regional operating presidents, including the Named Executives. Benefits under the SERP for Senior Officers do not consist of compensation deferred at the election of participants. The amounts of benefits under the plan are set by the Compensation Committee from time to time. The Compensation Committee previously set guidelines such that the annual benefits would generally equal a percentage (75% for the CEO and lesser percentages for the other officers) of a participant's 1997 annual base salary and target bonus, with the benefits being reduced to the extent of the participant's benefits under Social Security and the SCI Cash Balance Plan. The participant will be entitled at age 60 to the annual payment of the full amount of his benefit; if his employment terminates earlier than age 60, he will be entitled to the annual payment of the amount of his benefit multiplied by a fraction of which the numerator is the participant's years of service and the denominator is the number of years from the participant's hire date until he reaches age 60. These guidelines will not be applied if the participant would have been entitled to higher benefits under the Compensation Committee's previous guidelines.

In 2000, the Company amended the SERP for Senior Officers effective January 1, 2001. Under the amendment, no additional benefits will accrue and no employees shall become eligible to participate in the plan after 2000.

Benefit payments will be made in the form of 180 monthly installments commencing at the later of severance of employment or the attainment of age 55. Prior to retirement, if a participant dies or in the event of a change of control of the Company (as defined in the SERP for Senior Officers), the Company will promptly pay to each beneficiary or participant a lump sum equal to the present value of the benefit that the participant would have been entitled to receive if he had continued to accrue benefit service from the date of death or the date of the change of control to the date of his 65th birthday. Participants may elect to begin receiving monthly benefits at age 55, while still employed, provided the participant gives written notice at least twelve months prior to the attainment of age 55. Such installments will be reduced for early commencement to reasonably reflect the time value of money.

EXECUTIVE EMPLOYMENT AGREEMENTS

The Company has executive employment agreements with Messrs. R. L. Waltrip and Pullins. The agreements have an initial term of five years for Mr. R. L. Waltrip and three years for Mr. Pullins. Upon annual authorization by the Compensation Committee of the Board of Directors, the terms of the agreements are extended for an additional year unless notice of nonrenewal is given by either party. If such notice of nonrenewal is given by the Company or if notice is not given of the Compensation Committee's decision to authorize renewal, the employment period is extended so as to terminate the same number of years after the date of such notice as the original term of the agreement. For 2001, the agreements were not renewed and will terminate when their respective terms expire on December 31 of 2004 for Mr. R. L. Waltrip and 2002 for Mr. Pullins.

The agreements provide for base salaries, which may be increased (but not decreased) by the Compensation Committee, and the right to participate in bonus and other compensation and benefit arrangements. As of March 21, 2002, the base salaries for Messrs. R. L. Waltrip and Pullins were \$950,000 and \$525,000, respectively.

In the event of termination of employment due to disability or death, the executive or his estate will be entitled to receive any accrued and unpaid salary or other compensation, a pro rata portion (based on the portion of the year elapsed at the date of termination) of the highest bonus the executive received in the preceding three years and continuation of welfare plan benefits. If an executive is terminated without cause or he voluntarily terminates for certain specified reasons generally relating to a failure by the Company to honor the terms of the employment agreement ("Good Reason"), he will be entitled to continuation of compensation and certain other benefits for the remaining term of his employment agreement. In the event of a change of control of the Company (as defined in the agreements), the executive will be entitled to terminate his employment for Good Reason, or without any reason during the 30-day period beginning one year after the change of control (the "Window Period"), and receive a lump-sum payment equal to (a) any accrued and unpaid salary or other compensation plus (b) a pro rata portion (based on the portion of the year elapsed at the date of termination) of the highest bonus the executive received in the preceding three years plus (c) a multiple (equal to the number of years in the initial term) of both the executive's base salary and

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form DEF 14A

his highest recent bonus.

Upon termination of Mr. R. L. Waltrip's employment, he will be subject to a 10 year non-competition obligation; however, the Company will not be required to make any further payments to Mr. Waltrip for the non-competition obligation. Upon termination of his employment, Mr. Pullins will be subject, at the Company's option, to a non-competition obligation for a period of three years. If the Company elects to have the non-competition provisions apply, during the non-competition period the Company will make payments to Mr. Pullins at a rate equal to his base salary at the time of termination, unless such termination was for cause or he terminates his employment other than for Good Reason or during the Window Period, in which case Mr. Pullins will be bound by the non-competition provisions without the Company making the corresponding

11

payments. Any payments relating to the non-competition provisions will be reduced to the extent Mr. Pullins has received a lump-sum payment in lieu of salary and bonus after termination of employment.

If any payments under the executive employment agreements or under the benefit plans of the Company (including the SERP for Senior Officers and stock option plans) would subject the executive to any excise tax under the Internal Revenue Code, the executive will also be entitled to receive an additional payment in an amount such that, after the payment of all taxes (income and excise), the executive will be in the same after-tax position as if no excise tax had been imposed.

OTHER EXECUTIVE EMPLOYMENT AGREEMENTS

The Company has employment agreements with Messrs. B. D. Hunter, Jeffrey E. Curtiss and James M. Shelger and all executive officers (other than Messrs. Waltrip and Pullins, whose agreements are described in the preceding section). These agreements have an initial term expiring December 31, 2002. Annually, the Company may extend the agreements for an additional year unless notice of nonrenewal is given by either party. If such notice of nonrenewal is given by the Company or if notice is not given of the Company's decision to authorize renewal, the employment agreement will not be extended.

These agreements provide for base salaries, which may be increased by the Company, and the right to participate in bonus and other compensation and benefit arrangements. As of March 21, 2002, the base salaries for Messrs. Hunter, Curtiss and Shelger were \$600,000, \$400,000 and \$350,000, respectively.

In the event of termination of employment due to disability, death, or termination by the Company without cause, the executive or his estate will be entitled to receive (i) his salary through the end of his employment term, and (ii) a pro rata portion (based on the portion of the year elapsed at the date of termination) of the bonus the executive would have received if he had remained an employee through his employment term ("Pro Rated Bonus"). In the event of a change of control of the Company (as defined in the agreements), the executive will be entitled to receive a lump-sum payment equal to the sum of two years salary plus a Pro Rated Bonus if, during the twelve months following the change of control, the executive terminates his employment without any reason or is terminated by the Company without cause.

Upon termination of his employment, each executive will be subject, at the Company's option, to a non-competition obligation for a period of one year which the Company may extend for one additional year. If the Company elects to have the non-competition provisions apply, during the non-competition period the Company will make payments to the executive at a rate equal to his base salary

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form DEF 14A

at the time of termination, unless such termination was for cause or the executive terminates his employment (other than within twelve months after a change of control), in which case the executive will be bound by the non-competition provisions without the Company making the corresponding payments.

OTHER COMPENSATION

Certain Named Executives and other officers participate in the Split Dollar Life Insurance Plan, under which they are owners of life insurance policies providing death benefits to three Named Executives as follows: \$2,000,000 for Mr. R. L. Waltrip; \$1,000,000 for Mr. Pullins; and \$750,000 for Mr. Shelger. SCI advances the annual premium on each policy, with the executive paying income tax on the term cost of the death benefit. Each executive participant collaterally assigned an interest in the policy to SCI in an amount equal to its cumulative premiums paid. SCI will recover its cumulative premiums paid at the earlier of 15 years or death.

DIRECTOR COMPENSATION

The current rates of directors' and committee fees are \$5,250 quarterly plus \$6,000 for each meeting of the Board attended (payable to all directors), and \$1,500 for each committee meeting attended (payable to non-employee directors only). Pursuant to the Director Fee Plan, the quarterly fees (\$5,250 per quarter) are paid in Common Stock or, at each director's option, deferred Common Stock equivalents. Under the plan, the shares of Common Stock issued in lieu of cash fees are issued once a year on the day after the annual meeting

12

of shareholders in an amount equal to four quarterly fees. In May 2001, each director or director emeritus received under the plan 3,344 shares of Common Stock or deferred Common Stock equivalents.

In addition, directors or directors emeritus who are not employees of the Company or its subsidiaries receive yearly awards of restricted Common Stock through 2005 pursuant to the 2001 Stock Plan For Non-Employee Directors. Each award is made on the second Thursday of May for an amount of shares determined by the Board, which amount shall not exceed 15,000 shares per director in any year. Each award has a restriction period which lapses on the second Thursday in May of the year following the year the award is granted. If the director terminates service as a director for any reason other than disability or death prior to the lapse of the restriction period, the restricted shares are forfeited. The restrictions lapse upon the occurrence of death or total and permanent disability of the director or upon a change of control of the Company (as defined in the plan). While the restrictions are in effect, the shares cannot be sold, pledged or transferred. Except for the restrictions described above, a participant in the plan who has been awarded shares of restricted Common Stock has all the rights of a holder of Common Stock, including the right to receive dividends paid on such shares and the right to vote such shares. In 2001, each of the ten directors who were not employees and the director emeritus received an award of 10,000 shares under the plan.

The Company maintains a Retirement Plan for Non-Employee Directors. Under this plan, each of the directors (excluding Messrs. Lund and W. Blair Waltrip) who is not an employee of the Company, including the director emeritus, is designated as a plan participant. Mr. Hunter is a participant since he was a non-employee director prior to becoming an employee in January 2000. Under the plan, each participant is entitled to receive annual retirement benefits of \$42,500 for ten years, subject to a vesting schedule. The retirement benefits vest in 25% increments at the end of five years, eight years, eleven years and

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form DEF 14A

fifteen years of credited service, except that the benefits automatically vest 100% in the event of death while a director or in the event of a change in control of the Company (as defined in the plan). Effective January 1, 2001, the plan was amended such that only years of service prior to 2001 will be considered for vesting purposes.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2001, the members of the Compensation Committee of the Board of Directors of the Company were Messrs. Anthony L. Coelho, James H. Greer, John W. Mecom, Jr. and E. H. Thornton, Jr. No member of the Compensation Committee was, during 2001, an officer or employee of the Company or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries or had any relationships requiring disclosure by the Company.

CERTAIN TRANSACTIONS

For 2001, the Company paid \$100,524 in compensation and granted stock options for 4,000 shares of Common Stock to Mr. Kevin Mack in his capacity as an employee of the Company. Mr. Mack is the brother of Mr. Stephen M. Mack, Vice President North American Funeral Operations of the Company.

In 2001, the Company paid \$32,250 in director fees (of which \$21,000 was paid in the form of 3,344 shares of Common Stock) and awarded 10,000 restricted shares of Common Stock of the Company to Ms. Wanda A. McGee, mother of Mr. R. L. Waltrip, in her capacity as director emeritus of the Company. Pursuant to a resolution adopted by the Board in 1983, Ms. McGee was entitled as director emeritus to receive such fees and other emoluments as may be paid or awarded to directors of the Company. In addition, the Company reimbursed Ms. McGee \$37,748 to rectify a tax reporting error of the Company in a prior year. Ms. McGee resigned as director emeritus in November 2001.

In connection with grants of restricted stock under the Amended 1987 Stock Plan, on August 19, 1993 the Company made loans, among others, of \$1,700,000 to Mr. R. L. Waltrip and \$600,000 to Mr. W. Blair Waltrip. The loans were made to enable such persons to pay the estimated federal income taxes resulting from their receipt of the restricted stock grants. Each of the loans remained outstanding in 2001, is due August 10, 2003 and bears interest at 6 1/2% per annum, which interest is reimbursed by the Company (together with a tax gross-up payment equal to approximately 70% of the interest).

13

At the date of his resignation as Executive Vice President of the Company on January 18, 2000, Mr. W. Blair Waltrip had a three year employment agreement with the Company. In connection with the resignation, the Company modified Mr. W. Blair Waltrip's employment agreement and agreed to provide or pay Mr. W. Blair Waltrip, among other things, (i) salary and benefits until December 31, 2002, (ii) interest reimbursement for the loan described in the preceding paragraph, and (iii) continuation of his Company stock options in accordance with their terms. Pursuant to the foregoing, the Company paid for or to Mr. W. Blair Waltrip \$653,803 for 2001. Additionally, as a director in 2001, Mr. W. Blair Waltrip received fees of \$63,750 (of which \$21,000 was paid in the form of 3,344 shares of Common Stock), 10,000 restricted shares of Common Stock and \$4,279 in value of personal aircraft usage. In connection with the modification of the employment agreement, the Company elected to enforce Mr. W. Blair Waltrip's post-employment non-competition obligations for the period from January 1, 2003 until December 31, 2005, during which the Company will make non-competition payments of \$475,000 per year. Mr. W. Blair Waltrip remains a director of the Company.

A Company lending subsidiary previously provided various types of financing

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form DEF 14A

in the funeral and cemetery industry, including loans to certain employees and directors of the Company. Although the lending subsidiary no longer makes new loans, during 2001, the lending subsidiary had outstanding a loan at the prime rate to Mr. Stephen M. Mack, Vice President North American Funeral Operations, of which the largest balance in 2001 was \$225,000 and the year end balance was \$175,000.

Barrow, Hanley, Mewhinney & Strauss, Inc. ("BHMS") is a holder of more than 5% of the outstanding shares of Common Stock of the Company. During 2001, BHMS was also an investment manager of portfolios of independent trusts which hold funds collected by the Company in connection with preneed funeral sales and preneed cemetery sales. Such trusts are prohibited from investing in SCI stock or other SCI securities. During 2001, BHMS managed on average approximately \$103,585,000 for such trusts and was managing approximately \$98,302,000 at the end of 2001. For such services, such trusts paid fees of \$346,027 to BHMS for 2001. It is expected that BHMS will continue managing such trusts during 2002.

Marsh & McLennan Companies, Inc. ("MMC") is a holder of more than 5% of the outstanding shares of Common Stock of the Company. In 2001, MMC acted as agent for the Company in its purchase of (i) aviation insurance at a gross premium of \$146,126, from which MMC received a commission of \$21,919, and (ii) surety bonds relating to preneed sales in the Company's funeral home and cemetery businesses for a gross premium of \$409,402, from which MMC received a commission of \$122,820. It is expected that MMC will continue to act as agent for the Company in the purchase of insurance products in 2002.

PROPOSAL TO APPROVE THE SELECTION OF INDEPENDENT ACCOUNTANTS

The Board of Directors of the Company has selected PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") to serve as the independent accountants for the Company for the fiscal year ending December 31, 2002. PricewaterhouseCoopers and its predecessors have audited the Company's accounts since 1993. A representative of PricewaterhouseCoopers is expected to be present at the Annual Meeting of Shareholders, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions at such meeting. Although it is not required to do so, the Board of Directors wishes to submit the selection of PricewaterhouseCoopers for shareholders' approval at the Annual Meeting. If the shareholders do not give approval, the Board will reconsider its selection.

Audit Fees: Aggregate fees for professional services rendered by PricewaterhouseCoopers in connection with its audit of the Company's consolidated financial statements as of and for the fiscal year ended December 31, 2001 and its limited reviews of the Company's unaudited consolidated interim financial statements were \$1,995,263.
